They fired a blast of ice enveloped in Lightning and it became a giant ice hammer covered in lightning and it hit them and vaporized the giant squid and Fenton. Nicole sealed them into the Book of Vile Darkness.

Fright Knight: I have one last trick up my sleeve!

He created a clone of the mermaid we killed in Italy.

Me: The mermaid from the Dark Side!

Varie: I got this! Cleo, Rikki, Bella, Emma lets get her!

Cleo: Lets!

They fired huge blasts of water and it obliterated the Dark Mermaid in a huge explosion of water.

KERSPLASH!

Me: Nice shot!

Brittney: Now its just you and me Fright Knight!

He got off his Nightmare and stood ready.

Fright Knight: Yes Brittney. Now we end this.

Brittney went Super Angel 10,000 and she punched the Fright Knight in the chest and kicked him in the face and punched him in the back and kicked him in the solar plexus.

BLANG! CLANG! BLAM! WHAM!

Brittney: You've terrorized the land and the Ghost Zone for far too long! It's time to end it!

Brittney fired a blast of energy and blew him apart and Nicole sealed him into the Book of Vile Darkness.

Nicole: Never again Fright Knight!

We cheered wildly.

Nico: That was an intense fight!

Me: It sure was. And you conquered your fear of Slappy the Living Dummy.

Nico: I owe it all to you J.D. Thank you for helping me.

Me: Anytime buddy.

Vince: You were awesome though man.

May: Oh Nico!

May and Nico hugged and kissed.

Everyone: Awwww.

Then some pokemon appeared. It was a Gengar, Haunter, Gastly and a Mismagius.

May: A Haunter, Gengar, Gastly and Mismagius.

Nico: I've always wanted to have some Ghost Pokemon. Gengar, Haunter, would you like to join us?

They agreed.

He pulled out 2 pokeballs and caught them.

Ash: I need some Ghost Pokemon.

He pulled out 2 pokeballs and caught them.

Me: Way to go guys!

Ash: Thanks J.D.

Serena: You have a lot of pokemon now.

Ash: We sure do Serena.

Me: Lets go get ready for bed guys.

Everyone agreed.

Brittney now owns The Soul Shredder, Nico conquered his fear of Slappy from Goosebumps, Ash and Nico have some Ghost Pokemon and the Fright Knight was gone forever.

Another Fanfiction Complete.

The Fright Knight is the most awesome villain in the Danny Phantom Universe and is the king of terror. Michael Dorn did a great job voicing him. He did all kinds of Voice actings over the years and his most famous role in film or TV was Worf from Star Trek. He voiced I.M. Weasel in I Am Weasel, Martian Robot Commander in Duck

Dodgers, Kalibak in Justice League, Krull the Eternal in Batman the Brave and The Bold, Lord Darkar in Winx Club, Gork in Adventure Time, and more. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next up is Johnny 13 and I hope you're not superstitious cause this one is very misfortunate. Let me know what you all think.

See you all next time.

# 13 - The Misfortunate Number

It starts in the Living Room and we are watching TV and having snacks.

Me: So far things have been quiet.

Lori: They sure have J.D.

Bobby has now been upgraded to crutches ever since the fight with H.A.R.D.A.C.

Bobby: You said it babe.

Lincoln: Glad to see that you're starting to get back on your feet bro.

Bobby: Thanks little bro.

Ronnie Anne: I'm glad he's doing better.

Lola: Same here. I've been upgraded to crutches too.

Lola was on crutches too.

Paulina Sanchez is with us.

Me: Paulina why do you call Danny Phantom "Invisobill"?

Paulina: (Spanish Accent) I thought Danny was called that. But when I found out that he was also Danny Phantom that made it all clear.

Me: Wow.

Star: Yeah. Danny is now a popular guy like you Paulina.

Me: Yeah.

Ronnie Anne: Paulina you are the coolest girl in Amity Park and you have an amazing talent.

Paulina: Thanks Miha.

Lincoln: I think so too.

Me: Yeah. Paulina when you found out that Danny Fenton is also Danny Phantom, were you shocked?

Paulina: I sure was. It was quite a shock for me to discover it.

Me: I believe it. Danny saved the world from a cataclysmic catastrophe and I'm glad he did.

Danny: Stop it guys. You're gonna give me a swollen head.

Me: Sorry Danny. But it's true.

Laney: Yeah.

Francis (to Ed): I can't believe you destroyed a clone of Tantrum.

Static: It was a challenge for me to beat that guy and you killed him so easily!

Ed: Well, he was easy like eating buttered toast!

Teresa: You must be very proud of yourself.

Ed: Tell me a story, guys.

Eddy: Shut up Ed.

Nico: So, Maria. Why do you wear your swimsuit underneath your clothes?

Maria: Well, my swimsuit was all I was wearing right before I was mutated by the Big Bang. I just thought that I could wear it underneath my clothes as a superhero costume.

Nico: Well, I'm not complaining about it.

Maria: I'm glad that you're not.

Me: I think it's an awesome superhero suit for her.

William: I'm glad you think so J.D.

Me: Me too Buddy.

William: Hey Beast Boy, how did you get your powers?

Beast Boy: That is a question I haven't heard in a long time man. When I was a baby I got really sick and I was given an experimental serum and it cured me. But there was an unexpected side effect. It gave me the ability to become any animal in the world from prehistoric times or the present and even animals on other planets.

Me: Wow! That's both awful and amazing at the same time.

Laney: It sure is. Pietro how did you get your powers?

Quicksilver: I was born with them. I was tested and they found that I have the Mutant X Gene. I have Superhuman Speed as a result and I donned the name Quicksilver as my superhero name.

Me: And you can run faster than a bullet fired from a gun.

Quicksilver: That's right J.D.

Danny, Lincoln and Dani's ghost sense came on and then out of the floor we saw a ghost riding a motorcycle and looked like a greaser biker from the 1950's and with him was a girl ghost. It was JOHNNY 13 and KITTY!

Danny: Johnny 13 and Kitty?

Johnny 13: What's happening Danny?

Danny: Not much. Just didn't expect to see you here.

Me: Why are you called Johnny 13?

Johnny 13: I've always been called that because I'm the unluckiest guy ever known. That's why they call me Johnny 13.

Me: Oh man. I'm not the superstitious kind but that's unusual.

Lynn suddenly was in a state of fear. Her nightmare about the Bad

Luck Karma Tragedy was coming back to haunt her. She crouched down on the floor in a fetal position and was shaking in fear and crying hard.

Lynn: (Shaking) I'm sorry Lincoln.

Lori: Lynn what's wrong!?

We saw this.

Johnny 13: What's eating her?

Kitty: She looks like she's in a state of fear.

Me: Oh I'm sorry I don't believe we met.

Kitty: Sorry. I'm Kitty. It's a pleasure to meet you J.D.

Me: You too.

Johnny 13: We'll talk later J.D.

He went intangible and phased through the wall.

Me: Lynn what's wrong?

Vince: She looks like she's having a panic attack.

Natilee: It's the Bad Luck Karma Nightmare. She's having a nervous breakdown from the scars it left her. Nightmares have been known to do that.

Varie: I know. Lynn it's all right. That nightmare wasn't real.

Lynn: (Crying) Varie it felt real when I had it! I can't believe I was gonna do that to Lincoln! To everyone! I'm so sorry guys!

Leni: Lynn it totes was not your fault.

Luna: Yeah dude it never happened.

Danny: What is this nightmare?

Natilee: I'll draw a picture for you all to see.

Natilee pulled out a sketchpad and some colored pencils and drew a picture of the nightmare timeline in multiple squares and she drew what happened. She drew a picture in the first square of Lynn threatening Lincoln with her baseball bat and forcing him to come to her game or she would beat his face in. The 2nd square picture showed Karma biting Lynn hard and she lost her game and cursing Lincoln with Bad Luck. The 3rd square showed Lincoln taking advantage of this and enjoying some time to himself. The 4th square shows that Lynn poisoned her siblings with her superstitious mumbo-jumbo and they kicked Lincoln out of the house, and made him sleep outside, sold all of his furniture and boarded up his room. The 5th Square shows that he tried to redeem himself and show that he isn't bad luck by putting on the schools mascot suit for the Squirrels. Lynn won the game because of it and everyone started treating Lincoln like a good luck charm. This worked well for everyone but for Lincoln he didn't like it, not one bit as he had a look of sadness and pain. In the 6th square it showed that Lincoln was fed up with it and he got rid of the suit and burned it when he found all of his furniture in the junkyard burning. He burned the suit with it. He confronts Lynn and his family and he was infuriated. The 7th square showed that he and Lynn were fighting in a brutal brawl and he bit Lynn on her leg to where he not only drew blood but also to where he almost severed her Achilles Tendon and Lynn bit his hand. OUCH! The 8th square showed Lincoln saying the 5 most terrifying words in any family for any child to ever say: I HATE ALL OF YOU! But he spared Lily and Laney because he can never bring himself to hate them. The 9th square showed that Lincoln ran away into the darkness of the night and the rest of Lynn's family now hated her guts to the core. The 10th Square showed a pie window of the Loud Siblings lives spiraling downhill fast. News of it broke out and spread across the city like wildfire and their lives were ruined. All their friends abandoned them, Lynn Sr. and Rita were arrested and thrown into prison for child abandonment and neglect, Bobby and Lori were finished forever in their relationship, Lynn was kicked off all of her sports teams, Luan's business was gone, Luna lost her band and rights to perform and more, etc, etc.

Natilee: Done.

She showed the picture to everyone and we all gasped in shock!

Laney: That's 100% accurate.

Lisa: Indeed it is elder sister. Lynn's dream showed us a view into the future that night and it greatly affected her the most.

Lola: We were monsters in that dream.

Bobby: Oh Babe that must've been a horrible nightmare for you.

Lori: It was Boo-boo-Bear. We all had that dream.

Me: Everyone except Lincoln and Laney had it. The odds of that happening to multiple people being in the same dream together are astronomical. With 7.4 billion+ people on the planet and the number still growing it's extremely rare.

Paulina: I believe it.

Ronnie Anne: Yeah. If I saw that happening I would beat you all up senselessly.

We gulp in fear.

Lynn Sr.: That was a terrible dream we heard you guys have.

Rita: Yes it was. I can't believe that we would do that.

Luna: Dude that was an awful dream.

Lori: It sure was. But Natilee how did you draw this so well?

Natilee: When it comes to the dream world I know all and I have a photographic memory. I have the power to see into the dream world and it tells me what's going on.

Lincoln: It's true guys. Natilee said so herself and I thought that was really cool.

Linka: It sure was.

Laney: But Lynn's dream was a vision into the future.

Natilee: Yes. It was a vision into the future. Dreams have been known as doorways into another world and sometimes as visions into the events of the future. From what I can tell right now her nightmare affected her the most.

Me: It sure did.

Vince: I believe it partner. Poor girl.

Carol: No kidding Vince. That must've been a really horrible nightmare.

Vince: It was. J.D. told me and Clyde all about it and it was awful. But I'm glad it didn't happen.

Lola: Me too Vince.

Lana: Same here.

Me: Yeah. But lets go after Johnny 13 and Kitty.

Danny: Right.

Danny, Dani and Lincoln: We're going Ghost!

They went Phantom.

Me: Lets roll! Quicksilver, Nico, Rachel, Ben, Team Phantom, Kevin, Double D, Nazz you all come with me.

Ben: You're gonna need some serious speed.

Ben became Fasttrack.

Ben: FASTTRACK!

Me: Whoa! A Citikayrah from the planet Chalybeas.

Fasttrack: That's right J.D.

We set out for the city.

Kevin took his bike and he set out for the city. But his leg strength wasn't gonna be enough. He stopped 10 minutes later.

Kevin: Ah the heck with this. Jonny can you and Plank watch my bike for me while I go to J.D.?

Jonny: No problem Kevin.

Kevin: Thanks man.

Kevin parked his bike and put on his Iron Suit and flew out.

---

We were flying and running down the street and we caught up to Johnny 13 and Kitty.

Me: Hey Johnny you're going way over the speed limit!

Johnny 13: Killer speed man!

Me: Thanks. We're going so fast that we're setting the road on fire.

Quicksilver: We sure are.

Iron man caught up to us.

Iron Man: Hey guys.

Me: Nice arrival Tony.

Edd got in front of Johnny 13 and Kitty and they stopped.

Iron Boy: Hold it right there, you two! Haven't you both done enough damage today?

Quicksilver: You were right, Tony. Double D's armor does look similar to yours.

Iron Man: Told you.

Iron Boy: It's all fun and games until someone gets run over!

Me: You said it.

?: (Demonic Voice) **Let me help out.**

We saw a flaming demonic motorcycle and on it was Johnny Blaze AKA The Ghost Rider!

Me: Johnny Blaze the Ghost Rider!

Ghost Rider: **That's right J.D. I heard a lot about you and all of your friends.**

Lincoln: You're one of my favorite superheroes!

Ghost Rider: **Thanks Lincoln.**

---

Back at the estate Lynn was still in fear. But then she realized that she can't live her whole life in fear because of a nightmare that was a vision into the future and she summoned up the full extent of her courage and flew out the door.

---

We were fighting Johnny 13 and Kitty and they were putting up quite a fight. Then Lynn swooped in and punched Johnny 13 in the face and Ghost Rider wrapped him in his fire chain and he disintegrated into nothing and Nicole sealed him into the Book of Vile Darkness.

Nicole: Awesome job Lynn and G.R.

Ghost Rider: **G.R. I like that.**

Lynn: The Ghost Rider! Awesome!

Kitty: You ruined my boyfriend!

Lynn: You want a date, get a better boyfriend!

Lynn pulled out a thermos and sucked her into it.

Me: Awesome job guys!

Ghost Rider turned back into Johnny Blaze.

Lynn: Whoa! The famous Daredevil Stunt Man Johnny Blaze!

Ghost Rider: That's right Lynn. It's an honor to meet you.

Me: We saw all your stunts on TV and they were awesome!

Ben reverted back.

Ben: Yeah they were.

Ghost Rider: I'm glad I have some fans.

Me: Yeah. Lynn you conquered your fear of misfortune.

Lynn: Hey! I did! I guess it was something that happened to me!

We all cheered for Lynn.

Later Kitty was sent back to the Ghost Zone. We told everyone what happened and everyone was amazed and Johnny Blaze the Ghost Rider is now a member of the Avengers. The Spirit of Vengeance is now on our side.

THE END

Another Fanfiction complete.

Johnny 13 is a strange ghost in Danny Phantom and the episode "13" was what I call the No Such Luck of Danny Phantom but it wasn't as bad the infamous Loud House Episode. William Baldwin did a great job voicing Johnny 13 and so did his wife famous singer Chynna Phillips who voiced Kitty. I wanted to add the Ghost Rider in this one to help us out. I love the Ghost Rider and the 2007 movie was awesome! Nicholas Cage did a great and fantastic job in that movie and Peter Fonda played Mephistopheles and Sam Elliott played Carter Slade and they all did a great job in that movie. It was awesome! NicoChan11 gave me the ideas for this one as always. Thanks man as usual. Next up is The Vigilante Sadistic Prison Warden Ghost - Walker. I hate prison wardens like that. He's like the Prison Warden from the 2003 movie with Jean Claude Van Damme, In Hell. So for all criminals out there watch out. Walker is coming for you! Let me know what you all think.

See you all next time

# The Sadism of Warden Walker

It starts at the estate. We were playing card games like poker and go fish.

Me: Hmm. Lets see. Lisa do have any 8's?

Lisa: Negative J.D. Go fish.

I draw a card from the deck.

Suddenly, Scarlet Witch came in and she had a look of concern on her face.

Me: Wanda what's wrong?

Scarlet Witch: My brother and Beast Boy have been kidnapped!

We gasped in concern.

Me: Who were they kidnapped by?

Scarlet Witch: They were kidnapped by these ghosts that looked like SWAT Team policemen.

We gasped.

Danny: Warden Walker and his men are behind this.

Me: I thought I had seen the last of him. All right then. Scarlet Witch, Falcon, Nico, Team Phantom, Lori, Lucy, Brittney, Davis, Yolei, you all come with me. Lets head out for the Ghost Zone!

---

At Walker's prison he was going over some terrifying rules.

Walker: Now, here are some rules that you all have to follow here. 1. You disobey me, you die. 2. You try to escape, you die. 3. You otherwise irritate or vex me… and guess what? You die.

Quicksilver: Those are some nice rules, Walker.

Beast Boy: Too bad we gotta break em!

An explosion blew open the wall of the prison and blew apart some of his guards. That's when we arrived and we blew apart some of his men.

Me: Rule number 4: Disregard rules one through 3! Warden Walker. How nice to see you again.

Nico: You know Walker, J.D.?

Me: Know him? I'm the one that killed him. It was back when I was 9 years old in North Dakota

---

Me: (Narrating) I got word from an undercover source that Warden Walker was killing innocent prisoners for crimes they didn't commit and that he was covering his tracks somehow. So I went to the prison he operated: North Dakota Sadism Ranch. It was a supermaximum security prison near the United States Canada Border and I infiltrated it and made a horrifying discovery. He was slaughtering and butchering innocent people without a single shred of remorse, decency, mercy or guilt and he was the ultimate psychopathic monster. So I busted in and faced him. Then I ran at him and he fired his gun at me and I dodged all his shots. Then I jumped and kicked him in the face with devastating power and broke his neck. Killing him instantly. Then I took a machine gun and killed all his men. I broke all the prisoners out of the prison and decided to blow up the whole prison. I found a large stash of high explosives in the basement and placed them all in the main room and set the timer for 30 minutes. We ran and got out of there as the prison exploded in a huge mushroom cloud that completely destroyed it.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM

FLASHBACK ENDS

Me: I immediately informed the President of The United States about it and I was praised as a hero for it. We gave the people he killed a proper burial.

Walker: I WILL KILL YOU FOR KILLING ME YOU (CENSORED) FREAK!

Me: I wanted to finish what I started anyway.

I go Super Angel 2 and we went at each other.

Quicksilver. Lets use our combo.

Beast Boy: Lets.

Beast Boy turned into a cheetah and Quicksilver was running fast beside him.

Beast Boy and Quicksilver: SUPERSONIC CHEETAH STRIKE!

They blew apart some of Walker's men with their incredible speed.

I punched walker in the face and Danny Phantom blasted him with energy rays.

Danny: We will not show you mercy for all the crimes you've done Walker!

Walker (grabs Danny by the throat): Want me to give you the same mercy you showed Johnny 13 a week ago, punk?

Falcon: Why don't you ask Johnny 13 yourself when you join him?

Falcon swooped in and kicked him and it forced him to let Danny go.

Danny: Lets do our combo move that we practiced.

Falcon: You got it.

Falcon grabbed Danny and they flew really fast and were covered in an energy aura that turned into a huge glowing green transparent falcon of pure energy.

Falcon and Danny: PHANTOM FALCON SWOOP!

The energy falcon swooped in at incredible speed and obliterated more of Walker's men.

Me: That was awesome! Nico lets use our combo we practiced with.

Nico: You got it.

Nico fired a blast of lightning and I fired a blast of fire.

Me and Nico: PYROCUMULUS SMOKESCREEN STRIKE!

A cloud of flaming ash covered Walker and lightning inside it struck him as he was blinded.

Davis: Lets teach these jerks a lesson Veemon!

Veemon: You got it!

Veemon Digivolved.

Veemon: VEEMON DIGIVOLVE TO…

Veemon went into his Champion Level form - ExVeemon.

ExVeemon: (Echoing) EXVEEMON!

ExVeemon was punching and kicking more of Walker's men.

ExVeemon: You thought that was tough, wait till you see this! (Echoing) V-Laser!

He fired an X-shaped Laser blast from his chest and blew them apart.

Yolei: Lets get them Hawkmon!

Hawkmon (Yolei): You got it Yolei.

Yolei's Hawkmon Digivolved.

Hawkmon (Yolei): HAWKMON DIGIVOLVE TO…

Yolei's Hawkmon became Aquilamon.

Aquilamon: (Echoing) AQUILAMON!

He swooped in and blew them away.

Aquilamon: Lets see how you like this.

Aquilamon's horns on his head grew longer and glowed red.

Aquilamon: (Echoing) GRAND HORN!

He flew in and skewered numerous guards and obliterated them.

Davis and Yolei were fighting them.

Davis: (Grunts) Yolei you are quite a fighter!

Yolei: (Punches and kicks more guards) So are you Davis. You are the greatest boyfriend ever!

Davis: Thanks! (Punches more guards)

Lori: That is literally so sweet!

Lori fired a blast of wind and blew the guards away.

Laney fired fireballs and incinerated more guards.

Danny, Lincoln, Dani, Jazz, Sam, Tucker, Sidney and Star fired energy blasts and blew apart some of the guards. Brittney slashed the guards and killed them. Scarlet Witch fired energy blasts at more guards and blew them apart.

Sidney: You will never bully anyone ever again you guard bullies!

Star: You tell them Sidney!

Lucy fired black lightning and vaporized some of the guards.

All the guards were being destroyed and me and Walker were still fighting. I punch him in the face and kick him in the stomach.

Me: You may be dead but I will never forgive you everything you did in life Walker!

Walker: You killed me J.D.!

Me: You deserved it Walker!

I punch him in the chest.

Me: And you don't deserve to be a prison warden let alone a man of order!

I take his hat.

Walker: You can't do this to me! I'm the only one keeping order in the Ghost Zone.

Danny (thinking of Clockwork): Don't worry. I have a friend who can take your place.

Clockwork came and he was a time ghost.

Clockwork: I agree. From now on Walker, I will maintain order in the Ghost Zone.

Nicole: And you are finished Warden Walker!

She sealed him into the Book of Vile Darkness.

The prisoners cheered wildly for us.

Me: That takes care of that. Never again will Warden Walker terrorize the Ghost Zone with his sadistic ways.

We decided to blow up the prison like I did in North Dakota. We flew away and I fired an energy blast and destroyed the entire prison and it was erased from the Ghost Zone forever.

* * *

Back in the Living Room we were relaxing.

Me: Glad you two are all right.

Beast Boy: Thanks to you J.D.

Lincoln: That was awesome fighting an evil prison warden.

Me: I would call him the warden of a concentration camp that's worse than North Korea's Prison Camps.

Laney: My thoughts exactly J.D. But you didn't tell us that you killed Walker.

Me: I know. It's a dark secret. But that's in the past. Davis and Yolei I'm happy you 2 are now a couple.

Davis: Thanks J.D.

Lucy: I'm happy too. Sigh. Love is a fragile mistress.

Me: It sure is.

THE END

Another Fanfiction Complete.

Warden Walker is one of my most hated villains in Danny Phantom. He is without a doubt the worst prison warden and the meanest villain that's ever known in the world of Danny Phantom. James Arnold Taylor did a great job voicing him. He has done a lot of voice roles in various cartoons and video games. Next is another great villain but it's not from Danny Phantom. It's a villain from Ben 10. Let me know what you all think.

See you all next time.

# The Mad Splicing of Dr Animo

It starts in the park of Gotham Royal York. Davis, Yolei, Maria, William, Riley, Ben, Eddy, and Luan are enjoying some quiet time having a picnic.

Luan: This is such a beautiful day.

Eddy: You said it Luan.

Davis came back and he brought everyone hot dogs and bowls of noodles for them.

Davis: Hey guys. Brought you all lunch.

Riley: Thanks Davis.

Yolei: Davis said after the battle of MaloMyotismon that he wants to be an owner of a noodle cart.

Ben: That's an interesting goal Davis. I know you can do it.

Davis: Thanks Ben.

Luan: (Slurps noodles) These noodles are delicious.

Lensay was drinking the broth because she couldn't chew noodles yet.

Lensay: (Burps and laughs)

Eddy: (Laughs) Lensay loves it.

Luan: She sure does.

Maria: You make really great noodles Davis.

Davis: Thanks Maria.

Riley: Ben I have a question for you.

Ben: What's up Riley?

Riley: How did you get the Omnitrix?

Ben: That is a question I haven't been asked in a long time. I got the Omnitrix when it was in a pod that made it look like a meteor when I was 10. It was on a trip with Gwen and my grandpa Max. The start of that trip is when I found the Omnitrix. It's been with me ever since then. We've done it all on our trip and fought all kinds of bad villains all over the country. But during that time we made numerous enemies that want to kill me. The most deadliest of my enemies was the evil ruthless intergalactic warlord Vilgax. He wanted to get the Omnitrix so he can conquer the universe and rule over it with an iron fist.

Riley: Wow! You told me about that Ben. He must've been a really tough challenge for you.

Ben: He was.

Riley: The aliens you turn into are amazing. J.D. and Shanan know what they are.

Ben: That's what I saw. He knows his aliens.

Luan: I don't know how this came into him but my guess is he got all of the secrets of the entire universe given to him when he got his powers.

Ben: That could be the case.

Luan: It's an Interstellar Phenomenon! (Laughs to Rimshot) Get it?

They laughed.

Eddy: (Laughs) That was a good one.

Riley: That was funny.

Maria: It sure was. Davis how did you and Yolei become Digidestined?

Davis: That is an unusual story. It started when school began for us and that's when I met T.K. and I had a crush on Kari. Back then I had no idea what Digimon were.

Yolei: I was unaware of it too. But I did however get my first glimpse of them during the battle with a deadly Digimon trying to kill all of us in Japan.

Luan: What was the Digimon?

Yolei: He was Diaboromon. He got into the world of the Internet and he tried to kill everyone with Nuclear Missiles.

Luan: That's awful!

Yolei: Yeah. 3 years later Me, Davis and Cody became Digidestined and we got our D-3 Digivices.

Davis: Izzy told us what went down and he revealed everything.

Luan: And that's when the events that lead up to everything that happened came into being.

Yolei: That's right.

Eddy: Wow. Now the whole world knows about the existence of Digimon and we have the greatest friends and partners in any planet.

Veemon: That's right Eddy and that's a good point.

Hawkmon (Yolei): Yes it is.

Max Ride, Nudge and Angel came and they were landed by them.

Max: Hey guys.

Luan: Hey Max.

Eddy: What's the haps?

Nudge: Not much. Just came to enjoy lunch with you guys.

Angel: That's right.

They sat down and were eating.

Yolei: Max your wings are amazing. If I may ask were you born with them?

Max: No we weren't born with them at first. They were given to us.

Luan: Their story is a dark one Yolei. They arrived here when we were in Yellowstone in Wyoming.

Eddy: Yeah.

Yolei: Oh man. Do you want to talk about it?

Max: Might as well. Our lives were not like normal people. We were held in captivity in a government facility called The School. They spliced our DNA with bird DNA for a project called The Angel Experiment. We are now 98% human and 2% bird. We have the ability to sprout bird wings from our backs and we look like Angels as a result. We found out that The School wants to use us for a terrible purpose.

Davis: What was the purpose?

Nudge: World Domination.

Luan: They wanted to control the world and enslave all the humans so mutants can rule with an iron fist.

Davis, Yolei, Maria, William, Ben and Riley gasped in horror.

Ben: That's horrible.

Riley: It sure is. Anyone that wants to rule the world is pure evil and these guys were playing with fire.

Luan: Yes when you mess around with the laws of Mother Nature there will be terrible consequences.

Max: That's right. So me, Nudge, Angel and three others escaped from the School and went on the run so they wouldn't catch us. They sent a bunch of mutants to track us down and bring us back so we can be used as weapons to enslave the world. We formed The Flock and we were hiding since. But when they found us a Dimensional Vortex appeared and sucked in me, Nudge and Angel and it took us to this world. We are now free from the School.

Yolei: Max that's awful.

Luan: It was horrible.

Maria: Yeah. But thank goodness you guys got away and are free.

Angel: Thanks Maria.

Luan: Hey I know those three women.

Maria: Where at that burger cart?

Luan: Yep. They are former Gotham Police Detectives Sonja Alcana, Rocky Ballantine, Kathy Duquesne.

William: Who's who?

Luan: The brown hair girl is Sonia, the black hair girl is Kathy and the blonde girl is Rocky.

Maria: Cool. Lets go meet them.

Luan: Okay.

They got up and went over to them.

Luan: Hey guys.

Kathy: Hey Luan. How have things been with you?

Luan: Not bad Kathy.

Sonia: Glad you're doing all right.

Rocky: Same here.

Eddy: Looking good.

That's when all Hell broke loose.

Rocky had only taken 1 bite out of her burger when her hands started trembling.

Rocky (drops her burger as her hands turn into claws): M-My hands!

Luan: (Shocked) Rocky what's happening to you!?

Two more of Rocky's new arms grow out of her sides. Her back expanded as it turned blue, ripping apart her shirt. Her front side turned white and expanded, ripping apart her jeans. Her feet then transformed to suit her new form, ripping apart her shoes. Rocky was currently a blue beetle monster with a human head.

Rocky (sobs as her head starts to change): MAKE IT STOP!

Rocky's blonde hair fell out of her head as she grew antennae and she gained a blue beetle monster head. A blue beetle monster stood in the place where Rocky Ballantine once stood.

She had become a Blue Beetle!

Kathy then started to change.

Kathy dropped her burger as she held her stomach in pain.

Kathy (groans): What did that madman inject us with?!

Kathy fell down to all fours and her feet and hands changed into spider feet, ripping apart her slippers. Her body expanded into a spider monster body, ripping away her shirt and pants. Kathy was a spider monster with a human head right now.

Kathy (crying): CURSE YOU, YOU (censored) PSYCHOPATH!

With that, Kathy's black hair fell out as she grew more eyes and she gained a spider monster head. A spider monster stood where Kathy Duquesne stood just a few minutes ago.

Sonia then started changing!

Sonia dropped her burger as she held her head in pain.

Sonia (starts to cry): This can't be happening!

A red scorpion tail burst out of Sonia's jeans. Two red long spikes tore out of Sonia's shirt while her feet transformed to accomodate her new body, destroying her sneakers. Her hands turned into crab like claws. The rest of her body turned into a red scorpion's body, completely destroying her clothes. At the moment, Sonia was a red scorpion monster with a human head.

Sonia (sobs as her heads starts to change): NO! I MAY LOSE MY BODY BUT I WON'T LOSE MY MIND!

But it was too late. Sonia's brown hair fell out as her head transformed, leaving her with a red scorpion monster head. A red scorpion monster stood in the pile of ripped clothing, with no traces of Sofia Alcana left.

Ben: There's only one person I know that's responsible for stuff like this: Dr. Animo!

Riley: Who's that?

Ben: He's one of my most dangerous enemies. Dr. Animo was once a promising researcher in veterinary science. His career was cut short when it was discovered that he was performing twisted genetic experiments on animals. He had hoped that his research would win him the Verities Award, which is an award in veterinary science. Because of the nature of his research, he lost the award to another doctor, named Kelly. This drove him mad and he went off the map for five years until he could perfect his research. Because he locked himself indoors for five years, his skin and formerly brown hair turned pale from overwork and lack of exposure to the sun.

They gasped!

Max: That is just absolutely sick!

Nudge: No kidding!

Dr. Animo appeared and he was riding a giant mutant beaver!

Ben: Dr. Animo!

Dr. Animo: Yes, it is I, Dr. Animo. Ben Tennyson, we haven't seen you at home.

Ben: That's because me and Gwen were hurled through a transdimensional wormhole that lead from our dimension to this one. We now made this one our home.

Dr. Animo: That's unusual. Now we can finish what we started when you sent me to the nuthouse!

Me: (Offscreen) Guess again you whacked up (CENSORED)!

Me, Varie, Aylene, Talia, Rachel, Nico, Vince, Carol, Team Phantom and Lana swooped in.

Dr. Animo: The famous J.D. Knudson. How nice of you to grace us.

Me: So you are the infamous mad scientist Dr. Aloysius Animo. Great. Just what the world needs. Another Orochimaru running amok.

Varie: No kidding. We need to kill this nutcase!

Nancy: (Offscreen) Let us help you out!

Nancy, Rose, Mariah and Stephanie jumped out.

Mariah: Lets make this monster fish food!

They turned into Weresharks!

Me: You girls can turn into your wereshark forms at will!

Nancy: That's right.

Stephanie: It's awesome!

Rose: Lets show him what we're made of and turn him into chum!

Mariah: Yeah!

?: He's not the only one you have to worry about.

Out of the trees came a strange abomination. It was a man with an appearance of a hawk, tiger and a snake.

Everyone: Whoa!

Me: Who or what are you?

Batman 2039: (Offscreen) I can answer that.

Batman 2039 swooped in.

Batman 2039: That's Abel Cuvier. He's the founder of the Chimera Institute and he had been splicing kids and giving them animal features.

Me: Great. Another mad man.

Cuvier: I'll take that as a compliment!

Me: This is a war in the Animal Kingdom! Power Up guys!

Me, Varie, Laney, Lincoln, Vince and Carol went Super Angel 2, Nico went Super Saiyan 2, Danny and Dani went Phantom and Lana spread her wings and so did Max, Nudge, Angel, Luan, Eddy and Maria.

Ben: It's hero time!

Ben became Ultimate Wildmutt.

Ben: **ULTIMATE WILDMUTT!**

Me: An Evolved Vulpimancer!

Ultimate Wildmutt: That's right J.D. Now Animo and Cuvier will face our power!

Me: Lets get them! But not here!

I snap my fingers and the area turned into another planet.

Laney: Wow! What a planet.

Me: This is the planet Nok. It's 4,700 light-years away from Earth. Believe it or not guys, this planet is the homeworld of the Indigo Tribe.

Luan: Wow. So this is the Indigo Tribe's home planet. What emotion do they govern?

Me: They govern the emotion of Compassion. Like feelings of caring and all that. The Indigo Tribe is a corps that is composed entirely out of the galaxy's most dangerous and violent criminals. These are criminals that don't have a single shred of remorse, guilt or love in their hearts. The Indigo Tribe govern the emotion of Compassion and when they enter battle they find a criminal that has a dangerous and violent nature and they cleanse them. They strip them of all emotions except for compassion and in the process they turn them into a mindless husk drained of all emotion but compassion.

Lincoln: That's a deadly form of lobotomy.

Laney: No kidding. That sounds like a fate worse than death.

Me: My thoughts exactly Laney. But I figured that we could take the fight here to avoid having the people in the park get hurt.

Cuvier: We shall see who gets hurt. Now you all die.

Me: You first Cuvier.

We went at them and pulverized Dr. Animo and Cuvier. But Cuvier was putting up quite a fight. He had multitudes of abilities at his disposal with his transformation. Dr. Animo turned Sonia, Rocky and Kathy into mindless slaves and they jumped at Luan and just as they were about to attack Edzilla appeared.

Edzilla: You try to hurt Luan! Now you pay!

He punched them and knocked them out.

Me: I got this!

I take out a dagger and cut my arm and put some of my blood on the blade and cut Sonia, Rocky and Kathy and they were returning to normal. Their transformations reversed and they were naked.

Me: I got this!

I unsealed some blankets and covered them up. They woke up and they were extremely dizzy.

Me: Are you alright?

Sonia: What happened?

Me: (I point to Dr. Animo) He turned you 3 into monsters with DNA from insects.

Kathy: (Gasp) He's the one! He kidnapped us and injected us with something!

Ultimate Wildmutt: **That's Dr. Animo. He's an enemy of mine and he is an insane madman.**

Rocky: Ben Tennyson?

Me: It's a long story Rocky.

Cuvier was still a big challenge. Nancy, Stephanie, Mariah and Rose chomped him and slapped him with their tails. But then the ground rumbled and a huge pillar of indigo light exploded out of the ground and entombed him in it.

Behind the light came Indigo-1 the leader of the Indigo Tribe.

Indigo-1: Abel Cuvier of Sector 2814, you lack the capacity for compassion. Prepare to be cleansed.

An Indigo Ring went on his finger and he screamed in agony as his mind was being lobotomized. When it was done Cuvier was stripped of his animal features and he was back to normal in his human form. But his eyes were glowing indigo and he was drooling and was in a total catatonic state.

Laney: Whoa. That's a painful way to rehabilitate criminals.

Indigo-1: Nok. It is but we make sure that they see what true compassion is. Laney Loud. I've heard a lot about you.

Laney: It's a pleasure to meet you uh?

Indigo-1: Indigo-1, Leader of the Indigo Tribe.

Laney: Pleasure to meet you.

I fired an energy blast and obliterated Dr. Animo's beaver.

Ultimate Wildmutt came and reverted back to Ben.

Dr. Animo: You're not going to kill me are you Tennyson?

Ben: I wish I could but J.D. has better plans for you.

Me: Yep. You are one seriously screwed up nutcase and you need to be locked up in the best place we know.

---

After we were back on Earth, Dr. Animo was sentenced to eternity in Arkham Asylum without parole. He was also given a curse that was a fate worse than death: Eternal Life Without Eternal Youth as an insane laughing old man. He now looked like he was 200-years-old and he was laughing uncontrollably and insanely. He had a special cell in solitary confinement and was put in a straitjacket and chained to the wall where he will stay forever. Sonia, Kathy and Rocky were back to normal but they were severely scarred by this whole travesty. Cuvier's lobotomized body was sent to the morgue for analysis. We raided Chimera Industries and seized all the tubes full of animal splicing formulas and decided to put them to good use for a later purpose. Splicing became really popular over at Hamilton Hill High School. Terry's friend Chelsea now has cat eyes and they enable her to see everything in the dark. Which we thought was really cool. We put an end to a bunch of madman's plans and more.

THE END

---

Another Fanfiction Complete.

Dr. Animo was the most whacked up villain in all of Ben 10. His experiments make him a Grade A madman! His monsters that he made were absolutely horrific. Cuvier from Batman Beyond was a weird one. When Batman fought him he had every similarity to a Lamia from Greek Myth. But when Batman injected him with DNA from all kinds of animals he had a transformation that turned him into an ugly and horrific monstrosity! He was really UGLY! NicoChan11 gave me the ideas for this one. Thanks for that man as usual. The transformations of Sonia, Rocky and Kathy were very identical to what happened to the 4 brothers on Street Sharks. That was awesome! Next up is a chapter for Danny Phantom's most dangerous enemy of Dreams, Nocturne. Let me know what you all think.

See you all next time.

# Nocturne's Nightmare of Terror

It starts with me waking up. I am in the Ghost Zone.

Me: What? I'm in the Ghost Zone. How did I get here? I wonder what happened? (Gasp) Where is everyone!? VARIE!? RACHEL!? ANYONE!? I got to find them.

I fly off and started searching. The Ghost Zone is a big place. I found Danny on a floating rock and he had a strange helmet on.

Me: Danny!

I landed by him and tried to get the helmet off but it gave me a 10,000 volt shock when I reached for it.

Me: OUCH! Whoa! What is this helmet?

I use my computer vision and analyze it.

Me: It's a dream energy transfer helmet. Who would invent such technology? Not Lisa. This is not her work.

Danny was asleep.

Me: Well the only way to wake him up is to go into his dream.

I sit in Lotus Position and I form an astral projection and went into Danny's dream.

---

DANNY FENTON A.K.A. DANNY PHANTOM

In Danny's Dream I was at Casper High School.

Me: He's dreaming about Casper High School. I don't have a lot of time. Using an astral projection drains me very quickly so I got to hurry.

I go into the cafeteria and saw Danny as the most popular boy in the school. Then he saw Vlad Plasmius and the Fright Knight outside the school.

Me: Vlad Plasmius and The Fright Knight!

I fly out and blast them.

Out of Danny's Dream he screamed. He woke up and the helmet shattered and I exit his body. I go back into my body and I was exhausted.

Danny: J.D.? Are you all right?

Me: (Panting) Yeah. Just exhausted. You were having a dream.

Danny: I know. How did we get in the Ghost Zone?

Me: I was wondering the same thing. We got to get out of here.

* * *

We leave through Lisa's Ghost Zone Portal and it was really quiet.

Me: It's really quiet.

Danny: Yeah. Too quiet.

Me: It's so quiet you can hear a pin drop. Danny do you remember seeing anything unusual before you were thrown into the Ghost Zone?

Danny: Yes! I remember now and I dealt with this guy before.

Me: Who is it Danny?

Danny: He's a ghost named Nocturne - the ghost of sleep. He feeds off the energy of dreams and it makes him more powerful.

Me: Oh man. We have to stop this monster at all costs.

Danny: You're telling me.

Me: Lets wake up Tucker, Sam and Jazz.

Danny: You got it!

We go out of the lab and went into Tucker's room.

He was asleep and had the same helmet on. Danny was about to touch it.

Me: Don't touch the helmet Danny! It zaps you if you do. I tried with you.

Danny: Oh. How do we wake him up?

Me: We have to go into his dream and talk to him. That's the only way to wake him up.

Danny: Right. I forgot about that.

I facepalm.

Me: Oh. But Danny I can't go in with you. I don't have Ghost Powers like you do.

Danny: Not a problem J.D.

He took my hand and we became intangible.

Me: Whoa that was weird.

We flew into Tucker's body and went into his dream.

---

TUCKER

In Tucker's dream we saw that he was dreaming about being filthy rich and he had a multi-million dollar mansion and cars that are worth millions and more.

Me: Wow. In his dream, Tucker is flithy rich and he's living the life of a multi-billionaire.

Danny: This is amazing. Even his dreams have style.

Me: They sure do.

We go into his awesome house. It was just as nice as mine was when me and my family moved to Michigan.

Me: Boy, Tucker sure knows how to live in his dream.

Danny: He sure does.

We saw Tucker sitting in the living room on the sofa with 2 Star's.

Dream Tucker: Could I interest you girls in some Chocolate Milk?

He pushed a button on a remote control and a fridge rose up and opened and it had a bunch of cartons of Chocolate milk in it.

I slurp my lips.

The 2 Star's grabbed some.

A janitor walked by.

Dream Tucker: That will be all Fenton.

The Janitor was a Dream Danny.

Dream Danny: Yes sir.

Danny: Wait? (Outraged) I'm the janitor!?

Me: I would call this dream more of an insult to your pride.

Danny: My thoughts exactly.

Me: But it's time for him to wake up and I'll give this mansion to him as a token of friendship and make sure you get a good job for him.

Danny: Thanks J.D. Just make sure I'm not his Janitor.

Me: I know. I wouldn't even consider it.

I snap my fingers.

Out in the physical plane he screams as he wakes up and the helmet shattered. We left his body.

Tucker: (Blubbers) Oh man! I had the worst nightmare ever!

Me: That's because of Nocturne.

Tucker: Nocturne? The Ghost of Sleep?

Me: Yeah. He's back and he's doing the same plan he did to you and everyone in Amity Park a while back.

Tucker: We have to stop him.

Me: Yeah. And seriously, Danny as your janitor? Not a chance in Hell is he doing that.

Tucker: Sorry.

We went to Sam's room and Tucker was about to touch the helmet she had on.

Me: Don't touch the helmet Tucker.

Danny: Yeah. It'll zap you if you do.

Me: Yeah. I tried to get one off of Danny and it shocked me. Lets go Danny. Wait out here Tucker.

Tucker: Okay.

Me and Danny went into Sam's dream.

---

SAM MANSON

In Sam's dream we saw that she was dreaming about the School Cafeteria.

Danny: The cafeteria?

Me: Boy this is coincidental. You were dreaming the exact same thing when I entered your dream Danny.

Danny: Yeah.

Dream Sam: Can you make room for your girlfriend?

Me: I knew you two were made for each other Danny.

Danny: (Blushes) I know. After I saved the world me and Sam are now official.

Me: I had that feeling man.

Danny: I know. I know how to break her out.

He flew into Dash.

Dream Dash: Actually Sam, I'm Danny Phantom. I'm Going Ghost!

Dash became Dash Phantom!

In the real world, Sam woke up and screamed and her helmet shattered.

We left Sam.

Tucker: Whoa! That must've been some dream.

Me: It was actually believe it or not the same dream Danny had when I helped him.

Tucker: How did you break him out of it?

Me: I used an Astral Projection and went into his dream. But it drains my energy too fast. So I can only use that move as an act of desperate measure.

Sam: Good thinking.

Danny: Well we have to wake everyone up.

Me: Yeah. Nocturne is back and he's out to finish what he started in the past.

Sam: We have to stop him.

Me: Yeah. Lets get Jazz and then Lincoln and Dani.

Danny: Okay.

I feel something on my hip that wasn't there before.

Me: Huh? What's this?

I pull out the object and it was a sword. But it was The Soul Shredder Sword of the Fright Knight.

Me: It's the Soul Shredder Sword!

Danny: But didn't Brittney have that sword?

Me: Hmm. This is weird. I wonder how I got it. We'll have to find out later. Come on.

I sheathe the sword and we went to Jazz's room.

Sam: I wonder what she's dreaming about.

Me: Well only one way to find out.

Me and Danny went into Jazz's dream.

---

## JAZZ FENTON

In Jazz's dream we saw that she was a Yale University college professor in the study of ghosts.

Me: Jazz is a Yale University College Professor and she's a scientist in the study of ghosts?

Danny: Very unusual.

Me: Yale is just as expensive and high-profile as Harvard and

Oxford Universities.

Danny: I know.

Back in the real world Jazz woke up and she screamed as her helmet shattered. We exited her body.

Jazz: Was I a Yale University professor and was I married to Dash?

Me: I'm afraid so Jazz. But we have a bigger problem. Nocturne has returned and he's out to finish what he started.

Jazz: That ghost of sleep!?

Danny: Yeah.

Jazz: We have to stop him!

Me: And we will. Lets wake up Lincoln.

We went into Lincoln's Room.

Me and Danny went into his dream.

---

## LINCOLN LOUD A.K.A. LINCOLN PHANTOM

In Lincoln's Dream he was dreaming that he was Ace Savvy and Clyde was One-Eye Jack, Laney was Lady Solitaire, Ronnie Anne was Lady Ace and his Sisters were the Full House Gang and they were fighting the most dangerous and most formidable villain in all of Ace Savvy: NINJA BLACKJACK!

Me: Cool! Lincoln and his friends and sisters are dreaming about Ace Savvy.

Danny: I forgot you guys like that guy.

Me: Yeah. He's awesome.

Danny: Who is that that they're fighting?

Me: That's the deadliest villain in all of Ace Savvy: Ninja Blackjack. He's a powerful ninja that revolves around the casino game Blackjack. His speed, strength and agility is so deadly and powerful that he can move at a speed that breaks the sound barrier. His strength is so strong that he can break through a building like it was a piece of paper and his agility is so powerful that he can dodge bullets in a flash.

Danny: Wow. He must be really tough.

Me: Tough is an understatement. Lets get him!

We fly at blazing speed and punch him in the face and fire energy blasts and vaporize him.

In the real world Lincoln woke up and screamed as his helmet shattered. We left his body.

Lincoln: Whoa! What a dream. We were fighting Ninja Blackjack and you two showed up.

Me: Sorry buddy. But I'm afraid we got big problems. Nocturne has come back.

Lincoln: Who's Nocturne?

Danny: He's the Ghost of Sleep and he uses the energy of Dreams to make himself all powerful. We have a feeling that he's going to finish what he started in Amity Park like he did with me.

Sam M: Yeah.

Me: We have to wake up everyone else and gather our forces. So we'd better split up and cover more ground.

Lincoln: Right. I'm going ghost!

Lincoln became Lincoln Phantom.

Me: Okay. Lincoln you come with me. Danny you, Sam, Tucker and Jazz will wake everyone here.

Lincoln: You got it.

Danny: Right.

Red Hood: Wait!

We saw that Red Hood and Natilee were not under Nocturne's control.

Me: Jason! Natilee! Nocturne didn't get you guys?

Natilee: Nope. We were hiding in a safe place out of sight.

Me: Good thinking. You guys can come with us too. Natilee you go with Danny. Lets move!

We head out.

---

In Maria's room we saw that Nocturne got to her too.

Me: Nocturne got her too.

Lincoln: Lets go in guys.

Me: You got it buddy.

We fly into her dream.

---

MARIA ROCKELL A.K.A. AQUAMARIA

Maria's dream was Dakota City High School.

Me: We're in Dakota City High School.

Lincoln: The high school is nice.

Red Hood: It sure is.

We walked around and saw that it was much nicer than Gotham

Royal York High School. In the cafeteria we found Maria and she was having lunch with her Dad. She was catching up with her dad despite him being dead.

Lincoln: Is that her dad?

Me: Yeah. But he's dead.

Lincoln: Dreams have sometimes been known to have you be in contact with relatives that are dead.

Me: That's an interesting thing.

Red Hood: Yeah.

We walked over to Maria and reveal everything.

Maria: So this is all a dream?

Me: Yeah. This evil ghost named Nocturne is using your dream energy to power him. But you're okay now, Maria.

Maria hugged her father one last time and he vanished.

Maria (starts to cry): I'm fine. I can't believe it. My dad's not really here. This is all just a dream!

Me: It's ok, Maria. I know how much you miss your father. But right now, we need to get out of here.

Dream Ebon: You ain't going nowhere.

The five of them turn to see Ebon and Shiv there, along with a squad of Sleepwalkers.

Dream Ebon: At least, not in one piece.

Lincoln: Ok, I recognize Ebon, but who's the other guy?

Maria: His name is Shiv. He can create weapons of light energy from his hands. He's also crazy and a goofball.

Dream Shiv: Hey, I'm not a goofball! I just like to have fun a lot.

Me: Well these two are about to die. Power up!

I go Super Angel 2 and punched him in the face and he stretched and tried to punch me. But I dodged his attack fired an energy blast at Ebon and vaporized him instantly. But then I suddenly get an incredible surge of information into my head.

Me: Whoa! What a rush!

Shiv then went at Maria.

Me: Look out Maria!

Suddenly I got a surprising development when a portal of darkness appeared out of nowhere and sucked in Shiv.

Me: What the!? I have Ebon's Powers!

Lincoln: How did that happen!?

Me: I think I have a theory but we'll talk later.

I form another portal and Shiv came out of it and Maria punched him all over the place and pulverized him into oblivion.

Shiv (dazed): Hey, if you find any teeth lying around, they're mine. (falls unconscious)

Maria then gave Shiv a horrendous atomic wedgie and he screamed like a little girl. Lincoln laughed a lot.

I fired an energy blast and obliterated him.

I got his powers too somehow.

Maria woke up and her helmet shattered.

Maria: Whoa! What a dream.

We exit her body.

Me: Hey Maria.

Maria: You guys were in my dream.

Me: Yes we were. And I somehow got Ebon and Shiv's powers. I think I know how it happened.

Lincoln: How?

Me: From Nico. He has the power to assimilate powers from the villains we killed and captured. So I have exactly the same thing.

Red Hood: That's a strong possibility.

Maria: It is. So Nocturne is responsible for this?

Me: He is. I'll explain on the way to Aelita's house. Lets go!

We set out for Aelita's house.

---

We arrived at Aelita's house. She lives in nice house on the east side of town.

Me: Aelita has a nice house.

Maria: She sure does.

We go into Aelita's room and found her asleep.

Lincoln: Nocturne got her too.

Me: Yep. Lets head in.

We go into Aelita's dream.

---

AELITA

Aelita was dreaming about Kadac Academy.

Me: So this is Kadac Academy. It looks like a nice academy here in France.

Red Hood: It sure does.

Maria: So this is where William and his friends went to school in France. It's a nice place.

Me: Yeah. Until X.A.N.A. started causing trouble.

Maria: Yeah.

We walked around the academy and it was a nice place. We then saw in the cafeteria Aelita was talking to her father.

Me: That man is her father Franz Hopper. He's the creator of X.A.N.A and he created a malevolent artificial intelligence that was gonna destroy the world.

Red Hood: That's what I heard. It's hard to imagine that a computer program was gonna do that.

Me: Yeah. X.A.N.A. was a monster that needed to be destroyed completely.

We go over and explain everything.

Aelita (tears in her eyes): To think that my parents would still be alive. I knew it was too good to be true!

Maria: Aelita, there might be a chance to find Franz Hopper and your mom. But we need to get out of here first.

Sissi (in a familiar distorted voice): You fools aren't going anywhere!

We saw Sissi and she was possessed by X.A.N.A.

The eye of Xana appeared on her forehead before the Scyphozoa and the Kolossus appeared by her side.

Aelita: X.A.N.A.!

Me: Who or what are the big monsters by her?

Aelita: The Jellyfish monster is Scyphozoa and the big lava monster is Kolossus.

Me: Wow!

Maria: So X.A.N.A. came prepared.

Red Hood: It sure did.

X.A.N.A.: Did you think you could get rid of me that easily? And this time, your Lyoko Warrior friends aren't here to save you!

Me: No but we are!

I go Super Angel 10,000 and Maria spread her wings. We went at the monsters. I punch Kolossus in the face with devastating force and it exploded into dust in an instant.

Maria was dodging all of Scyphozoa's tentacles and she grabbed one and channeled water into it and it began to short circuit and it suddenly exploded and blew apart.

Red Hood was facing all of X.A.N.A.'s monsters and his martial arts skills were overpowering them and he was destroying them at a rapid pace.

Aelita and X.A.N.A. were really going at each other and they were intent on destroying each other and Aelita was overpowering X.A.N.A. and she fired a laser blast and blew off her arm.

I fired a blast of energy and obliterated X.A.N.A.

Aelita woke up and her helmet shattered. We left her body.

Me: Are you all right Aelita?

Aelita: Yeah. What a dream.

Me: You were under the control of the evil Ghost of Sleep - Nocturne.

We explain everything. Then we set out for Wayne Manor.

---

We arrived at Wayne Manor.

Lincoln: Bruce Wayne's house is beautiful.

Me: It sure is.

Aelita: I forgot how beautiful it is.

We go in and it was a beautiful mansion.

Me: It's a beautiful mansion inside too. Bruce? You in here?

Lincoln: Where is he?

We walked around the mansion and found Alfred on the floor and he was unconscious but he didn't have a helmet on.

Me: Alfred!

We go up to him and he was groaning.

Me: Alfred. Are you all right?

Alfred: (British Accent) My word. What hit me?

Me: You were knocked out somehow.

Alfred: Master J.D. Thank goodness you're safe.

Me: I know. We have a ghost problem going on. Where's Bruce?

Alfred: These green beings appeared and knocked me out and went after Master Bruce. I tried to stop them but they were too strong and I was knocked unconscious. He was in the Batcave.

Me: Lets go guys.

We go to the clock and I open it and we went into the Batcave and saw Batman sleeping on the computer console and he has a helmet on.

Me: Nocturne got him too. Lets go.

We go into Bruce's dream.

---

BRUCE WAYNE A.K.A. BATMAN

In Bruce Wayne's dream we saw that Bruce was dreaming that his mom and dad Thomas and Martha Wayne are still alive and he and Selina Kyle A.K.A. Catwoman are married and have a daughter.

Me: He's having a nice dream. But none of this is real though.

Lincoln: I know.

Aelita: Yeah.

Then the telephone rings.

Me: I'll get that. Hello?

Nocturne (calls J.D.): Hello, Knudson. Are you still with us?

Me: Nocturne?! How did you get this number?

Nocturne: The real question shouldn't be how I'm calling you. It's if I'm calling you at all. Maybe this is another part of my Dream Realm telling you to give up.

Me: Real or not, when I free everyone from the deep sleep that you put them in, I'm coming for you, Nocturne!

Nocturne (laughs): We'll see, Knudson. Have fun chasing pink elephants! (hangs up)

Me: Oh that is mean.

Lincoln: No kidding.

We all went up to them.

Me: Bruce.

Batman: J.D. what are you doing here?

Me: Sorry for the intrusion in your dreams Bruce but none of this is real. This is all a forced dream created by an evil ghost of dreams

Nocturne. He's using your dreams to make himself stronger so he can make himself infinitely powerful.

Batman: So my parents are still dead after all. Nocturne will pay for this!

Aelita: He will. But we need to get out of here first.

Joker: Leaving so soon?

The heroes turn to see Joker, Scarecrow, Killer Croc, and Deadshot.

Joker: But the fun's just getting started!

Me: In your dreams it will. Jason, looks like you're gonna get your revenge on the Joker after all.

Red Hood: I sure am.

We power up and Bruce donned his Batman costume and we went at them.

Batman and Red Hood savagely overwhelmed Joker with a powerful demonstration of teamwork and martial arts moves. Red Hood pulled out a gun and blew Joker's brains open. Killing him instantly. I fired an energy blast and vaporized him. I somehow gained his knowledge and skills on his deadly pranks and the Joker Venom.

Me: Whoa! What a strange set of stuff the Joker has.

Aelita punched Deadshot in the face and flew around him really fast that even he couldn't follow her and she fired numerous laser blasts at him and he was dead in seconds.

I fired an energy blast and vaporized him. I acquired his marksman skills and more.

Me: Wow! He's the ultimate marksman.

Maria was overpowering Killer Croc and she fired a multitude of blasts of water at him and they skewered him and killed him instantly.

I vaporized him and acquired his strength and his water buoyancy resistance.

Me: Whoa! What a monster. Now it's my turn.

The Scarecrow was much scarier than when we last met. He had a much scarier appearance and he had a scythe.

Me: The scythe is new.

Scarecrow: Just got it. Now you will now what true fear is all about.

Me: Well then. Welcome to your worst nightmare.

I dash at him and punch him in the face. He sprayed me with fear gas from his hands and mouth.

Me: Sorry Scarecrow but I'm immune to your fear gas.

I kicked the scythe out of his hand and take it. I form a ball of fire in my hand.

Me: How about a little fire Scarecrow?

I throw the fireball at him and he bursted into flames when it hit him and he was screaming in agony.

He was incinerated into ashes and I got his knowledge and I know how to make fear gas.

Me: Wow! He has a knowledge that embodies fear itself.

Bruce woke up and his helmet shattered and we exited his body.

Me: Are you all right Bruce?

Batman: Yes. Thanks to you guys. Nocturne will pay for playing with my family.

Me: Yeah. He will. We have to free everyone we know. Lets go!

We set out for Cyborg's room in Titans Tower at the Estate.

Back at the Estate, Natilee, Danny, Tucker and Sam went into Lori's room and they found her with a helmet on her head.

Danny: Lori. Lets go Sam.

Sam M: You got it.

Tucker: How come Nocturne didn't get you Natilee?

Natilee: I was on the moon Meditating when Nocturne was doing his stuff.

Danny: Clever.

They went into her dreams.

LORI LOUD

Lori's dream was being in a beautiful mountainous park and she was having a picnic with Bobby while their septuplet kids Roxy, Lydia, Roman, Linda, Lexi, Rhonda and Libby were having fun looking at the clouds and fishing in the creek.

Danny: Wow. Lori and Bobby are having a great dream.

Sam: Lori and Bobby's kids are so adorable.

Natilee: They sure are and this is a beautiful dream. Too bad it's not real. But I can make that happen.

Natilee snaps her fingers and the dream cloud poofed.

Lori woke up and the helmet shattered. Then she got an unexpected surprise. Her seven kids came.

Roxy: Mom!

Lydia: We love you mom!

Lori: (Gasps in excitement) MY CHILDREN! MY DREAM CAME

TRUE!

Natilee: I made it come true for you Lori. I also have the power to make dreams become a reality. Me, Danny and Sam went into your dream to wake you up from Nocturne and we saw how you and Bobby were so happy. So I decided to make your dream come true.

Lori: Natilee you literally have no idea how happy I am. Thank you so much!

Natilee and Lori hugged.

Natilee: You are so welcome Lori.

Linda: Lets help you take down Nocturne mommy!

Lori's kids: Yeah!

Rhonda: Nobody makes fun of Lori's dreams and lives to literally tell about it!

Danny: They are like you in every way Lori.

Lori had tears in her eyes.

Lori: I'm literally so proud of my children. Lets go free the others first!

Danny: You got it!

They then went to Leni's room.

---

In Leni's room they saw that Leni had a helmet on too.

Lydia: Aunt Leni is under Nocturne's control.

Natilee: She sure is.

Danny, Sam and Natilee went into Leni's Dream.

---

## LENI LOUD

In Leni's dream they saw that she was an extremely wealthy and very highly successful fashion designer of a very high caliber. She invented awesome clothes that took the lines of fashion by storm.

Natilee: Wow. Leni's an awesome fashion designer.

Sam M: Her clothes are amazing and unique. I hate the colors but they are cool.

Danny: They are amazing.

Natilee: Yeah but she has to wake up.

She snapped her fingers and Leni woke up and screamed and the helmet shattered. They left her body.

Natilee: Are you okay Leni?

Leni: Yeah I think so.

Lori: Leni you were under the control of a dream ghost.

Leni: A ghost!? (Screams)

She hides under the covers in fear! Roxy came and comforted her.

Roxy: It's okay Aunt Leni.

Natilee: These are Lori's kids. We went into her dream and I made it real.

Leni: Oh Lori they are so adorable. They totes have your eyes.

Lori: They are literally my little angels. Me and Bobby are gonna be excited.

Danny: I'm so happy for you Lori.

They went to Luna's room.

In Luna's Room they saw a helmet on Luna and Sam.

Natilee: Luna and Sam too.

Danny: We have to hurry.

Sam M: Yeah.

They went into Luna first.

---

LUNA LOUD

In Luna's dream they saw that she was an awesome Rock Concert Star. She was the lead singer of her own band group called The Swagger Angels. There were thousands upon thousands of Screaming fans in a huge planetwide stadium and the band was the ultimate biggest successful rock sensation since The Beatles and The Rolling Stones.

Danny: Whoa! Luna's got an awesome band!

Natilee: She's amazing! She definitely has what it takes.

Sam M: I know Luna's songs. They are amazing.

Natilee: It is really fun but we have a crisis on our hands.

She snapped her fingers and the dream went away.

Luna woke up and her helmet shattered and they left her.

Natilee: Sorry to wake you Luna but we have a major problem.

Luna: What happened dudes?

Natilee explained everything. Coincidentally when they went into Sam S.L. they found out that she was having the same dream as Luna was. She woke up and her helmet shattered. After explaining everything they went to Luan's room.

---

In Luan's room they saw that she had a helmet too.

Natilee: Luan's got one too. Nocturne sure has been busy.

Linda: He sure has.

Danny: Lets get moving.

They went into Luan's Dream.

---

LUAN LOUD

In Luan's dream they saw that Luan and Eddy are world-famous comedians and they are right on par with the legendary Bob Hope. They also have become philanthropists and do all kinds of charity works.

Natilee: Luan and Eddy are great comedians like Bob Hope.

Danny: Bob Hope was hilarious.

Sam M.: He sure was.

Dream Luan: **'When I was born, the doctor said to my mother: 'Congratulations. You have an eight-pound ham''**

They laughed.

Natilee: (Laughs) That was a good one!

Danny: (Laughs) That was funny.

Dream Eddy: **A bank is a place that will lend you money if you can prove that you don't need it.**

They laugh some more.

Natilee: (Laughs) That was awesome!

Sam M.: That was funny.

Natilee: That's enough jokes for now.

She snapped her fingers and the dream vanished and Luan and Eddy woke up. Their helmets shattered. They left Luan's body.

Natilee: Sorry Luan. But we have a crisis here.

Natilee explained what was going on and Luan was mad. Eddy too.

Luan: Nocturne will pay for this! We will give him a nightmare no-one can ever Dream of. (Laughs to Rimshot) Get it? But seriously he is gonna pay!

Natilee: Darn tootin! That was a good one.

Then they went to Lynn's room.

---

In Lynn's room they saw that she had a helmet on.

Natilee: Well as usual we're going in.

Danny: Yep.

Sam M.: Lets go.

They went into Lynn's dream.

---

## LYNN LOUD JR.

In Lynn's dream they saw that Lynn is world-famous olympic athlete and she is a powerful force to be reckoned with in the world of sports. She also has a bunch of endorsements for a lot of cereal products and everyday stuff. She has more gold medals in all events in the Olympics and she has more gold medals than world-famous olympic legend Michael Phelps. She also has trophies in every single sport in the world.

Natilee: Wow! This is a lot of sport trophies!

Danny: Whoa! Lynn does loves Sports, but this is amazing!

Sam M.: I hate sports but this is awesome.

Natilee: It sure is. Anna told me that she wants to become an Olympic athlete and master every sport you can think of.

Danny: I believe it.

Sam M.: Me too.

Natilee: But we have a problem.

She snapped her fingers and the dream vanished. She woke up and her helmet broke. They left her body.

Lynn: Whoa. What a dream.

Danny: We have a major problem Lynn.

Natilee explained the situation to her and she was shocked.

Lynn: (Enraged) I'm gonna find this Nocturne guy and pulverize him into dust!

Natilee: Save seconds for us Lynn. We have to wake everyone else up first.

They went over to Lucy's room.

In Lucy's Crypt Room they opened Lucy's coffin and found that she and Haiku and Shannon had a helmet on and they were sleeping.

Natilee: Lets see how dark their dreams are.

Danny: Yep.

They went into Lucy's dream.

## LUCY LOUD

In Lucy's Dream they saw that Lucy, Shannon and Haiku were dreaming about Vampires of Melancholia and she, Haiku, Shannon, Edwin, Griselda and Tristan were fighting werewolves. They were near a castle that looks like a true fortress from Hell in a malevolent forest and it was crawling with bats, crows, ghosts and black cats.

Natilee: I had a feeling they were dreaming about Vampires of Melancholia.

Danny: She really likes it dark.

Sam M: No kidding. She loves it dark just as much as I do.

Natilee: She and my sister Brittney have so much in common. But Lucy was born into darkness where my sister was adopted into it.

Danny: That's true.

Natilee: Sorry Lucy but there are darker times now.

She snapped her fingers and Lucy, Shannon and Haiku woke up and their helmets shattered. They left Lucy's body.

Lucy: What happened? Were you guys in my dream?

Natilee: Sorry about that Lucy but we have big problems.

Natilee explained everything.

Lucy: Gasp!

Haiku: So this Nocturne ghost messed with our dreams. Not good.

Shannon: No it isn't. We have to stop him.

Natilee: And we will. But first we have to wake everyone up.

They went to Laney's room.

In Laney's Jungle Room they went and found Laney with a helmet on her too and she was asleep.

Crysta and her animal friends were not affected.

Natilee: Well we're going in.

Natilee, Danny and Sam went into her dream.

---

LANEY LOUD

In Laney's dream they saw that she was a very skilled, highly educated and prominent Forensic Psychologist and she documented and probed the minds of some of the most dangerous and most evil criminals in the history of the world and has found out that they have numerous causes that cause them to become the way they are and were. She is in a jail cell documenting notorious serial killer and rapist Joseph James DeAngelo A.K.A. the Golden State Killer who was captured in 2018 earlier. She found out that he is evil to the core and is at level 22 on the scale of evil.

Natilee: Whoa. She's a powerful forensic psychologist.

Danny: That's a powerful job in law enforcement.

Sam M: She does have what it takes to become that. I know that man. That's Joseph James DeAngelo the Golden State Killer. He was all over the news.

Natilee: I know. He's a police officer and it was hard to imagine that we were looking at him this whole time but they never suspected it.

Danny: Yeah. Laney is doing a great job here. She has what it takes to become a great forensic psychologist.

Natilee: She sure does.

Natilee snapped her fingers and the dream vanished.

Laney woke up and the helmet shattered. They exit her body.

Laney: Whoa. What a dream.

Natilee: Your dream was awesome Laney. But we have a big problem.

Natilee explained everything. Laney was shocked.

Laney: So a ghost named Nocturne is using our dreams to make himself all-powerful?

Danny: Yeah. I faced him before and stopped this plan.

Laney: We have to stop him!

Natilee: And we will but we have to wake up everyone else.

They went into Lana's room.

---

In Lana's jungle room they saw that Lana had a helmet too and her animal friends were trying to get it off but with no luck.

Natilee: Now little ones. Let us handle this.

Danny: We'll get this helmet off.

Natilee: Lets go.

They go into Lana's dream.

---

LANA LOUD

In Lana's dream they saw that Lana is now the owner and operator of an awesome auto mechanic repair shop that is widely known throughout the world and she is also the owner of an awesome Animal Clinic and Care Building. Lana and Skippy are in business together and they are great together.

Danny: Whoa! Lana is the owner of a repair shop?

Sam M: And a vet clinic.

Natilee: Yeah. Lana wants to become an awesome handyman and repairman and an animal vet and conservationist when she grows up.

Sam M: She has a great set of dreams. One time I tried to save frogs from being dissected at our school.

Danny: I remember that.

Natilee: We'll talk about that later.

She snapped her fingers and the dream vanished. The helmet shattered and Lana woke up and they left her body.

Lana's animal friends hugged her.

Lana: What happened?

Natilee: You were under the control of the evil ghost of sleep Nocturne.

Natilee explained everything and Lana was shocked and that shock turned to rage. Lana was gonna make sure that Nocturne pays for this.

They went to Lola's room.

* * *

In Lola's room they saw her asleep with a helmet on her head.

Natilee: We're going in.

Danny: Lets do it.

Sam M.: Yep. Never liked Pink but here goes.

They went into her dream.

* * *

LOLA LOUD

In Lola's dream they saw that she is a Queen and Winston is a King and they have a breathtaking medieval castle that was much more beautiful than any castle we saw in Europe and they have a magnificent kingdom at the very pinnacle of prosperity and her family are their servants and royal subjects.

Natilee: Wow! What a castle!

Danny: Lola and Winston sure know how to rule a great castle.

Sam M: Excuse me while I go barf.

Natilee: Lola always imagines herself as a princess and Winston is her love interest.

Danny: Who's that there?

He pointed to someone and they saw Lindsey Sweetwater dressed as a village slave and she has tattered clothes, no shoes and is filthy.

Natilee: That's Lindsey Sweetwater. In the pageant world, she's Lola's Archrival and she always came in second place in the pageants.

Sam M: Poor girl.

Natilee: To Lola she deserves it. I like this castle and it's perfect for her.

Natilee made the castle real with a snap of her fingers and Lola woke up and the helmet shattered. They left her body.

Lola: Wow! What a dream!

Lola woke up and she was in a castle for real.

Lola went up to the window and saw that she was in a castle tower and it was breathtaking.

Natilee: I made your castle in your dream real Lola. But we have big problems.

Natilee explained what happened and Lola was both Shocked and Outraged at the same time.

Lola: I will end Nocturne for messing with my dreams! But thanks for making my castle real Natilee.

Natilee: You're welcome Lola. Lets go!

They went down the castle tower stairs and went into Lila's room.

---

In Lila's room she was asleep and had a helmet on.

Lola: Lila wake up!

She went and touched the helmet but she got zapped.

Lola: OUCH!

Natilee: These helmets prevent anyone from touching them to get them off Lola. Lets go guys!

Natilee, Danny and Sam went into Lila's Dream.

---

LILA LOUD

In Lila's Dream they saw that Lila was fighting the evil demon king Chernabog from Fantasia's A Night On Bald Mountain.

(A NIGHT ON BALD MOUNTAIN BY MODEST MUSSORGSKY PLAYS)

Natilee: I know this song. It's A Night On Bald Mountain by Russian composer Modest Mussorgsky.

Sam M: That's one of my favorite songs.

Danny: This is a creepy song.

Natilee: It is.

They saw Lila fly up to the top of the mountain and saw her fight the ruthless and evil Chernabog who is Walt Disney's Version of the Devil. He was commanding a huge army of Spirits of the Damned and he had mist around him that was pure evil.

Lila fired fire blasts and ice blasts at him and the spirits and she had a sword of righteousness and holy light that became her weapon used to destroy them.

Danny: Wow! Look at her go!

Sam M: She's a great demon slayer.

Natilee: She sure is. But we have a crisis here.

Natilee snapped her fingers and the dream vanished. Lila woke up and the helmet shattered. They exited her body.

Natilee: Sorry to wake you Lila but we have a big problem here.

Natilee explained everything and Lila was shocked. She got dressed and got ready for the fight with Nocturne.

They went to Lisa's room.

---

In Lisa's room she was not in her bed.

Natilee: Lisa's not in her bed.

They went into Lisa's lab and found her asleep and with a helmet on her head. Dexter is the same.

Natilee: She must've been too focused on her work when Nocturne got her.

Danny: Must have.

Sam M: Maybe.

Natilee: Lets go.

They went into her dream.

---

## LISA LOUD

In Lisa's dream they were in the infinitely vast reaches of space and they saw that she and Dexter are now completely one with the universe and have unlocked all the secrets of the entire Universe's incredible power.

Natilee: Whoa! Lisa and Dexter are one with the entirety of the Universe!

Danny: That is a very powerful dream.

Sam M: It sure is.

Natilee: Sorry Lisa but we have a huge problem.

She snapped her fingers and the dream vanished and Lisa and Dexter woke up and screamed and their helmets shattered and they left Lisa's body.

Lisa: What in the name of Schrödinger's cat happened?

Dexter: We were both in our dreams and something broke them.

Natilee: That would be me and I'm sorry but we have a huge problem.

Natilee explained what's happening.

Lisa: That villainous ectoplasmic monster will pay for this!

Dexter: He sure will!

Natalee: We have to get Lily first and then wake everyone else up.

Dexter: Right!

They went to Lily's room.

---

In Lily's room they saw Lily with another helmet on.

Natilee: Lily is another victim.

Danny: We better hurry.

Sam M: Yeah.

They went into Lily's dream.

---

LILY LOUD

In Lily's dream they were underwater in the ocean and they saw Lily and 7 mermaids fighting an evil sea dragon.

Natilee: Wow! Lily is a warrior for the Mermaid world!

Danny and Sam couldn't breathe underwater.

Natilee: Uh-oh!

Natilee formed bubbles around their heads.

Natilee: Sorry Danny and Sam. In the dream world you never know what could happen.

Danny: Yeah I kinda figured that.

Sam M: Same here. But this is wicked.

Danny: It sure is. Lily is quite the fighter.

Natilee: She sure is. But we have to stop for now.

Natilee snapped her fingers and the dream vanished. She woke up and the helmet she had shattered. They exited her body.

Lily: What happened?

Natilee: We can explain.

They did so and Lily was enraged and set their sights on Nocturne and went to help everyone else.

---

Me, Lincoln, Aelita, Maria, Red Hood and Batman were in Titan's Tower.

They went into Cyborg's room.

Batman: Looks like Nocturne got the Teen Titans too.

Me: He sure did.

Lincoln: Well we have to hurry.

They went into Cyborg's Dream.

---

VICTOR STONE A.K.A. CYBORG

In Cyborg's dream they saw that Cyborg was human again and he was having a great time in the city.

Me: I always wondered what Cyborg was like before he was blown up in an accident.

Lincoln: Me too.

Batman: Well we aren't doing anything just standing here.

Red Hood: I know.

We go up to Cyborg and tell him everything.

Cyborg: So this whole place is not real?

Me: Yeah.

Cyborg: Well, being human again was fun while it lasted.

Batman: I feel your pain, Victor. But what matters is getting out of here.

Brother Blood: I highly doubt that will happen.

The team sees Brother Blood, Slade, Overload, Gizmo, and Atlas there.

Cyborg: Slade and Brother Blood!

Slade: Surprised to see us, Cyborg?

Cyborg (to Slade): Bad enough that you haunted Robin before. But now you're doing it to me in my own dream?!

Me: So the man with the one-eyed mask is Slade Wilson A.K.A. Deathstroke and the man with the gray hair is Brother Blood.

Brother Blood: That's right J.D. Knudson.

Me: Well I'm glad you know me. Who's the little guy?

Cyborg: That's Gizmo. He's the mechanical genius of the H.I.V.E. and he's one of our most dangerous enemies as the Teen Titans.

Maria: He must be deadly. Who's the overgrown Spark Plug?

Cyborg: That's Overload. He's a living electrical circuit and he has the power to control and assimilate anything electronic.

Me: Whoa! He must be deadly.

Cyborg: He is and the big guy is Atlas. He's the strongest robot I ever faced and I beat him. He held my friends prisoner and I beat him in a contest.

Me: Whoa! All right lets split them up and destroy them!

I go Super Angel 10,000 and we went at them.

We took them on and Maria fired a blast of water at Overload and short-circuited him and he exploded. All that was left of him was the chip that made him what he is.

Maria: So he was just a chip that was what he is.

Maria crushed it and killed it.

Maria: That takes care of that.

Aelita was facing Gizmo and he had a jetpack on and he fired all kinds of missiles and lasers at her and she dodged all of them and fired an energy blast and vaporized him. All that was left of him was his backpack and utility belt.

Aelita: That's that. (Giggles)

Batman was facing Atlas and he was proving to be a formidable adversary. Batman dodged all his attacks and he and Red Hood put electromagnetic grenades on him and they exploded and a huge blast of electromagnetic radiation shorted him out and he exploded into a thousand pieces.

Batman: You give robots everywhere a really bad name.

Cyborg was facing Brother Blood and he punched him in the face and Brother Blood's mental powers were no match for him and he was shattered into a thousand pieces.

Cyborg: Never again Blood.

I am facing Slade and he was proving to be a very fierce and formidable adversary. But he had his fire powers from when he and Trigon tried to destroy everything. He threw fireballs and powerful structures of fire and more at me and with those fire powers and abilities and more he was far more deadlier, menacing and powerful than ever before. Massive explosions of fire destroyed everything in the area in the dream and more and I take out a dagger and cut my arm and coat it with my blood and stab him in the chest. He disintegrated into a pile of dust and suddenly a massive vortex of fire encircled me and my power was rising dramatically at an accelerated rate. When it came back in 20 minutes later I was forever changed. My appearance remained the same but my clothes were made entirely out of pure fire.

Me: Whoa! What happened!? I feel incredible!

Lincoln: No kidding J.D. Your power increased dramatically! It's completely unreal!

Me: I know. I think when I absorbed Slade's powers he got from Trigon, it enhanced my fire powers far beyond anything ever known. I also absorbed Gizmo, Atlas, Overload and Brother Blood's powers too.

Lincoln: That's probably the case.

Me: Lets get out of here.

Cyborg woke up and he screamed and his helmet shattered. We left him.

Cyborg: Whoa! What a dream!

Me: I know man. Lets go. We have an emergency situation here.

We left the tower and went to Spiderman's house.

---

In Spiderman's house we saw that he was sleeping and he had a helmet on too.

Me: Looks like we're going into his dream.

Lincoln: Yep.

We go into his dream.

---

PETER PARKER A.K.A. SPIDERMAN

In Spiderman's dream we saw that he was having a great talk with his deceased uncle Ben Parker.

Me: So that's Ben Parker.

Lincoln: I heard that Flint killed him by accident.

Me: He did.

Cyborg: Poor guy. Desperation can cause people to do terrible things.

Batman: It can Victor.

Red Hood: Yeah. Take it from me.

Me: Yeah.

We went over and talked to them and we revealed everything.

Spiderman: You know what? It was good to see my uncle alive even it was only a dream.

Cyborg: I'm sorry about that, Pete. But let's focus on getting out of there.

Doc Ock: No one's going anywhere.

The team turns to see Doctor Octopus, Shocker, Electro, Vulture, Rhino, and Scorpion.

Spiderman: Great! We have to fight the Sinister Six again.

Cyborg: I'm not really comfortable with fighting Rhino and Shocker. After all, they are Sandman's friends.

Me: I know. But these versions of them are only creations of Nocturne. The real Rhino and Shocker will still be alive even after this mess is over.

Doc Ock: Now then, Spider Man. Any last words?

Me: Just 4: You all will die!

We went at them.

I faced Aleksei Sytsevich A.K.A. Rhino and all it took was one punch to his face and I killed him. I absorbed all of his super strength.

Me: That was a waste of time.

Maria was facing Electro.

Maria (avoids an electric blast from Electro): It's like fighting an evil version of Virgil!

Electro: Unlike Static, I'm not going to be merciful!

She dodged all his lightning strikes and kicked him in the face and she fired a blast of water and it shorted him out and he exploded all over the place.

Maria: That's it for him.

Aelita fired a bunch of energy blasts at Vulture and destroyed his wings and she grabbed him and flew up high into the air and she dropped him.

Aelita (sees Vulture fall to his death and giggles): That's a long way down!

Batman and Red Hood faced Scorpion and they pulverized him to pieces and Batman called the Batmobile and it ran him over and turned him into roadkill. Killing him instantly.

Batman: That's it for him.

Red Hood: He sure got what was coming.

Cyborg and Shocker were putting up a really good fight. But Cyborg blasted him with his sonic blaster and killed him.

Cyborg: That was a waste.

Spiderman was facing Doctor Octopus and he tied up the robot tentacles and I fired an energy blast and killed him.

Me: So much for that. I got all the knowledge and powers of the villains we just killed.

Ben: You guys ok?

Spiderman: We're fine. Aside from us fighting nearly every villain that each of us know.

Me: Yeah. But we triumphed.

Peter and Ben hugged one last time before the dream ended. He woke up and we exited his body.

Me: Hey Peter. You all right?

Spiderman: Yeah. Thanks to you guys.

Me: Yeah. I'm sorry about your uncle Peter.

Spiderman: I know. Thanks J.D.

We then went to Nico's house.

---

At Nico's house we saw that he had a helmet on too.

Me: Oh man. Nico hang on man. We're coming in.

We then went into his dream.

---

NICO CHAN

We saw in his dream that Nico and May were the greatest Pokemon Trainers in the world and also they were the king and queen of Pokemon. They were fighting Team Rocket members Butch and Cassidy and their boss Giovanni and James, Jessie and Meowth had betrayed Team Rocket.

Me: So that man is Giovanni.

Lincoln: He looks like a man that will destroy everything in his path.

Batman: No kidding.

We walk up to them.

Me: Hello Team Rocket. Nice to see you again.

Nico: J.D. what are you doing here?

Me: I'll explain later man. [To Butch and Cassidy] Well hello there.

Butch: J.D. Knudson. Now we can kill you for nearly killing us.

Cassidy: That's right.

Me: I somehow doubt that Crassidy!

Cassidy: It's Cassidy! Not Crassidy, you morons!

Butch (pats her on the back): Now you know how I feel.

Maria: I doubt you know Biff!

Butch: It's BUTCH!

Me: Whatever.

I fired an energy blast and vaporized the both of them.

Me: Now you die Giovanni.

I teleport and punch him in the face and kick him in the stomach and fired an energy blast at him and obliterated him in an instant. I acquired all of his knowledge and I now know where all of Team Rocket's bases are and everything that they're doing in the Pokemon World.

Me: That's that. Nico you have to wake up.

I explain everything and he wakes up and his helmet broke and we leave his body. We woke everyone up and it was time to take the fight to Nocturne.

---

We went to Amity Park and he was using a mattress warehouse as his base of operations.

Me: I figured he was using a mattress store as his hideout.

Danny: Yeah. I got the same feeling too.

We go in and saw a machine and Nocturne was in it. He was a ghost that had realistic stars in his black body.

Me: So he's Nocturne and that machine is channeling the energy from everyone's dreams into him and giving him incredible power. Not for long.

I form an energy disk.

Me: DESTRUCTO DISK!

I throw the energy disk at the antenna to the machine and it slashed it in half and destroyed it.

Danny: That did it!

Lincoln: But we have to wake him up!

Me: I know.

I fired an energy blast and destroyed the pod he was in and he woke up and he was enraged.

Nocturne: You have woke me from my sleep! Now you will pay! I shall destroy you for waking me!

Me: No! You will pay Nocturne!

We fired energy blasts and all kinds of attacks at him and he was getting bombarded with all kinds of attacks.

Nancy: Lets get him girls!

Nancy (starts to transform): I hope this works!

Nancy doubled up in pain as her skin colour faded to blue and white.

Her hands were turning into claws. Her teeth were swallowed by her gums and her hair fell out. Finally, her fin destroyed her yellow shirt, leaving her in her black jeans.

Stephanie (starts to transform): My muscles feel like they're on fire!

Stephanie screamed in pain as her skin colour faded to brown with white spots. Her hands were turning into claws. Her teeth were swallowed by her gums and her hair fell out. Finally, her fin destroyed her green shirt, leaving her in green shorts.

Ruby (starts to transform): My head feels like it's going to burst!

Ruby held her stomach in pain as her skin colour faded to pure brown. Her hands were turning into claws. Her teeth were swallowed by her gums and her hair fell out. Her eyes pushed out of her head as she gained a hammerhead shark's head. Finally, her fin destroyed her red shirt, leaving her in her red shorts.

Mariah (starts to transform): I never thought I'd be happy to turn back into a shark again!

Mariah groaned in pain as her skin colour faded to blue with purple stripes. Her hands were turning into claws. Her teeth were swallowed by her gums and her hair fell out. Finally, her fin destroyed her blue shirt, leaving her in her blue pants.

They chomped on Nocturne and bit him in several spots.

Lola: You messed with my beauty sleep and now you will pay!

Lori's kids have inherited her wind powers.

Roxanne: No one hurts moms dreams!

Linda: Yeah!

We blasted him to dust and when he was at his weakest we put a helmet on him.

Nicole pulled out the Book of Vile Darkness.

Nicole: Welcome to your eternal nightmare! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

He went into the Book of Vile Darkness and he was gone forever.

Nico: That was awesome!

Me: It sure was. Nico I discovered something when we went into everyones dreams.

Nico: What is that?

Me: I accidentally acquired your ability to assimilate villain's powers, abilities and knowledge. I don't know how that happened but somehow it did.

Nico: That's unusual J.D. But it works great for you and me.

Me: It's works great for the both of us man.

Francis: Maria, please tell me Nocturne didn't make evil versions of me and Teresa in your dream!

Maria: Nope! Only clones of Ebon and Shiv.

Teresa: Good. I think Shiv's still in Dakota Prison.

We laughed.

Me: Well lets get some more sleep. This was a very powerful night. One that we can only have in our Dreams. (Rimshot)

We all laughed.

Luan: (Laughs) Good one J.D.

Lori: This was literally the most unforgettable night ever. I now have my children and it's a dream come true.

Lensay: Way Wori!

Everyone: Aww.

Me: I'm so happy for you Lori.

Lori: Thanks J.D.

We went to sleep and it was a long one. Because we stayed up till sunrise we got 24 hours of sleep. Tucker now has a huge multi-million dollar mansion like in his dream.

Another Fanfiction Complete.

Nocturne was a strange villain on Danny Phantom. He was by far the strangest one I ever seen. But this chapter really told us everything on how the Dream World works and more. It was an awesome experience. James Garrett did a great job voicing him. I got the idea for the line I used from The Wizard of Oz. Great movie from 1939. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next up is a chapter for Nicolai Technus. Let me know what you think.

See you all next time.

# The Matrix of Technus

It starts in the dining room. Everyone was having breakfast at the kitchen when they heard Cyborg scream. A few seconds later, Cyborg slammed the door open with an angry look on his face.

Cyborg (angry): Who did it?!

Beast Boy: Who did what, Cy?

Robin: Yeah, Cyborg. What's got you upset?

Cyborg: The T Car… is gone! I was working on it last night, fell asleep in it, and this morning, it's gone!

Lincoln: Sorry, Cyborg. But no one here would steal from you.

Me: That's true.

Cyborg: Oh really?! Maybe Beast Boy took my baby! After all, he's always wanted to drive it!

Beast Boy: Ok, that might be true. But I would've made sure it came back before you noticed it was gone.

Cyborg: Then maybe Stewie took it! He took a car before!

Stewie: Don't look at me! I learned my lesson when I crashed Brian's car.

Cyborg: Well, maybe Lana took the T Car. She's probably working on a few unnecessary upgrades for it!

Lana: Of course I'm not! I'm not even that familiar with the T Car's design.

Ben: Cyborg, trust me. None of us took the T Car.

Cyborg (takes a deep breath): Alright. I believe you guys.

Maria: Well, that's good.

Cyborg: But someone else took it. And I'm not gonna rest until I find out who! (leaves the house)

Vision: I suggest we follow Cyborg so he does not do something that he will regret.

Me: Good idea Vision. Some of you go with Vision and make sure that Cyborg doesn't cause any trouble.

Lori: You got it.

Lucy screamed!

Laney: That sounds like Lucy.

Lincoln: Lets go!

We did our jobs.

---

In Lucy's Crypt room we went into her S.H.E.G. room and saw Lucy on the floor looking at the shattered glass of a jar.

Me: Lucy what's wrong?

Lucy: Someone released Technus!

Me: This was Nicolai Technus' jar and whoever released him must've caused trouble.

Laney: Yeah. But who?

Me: Lets check the cameras.

We went to the security cameras and scrolled through the footage and saw an unusual discovery. We saw Amy disguised as Sammy sneak into Lucy's S.H.E.G. room and she found Nicolai Technus and threw it on the floor and he rematerialized.

Me: So that's it. Amy released Technus and he is out there.

Varie: This was a while ago.

Rachel: Yeah.

Me: Let me see here.

I change the camera footage to the Teen Titans garage and we saw Technus phase into the car and it turned green and had red eyes and it zoomed out of the garage.

Me: Technus is the one that stole Cyborg's car.

Danny: We have to stop him at all costs or he'll rule the world.

Maria: Yeah.

Laney: Lets go!

---

In the middle of the city Cyborg was attacking Shocker.

Shocker (dodges a blast from Cyborg): You've got 2 minutes to explain yourself, Tin Man! (fires a blast from his gauntlets)

Cyborg (dodges the blast): What's there to explain?! I'm here to pay you back for what you did!

Shocker: What exactly did I do that was so bad that you're all ticked off?

Cyborg: You stole my car!

Shocker (in disbelief): What?

Cyborg: That's right. You took my baby and now I want it back!

Shocker: I didn't take your car, you idiot! I don't even know what it looks like! And besides, I already have a getaway vehicle.

But Cyborg wasn't listening as he fired another blast that Shocker avoided.

Shocker (to himself): He's not kidding around. He's really out for my blood! If I don't think fast, he's actually gonna end up killing me!

Spiderman: What's going on here!?

Spiderman swung in and we arrived and accompanied him.

Shocker (Spidey restrains Cyborg): Spider Man! Am I glad to see you!

Robin: Cyborg, there's no need for you to attack Shocker! We know who took your car!

Cyborg: You do?

Danny: One of my enemies, Technus, took it. He has the ability to control technology.

Me: He's a ghost and he wants to rule the world with technology controlled by him.

Shocker: Ok, what exactly does this car look like?

Cyborg (calms down): Here's a picture of it. (shows Shocker the picture)

Shocker: Ok, I think I've seen it. But it was green and it was heading to the junkyard.

Cyborg: AHA! I knew I'd find my car sooner or later! (runs to the junkyard)

Spiderman (as the others follow Cyborg): I'm really sorry about all this, Shocker. You sure you don't want to help us beat Technus up.

Shocker: Sorry, Web Head. But Ock's expecting me back any minute now. Thanks for the offer, though.

Spiderman: You're welcome.

Me: Lets go!

We set out for the junkyard.

At the Sinister 6 Hideout. Shocker came back and he was enraged.

Rhino: Geez, Herman. What happened to you?

Shocker: I'll tell you what happened! Cyborg of the Teen Titans attacked me because he thought I stole his car!

Scorpion: Ok, that does it! First, it was the Box Ghost. And now this?!

Hobgoblin: I agree with you, Scorpion. I'm sick and tired of those heroes taking their problems out on us.

Mysterio: I think we should move to somewhere else for a while.

Doctor Octopus: Already ahead of you, Mysterio. I have a few associates in Australia that are more then willing to let us stay with them.

They start packing their things.

---

In the local junkyard we were searching for the T Car.

Me: It could be anywhere.

Lori: Ew! This place is literally so grody!

Me: I know.

Roxanne: Don't worry mom. We will literally be by your side all the time.

Lori: Oh thanks guys.

Me: Wait! Look!

We look ahead and saw Technus and he was massing together a massive battle suit. (Picture Technus' battle suit from the Danny Phantom episode "Attack of The Living Garage Sale" but bigger)

The suit was over 300 feet tall and his power was incredible.

Me: Whoa! What a suit!

Technus: (As Gilbert Gottfried) (Evil Laughter) That's right J.D. I, Technus, Master of all things electronic and beeping am now stronger than ever and am now back to take over the world!

Lori: We won't let that happen you psycho iron mouth!

?: I beg to differ fools!

We saw a mass of living lightning and we saw a red chip on him. It was OVERLOAD!

Cyborg: Overload!

Me: Who or what is he?

Robin: He's an old enemy of ours from our dimension. Overload is a mass of living energy and he can take over anything electronic and technological.

Me: Whoa! Lets get them guys!

Ben became Ampfibian.

Ben: AMPFIBIAN!

Me: So that's an Amperi! Amazing.

Ampfibian: That's right J.D.

We went at them and Ed became Edzilla.

Edzilla: ED SMASH OVERLOAD!

Overload: No. Overload smash Ed! (zaps Edzilla)

Ampfibian fired a blast of lightning at Overload and it weakened him.

Lincoln: Maria lets use our combo move we practiced.

Maria: You got it Lincoln.

Lincoln fired a blast of lightning and Maria fired a huge blast of water.

Maria and Lincoln: LIGHTNING TSUNAMI DELUGE!

A huge wall of electrified water covered Overload and shorted him out and he exploded.

KRABOOOMMMM!

All that was left of him was his computer chip.

Lincoln: You gonna destroy Overload's chip again, Maria?

Maria: Nah. Destroying him was satisfying only the first time. I'll bring it back to Lisa for her experiments.

Lincoln: Sounds fair.

Maria picked up the chip and put it in a bag.

Hulk arrived and he punched Technus in the face.

BLAM!

Technus: Ow! That really hurt.

Hulk: Hulk smash you freak!

Vision: This will hurt more.

Cyborg fired a Sonic Laser blast and Vision fired a laser blast from his eyes.

Vision and Cyborg: SONIC VISION LASER!

The laser blast blew a massive hole into his armored suit torso.

Ampfibian: Lets smash him together.

He pressed the Omnitrix button and became Ultimate Way Big.

Ben: ULTIMATE WAY BIG!

They smashed Technus with devastating force and pulverized him into scrap metal.

WHAM! BLAM! SMASH! CRASH! BASH!

Technus was reduced to nothing. Danny then pulled out his thermos and sucked him in.

Technus: YOU HAVEN'T SEEN THE LAST OF ME!

He was imprisoned in the thermos.

Danny: I think we have Technus.

Me: Great job guys.

We cheered wildly.

---

Back at the house we resumed our everyday activities. Leni was making leotards for Nancy, Stephanie, Mariah and Rose. She made one for each of their colors and they won't be destroyed when they change into their wereshark forms.

Cyborg: Look, guys. I'm sorry I got a little carried away back there.

Beast Boy: A little?!

Cyborg: Fine! I got really carried away! But you guys know that the T Car's very precious to me.

Robin: We understand, Cyborg. And we don't blame you for going berserk on Technus and Overload like that.

Maria: On the bright side, Technus is so scared that he probably won't come out of the Ghost Zone for several months.

Me: You said it Maria.

Lincoln: If he comes back we'll make sure he stays gone for good.

Me: Yep.

THE END

Another Fanfiction complete.

Nicolai Technus is one of my favorite villains in Danny Phantom. He sounds just like famous actor Gilbert Gottfried. But Rob Paulsen did his voice and it sounds just like him. He did a really great job with him. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next up is Penelope Spectra and her shape-shifting blob assistant Bertrand. Let me know what you all think.

See you all next time.

# Negative Emotions of Penelope Spectra

It starts with me looking up information on the computer. I'm typing on the computer and looking up info about some of the ghosts we destroyed, killed or sent back to the Ghost Zone.

Lincoln: What you looking up J.D.?

Me: Some info on the ghosts we know.

Lincoln: Cool. What did it say about Technus?

Me: Lets see here.

I look up his information and it was not pleasant.

Me: Whoa!

Lincoln: What is it?

Me: It says here that Nicolai Technus was once a powerhungry mad scientist that specialized in technology. He lived over in Canada. When the Canadian government got word about his insane experiments, they cut his funding and he was forced to flee. He did his experiments in secret. But that's not how he died. The Royal Canadian Mounted Police got word of his experiments again and they hunted him down like a wild animal and killed him. They buried him in an unmarked grave. But legends say that his experiments were so vile that not even Hell would accept him. So his spirit roams free and he will now try to rule the world as a ghost.

Lincoln: So Technus was the Orochimaru of Technology and Electronics.

Me: That's right and that's a good observation.

---

Maria and Aelita were talking to each other about their dreams they had.

Aelita: So you had a dream where you were reunited with your father?

Maria: Yep. It was awesome. We saw your dream and it was wicked.

Aelita: It was.

---

Sonia, Rocky and Kathy were still having trauma episodes from their splicing nightmare of Dr. Animo.

Stewie: Look, I know the perfect way you three can get over your trauma.

Sonia: You do?

Stewie: There's a new therapist that moved in a week ago.

Kathy: A therapist? Perfect! That's just what we need!

Stewie: Of course. I heard some positive things about her. She'll be the best way to help you three forget about what happened while you were mutated.

Rocky: Thanks, Stewie. Now you just need to show us where she is.

Stewie did so. They went to a building on the other side of the city. It was in an office building. But what they didn't know was that Stewie was taking them to the office of Danny's Ghost enemy, Penelope Spectra. A ghost who feeds off of the negative emotions of people to maintain her youth. Her assistant Bertrand is a shapeshifter ghost that can assume any form of anything or anyone. Stewie took them to see Penelope Spectra and the office was really cold. He took a business card and the logo was her name with a ghost around it.

Stewie came back and he was happy.

Brian: Hey Stewie.

Stewie: Oh hey Bri. Just recommended Sonia, Rocky and Kathy to a psychologist known around town.

Brian: Okay.

Me: Who is that Stewie?

Stewie: Here.

He handed me the business card and I read it.

Me: Hmm. Penelope Spectra PhD Psychologist.

Danny heard that name and he gasped.

Danny: Penelope Spectra!?

Me: Sounds like you know her Danny.

Danny: She's one of my enemies. She's a ghost that feeds off of negative emotions to maintain her youth.

Me: What!? Stewie you sent them into the Lions Den!

Stewie: I didn't know she was an evil ghost and one of Danny's enemies!

Me: Hmm. We have to know more about her. Lets see here.

I go onto the computer and pull up the information on Penelope Spectra. It told us that she was once very prominent School Child Psychologist for Casper High that had produced some very good results in the school. She and her assistant Bertrand were very good at what they do. But what everyone didn't know was that they are sociopathic monsters and they are master manipulators. They may have tried to help out but they lied and drove kids and people to do the unthinkable. But then one of her patients she tried to help with went after them and killed them. Penelope Spectra and Bertrand now roam the world and feed on kids negative emotions to sustain her youth and Bertrand is a shapeshifting blob of slime.

Me: So she feeds off of Negative Emotions to stay young huh? Well if she wants youth she's not gonna get it.

Me, Varie, Rachel, Ben, The Redemption Squad and Team Phantom set out to go after Penelope Spectra.

---

We arrived at the building they were at and it was a building in the shape of a giant tuning fork. We were about to go in but we were stopped by an electric barrier.

Me: Ow! What the!?

I touch the barrier and it was a lightning barrier.

Me: It's an electromagnetic barrier. It will prevent anyone from getting in.

Ben: Let me help stop it.

Ben became Grey Matter.

Ben: GREY MATTER!

Me: A Galvan. Go for it Ben.

Grey Matter went into the building and into a room outside Spectra's office and found the controls for the barrier.

Grey Matter: Aha.

He pulled a cord out and turned it off.

Grey Matter: The barrier's down J.D.

Me: Good work Ben.

We go into the building through the roof.

---

Sonia, Rocky and Kathy had just finished becoming monsters again.

Bertrand: Well, I certainly didn't expect that to happen.

Spectra: Interesting. When I used my powers on those 3, it must've activated dormant traces of Animo's mutating formula in their bodies.

---

In the building we were looking for them.

Danny: Now, if I were a shapeshifting ghost, where would I be?

Unknown to the heroes, Bertrand was behind them as a tiger.

Bertrand: Behind you!

Bertrand pounced on Danny.

Bertrand: Me? I'd end it now. But Penelope's the boss. And she wants to torment you. Which I respect.

Me: He's a tiger!

I kick him off and Bertrand became a ninja.

Me: You are one disgusting blob of puke!

Bertrand: Sticks and Stones J.D. I can beat you all with my jelly hands tied.

Me: That can be arranged.

Maria and Killer Frost fired a stream of water and ice at Bertrand and it turned into a shower of razor sharp icicles.

Maria and Killer Frost: ICICLE BLIZZARD EVISCERATION!

They froze Bertram into a block of ice and he shattered into a thousand pieces.

Danny: That was intense!

Suddenly Sonia, Kathy and Rocky bursted through the wall and they were in their monster forms!

Me: Oh man! Spectra must've reactivated their transformations somehow!

Lincoln: We have to stop them!

Laney: And we will.

Elena: Lets use our combo Xion!

Xion: You got it.

Elena fired a blast of lightning and Xion fired multiple streams of light from her Keyblade.

Elena and Xion: LIGHTNING LIGHT CIRCUS!

The lightning light beams hit Rocky and knocked her out.

Venom was fighting Kathy.

Venom (fighting Kathy): Great! We've already made peace with Spider Man. But now we have to deal with another spider problem?!

Me: It's preposterous.

Venom: Flint, lets use our combo!

Sandman: You got it Venom!

Sandman fired a blast of sand and Venom fired black webbing at Kathy.

Sandman and Venom: WEB SAND BIND!

The Black Web coated in Sand tied Kathy up.

Riku: Lea lets try our combo.

Lea: You got it Riku.

Lea fired a blast of fire and Riku fired a blast of darkness and they became a shower of black fireballs.

Riku and Lea: DARKNESS FIRESTORM SHOWER!

The black fireballs hit Sonia and knocked her out.

I snapped my fingers and knocked them out.

Me: They're knocked out and they'll be turning back to normal in a few minutes.

Sam M: Lets get Spectra.

Tucker: I'll get towels for them.

Me: Good idea Tucker.

He did so and we went after Spectra. Maria picked up the blocks of Bertrand ice and put them in a cooler.

We busted into Spectra's office.

Danny: Penelope Spectra!

Penelope Spectra: Nice to see you again Danny.

Me: You are never going to terrify kids again!

Spectra then became her true form! She was a black ghost and she had a black flame tail and red eyes.

Me: You are a freak!

Stewie: Lets blast her!

We did so and we weaken her.

Rubberband Man: William lets use our Combo!

William: Oh you know it.

William fired a blast of wind as Rubberband Man formed a knife fist and the wind became glowing green blades.

William and Rubberband Man: RAZOR RUBBER SLICER!

They sliced her up and weakened her.

Sam pulled out the Fenton Peeler and fired a blast at her that left her really old.

Me: That did it!

Arpeggio: (British Accent) Lets use our combo on her!

Stewie: You got it Arpeggio!

Arpeggio fired a volley of feathers at Spectra and Stewie fired numerous laser blasts and they energized the feathers.

Stewie and Arpeggio: LASER FEATHER CASCADE!

They hit Spectra all over and severely wounded her.

Nicole then appeared.

Nicole: You will never poison kids minds with your sick ways again Spectra! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Spectra went into the Book of Vile Darkness for all eternity.

Me: Nice job guys!

We cheered wildly.

Rocky, Sonia, and Kathy woke up and were all wearing towels that Tucker found in Spectra's office.

Sonia (holds her head in pain): I don't believe it! We can finally control our transformations.

Kathy (flexes her fingers): It's going to be really weird thought.

Rocky (tries not to fall): I hope no perverts try to peek at us when we're heading back to the estate!

3 bathrobes were thrown onto the floor and they saw Maria standing in the doorframe.

Maria: We'll explain everything back at the estate.

---

Back at the estate we explained everything and Sonia, Kathy and Rocky were shocked.

Sonia: So Spectra was poisoning our minds with lies?

Maria: Yeah. We'll train you in how to use your new abilities.

Rocky: Thanks Maria.

Kathy: We would like that.

Sonia: Maria what happened to Rupert Thorne?

Maria: We threw him in prison forever.

Sonia: He's in jail!?

Maria: Yep. He's in a super maximum security prison.

Sonia: Which one?

Maria pointed up and they looked up and saw that Maria was pointing at the Moon.

Sonia: On the Moon?

Maria: Yep. He's in prison forever on the Moon where he will stay forever.

Sonia was shocked.

Rocky: Sonia's father was killed by Rupert Thorne and she wanted to get revenge on him.

Maria: Well it looks like I beat you to the punch. But if he escapes he'll die from suffocating in the endless vacuum of space.

Sonia broke down crying and she was saying over and over "We got him dad."

Maria: He got what was coming to him.

---

Me and Davis were having a talk.

Me: Davis after Ken was killed what happened to his partner Digimon, Wormmon?

Davis: Wormmon now lives with Izzy. He was distraught that Ken's gone but he's now accepted it.

Me: Well that's a relief.

Either way we had a great adventure.

Manaphy found the ice cubes that had Bertrand in them in the freezer and she ate them. He screamed when he knew that he was a goner.

THE END

Another Fanfiction Complete.

Penelope Spectra was a strange one on Danny Phantom. Her assistant Bertrand was weird too. Next up is a chapter for the evil circus ringleader Freakshow. I hate that guy. NicoChan11 gave me the ideas for this one. Thanks for that man. As usual. Let me know what you all think.

See you all next time.

# The Mind Games of Freakshow

It starts with Aqua and she's walking down the street near the abandoned amusement park where we killed Zombozo and his clown cronies but Frightwig.

Aqua heard something snap in the bushes. And just when she was almost home, something grabbed her and she was gone!

In the Amusement Park she was held prisoner by the evil insane circus ringmaster FREAKSHOW!

Freakshow: It's amazing how you still think you're a hero even after that whole Heartless mess that you made.

Aqua: Xehanort was the one who created all of the Heartless, not me!

Freakshow: No! You were the one who started the whole thing. You sent Terra to Radiant Garden and let him become Xehanort, thus allowing the Heartless to spread like wildfire. You even turned your precious Land of Departure into that stupid Castle Oblivion all to protect your pal Ventus! And even after all that, you still let Xehanort go just to save Terra's body.

Aqua: NO! I WON'T BELIEVE THAT!

Freakshow (holds up his staff to her): But there is a way to redeem yourself and save your home along with Ven. The stone that I currently have is called the Reality Infinity Stone. It's like the Cosmic Cube since they both have the power to change reality. But the Cosmic Cube's power is limited and could run out of power eventually. The Reality Stone, on the other hand, has unlimited power.

Aqua (starts to fall under his spell): So why do you need me?

Freakshow: Because your so called friends will stop at nothing to prevent you from gaining your redemption. And you want to redeem yourself, don't you?

Aqua (eyes turn red and her hair turns white): My master… I do.

Freakshow: Then do you understand what you have to do to get your home and friend back.

Aqua (her clothes turn dark purple): I will kill Team Loud Phoenix Storm and anyone else that gets in my way!

Freakshow: Excellent. Now I will get my revenge.

---

Me, Varie, Nico, Alexis, Doctor Strange, Sora, Terra, Lincoln, Girl Jordan, Lori, Melody, Ariel, Kairi, Donald, Goofy, Mickey, The Redemption Squad and Team Phantom were by the amusement park searching for Aqua.

Me: AQUA!?

Varie: AQUA!?

Nico: WHERE ARE YOU!?

Girl Jordan: Where is she?

Me: We have to find her or who knows what could happen?

Nico: Wait!

Me: What is it Nico?

Nico: I sense a powerful energy signal coming from there.

He points to the abandoned amusement park.

Me: It's coming from the abandoned amusement park.

Lori: This place again?

Lincoln: I thought we killed Zombozo.

Me: We did but this is something else. Come on.

We go into the park and into the tent.

Me: I've got a very bad feeling about this.

We then saw Freakshow.

Danny: Freakshow!

Me: Who is he?

Danny: He's the ringmaster of Circus Gothica. He put me under the spell of his Mind Control Crystal Ball Staff and he tried to warp reality with the Reality Gauntlet. I sent him to prison and he hates my guts.

Me: He sounds very dangerous.

I saw the Red Reality Stone and Gasp in shock.

Me: Oh no! That's the Reality Infinity Stone!

Doctor Strange: This is really bad!

Freakshow: That's right you (Censored)!

Me: You don't have any idea what kind of power you're playing with here Freakshow!

Lincoln: What's the Reality Infinity Stone?

Alexis: That's what I'm wondering too.

Me: It's one of six Infinity Stones. The Infinity Stones are the most powerful artifacts in the entire universe and their power is absolutely immeasurable and infinitely powerful. These are said to be the stones that shaped the universe in its entirety into what it is today. He has the red one, the Reality Infinity Stone and it has the power to change reality.

Sam M: That's horrible!

Tucker: How in the world did Freakshow get ahold of such a dangerous and powerful artifact!?

Me: That's what I would like to know. But where is Aqua!?

Freakshow: Oh she's right here.

With him was a woman.

Me: And you are?

Lydia: I'm Lydia and I'm Freakshow's beloved wife. Aqua is right here.

Aqua came out and we were shocked to see that she was under Freakshow's evil control.

Terra: Aqua. No.

Me: What have you done to her Freakshow!?

Freakshow: She has now joined the Dark Side. She is now going to kill you and I will have my revenge.

Me: You monster! I will kill you and Lydia for this!

Freakshow: I'd like to see you…

I dash and kick him in the face and I grabbed his staff and take the Reality Infinity Stone. When I took it, I was unaffected by it.

Me: Never again you monster! Riku, Sora, Kairi, Melody, Ariel, Nico, Terra, you guys come with me. The rest of you hold Aqua, Lydia and Freakshow.

Varie: Where are you gonna go?

Me: To Castle Oblivion.

I open a portal and it lead to Castle Oblivion. We go in and the portal closed and they fought Aqua. They were proving to be a challenge to her.

We arrived at Castle Oblivion.

Me: So this is Castle Oblivion. It looks like a true fortress from Hell.

Riku: It does look like it.

Sora: So why are we here?

Me: We're gonna get Ventus back. He's the only one that can break Aqua out of Freakshow's control.

Terra: I know where he is. Follow me.

Me: Okay Terra.

We go into Castle Oblivion and it was all white on the inside.

Me: Wow. What a castle.

Kairi: Yeah.

Sora: This place was also a test for me. Organization XIII forced Namine to mess with my memories and erase my skills.

Me: That is sick. Those dirtbags caused a lot of pain all over the universe.

Kairi: They sure did. I'm glad Elena redeemed herself.

Nico: Me too. Xehanort got what he deserved.

Me: Yep.

We go into the Chamber of Waking. We found a boy with blond hair and he had an appearance completely identical to Roxas.

Me: Is that Roxas?

Terra: He may look like him, but that is really Ventus.

Me: He's in a coma. Lets go!

We go over and try to wake him up.

Me: We have to wake him up.

Sora: But how?

Me: I know how.

I place my fingers on his forehead and channel my energy into him. He woke up.

Ventus: What? What happened?

Terra: Welcome back Ven.

Ventus: Terra! You're okay big bro!

Terra: Yes. I'm alive thanks to J.D. and his friends.

Mickey: It's good to see you again Ventus.

Ventus: You too King Mickey.

Me: It's a pleasure to meet you Ventus. I'm J.D. Knudson.

Nico: I'm Nico Chan.

Sora: I'm Sora.

Riku: I'm Riku.

Kairi: I'm Kairi.

Ariel: I'm Ariel.

Melody: And I'm Melody.

Ventus: It's a pleasure to meet you all.

Me: We have a big problem Ventus. Aqua is in big trouble.

Ventus: What!? What happened!?

Me: This evil monster circus ringmaster named Freakshow put her under a mind control spell and he's using her to try and kill us.

Ventus: Where is she!?

Me: Back in our world at an abandoned amusement park in Gotham Royal York. Lets go!

He got up and summoned his keyblade and I opened the portal that lead home. Sora gave Ventus back his heart while we went through the portal.

---

Back in the tent a massive fight broke out. Teresa and Francis were fighting the Heartless and a Shadow Stalker and a Dark Thorn.

Dark Thorn just turned invisible.

Maria: Freakshow really chose a powerful Heartless. We can't see it at all!

Venom (Spider Sense goes off): We can't see it. But we can definitely sense it!

Venom punched it in the face and it became visible.

Shadow Stalker just possessed a group of trees to attack Teresa and Francis.

Teresa (flies up to avoid them): It's a good thing there's not a lot of objects this Heartless can possess around here!

Francis: We still gotta deal with the trees though! Lets use a combo move on it.

Teresa: You got it!

Francis fired a blast of fire and Teresa fired a sonic blast at the Heartless.

Francis and Teresa: FLAMING SONIC WIND TUNNEL!

The Fiery sonic blast hit the Heartless and destroyed them.

Kraven The Hunter, Stalker and Cody were using swords and weapons and laser blasts at the Heartless and killing them all.

Alexis and Doctor Strange were fairing well against Lydia.

Alexis: Lets use our combo Stephen.

Doctor Strange: You know it Alexis.

Alexis fired a blast of blue ice fire and Doctor Strange fired a blast of mystic energy. The blasts combined and became a blue ice fire crescent moon with a tail of stars, planets, and moons and shining dust.

Alexis and Doctor Strange: FROSTFIRE MOONBEAM SURPRISE!

The attack hit Lydia and froze her in a block of ice.

The fight with Aqua raged on and Maria, Francis, Teresa, Venom, Stewie, Arpeggio, Sandman, Rubberband Man, Kraven, and Stalker were facing her. Lori was fighting our old enemy Xaldin - The Whirlwind Lancer and she was fairing really well against him. They fired wind blasts at each other and hurled tornadoes and wind dragons at each other.

Xaldin did a flurry of stabs with his lances but Lori blocked it with her own lances.

Lori: You literally disgust me, Xaldin! You tried to destroy Beast and Belle's relationship and you tried to turn Beast into a Heartless!

Xaldin: Oh, and I suppose you're much better? You're the one always bossing your siblings around.

Lori: That might be true. But at least I've learned from my mistakes!

Lori leaped into the air and came down onto Xaldin instantaneously with a downward stab. She stabbed his foot with her spear and he screamed in pain and she kicked him in the face. She came out on top and stabbed him in the chest with her spear.

Nicole then appeared.

Nicole: You will never terrorize people again Xaldin! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Xaldin was sealed into the Book of Vile Darkness for all eternity.

The portal opened up and we arrived. Ventus is in his Keyblade Armor and he goes and fights her.

Aqua is about to kill Ventus.

Ventus (removes his helmet): AQUA, STOP! (Aqua pauses) Aqua, it's me, Ventus. I'm your best friend. And I would gladly lay down my life for you. Please, fight this! I know you're still in there.

Aqua (starts to cry): Ven? My Gosh. What have I done? (grabs her head in pain as she tries to regain control of her body) ARGH! GUYS, PLEASE! HELP ME!

Me: Aqua! We know you're still a good person. Freakshow is controlling you!

Lincoln: That's right Aqua! We know you can fight this!

Freakshow: They lie Aqua. You never had friends to begin with.

I look at Freakshow and my eyes glow red with blazing hatred and fire burns in my sclera.

Me: Shut up you (Censored)!

I go over to Freakshow and punch him in the mouth and knock out his teeth. He went at me and I dodge his strike and kick him in the back. He's on the ground and he's bleeding from his mouth.

Me: I will kill you for trying to hurt so many people!

Freakshow: I'll take you with me to Hell!

Me: Not likely! I'm sending you there personally!

Freakshow: I also have more friends for you.

Out came some Pokemon.

Nico: Awesome! A Kabutops, Tentacruel, Weezing and Starmie!

Nico pulled out some Pokeballs and out came his Rhydon, Kingler, Walrein and Hariyama.

Nico: Rhydon you take Kabutops, Kingler you take Tentacruel, Walrein with Weezing and Hariyama with Starmie!

Kingler: Right!

Hariyama: Consider it done!

They went at them.

Kabutops used his Aqua Jet and Rhydon dodged it and he used Megahorn and Kabutops fainted.

Tentacruel used his Hydro Pump on Kingler. But he dodged it and Kingler used Bubble and Tentacruel fainted.

Weezing used Sludge Bomb on Walrein but he dodged it and used Aurora Beam and it Weezing fainted.

Starmie used Rapid Spin and he spun really fast at Hariyama. Hariyama dodged it and Heavy Slam on it and belly flopped it. It fainted.

Nico: You guys are mine! Pokeballs go!

He threw four Pokeballs and they were caught. The red lights turned off and he knew they were caught.

Nico: Yeah!

Varie: Way to go Nico!

Nico: Thanks Varie.

I punch Freakshow in the stomach and kick him in the face. He throws punches at me. I block all of them and I kick him in the stomach and punch him in the face and the chest. I kick him in the face and pile drive him in the back and something snapped.

SNAP!

He screamed in excruciating pain!

Maria: Geez! He broke his back!

Venom: He was never that vicious to any enemy.

Jazz: No kidding.

Me: That's for Aqua. And this is for me Freakshow, just for (censored) me off you (censored)!

I use the Reality Infinity Stone and a laser fired from it and he and Lydia were screaming in pain as they were disintegrating into dust.

Freakshow: What did you do?!

Nico: We just gave you a fate far worse then death.

Lydia (her hands are turning into dust): Freakshow?! What's going on? Freakshow! (turns to dust completely)

Freakshow (shocked): Lydia?! (his hands are turning into dust and he glares at the heroes) You (Censored)! (turns to dust completely)

Me: Go to Hell you psychopathic, (Censored) Son of a (Censored)! AND STAY THERE!

He and Lydia disintegrated completely and they were gone forever.

Freakshow's control over Aqua vanished completely and she collapsed in exhaustion. She was back to normal.

Laney: She's okay. She's exhausted.

Me: Lets get her home.

Then Freakshow and Lydia's Spirits appeared.

Nicole: You two will never terrorize the world again! (Chants an

Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Their spirits went into the Book of Vile Darkness.

Freakshow: (ENRAGED SCREAMING) I HAAAAATTTTE YOOOOOOOOOUUUUUUUUUU J.D.!

Lydia: (ENRAGED SCREAMING) DAMN YOU ALL TO HELL!

My aura flared up to an incredible intensity.

Me: Never again Freakshow. Enjoy the darkness of Hell.

* * *

At the Estate Aqua was crying hard and Ventus was comforting her.

Aqua: (Crying Hard) I'm so sorry I tried to kill you all!

Me: It's not your fault Aqua. It was Freakshow's fault. He poisoned your mind with lies and turned you into a puppet.

Sora: Yeah. He did this to you. We put a stop to him for good and got justice for you.

Kairi: That's right. He paid for it.

Nico: And we erased him and Lydia from existence forever.

Me: Yeah.

I use the Reality Stone to fully restore the Land of Departure. The Legendary Keybladers were all back together. I then put the Reality Infinity Stone in a special part of the safe for safe keeping.

THE END.

* * *

Another Fanfiction Complete.

I hated Freakshow on Danny Phantom. He was beyond a shadow of a doubt the most despicable and most cruel villain I've ever seen.

Jon Cryer did a great job voicing him in the series from 2005 and 2006. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next up is a special chapter and you are gonna love it. Let me know what you all think.

See you all next time.

# Animals of The Future Part 1

It starts with us ending into the Simulator.

Lincoln: What are we gonna do in the Simulator, J.D.?

Me: We're gonna do something really interesting. We're going millions of years into the Future. You guys ever heard of a documentary called The Future is Wild?

Lana: I saw that show. It was amazing.

Laney: Never heard of it but I have read the book for it. It's interesting.

Nico: This is gonna be awesome!

Ed: It sure is.

May: I can't wait to see what's in store for us.

Varie: Me too.

Luan: How Futuristic! (Laughs to Rimshot) Get it?

We laugh.

Me: (Laughs) That was a good one!

Eddy: (Laughs) That was funny!

Lori: So where are we going to first?

Me: We're gonna journey 100,000,000 years into the future and see what Antarctica looks like.

Lana: Cool!

Lisa: This is gonna be a scientific expedition of amazing caliber.

Me: It sure is. Ready guys?

Everyone: YEAH!

Me: Lets go.

The simulator activated and the Adventure Into The Future began.

Continues in part 2

# Animals of The Future Part 2

100,000,000 Years Hence - The Antarctica Rainforest.

---

We were walking through a dense rainforest.

Lori: What kind of rainforest is this?

Me: Believe it or not guys. This was once the frozen continent of Antarctica.

Everyone gasped.

Lola: This whole rainforest is Antarctica!?

Laney: But how did it become a massive rainforest?

Me: Continental Drift carried it all the way to the Tropic of Capricorn and it's now in the tropics. It resulted in it becoming a dense rainforest in 100 Million Years. This is the year 100,000,000 A.D.

Lincoln: Oh wow! This is so cool!

Aylene: This is incredible. It's hard to imagine that this is gonna happen in the future.

Me: Well nobody know's what's gonna happen in the future. It's completely unpredictable. We can't even predict the weather.

Lisa: That's correct 2nd elder brother. But these plants and trees are all magnificent specimens.

Lana: They sure are. But they look like the trees and plants in the Amazon Rainforests in South America.

Me: They do don't they.

Lori: (Sniffs the air) And the Humidity is very high.

Lisa: (Sniffs the air) The Oxygen levels are stronger than what we know in 2018.

Me: That's because we believe that in 100,000,000 years, the oxygen levels will rise to 35% and the Earth will be like what it was back in the Carboniferous Period back 350,000,000 years ago in our time.

Laney: This is amazing.

Something flew by us. It was a small sparrow size bird with purple feathers and a petrol beak.

Lana: What a pretty bird.

Me: That is a hypothetical bird called the Roachcutter. It's descended from Albatross birds.

Lori: What!? That little bird is literally descended from an Albatross!?

Me: It's strange yes. But that's right. Here's a map of the world in 100,000,000 years.

I use my powers and formed a holographic map of the world and it was much different than anything we know. North and South America were further west and South America is starting to drift west and a portion of southeastern Africa was broken away from the mainland of Africa and merged with central Asia. Antarctica was further northward in the Tropics and Australia was now bridging North America and Asia.

Lori: Wow! The world is literally different from what we know in 2018!

Laney: It sure is. And most of the world is now underwater because of the sea levels.

Me: That's right. Carbon Dioxide from volcanoes erupting all over the world melted the polar ice caps because of a massive greenhouse effect. Which resulted in the ocean levels rising.

Nico: That is incredible.

May: This is amazing.

Me: Yeah. Lets take a walk around.

We walk around the Antarctica Rainforest and saw that it was much denser than the entirety of the rainforests in Borneo and the Amazon Rainforest put together. The temperatures were at 75 Degrees Fahrenheit and the humidity levels were at 100% all the time.

Lana saw an orange bird drinking nectar from a fiery color flower.

Lana: Hey look at that bird.

We saw a bird with orange, yellow and red feathers sipping nectar from a red, orange and yellow flower on a tree.

Me: That's my favorite bird here. The Spitfire Bird.

Laney: It's a beautiful bird.

Me: Yeah but it has a deadly weapon. (I hear something buzzing) Watch.

The bird dodged to the side and it squirted a deadly chemical mixture from its nose at a huge insect and it burned it.

Lola: Whoa!

Lisa: Fascinating. It released a deadly chemical concoction at a huge insect from its nostrils.

Me: That's right Lisa. That's not the sweet honey nectar that comes from the flower it drinks from. It's the chemicals it needs to defend itself.

Lana smelled the flower and she gagged at the stench.

Lana: That is disgusting!

Lisa: Fascinating. The chemicals in this flower are very noxious.

Lola: That's weird. Normally some flowers smell very sweet. But this one doesn't.

Lori: Is the Spitfire Bird also descended from Petrols?

Me: Yes. It is a Petrol bird. But there's a creature in our time that has a similar tactic: The Bombardier Beetle. It's a black and orange beetle that squirts a nasty foul-smelling liquid from its abdomen and it drives away its enemies.

Lori: That is disgusting but very interesting.

Lincoln: It sure is.

Lisa: But how can a flower like this one house the chemicals it needs for its defense?

Me: That's the kicker. It's chemicals it needs do come from the Spitfire Flower but the flowers can't house them in the same flower or they'll explode. So the flower is divided into Male and Female Flowers.

Lisa: Oh. That's understandable.

Nico: And these birds are very similar to insects like butterflies.

Me: That's right Nico. Like butterflies, those bright colors on it warn other creatures that they're poisonous or they will fight back.

Laney: That is a very interesting defense system.

Me: It is.

We walked on and on a tree we saw a huge insect.

Lori: Look at the size of that dragonfly!

Lana: That is a huge bug!

Me: That is a Falconfly and believe it or not guys it eats birds.

Laney: An insect that eats birds!? That's weird.

Me: It is. Leni would not like this but there are really spiders in our time that eat birds. But in 100,000,000 years the Falconfly is the supreme predator here in the Antarctica Rainforest.

Lisa: Very fascinating specimen.

Me: Yes. It's ancestor is the Sand Wasp. It's a type of wasp usually found in parts of southern South America.

Laney: That is amazing. But how did it become such a big insect?

Me: That's an easy one. The size of insects is determined by the richness of oxygen in the atmosphere. A prominent example of that was back during the Carboniferous Period 350,000,000 years ago. The Coal Swamps back then raised the oxygen levels to 30% and the insects were huge. There were millipedes as long as snakes, scorpions as big as rats and dragonflies were as big as birds of prey.

Lincoln: That is really crazy!

Lana: That's terrifying.

Laney: So in this world Insects and Birds are in a war for supremacy.

Me: That's right Laney. Insects have been on Earth much longer than birds. Insects have been on this planet for 400,000,000 years where birds have lived on this planet for 122 million years.

Lincoln: So not even half that length of time.

Me: Exactly. But let me show you something wicked.

We go around a tree and saw in a nest a huge 6-inch long Falconfly Maggot.

Lola: That is a huge bug!

Me: Yes. That's a Falconfly Larva. It's six inches long and it needs a lot of meat. That's why Falconflies kill birds. It has to feed its young.

Nico: That's incredible. But how does it kill them?

I form a hologram of the Falconfly.

Me: It has front legs that form into a harpoon that can spear birds in flight and it has powerful jaws that can butcher its prey.

It showed its features.

Lana: That is cool!

Laney: That sounds like a scary creature.

Lisa: It does but that's what makes it a very fascinating specimen.

Me: Yes. But Falconflies have many nests like this one scattered all over the forest and it has to memorize where they are.

May: How does it do that?

Me: It has to memorize where they are by finding landmarks like sticks, twigs, rocks, anything they can use to mark them.

Lori: That's a very useful skill.

Eddy: It sure is. What do you think Ed?

Ed was bashing his face on the ground repeatedly.

Ed: I'm a woodpecker. (Resumes bashing and stops after 3 times) 'Cept with dirt.

Eddy: Shut up Ed.

Me: Let me show you all something really interesting.

We go to a nearby tree and we saw four red, orange and yellow beetles come together and form into what looked like a Spitfire Flower.

Me: These little guys are Spitfire Beetles. They are descended from Blister Beetles.

Lisa: Very fascinating specimens.

Me: Yes and they use collective mimicry to form themselves into a Spitfire Flower. (Hears Flapping) Watch.

A Spitfire Bird flies toward the fake Spitfire Flower and as it was close to the beetles they jumped onto the bird and took it down. Everyone gasped.

Lori: Did you guys literally see that!?

Lana: I sure did. That was so cool!

Laney: They used teamwork to take down a Spitfire Bird.

Me: That's right. They have a similar method that the Orchid Mantis uses in our time. But instead of camouflaging themselves, they form into a flower and wait for their prey to come. And they pounce on it.

Lincoln: That is so cool!

Lisa: Indeed. It's an amazing feat that these insects of the future have.

We walked around the forest and saw its magnificent beauty. Lana beamed some Spitfire Birds, Spitfire Trees and Flowers and Roachcutters into her greenhouse. We went to our next destination in the future.

# Animals of The Future Part 3

100,000,000 Years Hence - The Bengal Swamp

---

We were walking on the waters of a massive brackish swamp. It was blistering hot and humid. We were sweating like pigs.

Me: Whew! It's hot!

Lori: You're telling me. This is literally the most humid and hot place I've been too.

Lola: It sure is.

Aylene: But this swamp is amazing.

Lisa: Indeed. These plants and vegetation are amazing specimens.

Lana: What is this cool swamp?

I form a holographic globe in my hand and show everyone where it is.

Me: This is the Bengal Swamp. It's located where the city of Calcutta, India used to be.

Nico: Wow! This is a huge swamp.

Lori: It's amazing. What kind of creatures live here?

Me: We'll see soon. The temperature here is 102 degrees fahrenheit and the humidity is always at 99%. It's about as big as the country of The Ukraine.

Lisa: That's the equivalent of 235,700 Square Miles.

Me: Exactly.

Lana: This is an amazing swamp. I can't believe that continental drift made it.

Laney: Me neither. I would not want to live here though. It's way too hot.

Me: I know. It's hot as Phoenix, Arizona and it's as humid as Hawaii. A horrifying combination.

Lori: It's literally a hot place.

Me: I know.

We come to land and we came across a family of strange octopuses.

Laney: Are these Octopuses?

Me: They are descended from Octopuses. These are Swampus.

Lola: These creatures are octopuses? But they have 4 arms. What happened to the other four?

Me: That's the interesting part. Because of evolution their last four arms became runners. Making them amphibious.

Lincoln: But don't octopuses need to be in the water to live?

Me: That's normally the case, yes. But they have a special sack inside them that keeps them moist and helps them breathe on land for 96 hours.

Lana: That is so cool!

Me: It is.

Lori: But aren't octopuses usually salt water creatures?

Me: That's normally the case in our time yes. But in 100,000,000 years we think that the Swampus will have adapted to living in Fresh Water. This whole swamp is a fresh water swamp.

Lola: That is amazing. It now is an amphibious octopus.

Lisa: That's correct Lola.

Laney: What's that special vase plant?

Me: I'll show you.

We go up to the plant and we look inside it and in it was Baby Swampus.

Me: This plant is a nursery for their young.

Lola: They are adorable!

Lana: This is so cool!

Laney: It sure is.

Me: Yes, but it also gives the Swampus something they need.

Lori: What's that?

Me: The poison for their poisonous bite.

Lola: Octopuses are poisonous?

Me: That's right. All octopuses in our time are venomous to an extent. The most venomous octopus of them all is The Blue-Ring Octopus. It has a venom that is 10,000 times more powerful than cyanide.

Lisa: Correct 2nd elder brother. *Hapalochlaena lunulata;* street name, the Greater Blue-Ring Octopus is the most venomous of them all of the 4 species of the Blue-Ring Octopus. It's poison is powerful enough to kill 28 adult people.

Lori: That is lethal.

Me: Yes. The plant that nurtures the Swampus generates a powerful bacterium which the baby Swampus ingest and it becomes the progenitor for their poisonous bite.

Aylene: That is a potent venom.

Me: It is.

Suddenly we heard and felt a thunderous stomp.

Me: Whoa!

Lori: What was that?

Me: Something big that's for sure. Lets go check it out.

We go out onto a meadow and saw a huge heard of dinosaur-like creatures.

Aylene: Whoa! What are those creatures!? Are they dinosaurs?

Me: No they aren't dinosaurs Aylene. Those are Toratons and they are descended from Tortoises.

Lana: Those big creatures are turtles!? Awesome!

Lisa: What fascinating specimens.

Lori: Those creatures are literally the biggest animals I've ever seen here in the future!

Me: And they're also the heaviest creatures on land. In the Jurassic Period at 140,000,000 B.C. the largest and heaviest dinosaur that ever lived was Argentinosaurus, which weighed 106 tons. The heaviest animal on land in the 21st Century is the African Elephant. They can weigh up to 14,000 pounds. The heaviest animal in the ocean in our time is the Blue Whale and they can weigh up to 100 tons. But the Toraton in 100,000,000 A.D. weighs at 120 tons! That's 240,000 pounds!

Everyone: WOW!

Laney: That's amazing!

Aylene: These creatures are incredible!

Lori: They are literally amazing! I never even knew that the tortoise would become like this.

Me: Well again Lori we don't know. Nobody knows what the future has in store for us.

Lisa: Correct.

We go into the swamp waters and it was an amazing world underwater. We saw a Swampus and it was being chased by a huge fish with spines on its head and back and it had a huge mouth.

Me: See that big fish right there?

Lincoln: I sure do.

Laney: That fish is huge!

Lana: What kind of fish is that?

Me: Believe it or not, that's the descendent of the electric catfish - The Lurkfish.

Lori: That fish is the descendent of the Electric Catfish? That is amazing.

Lisa: What a magnificent specimen.

Lana: Aren't electric catfish usually small fish?

Me: Yes that's normally the case. But in 100,000,000 years it will become the ambush predator called The Lurkfish. They can grow up to 13 feet long and they have a very clever camouflage and ambush method to get its prey.

We see a Swampus swimming passed us.

Me: Watch this.

We see the Lurkfish go after it and it did something and the Swampus was stunned. Then it swam up and swallowed the Swampus in one gulp.

Lori: That is literally amazing. How did it catch the Swampus?

Me: With electricity. The Lurkfish can generate up to 1,000 volts of electricity and whenever its prey comes near it, the Lurkfish shocks it and stuns it with 1,000 volts of electricity. Giving it a chance to eat it before it gets away.

Laney: That's powerful.

Nico: That's clever too. But how does it camouflage itself?

Me: It blends in with the plants on the swamp floor. Much like the weedy Scorpionfish in the Great Barrier Reef of Australia.

Lincoln: That is so cool!

Lisa: Indeed.

Aylene: The Lurkfish looks like a creature from the prehistoric times.

Me: It does look that way doesn't it.

Lincoln: It sure does.

We walked on to our next destination.

Continues in Part 4

# Animals of The Future Part 4

100,000,000 Years Hence - The Shallow Seas.

---

We were walking on top of the waters of a beautiful crystal clear sea.

Lori: This sea is literally so beautiful.

Me: It is Lori. These oceans are much shallow in some areas on the planet. This is where the city of Moscow, Russia used to be.

I formed a holographic map of Earth and it showed that because of the drifting of the continents the oceans were shallower in places and warmer. It showed our location and we were in the Shallow Seas of Moscow.

Me: See?

Laney felt the water and it was as warm as the water in a bathtub.

Laney: Whoa! The oceans here are nice and the water is warm.

Me: The water temperature here is 89 degrees fahrenheit and it's perfect to swim in.

Lisa: The water temperature is rather pleasant in this location.

Lana: It sure is.

Lola: I would swim here.

Lincoln: Same here.

Me: Me too.

Suddenly we saw a huge sailboat-like jellyfish float by us.

Lori: Whoa! Look at the size of that boat!

Me: That's not a boat Lori. That is a future jellyfish called an Ocean Phantom. It's a descendant of the Portuguese Man-O-War Jellyfish.

Lana: That whole thing is a jellyfish!? Cool!

Lisa: What a magnificent specimen!

Lola: It sure is. Those sails it has are amazing.

Me: Those sails it has help in having it being pushed around by the wind. It's what marine biologists call a Siphonophore. It's actually a bunch of individual smaller jellyfish working together to form into one giant creature.

Lisa: That's correct. This is a result of symbiotic relations in obtaining food and nutrients to maintain the colony.

Laney: That's amazing.

Me: It is.

Lori: That is amazing.

Lincoln: Jellyfish are amazing creatures.

Aylene: Isn't there jellyfish that have sails like that?

Me: There is Aylene. A prominent example is a jellyfish called the Velella. It has a small sail on it that helps it move around in the wind. There are many kinds of Jellyfish and they've been on the planet for over 700,000,000 years.

Lisa: That's correct.

Eddy: I would not want to eat them with peanut butter.

Me: No that would taste horrible. But let me show you something cool for the creature underwater.

We go down underwater and saw the creatures underside and it had amazing bell creatures attached to tethers. There were also strange pod creatures under it too.

Nico: What are those bell creatures?

Me: Those bells are part of the Ocean Phantom and they are how the entirety of the creature gets its food. (Sees something) Watch.

The Ocean Phantom lowered the bells down and we saw that they had eyes around the mouth and we saw them snatch some strange fish creatures out of some red plants.

Lola: Did you guys see that!?

Lori: It literally ate those fish creatures out of those plants!

Laney: That was scary but interesting.

Ed: Cool.

Lana: That was cool!

Lori: But aren't jellyfish poisonous?

Me: Yes they are. All Jellyfish are venomous to some degree. But the most poisonous one of them all is the Box Jellyfish or Sea Wasp.

Lisa: That's correct 2nd Elder Brother. *Chironex Fleckeri;* Street name: Box Jellyfish or Sea Wasp is the most lethal jellyfish in the world and they have a powerful venom that has no antidote and is capable of killing 60 people.

Lana: That is powerful!

Lori: It is. I had no idea that such a jellyfish even existed.

Me: Well they're very small Lori. They grow up to be about the size of your pinky fingernail and their tentacles can extend up to 10 feet long.

Laney: That's a really small Jellyfish. Big things do come in small packages. Where are they usually found?

Me: Usually in the oceans off the coasts of the Philippines and

Australia.

Lori: Thank goodness we didn't see them on our global trip.

Me: Yeah thank goodness. This is what they look like.

I show a holographic photo of the sea wasp. It was a small blue jellyfish with long tentacles.

Lisa: Very fascinating specimen.

Laney: And that jellyfish is the most venomous jellyfish on the planet? That is scary.

Lana: But that was cool how the Ocean Phantom did that.

Me: It is. That's how it gets its food. Those little fish creatures are called Reef Gliders. They are descended from Sea Slugs.

Nico: Those little things are sea slugs!? That's literally amazing.

Me: Evolution works in mysterious ways.

Lisa: Fascinating specimens.

Lola: They look just like fish.

Me: They do don't they?

Laney: They sure do and they're eating that red plant.

Me: That red plant is a red algae plant.

Lisa: Very interesting specimen.

Lori: They look like red kelp.

Me: That's a good way to describe it Lori. But Kelp is a type of Brown Algae. Red algae is much smaller than kelp.

I form a holographic orb and show them what they look like. The first image shows the California Kelp Forests off the coast of San Francisco.

Me: This is the California Kelp Forests off the coast of San Francisco.

Lola: Wow! Look at all the fish and animals there.

Me: Yes. They have a wide range of different types of fish, sea urchins, seals, shellfish, sea slugs, and more.

I change it to Red Algae.

Me: This is Red Algae.

Lori: It looks like a soft bushy plant.

Me: That's right. They are usually found in tide pools along the coastlines of the world.

Laney: And they will become that in 100,000,000 years? That's amazing.

Me: Well again Laney, we don't know.

Lana: But isn't there a type of algae that turns the water red like blood?

Me: Yes. There is Lana. It's a microscopic form of algae called Dinoflagellates. They are a microscopic form of algae that creates an algal bloom phenomenon called Red Tide. It's where they multiply like mad and turn the water red like blood. This is what they look like.

In the holographic orb I show a Dinoflagellate and what it looks like under high magnification through a microscope.

Me: Dinoflagellates are really small microorganisms.

Laney: Can we see them through a magnifying glass?

Lisa: Negative Laney. Dinoflagellates are only 15 to 40 Microns in size and you would need an extremely powerful microscope to look at them up close.

Me: That's right. It would take 20,000 to 25,000 times magnification to look at them. But this is the coolest part about Red Tides. It really shows a powerful trait at night.

I change the orb and it shows a split image. One side was a video of a man surfing on water with red tide and it was flickering with neon blue light like lightning and one man was walking on the beach and his shoes where were glowing with neon blue light every time he stepped on the sand.

Lori: Look at that! The water and sand are literally glowing!

Eddy: That is amazing!

Ed: Cool!

Lana: That is so cool!

Lola: How is it doing that!?

Me: That's the neat part about Dinoflagellates. They are photosynthetic creatures that have bioluminescent properties and whenever something disturbs them like an ocean wave, someone surfing or you're walking on the beach with them on it they emit this bright neon blue light that makes it look like they are fire or lightning on the sand or the water. Hence why they're called Fire Algae.

Laney: That is really amazing.

Nico: I had no idea that Dinoflagellates can do that.

Me: I saw it on a weather documentary at one time on The Weather Channel. It was one of the freakiest things I've ever seen.

Laney: That's so cool!

Lisa: That is a very amazing scientific trait.

Me: Yep.

Aylene: I had no idea that Dinoflagellates could do that.

Me: Yep.

We continued walking around the sea floor and saw the Ocean Phantom and swimming up behind it was a giant Reef Glider.

Me: See that big creature? That's an Adult Reef Glider. They can grow up to 12 feet long and they attack Ocean Phantoms. Watch.

It swam fast and grabbed a bell tentacle.

Lori: Wow.

Me: They can be really persistent and the Ocean Phantom also has a secret weapon. Watch the pods up there.

We saw that it had its own private army of sea spiders.

Lincoln: Whoa! Are those sea spiders!?

Me: They are. Those are called Spindletroopers. They are descendants of Sea Spiders.

Lisa: Very fascinating specimens.

Me: Yeah. They can only be called out when the Ocean Phantom is under attack from a big creature like an adult Reef Glider.

We saw the Spindletroopers attack the Reef Glider by slashing the creatures head with their claws and the creature let go and went away. The Spindletroopers left the Reef Glider and went back into the pods.

Lori: That was literally amazing and scary at the same time.

Me: It was. Leni would not like seeing that.

Lincoln: No she wouldn't.

On the surface we came up and we saw a huge storm coming.

Lori: What's happening?

Me: With the warm water, the sea storms are stronger than the ones we know in our time.

Lana: This is gonna be intense.

We saw the Ocean Phantom and it was caught in the storm and it was getting torn apart by the strong winds. But this was beneficial for it. It not only regenerates itself but also it reproduces itself after being torn apart.

We continued on to our next location.

100,000,000 Years Hence - The Great Plateau

---

We were over in a huge mountainous area. It was really cold and the air was really thin. We were wearing our fur parkas and we were trekking through the mountainous terrain numb with bitter cold.

Lori: This place is literally really cold!

Eddy: Man am I cold!

Me: I know. This is The Great Plateau and this is where Australia is now.

I show my holographic globe and it revealed that Australia moved north and it closed off the Bering Strait and it now bridges northwestern North America with Eastern Asia at Russia. The result caused the landscape to form a huge mountain range that created massive mountains.

Me: These mountains are 33,000 feet high and they make the Himalayas look like small hills in comparison.

Lincoln: This is really amazing!

Lana: I'll say.

Ed: These mountains are so cool!

Lola: These mountains are incredible.

Nico: They sure are. If you climbed one you would be on top of the world.

Aylene: Yeah. What's the temperature here?

I pulled out a thermometer and it said that the temperature was -30 degrees Fahrenheit.

Me: It's -30 Degrees. It's as cold as the Himalayas over in Nepal in our time.

Nico: That is bone chilling.

Lincoln: It sure is.

Lisa: Geological upheaval created a magnificent mountain range.

Me: It sure did. A really cold one.

Lana sees something in the air above the mountains. It was a magnificent blue bird with 4 wings and a beautiful and majestic appearance.

Lana: Wow! Look at that bird!

We saw it.

Me: That's my favorite bird here. It's the Great Blue Windrunner and it's a descendant of the Crane.

Lori: That is a really beautiful bird.

Laney: It sure is.

Lisa: What a magnificent specimen.

Aylene: It sure is. I've never seen a bird like that before.

I use my holographic powers and show what it looks like in full detail.

Me: The Great Blue Windrunner is a beautiful bird. The coolest part is that it has 6 wings.

Laney: 6 wings? We only saw 4.

Me: Yes but it has a pair of mini-wings on its head called Canards. These birds are amazing creatures. Their leg wings can be used for extra maneuverability and it makes them very agile. Also their feathers provide a very powerful trait. They reflect the Suns ultraviolet radiation at this altitude. They act like a powerful shield against it.

Lori: That is amazing.

Lola: A bird like that is incredible.

Me: It sure is.

We go further into the mountains and saw a huge spider web wall.

Lana: Wow! What a giant spider web!

Lola: Ew! This is so creepy.

Me: I know but look at this.

We saw amazing spiders that have silver reflective patches on them.

Me: These spiders are called Silver Spiders and they are descended from Black Widow Spiders.

Lisa: What amazing specimens.

Lincoln: This is really something. I'm glad Leni isn't seeing this or she would freak out.

Laney: Knowing her she would.

Nico: I agree.

Eddy: Double D would like to study this.

Lincoln: I know he would.

May: Same here. But these spiders are amazing.

Me: They sure are. They are only half an inch wide. But the queen spider is as big as a football and not the kind that Lynn plays with.

Lisa: Fascinating. The Silver Spiders have their own caste system.

Me: That's right. These spiders are the gatherers. They're not getting bugs. They're getting seeds.

Lana: Seeds? What do they need seeds for?

Me: I'll show you.

We go into a grove of trees and the wind was blowing the seeds off of some trees and they had cotton sails on them.

Me: These trees are where the seeds are coming from.

Laney: These trees are amazing.

Me: They are. They're Grass Trees. They are descended from Bamboo.

Lori: Bamboo is amazing. But this is literally amazing.

Nico: It sure is. So the wind blows the seeds into the Silver Spider webs for something.

Me: That's right. Let me show you.

We go back and go into a cave. It was a pocket that was being used as a storehouse for the Grass Tree Seeds.

Lana: This is amazing. They're gathering all the Grass tree seeds and putting them in here.

Me: That's right and the seeds are for the last of the mammals on the planet.

Lola: Last of the mammals?

Me: Yep.

I point to a cave and out of the cave came a small little mouse-like creature.

Me: That's the last of the mammals. A Poggle - a descendent of a hamster and the last of the mammals on the planet. All the mammals that we know from our time are extinct in this timeline.

The Poggle is the only known mammal left.

Lana: Look at that cute little guy.

Lola: It's so adorable.

Laney: It sure is.

Lori: And it's the last mammal on the planet? That is literally so sad.

Lisa: It's a magnificent specimen. But it saddens me that all the mammals except for this one are gonna be gone.

Me: I know.

Lana: I have a cave in my greenhouse at home.

Me: Perfect. It'll love it Lana.

Laney: I didn't know that Lana.

Lana: It's more than just a jungle in my greenhouse Lanes.

Lana found 4 Poggles and beamed them into her cave in her greenhouse at home and a bunch of the Grass Tree Seeds were put into it for them. She also beamed a grass tree into the greenhouse too. Her greenhouse has a bunch of awesome different habitats in it for every environment.

Me: Good thinking Lana.

Lana: Thanks J.D.

We go back outside and went back in time to our next destination.

---

In Leni's Room, Leni was making leotards for the Wereshark Girls, Jen, Kenai and Nita. Jen was wearing a purple and white Leotard.

Leni: You guys are gonna totes love these leotards.

Jen: Thanks Leni. They will be perfect for when we transform and not tear up.

Leni: I know.

Leni was working hard.

5,000,000 Years Hence - The North American Desert

---

We were in a parched and bleak desert that went on for miles. But it was really cold. Not as cold as the Great Plateau but right up there.

Lincoln: This desert is really cold!

Lana: Where is this place?

Me: This is the North American Desert and we went back in time to 5,000,000 years in the future.

I show a holographic map of Earth and the world in 5,000,000 years hence was very different. The polar ice caps extended all the way down to western central Europe and southern South America, southeastern Africa was starting to drift away as the Great Rift Valley was now replaced with a huge river, the Amazon Rainforest was replaced by grasslands, America's heartland was now a huge desert and the Mediterranean Sea was now a dry salt flat.

Laney: Wow! What happened to the Earth?

Me: The Earth is now in the grip of another ice age and the climate is now very different. This whole desert is an ice age desert. This is where the city of Chicago, Illinois once stood.

Lisa: Very fascinating. The climate change turned all of the heartland of the continental United States into a parched, barren desert that stretches on for miles.

Lori: That is literally a strange transformation.

Me: It sure is. Lets take a break for lunch.

Nico: Good idea.

* * *

We did so and we had lots of great food. Nico and May brought their Pokemon out. They had all kinds of food for them.

May: You know Nico, James on Team Rocket had a Weezing once.

Nico: Really?

May: Yep. I don't know what happened but Jessie and James departed with their previous pokemon Arbok and Weezing.

Nico: That's sad for them.

Me: I didn't know that May.

May: Yeah.

Lincoln: This is a really amazing trip so far. We've been to several places in this future world.

Lisa: Indeed. It's all unlike anything we've ever seen before in our time.

Lana: I'll say.

Lola: This is an amazing trip and the landscapes are amazing. Along with the animals.

Laney: These animals are all amazing. It's hard to imagine that evolution can have so many possibilities for the animal kingdom.

Lori: It's literally amazing.

Me: It sure is.

* * *

After our lunch we continued on and as we trekked across the desert we saw some sand flying out of a hole in the ground.

Lana: What is that?

Me: I know what this is.

Lana: Let me see.

Lana looked down into the hole and she heard singing and she saw strange mole-like creatures.

Lana: Cool! What are these creatures down here?

Me: These creatures are called Spinks and believe it or not guys they're descended from Quails.

Lori: Those little things are literally birds!? That's too unusual.

Me: I know.

Lisa got a closer look and she saw the Spinks.

Lisa: Fascinating specimens. They have given up the power of flight and are now like moles.

Me: That's right and they now live in a huge colony like the social insects and have their own caste system.

Lori: That's amazing.

Lana: It sure is. It's hard to imagine that these were once birds.

Me: They still are birds but they have a different style of living in the animal kingdom.

Then a creature with bony spines on its back and her young baby came.

Me: Oh wow. It's a Desert Rattleback.

Lana: That's a cute little guy.

Me: She is. Believe it or not guys they come from South America and they are descendants of the Agouti.

Lori: An Agouti? What's that?

I show a holographic orb and it showed an Agouti.

Me: This is what an Agouti looks like in our time. They are rodents that live in the Amazon and they eat nuts, fruit, seeds, insects, fungi and leaves.

Laney: So they're omnivorous.

Me: Exactly.

Lisa looks at the Rattleback.

Lisa: What a fascinating specimen. They are magnificent creatures. I'm surmising that those scales on its back are for defense.

Me: That's right Lisa. Those scales aren't just for show. They are used for defense and for warding off enemies.

Lola: What are those scales made of?

Me: They are matted hair that's fused together like Rhinoceros horns.

Lana: That is really cool!

Me: It sure is.

Nico: What do Rattlebacks eat?

Me: They usually eat these.

I go to a root and pull it out of the ground and give it to the Rattleback.

Me: They eat plants called Desert Turnips and they provide their food and water for them.

The Rattleback left, but in doing so it attracted another presence. We saw giant bats flying over us and we were both shocked and scared of them at the same time.

Lana: Are those bats!?

Lola: Those bats are huge!

Aylene: That is a scary sight!

Me: Those aren't just any bats guys. Those are future predatory bats called Deathgleaners. They are descended from the Bulldog Bat.

Laney: But I thought bats only come out at night. Never in the day.

Me: Normally bats are nocturnal yes. But these bats have adapted to coming out in the daytime. They have a 3 foot wingspan and they are carnivorous bats that eat Spinks and Rattlebacks.

Lincoln: Lucy would love bats like those.

Lucy then popped out of nowhere.

Lucy: (Out of nowhere) I sure would.

We jump in fright as a pipe organ plays.

Me: Lucy how did you get here?

Lucy: You guys were talking about me and I saw the bats.

Laney: You love bats and Vampires, Lucy. Would Fangs like having a Deathgleaner for a friend?

Lucy: I don't think so Laney. They're too big for Fangs to be friends with.

Lola: I believe it. But those bats are amazing.

Lana: Those bats are cool!

Lisa: They are magnificent specimens.

Lucy: What really surprises me is that these bats can hunt in the daytime.

Me: That was my first reaction too. What do join us on our adventure Lucy?

Lucy: Sure. I want to learn more about these places you're going to.

A Deathgleaner landed by Lucy and got up to her. Lucy knew what it was saying as if she understood the ways of the bat as she is a vampire.

Lucy: It's all right. I understand.

Me: Wow. Lucy is amazing when it comes to bats. Brittney, Haiku and Shannon would agree too.

Nico: It's amazing.

May: It's scary and cool at the same time.

We then proceeded on to our next location.

# Animals of The Future Part 7

5,000,000 Years Hence - The Mediterranean Basin

---

We were walking on what looked like a huge white sand desert in between Europe and Africa.

Lola: Man is it so hot!

Lori: What kind of desert is this?

Lana licked the sand and she retched.

Lana: Blegh! It's salt!

Me: Believe it or not guys this is a salt flat basin. This whole basin is over 6,500 feet below sea level and this may shock you guys, but these salt flats are what was once the sparkling clear blue waters of the Mediterranean Sea.

Everyone gasped in shock.

Lincoln: This whole desert is the Mediterranean Sea!?

Lola: But how did it become this?

I form a hologram of Earth and it showed The Mediterranean Sea.

Me: In 5,000,000 years we believe that the Earth will be in the grip of another Ice Age and Africa will push up against Europe and it will close off the Strait of Gibraltar. The Mediterranean Sea will be completely cut off from the Atlantic Ocean and it will become a closed landlocked sea. This will result in the Mediterranean drying out and with no water flowing into the sea to fill it back up it simply vanished and the holiday islands of Greece, Cyprus, Malta, Sicily and Crete will stand as small mountains here. The only water here left in the Mediterranean will be small lakes of hyper saline water and it'll be the only water left here.

Laney: That's rough. It's like Death Valley here.

Me: It is.

Lucy: Wicked. This is depressing that the Mediterranean would vanish like that.

Lisa: It is very likely. There are a few lakes that have high sea salt contents that are disappearing in our time.

Me: That's right and the most prominent examples are the Aral Sea in Central Asia, the Dead Sea in the Middle East and the Great Salt Lake in Utah.

We walk around the salt flats and it was a breathtaking sight. We came across a little lake.

Lana: There's still water here in the lake.

Me: Yes but it's lethal. It's loaded with too much salt.

Lisa took a sample and discovered that it's 100 times more saltier than ocean water.

Lisa: This water is very dangerous. It's 100 times more saltier than ocean water and is not meant for human or animal consumption.

Me: That's right Lisa.

We continued walking and saw a strange lizard with a frill and it was running fast across the salt flats without getting burned on the hot surface.

Lana: Look at that cool lizard!

Lola: That's an interesting one.

Lucy: It sure is.

Me: That lizard is called a Cryptile. It's a descendent of the Frilled Lizard in Australia.

Lincoln: That's an interesting lizard.

Lisa: Very fascinating specimen.

Nico: So that's a descendent of the frilled lizard? Amazing.

May: It sure is.

Lori: I've never been fond of lizards except for Lana's but that one is literally interesting.

Laney: It sure is Lori.

Lucy: What do they eat?

Me: They eat bugs. Let me show you.

We go to a hyper saline lake and saw a huge bunch of brine flies.

Me: These are brine flies. They are what Cryptiles eat.

Lisa: These are fascinating specimens. They are usually found in vast numbers at the sight of Lake Mono in California.

Me: That's right. These are what they eat. In fact here comes one now.

We saw a Cryptile running through the flies and using its frill as a net and it was licking them off with its long tongue.

Lori: That is literally clever.

Lisa: Very fascinating. It's using its frill as a fishing net and using its tongue to consume the brine flies.

Laney: That's very interesting.

Nico: It sure is.

We later went to the mountains of the basin and they were the holiday islands. We were walking on a broken cracked pavement called Karst.

Lucy: It's a shame that these were once the holiday islands of the Mediterranean.

Me: I know.

Laney: This rock is strange.

Me: This is limestone pavement called Karst.

We walked on the islands and saw it full of cracks and narrow crevices.

Me: It's full of crevices called Grykes.

Lori: Grykes? That sounds strange.

Me: It is.

We saw a Cryptile come out of a gryke and we then saw a strange furry creature come out and it had two dagger fangs and went after the Cryptile and it missed it.

Lincoln: What is that creature?

Me: That is a predatory creature called a Gryken. They are descended from Pine Martens, squirrel-like creatures that live in the forests of Europe in our time.

I show on a holographic orb what they look like.

Me: This is what they look like.

Laney: Ohh! They are really cute.

Me: They are cute. The differences with a Pine Marten and a Gryken is that Grykens no longer live in trees and they live in the narrow grykes here in the Mediterranean Basin. They don't need their long tails which are used primarily for balance and their paws are now adapted for clinging onto the walls of the grykes. Their bodies are now longer and are about 8 inches tall and this allows them to squeeze through the narrow grykes.

Lisa: What a very fascinating specimen.

Lincoln: It sure is. I didn't know that these creatures could become

this.

Me: Well this is a hypothetical creature. We don't know what's gonna happen.

Laney: Do Grykens only eat Cryptiles?

Me: Not just Cryptiles but also those creatures.

I point to something and we saw a family of future pigs.

Lola: Are those pigs?

Me: Those are Scrofas and they are descended from the Wild Boar.

Laney: Oh they are so cute.

Lori: They sure are.

Lisa: Very fascinating specimens.

Me: Scrofas are much different than their ancestors.

Lucy: What's different about them?

Me: They had to adapt to living on bare limestone rock. They walk on their tiptoes and they have a strange stiff-legged gait.

Lincoln: That's really strange for pigs.

Me: It is but there are creatures in our time that have this kind of characteristic.

I show on a holographic orb an antelope creature.

Me: This is a creature called the Klipspringer. They are antelopes that live in Africa and they walk on their tiptoes to get on rocks.

Lincoln: It sure is a cute little fella.

Lana: It sure is. I didn't know there was a creature like that.

Lori: I don't think we saw a creature like this when we were in Africa.

Me: No I don't think we did.

Nico: That's an interesting creature.

May: It sure is.

Lola: What do Scrofas eat?

Me: They're omnivorous. Like their ancestors they eat roots, fungi, insects, worms and sometimes eggs.

Lana: That's an interesting diet. The plants here are in the Grykes.

Me: Yes and sticking a snout down into one is dangerous because of the Gryken.

Aylene: That's tricky. But these creatures are incredible.

Me: Yeah.

We then saw the Gryken attack and a Scrofa got away. But out came a big adult male of the family and the Gryken ran away and went back into the Gryke and the male pig squealed in rage.

Lori: That one is a mean one.

Me: Yes. The big adult males are really aggressive and they will do anything to protect their family from any kind of threat.

Lana: That is cool!

Me: It sure is.

We then proceeded to our next destination.

Continues in Part 8

# Animals of The Future Part 8

5,000,000 Years Hence - The Amazon Grasslands.

---

We were trekking through a very thick grassland and it was blistering hot and dry. The grass was six feet tall and it was an amazing spectacle.

Aylene: This grass is really tall!

Me: (Grunt) This grass is also on a very strange location.

Lana: Where is it at J.D.?

Me: Believe it or not Lana this grassland was once the lush Amazon Rainforest of Brazil.

Everyone gasped.

Lincoln: This whole grassland was once the Amazon!?

Lori: How did it literally go from a huge rainforest to a really tall and scorching hot grassland?

Me: The Ice Age Climate had some part to it.

In a clearing I form a holographic orb and it showed the Earth.

Me: Here's the Amazon Rainforest as it is in our time. In 5,000,000 years the forests will be replaced by grasslands and the Amazon River will still be here. Ice Age Climates are very dry and as a result the Amazon Rainforest died out and was replaced by vast grasslands. Only parts of the Amazon River have any forest at all. But because the climate changed really fast, the forest died out very quickly. It only took a few thousand years for it to happen. A mere blink of an eye in the timescale of evolutionary terms.

Lincoln: That is really strange.

Lola: It sure is. We were at the Amazon Rainforest in our time and it was a beautiful place.

Lisa: Indeed. It was a lush tropical environment teeming with all kinds of life.

Laney: It sure was. This is a major change for the Earth.

Me: It is but we don't know if this will happen or not.

Nico: That's true.

May: Are there any animals left here?

Me: There are. But because the forests died out that fast, most of the animals that we've seen couldn't survive the change because they were far too dependent on the ecological structure of the forest. Let me show you.

We go to a nearby clearing and in the trees were awesome monkeys.

Laney: Are these monkeys?

Me: These creatures are Babookaris. They are descended from the Uakari monkey.

Aylene: What are Uakari Monkeys?

Me: They are those monkeys with the red faces and they live in the Amazon.

Aylene: Oh those monkeys.

Lana: These monkeys are amazing.

Lola: They sure are.

Lori: These monkeys are literally descended from Uakari Monkeys? Amazing.

Lisa: Very interesting specimens.

Me: Yep. And they have a similar lifestyle to several of the primates we know in our time. They can use tools like Chimpanzees. Chimpanzees use sticks and poke them into termite nests to eat the insects. Very genius method. Babookaris form tightly woven baskets out of sticks and twigs that trap fish in them from the rivers that are still here.

We saw the Babookaris take a spherical basket made of sticks and twigs out of the water and a member of the troop was showing a youngster how it's done.

Lincoln: That's really amazing.

Laney: I've always been very fascinated by the behaviors of monkeys and apes.

Lisa: Affirmative elder sister. The ways of primates have always been a very fascinating feat for all Homo Sapiens.

Lola: This is an interesting deal.

Aylene: It sure is.

Ed: Cool.

Eddy: Double D would love learning about all of this.

Lincoln: He sure would.

Me: Monkeys and apes have been a very important part of our evolutionary chain for millennia.

We hear a screech and we went to check it out and we saw in the tall grass a group of giant birds with headcrest feathers.

Lola: Look at the size of those birds!

Laney: These birds are huge!

Lori: These are literally the tallest birds I've ever seen!

Me: These are not just any birds guys. These birds are called

Carakillers and they are a descendent of the South American falcon, the Caracara.

We are walking by one up close and personal.

Lisa: What a magnificent specimen.

Aylene: It's a big bird. How tall do they get?

Me: They are 8 feet 2 inches tall.

Lori: That is literally a tall bird.

Laney: What are those feathers on their heads?

Me: Those feathers on their heads are what they use to communicate with each other.

Lincoln: That is so cool!

Nico: It is. These birds look like future velociraptors.

Me: That's exactly right Nico. This is the coolest part of the Carakiller. On their arms they have this really cool sickle shape claw that is reminiscent to the dinosaurs. A prominent part the creature has at the end of its arm. Another creature that had a claw similar to this was the Deinonychus from 115 million years ago in our time.

Lana: That is so cool!

Lola: It sure is.

May: How did the Caracara become like this?

Me: Well over the course of millions of years in terms of evolution, it lost the power of flight completely and it grew taller and faster. Flight is an expensive feature for any bird in the animal kingdom. So over the course of time it exchanged flight for speed. They can run at over 45 miles per hour. Caracaras spent most of their time on the ground and like their ancestor they still do spend their time on the ground.

Laney: That's amazing.

May: It sure is. I can't believe that a little bird like the Caracara would become a tall giant like the Carakiller.

Lola: Me neither.

Nico: It's an amazing creature.

We then hear a strange rattle sound and we go to the source of it. We saw another type of Rattleback.

Lola: Is that a Rattleback?

Me: It is. But this is a Grassland Rattleback. It's much different than the Desert Rattleback we saw in North America. All creatures have to be diversified in terms of the Animal Kingdom.

Lisa: That's correct. Every creature in the animal kingdom has to be diversified whenever it comes to certain species.

Lori: That's interesting.

Me: They are really territorial and whenever two of them meet they shake their tough scales around. The loudest of them wins and the loser retires gracefully.

Laney: That's amazing. What are these spines on their sides?

Me: That's a clever method they have. Whenever they are attacked by a predatory creature, they dig themselves into the ground with them and they stay there really well. Muscles at the base of the spines lock them in place. Making it almost impossible for anything to remove it from its spot.

Nico: Boy that's tough. Only an explosion from underneath it would do it.

Me: Exactly.

We go back to the clearing and we hear the roar of thunder in the distance.

Lincoln: Was that thunder?

Me: It was. Look out there.

We saw a nasty thunderstorm building out in the distance. Lightning was striking powerfully.

Me: Believe it or not guys, although the world is in an ice age, the Tropical Summer is still warm and brings powerful thunderstorms. Sometimes they bring rain to the area. But oftentimes at the end of the Summer here the grass is tinder dry.

Lori: What happens by then?

Me: They don't just bring rain sometimes.

Thunder roared wildly and lightning flashed and struck throughout the storm and then we saw something horrific happen. We saw lightning strike the grass and in less than 30 minutes, the grass was set on fire.

Me: They bring Fire!

Laney: Whoa!

Lincoln: So grasslands burn?

Me: That's right. One of the most terrifying features of a Grassland habitat is that it burns. A number of events in our time can cause it. But mostly here it's caused by Lightning Strikes. Like I said when I showed my Fire Powers, Fire is not only destructive but it's really good news for other creatures. Storks in our time are drawn to the edge of the fire to feed on insects or small mammals that were flushed into the open by the flames. Fire also fertilizes the ground with ash and the cycle of vegetation begins anew.

Lori: That's amazing and horrible at the same time.

Eddy: This is amazing.

Ed: It sure is.

Laney: This fire is really scary.

Me: It is.

We stood and watched as a huge billowing wall of smoke was going into the sky and we saw the flames spread across the land at a fast pace. In less then 4 hours, we saw the flames torch 2,000 acres.

Lincoln: These fires spread very fast here.

Me: Oh yeah.

We then went to our next destination.

5,000,000 Years Hence - The Northern European Ice

---

We were trekking through an extremely cold landscape and it stretched on for miles and miles. It was bone chilling cold and the wind was strong. And visibility was almost zero in some places. We were wearing our warmest fur parkas.

Nico: Man is this place cold!

May: It's REALLY cold!

Lisa: Affirmative. It's sub-zero freezing cold.

Me: That's because we're in the Northern Polar Ice Cap. This is where the city of Paris, France once stood.

Laney: No! This is where Paris was!? How awful!

Me: I know.

Lana: I didn't ask this earlier but what happened to us humans?

Me: Well we were forced to leave the planet in the next few thousand years and find another planet to call home. But again we don't know.

Lola: How did Paris become this?

I form a hologram of Earth and it showed where we were. We were on the Northern Polar Ice Cap that stretched all the way down to central Europe.

Me: These ice sheets are over 6,561 feet thick and because the planet is in the grip of an Ice Age it caused them to expand and grow and reached far down to central Europe.

Nico: That's amazing!

May: It sure is. What's the temperature here?

I pull out a thermometer and it showed that it was -70 degrees.

Me: It's -70 degrees Fahrenheit here.

Lincoln: That is really cold.

Lana: It sure is. Even the weather home is not this cold.

Nico: No kidding.

We trekked on and saw a huge herd of giant rodent-like creatures.

Aylene: What!? What are those creatures?

Me: Those are creatures called Shagrats.

Lola: Those are strange creatures.

Me: Believe it or not they are descended from Marmots.

Laney: Those are Marmots!?

Lisa: What amazing specimens.

May: They sure are. How did they get so big?

Me: Marmots in our time live in Europe and they are usually small rodents that are about 6 inches tall and they can weigh at 18 pounds.

Lincoln: That's interesting.

Me: It is. Evolution made them grow up to three feet tall and they have a powerful triple-thick fur coat that keeps them warm from the bone-chilling cold.

Lori: That is amazing. It's literally incredible.

Lisa: Indeed.

Lola: What do they usually eat?

Me: They're herbivorous and they eat only plants. They now travel in herds like deer and elk.

Ed: Cool.

Eddy: Double D would like these creatures.

Me: I'm sure he would.

We continued on through the snow and we came across a white saber-toothed bear-like creature.

Lana: Wow! What is this creature?

Me: This creature is called a Snowstalker.

Lola: It has huge fangs!

Lucy: Wicked.

Laney: It sure does. What is it descended from?

Me: The Snowstalker is descended from the Wolverine.

Lana: This guy is cool!

Lisa: What an amazing specimen.

Me: It sure is. They have white fur that helps them blend in with the snow so they can sneak up on their prey and attack. But instead of finishing it off it wounds the creature and lets it die from its wounds.

Lucy: Wicked.

Nico: That's a clever method.

May: It sure is.

Lincoln: But why does it have saber teeth?

Me: It's how the terms of evolution give it more power.

Laney: It's a scary creature of the future.

Ed: Cool.

We then made our way to the coast of ice and saw a rather interesting sight. We saw huge bird-like whale creatures.

Laney: Oh wow! Are these creatures birds or whales?

Me: A mixture of both actually. These are creatures called Gannetwhales. They are descended from the Gannet Bird.

Lana: These creatures were once birds!? Amazing!

Lisa: Indeed. *Morus bassanus* has evolved to take the place of the Great Whales.

Me: That's right. Gannetwhales gave up the power of flight to live in the water. When the whales all went extinct, they filled in that void by taking their place.

Nico: That's amazing. It's hard to imagine that they would become like this in hypothetical terms.

Me: That's right. They usually come up here on shore to hatch and raise their young. Like penguins in our time they hatch their eggs on land and wait by the water.

Lana: That is cool!

Lucy: It is. I didn't know that they would do stuff like this.

Me: They also have ways to take on their enemies. Like Snowstalkers.

We see a Snowstalker come up to the group of Gannetwhales.

Lola: What is the Snowstalker after?

Me: It wants the egg. But the Gannetwhales will do whatever it takes to protect them. Those powerful bill beaks can kill it.

Lisa: These would pack a huge amount of centrifugal force to it.

Me: That's right. But for a stubborn Snowstalker it has another weapon.

We saw a Gannetwhale vomit up a nasty and disgusting foul-smelling mixture of partly digested fish and squid.

All: EW!

Lori: Oh that is literally disgusting!

Lola: Oh that is gross!

Lana: Cool!

Me: I wish I hadn't seen that but it's part of the Gannetwhales defense. It does that because Snowstalkers have sensitive noses and it drives them away.

Lisa: Fascinating.

Lucy: Wicked.

Laney: That was cool though.

Lincoln: It sure was.

We then went to our next destination.

Over 100,000,000 Years Hence - MASS EXTINCTION

---

We were traveling forward in time and we saw a horrific cataclysmic event take place. We were in a force field bubble that's protecting us.

Lori: What's happening?

Me: This is a nasty cataclysmic event that is on par with when the dinosaurs were wiped out 65,000,000 years ago in our time.

Lincoln: Something is happening all over the world.

Lisa: Indeed. I see volcanoes erupting everywhere and the poisonous gases from the ash and clouds are killing everything.

Me: That's right. Every millions of years the planet endures a terrible cataclysmic event on this kind of scale. It's called a Mass Extinction.

Laney: This is horrible.

Lana: It sure is. What usually causes them?

Me: There are two primary factors that cause Mass Extinctions. One factor is Global Volcanism. This is where volcanoes all over the planet erupt and send millions of tons of ash and carbon dioxide into the atmosphere and poison everything and flood everything with lava. Everything around the world begins to die. Plants, fish, ocean life, forests, everything. 95% of all life on the planet dies.

Lucy: Wicked.

Laney: This is horrible.

Lana: What's the second cause?

Me: Asteroid impacts. That's what destroyed the Dinosaurs 65,000,000 years ago in our time. An asteroid 6 and a half miles wide slammed into the Yucatan Peninsula in Mexico and it completely wiped out all of the dinosaurs.

Lori: That is literally horrible.

Lincoln: Why are all the volcanoes erupting here?

Me: That's because of a mass extinction that's gonna happen later in the future. We haven't seen global volcanism of this kind of scale since the Great Permian Extinction back 255,000,000 years ago which gave rise to the age of the dinosaurs.

Lisa: That's correct 2nd Elder Brother. It also joined all the continents together into one massive single supercontinent called Pangaea.

Me: That's right Lisa. We don't know what caused the Great Permian Extinction, but I have a very strong suspicion that continental drift may have been a contributing factor.

Lincoln: That could be the case.

Laney: This is all amazing and horrible at the same time. And this Mass Extinction may cause the continents to form together into another Pangaea.

Me: That's a very strong possibility Laney. But we will never know because we won't be here on Earth to see it.

Lana: That's sad and awful.

Me: It is.

Lincoln: So what time are we going to next?

Me: It's gonna be a really interesting time. You'll see when we get there.

We continued going through time.

Continues in Part 11.

# Animals of The Future Part 11

200,000,000 Years Hence - The Central Desert.

---

We were in a massive desert. It was scorching hot and extremely dry.

Lincoln: This desert is huge!

Me: Yes. This desert is where the city of New York City once stood.

Lola: This desert was once the most busiest city in North America!?

Lana: This is a strange desert!

Lisa: Indeed.

Me: Let me show you where it's at now.

I form a holographic orb of the Earth and it was now completely unrecognizable. The continents were all now completely joined together in a massive hypothetical supercontinent called Novopangaea or Pangaea II. We were in the heart of the supercontinent and it was a desert that spanned for thousands of miles. The continent was also surrounded by a massive single ocean.

Lori: Wow! Look at the planet.

Lucy: Gasp! It's completely unrecognizable.

Lincoln: The world is completely different than what we saw and know.

Me: It is. This world is set 200,000,000 years into the future.

Laney: This is incredible!

Lola: It sure is. This is all completely different than what we know.

Lana: It's really hot here.

May: It sure is.

Nico: It's like a combination of the Sahara Desert and Death Valley.

Me: It does feel that way doesn't it?

Lori: It literally feels that way.

Me: Well again this is all hypothetical.

Lisa: Indeed.

Laney: This is all amazing though.

We walk around the desert and saw huge massive concrete-hard mounds that were hundreds of feet high.

Laney: What are these giant rock mounds?

Me: These aren't rock mounds Laney. These are giant concrete colony structures for future insects.

We saw strange insects come out of the mounds and scamper onto the desert floor.

Me: These are the insects. They are called Terabytes. They are the future descendants of Termites.

Lana: These guys are termites? Cool!

Lisa: Very fascinating specimens. They have much more efficient methods on how to live in a colony.

Me: They sure do.

Laney: This is interesting. Are these the soldiers of the colony?

Me: No these are the workers. They work for the colony.

I form a holographic orb and it shows the inside of the Terabyte Mound and Colony and each member of the Caste System.

Lola: Wow! The colony of the Terabytes is much bigger than the termites we know. It goes deep underground!

Lisa: Indeed. Apparently the Terabytes have a very sophisticated caste system.

Me: That's right. They have a new breed of Terabytes called Rock Borers. They combine chemicals and use sulfuric acid to drill through the limestone rock underneath the colony. Some are Water Carriers and their purpose is to drink until they're bloated with water.

Laney: What's the water for?

Me: It's to nurture the plants that they collect for the colony and they have windows in the top of the colony to bring in sunlight.

Lincoln: That is so cool! But how are they gonna bring them to the plants if they're full of water?

Me: There's a caste that only carries them to the plants.

Lori: That is literally amazing.

Nico: It sure is.

May: No kidding.

Aylene: But where do they get the plants from?

Me: I'll show you.

We go to one of the desert pools and we saw long worms with plant appendages growing on their segments.

Lana: Are those snakes?

Me: No those are not snakes. Those are a worm called the Garden Worm. They are descended from the Convoluta Worm, a type of microscopic flatworm that are like living plants.

Laney: That is amazing!

Lori: Those things are literally worms? That is strange.

Lucy: That is amazing.

May: It sure is.

Nico: Where are they usually found?

Me: Convoluta Worms are usually found along beaches, tide pools, freshwater lakes and swamps and they feed off of the sunlight to grow.

Laney: That's unusual.

Lisa: Very fascinating specimens. But you are right 2nd elder brother. *Symsagittifera roscoffensis ;* street name: The Mint Sauce Worm is a chlorophyll worm that is bonded with plants to photosynthesize and feed off of sugar from it.

Lincoln: That's really interesting.

Lucy: How do the Terabytes get the plants from the Garden Worms.

We see a bunch of Terabytes go after the Garden Worms.

Me: You're about to see now.

We saw the Garden Worms trying to make a getaway and the Terabytes unveiled a rather interesting weapon. They fired a sticky glue and it snared the Garden Worm.

Lori: What is that stuff?

Me: It's a very strong glue that holds the Garden Worm while the Terabytes go after the Algae it has.

Lincoln: But look its getting away.

Me: That is a clever part about the Garden Worm. Its segments have a powerful chemical that dissolves the glue and it allows it to get away. There are insects in our time that have a similar feature.

The Scorpionfly, whenever it gets caught in spiderwebs has a chemical substance that melts the glue from the web and this enables it to get away.

Lisa: That's correct. *Chorista australis;* Street name the Australian Scorpionfly has this kind of method.

Lincoln: That's amazing.

Me: It is.

We saw the Garden Worm go into a pool.

Lori: Where's the worm going?

Me: We're gonna find out now.

We go into the pool and it was really dark. Lucy loved it.

Lincoln: It's really dark down here.

Me: It is. But it's much cooler than it is in the hot desert.

Laney: That's true.

We then saw glowing green patches on the pool cave walls.

Lana: What are those green patches?

Me: Believe it or not Lana those patches are actually Bacteria.

Lincoln: Bacteria?

Nico: That's interesting.

Me: Yes. Bacteria have been on Earth for 3.6 billion years and they are one of the longest surviving organisms in the world.

Laney: That's incredible.

Lisa: Indeed.

Lucy: Wicked. But why are they glowing like that?

Me: They have a phosphorescent glow on them that gives them a bioluminescent property that lights up the cave.

Lana: That is cool!

Nico: It sure is.

Aylene: I'm glad we can't touch them.

Me: Yeah.

We then saw long worms swim by the bacteria.

Me: These worms are called Gloomworms and they eat the bacteria.

Lisa: Very fascinating specimens.

Me: They are. They survived the Mass Extinction by hiding in the caves.

Laney: That's clever.

Suddenly we saw a huge worm about three feet long swoop in out of nowhere and grab a Gloomworm in its extended mouth.

Lincoln: Whoa!

Lucy: Wicked.

Lola: What is that thing!?

Me: That big worm is called the Slickribbon and it's a descendent of a marine worm called a Polychaete.

Lisa: What an amazing specimen.

Me: It sure is. Polychaetes have been on the planet for over 500,000,000 years and they are one of natures most powerful survivors. They have survived everything nature has to throw at them.

Laney: That's amazing.

Nico: They must be really powerful to have to survive everything like that.

May: No kidding.

Lincoln: Where do they usually live?

Me: They live primarily right around oceanic hydrothermal vents in the darkness of the bottom of the ocean. Down at depths of around 13,000 to 15,000 feet.

Lisa: That's correct. The heat from the mineral rich hydrothermal vents nourishes these organisms and provides them with food and lots of shelter.

Aylene: That's amazing.

Me: It is.

Lola: I had no idea creatures like this exist in our time.

Me: Yeah. There are lots of things on Earth we don't know about yet.

Ed: That's cool!

Eddy: It sure is.

We then continue on to our next location.

Continues in Part 12

# Animals of The Future Part 12

200,000,000 Years Hence - The Global Ocean

---

We were swimming underwater and we saw that the ocean went on for miles and miles.

Lana: Wow! This ocean looks like it goes on forever.

Lola: It sure does.

Aylene: This is amazing.

Me: That's because in 200,000,000 years we believe that the continents will all be one massive supercontinent and it will be surrounded my a massive single ocean. This ocean will cover 75% of the planet and it will span for miles.

Lori: This is literally amazing.

Ed: It sure is.

Eddy: I never thought that the ocean would be this amazing here in the future.

Nico, Ed and Eddy had breathing helmets on.

Laney: This is incredible.

We saw a huge school of strange fish swim by us. They were unlike any kind of fish ever seen before.

Nico: Are those fish?

Me: No those are not fish. Those are Silverswimmers. They are descended from microscopic organisms called plankton.

Lori: These creatures are literally plankton!?

Lisa: Fascinating specimens. They appear to have taken the place of fish here in the ocean.

Me: That's right. The fish all died out in the Mass Extinction and the Silverswimmers filled in the place of fish. There are numerous kinds of Silverswimmers. Look.

I form a holographic orb and it showed that numerous kinds of Silverswimmers have taken the place of fish. There were some that were predatory, carnivorous, herbivorous, and even some that were scavengers.

Lori: Boy there's so many of them.

Laney: Amazing. I didn't know they would be this abundant.

Lisa: The Silverswimmers are also diversified into many species of the creature. They are all very fascinating specimens.

Me: They sure are.

Lucy: It's kind of unusual seeing creatures like this here in this time.

Me: It is. But let me show you something cool on the surface.

We go up to the surface and saw a bunch of flying creatures. They were actually flying fish which was a weird feature.

Lori: Are these creatures Flying Fish!?

Me: Yes they are Lori. These are called Ocean Flish. They are the descendent of Flying Fish.

Lincoln: Flying Fish?

Me: Yeah. This is what they look like.

I form a holographic orb and it shows what Flying Fish look like.

Me: Flying Fish don't fly. They glide and they can go a long ways above the surface of the water.

Lana: That is cool!

Lisa: These Flish are magnificent specimens. They appear to have taken the place of sea birds.

Me: That's right Lisa. When the sea birds died out the fish took their place and have now adapted to living on both land and the sea. They live on land to nest and feed off of the Silverswimmers in the ocean.

Lucy: Wicked.

Laney: That's amazing.

Lola: It sure is. How did their fins become wings?

Me: Their fins became powerful wings. They are much different than bats or birds that we know of in our time. Birds have a different skeletal structure in their wings.

I form another holographic orb and it showed the skeletal structure of bats, birds and the Ocean Flish.

Me: These are the skeletal structures of Birds, Bats and the Ocean Flish. The Birds have two fingers fused together and they used the bones for the upper arm the Humerus and the bones of the lower arm, the Ulna and Radius for flight. That's where they get most of their strength from in terms of flight. In birds, most of the hand has disappeared. It's just two fingers fused together as I said. In bats however its all five fingers. The fingers are spread and the skin covers them. The pectoral fin, which is the forearm fin of the fish has become wings in the Flish and they developed this powerful joint and arm structure that allow it to change shape in flight and their fins became more powerful and stronger which gave them a more powerful aerodynamic force.

Lori: That is literally amazing.

Lisa: It certainly is.

Lincoln: But how do the Flish eat?

Me: That is an amazing part of the creature.

I form another holographic orb and it showed that the Flish had a second extendable mouth inside its beak.

Lucy: Wicked.

Lola: That is weird!

Me: I know. But that's what it was designed to do. There are creatures in the fish world that have a mouth like that. A prominent example is the John Dory Fish. It has an extendable mouth that sucks in its prey.

Lisa: That's correct.

Ed: Cool.

Me: But not even Flish are safe from predators guys. Watch.

We saw a Flish swoop down and a huge tentacle erupted out of the water and grabbed it out of midair.

Lori: Did you guys literally see that!?

Laney: I sure did!

Lana: I sure did!

Lucy: Wicked.

Ed: Cool!

Eddy: That was amazing!

Lincoln: It sure was. What was that?

Me: Lets go see.

We go down and saw a huge creature. It was the largest squid we've ever seen.

Me: That enormous creature is called a Rainbow Squid and it's descended from Squids.

Lana: That is cool!

Me: It sure is.

Lola: How big do they get?

Me: They can get up to 120 feet long and they are an amazing creature. They have the ability to blend in with the blue of the waters surface. They have a very sophisticated technique that enables them to do this.

Laney: What is that technique?

Me: It's a powerful trait they all have. They have cells on them called Chromatophores. These are pigment-baring cells that all octopuses and squids use to create camouflage or attract mates. They are commanded by several nerves by their brain. All octopuses and squids have a very large and extremely complex brain, making them one of the most intelligent creatures in the ocean. The Rainbow Squid has one of the most sophisticated nervous systems in the world of the future.

I form a holographic orb and it shows the Rainbow Squids Nervous System.

Me: It's centralized Nervous System will probably become extremely powerful. It'll be so powerful that they'll use Chromatophores to make video displays. Vivid patterns of light and color all over their bodies. They can use this to fool their prey to come in close. That's how it was able to grab a Flish out of Midair like that. It used its chromatophores to become a school of Silverswimmers.

Lincoln: That is so cool!

Laney: That's amazing!

Lori: This squid is literally an amazing creature.

Lucy: It sure is.

Me: But it puts on a magnificent display when it comes to mating. Watch.

We saw the squid use its Chromatophores to put on a magnificent display. It became what looked like a magnificent glittering rainbow diamond in the water. It was sparkling with all seven colors of the rainbow on its skin and it attracted a female squid.

Lisa: What a magnificent display of love.

Me: It is. But these squids are also vulnerable.

We saw a huge pack of strange sharks in the water and they had cool patches on their tails that were glowing like signals.

Lana: Whoa! Are those sharks?

Me: They sure are. But those are descendants of sharks. They are called Sharkopaths. They are much fiercer than the sharks we know in our time.

Laney: So Sharks did survive?

Me: They did. Sharks are one of natures most powerful survivors. They've been on the planet for more than 480,000,000 years and they survived everything that nature has to throw at them. They survived the extinction of the Dinosaurs and even everything that we know in prehistoric times.

Aylene: (Shaking in fear) I would not like these creatures.

Me: Who wouldn't? The scariest part is that they now hunt in packs just like wolves. They communicate through bioluminescent patches on their sides near their tails. They also have a stronger sense of detecting electrical impulses from their prey.

Lana: That is so cool!

Lisa: They are magnificent specimens.

Lucy: Wicked.

Lola: I don't like sharks. They scare me.

Nico: This is cool seeing sharks here.

May: It sure is.

Ed: Cool!

Eddy: I didn't know that sharks were that fierce and strong.

Me: Yeah. That's what makes them one of the fiercest survivors in the world.

We got out of the ocean and headed to our next destination.

Continues in Part 13

# Animals of The Future Part 13

200,000,000 Years Hence - The Rainshadow Desert

---

As we were walking to our next destination we saw a massive storm of incredible power.

Lori: Look at that storm! It literally looks mean.

Me: That is a more powerful storm called a Hypercane. It's a much stronger hurricane that is more powerful than a hurricane that we know in our time.

Eddy: Whoa!

Lincoln: That's a terrifying storm.

Lana: How strong do they get?

Me: They can have winds of up to 250 Miles Per Hour and the wave height can get to 100 feet high.

Lisa: I'm not surprised. Because the ocean covers 75% of the entire planet, there's no resistance that limits the wave height of the oceans because of the wind.

Me: That's right. It's a deadly trait that a world with one ocean has. But a Hypercane also can throw Ocean Flish over the mountains as it rages and it sends them into the desert.

We then go over into the desert and saw a bunch of Flish dying in the scorching heat.

Lana: Oh man! Hang on little ones!

Lana formed a ball of salt water and put a Flish in it and it was back to normal. It was eternally grateful to her.

But the rest of the Flish weren't so lucky.

Me: That was a good thing you did Lana. But also the desert has another creature that feeds on the Flish carcasses.

We saw a big bug fly by us and it was a strange one.

Me: See that bug right there? That bug is called a Bumblebeetle. It's descended from a beetle.

Lisa: Very fascinating specimen.

Laney: It sure is. Is it here in the desert to eat the Flish?

Me: No. The adults don't eat. They're here to lay their larvae into the Flish so they can continue the cycle of life. Let me show you all.

We go over to a Flish carcass that it landed on and saw the Bumblebeetle's abdomen drop down and it opened and revealed its larvae cargo.

Me: Those little creatures it has inside it are its larvae. They're called Grimworms.

Lola: Ew! Those are weird bugs.

Lisa: Very fascinating specimens. And we can see their teeth.

Me: Yes. They have 2 sets of teeth. They have slicing and grinding jaws. They grow in size every 2 days.

Nico: Very unusual.

May: I've never seen insects like those before.

Ed: Cool.

Eddy: That is cool.

Me: It is cool. Once they've had their fill of the meat they metamorphose into the chrysalis phase and in a few days they become Bumblebeetles to begin the cycle of life again.

Aylene: But don't Bumblebeetles need to eat?

Me: No that's the funny thing. They don't eat as they have enough fat to survive for 24 hours. They only live for 1 whole day and they have to find a Flish carcass to deliver their cargo of Grimworms.

Lucy: That's an unusual cycle for the creature.

Me: It sure is.

We saw a strange shelled creature hop right by us.

Lincoln: Hey is that a snail?

Me: It is. But that is a Desert Hopper and it is descended from Snails.

Lana: Those creatures are Snails? Cool!

Lisa: Fascinating specimen.

Lola: Ew! But wait. Don't snails usually leave a slime trail?

Me: They normally do yes. But for the Desert Hopper they gave that up because it wastes water. So hopping is a much better and much faster mode of transportation for them.

Laney: That is really strange. I never heard of a snail that can hop.

Me: Well believe it or not there are snails in our time that hop. But they live in the ocean.

Lisa: That's correct and a prominent example is Tylomelania. A type of Rabbit Snail that lives in freshwater lakes.

Lana: That is cool.

We saw the snail eating a cactus.

Lola: How is it eating that cactus?

Me: They have a special tongue called a Radula. It's a grazing tongue that eats plants. That's what makes snails such notorious pests in gardens. They eat things like lettuce and all kinds of soft vegetables. This is what the surface of a radula looks like.

I form a holographic orb and it showed an image of the surface of a Snails Radula. It was a tongue covered with rows upon rows of really sharp hooks.

Me: They use this to scrap plants and feed.

Lana: That is cool.

Laney: It's a strange thing for them. Are there any snails that kill people?

Me: Yes and the most prominent example is a Cone Snail.

I change the orb to a Cone Snail and it showed the Needle Harpoon on the tip of its shell.

Me: They have a deadly poison in a needle-sharp harpoon at the end of its shell. It's a neurotoxic poison called a Conotoxin and it's powerful enough to kill people.

Lisa: That's correct. Conotoxins of Conus gastropods have a delay effect that usually take minutes to days to appear and they can cause muscle paralysis, double vision, respiratory failure and even death.

Lucy: Wicked.

Me: That's right Lisa. That's what makes snails such incredible creatures and they have been on the planet for over 500,000,000 years. Making them one of natures most powerful survivors.

Lori: That is literally amazing. I also remember that the people in France eat snails.

Laney: That's right Lori. They eat escargot. It's a very popular French delicacy.

Lola: Ew! I would never eat snails.

Me: Me neither.

We continue walking and saw a strange plant on the ground.

Lola: What kind of plant is this? (Sniffs) EW! It smells horrible!

Lana: Let me smell. (Sniffs) Ohohoho! It smells like fish.

Me: That's a cool plant called the Deathbottle and it's a type of carnivorous plant.

Laney: This is a carnivorous plant?

Lucy: Wicked.

Lisa: Very fascinating specimen.

Lori: It's unlike any kind of carnivorous plant we know.

Lincoln: I've never seen one like this one.

Nico: Me neither.

Me: Well there are several different types of Carnivorous plants around the world that we know.

I form a holographic orb and it showed many different types of Carnivorous Plants.

Me: These are all the carnivorous plants from around the world in our time. They usually grow in swamp areas and live on poor soil. They eat insects.

Laney: That is so unusual.

Me: It is. This is one of my favorites.

I zoom into an image of a Pitcher Plant.

Me: The Pitcher Plant is a type of carnivorous plant. It has a very unusual method of getting insects for nutrition. It's vase is filled with water and digestive juice. The walls of the vase are lined with juice that make it slippery and it draws in ants and flies into it.

Lana: That is cool!

Lisa: Very amazing specimen.

Me: Here's another of my favorites.

I change the orb to a Sundew Plant.

Me: This is a Sundew Plant. It has a strange method. Those hairs that it has have a strange glue on the ends and when flies come onto it they trap it and the plant wraps around the insect where digestive juices will dissolve it for nutrients.

Lori: That is literally amazing.

Lincoln: That is so cool!

Lola: It's gross but unusual and cool.

Me: It is. That's what makes Carnivorous Plants one of the most fascinating types of plants in the world. The Deathbottle has two types of plants to it. This plant that smells bad is its seed spreader.

Lucy: How does it spread its seeds?

Me: It has a clever method. It disguises itself as a rotten Flish and waits for a Bumblebeetle to come along.

We saw a Bumblebeetle arrive and it went inside a small hole of the plant.

Me: The Bumblebeetle will go inside the seed chamber and get coated with the Deathbottles seeds as it tries to find a way out. There's a special point that they have to find inside it and when it reaches that particular point, the plant will catapult the Bumblebeetle out of it. Watch.

We saw the plant flip up and shot the Bumblebeetle out of it like a rock from a catapult.

Lana: Whoa!

Lincoln: That was so cool!

Laney: That was amazing!

Lola: I've never seen a plant do that before.

Lisa: That is a very ingenious and fascinating method.

Me: That's right. There are plants that know how to use insects to spread its seeds. Remember seeing the Rafflesia flower over in Borneo?

Lincoln: I do.

Laney: We all do actually.

Lori: EW! That flower smelled really bad!

Me: Well that's how it attracts insects. It's the same method with the Deathbottle Plant. It looks and smells like a rotten Flish to attract the Bumblebeetle.

Lana: That's a genius method.

Me: It sure is. But also the Deathbottle has another method on how to get its food.

We saw a Desert Hopper go along and it fell into a pitfall trap. We go over and saw the creature in a pit lined with poisonous spines.

Me: This is how the Deathbottle gets its food. It creates a strange membrane that it uses to blend in with the desert sand and when a Desert Hopper comes around it falls in and it drives its poisonous spines into it and dissolves it with digestive juices.

Lana: That is scary.

Lisa: Very fascinating and ingenious method.

Me: It is.

Lucy: Wicked.

Ed: Cool.

Eddy: That is a strange plant.

Me: It is.

We later proceeded on to our next and final location.

# Animals of The Future Finale

200,000,000 Years Hence - The Northern Forest

---

We were in the middle of a huge forest and it was a huge forest loaded with gigantic trees that were really tall and covered with moss and it was really wet, humid, and moist.

Lori: Wow! This is literally the most amazing rainforest I've ever seen.

Me: This is more like a Temperate Rainforest, Lori. This is also where the city of London, England used to be.

Laney: This whole forest was once London?

Lincoln: Luna would not like this forest.

Lana: No she wouldn't.

Lola: It's really wet and humid here. But how high up are the trees.

Me: They are as tall as the Giant Redwood Trees in California and the average rainfall here is over 400 inches per year.

Lori: That is literally a lot of rain.

Lincoln: It sure is.

Nico: How did the trees get so tall like this?

Me: After the Mass Extinction, the entire planet was rich in Carbon Dioxide and the plants take that carbon dioxide and convert it into oxygen. In 200,000,000 years this forest will become a big one and we have not seen forests like this since the Triassic Period over 237,000,000 years ago in our time.

Eddy: This is amazing.

Lisa: Indeed. It's amazing at how a forest of this magnitude can thrive after such a cataclysmic event.

May: It sure is.

Lana: What kind of trees are these?

Me: These trees are actually Lichen Trees. These are trees that are descended from moss and small grasses that grow on trees.

Lola: This is amazing.

Lisa: Very fascinating specimens.

Nico: It sure is.

We then saw lots of bird size creatures fly by us.

Me: Those creatures there are called Forest Flish.

Lori: There are different types of Flish too?

Me: That's right Lori. All creatures have to be diversified like I said. But these Flish are different. They look like butterflies at first glance.

Lincoln: They sure do.

Lucy: It's not my thing but this is really fascinating.

Me: Their wings here can flap at 30 times per second and it makes them move around like a hummingbird.

Lana: That's really amazing.

Lisa: They are really fascinating specimens.

Me: They sure are. And they hang upside down like bats do in our time. But not even they are safe from the food chain. Let me show you.

We walk around and saw an orange nasty slime creature and it draped itself down and caught a Forest Flish in it.

Lola: EW! GROSS! What is that!?

Me: This creature is called the Slithersucker and its a shapeshifting slime mold.

Nico: This thing is a slime mold? Weird.

Lori: That is literally disgusting.

Lisa: Fascinating specimen.

Me: It may seem disgusting but Slime Molds are one of natures, uh, unpleasantly gross creatures. They are a collection of single cell organisms that work together. Slime molds are often mistaken for fungi and they are very weird and gross. They come in many kinds of species and it's strange a thing.

Lana: Cool.

Lucy: What does it do to the Forest Flish?

Me: It crawls out and drapes itself down and like a spiderweb it catches it and secretes a digestive juice that dissolves it.

Lisa: That is a magnificent specimen.

Me: It is.

Suddenly we heard what sounded like growling and out of the forest we saw a huge squid that was about 15 feet tall and it was walking on 8 legs.

Lori: Wow! Look at the size of that Squid!

Me: That is a giant called the Megasquid.

Laney: That thing is huge!

Lisa: What a magnificent specimen.

Me: It sure is. It's the giant of the forest. It's all muscle.

Lana: How does it move around?

Me: Well because its all muscle and it has 8 legs, it has to move two of them at a time on each side. It supports its huge girth with a network of circular and vertical muscles in its legs.

Lori: How many pounds do they weigh?

Me: They weigh 16,000 pounds.

Lana: That is really heavy!

Lola: It sure is.

Laney: Walking around with 8 legs like that must be a big problem.

Me: It is. They are omnivorous and they eat plants and meat.

Lori: That's interesting.

Lincoln: That is amazing though.

We heard the Megasquid make that growl sound through a vocal sack on its head.

Nico: What is that low growl it makes?

Me: That's how it communicates. It talks through that vocal sack on its head. Like frogs, they communicate through a vocal sack. That's how they make that croaking sound. A Megasquid can make sort of a low growl.

Lori: That is literally amazing.

We heard a hooting sound in the trees and saw squids moving in the treetops like gymnasts.

Lori: Are those squids too?

Me: Yes they are. But those are squids that took the place of monkeys. Those are called Squibbons. Squibbons are very acrobatic and above all extremely smart and intelligent.

Lana: That is so cool!

Lola: I didn't know that they were that smart.

Lisa: Indeed. They are amazing specimens.

Me: Yes. They are really smart creatures and move in a similar fashion to the Gibbons in our time. Gibbons have long arms that they use to swing through the trees.

Lucy: That's amazing. This is all stuff I'm not familiar with but its all amazing.

Laney: It sure is.

---

After we came out of the simulator we rested on the couch. And we were exhausted.

Me: Whoo! What an adventure.

Lincoln: You said it J.D. I'm exhausted.

Lori: Me too. But this was literally an awesome learning experience for all of us.

Laney: It sure was. We learned so much about the future even though it was all hypothetical.

Lisa: Indeed elder sister. This was all truly a magnificent educational experience we can share with all our friends.

Aylene: Indeed. This was all an adventure worth remembering.

Me: It sure was.

After we rested we wrote school reports on what we learned in the future and we got A+ on all of them.

Another Fanfiction Saga complete.

The Future is Wild has always been one of my favorite shows since I was in high school. It was an amazing hypothetical view into the future and a magnificent theory of what might happen millions of years from now. I loved all the animals in those times and they were amazing and breathtaking. It took a lot of research and construction from biomechanics to give us examples on what might happen. I did all kinds of school reports for it and it was awesome. But no one knows what the future has in store for us. We can't even predict the weather. I saw the show on Animal Planet and it was a breathtaking marvel. But let me know what you all think.

See you all next time.

The Future is Wild belongs to Animal Planet, The Discovery Channel, and BBC

# Maria's Nightmare

It starts in the early morning hours. Maria is having a really bad nightmare.

Maria was in Dakota City in her dream and she came across her sister Carmen.

Maria: Carmen? What are you doing out here?

Carmen: I could ask you the same thing, sis.

Maria: I couldn't sleep so I decided to go outside for a bit. And why are you wearing your Urban Ranger uniform?

Carmen: I just thought that I'd earn more badges from Captain Rolf by doing some late night patrol.

Maria: Well, you shouldn't be out here so late. You may never know what might be lurking about at this time of night!

Carmen (smiles mysteriously): I'm touched that you're looking out for me, Maria.

Maria: Well, of course I am! I'm your big sister, after all. (sees a holographic disguise band on Carmen's arm) Wait. Carmen, why are you wearing a holographic disguise band?

Carmen (grins evilly): Sorry, Maria!

Carmen removes the holographic disguise band and reveals herself as Puff.

Puff (smirks): But Carmen's not here right now!

Maria (shocked): Puff?!

Puff: Surprised to see me, Maria? Don't worry. Carmen's safe and sound back in my hideout.

Maria: Leave Carmen out of this, Puff! She did nothing to you! I was the one who betrayed you and the rest of the Meta Breed, not her! There's no reason for you to sink this low.

Puff (takes out Carmen's Urban Ranger hat): Oh, I can go lower. (dissolves Carmen's Urban Ranger hat with her corrosive breath)

Maria (glares at Puff): You think you're so funny, don't you? Well, I don't see Ebon or the rest of my former teammates anywhere. Maybe they're afraid of me.

Ebon then walked out of the shadows in his shadow form with Shiv by his side.

Ebon: You're the only one who should be afraid, Aquamaria! You never seem to learn your lesson. No one leaves this crew, especially you!

Maria: Nice lesson, "Boss". How do you expect me to learn that lesson, Facilier?

Shiv (confused): I thought his name was Ebon. (gets it) Oh, I get it! Facilier's called the Shadow Man! And Ebon's literally a shadow man! (laughs)

Ebon (smacks Shiv upside the head): Shut up, Shiv!

Maria (smirks): See, Shiv? I can be just as funny as you.

Ebon: You're not as tough as you think, traitor.

Shiv (his hands turn into light blades): The bad guys are making a comeback. I wouldn't want to be you right now, Maria.

Puff: I wouldn't want to be her at all.

Maria: What makes you think this'll be any different then all the other times that Static kicked your butts?

Ebon: He kicked your butt several times as well. After all, I let you join the Meta Breed because you hated how people were disgusted at your appearence.

Shiv: And how'd you repay us, huh?! You ditched us for Static, Knudson, and your so called sister, Carol!

Puff: C'mon, boys! Let's show our former teammate what happens to traitors like her.

Maria: Bring it on! (charges at the three of them)

Maria dashed and punched Ebon in the face and formed a ball of water over him and he was drowning. He drowned 30 seconds later. Then she went after Shiv and kicked him in the face.

Shiv: C'mon, Maria! You wouldn't hurt a friend, right?

Maria: "Friend"? Do you know how many times you've annoyed me whenever we work together?!

Shiv: Oh yeah. That's right.

Maria: Also, (punches Shiv in the jaw) that's for showing me that disgusting playboy magazine that one time!

Electro: Never send metahuman infants to do jobs of real villains!

Killer Croc: Time we settle this! Now!

Maria: Electro and Killer Croc.

Killer Croc: That's right. Now you're gonna die.

Maria: You first.

Maria punched Electro in the face and decided to do something interesting.

Maria: This time, I've got a perfect way to take you out.

Electro: And that would be?

Maria then kisses Electro while spreading water through him from her lips. The result was that Electro shorted out.

Maria: Good thing William didn't see that.

Killer Croc then tackles Maria into the Dakota Lake.

Killer Croc (Maria gets up): You're in my turf now, girlie! Let's see how you like getting beat up!

Maria (Croc punches her): I didn't want to have to do this, Croc. But you've left me no choice!

Maria turned into her water form and absorbed the water in the Dakota Lake to become giant.

Croc (eyes wide): Oh, (censored) me!

Maria destroyed Killer Croc by pulverizing him into pulp with her enormous size.

She got out of the water and turned back to normal.

Maria: Now it's just you and me Puff.

Puff: As it should be.

Maria spread her wings and flew at Puff. Puff blew a cloud of corrosive gas and Maria fired a blast of water that went at her. Puff dodged them and went into her cloud form. Maria fired a huge blast of water and it covered Puff and melted her.

Maria: And that's the end of that.

?: No, Maria Rockell. This is only the beginning.

Maria turned to see Pariah Dark. But since this is her first time meeting him, she didn't recognize him.

Maria (shocked): Who the heck are you?

Pariah Dark: It doesn't matter who I am. What matters is that soon, I will return to exact my revenge. And then, the world will know the name Pariah Dark!

But just as the Ghost King attacked Maria, she woke up.

---

6:45 AM

She woke up and screamed. She was covered in sweat and panting in fear.

Natilee came in.

Natilee: Maria are you all right?

Maria: Natilee!

She hugged Natilee and was crying hard.

Natilee: Maria you had a really bad nightmare. It's all over. Lets go downstairs and you can tell us about it.

They did so. In the living room we gathered and Maria told us about her dream.

Maria: And then this red shadowy figure came out of nowhere and he said that he will return to get revenge. His name was Pariah Dark.

Danny, Sam, Tucker, Dani, Jazz, Sidney, and Star gasped in horror.

Danny: Pariah Dark the Ghost King!?

Maria: Yeah that's him.

Me: I've heard about him. I heard that he once pulled Amity Park into the Ghost Zone and tried to turn our dimension into the Ghost Zone.

Danny: That's right. I stopped him and everyone helped out.

Sidney: That's right. Pariah Dark is the most evil bully of them all.

Lori: Who is Pariah Dark?

Me: I'll show you.

I pull up his profile on the computer and he was a terrifying ghost. He was called the King of Ghosts.

Me: His name is Pariah Dark and he is called the King of Ghosts. The reason for this is because that eons ago before anyone in the Ghost Zone was around he ruled all of the Ghost Zone. Pariah Dark is a ghost of such incredible power and magnitude that only he can control the powerful energies within two powerful ghost artifacts: The Crown of Fire and the Ring of Rage. When he's wearing both, he can do anything. He's like a Ghost God. But a band of powerful and ancient ghosts banded together in a last ditch effort to defeat the king. They fired a powerful blast of energy and took him down. They removed his ring and crown and locked him in a powerful artifact called The Sarcophagus of Forever Sleep. These ghosts then used their power to separate his castle from the rest and in doing so they created the Ghost Zone as it is today.

Lincoln: He must be incredibly powerful.

Danny: He is. He gave me one heck of a run for my money and it was a deadly fight.

Sam: It was an incredible fight. But in the end Danny won and he saved us all.

Star: That was incredible.

Tucker: It sure was.

Sidney: Pariah Dark is a name that is terribly feared all throughout the Ghost Zone and he wants to rule over everything in it with an iron fist.

Dani: And he also wants to rule Earth too.

Me: That dream Maria had was not just a dream, it was a message.

Maria: What does it mean?

Me: It's a warning. It means that Pariah Dark is coming.

Everyone gasped in sheer horror.

Dani: We have to be ready when he comes!

Me: And we will. A huge war is coming. And this will be a battle unlike any other. We're going into war against the forces of Hell. And when that happens, it'll be the Battle to End all Battles.

Lori: Then we have to be ready for anything.

Vince: We sure do. If Pariah Dark is as powerful as Danny claims then we are in serious trouble.

Aqua: And we have to be ready for him when the time comes.

Melody: This is not gonna be good.

Me: No it's not. If its a battle Pariah Dark wants, then we will give him a war like no other. Get ready Pariah Dark, when we fight, you will perish.

The stage has been set and the Battle That will Decide the Fate of The Earth will begin.

# Eclipsing The Guys In White

Part 1: Assault on Klendathu.

---

Vince and Carol are in the Simulator doing an exercise. It activated and they found themselves on a space station in orbit next to the alien planet of Klendathu, a desert world home to an alien insect species that threatens to destroy the human race.

Vince: I know this place. This is Fleet Station Ticonderoga. We're in the world of Starship Troopers. I love the book and the movie.

Carol: Where is this at?

Vince: We're in orbit next to the planet Klendathu, located 85,000 light-years away from Earth.

Carol: That's all the way on the other side of the galaxy.

Vince: It is. Look.

They go to a window and saw the planet Klendathu outside. It was a desert planet with two moons in a binary star system with a yellow star like our sun and a bluish-white star.

Carol: So that's planet Klendathu. It doesn't look like a kind of planet I would ever want to go to.

Vince: Me neither.

Carol: What year does Starship Troopers take place?

Vince: It didn't say but it says it takes place in the 23rd Century.

Carol: That's over 200 years from our time.

Vince: It is. This whole station is inside a zone created by Earth called the Arachnid Quarantine Zone. It's a zone that keeps the species of bugs that we're fighting called the Arachnids contained.

Carol: That's all complicated for me.

Vince: I know. And it looks like we arrived just in time.

They saw in the upper atmosphere of the planet the fleet of carriers and ships and they were being bombarded with bug plasma coming up from the planet.

Carol: What's happening?

Vince: A massive war between humans and bugs. They sent an asteroid from this very star system that slammed into Buenos Aires, Argentina and we went into war against the bugs.

Carol: Oh man. What do these bugs look like?

Vince: They're fierce, savage, voracious and ugly.

Vince used his powers to show what the bugs looked like. They were scary and ugly.

Carol: Whoa! Those bugs are scary!

Vince: I know. But we can destroy them together Carol.

Carol: Right.

They set out of the station and into the skies of planet Klendathu. Above the surface they saw a huge group of people fighting thousands maybe millions of bugs and they were completely outnumbered. Their defensive capabilities were incredible.

Dizzy: Ace, what do we do?

Ace: Uh I don't know.

The Warrior bugs were savage and fierce.

Ace: I don't know.

Rico: Kill them! Kill them all!

They were firing bullets at the bugs.

Vince: It's gonna take a lot more than just a few bullets to kill them.

Carol: We got to help them.

Vince: Lets form an aerial assault from above. Lets blast them!

Vince fired energy blasts at the bugs and blew them apart and Carol fired King Ghidorah's gravity lightning and Godzilla's Atomic Breath. They were blasting them apart from above and blowing them to pieces. Splattering their blood and guts and limbs all over the desert of the planet.

Rico: Look up there!

They all saw Vince and Carol and the power they have and how they were obliterating the bugs at an incredible pace.

Carol: Take that bug scum!

Vince: Yeah!

---

CONTROL ROOM

Nico: This is getting awesome!

Maria: It sure is.

Nico: Maria, how did you and Carol meet?

Maria: That is a question I haven't been asked in a long time. Carol and I have known each other since we were in kindergarten.

---

Maria: (Narrating) **Carol and I are very close and we are like sisters. We did all kinds of fun things together. We did it all too. She even defended me from bullies and kicked their butts into oblivion. But we never saw eachother after I moved away back to Dakota City. That is until recently when I was mutated**

**because of the Big Bang. We were reunited for the first time in 8 years.**

FLASHBACK ENDS

Maria: Our friendship is really powerful.

Nico: That's amazing. I'm glad you are all reunited.

Maria: Thanks Nico.

---

SIMULATOR

Vince fired energy lasers from his eyes and fingers to boot and he and Carol were blowing apart the bugs at an accelerated rate. The bugs kept on coming and coming and coming. The troopers fired bullets all at the bugs and helped them out. They also fired bombs and missiles at them.

Vince: Lets use our combo Carol.

Carol: You got it.

Vince fired a blast of pure lava and Carol fired an orange atomic ray.

Vince and Carol: ATOMIC LAVA TSUNAMI!

A massive tidal wave of radioactive lava burned and incinerated the bugs and destroyed all of them.

The whole desert was now turning into a sea of fire and burning bug guts.

The fight lasted until sunrise. Or in this case double sunrise. In the end the Humans won. The whole desert was a sea of flaming bug guts and limbs. Surprisingly after the fight only 1,000 people were killed.

The bugs were destroyed on the planet Klendathu.

Vince: That's it for them.

Carol: Yep. The bugs are toast.

Vince: They sure are. After we get everyone out of here lets destroy this planet.

Carol: You know it.

They got everyone off the planet and Vince fired a powerful energy ball at the planet and the planet exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entirety of the planet Klendathu was completely obliterated in an instant and as a result, the entirety of the Klendathu System was affected in a massive cataclysmic explosion that destroyed all the planets in the system. Including the two suns.

Vince and Carol were protecting the entire Fleet battlestation in a powerful force field.

When the explosion faded there was nothing left of the system but a huge dust cloud of nebula gas.

Carol: Wow! What power! That's it for the bugs.

Vince: Yep. They never expected us to show up and destroy them all with the powers of a god.

They went back to the station and everyone on board cheered wildly for them and lifted them up in a mesh net.

Vince and Carol were heroes of the Federation. On Earth they were awarded the highest honor in all of the Terran Federation: The Terran Federation Medal of Honor. It can only be given to a citizen that has gone above and beyond the call of duty and did a powerful achievement that goes above all the standards of duty. They exited the Simulator and in the control room we cheered wildly for them.

Me: Way to go partner!

Laney: You guys were awesome!

Vince: Thanks guys.

Carol: It was all an easy exercise.

Lincoln: It sure was. Starship Troopers was awesome and it's one of my favorite movies.

Linka: It sure is.

We go into the living room and have a quick lunch.

## Part 2: Yuko's Dark Past

In the Living room we were watching TV while eating sandwiches. Lincoln, Linka, Lana and Lily were eating peanut butter and sauerkraut sandwiches. Jared was eating a fruit salad, Nicole was having a turkey leg and Nico was having a bucket of chicken wings with super spicy hot sauce with May. We were watching our favorite show Operation: Dessert Storm. A woman named Laura was on and she had a delicious pineapple, peach, mango upside-down cake. A big buff criminal had chocolate cake with a mint frosting.

Me: I hope Laura wins with her cake.

Mary: You know it dad. I hope so too. That cake of hers is making me hungry.

Laney: (Trancelike) It sure is Mary. (Drools)

Lola: That cake looks delicious.

Lisa: Indeed.

Lucy: I would prefer blood pudding.

Yuko was in some deep thought.

Me: Yuko are you all right?

Yuko: (Sigh) Yeah. Just in some deep thought.

Lori: What's wrong?

Yuko: Seeing all those sweets on TV reminds me of my past before Godzilla came.

Varie: You can tell us Yuko. We're here for you.

Yuko: Okay.

---

Yuko: (Narrating) **My story was a pleasant one before Godzilla came. I had a loving home and my parents loved me more than life itself.**

Yuko was a child in the year 1999 and she had a loving family in Tokyo, Japan. She loved her mom and dad very much and she was playing with her toys.

Yuko: **But then that horrible day came when we were forced to leave the planet.**

On that horrible summer, Monsters appeared all over the world and destroyed everything.

An image montage shows a horrible spree of destruction caused by all kinds of terrifying monsters of legend all over the world. Kamacuras destroyed New York City, Dogora - a giant hydra-like monster destroyed London in England, Dagahra destroyed Sydney in Australia, Orga destroyed Ankara in Turkey and so on.

Yuko: **We then began to realize that we weren't the masters of our planet anymore. They came to bring an end to the era of humanity. And then in the end our ultimate nightmare appeared. Godzilla. Monster or man, it burned everything in its sight. The Avatar of Destruction.**

Godzilla appeared and he was destroying the city of Los Angeles, California. Somewhere down the way the United States launched a full scale Nuclear Attack on Godzilla and it was completely unsuccessful as it left the east half of the continental United States completely battered with explosion craters from nuclear warheads. Godzilla continued to destroy one city after another. He destroyed all of Paris, France.

Yuko: **The Earth was completely powerless against him and we collapsed and the skies rained down fire. And it wasn't just us that feared his destructive power. That's when the Exif and the Bilusaludo arrived at our world.**

Exif and Bilusaludo Spacecrafts arrived on Earth and they offered to have sanctuary in exchange for helping us kill Godzilla.

Endurph: People of Earth, we are the Exif. We are observers and profits. Your time of destruction is nigh.

Sometime later the Bilusaludo race arrived.

Bilusaludo member: We are the Bilusaludo. Our home planet, the 3rd planet in the Bilusaludia Binary System, was swallowed by an accursed black hole and destroyed. We are requesting immigration to this solar systems 3rd planet. If you accept, we promise to eliminate your worlds greatest threat, Godzilla.

Yuko: **They came to our world and sought it for themselves. But they didn't wait for our paradise to become a scorched wasteland. Unfortunately we were too late. Even with our combined intelligence, Godzilla's tremendous power overwhelmed us completely and we had no other choice but to leave our planet. I met Haruo on our trip out of the planet and he was a young boy when I met him. His parents were killed by Godzilla and he wanted to get revenge on Godzilla for making us leave our planet.**

A Young Harou was with his grandfather and he was seeing Godzilla fire his atomic breath at a ship and it exploded and the fiery shockwave from its explosion blew away the buses that his parents were on. Killing them instantly. This left him devastated. And after that, his devastation soon turned to a lust for Vengeance. He swore right then and there to get revenge on Godzilla for not only the death of his parents, but for forcing what was left of the entire Human

Race to flee our planet.

Yuko: **We were lost in despair and we left our planet, hoping to find another home. But we paid the price for our optimism. In the frozen endless void of space, we were in Hell. It was worse than that of our ravaged planet. We had limited resources. We had little food and water. And the cold of space was inescapable. We fell to disease and some gradually lost their sanity. Our population numbers fell drastically in the blink of an eye. We didn't have the luxury to mourn the dead. Our kindness and pride were now nothing more than a memory. A fairy tale when we took oxygen and water for granted.**

FLASHBACK ENDS

Yuko had tears streaming down her face.

Yuko: (Crying hard) It was a horrible nightmare!

Varie comforted Yuko.

Varie: It's okay Yuko. It's okay. It's not your fault.

Lori: And we arrived 20,000 years into the future and showed how strong we are against Godzilla.

Carol: I remember that. That was one of the most powerful fights we ever had.

Lincoln: It sure was.

Sakura: I'll never forget that fight.

Fu: Me neither. It was intense. But in the end we took back our home planet and won.

Laney: Yeah.

Yuko: (Crying) It hurts so much!

Varie: I know Yuko. I know. We were there and we were told everything. It's awful what you all went through.

Vince: The whole thing was not your fault Yuko. If anyone is to blame it's Godzilla. He destroyed our planet in your time and did this to you.

Aylene: That was awful. I can't believe that Godzilla did all that to you.

Laney: Me neither. It's hard to imagine that he has that much power.

Me: He's not called the Avatar of Destruction for nothing Laney.

Yuko was crying for 20 minutes straight and she fell asleep.

Me: Poor girl. I don't think I've ever seen anyone so broken.

Varie: She has seen more death and destruction than we have.

Danny: It's just awful that she went through all that.

Sam S.L.: No kidding.

Girl Jordan: Yeah.

## Part 3: Lynn's Dark Side.

Lightning and Lynn were in the backyard throwing baseballs into a net.

I was with them.

Me: Lynn I think it's awesome that you and Lightning are in a relationship.

Lynn: Thanks J.D.

Lightning: Lightning loves it man.

Me: You said it.

We high five.

Me: (To the Viewers) Lightning and Lynn have an awesome romance going on. Lynn and Francisco broke up under scandalous circumstances.

(Dramatic Cue (a) Plays)

Me: Here's what went down.

---

Me: (Narrating) **It was at a baseball game. Lynn was pitching at the game and me, Lincoln and Lightning were there to support her. Just as she was about to pitch, that's when disaster struck. The referee came out and said that there were allegations of cheating in Francisco's team and they were immediately disqualified. The fans for his team were outraged and they booed the crud out of them. Although Lynn's team won by default, she was infuriated with Francisco even though he had no involvement in the cheating at all. She punched him in the eye and was about to thrash him into oblivion. But we stopped her and this landed Francisco in the hospital. She broke up with him and Lightning and Lynn started a budding romance after that.**

FLASHBACK ENDS

Me: It was a terrible sight to see that and it was amazing too.

I throw more baseballs into the net.

Lynn: (Groans) I have a massive headache.

Me: What's wrong Lynn? (Gasp)

Lightning: What's wrong J.D.?

Me: I sense a dark force coming out of Lynn! GUYS! CODE RED!

Everyone came out and they saw Lynn in pain and suddenly a blob of pitch black darkness came out of her. It took the form of another

Lynn and this one had evil red eyes.

Lynn saw her and she gasped in shock.

Lynn: Who the heck are you!?

Dark Lynn: Don't be a fool! I'm you. The true you.

Lynn: But how can you be me!? I'm me.

Dark Lynn: I am your dark side and I represent your endless desire to become number 1 all the time and I'm also what you could've been in getting rid of that bad luck monstrosity jinx Lincoln Loud!

We gasped in sheer horror.

Me: You're the living embodiment of the Lynn in the Bad Luck Karma Nightmare!

Dark Lynn: That's right! Just look at how weak you've become!

Lynn: Oh c'mon! I've actually become a better person. You're just mad because I didn't meet your expectations.

Dark Lynn: Got that right! There was never supposed to be a J.D. Knudson. Or a Lightning. Or a Team Loud Phoenix Storm. Heck, you weren't even supposed to have powers. There was only you and your sports career!

Lynn: Oh, I actually still focus on sports. But right now, I'm focusing on getting rid of you.

Lightning (grabs Dark Lynn by the throat): I hope I end up killing you when I pummel you!

Me: Save seconds for me Lightning!

Lori: Me too!

We punch Dark Lynn in the face and kick her in the stomach. Lincoln kicked her in the face and punched her in the mouth and knocked out some of her teeth.

Lynn punched her in the head and she bit Dark Lynn in the arm to the point where she drew blood.

Lynn: You plagued my life for far too long! I would've become an evil monster that destroyed my family and it would be completely ruined all be because of you!

Dark Lynn: Excuse me?

Luna: Dark Lynn. You are the biggest idiot on the whole planet!

Leni: YOU WOULD'VE TURNED US INTO MONSTERS!

Lola: YOU KNOW WHAT?! I DON'T CARE ABOUT YOUR STUPID LUCK ANYMORE! I JUST WANT LINKY TO BE HAPPY!

Lincoln: Thanks Lola.

Rita: DARK LYNN JR YOU ARE GROUNDED FOR THE REST OF YOUR LIFE!

Rita II: Poo poo Wark Wynn! (Raspberries)

Me: You tell her Rita's.

Rita: (Laughs) It feels great having a younger one again but with my namesake.

Dark Lynn: Hey! I'm trying to protect you guys from Lincoln's bad luck!

Lana: LINCOLN'S NOT THE ONE WHO'S BAD LUCK, STUPID! YOU ARE!

Me: You tell her Lana!

Lucy: I WISH DEATH UPON YOU DARK LYNN!

Varie: Whoa! Lucy that's too strong.

Lucy: Sorry.

Dark Lynn: Oh Shut up!

Lynn Sr: Get out of the house Dark Lynn Jr!

Dark Lynn: What?

Everyone: HE SAID GET OUT!

Lori grabbed her by the throat and threw her outside. Surprisingly this Dark version of Lynn doesn't have any powers.

Lincoln: YOU CAN GO DIE, DARK LYNN LOSER LOUD JR!

Dark Lynn: COME OUT HERE AND FIGHT ME!

Lori: (punches Dark Lynn's face) AND STAY OUT!

We slam the door and lock it.

Laney: Nice Shot Lori.

Lori: Thanks Laney.

Roxanne: Way to go mommy!

Lori: Thanks Roxanne.

Lynn: I'm free from my dark side and I'm free from that nightmare!

Me: Yep. Great job guys.

Dark Lynn: (bangs on the door from outside the house) LET ME IN!

Lola: Screw off fart head!

Lana: GO BURN IN HELL!

Aylene: You tell her Lana!

Lynn: (the door starts cracking) I… SAID… LET… ME… IN!

Luan: DAD! THE DOOR'S GONNA BREAK!

Lynn Sr: LUNA, PROTECT LINCOLN!

Me, Varie, Vince, Carol and Yuko went Super Angel.

Luna had a guitar ready and so did Sam.

Dark Lynn: (Breaks the door down) TIME TO DIE YOU LITTLE JINX!

Lori: DARK LYNN! GET OUT OR I'M CALLING THE COPS!

Dark Lynn: SCREW YOU ALL!

(She ran upstairs)

Luna and Sam bashed her in the head.

Luna: Lori! Call the cops!

Lori: I'm talking to them right now!

911: 911 what's you're emergency?

Lori: An evil version of my little sister is trying to murder my little brother. Come quick!

911: Is this some kind of joke?

Dark Lynn: (Heard from the phone) COME HERE SO I CAN WATCH YOU BLEED YOU LITTLE JINX FROM HELL!

Lori: Is that proof enough for you?

911: Yes it is. We're sending a car over there now!

Lori: Okay, thank you!

Luna: (bashes Dark Lynn's head again) Step away from my baby bro you stupid buttlicker!

Vince: You tell her Luna!

Luna and Sam pinned her down.

The cops arrived.

Police: Where is she?

Lynn Sr: She's up there. One of my daughters has her pin down.

They ran upstairs and saw that we weren't kidding. One Lynn Loud Jr. was the good and pure one and the other had eyes that are red with pure evil.

Police: Whoa. They weren't kidding. Dark Lynn Loud Jr. you are under arrest. (Cuffs her)

Me: Make sure she gets what's coming to her.

Police: Will do J.D.

Dark Lynn: No arrest him! (Points to Lincoln)

Police: On what charge?

Dark Lynn: Being bad luck!

Police: Dark Lynn Jr. please. There is no such thing as bad luck.

Dark Lynn: Is to.

Everyone: NO THERE ISN'T!

Police: (Cuffs her) You have the right to remain silent.

They shove her in the car and take her away.

Me: Enjoy your time in the darkness of a Solitary Confinement cell forever.

Leni: Now you're safe Linky.

Lincoln: Thanks guys. But I handled it. Really.

Lynn: I'm so proud of you bro.

Lincoln: Thanks Lynn.

They hugged.

Me: So how do you feel Lynn?

Lynn: I feel great. I feel like the evil inside my heart has been removed from me. I don't know how this happened but it did.

Me: I'm glad Lynn. You've been purified. I have an idea. Lets make copies of Lynn's trophies, melt them down and make them into a trophy for the Greatest Brother Ever for Lincoln.

Lori: That's literally a great idea.

Lynn: It sure is.

We go out into the backyard and we had copies of Lynn's trophies with us and we had a steel mill oven with us. The heat coming from it was amazing. We had to wear heat suits. We had the name on the replica trophies changed to Dark Lynn.

They were ready to melt the trophies.

Lincoln: On three Lana. Ready? 1!

Lana: 2!

Lincoln and Lana: 3!

We melted the trophies.

Lana: Eat that Dark Lynn you cruel mistake!

Rachel: Yeah!

---

In the prison Dark Lynn was in a solitary confinement cell.

Dark Lynn: (senses her trophies have been destroyed) NO! MY TROPHIES! LET ME OUT! NOW!

Police: Quiet down! (Hits Dark Lynn again)

Dark Lynn: (unconscious) All my trophies. Gone.

Police: You never were a winner, if you blame others for your losses.

---

We made it into a replica of the Claret Jug Trophy for The PGA Tour, but instead of sterling silver it's made of gold and it has the name Greatest Brother In The World on it. And it had his name too.

Rachel: I'm happy for you Lincoln.

Lincoln: Thanks Rachel.

They high five.

Dark Lynn's name was now officially mud. She was sentenced to life in a maximum security insane asylum with no possibility of parole. Her mind was so screwed up that she needed to be monitored at all times and she was declared a constant danger to everyone around her and even herself. Enjoy Hell Dark Lynn Loud Jr.

WORTHLESS CRUEL MISTAKE.

Part 4: Assault of The Guys In White.

---

Danny was playing video games with Lincoln and Tucker when his cell phone rang.

Danny: It's my phone. (picks up his cell phone): Hello?

Agent K: Hello, Danny Phantom.

Danny (eyes widen): Agent K?!

Agent K: Glad to know that you still remember us.

Danny: What do you want?

Agent K: Same thing as always. To make sure you and your Ghost

Pals are wiped off of the Earth.

Danny: What are you planning this time?

Agent K: You see, Fenton, ever since we saw Waller's Suicide Squad in action, we came up with a similar yet more successful plan to beat you as we should have done before.

Danny (angrily): If you hurt my family or any of my friends-

Agent K: Relax, Fenton. We're not gonna target them. But things are gonna be different now between you and us. We'll still be at each other's throats, but playing a brand new game.

Danny: I'm already dealing with the Legion of Doom and my own enemies. I don't have time for you or your twisted plans.

Agent K (chuckles): Funny that you should mention your enemies. Which reminds me, we left a nasty surprise for you in a nearby tech building. Consider it a gift from us after so long. I hope to see you there. (hangs up)

Me: Who was that Danny?

Lincoln: Yeah. Who is Agent K?

Danny: He's part of a ghost hunting group called the Guys In White.

Me: I thought we saw the last of them. Apparently they are still at it.

Danny: Yeah. Tell me about it. They want to destroy the Ghost Zone.

Me: That's insane!

Lincoln: Why do they want to destroy the Ghost Zone?

Me: If they do that it will destroy the Earth too. The Ghost Zone is linked to our planet somehow and if they destroy the Ghost Zone it will cause the entire planet to explode.

Everyone gasped.

Danny: I'm gonna see what they're up to.

Me: Okay. Be careful.

Danny: I'm going ghost!

Danny became Danny Phantom and he went to a warehouse.

Me: Volcana you better follow him just to be on the safe side.

Volcana: You got it.

Volcana became a fireball and hid in the shadows.

Danny went into the warehouse and it was there he saw his friends in the Ghost Zone, Klemper and the Shapeshifting Faceless Ghost Amorpho.

Danny: Amorpho. Klemper.

Klemper: Hello, friend.

Danny: Are you two ok?

Amorpho: We're fine. Thanks for the concern.

Danny: Ok. Well, I guess I should rescue you two now.

Amorpho: That's not necessary. You can run along now.

Danny: Look, Amorpho, if these guys are making you and Klemper do this -

Amorpho: Fenton, you need to learn that some people don't need saving.

With that, Klemper freezes Danny in a block of ice as Agent K walks out of the shadows.

Agent K: Excellent work, you two.

Amorpho (glares at him): Keep your thanks, Agent K. We should be going now.

Agent K and Amorpho walked out of the building. Klemper looked at Danny with a remorseful look in his eyes.

Klemper: I'm sorry about this, Fenton. (leaves the building)

Volcana busted in and fired a blast of fire and formed a wall to make sure they don't follow and brought Danny back to the estate.

Me: What happened?

Volcana: It was all a trap set up by the Guys In White. They have these two ghosts under their control. One was a big kid ghost in pajamas and he froze Danny with ice powers and the other was a faceless ghost with red glasses.

Sam M: That's Klemper and Amorpho. They must be using them against their will.

Me: We'll have to thaw him out and explain to him.

Volcana: I'll do it.

Me: And I'll bring out some heavy stuff.

I throw a Pokeball and out came Magmortar.

Magmortar: What's up J.D.?

Me: Danny was frozen in a block of ice by a traitorous band of ghost hunters called the Guys In White.

Magmortar: And you want me to thaw him out.

Me: Bingo. Use your flamethrower on that ice block over there.

Magmortar: Okay.

Volcana and Magmortar fired a blast of fire and thawed Danny out.

Danny was cold and shivering. Lori put a towel on him.

Me: Thanks Magmortar.

Magmortar: No problem J.D. You're a much better trainer than Paul is. He never asks me for help.

Me: Yeah what a monster.

I beam him back into his Pokeball.

Danny: Klemper and Amorpho.

Me: I know. The Guys In White are using them against their will somehow.

Volcana: That's right. I also managed to put a tracer on Agent K before I left.

Varie: Very clever.

Danny: We have to find them and stop them.

Me: And we will.

I pull up my computer and it showed that the tracer lead them to an abandoned warehouse in an abandoned military base in North Dakota that was decommissioned years ago.

Me: The old Stanley R. Mickelson Safeguard Complex in North Dakota? That place has been abandoned since 1976.

Lincoln: That's weird.

Laney: Why would the Guys In White want to use that place?

Vince: It's probably a place no one would ever suspect.

Me: I know. But now we know where they're hiding. Good work Claire. Once we take them down the FBI will handle the rest. Lets go!

We set out for North Dakota.

* * *

Agent K was upset that Danny Phantom got away.

Agent K: You ingrates let him get away!

Klemper: It wasn't our fault!

An explosion blasted a hole through the roof and we arrived.

Me: Guys In White you're under arrest.

Agent K: You lead them right to us!

Me: No. You did. Volcana planted a tracer on you and we're taking you down. The Guys In White are finished!

Agent K: I don't think so. KILL THEM ALL!

A bunch of the agents came and a massive fight exploded out.

Terra: Hulk lets use our combo on them.

Hulk: Hulk like that.

Hulk smashed the ground and Terra fired a powerful blast of fire into the ground.

Hulk & Terra: FLAMING FIST SMASH!

A powerful fiery shockwave blasted some of the men apart. The rest were knocked out.

Amorpho turned into the Lizard and Fuzzy Lumpkins punched him in the face and kicked him in the mouth. Amorpho then turned into Ebon and Rubberband Man punched him in the face. Ant Man and Wasp flew up and removed the bombs from their heads and they were free.

Klemper: We're free!

Amorpho: Indeed.

Nico: Tell me. What kind of people put bombs inside the heads of innocent ghosts?

Agent K: The same people who want the Earth cleansed of ghosts.

Me: Your way of Cleansing the world of Ghosts will ultimate destroy the Earth and kill everyone!

Agent K: I have more friends here.

A Voltorb, a Magnemite, an Exploud, Golduck, Noctowl and a Xatu came out.

Me: A Voltorb, Magnemite, Exploud, Golduck, Noctowl and Xatu.

Nico: I'll take the Exploud, Golduck, Noctowl and Xatu.

Ash: I'll take the Voltorb and the Magnemite. I could use more Electric Pokemon.

Me: Go for it.

Nico threw four pokeballs and they caught them and the red lights turned off and he caught them.

Me: Way to go buddy!

Ash: Pokeballs go!

He threw two pokeballs and they caught the Voltorb and the Magnemite. The red lights turned off and they were caught.

Ash: All right!

Me: Way to go Ash!

Ash: Thanks J.D.

Gale fired a blast of Dark Matter and blinded some of them and Brickhouse pulverized them, Tech formed a net blaster and caught more men and Fade was being chased and he phased through the wall and more men crashed into it and were knocked out.

Brickhouse: You all will pay for your crimes.

Ben became Lodestar.

Ben: LODESTAR!

Me: A Biosovortian!

Lodestar: That's right and we have a magnetic personality.

The Guys In White had guns ready and Lodestar fired a magnetic blast and attracted the guns to him and Lori blew the men away with a powerful blast of wind. She then grabbed one and turned him into a human pretzel.

Me: You literally turned him into a Human Pretzel, Lori.

Lori: I guess I can do that.

Laney tied up the rest of the men.

I punched Agent K in the face and knocked him out.

Suddenly the FBI came in.

Officer: FBI! HANDS ON THE GROUND!

Me: They're all yours good sirs.

The FBI saw that we tied them all up.

Klemper and Amorpho were freed.

The Guys In White were arrested.

## Part 5: Execution of The Guys In White

A few days later we were in front of the Capital Building in Washington D.C. We were executing the Guys In White by firing Squad.

The Guys In White were sentenced to Death by Firing Squad for Treason, Attempted Genocide and Possession of Weapons of Mass Destruction. All Capital Offenses.

Me: Guys In White, you have all been found guilty of Treason, Attempted Genocide and possession of Weapons of Mass Destruction. For these crimes you all have been sentenced to death by firing squad. Do you have any last words before we kill all of you?

Agent K: This world will never be safe as long as ghosts like Danny Phantom and all the scum of ghosts plague the world! I hope you all die!

Me: Not likely.

Amorpho: Isn't a firing squad a little extreme? You could've just put them in that Moon Prison.

Danny: It's either this or let Edzilla have them. This is the more humane option.

Me: All right. Guns ready!

We had our rifles loaded, Fuzzy had his meat gun ready and Nico had Deadshot's guns ready.

Me: Aim!

We had our guns and rifles pointed at their chests and laser trackers were at their hearts.

Me: See you all in Hell. FIRE!

We fired at their chests and they were getting their guts pumped full of lead. Killing them instantly. Fuzzy turned some of the Guys In White into all kinds of really good meat and killed them.

All the Guys In White were dead. Their evil spirits arrived and Nicole sealed them into the Book of Vile Darkness.

Me: Great job guys.

Danny: Thanks J.D.

Me: This will send a message to everyone that if you threaten our country and our planet with treasonous crimes we will find you and we will kill you.

Lincoln: Yep.

We burned the bodies of the Guys In White and threw their ashes into the sun. We had a really good barbecue and cooked some of the meat.

Me: Mmm. You know it kinda makes us feel like we're cannibals eating the Guys In White.

Lincoln: It sure feels that way. But they make really good meat.

Fuzzy: Darn tootin'.

We laughed.

THE END

Another Fanfiction Complete.

This was something I never tried before. A 5-Part Chapter all in one chapter. NicoChan11 gave me the ideas for the lines in this one. Thanks for that man. As usual. Starship Troopers was awesome! I loved the first movie and it was awesome. Bloody and gross but it was awesome. Casper Van Dien did a great job in all three Starship Troopers movies. I got the idea for it out of the blue. I also got the idea for Lynn's Dark Side from a role play that LeeGriffin on Deviantart was doing in the comments of a picture called What is a Sibling Worth where Lincoln was all battered and bloody after a huge brawl with Lynn for putting him through the torment he had to suffer during the events of the Infamous Loud House Episode No Such Luck. Thanks for the Inspiration guys. I hate the Guys In White in the Danny Phantom series. They are a parody of the awesome Science-Fiction comedy movie series Men In Black with Tommy Lee Jones and Will Smith. They wanted to destroy all ghosts everywhere. And I got the idea for the treasonous actions they did from a Danny Phantom Loud House Crossover story. Let me know what you all think. Next up is a chapter for the weather ghost Vortex.

See you all next time.

Starship Troopers series is owned by TriStar Pictures, Buena Vista International, Paul Verhoeven and based on the book by Robert A. Heinlein.

# The Storm of Vortex

It starts in the heart of the city.

Captain America was talking to some people.

Captain America: Look, I know you all have issues with people thinking that you're all freaks. But me and the rest of the Avengers have recently met some people who will most likely treat you all as individuals. Right now, there's an evil ghost out there who can control the weather. And since one of you can control the weather as well, you guys are the perfect people to help me and my friends stop this ghost. So, are you in?

The people that Cap's talking to are the legendary X-Men.

Cyclops (smiles): Steve, you can count us in.

Storm: I will gladly show this ghost who the true weather master is!

Wolverine (smirks): Plus, I've been itching for a good fight!

---

At the estate we are watching TV

Me: Hey Francis how did you and Clayface meet?

Francis: That was a dark time. It was back when I arrived at Royal York.

---

Francis: (Narrating) I was busy robbing banks and I saw a woman hardening up and that's when I met Clayface.

Past Francis: What the heck are you!?

Past Clayface: My name is Clayface. I saw you doing all that and that was cool!

Past Francis: Hey thanks. I've heard all about you over in Gotham.

Past Clayface: Nice to know I've made an impression. Want to team up?

Past Francis: You know it.

Francis: We teamed up and we fought minutes later and it was cool seeing you again J.D.

FLASHBACK ENDS.

Me: That's interesting. Nigel how did you become a member of the Kids Next Door?

Numbuh 1: That's an interesting story. But I'm afraid it doesn't have a happy ending. Before I was in the Kids Next Door, I had hair. It was really cool hair. But Sector Z who were the Delightful Children From Down The Lane burned it all off. I lost all my hair forever.

Ashley: We're so sorry Nigel.

Numbuh 1: I know. It wasn't your fault Ashley. I forgive you and Sector Z.

There was a knock on the door. I answer it and it was Captain America.

Me: Steve what's up?

Captain America: I have some friends here who would like to meet you.

Everyone came and we saw the famous X-Men.

Me: (Gasp) The famous X-Men!

Cyclops: It's an honor to meet you J.D. Knudson.

They come in.

Lincoln: It's an awesome honor to meet the famous X-Men.

Cyclops: Same here Lincoln. We heard a lot about all of your adventures.

Me: Charles Xavier. It's an honor to meet the founder of the X-Men.

Professor X: (British Accent) Same here J.D. It's an honor to meet you too.

Francis: One thing puzzles me.

Me: What's that Francis?

Francis: What's the difference between Metahumans and Mutants?

Me: Metahumans were given powers through numerous conditions. Me and my friends fall into that category.

I pull up my computer and show the differences in Metahumans and Mutants.

Me: Metahumans are people that started out as humans but had been given their powers through different means. Me, Vince and Carol got our powers because of Cosmic Radiation.

Francis: Me and my friends in Dakota City got our powers because of an experimental biohazardous mutagen.

Starfire: I got my powers from Tamaran.

Danny: I got my powers in an accident.

Me: That's right. There are lots of causes that create Metahumans. Nuclear Radiation, Mutagenic Compounds, they're from other planets, Laboratory Experimentations, Laboratory Accidents, Supernatural Gifts, and another cause is the blessings of Mythological Deities like with most of us.

Maria: That's right.

Me: Yep. Mutants are a whole new different matter. They have a very powerful gene in their DNA structure that is called Mutant X. It made them into what they are and gave them awesome powers as a result.

Storm: That's right. We as the X-Men got our powers because of that gene.

Wolverine: It was a strange thing that did this to us.

Laney: Your lives must've been a nightmare.

Shadowcat: They were Laney. People didn't look at us like normal people. Only freaks.

Lori: We know how you all feel.

Me: Yeah. My little brother Naruto was hated because of something that happened that he had no control over. Because of the bias-motivated actions of a corrupted village council and the selfishness and evils of a man that was bent on destroying the planet, he made Naruto into a hated man and an outcast. But thanks to us we stopped that.

Nightcrawler: I heard about that. I'm sorry that happened to him.

Jean Grey: We read his autobiography and it was not only amazing but awful what he went through.

Lori: I'm glad you like his book Jean.

Jean Grey: Thanks Lori.

Jubilee: What happened to him was just pure evil.

Lynn: It sure was Jubilee. Those people are monsters. No offense.

Storm: None taken.

Me: Yeah. It was worse than the bias-motivated actions that put you guys at risk. I think you guys were given your powers like this for a reason and with great power comes a great responsibility.

Rogue: You are definitely everything we heard about sugar.

Angel: That's right.

Leni: You guys have totes been through a lot and what those people are doing to you is wrong.

Lisa: Affirmative. What they do to all of you does not make them human.

Beast: You'll get no argument from me Lisa.

Varie: Yeah. It's just absolutely awful at how they treat you. You guys were given your powers for a reason and they just turn their backs on you all. Bunch of ingrates.

Aylene: You said it Varie.

Me: We also read about the enemies of the X-Men and they pose a huge threat.

Professor X: Yes. My friend Eric became a monster. The man I know is now gone.

Me: I can't believe that Magneto became who he is like that.

Nico: Me neither. He was a good guy and the alluring power of the darkness of evil consumed him until there was nothing left.

Lucy: It's sad and wicked. I may enjoy the darkness but that is sad even for me.

Professor X: That's right. The man I knew all those years ago is gone forever.

Me: I know we can save them Charles. We managed to help some of the Supervillains that we encountered and pull them out of the darkness of themselves. We formed a team of them called the Redemption Squad.

William: That's right.

Maria: It was amazing at what we learned. J.D. and his friends saved us from the darkness of ourselves and put us on the path of light.

Gambit: I'm glad he did.

Wolverine: Same here. He has done so much for the world and helped so many people.

Me: It was what we had to do.

Captain America: Well I'm glad you guys got acquainted. But we just found out that a ghost that can control the weather is running amok in Amity Park.

We gasped.

Danny: Vortex is behind all this!

Me: Vortex? Who is he?

Sam M: He's a ghost that can control the weather. One time he tried to destroy all of Amity Park when Vlad Plasmius tried to make it rainy all the time and perfect for us.

Laney: How did he try to do that?

Danny: He tried to control him with a ghost device that the Observers created called a Spectral Barometer.

Me: That's wicked. Anyway we're not gonna stop him just by sitting here. Lets go!

Wolverine: Wait! Before we go I want to have my memories restored.

Captain America: You sure you want your memories back, Logan? You might not be the same person afterwards.

Wolverine: I'm sure, Captain. Besides, I've been looking for answers for so many years. Getting my memories back will be a huge weight off of my shoulders.

Me: How did you lose your memories Logan?

Captain America: He has an Adamantium Bullet lodged in his head and it made him forget what went down at Three Mile Island.

Me: Three Mile Island? That's an old abandoned nuclear power plant that was shut down back in the 1970's. Also Adamantium is an indestructible metal.

Captain America: That's right. It hit his memories and disrupted them.

Me: Oh man. Lets get him to the lab and help him out.

We go to Lisa's lab and Logan was on an operating table and Lisa was doing surgery.

Lisa: Scalpel.

I handed her said tool.

Me: Scalpel.

She cuts him open and she already found the bullet in his head.

Me: There it is. Whoa. Someone fired a big one into him.

Captain America: They sure did.

Lisa took a tweezers and pulled it out.

Lisa: There it is.

She handed it to me and I studied it.

Me: (Whistles) That's a 50 Caliber Adamantium Bullet. Either someone wanted to kill Logan or they wanted to mess him up bad.

Wolverine's accelerated healing factor made him better.

Me: He has an accelerated healing factor and regeneration. Very awesome.

Wolverine: I remember now.

All his memories came flooding back to him.

We set out for Amity Park. We went to Dakota City first.

---

In Dakota City we arrived at the home of the Hawkins family.

I knock on the door and Virgil answered it.

Me: Hey Virgil. We have a huge problem. An evil ghost named Vortex is attacking Amity Park. He's a ghost that can control the weather.

Virgil: (Gasp) I'll be right over.

Me: Okay.

I left.

Mr. Hawkins: Was that J.D.?

Virgil: Yep. He needs my help with a ghost that can control the weather.

Sharon: Well, you're not going to fight that ghost on an empty stomach!

Virgil: C'mon, do I have to eat your-

Mr. Hawkins: Virgil, eat your sister's homemade food before you help J.D.

Unfortunately he has to put up with his sisters cooking whether he likes it or not.

---

We were flying to Amity Park and Static and Gear caught up to us.

Static: I can take on evil Metahumans but I can't stomach my sister's cooking!

Maria: I'm sure that your sister's cooking isn't that bad.

Richie: You say that now but wait until you actually taste it!

Me: I don't think I want to find out. But I think you're overreacting.

We saw a huge storm over Amity Park and it had the strength and power of a category 5 hurricane.

Me: Whoa!

Lincoln: That storm has a lot of power.

Danny: It's Vortex.

We go into the Eye of The Storm and saw Vortex. He was a green ghost with a tornado tail and he was laughing malevolently.

Vortex: (Evil Laughter) This town (Wheezing) has not and will never stop the weather!

I fired a blast of lightning at him and electrocuted him.

Me: But we can!

Eddy: Ed.

Edzilla looks at Eddy.

Eddy (smirks and gives Edzilla a thumbs up.) Smash!

Edzilla (smirks): ED SMASH WEATHER GHOST! (charges at Vortex)

Jean: If only for a day I wish my inner monster could be just as funny as Ed's.

Lori: What do you mean by that Jean?

Jean: It's a long story Lori.

Edzilla pounded Vortex with a powerful punch.

Scream: Okay, laughing boy, now hold still while we deliver the Coup de Grâce!

Vortex: I (wheezes) hate French food!

Scream: Agh- no, Coup de Grâce, it means, like-

Vortex: It means (wheezes) you're outta here! (chucks her through a building, causing her to land several blocks away)

Scream: (pained) Well, I guess that's one interpretation. (web zips back into the fight)

Jean then suddenly was enveloped in an aura of pure fire and her costume changed and she had wings made of pure fire.

I gasped in pure shock.

Me: Oh man! I've heard a lot about this power!

Lana: What happened to Jean, J.D.?

Me: That power Jean has is one of the most powerful forces in the entire universe. It's called the Phoenix Force!

The level of power we sensed from Jean Grey was unbelievable.

Lincoln: Whoa! It's power is incredible!

Laney: It's completely unreal!

Nico: It's unlike anything we ever faced before.

Vince: Holy cow!

Varie: This power is incredible!

Jean: Yes everyone and I have full control of it. We had a powerful understanding.

Linka: So the Phoenix Force is a separate entity?

Jean: Yes.

Me: This is incredible. I heard that long ago it repaired a powerful artifact called the M'Kraan Crystal and saved the entire universe from total destruction.

Jean: That's right. It would've destroyed the entire universe had it not repair it.

Luan: That is amazing!

Luna: It sure is dude.

Sam S.L.: Yeah.

Lucy: Wicked.

Jean flew up to Vortex with wings made of pure fire and punched him in the face and fired a blast of fire energy at him.

Me: Unbelievable!

Lynn: That is so amazing!

Cyclops fired a powerful laser blast from his vizor and it hit Vortex in the shoulder.

Lana: That was amazing Scott!

Cyclops: Thanks Lana.

Lincoln and Storm flew up to him and fired a blast of lightning. It weakened him somewhat.

Me: Lightning seems to weaken him.

Gabrielle: (British Accent) Lets zap him!

Gabrielle fired a powerful blast of lightning at him and zapped him.

Vortex: You wretched pests!

He fired a blast of lightning at Lincoln, Static, Linka, and Gabrielle. But it made them stronger than ever.

Lincoln: My powers are now stronger!

Linka: Mine too.

Static: Same here.

Ben became Frankenstrike.

Ben: FRANKENSTRIKE!

Me: A Transylian from the planet Anur Transyl.

Frankenstrike: That's right.

Frankenstrike fired a blast of green lightning at Vortex and electrocuted him.

Lincoln: Storm, Linka, Static, Gabrielle. Lets use a powerful combo.

Storm: I think I know what you're about to do Lincoln.

Ash: Let us help too.

Ash went to grab a pokeball but he accidentally grabbed Voltorb and it electrocuted him.

Ash: (Screaming in pain)

When it stopped he was smoking.

Ash: OW! Voltorb!

Voltorb came out and so did Magnemite and Pikachu.

All 5 fired a powerful blast of lightning.

Ash: Pikachu, Electric Orb go! Voltorb and Magnemite, Thunderbolt!

They fired a ball of lightning and a powerful blast of lightning.

Lincoln, Linka, Storm, Gabrielle and Static: STORM OF JUSTICE!

The powerful lightning blast hit Vortex and electrocuted him badly and it exploded. The storm cleared up and Vortex was defeated.

Nicole: Your forecast calls for Cloudy with a 100% chance of being sealed away for all eternity. (Chants an Incantation) Aldruon Enlenthranel Vosolun Lirus-Nor!

Vortex was sealed into the Book of Vile Darkness where he will stay forever.

Everyone cheered wildly for us. It was awesome. We went back home.

In the Hidden Leaf it was a special day for everyone. Today was Naruto's birthday.

Me and Lincoln were walking down the street of the village to Naruto's house and I had a present with me. But I was soaking wet. Lincoln had a present too.

Me: (To the viewers) So today is October 10th, 2018 and its Naruto's Birthday. Naruto's birthday has always been a nightmare for him since the day he was born and he hated this day more than anything. The reason is because of his rough past as a Jinchuriki and rough history with the day of the 9-Tails Festival he never liked his birthday. But now that's no longer the case. He loves his birthday and what kind of brother would I be if I didn't celebrate it with him?

Lincoln: Me too.

In Naruto's house we had a great birthday.

Me: Happy Birthday little brother.

Naruto: Thanks J.D. You're the best bro ever.

Me: Ah you're welcome kiddo. So how does it feel to be 17 years old?

Naruto: It's awesome!

Sakura: I'm happy for you Naruto.

Fu: Same here.

Lincoln: I'm happy too.

Ayame: Same here.

We had a great time.

Lady Tsunade: I'm glad you both could come to Naruto's birthday.

Me: Thanks Lady Hokage. Naruto is part of my family and we always stick together.

Lincoln: That's right.

Shizune: Couldn't have said it better myself.

The X-Men academy was moved to Gotham Royal York. It was gonna be awesome having the X-Men with us.

Another Fanfiction Complete.

Vortex was the meanest weather ghost I've ever seen in Danny Phantom. He is what I would like the call the Antipode of Mother Nature. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. The X-Men are some of my favorite superheroes in Marvel Comics. The movies were awesome! Patrick Stewart, Hugh Jackman, Halle Berry, Ian McKellan, lots of big stars. I loved the animated X-Men series back when I was a kid and it was awesome! Next up is the battle with the evil and ruthless Dark Danny and this is gonna be a wild ride that extends throughout all of the Space-Time Continuum. Also today is Naruto's Birthday in the series. So I couldn't afford to pass up this opportunity to post that. Let me know what you all think.

See you all next time.

# The Revenge of Dark Danny

It starts in the heart of the city.

Paradox: Here we are. Gotham Royal New York.

Azmuth (sees Francis, Kevin, and Duncan heading to the weapons shop): Those are three of Ben Tennyson's new friends. We should meet with them and inform them about what's about to happen.

They walked up to them.

Paradox: Excuse me. Are you three friends of one Ben Tennyson?

Francis: That's right.

Paradox: Allow me to introduce myself. I am Professor Paradox.

Azmuth: And I'm Azmuth of the Galvan.

Kevin: Awesome. It's a pleasure to meet you guys. I'm Kevin.

Francis: Francis Stone.

Duncan: And I'm Duncan.

Paradox: Pleasure to meet you all.

Francis: We've been sent here to get more ghost hunting weaponry for J.D. and our friends.

Paradox: Ah yes. J.D. Knudson. We also need to talk with him.

Azmuth: We'll let you all finish up here and meet you at J.D.'s house.

Kevin: Okay.

They did so.

At the estate we were watching TV.

Jen: So guys I recently found out that I'm more nimble and agile than in my She-Hulk form and I can fit in places that I can't in that form.

Lisa: Shocker.

Luna: Yeah.

Me: Hey T'Challa how did you become the Black Panther?

Black Panther: That is a question that goes back to my childhood and my nation of Wakanda.

His origin story was amazing.

T'Challa was the first biological son of T'Chaka, king of the African nation of Wakanda, a secluded technologically advanced country that contained the only source of the rare ultra-durable metal known as Vibranium. His mother, N'Yami, died a week after giving birth to her son as a consequence of a rare autoimmune disease she had contracted during pregnancy. T'Challa's adopted older brother, Hunter, blamed him for her death.

T'Challa was taught the properties of Vibranium when he was still a kid, and his lessons in royal duty began at age five. When he accompanied his father on border inspection for the first time, T'Challa got lost, but was found by outsider explorer Ramonda. After meeting T'Chaka, Ramonda remained in Wakanda and became a mother to T'Challa. He became the reason why Ramonda decided to stay in the country, and she ended up marrying T'Chaka.

During a ceremony held in the border of Wakanda, T'Chaka was approached by physicist Ulysses Klaw, who attempted to petition for the mining rights of the nation's rare metal called Vibranium. Klaw was backed up by a group of mercenaries, who opened fire as soon as T'Chaka refused. When Klaw's sonic weapon overwhelmed his father, T'Challa ran to his aid. Klaw prepared to kill the young prince instead, but T'Chaka shielded him, and died. After Klaw was disarmed by Zuri, T'Challa took his sonic blaster and maimed the invader's right hand, forcing him to retreat. Not long afterwards, Ramonda left Wakanda abruptly. Only decades later did T'Challa learn she had been kidnapped and brought back to her native South Africa.

When T'Challa was a teen, he was sent on the Wakandan rite of passage to roam the land. He was rescued by a young orphan girl named Ororo Munroe, who used her mutant powers to control the weather to take out his would-be kidnappers. The pair shared a romance and spent much time together, however, T'Challa's duties as a prince prevented them from further exploring their burgeoning mutual attraction.

As a young man, T'Challa traveled to America and Europe for school. B'Tumba, his childhood friend, was sent by his father N'Baza to study alongside him. While in the US T'Challa used the alias "Luke Charles" to remain incognito. It was during this time that he met another student Nicole Adams and the two had a short romance. Another student, Kamal Rakim, was angered T'Challa was dating a white person and attacked the two. T'Challa was forced to defend himself and Nicole and easily took down Kamal and his gang. He gained a Ph.D. in Physics from Oxford University. Being bested at every sport and every endeavor, B'Tumba grew jealous and turned to A.I.M., plotting revenge against T'Chaka's son.

T'Challa came back to perform his duties in his tribe to become a man to lead the country. He was sent to find the sacred Heart-Shaped Herb, whilst searching he was captured by A.I.M., B'Tumba was ordered to execute his friend, but since he couldn't do it, he freed T'Challa and joined him in battling the A.I.M. soldiers. During the combat, B'Tumba was fatally wounded, and after A.I.M. retreated, he apologized to Black Panther before dying.

Me: Wow! That's amazing and awful at the same time.

Black Panther: It is. I was trained from birth in Wakanda and it was a rigorous experience.

Varie: That's a powerful training regimen.

Duncan, Francis and Kevin came in.

Duncan: Hey guys we're back.

Kevin: And I believe we have some friends of Ben here to see him.

In came Professor Paradox and Azmuth.

Paradox: Hello everyone.

Ben: Professor Paradox!

Gwen T: Azmuth.

Me: So you two are Professor Paradox and Azmuth of the Galvan. It's an honor to meet you both.

Azmuth: You too J.D. News about you all has spread throughout the universe and into our dimension.

Me: That's amazing. We had a little run in with your little former assistant Albedo.

Azmuth: Yes. That's what I heard. You all defeated him in Australia.

Chione: That's right. He's now in the Moon Prison with a terrible curse.

Paradox: You all have done so much in this dimension and across all other dimensions across all of time and space. I heard you all defeated the Justice Lords in their dimension.

Varie: We sure did. It was a fierce battle but we triumphed.

Aylene: We have done it all across all of time and space.

Paradox: That's what I've heard. You all have made quite a name for yourselves and your accomplishments have left a huge mark all over history.

Azmuth: That's right. But we have a much bigger problem that has surfaced.

Me: What is it.

?: I can answer that.

Danny, Dani and Lincoln's Ghost Sense activated and in came Clockwork - The Ghost of Time.

Me: Clockwork. Good to see you again.

Clockwork: You too J.D. I'm afraid the situation is terrible. Dan Phantom has escaped from his prison.

Danny and his friends gasped in horror!

Tucker: That evil version of Danny from the future is on the loose again!?

Clockwork: Yes. He's out to get revenge and to finish what he started.

Me: Who's Dan Phantom?

Danny: He's my evil future self from an alternate time.

I pull up his profile on my computer and what it showed us was horrifying. It was an evil version of Danny Phantom, but he was a fusion of both Danny Phantom and Vlad Plasmius together. But he was completely pure evil. We gasp in sheer horror upon seeing this.

Laney: That monster is Danny's future self?

Lola: That's horrible!

Lucy: Wicked.

Me: He's pure evil? How did this happen?

Danny: It was because my family and friends were killed in an explosion at the Nasty Burger.

We gasp again.

Lori: How did that happen!?

Danny: It was an explosion caused by a mixture of sauces at the

Nasty Burger. The Boiler overheated and exploded. Killing all my friends and my parents instantly. I was the sole survivor of that explosion.

Luna: That is terrible dude.

Danny: Yeah. With nowhere else to go I turned to Vlad Masters to make the hurt go away. He honored my wish and used his Ghost Gauntlets to remove my ghost half from me. But my ghost half ripped the ghost half out of him and he merged with it. But the evil in Vlad's ghost half completely overwhelmed him and made him pure evil. As a result he killed my human self and went on a huge rampage that destroyed all of the world except for Amity Park.

We were horrified that Danny in that time would become a major league cruel, soulless, pitiless, remorseless, heartless, scary, ruthless and murderous unstoppable killing machine monster bent on killing all of humanity.

Lincoln: He's a monster!

Linka: He sure is!

Dani: I heard about Dan Phantom. He killed everyone we loved and destroyed our planet. But Danny stopped him.

Danny: I did. He's pure evil and he needs to be destroyed.

Nico: Let me face him. I want to face him Saiyan to Ghost.

May: Nico you can't! It's too dangerous!

Nico: Don't worry May. You all saw me as a Super Saiyan 2 and I managed to find another power beyond it through the power of training hard at 5,000 times Earth's Gravity.

We gasp.

Lincoln: That's incredible!

Goku: Whoa! 5,000 Times Gravity!? That's incredible!

Paradox: Indeed.

Azmuth: Anybody that can train at that level of gravity has to be very strong.

Me: That's right.

Vince: I have a feeling that this is gonna be intense.

Me: You said it partner.

Nico: Yeah. Where's Dan Phantom now?

2015 - Amity Park - Alternate Time.

We arrived in the year 2015 in an alternate time and we saw that much of the planet was now a post-apocalyptic wasteland. The skies were shrouded in darkness and lightning flashed in the clouds. Everyone all over the Earth was completely destroyed. But the only thing still standing was the city of Amity Park which was now an advanced megametropolis and it was being protected in a powerful anti-ghost shield dome. We saw the future and we were shocked.

Me: What happened here?

Lori: This place is now literally a ghost planet.

Laney: No kidding.

Lisa: It's now a post-apocalyptic nightmare.

Me: It wasn't a zombie invasion that did this. It was Dan Phantom.

Lynn: How could he have caused so much destruction?

Clockwork: When Dan killed Danny Fenton, he set about to cause a lot of pain, death and destruction on not just Earth but the Ghost Zone as well. The atrocities he committed were so genocidal that I was ordered by the Observers to make sure that this monster never came into being by killing Danny. That's when I found out that our futures are never set in stone and that everyone has the power to change it.

Danny: It took some heavy convincing.

Sam S.L.: What year is this?

Clockwork: This is Amity Park in the year 2015 in an alternate time.

Me: So we've gone back in time.

Paradox: It would appear so.

Me: This is horrible. At least we didn't leave our mark here.

Varie: Yeah.

?: Well. Well. Just the people I've been wanting to see.

We saw a figure come out and it was DAN PHANTOM! He was an evil version of Danny Phantom.

Me: So you are Dan Phantom!

Dan Phantom: That's right. J.D. Knudson. I've heard so much about you. Too bad you won't live long enough to get to fight me.

Nico: You're gonna pay for everything you've done to this planet!

Dan Phantom: We shall see.

POW!

Nico punched him in the face and went up to him as he was flying.

Nico: I will never forgive you for everything you've done! Now I'm going to unleash my true power.

Nico went Super Saiyan 2.

(Goku Super Saiyan 3 theme Plays)

Nico: You've tormented this planet for far too long. This is now between you and me. Let me show you my ultimate power!

Nico was screaming and his power and energy levels were rising at an exponential rate. We felt his power rise and it was completely unreal!

Me: It's Unreal!

Piccolo: How is he generating that much power!?

The Earth was shaking violently and the lightning in the sky flashed at an intense rate as his power was rising fast. Lightning flickered all over him at a fast rate and his golden hair was getting longer and longer.

Krillin: What power!

Vegeta: Incredible!

Me: Unbelievable!

Fu: I've never sensed anything like it!

Nico's power was still rising fast. Then he screamed and in a massive blinding flash of yellow light he was forever changed. When the light faded Nico was completely different. Nico's golden hair was down to his lower back and his eyes had blue irises around the teal eyes. He had stronger lightning flashing around his body and his power level was now far more powerful than ever before. He was now a SUPER SAIYAN 3!

Nico: (Deeper Voice) I'm sorry that took so much longer than the others. But this is what I call a Super Saiyan 3.

Me: WOW! What power!

Goku: He's now a Super Saiyan 3!? That's incredible!

Trunks: Unbelievable!

Gohan: His power is amazing!

Dan: You are still gonna…

KROW!

Nico kicked him in the face with devastating force at a blinding speed and he punched him in the mouth with incredible force. He was pulverizing Dan Phantom with powerful attacks and powerful lightning was blasting out of his punches and kicks upon impact.

Me: Whoa!

Naruto: This is unbelievable!

Cyclops: I can't sense things like you guys can but this is getting intense.

Me: It sure is Scott.

Nico kicked him in the chest and punched him in the stomach and threw him into the ground where he crashed into it with devastating force.

CRASH!

Me: Whoa!

Dan exploded out of the ground and fired a beam of energy and Nico fired an energy blast and the blasts collided and exploded with incredible power.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it rattled the area.

The explosion blew Dan right into the ghost shield and it electrocuted him.

He flew out and as he was about to hit Nico he dodged and Nico kicked him in the back and sent him crashing into the ground again.

CRASH!

Dan arose from the ground.

Dan: You are strong but I am far more powerful.

Nico: Your arrogance will be your undoing.

Dan fired another energy blast and Nico fired a blast of Red Lantern energy and it hit the blast and exploded into a huge fireball. Nico then fired a blast of lightning and electrocuted him.

Dan used his Ghostly Wail and Nico teleported behind him and fired an energy blast. It hit him and exploded.

Me: He used X.A.N.A.'s powers along with Atrocitus and Electro's powers.

Green Lantern: He sure knows how to fight I'll tell you that.

Me: Yeah.

May was completely in awe.

Nico fired a blast of water from his hand and extinguished his hair. He then fired a blast of ice and froze him. He used Bane's super strength and punched through the ice and bashed him in the face with incredible power.

Nico: You are a ruthless and evil monster that was once a great hero to Amity Park and you destroyed everything we worked so hard to achieve. (grabs the DP symbol on Dark Danny's shirt) You have the nerve to wear this symbol? (rips off the symbol, making Dark Danny hiss in pain) You're no future self of Danny's. You have no right to wear his symbol! The Danny I know is kind, compassionate, and always uses his powers for good. You may have been like that once, but now you're not! You dishonor Danny's legacy by wearing this symbol and you never will again!

Me: You tell him Nico!

Vince: Yeah!

Me: Lets help him out guys!

Everyone: Yeah!

Ben became Clockwork.

Ben: (Swedish Accent) CLOCKWORK!

Me: A Chronosapien. They are a race that controls time!

Clockwork: That's right.

Clockwork fired a time ray at Dan and it aged him and he now looked like he was 100-years old. Xion jumped up and slashed off his left arm. Dan screamed in excruciating pain and Xion landed.

Xion: Lets do a combo on him Scott.

Cyclops: Lets.

Xion fired a blast of lightning and Cyclops fired a laser visor blast.

Cyclops and Xion: THUNDER LASER CASCADE!

The blasts combined and formed into a lightning laser beam and it hit Dan and burned and electrocuted him badly.

Nico: May lets use our combo!

May: You got it.

Nico landed by May.

Nico: KAAAA! MEEEE! HAAAA! MEEEE! HAAAAAAAA!

Nico fired a Kamehameha Wave and May fired a blast of Ice Fire.

Nico and May: ICE FIRE KAMEHAMEHA!

The attacks combined and became a Kamehameha Wave made entirely out of absolute zero fire. It hit Dan and exploded and froze him in a huge crystal of ice as big as a city.

Me: Wow! What power!

Goku: That was incredible!

Vegeta: It sure was Kakarot.

Numbuh 1: Let use our combo T'Challa.

Black Panther: You got it Numbuh 1.

Black Panther fired a blade of black energy and Numbuh 1 fired a laser blast.

Numbuh 1 and Black Panther: LASER CLAW SLASH!

The Laser Blast fused with the Black Energy Blade and went at the Ice block and slashed it in half and it shattered into a million pieces.

Lisa: 2nd elder brother I have something that can nullify his powers.

Me: What do you got Lisa?

Lisa pulled out a box and in it was a dagger with a blade made of a glowing green metal.

Me: Cool dagger.

Lisa: Yes. It's made with the powerful anti-ghost element Ectoranium.

Me: Ectoranium?

Danny: It's a powerful element that can nullify ghost powers.

Me: So this stuff to ghosts is like Kryptonite.

Lisa: Exactly. Once you stab this into Dan he will be completely powerless.

Me: Okay.

I go at Dan and stab him in the shoulder and he screamed in pain as his powers were weakened to a substantial degree.

Me: That's more like it.

Nico: It's time to finish him off once and for all.

Nico went into the air and raised his hands up.

Me: He's using the Spirit Bomb!

Goku: Oh man!

Me: Lets raise our hands up and share our energy with him.

We all did so and a massive blue ball of energy formed and it was as big as the planet Mars.

Nico: It's ready. Everyone move!

Me: Right!

We did so and Nico threw the ball of energy at Dan and he was pushing it back with all of his might.

Nico: This is the end of the road for you Dan Phantom. It's a darn shame.

---

It showed how Danny got his powers and how he became the ultimate force for good as a human ghost hybrid.

Nico: (Narrating) When you were accidentally exposed to the energy from the Ghost Portal you became Danny Phantom. You were a great hero. You saved all of Amity Park from numerous threats and loved all of your friends. Except for some. You were an amazing hero and you saved lots of lives from your enemies.

The Flashback then showed that Danny was overtaken by grief when he lost his friends and family and with no one else to turn to he went to Vlad Master's house and wanted to get rid of his Ghost Half.

Nico: After the accident that killed your family and friends at the Nasty Burger, you were overtaken with grief. You went to Vlad Masters and he helped you out because he sympathized with you. But in the end you paid the price. Your ghost half merged with Vlad

Plasmius and you were consumed by Vlad's evil until there was nothing left. The evil inside Vlad Plasmius turned you into an evil creature and the Darkness overpowered the Light. Dan killed you and after that you became different. You were extremely ruthless. You became a living nightmare to not only Earth but also to the Ghost Zone as well and you delighted in every minute of it. You didn't even show a single shred of decency, remorse, guilt or mercy. You were pure evil incarnate amplified 1,000-fold and you made even the Devil himself look like a saint compared to you. You killed everyone on Earth except for those in Amity Park. Danny managed to stop you before and he sealed you into the Fenton thermos. But you escaped and went back to finish what you started. And that's why it has to end like this for you. You'll have to learn the hard way and know what it feels like to have your life taken away against your will! It's wrong!

The flashback shows all the terrible deeds Dan did and how he plunged the whole planet into complete darkness and ruined everything and destroyed countless lives all over the planet. It then showed how Danny stopped him and how he escaped from the Fenton Thermos and how the events leading up to his fight with Nico and us came into being.

FLASHBACK ENDS

Nico: You will now pay the ultimate price for all the terrible crimes you've committed in both of our realms. But maybe one day you will come back as a better person. I hope. We would like that. But in the meantime you will pay for everything you've done. In this life and the next.

Dan looked on in shock and horror as he knew that his death was upon him. Nico saluted him.

Nico: Adios. Enjoy your time in Hell, Dan Phantom and give the Devil our regards!

The Spirit Bomb powered up more.

Me: Nico!

Goku: Nico!

Vegeta: Bokrua!

May: Nico!

Lincoln: Nico!

Vince: Nico!

Laney: Nico!

An animation shows a broken glass screen with all of our faces in it.

Everyone: DO IT!

The animation broke.

Nico: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

The Spirit Bomb grew bigger and it engulfed Dan Phantom and its power increased dramatically and completely obliterated him in an instant. It went out into the distance and exploded with incredible power.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared there was nothing left of Dark Danny. Not even an atom of him was left and he was gone forever.

Nico powered down and landed on the ground.

Me: It's over guys. Dan's energy signal has completely disappeared. We did it guys! We won!

We cheered wildly! We avenged all the people he killed and even saved the whole world in the alternate time and in our time.

May: Way to go Nico!

May and Nico hugged and kissed!

Me: You were awesome buddy!

Vince: That was awesome man.

Carol: It sure was.

Nico: Thanks guys.

Clockwork: You guys are amazing. I'm proud of all of you.

Me: Thanks Clockwork. But Nico is the true hero here. He saved both our worlds.

---

We went back home to our time and we rested. It was a brutal fight with Dan Phantom but we triumphed. Nicole sealed him into the Book of Vile Darkness forever.

THE END

---

Another Fanfiction Completely.

Dan Phantom was by far the most evil and deadliest ghost I've ever seen in the Danny Phantom Series. He was pure evil beyond its purest form. Eric Roberts did a great job voicing him back in 2005 and that was awesome. But I've been wanting to have Nico demonstrate his full power for all of us. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next is the grand finale of the Danny Phantom series: The Ultimate Fight with Pariah Dark - The King of Ghosts. Let me know what you all think.

See you all next time.

# The Reign Storm of The Ghost King

It starts in the Ghost Zone.

Vlad Plasmius after having been stripped from his Human half and having been banished into the Ghost Zone for all eternity, was looking for something. He already had the Skeleton Key. An ancient and powerful key that enables him to open any door in the ghost zone. Vlad came across Pariah's Castle.

Vlad Plasmius: Ah Pariah's keep. Here I can get my revenge on J.D. Knudson and Daniel.

He went into the throne room and found the Sarcophagus of Forever Sleep.

Vlad: Ah the Sarcophagus of Pariah Dark.

Nico: (offscreen) You sure know how to cause trouble huh?

Vlad Plasmius saw him.

Nico: Vlad Plasmius, I presume?

Vlad Plasmius: That's right and you are?

Nico: My name is Nicholas Chan. But everyone calls me Nico and I'm a Saiyan from Earth. But also I'm the destroyer of Dan Phantom.

Vlad Plasmius: So you are one of Daniel's friends.

Nico: That's right.

Vlad Plasmius: And (Shocked) wait what!? You killed that monster future self of Daniel!?

Nico: Yeah. I did. He paid for everything he did in the alternate time of 2015.

Vlad Plasmius: You have no idea how evil that creep was then! But thank you.

Nico: Keep your thanks. I know what you are intending to do. You're gonna release Pariah Dark and start the war!

Vlad Plasmius: (Unconvinced) What war?

Nico: Maria had a terrible nightmare about the return of Pariah Dark and how he will come after us to get revenge.

Vlad Plasmius: So you got his warning. That's good. Now things are gonna be different. Once I acquire the Ring of Rage and the Crown of Fire, I will be a god and you won't be able to stop me ever! (Evil Laughter)

Nico: Really? (Pulls something out of his pocket) Is this the Ring of Rage and the Crown of Fire that you need?

He had a green ring with a skull on it and a green flaming crown.

Vlad Plasmius: What!? How did you get those!?

Nico: Brittney took me in here and gave them to me. You want them you'll have to take them!

Vlad Plasmius: I'm afraid I'll let Pariah deal with you.

Nico: Vlad, No!

He walked up to the Sarcophagus and put the key in the lock and it was opened. The Ghost King - PARIAH DARK - WAS AWAKENED!

Pariah: WHO DARES!? (Sees Vlad) You again!

Vlad Plasmius: That's right.

Nico: Pariah Dark! The King of Ghosts!

Pariah: That's right Human and now you will perish!

Nico: I think not!

Nico fired Father's powerful fire blast at Vlad Plasmius and burned him badly.

Pariah: You have my ring and crown! Give them back to me!

Nico: You want them? COME AND GET THEM!

Nico used Instant Transmission and beamed out of the Ghost Zone.

Pariah: NO!

Pariah Dark called all his soldiers and the war was about to begin.

---

Nico arrived back home.

Nico: We better get ready!

Nico ran upstairs fast and he came into the living room.

Nico: Guys we got big major trouble!

Me: What is it Nico!?

Nico: Vlad Plasmius released Pariah Dark!

We gasped in sheer horror!

Me: The War has begun!

Suddenly an alarm happened and I open a statue of a lion and pressed a red button. A screen flipped over from a picture and it was a radar that showed a huge number of ghosts heading towards our Ghost Portal.

Me: Uh oh! It's a massive Ghost Exodus. We have a massive Ghost Invasion on our hands.

I pressed a red button and the alarms sounded in the estate and all over Amity Park.

We go down into the lab and stood in front of the portal and saw a huge bunch of Ghosts come through. It was all of the ghosts in the

Ghost Zone and they were running in fear. I run to the radio and post an emergency broadcast.

Me: (On the PA) Attention citizens of Gotham Royal York and Amity Park! This is J.D. Knudson! We have a Code Red Omega Ghost Invasion! This is not a drill! I repeat this is not a drill! The evil King of Ghosts, Pariah Dark has now returned and we strongly believe that he is trying to finish what he started in the past when Danny Phantom defeated him. We have a major emergency situation that's put our entire town and planet and city in terrible danger!

Lincoln: I'm increasing the Anti-Ghost Shield to fit the entire city.

He pushed some buttons and the Ghost Shield now covered the entirey of the city.

Ben: J.D. This is it. This is what Maria had a nightmare about. We're gonna need everyone on this!

Me: You read my mind Ben.

I called in everyone we know and I called in our friends and comrades. The entirety of the Kids Next Door, The Teens Next Door, The Sinestro Corps, The Avengers, The X-Men, The Teen Titans, The Skylanders, The Green Lantern Corps, The Blue Lantern Corps, The Indigo Tribe and The Justice League were all called in.

Once all of our forces have been assembled I let everyone knew about the situation. Also some of Danny's enemies and allies were helping us. We also had Pandora - who is the Ghost Zone's varient.

Me: Now we're going into war against the evil King of All Ghosts - Pariah Dark. I know his name has sparked terror into the hearts of all of you in the Ghost Zone. But with our combined power we can take down Pariah once and for all and rid the Ghost Zone of his reign of terror.

Varie: So are you all ready?

Everyone cheered!

Me: Danny send the word.

Me and Danny formed a video window in the Ghost Zone.

In the Ghost Zone, Pariah was gathering all of his forces for the fight to retrieve his Ring and Crown.

The viewing window came.

Me: Pariah Dark.

Pariah: The famous J.D. Knudson. How nice of you to grace my presence child.

Me: Save the formalities Pariah. I hereby declare war on you! So get ready Pariah Dark. Your days of terrorizing our worlds are over! See you on the Battlefield!

The message went away. We stood ready in front of the Ghost Zone Portal.

Me: Ready guys?

Vince: We're with you all the way partner.

Carol: That's right.

Nico: Lets get him guys.

Me: Lets go guys!

We go into the Ghost Zone and flew out to Pariah's castle.

We had all kinds of attack ships and more ready for the fight. We also were armed with laser weapons and all kinds of devices.

The Battle that will decide the Fate of Earth had begun.

---

At Pariah's Castle we arrived and saw that he had millions of skeleton shoulders ready for the fight.

Me: There it is!

Brittney: This is gonna be an epic fight.

Jared: It sure is.

Lilly: This one will be one like no other.

Nicole: We're ready for anything!

Me: All right! ATTACK!

Lily sounded the charge horn and we flew in and fired energy blasts, lasers, and elemental blasts at the soldiers. We drew our weapons and a major clash and fight began. Massive explosions of different elements and powers blew apart the land. Dora fired a fire blast and burned them in her dragon form. Carol fired atomic rays and gravity lightning and micro-oxygen rays at them and blew them apart in fiery explosions that turned part of the land into a huge sea of fire. Ember fired energy blasts from her guitar and threw blue fire hair blasts. Ben turned into Big Chill!

Ben: BIG CHILL!

He and Chione went intangible and phased through the soldiers and froze them in ice. Chione fired a huge blast of endothermic ice fire and froze them. Xion and Sora fired light blasts from their Keyblades and blew some of them apart. Aqua, Terra and Ventus fired a huge blast of lightning and blew them apart. Cyclops fired laser visor blasts, storm fired lightning and tornado blasts, Beast and Wolverine slashed them, Jubilee and Ronnie Anne fired fireworks streams, Angel flew in and bashed some of their heads off, The Skylanders fired all their attacks and fought them, It was a massive and brutal assault that shook the entirety of the Ghost Zone to the core.

Skulker and Technus then fused together. They became SKULLTECH!

Technus: Now we as Skulltech will destroy you!

They fired energy lasers and missiles at the soldiers.

Nico fired a powerful blast of fire at the soldiers and burned them real bad and they disintegrated into ashes.

It was an extremely savage and brutal onslaught and the kill count was continuing to rise at an accelerated rate. Laney wrapped up the soldiers in her plant powers and slammed them into the ground. Rachel fired sound blasts at the soldiers and blew them away. The Lantern Corps fired Yellow, Green, Blue and Indigo light blasts at the soldiers and blew them apart. The Kids Next Door and the Teens Next Door fired laser blasts and blew them apart.

The Redemption Squad was having their share of the fight.

Captain America: J.D. lets do a combo!

Me: You got it Steve!

We slammed on the ground with devastating force!

Me and Captain America: ANGELIC SOLDIER PUNCH!

A powerful shockwave blasted the soldiers apart and Lana, Lola and Lila fired Ice and Fire blasts and melted and incinerated them.

Lincoln and Static fired lightning at them. Permafrost froze them in ice and shattered them. Francis fired fire blasts, Teresa fired sonic blasts, Venom and Clayface pulverized them into dust. Breach used her portals and beamed them into the Sun. Rex built a powerful sword and slashed them. Cricket jumped onto the soldiers and pounded them. Sonia, Rocky and Kathy helped beat the soldiers in their monster forms and the Were-Shark girls were chomping them. It was all an extremely fierce, savage and relentless onslaught.

We defeated all the soldiers in 2 hours and it was a brutal and savage fight. But it was an opening act for the evil Pariah Dark himself!

Pariah Dark came out and he was ready to fight us.

Me: Pariah Dark. So we meet face to face at last.

Pariah: Yes it would seem J.D.

Maria: That's him J.D. That's the ghost I saw in my dream!

Sam M: He's still as ugly as he was before.

Tucker: He sure is.

Me: You're gonna pay for everything you've done Pariah. I will never forgive you for all the pain and suffering you've caused to both our worlds!

Pariah: Very well! I accept your challenge!

I go Super Angel God and Nico goes Super Saiyan 3.

Me: Lets take him on together Nico.

Nico: You got it.

We went at him and punch him in the face and he there his mac at us and I grab it and throw it back and it hit him in the chest and we kick him in the stomach and we dealt him all kinds of teamwork attacks. We punch him in the face and kick him in the chest, stomach and face. We both punch him in the stomach at the same time and he belched out a huge amount of ectoplasm.

Me: Nico lets use our combo!

Nico: Right.

Nico charged up a x10 Kamehameha and I charged up a Final Shine Attack.

We merged our attacks.

Me and Nico: FINAL SHINING KAMEHAMEHA!

We fired a powerful blast of red and green energy and they hit Pariah and sent him crashing into his castle where it exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it completely obliterated the castle and reduced it to nothing. Out of the rubble arose Pariah Dark and his power was totally drained and his clothes were shredded and he was badly burned and bleeding ectoplasm profusely.

Nico: Whoa! He's really tough.

Me: He sure is but his power has been severely crippled. Let me finish him off.

I raise my hands into the air and formed a Spirit Bomb.

Me: Everyone, share your energy with me!

Jared: The Spirit Bomb! Lets give him our power for it!

Everyone did so and the Spirit Bomb was as big as the planet Jupiter.

Me: This is awesome! Now it's time for you to pay for your crimes Pariah Dark!

Nico: Get him J.D.!

Me: With Pleasure.

Pariah saw the massive energy ball and he was petrified with pure fear.

Me: This is it!

I threw the massive Spirit Bomb at Pariah Dark. He tried to push it back but it was far too powerful and it completely obliterated him in an instant and not even an atom of him was left. It went out into the distance of the Ghost Zone and it exploded with incredible power.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We won the fight. I fell to the ground exhausted.

Me: (Panting) It's over. We did it.

We all cheered wildly. The war was over. Pariah Dark was gone forever and he will never terrorize our worlds ever again.

---

We were thanking everyone.

Me: Thanks for helping us all.

Skulker: Keep your thanks. But this doesn't mean that we will help you all again.

Me: Well then. You and Technus have a 10 second head start.

They got away.

Box Ghost: This was all amazing!

Klemper: It sure was friends.

Ember: This was so awesome destroying the Ghost King.

Breach: It sure was. We got rid of the most evil ghost in the universe.

Me: We sure did.

Numbuh 5 (to Cree): Thanks for deciding to help us, sis.

Cree: No problem, Abby. That's what family's for.

Frightwig: I hope we never have to fight another ghost like him again.

Venom: We know.

Me: Yeah. Lets go home.

We did and got some hard earned rest. The fight was over and the war with the ghost king was over. Vlad Plasmius was now forever sealed into the Book of Vile Darkness for all eternity.

THE END

Another Fanfiction Complete.

The Danny Phantom Series is finished. Now it's back to regular chapters. This was by far the most action packed chapter me and Nico did together. Thanks for the ideas man as usual. The Ghost King, Pariah Dark was one of the deadliest enemies of Danny Phantom and Brian Cox did a great job voicing him back in 2005. Let me know what you all think.

See you all next time.

# Connor's Humiliation

It starts with us in the kitchen making our breakfast. The doorbell rang.

Me: I'll get that.

I go to the door and answered it. It was Nico.

Me: Hey Nico.

Nico: Hey man. My mom and dad went to work so I brought my little bro over.

Me: No problem. Hey Connor what's up?

Connor: Not much. Just learning some new pranks.

Me: Cool. We were just eating breakfast.

Connor: Nice.

Nico: We haven't had a good laugh in a while because we've been fighting ghosts.

Me: Yeah.

Connor: (In his head) I know just what to do.

---

Me, Lightning and Lynn started off our breakfast.

Lynn: Nothing helps build up muscle mass than raw eggs.

She put raw eggs in 3 glasses for us.

Me: Well bottoms up.

We drink them and Lightning and Lynn loved it but I had problems swallowing them and they tasted awful. But I swallowed them.

Me: Oh yuck! That tastes awful! Lynn I don't know how you do it but that is awful.

Lynn: You get used to it over time.

Me: That's easier said than done.

Connor: Here J.D. wash it down with some milk.

Me: Oh thanks Connor.

I chug the carton and the milk tasted really spicy and I swallowed it and my mouth was on fire!

Me: Whoa! (Laughs) The old spicy milk gag! That's a good one Connor!

We laughed.

Lynn: He got you good J.D.!

Me: He sure did!

Connor: It's one gag that spices things up! (Laughs to rimshot)

Me, Luan and Eddy laughs.

Luan: That was a good one Connor!

Me: (Laughs) That was funny! But Connor I love nuclear hot spicy food. It's awesome stuff. Not bad, Connor. But it takes a lot to surprise me.

Connor: Oh.

We go to the table and I had a plate of pancakes and when I sat down I made a fart sound.

FART!

We laughed.

I pulled out a whoopee cushion from under me.

Me: (Laughs) That was a good one Connor!

Connor: That one was a gas! (Laughs to Rimshot)

Everyone laughed.

Luan: (Laughs) Good one Connor.

Eddy: (Laughs) That was too funny.

As everyone was eating breakfast Connor spiked Nico's drink with super strong laxatives.

Nico was given his drink and he drank it and went intangible and the drink went through him.

Nico: Nice try Connor. But you're gonna have to do better than that to prank me.

Connor: Aw man.

Me: What did he do?

Nico: He spiked my drink with powerful laxatives.

We laughed.

Me: The old laxative-spiked drink trick. Always a classic. But that hurts your digestive tract.

Lori: Ugh. Don't remind me.

Luan: That was one you couldn't lax up! (Laughs) Get it?

Most of us laugh while everyone else groans.

Me: (Laughs) That was funny!

Varie: (Laughs) Good one.

Lynn Sr.: (Laughs) Good one.

Nico had a lot of pancakes and by that I mean A LOT! He had 50 plates done.

Me: Boy Nico you eat a lot of food.

Nico: I know. We Saiyans have a mondo appetite and we eat a lot of food.

Goku: It's true guys. We eat a lot and we have to maintain our strength with food and a healthy dose of training.

Nico: That's right Kakarot. We Saiyans live for the fight but we love to eat.

Goku: (Laughs) That's true.

Vegeta: It is Kakarot. We live for the fight.

Krillin: You're telling me.

Bulma: Yep.

Naruto: You guys eat as much as I do.

Sakura: I believe it.

Lincoln: We all do.

---

We went on with our daily routines.

Nico was heading up to Lincoln's room. But when he opened the door a bucket full of fish heads fell on him.

SPLAT!

Me: EW!

Lincoln: Fish heads? Really Luan?

Luan: That wasn't me Lincoln.

Connor: That was me. It's one fishy development. (Laughs to rimshot)

Me: (Laughs) That was a good one. He got you good huh buddy?

Nico: He sure did. I can kill Plasmius, Dark Dan, and the Digimon Emperor, but I can't avoid a prank from my own little brother? Why me?

Me: I think it's funny.

Vince: It sure is.

* * *

Maria was about to get into the swimming pool when a bucket full of pink paint fell onto her.

Maria (turns into her water form to get rid of the paint): Nice try, kiddo.

Connor (pouts): Aw man!

Carol: It was a good try though.

Cleo: It sure was.

* * *

In William's room, William was about to go to his desk and when he sat down, he farted.

FART!

William (sits on a whoopie cushion and it goes off): Ha ha ha. Very funny, Connor.

He pulled a whoopee cushion out and Connor laughed.

Connor: (Laughs) That one was a gas! (Laughs)

Venom: He sure got you good buddy.

William: He sure did.

* * *

Laney went to her closet but she knew of Connor's pranks and she formed a plant shield and a spring-loaded boxing glove punched the shield as she opened the door and it broke against the shield.

Laney: Nice try Connor. But Luan did all kinds of deadly April Fools Pranks and I always have countermeasures ready just in case.

Connor: Aw man. But that shield was cool.

Laney: Thanks.

* * *

Connor then dressed Poromon up as a clown.

Connor: You look good Poromon.

Nico: (Laughs) Poromon you look awesome as a clown.

Poromon: Thanks Nico.

* * *

Connor was about to pull a prank on Stewie, Eddy and Luan but as he was about to prank them he saw that they were robot dummies.

Connor: What!? Decoys?

He saw Eddy, Luan and Stewie hiding in the closet and they had slingshots with water balloons in them.

Lynn got behind him and pulled his pants down.

They fired and pelted him with water balloons full of nacho cheese sauce.

SPLAT SPLAT SPLAT SPLAT SPLAT!

Connor: (Slurps) Nacho cheese sauce?

Stewie: Sure is nacho cheese huh? (Rimshot)

Eddy and Luan laugh.

Luan: That was a good one Stewie.

Eddy: (Laughs) That was funny!

Brian: (Laughs) That was a good one Stewie.

Stewie: Thanks Bri.

Connor (to Eddy): Man Eddy. You, Luan, and Stewie got me good!

Eddy: Of course we did.

Stewie: I was the one who built the robot decoys of us.

Me: They got you good Connor.

Connor: They sure did. Lynn pantsed me.

My watch beeps.

Me: Oh it's time for another humiliation session on the Griffin's.

Connor: Oh yeah! I have some awesome pranks for them!

Eddy: Can't wait to see them Connor.

Me: All right. Man we haven't had a good humiliation session with them in a while because we've been so busy fighting ghosts.

Rachel: I know. It was an epic fight though.

Me: It sure was Rach. Lets head to the heart of the city.

We head out to the heart of Gotham Royal York.

* * *

On a nearby building we decided to do an awesome entrance. We were swinging on vines and we threw all kinds of rotten fruit and watermelons and we threw rotten eggs and pies at the Griffin's. Lois threw rotten tomatoes at them and they smelled horrible. We let go of the vines and did some acrobatic moves and landed in front of the crowd and they held signs that said 10 and 9.5 on them.

Me: Thanks guys. We stuck our dismounts.

Varie: We sure did.

Me: Yep. Hello Griffin's. Sorry we haven't humiliated you in a while. We've been so busy fighting ghosts.

Peter: Well you all should be sorry for all those pranks!

Me: Shut up Peter!

BURN!

Everyone: Ooooohhhh!

Meg: Nice one J.D.

Sidney: If it's one thing I hate more then bullies, it's child abusers!

Peter: Oh, look who's calling the kettle black! You're the one who attacked that Fenton kid!

Sidney: But that's because I thought he was a bully! And I apologized to him for it! But you and your wife knew that you were abusing your daughter and never even apologized for it! Or is it your former wife? Because the woman next to you is a dark version of her and-

Nico: Easy buddy. Don't think about it too hard.

Sidney: Thanks Nico.

Nico: You're welcome. Okay Connor. Since this is your first humiliation with us you get to have first crack at them.

Connor: Thanks bro. I have something awesome planned. But put these on them.

He hands us blindfolds.

Me: Blindfolds?

He whispers what he has planned in my ear.

Me: Ooh that's awesome Connor. You're a genius man.

Connor: Thanks.

I put the blindfolds on Peter and Bad Lois and we had a nasty prank set up. We had a huge bed of nails in front of them along with some red-hot burning coals.

Me: Oh man! This is awesome!

Varie: Oh yeah!

Connor had a cattle prod with him and he handed one to Rachel.

Rachel: This is gonna be funny.

Me: This is gonna be good Rach.

We unchain them and Peter and Bad Lois went onto the nails and a lot of them went through their feet. It hurt like the dickens and they were screaming in pain.

Lincoln: Oh man! That's gonna leave a serious mark!

Laney: Ouch!

Lola: That is a fitting prank for them.

Lana: I think this is cool!

Lila: It sure is.

Janeen: This is gonna be awesome and funny.

Luan: You said it Janeen.

Rachel and Connor prodded them and they kept walking.

Me: I would call this a form of torture but to us it's funny.

Varie: You said it hon.

Aylene: This is really funny.

They got to the red-hot coals and they walked on it and it was blazing hot and it made sizzling sounds as they walked. It was horrible. They screamed in excruciating pain as they walked. We poured blazing hot coal into their pants and their butts were on fire.

Peter: (In Pain) IT BURNS!

Me: Oh course it burns stupid.

They got to the ends and we put their feet in buckets full of kerosene and then it exploded.

BOOM!

The buckets exploded and their feet were badly singed and toasted. They screamed in horrible pain as their feet fell off.

Nico: That must've hurt.

Lucy: Wicked.

Flora: That was funny though.

August: Yep.

Rachel: We sure showed them.

Laney healed them and we tied them back up to their posts and did another prank. We put super strong wax on their backs and had leather strips on them.

Me: Ready guys?

Rachel: Ready.

Me: Okay. Make a wish Griffin buttfaces!

We pulled the wax off and it was like super glue duct tape and it was really painful as it pulled their skin off. They both screamed in excruciating pain.

Everyone winced as they heard the wax get pulled off.

Lori: YIKES! THAT MUST'VE LITERALLY HURT!

Leni: TOTES!

Lynn: OUCH!

Eddy: Man that's gotta hurt!

Musa: No kidding.

Bloom: Ouch!

Penny L.: That hurt.

Lisa: Hurt is a word that's an understatement younger sibling.

Lily: No kidding.

Sidney: Let me try something.

Using his powers he brought a bottle of hot sauce over and squirted it into their eyes and blinded them as they screamed in pain.

Sidney: That will teach you bullying parents a thing or two.

Star: You said it Sidney.

Lana: Hey I got something.

Lana walked over to them and built a special platform above them and on the platform was a bathtub filled with boiling hot tar and she had bags full of chicken feathers.

Lana: Say your prayers Griffin's.

Lana poured the tar on them and it burned them bad and she poured feathers all over them.

Me: Tarring and Feathering. One of the oldest forms of public humiliation in the book.

Nico: Yep.

Connor: Here's a good one.

Connor went up to them and held a megaphone up to Peter's ear at point blank range. He had an airhorn at the megaphone and he had noise-cancelling ear muffs on.

Me: Plug your ears guys!

We all did so.

Connor honked the horn.

HHHHHHOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The horn blast was so loud that it shattered Peter's ears beyond all form of repair and they bled like crazy! He was screaming in pain.

Me: Wow! That was loud!

Eddy: No kidding!

Luan: It sure honked the horn! (Laughs) Get it!

We laughed at Luan's joke.

Me: That was a good one. I hope his prison money will cover his ear-replacement surgery.

Linka: One can hope.

Lincoln: Yeah. By the way Meg, what happened to Connie and her cronies after we blew up Quahog?

Meg: They were moved here. After we blew up Quahog they were disowned by their families and made homeless. They now live on their own and go to another school. However they were made outcasts there.

Luna: Yeah. They go to our school and nobody is gonna help them.

Me: I would call that poetic justice.

Meg: Me too.

We then went back home. It was a great humiliation as always.

THE END

See you all next time.

# A Loud and Ed in The Bush

## Part 1: Killing an Insane Luthor

---

In the simulator Me and Nico were doing an exercise and Lincoln and Linka, Vince and Carol were in the Control Room. The Simulator activated and we found ourselves in a prison hallway looking at a Lex Luthor that was ONE INSANE NUT! He was in a solitary confinement cell. He was being confronted by Batman.

Batman: Whatever you do, wherever you go, I will be watching you.

Lex: Oh, look at us. This is how it all caves in. Civilization on the Wayne Manor's out the window. But who would believe me? I… I. I'm insane. I'm not even fit to stand trial.

Batman: That's right. We have hospitals who treat the mentally ill with compassion. (Lex Chuckles Nervously) But that's not where you're going. I've arranged for you to get a transfer to Arkham Asylum in Gotham. I still have some friends there and they're expecting you.

Lex: But the bells already been rung.

In the halls we were waiting and I was loading a huge 50 caliber pistol.

Me: (whispering) Boy this Luthor is one seriously (Censored) up piece of (Censored).

Nico: (Whispering) Tell me about it. What are you gonna do to him?

Me: I have a special bullet with his name on it. It explodes on contact.

I pull out a 50 caliber bullet and carved on one side of the shell was his name Lex Luthor and the other side was B.I.H. and it had the star of Satan on it.

Me: This bullet has his name on one side and the other has B.I.H.

Nico: What does that stand for?

Me: It means Burn In Hell.

Nico: Nice.

Lex: And they've heard it. Out in the dark among the stars. Ding dong, the God is dead.

Batman punched the wall and burned a bat shape hole into it.

We go up to him.

Lex: The Bell cannot be un rung! He's hungry and he's found us and HE'S COMING!

Me: You would like that would you Lex?

Lex: Who are you?

Nico: You're executioners. And has anyone ever told you that you talk like Edward Nygma - the Riddler?

Me: We've come to kill you Lex.

Lex was laughing. I had my gun pointed right at his head in between his eyes and a laser was on him.

Lex: You can't kill me. I'm insane.

Me: You're worse than that Lex. You're one seriously (Censored) up piece of (Censored) (Censored). People like you deserve only one place and that's in the darkness of Hell, burning for all eternity. In my opinion, Arkham is too good for you and Eternal Damnation is what you deserve. Give my regards to the Devil when you see him and say hi to all the bad guys we killed.

I pulled the Trigger.

LOUD BANG!

The bullet blew his whole head right off his body and killed him instantly. Splattering his brain matter and blood all over the walls. His headless body fell to the floor and blood poured out of him.

Me: Burn in Hell you psychopathic (Censored) son of a (Censored).

I pick up the shell casing and we teleport out of there before the guards arrived and Nicole sealed him into the Book of Vile Darkness.

We left the Simulator and everyone cheered for us.

Lincoln: That was awesome J.D.!

Me: Thanks buddy.

Carol: That Lex Luthor was really screwed up.

Vince: No kidding but he deserved to be put out of his misery.

Me: He sure does.

Nico: You know J.D. it feels weird that we're defending Lex Luthor's image.

Me: It does but one Lex Luthor is plenty. The rest deserve to die.

Lincoln: You got that right. The Justice Lords Lex Luthor deserved to be killed.

Me: You said it buddy.

Nicole: He sure deserved it though.

Vince: Yep.

Part 2: Urban Ranger Camping.

---

Maria, Carmen, Jonny, Jimmy and Rolf are heading into the woods.

Maria: (To the Viewers) Rolf and the Urban Rangers are heading into the woods for their Camping excursion and I was asked to come along to make sure that Carmen is gonna be okay. It's her first time camping and as an older sister I have to look out for her.

They went into the forest and they set up all of camp. Rolf built a concrete brick chimney. Jimmy, Jonny and Maria were deciding where to place Rolf's chair.

Maria: How about right here Jimmy?

Jimmy: It's perfect Maria.

Carmen: I like it. Captain Rolf what do you think?

Rolf: It looks perfect there Rangerette Carmen. Now lets go start a campfire.

Carmen: Yes sir Captain Rolf.

Carmen pushed a lever and put a plug in and an artificial fire was on.

Rolf: Good work Rangerette Carmen.

Carmen: (Salutes) Thank you Captain Rolf.

Later that night they were sitting in front of the fire.

Jonny: There's something magical about flames that makes you want to stare at them all night huh Plank?

Carmen: You said it Jonny.

Maria: This is so much fun huh?

Rolf: You know what would be perfect for this Rangerette Carmen?

Carmen: What Captain Rolf?

Rolf: A good song.

Carmen: I have one, after a long day of camping, it's nice to unwind with a nice, relaxing campfire song. I call this one "The Campfire Song Song". Let's gather 'round the campfire, and sing our campfire song. Our C-A-M-P-F-I-R-E S-O-N-G song. And if you don't think that we can sing it faster, then you're wrong. But it'll help if you just sing along…

Jimmy **:** Bum! Bum! Bum!

All three **:** [Jonny slightly behind Jimmy and Carmen in the words] C-A-M-P-F-I-R-E S-O-N-G song! C-A-M-P-F-I-R-E S-O-N-G song!

Carmen: And if you don't think that we can sing it faster, then you're wrong! But it'll help if you just sing along…

Jonny **:** Sing another song…

Carmen: C-A-M-P-F-I-R-E S-O-N-G song! Jimmy!

Jimmy: SONG! C-A-M-P-F-I-R-E…

Carmen: Maria and Jonny! [sings] Good! It'll help… it'll help… if you just sing along! [Carmen smashes his ukulele like a guitar at the end of a rock show. Jonny does the same with his drum set] Oh yeah! Ahh, now, wasn't that relaxing?

Maria: It sure was. You're a great singer Carmen.

Carmen: Thanks sis.

Rolf: And here's your badge for a great campfire song.

Carmen: Thanks Captain Rolf.

Maria: Lets see how it compares to this.

She pulls out a clarinet and plays.

Carmen: (Panics) Oh no! (Grabs a marshmallow) I'll save you sis!

She fires a marshmallow from a slingshot and it goes into Maria's mouth. Maria falls over.

Carmen runs over and grabs the Clarinet and tosses it away.

Carmen: Sis are you okay? That's it. That's it. Chew, chew and swallow.

Maria chews up the marshmallow and swallows it.

Carmen: There. Better?

Maria: Better!? I was just fine until you launched that ballistic junk food into my windpipe!

Carmen: But I had to! It's too dangerous to play the Clarinet badly out here in the wilderness. It might attract… (Into Maria's ear) A mutant bear.

Maria: A mutant bear? You mean like the ones on my favorite show Total Drama?

Carmen: That's right sis.

Jimmy: We saw them in the Gotham Royal York Enquirer. (Holds up said tabloid magazine)

Maria: "I married a Mutant Bear"?

Jonny: Yeah and Fake Science Monthly. (Holds up said Tabloid Magazine)

Maria: "Mutant and Unicorns are real"? That is really stupid. But 1) unicorns don't exist and 2) Mutant Bears only live on Wawanakwa Island on Lake Huron. They won't hear me play over here.

Carmen: Trust me sis. These bears have really strong and acute hearing. They can hear clarinet playing from a long distance away. They are no laughing matter. Why, once I met this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy who knew this guy's cousin…

Maria: Okay I get the point. In fact why don't you tell me all of the things I shouldn't do if I want to keep the Mutant Bears away.

Carmen: Okay that's easy. First off, don't play the Clarinet.

Maria: Okay. Then what?

Jimmy: Never wave your flashlight back and forth really fast.

Jonny: Flashlights are their natural prey.

Maria: You're kidding.

Carmen: Don't stomp around. They take that as a challenge.

Jonny: Yeah.

Maria: (Pulls out a notepad and writes) Go on.

Rolf: Don't ever eat cheese.

Maria: Sliced or cubed?

They whispered.

Carmen: Cubed. Sliced is safe.

Maria: Yeah. I'm listening.

Carmen: Never wear a sombrero…

Jimmy: In a goofy fashion.

Carmen: Or Clown Shoes.

Jimmy: Or a Hoop Skirt.

Rolf: And Never.

Jimmy: Ever.

Jonny: Ever!

Carmen: EVER!

CARMEN, JONNY, JIMMY AND ROLF: SCREECH LIKE A CHIMPANZEE!

What they didn't know was that Me, Nico, The Ed's, Luan, Spiderman and Tara were hiding in the trees watching the whole thing.

Maria: Wow! That's amazing how many things can set a mutant bear off!

Both: [huddling together, shuddering] They're horrible!

Maria: And… and suddenly I have the sense we're all in danger.

Both: Why?

Maria: I don't know… [runs off and returns with a flashlight, clown shoes, hoop skirt, sombrero, and tray full of cubed cheese; a diabolical look is on her face] Just a feeling!

Jonny: [horrified] No.

Maria: Yes.

Me: (Whispering) She wouldn't dare.

Jonny: No.

[Maria begins making chimp noises]

Carmen and Jimmy: Maria, please don't!

[Maria continues hooting, stomping, and waving flashlight around]

Carmen (glares at her older sister): Knock it off, sis! Have you ever considered that it might be true?

Jimmy: Jonny, what are we gonna do? A mutant bear's sure to come and eat us!

Jonny: Don't worry, Jimmy. I'll draw us an anti-mutant-bear circle in the dirt. [takes stick and draws circle around himself, Carmen, Plank, Jimmy, and Rolf]

Rolf: Good thinking, Ranger Jonny! (Pulls out another Tabloid Magazine) All the experts say it's the only defense against a mutant bear attack.

Carmen, Jonny, Rolf and Jimmy got into the circle.

Maria: (Laughs) You guys are so gullible. I did everything that attracts them and nothing happened. If a Mutant Bear was here, why didn't one show up?

Carmen: Maybe it's because you're not wearing your sombrero in a goofy fashion.

Maria: Oh. Sorry how silly of me. You mean like this? (She tilts it and laughs)

But something takes the Sombrero and puts it on her head upside-down.

The camera zooms out and they saw a big grizzly bear with six arms and it had a huge mouth in the middle of its stomach.

Eddy: (Whispering) That bear is ugly!

Luan: (Whispering) No kidding!

Ed: (Whispering) Is that you tickling me Eddy?

Eddy: Shut up Ed.

Edd: (Whispering) What a magnificent feat of science!

Me: (Whispering) That bear is the mascot for the Nuclear Bears on Total Drama.

Spiderman: (Whispering) Really?

Tara: (Whispering) That is amazing.

The bear growled and Maria screamed. The bear roared and she ran and the bear went at her and beat her up really bad and left.

Me: (Whispering) Ooh. That's gonna leave a mark.

Carmen: Sis are you okay?

Maria looked all broken, bruised and battered.

Carmen: Quick! Jump inside our anti-mutant-bear circle before he comes back!

Carmen, Rolf, Jimmy and Jonny carried their circle with them and drop it onto the ground.

Jimmy: Yeah. Mutant bears often attack more than once.

Maria: Are you crazy? A dirt circle won't stop that monster. I'm running for my life!

She ran.

All: No!

[the Mutant bear comes back and resumes mauling Maria]

Carmen: Don't run! Mutant bears hate that!

Maria: Thanks for the tip. I guess I'll just limp home, then.

All: No!

[the Mutant bear comes back and resumes mauling Maria]

Jonny: They hate limping more than running!

Maria: Well, I guess I'll just have…

[the Mutant bear comes back and resumes mauling Maria]

Rolf: We should have warned you about crawling.

[the mutant bear comes back and resumes mauling Maria]

Maria: What'd I do that time?

Carmen: I don't know sis! I guess he just doesn't like you.

Me: (Whispering) This bear hates Maria with a vengeance.

Tara: It sure does.

Jimmy: Pretend to be somebody else!

Carmen: Here sis, draw a circle. [tosses Maria the stick]

Maria: Okay.

[the Mutant bear comes back and resumes mauling Squidward]

Carmen: That was an oval. It has to be a circle!

Maria: [runs and climbs on top of Carmen, Jimmy, Jonny and Rolf, who are still sitting in the circle] Move over! [the Mutant bear comes up to the circle, sniffs it, points a threatening claw at Maria, and leaves] Hey, it worked! You guys saved my life! [everyone cheers "hooray"]

Rolf: Yeah, I'm glad it was just a Mutant bear. This circle would never hold back a Mutant rhinoceros!

Ed: (Whispers) Mutant Rhinoceros?

Maria: What attracts them?

Jimmy: The sound of a Mutant bear attack.

[a rhinoceros with 8 legs, two heads and razor sharp teeth appears, snorting]

Me: That is an ugly rhinoceros.

Edd: It sure is.

Me: I've seen enough.

We jump down I go into my gruesome monstrosity that I became on

Halloween in 2016 and scared off the Mutant Rhinoceros.

I go back to normal.

Me: Are you all okay?

Rolf: J.D. That was awesome!

Me: Thanks Rolf.

We then went home and told everyone what went down. Varie was healing Maria in the infirmary. Maria was on a bed with bandages and casts on.

Robot Lori: You're a lucky girl Maria.

Maria: I know. But lets hope I never see another Mutant Bear again.

Me: I know Maria. But it's over now. That bear was from Total Drama Revenge of The Island. It was the mascot and symbol for the Nuclear Bears.

Maria: Really? I didn't know that.

Lincoln: Yeah. J.D. and Naruto have been on the 7th season of Total Drama and they both dominated the whole competition and won $1,000,000.00 in Canadian Money.

Laney: Which is $800,000.00 in America Money.

Maria: That's just small change compared to what we have here.

Me: My thoughts exactly.

Maria: What was your team name?

Me: We were called the Atomic Owls. We dominated the whole show. Chris is not having a mutant theme this time coming up. He's gonna have a World Tour and Me, Lynn, Naruto and Lincoln are gonna participate. It's gonna be awesome!

Lynn: And I can't wait. If there are any sore losers like Amy, Heather, Scott and Eva then we will gladly kick their butts.

Me: Yep. But the show is not for another 5 months. So we have all the time in the world.

Maria: Cool.

Robot Lori: I hope you all win J.D.

Me: Thanks Lori 2. Get some rest Maria.

Maria: Thank you J.D.

We left and Maria was watching T.V.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the ideas for this one. Thanks for that man. The chapter is based off of An Ed in The Bush from Ed Edd N Eddy and The Camping Episode of SpongeBob Squarepants. They both were extremely funny. I wanted to start this chapter with a bang by killing the Lex Luthor from the 2016 movie Batman VS Superman. That movie was awesome but that Lex Luthor was insane to the core. He deserved to be shot and killed in my opinion. But Jesse Eisenberg did a great job in that movie along with Henry Cavill, Ben Affleck, Amy Adams, Gal Gabot and lots of awesome stars did a great job in that movie. Let me know what you all think.

See you all next time.

We fist pump.

Luan: My present is a joke.

Linka: It's time for games guys.

Me: Lets do it.

---

We're in the Simulator and we're gonna be doing an awesome series of exercises where we face all the villains from Disney.

Lori: J.D. since it's your birthday you get to go first.

Me: Okay. Me and Lincoln will do the first one.

I whisper the scenario into Lisa's ear and we go in. The simulator activated and we found ourselves in the ocean.

Me: We're in the ocean.

Lincoln: We must be in the world of The Little Mermaid.

Me: We are.

We heard Ursula laughing.

We peered over the rocks and saw King Triton turning into a polyp. Ursula was laughing malevolently.

Me: That fiend! Lets go Lincoln.

When Ariel saw that King Triton became a polyp, she was enraged.

Ursula took the crown and the Trident.

Ursula: At last. It's mine. (Laughs malevolently)

Ariel: You! YOU MONSTER!

We swooped in and I punched Ursula in the face.

Me: You will pay for everything you've done Ursula!

Lincoln kicked Ursula in the stomach and punched her in the mouth and knocked out some of her teeth.

I used my telepathy and contacted all of Ariel's sisters.

In Atlantica, Ariel's sisters were primping up when Aquata received my telepathic message.

Me: (Inside Aquata's head) Aquata can you hear me?

Aquata: Who said that?

Me: I'm speaking to you inside your head. But that's not important. Atlantica is in terrible danger! Ursula the evil sea witch turned King Triton into a polyp and is trying to destroy all of Atlantica.

Aquata gasped in horror.

Aquata: Come on girls!

Andrina: What's wrong Aquata?

Aquata: I don't have time to explain! We have to hurry! Come on!

They followed her and went to Ursula's location.

Lincoln fired a blast of lightning and Ursula fired a blast from the trident and the blasts collided. Suddenly from out of nowhere Eric threw a spear and it slashed Ursula's arm and she dropped the Trident. Lincoln electrocuted her.

Me: Ariel, your sisters are on their way.

Ariel: Thank you.

Me: My name is J.D. Knudson. And the white haired kid is my best friend and 2nd brother Lincoln.

Ariel: It's a pleasure to meet you both. We have to stop this witch.

Me: And we will. Eric you have to leave. This fight is too dangerous for you. I know you love Ariel but this fight is gonna get rough.

He nodded and swam up to the surface and I grabbed the trident. Ariel's sisters arrived and they saw the fight. They went at Ursula and slapped her with their tails and punched her in the face and stomach and bit her all over. I kicked the crown off of her head.

Me: Your reign of terror is over Ursula!

Ursula: You fools!

Me: You're the fool Ursula!

I punch her in the face and knock out some of more of her teeth. I kick her in the stomach and punched her in the back of her head.

Lincoln kicked her in the nose and punched her in the face and punched her in the neck.

Ursula choked because of that. Lincoln's fighting skills amazed all of Ariel's sisters and they were in love with him.

Ariel and her sisters got out of the way and I fired a lightning blast from my tail that went all the way through her and killed her in an instant.

Me: Go to Hell and stay there you wretched demon!

Ursula was incinerated into a pile of ashes and her death was felt all throughout the ocean. The cursed merfolk that she captured were back to normal and they left her castle. King Triton was back to normal.

Lincoln: Good riddance to bad rubbish.

Arista: You said it.

Me: Sorry we never introduced ourselves girls. My name is J.D. Knudson.

Lincoln: And I'm Lincoln Loud.

Aquata: It's a pleasure to meet you guys.

We explained everything about the ordinance Lincoln was on and Ariel's sisters accepted.

Lincoln now had six more future wives. I snapped my fingers and they have clothes like Ariel's when she became a Keyblader. They each have clothes of their respective colors.

We went back home and everyone cheered wildly for us. We merged everyone with their counterparts here on Earth.

Varie: That was awesome!

Me: It sure was. We sure showed Ursula what happens when you mess with the wrong people.

Andrina: We sure did.

Arista: It was awesome.

Atina: You said it.

Me: Yep.

Varie: I have an exercise.

Me: Okay.

Varie and Lola went into the simulator and it activated and they found themselves in the world of The Hunchback of Notre Dame.

Varie: Awesome. We're in The Hunchback of Notre Dame.

Lola: I defeated Judge Claude Frollo here. I was called a true angel in this one.

Varie: I believe it.

They went into the city in front of the Notre Dame and they saw Frollo about to burn Esmeralda at the Stake for Heresy.

Lola: I know this part. He's going to kill Esmeralda for Heresy.

Varie: This movie takes place in 1502. From what I remember Frollo was the biggest sinner of them all.

Lola: I know. He did all kinds of terrible things to the city of Paris. He burned down peoples homes, killed innocent people and lusted after Esmeralda. He's a demon in human form.

Varie: We have to kill him.

Lola: We sure do.

Frollo: For justice and for her own salvation, it is my sacred duty to send this unholy demon back where she belongs!

Lola: Come on Varie!

They spread their wings and flew over and Lola kicked Frollo in the face and sent him onto the ground and Varie cut Esmeralda free and they went to the cathedral.

Varie and Lola: SANCTUARY! SANCTUARY! SANCTUARY!

Frollo: Captain!

Captain: Sir?

Frollo: Seize the Cathedral!

They put Esmeralda in a safe room.

Quasimodo: Don't worry Esmeralda. You'll be safe here.

Captain: Charge!

Lola: We got a fight on our hands Varie!

Varie: Lets go!

They flew in and Lola fired a blast of fire that formed a huge wall of fire that prevented the soldiers from getting in.

Phoebus grabbed a soldier by the neck.

Phoebus: Alone at last.

He bashed his head and took his keys. Lola and Varie were killing the soldiers.

Phoebus then rallied all of the citizens.

Phoebus: Citizens of Paris! Frollo has persecuted our people, ransacked our city and now he has declared war on Notre Dame herself! Will we allow it!?

Citizens: NOOOOO!

The citizens have had enough of Frollo's tyranny. They freed everyone and went after them and a huge fight broke out.

Lola: Frollo!

Frollo saw Lola ready to fight and she had a sword in her hands.

Lola: You are finished Frollo! You took God's Law into your own hands and killed so many innocent people!

Frollo: I did what I had to do for the City of Paris. Gypsies are vermin and they only deserve eternal damnation.

Lola: The only person who deserves Eternal Damnation is you Frollo. You have broken every commandment in God's Book and more. You attacked Notre Dame and that is the ultimate betrayal against God and his son Jesus Christ! You are just as bad as the Devil Himself!

Frollo: (Enraged) How dare you!?

Lola kicked him in the face and he got up and she and Frollo got into a powerful and savage sword fight. Sparks were flying everywhere as they clashed and all the buildings in Paris were set on fire. The fight escalated rapidly into an all out war and an epic conflagration that made the Great Chicago Fire seem like a small campfire in comparison. The fire was so strong that it turned all of Paris into a raging firestorm. King Louis XII saw the fire and knew something was going on.

King Louis XII: Something is majorly wrong. Get my horse ready!

Guard: Yes sire!

Lola and Frollo were really going at it and they were not giving up. But Lola then got the drop on him and slashed him in the face.

Lola: That was for killing Quasimodo's mother 20 years ago!

Quasimodo heard Lola say that and now he knows that Frollo is nothing but a black-hearted monster murderer with absolutely no conscience.

Quasimodo pushed a beam over the edge and it smashed into Frollo's carriage. Varie blasted ladders with lightning and the soldiers that climbed them fell into the river. Phoebus punched a soldier in the mouth and knocked out most of his teeth.

Varie slashed most of Frollo's men apart and they were turned into piles of blood and guts. Soldiers came at her and Varie skewered them with her sword through their heads and killed them instantly. The body count was continuing to rise. Lola was gonna make sure that Frollo pays for everything that he has done. King Louis XII arrived and he saw the fight and the epic inferno.

King Louis XII: My lord.

Guard: Sire look there.

Lola and Frollo were still clashing.

Lola: You killed hundreds of innocent people and destroyed peoples homes just to satisfy your own twisted vendetta on Gypsies! They are people too!

Frollo: Gypsies are worthless unholy demons! They only deserve death!

Lola: You're the only one that deserves death you murderer!

King Louis XII: I think I've seen enough here. Guards arrest Frollo.

Guard: Yes sire.

The guards went to Frollo and slapped the cuffs on him.

Frollo: Unhand me at once!

Lola: You will now pay for your crimes Frollo.

After Frollo was taken away a full scale investigation was launched and they found out that he has done all kinds of unspeakable atrocities to the entirety of the city of Paris. He was sentenced to death by guillotine. Varie was his executioner.

Varie: May God have mercy on your worthless soul.

She dropped the blade and it slashed off his head and killed him instantly.

They won. The simulation ended and they came out and we cheered wildly for them.

Jared: Lola you were a true angel of justice in there.

Lola: Thanks Jared.

Lana: Way to go sis!

Lola: Thanks.

Me: Lets do 2 more exercises.

Brittney: Okay. I have just the one. Goths of Darkness lets head in.

They went in and the Simulator activated and they found themselves in Endsville on Halloween night. Even though it was only 17 days away.

Brittney: We're in Endsville.

Mandy: Oh no. This Halloween was a terrible night. But we did get the most candy from it.

Lucy: What happened back then?

Mandy: We went to stop the nefarious Jack O'Lantern, the pumpkin head prankster.

Brittney: I've heard about him. He was a bad prankster that was just as bad as Luan on April Fools Day.

Grim: Yep. That's right. Billy asked me why they pull tricks on Halloween and I told him that it was my fault.

Shannon: What happened?

Grim: Well it all started a long time ago.

Endsville was just a small little village back in the 17th century and it was a pleasant little community.

Grim: (Narrating) It was here in Endsville when it was just a tiny village. Now every village had its problems and Jack was Endsville's problem. Now Jack was a pleasant guy. It's just that he had this one weakness: He loved pulling pranks like Luan on April Fools Day.

Jack turned the arrow pointing to Endsville the wrong way and a traveller followed it and fell off a cliff. Jack was a funny guy that had orange hair and he had a 17th Century clothing set on. He walked into a tavern and slammed the top half of the door into a waiter and the bottom half of the door into another man.

Grim: Now everybody loves a good laugh every now and then. But the problem with Jack was that he just didn't know when to stop.

He taps a mans shoulder and he looks and saw no one there. Jack took a feather and tickled him and he laughed like a little girl. He saw no one there again. Jack unscrewed the cap off the salt shaker and the man poured all the salt in his soup. Essentially ruining it. Which made his face boil with rage. Jack had a saw and he caused the chair to break. A kid walked up behind him and kicked him in the back. The camera shows his back and it had a sign on him that said "Kick me, I'm Stupid" on it. Jack walked away and he stepped on an antler trophy and it stabbed the waiter in the top half of the door in the crotch and he screamed in pain.

Grim: Rumor had it that he would stay up through the night inventing new tricks. Then he'd laugh himself to sleep.

Jack invented wind-up novelty chattering teeth and he was asleep and laughing in his sleep.

Grim: Till the townspeople couldn't take it no more.

The citizens were outraged and they were in an angry mob armed with pitchforks and torches. At the Town Hall they had a very sinister plan.

Grim: So they devised a prank of their own that would teach Jack a lesson once and for all! They sent a prank gift to the queen and signed it from Jack.

They made a present for the queen and made it from Jack.

Grim: Now everyone knew that the queen had no sense of humor but she did love to receive gifts. Especially candy. But when she opened her gift from Jack, well the rest is history.

She fell for the snakes in the candy jar trick and she was mad.

Grim: Jack had to be taught a lesson.

She sent her guard out to kill Jack and he hacked him in the back with a hatchet.

Grim: That's when I made the scene.

Grim arrived back then and said that it was his time.

Grim: Well it was his time. But the guy refused to go.

Jack slammed the door in his face. Grim appeared inside and he was ready for him. But Jack had his feather ready for him.

Grim: I underestimated his power.

He tickled Grim and he laughed.

Jack then took Grim's scythe.

Grim: He then took me scythe. He wanted to strike a bargain so he could keep on playing pranks for all eternity. If I granted him eternal life he would give me back my scythe.

Lucy: Did you give it to him?

Grim: Well I had no choice. I granted him eternal life. But the Grim Reaper does not like being tricked. So I decided that Jack would not be showing his face around town again. Ever!

After granting him immortality, Grim then slashed Jack's head off.

FLASHBACK ENDS

Laney: You cut his head off?

Grim: Yep.

Brittney: Well he deserved it. What a menace.

Grim: Agreed. But that's not the end of it.

FLASHBACK 2

Grim: I heard that Jack got himself a pumpkin and he wears it as his new head.

Jack replaced his head with a pumpkin.

Grim: Time passed and so did the story of Jack O'Lantern. It is said that he still lives in that old house. Untouched by time.

The centuries passed and his house on that old hill still stands to this day.

Grim: Trapped by an ever-changing world that does not understand him. Every Halloween night, Jack emerges with a sack full of tricks and he plays terrible pranks on the people of Endsville.

He left his home and put a whoopee cushion underneath a coffin as it was being lowered down at a funeral. It farted and the people were both laughing and crying at the same time while Jack smiled maliciously from the shadows.

FLASHBACK ENDS

Grim: So that's why people trick on Halloween.

Lucy: Gasp!

Shannon: That is a monster. He needs to be removed from life forever.

Brittney: I couldn't agree more. Goths of Darkness lets smash a pumpkin!

Goths: YEAH!

They went to the heart of the city and saw Jack and Billy head out of the house.

Brittney: (Whispering) We have to follow them. Come on.

They followed them to a pumpkin patch.

Billy: So where are your friends Jack? All I see around here are just a bunch of stupid pumpkins.

Jack: Patience my boy. Here they come.

Jack used Grim's scythe and cut a hole in the clouds and a portal opened up.

Jack: Permit me to introduce you to my friends.

Hundreds of ghosts came out of the portal.

Jack: With the Grim Reapers Scythe at my side, Chaos will reign! Be free spirits of the underworld! Take these pumpkins for bodies and live again! Together we will rule the night and take our revenge on the people of Endsville! Now it's our turn to walk the streets while the people of Endsville cower in their homes! The Sun will never rise again and it will be Halloween every night forever! (Malevolent Laughter)

Brittney: Not if we have anything to say about it!

Jack saw us and he was ready to fight.

Brittney fired a blast of black magic and all the spirits went back to the underworld.

Mandy: Not this time Jack.

Brittney: You should've died 400 years ago and now we'll finish what Grim had started.

Jack: Not if these two people you know have anything to say about

it.

A red light came out of the portal and a blob of silver came out. It was ATROCITUS and RIOT!

Shannon: Atrocitus and Riot!

Atrocitus: That's right. How nice to see you again.

Venom: Carlton Drake?!

Riot: That's right, Brock!

Venom: But how…

Riot: Jack O Lantern appeared in Royal York in order to get revenge on the Grim Reaper. He stole his scythe and decided to revive a few people to help him.

Venom: And you're one of those people, right?

Riot: Of course. Now I can get revenge on you for the destruction of the Life Foundation!

Venom: You're blaming us for the Life Foundation's destruction?!

Riot: Yes! Everything was fine until you, J.D. Knudson, and those traitorous symbiotes ruined everything!

Venom: What are you going to do?

Riot: What do you think?! (gets hit by a clay hammer from Clayface)

Clayface: I think it's time you started singing a different tune! (to Venom) You should probably go help the others.

Venom: Why? We can take Riot.

Clayface: I know. But things are about to get really loud.

Venom (gets it): Oh. I see. Gotcha. (goes to help the others)

Clayface pulled out a boom box and he cranked up the volume and

Luna's hardcore singing was heard as it was hurting Riot.

Clayface just pinned Riot down with a street lamp.

Riot: This won't hold me for long.

Clayface: I know. If you're going to sing, then what you need is a back up band. Hit it, Luna!

Luna: You got it, dude! (plays her hard rock music, causing Riot to scream in pain)

Riot: TOO LOUD!

Clayface: What? You want Luna to play turn up the volume? Ok! (Luna turns up the volume)

Suddenly a red laser hit him and it exploded.

They saw Bleez and Eion arrive.

Brittney: Bleez, Eion!

Eion: Yep. I've been wanting a crack at Atrocitus.

Laney: I'll face Riot.

Brittney: I'll take Jack.

Eion faced Atrocitus and kicked him in the face and fired a blast of fire at him and it burned him. Bleez fired Lasers from her ring and punched him in the face and knocked him out.

Eion: I didn't want to do this but I have to.

Eion put on her Red Lantern Ring and said the oath.

Eion: With Blood and Rage of Crimson Red, We fill mens souls with Darkest Dread; And twist your minds to pain and hate; We'll burn you all, That is your fate!

Eion became a Red Lantern and she went at Atrocitus and plunged her hand into his chest and ripped his beating heart out and right in front of our own eyes she ate it.

Brittney: Oh that is wicked.

Lucy: Wicked.

Wednesday: His heart must be tasty.

Laney: That is disgusting. But he deserves it.

Nicole sealed Atrocitus into the Book of Vile Darkness from the Control Room.

Laney pulled off the Riot Symbiote and Carlton Drake was separated from him. Laney then put the Symbiote in its capsule and closed it.

Laney: You will pay for everything you've done Carlton.

She beamed him into the Moon Prison where he will stay forever.

Brittney punched Jack in the stomach and knocked him down and then she beamed him to the Moon Prison as well.

The spirits went back to the Underworld.

The Goths of Darkness won.

The simulator ended and they left and we cheered wildly for them.

Me: Way to go guys!

Brittney: Thanks dad.

Laney: That was awesome!

Eion: It sure was. That's why I only use my Red Lantern Powers only when needed. I eat peoples hearts.

Everyone: EW!

Lana: That was disgusting.

Me: Ooh I haven't done one like this in a good while. Varie, lets do an evil Sasuke exercise.

Varie: Now you're talking hon.

Me: Lets do it.

Vince: Go get him partner!

Me: With pleasure.

Rachel: This is gonna be good.

Me: It always is Rach.

We went into the Simulator and it activated and we found ourselves in The Final Valley and we saw Naruto fighting Sasuke. He had a Chidori ready and he was about to skewer Naruto with it.

Me: Oh no you don't!

We fly toward him at a blazing speed.

Sasuke: This is as far as you go loser. Now die and burn in Hell!

Just as he was about to skewer him, I kicked him in the face with devastating force and send him crashing into the rock cliff.

CRASH!

Sasuke got up and he saw us.

Sasuke: This was none of your business!

Me: I just made it my business Uchiha.

Sasuke: Why did you come here?

Me: Why else? To kill you!

Sasuke was enraged when he heard me say that.

Sasuke: What did you just say to me!?

Me: You heard me or is your brain dead from all that talk about power?

Varie: You're gonna pay for everything your clan has done over the centuries Sasuke.

Me: And we're gonna make sure that we send you off to the darkness of Hell where you belong.

Sasuke: Not if I take you all with me!

Me: So be it and just for the record we won't be holding back. Varie I'll take him first and then you.

Varie: Okay.

Me: Sasuke your time has come.

(Gohan's Anger theme plays)

Me: HAAAAAAAAAAAAAHHH!

My power was unleashed as lightning flickered and flashed all over the area and the ground was shaking violently as my power increased at an accelerated rate. Lightning struck everywhere and my power was now unleashed.

Me: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

In a massive flash of golden yellow light I transformed into a Super Angel 10,000. My power level was unbelievable. The light was so bright and intense that it could be seen all over the 5 Great Nations. My energy was so strong that Tobi felt it and he died in an instant. When the light faded I was in my Super Angel 10,000 form. The level of my power was incredible.

Me: Get ready Sasuke. The Uchiha Clan dies today and the road to Salvation starts now.

I snap my fingers and Itachi appeared and I slashed his head off with blinding speed and killed him in an instant. When Sasuke saw this he was enraged. I took his goal away from him in the blink of a cosmic eye.

Me: Now it's your turn Sasuke. You're dead.

I teleported and kicked him in the face and send him crashing through the statue of Madara Uchiha.

BOOM!

The statue fell onto him and buried him. He arose from the rubble and he was growling and I kicked him in the stomach and he belched up a huge amount of blood. I punch him in the face and kick him in the chest and punch him in the back. I then kick him in the face and send him crashing into a rock wall.

Me: If this is all you're made of Sasuke, it's absolutely pathetic.

Sasuke got up and he was growling in intense rage!

Sasuke: I HATE YOU!

My aura flared up to an intense power.

Me: You can hate me all you want but all you're doing is just making me more powerful.

Sasuke: You will pay for saying that and face a true elite!

He dashed at me and tried to punch and kick at me with huge speed and I dodged all his attacks with incredible speed. Then he kicked at me and I teleported and he tried to find me.

Me: I'm over here.

He saw me and I dashed and appeared standing on top of his head. He tried to grab me and I teleport and punch him in the stomach with devastating force and he belched up a huge amount of blood and I dealt him a deadly uppercut.

Sasuke was skidding on the water and he was enraged to a powerful degree.

Me: Just look at you Sasuke. You are just as pathetic as the rest of your clan. You are no elite. You are just an extremely low grade amateur.

But then when Sasuke heard me say that something snapped in him and he screamed in so much extreme rage and fury and that it was unbelievable! He then released the full extent of the Curse Mark and unleashed all of his power in a massive explosion of insane rage and fury!

I smirked at this and he went at me and he tried to attack me with everything he had. Sasuke was completely out of his mind with so much rage, hatred, madness and fury that it was far beyond all forms of human comprehension. But I dodged all of his attacks and moves like they were nothing. In the lake, Naruto was unconscious. But then something awoke in him and he underwent a massive change. He woke up and he was enveloped in a massive blinding white light and a massive vortex of darkness exploded out of him and went high into the sky. His power was rising at an astronomical rate. Me and Sasuke were too focused on fighting to look. Out in space the vortex of Darkness took the form of a huge owl and it had the planet of the Shinobi in its talons. It drew in the souls of all the evil ninjas that were killed over the centuries and they were drawn into it and destroyed and all the knowledge and skills of them flowed into the dark owl. The dark owl went back into the planet and became a dome of black and purple fire. It faded and Naruto was now forever changed. He had a black version of Piccolo's clothes and he had black angel wings with black and purple fire feathers. He had black fire owl horns on his head and owl tail feathers. On the back of his shirt was the kanji for Namikaze Avenger.

ナミカゼ復讐者

He also had the kanji for "The Only Good Uchiha is A Dead Uchiha" on it.

唯一の優しい人はデッド・ウチハです。

Naruto had a tattoo on his left arm that was the Kanji for Wisdom of The Owl.

オオカミの知恵

Naruto: I feel amazing. Now it's personal.

Naruto flew over to the fight with me and Sasuke.

I punch Sasuke in the face and Naruto swooped in and kicked him in the face with incredible force.

It sent him crashing into the cliff wall with incredible force.

Me: Varie you want to crack at him?

Varie: With pleasure.

She went Super Angel 4 and she went at Sasuke and kicked him in the face and punched him in the face and kicked him in the stomach.

She backed away and we stood ready for him. Sasuke was badly beaten up and he wasn't gonna last much longer.

Me: It's over for you Sasuke. Your clan will never be welcome here on this planet ever again.

Naruto: That's right. Your clan killed my mom and dad and now you will pay for it.

Sasuke: I thought you were done for loser!

Naruto: You're the one who's done for Sasuke. And you're also the Dead Last Loser and you don't deserve to be a shinobi.

Me: And another thing Sasuke, when will you ever learn that you don't stand a chance against us. We're far more powerful than you ever will be in 100,000,000 lifetimes.

Sasuke was growling in extreme rage when he heard me say that.

Varie: We've wasted enough of our time already with you.

Me: You're not even a challenge to us anymore. You're just a worthless little arrogant little punk that acts big when he's actually a small little creature with a huge ego.

Sasuke: I'll show you!

Sasuke then charged up a Chidori to maximum power.

Me: Then we will make sure that you join the rest of your clan in Hell.

I charged up a Kamehameha Wave.

Me: KAAAA! MEEEE! HAAAAA! MEEEEEE!

Sasuke ran at us.

Me: HAAAAAAAAAAAAAAAAAAAAAA!

I fired a Red Kamehameha Wave at Sasuke and he jabbed the energy wave and it exploded in his face with incredible power.

In the Leaf, Lady Tsunade was doing her paperwork when suddenly without warning the shockwave from the massive explosion shook the land and shattered all the windows in the village.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The massive explosion was so powerful and so devastating that it rattled the entirety of the 5 Great Nations and a huge mushroom cloud could be seen for miles. When the smoke cleared, the entire Final Valley was now reduced to nothing more than a smoldering crater and there was nothing left of it. Sasuke was completely vaporized in the explosion. There was nothing left of him.

Naruto: Sasuke is gone. I can sense it.

Me: Yes, Sasuke's energy signal has completely disappeared. He's dead.

Naruto: Good riddance to bad rubbish.

Varie: You said it.

Me: Yep. Give the Devil my regards when you see him Sasuke and tell all your clan members except for your mother to go (Censored) themselves.

We went back to the Leaf Village and we saw the villagers cleaning up all the glass from the damaged buildings. We checked in with Lady Tsunade and reported everything.

Me: And that's it Lady Hokage.

Lady Tsunade: I see. That little monster deserved to die. Naruto I'm so happy you killed him. You are being promoted to Special Jonin.

Naruto: Thanks Aunt Tsunade. I can never forgive the Uchiha Clan for killing my mom and dad. They deserved to die. The only exception is Mikoto Uchiha. She didn't deserve to die.

Shizune: I know Naruto.

Sakura came in and she was not happy. She was about to slap Naruto but he grabbed her arm.

Naruto: Sakura listen to me and calm down!

Sakura: No you murderer! You killed my Sasuke!

Me: Sakura stop it now! You've got to calm down and let us explain. Instead we'll show you.

Naruto showed Sakura everything that happened and that there was no other choice but to kill Sasuke. He was never gonna listen to reason and he was gonna kill Naruto. Sasuke was pure evil amplified 20,000% and he was gonna kill anyone that got in his way. She also saw Naruto's parents and how they were killed by a Rogue Uchiha and how they killed Itachi and showed Sakura the Uchiha and the crimes they have committed over the centuries. Naruto also saved Sakura from bullies, saved her from drowning in the Land of Tea and saved her from Gaara during the Invasion. Sakura then realized that everything she saw from Naruto's memories was all true and everything about Sasuke was a total lie. She broke down crying and hugged Naruto.

Sakura: Naruto! I'm so sorry! I was so wrong!

Naruto: I know Sakura and I forgive you. You weren't yourself and I was doing my best to help you. Because I love you Sakura and nothing can change that.

Sakura: Oh Naruto!

They kissed and it was awesome.

Me: Way to go bro.

Naruto: Thanks bro.

Me: Now we got to remove some traitors from the equation.

In the stadium everyone was wearing red as this was part of a tradition. Red means that Traitors are gonna get executed. We executed Koharu, Homura, Danzo, The Former Civilian Council and Sakura's former parents. She severed her ties to her parents for the way they treated her and she made her name from now on Sakura Uzumaki Namikaze.

The simulation ended and we left after I merged everyone's counterparts with everyone on Earth.

Everyone cheered for us.

Vince: Way to go partner!

Me: Thanks partner.

Varie: We sure showed them.

Me: We sure did.

Aylene: We're gonna go down to the heart of the City for another spree of Humiliation on the Griffin's.

Me: Awesome!

* * *

In the heart of the city we were ready for another fun spree of Humiliation on the Griffin's.

Me: Hello idiots.

Bad Lois: Shut up loser!

Me: Sticks and stones. Now lets have the torture begin.

Lincoln: You start since it's your birthday.

Me: Okay. I've been wanting to try this one.

I pull out a red container and it had a bunch of little black pebbles.

Me: These are Tornado Seeds.

Lola: I saw those on one of my favorite cartoons and it was funny.

Me: Yep. Just add water.

I put one in front of Bad Lois and pulled out a water gun.

Me: Here it comes.

I squirt the seed and a tornado appears and spins Bad Lois in rapid motion and it was making her spin so fast that it was unbelievable. When it stopped 5 minutes later she was Really Green around the gills and then she projectile vomited everywhere.

Lincoln: That… Was… AWESOME!

Joe S.: Yeah! That was funny.

Jared: I got something. Heidi make me throw up.

Heidi: But dad I can't do that.

Jared: I know but I want this to happen to Peter too.

Heidi: Well since you put it that way all right. We're gonna Dissect frogs.

Jared then turned green around the gills and his stomach grumbled.

Jared: Uh oh!

Jared then projectile vomited a massive stream of vomit and it went all over Peter.

Peter: Oh that is… (PROJECTILE VOMITS)

We laugh at that.

Me: That was awesome guys!

Jimmy N.: I got something.

Jimmy fired his shrink ray and shrunk their mouths to the size of mice mouths.

Peter: (Squeaky voice) What have you done to me!?

Me: Made your mouths squeaky! (Rimshot)

Luan: (Laughs) Good one J.D.

Me: Thanks Luan.

Jonny: I got something.

Me: Go for it Jonny.

Jonny walked up to them.

Jonny: Watch this you bad parents.

LOUD CRUNCH!

Jonny cracked his knuckles really loudly and they hurt the Griffin's ears really badly than they already are.

Peter: (Screams in Pain) That hurts!

Eddy: (Laughs) Way to go Jonny!

Lincoln: Hey here's something!

Lincoln handed me a box full of something.

Me: Dehydrated boulders. Just add water. Cool.

I take a dropper and put it on a little boulder and held it up and the boulder grew into a big one and I threw it and it hit Bad Lois and crushed her.

SMASH!

Linka: OOOHH! That's gonna hurt.

Wile E. Coyote came and he was in a lot of bandages and he had a sign on him that said "Now she knows how I feel".

Me: Funny. (Something beeps) Uh oh.

I pull out my Digivice and it showed a compass revealing a digital disturbance.

Me: Uh oh. We have a Digital disturbance and it's coming from that computer store.

We saw a bright light coming from it and we heard screaming.

Me: Something is going on.

We go into the store and saw 6 more kids on the floor.

Nico: Hey it's my friends.

We met Tai, Matt, Izzy, Sora, Mimi and Joe.

Nico: Tai, Matt, Izzy, Sora, Mimi and Joe!

Tai: Nico!

Matt: It's great to see you man.

Nico: You too.

Sora T.: Glad you're doing great.

Mimi: You sure look like you're doing fine.

We introduce ourselves.

Tai: Awesome. It's an honor to meet you all.

Me: Same here Tai.

We went back to the house and got ready for the entertainment.

---

Vince: Now as you all know it's J.D.'s birthday and we have an awesome show for you all. First up is Lily.

Lily came onto the stage.

Lily: For the first song I'm going to sing my favorite Under the Sea.

Me: That's one of my favorites.

The song began and the room changed into the beauty of the ocean floor.

Lily: (Singing Divinely)

The seaweed is always greener

In somebody else's lake

You dream about going up there

But that is a big mistake

Just look at the world around you

Right here on the ocean floor

Such wonderful things surround you

What more is you lookin' for?

Under the sea

Under the sea

Darling it's better

Down where it's wetter

Take it from me

Up on the shore they work all day

Out in the sun they slave away

While we devotin'

Full time to floatin'

Under the sea

Down here all the fish is happy

As off through the waves they roll

The fish on the land ain't happy

They sad 'cause they in their bowl

But fish in the bowl is lucky

They in for a worser fate

One day when the boss get hungry

Guess who's gon' be on the plate

Under the sea

Under the sea

Nobody beat us

Fry us and eat us

In fricassee

We what the land folks loves to cook

Under the sea we off the hook

We got no troubles

Life is the bubbles

Under the sea

Under the sea

Since life is sweet here

We got the beat here

Naturally

Even the sturgeon an' the ray

They get the urge 'n' start to play

We got the spirit

You got to hear it

Under the sea

The newt play the flute

The carp play the harp

The plaice play the bass

And they soundin' sharp

The bass play the brass

The chub play the tub

The fluke is the duke of soul

(Yeah)

The ray he can play

The lings on the strings

The trout rockin' out

The blackfish she sings

The smelt and the sprat

They know where it's at

An' oh that blowfish blow

Under the sea

Under the sea

When the sardine

Begin the beguine

It's music to me

What do they got? A lot of sand

We got a hot crustacean band

Each little clam here

know how to jam here

Under the sea

Each little slug here

Cuttin' a rug here

Under the sea

Each little snail here

Know how to wail here

That's why it's hotter

Under the water

Ya we in luck here

Down in the muck here

Under the sea

We saw all kinds of marine life and even all of Atlantica. Morgana came and she was going to finish what Ursula started. Frightwig went and beat up Morgana and snapped her neck.

We cheered wildly.

Me: That was awesome!

Lola: That was so cool!

Varie: It sure was.

Vince: Yep. Next up is Lucy Loud.

Lucy: Thank you. My song is This is Halloween from The Nightmare Before Christmas.

Me: I've known that song for years.

Lucy: I had a feeling you did.

We cheered wildly. It was awesome.

Me: AWESOME!

Lincoln: That was amazing!

Clyde: It sure was buddy.

Vince: Next up is Laney Loud.

Laney: Thanks Vince. My song is Love is A Song that Never Ends.

Me: I've known that song for years from the movie Bambi.

The song played and it turned into a beautiful forest loaded with all kinds of beautiful creatures.

Laney: (Singing Divinely)

Love is a song that never ends

Life may be swift and fleeting

Hope may die yet love's beautiful music

Comes each day like the dawn

Love is a song that never ends

One simple theme repeating

Like the voice of a heavenly choir

Love's sweet music flows on

We cheered wildly.

Lana: That was awesome!

Me: Great job Laney!

Laney: Thank you guys.

Vince: That was great Laney. Next is Lola.

Lola: My song is I'll Make a Man Out of You from Mulan.

Me: That's one of my favorites.

The song played and it turned into the training field in China back 1500 years ago.

Lola: (Singing Divinely with the men)

Let's get down to business

To defeat the Huns.

Did they send me daughters

When I asked for sons?

You're the saddest bunch I ever met

But you can bet before we're through

Mister, I'll make a man

Out of you.

Tranquil as a forest

But on fire within.

Once you find your center

You are sure to win.

You're a spineless, pale pathetic lot

And you haven't got a clue.

Somehow I'll make a man

Out of you.

Chien-po: I'm never gonna catch my breath

Yao: Say goodbye to those who knew me

Ling: Boy, was I a fool in school for cutting gym

Mushu: This guy's got them scared to death

Mulan: Hope he doesn't see right through me

Chien-po: Now I really wish that I knew how to swim

[men] BE A MAN

We must be swift as a coursing river

[men] BE A MAN

With all the force of a great typhoon

[men] BE A MAN

With all the strength of a raging fire

Mysterious as the dark side of the moon

Time is racing toward us

'til the Huns arrive.

Heed my every order

And you might survive.

You're unsuited for the rage of war

So pack up, go home you're through

How could I make a man

Out of you?

[men] BE A MAN

We must be swift as a coursing river

[men] BE A MAN

With all the force of a great typhoon

[men] BE A MAN

With all the strength of a raging fire

Mysterious as the dark side of the moon

[everyone] BE A MAN

We must be swift as a coursing river

BE A MAN

With all the force of a great typhoon

BE A MAN

With all the strength of a raging fire

Mysterious as the dark side of the moon

We cheered wildly.

Rachel: It sure was.

Vince: That was amazing Lola. Next up is Lori and Bobby.

Lori: Me and Bobby Boo-Boo-Bear are gonna be singing A Whole New World from Aladdin.

Me: That is an awesome song! I've know that one for years.

The song began and the room became the skies above Agrabah.

(Bobby:) I can show you the world

(Bobby:) A whole new world

(Lori:) A whole new world

(Bobby:)That's where we'll be

(Lori:) That's where we'll be

(Bobby:) A thrilling chase

I hand her a plate of some of our food.

Maria: Thanks J.D. Sorry I missed your party.

Me: I know. But I understand because you're in the infirmary.

Maria: Thank you J.D. and happy 16th Birthday.

Me: Thanks Maria and you're welcome.

I left.

It was an awesome party to remember.

Another Fanfiction Complete.

Happy Birthday to Me! I turned 31 in real life. I wanted to do a chapter for my birthday. NicoChan11 gave me the ideas for it. Thanks for that man. I wanted to do some of my favorite Disney Songs that I've known since I was a little boy in this. I used Mulan, Aladdin, Bambi, The Little Mermaid and The Nightmare Before Christmas. Nico wanted me to do the Jack O'Lantern part as a chapter by fast-forwarding to Halloween 17 days from now. But I decided to do a simulation for it on my birthday. We have an awesome saga planned and it's gonna be awesome. No spoilers now. But with Halloween right around the corner I figured it would be perfect. Let me know what you all think.

See you all next time.

# One Man's Hatred on Mutants

The chapter opens with a shot of the city skyline.

Narrator: The City of Gotham Royal York. And it looks like it's calm peaceful and uneventful day.

KABOOM!

An explosion blew a building apart and the camera turned and saw Team Loud Phoenix Storm, The X-Men, The Avengers and the Justice League fighting huge robots and they were trying to kill the mutants.

Narrator: OH NO! THE CITY IS UNDER ATTACK BY BOLIVAR TRASK'S SENTINELS!

Edzilla: ED SMASH MUTANT HATING ROBOTS!

Colossus: Lets use our combo Ed.

Edzilla: Got it.

They jumped high into the air and came down like a burning meteor entering the planets Atmosphere.

Colossus and Ed: SUPER METEOR SLAM!

They slammed into the ground and a massive shockwave explosion blasted apart some of the Sentinels to smithereens.

Colossus: That was awesome!

Edzilla: Ed smashed!

William, Carmen and Maria were firing water, lightning and fire blasts at the Sentinels. Shorting them out and melting them.

Carmen: I'm glad you've fully recovered, sis.

Maria: I am too, Carmen. I don't know why I didn't turn into my water form before that Mutant Bear attacked me.

Wlliam: I guess it's because you were too frightened.

Maria: I guess so.

Izzy: Lets get them Tentomon.

Tentomon: You got it Izzy. (Echoing) SUPER SHOCKER!

He fired a blast of electricity and shorted them out.

Lisa fired some lasers from her newly built proton laser blasters she built with her powers out of the scrap metal parts of the Sentinels.

Lisa: Izzy it is an honor to work with the smartest member of the first Digidestined.

Izzy: Thank you Lisa.

Panda King with firing fireballs and fireworks at them and the Winter Soldier was using his speed and agility to destroy the Sentinels.

Panda King: Lets use our Combo.

Winter Soldier: You got it Panda King.

Panda King fired a blast of fire and Winter Soldier threw an ice bomb.

Winter Soldier and Panda King: WINTER FLAME WIND!

The ice bomb exploded and the fire became a blue fireball and had an endothermic force and it froze the Sentinels in place and Winter Soldier kicked them and shattered them into a million pieces.

Panda King: Never again will you mess with the honor and love of all mutants.

Ben: It's hero time.

He became Goop.

Ben: (Jellied voice) GOOP!

Me: A Polymorph from the planet Viscosia.

Goop: That's right. Watch this.

He threw blobs of himself at the Sentinels and they dissolved.

Me: Your gel is like acid.

Goop: Cool huh?

Me: It sure is. Let me see here.

I go Ultimate J.D. and activate Goop's powers.

Me: Goop!

I throw blobs of acid and they dissolved the Sentinels as well.

Me: Awesome. Let me try something else.

I activate Spittor's powers.

Me: SPITTOR!

I had a Scalpasc's powers.

I vomit a powerful torrent of high pressure water from my mouth and it shorted out some of the Sentinels and they exploded.

Goop: That was awesome!

Me: It was.

Robin was throwing Birdarangs and Gambit was throwing card bombs.

Robin: They just keep on coming!

Gambit: No kidding.

Robin: Lets use our combo on them Remy.

Gambit: You got it.

Robin threw a bunch of birdarangs and Gambit threw a bunch of card bombs.

Robin and Gambit: FIREBALL CARD BIRDS!

They combined and became a huge flock of firebirds and they went through several Sentinels and they exploded.

KRABOOOOOOMMM!

Robin: That was awesome!

Gambit: It sure was.

Lori and her kids fired a huge blast of wind and blew the Sentinels away into the lake where they shorted out and exploded.

KRABOOOOMMMM!

Lydia: That was literally amazing!

Roxanne: It sure was!

Lori: We literally blew them away!

Superman was firing lasers at the Sentinels and Cyclops fired his laser visor and Lincoln fired lightning blasts.

Lincoln: They just keep on coming!

Superman: Where are they all coming from?

Me: I think I know. (Points to a building) Over there!

We saw the Sentinels coming out of a tall skyscraper and they were not stopping.

Me: Lets go!

We go to the building.

Bolivar Trask was watching the fight on a screen.

A fiery explosion blasted down his door and we came in.

Cyclops came in and pinned him down.

Cyclops had Trask pinned down.

Trask: What are you waiting for? End it! (Cyclops pauses) END IT! What's stopping you? Oh, but I forgot. You X Men are above killing, am I right?

Cyclops: We're not going to kill you, Trask. But we're not going to save you either.

Trask: Save me? From what?

Me: (Offscreen) From me!

I arrive.

Me: Bolivar Trask, I presume?

Bolivar Trask: That's right. You mutant scum are a menace to our planet! I built the Sentinels to hunt all of you scum down and kill ALL of you!

Cyclops: You're a monster Trask! Mutants are people just like everyone else and we believe that we can coexist with everyone else!

Bolivar Trask (to the X Men): Magneto's biggest mistake was ever allowing you all to live, X Men!

Me: If you ask me Trask, letting you live was the biggest mistake ever. You don't deserve to be a member of Earth or the Human Race.

Nico: That's right! The only person that was ever being allowed to live is you Bolivar! Mutants are people too and they have a right to live and protect everyone they care about and love with all their hearts! Something a twisted and warped freak like you could never understand!

Trask: Well then. If I go down, you're all going down with me to Hell! (activates the Sentinels)

Winter Soldier (gets his gun out): I just hope we can make use of whatever remains of these creeps.

Suddenly the Sentinels started shorting out and they all exploded all over the place and all the Sentinels all over the city exploded.

Trask: What have you all done!?

Izzy and Lisa came in.

Izzy: We stopped your precious Sentinels with a computer virus I created.

---

20 minutes earlier.

Lisa, Izzy and Tentomon came into the building and were hiding out of sight from the security cameras.

Izzy: Our best chance at destroying the Sentinels is to upload a computer virus of my creation into the main computer and destroy them all at the source.

Lisa: That's genius.

Tentomon: I'll distract them long enough for you to upload the virus Izzy.

Izzy: Thanks Tentomon. Go get them.

Tentomon then Digivolved.

Tentomon: Tentomon Digivolve to…

He became the insect Champion Digimon, Kabuterimon.

Kabuterimon: (Echoing) KABUTERIMON!

He went at the sentinels and flew past them and shattered them.

Kabuterimon: (Echoing) ELECTRO SHOCKER!

He fired a ball of lightning at the Sentinels and blew them apart.

Kabuterimon: It's all clear Izzy.

Izzy: Thanks Kabuterimon.

They went into the control room and Izzy plugged his computer into the main computer and typed in a programming algorithm.

Lisa: This virus is brilliant.

Izzy: Thanks Lisa. Lets hope it works.

He pressed enter and the program uploaded into the computer.

When it was done the virus was in the computer.

Izzy: Package has been delivered.

The computer started shorting out and in just a few minutes the whole thing exploded.

KABOOM!

Izzy: Prodigious!

Lisa: Indeed. That was clever thinking.

Izzy: Thank you.

They went to catch up to us.

---

Present Time

Trask: NO! I'm ruined!

Me: You're washed up Trask and your days of terrorizing the

Mutants with your hatred are finished forever.

Trask: What're you gonna do? Throw me in the Antarctica prison?

Me: Nope. Not the Moon Prison either. Something much worse.

Cyclops: Wait J.D. Senator Kelly is also in cahoots with him.

Me: Okay. Thanks Scott. You both will be in good company when you go there.

Spiderman tied him up.

We go to Senator Kelly's office and blast in.

Senator Kelly (scared): The X Men?! You're all alive! Thank the Lord, it's a miracle.

Colossus (grabs Senator Kelly): Oh, it will be a miracle, Senator. If you can survive what we have planned for you!

Me: Senator Kelly, you're under arrest for crimes against Mutants and Humans.

Senator Kelly and Bolivar Trask were sentenced to eternity in our newest space prison: The Neptune Prison for Traitors. It's a city-size space prison that is floating above the clouds of the planet Neptune. At 2,793,000,000 miles away from the sun and 2,700,000,000 miles away from Earth, it's called the Alcatraz of Neptune. If a prison escape happens, it would be completely impossible because Neptune has an extremely poisonous atmosphere and the winds in the clouds blow at 1,500 miles per hour and they would flash-freeze in an instant because of temperatures at -353 degrees Fahrenheit. The methane and ammonia clouds would suffocate anyone outside. So the people have to have special breathing equipment outside the prison walls. The station is powered by the clouds of Neptune's atmosphere and it turns the hydrogen and helium in Neptune's clouds into power for the station. Which helps it float. (Think of Cloud City in Bespin on Star Wars V)

Back on Earth we were watching TV.

News Reporter: And a major miracle has happened for all humans and Mutants. Mutants and Humans can now coexist with each other. Dr. Hank McCoy A.K.A. the Beast has become an ambassador for Mutants and is representing them in a big alliance with humans. With Trask and his co-conspirators behind bars in a faraway prison on Neptune, the world of Mutants is now going to be a safer place for them.

Me: Well guys Mutants and Humans can now live together.

Wolverine: They sure can J.D.

Professor X: We still have problems to deal with our enemies when that time comes.

Lincoln: Don't worry Charles. When that time comes, we will be ready for them.

Narrator: And so once again the Day is saved, thanks to the combined forces of Team Loud Phoenix Storm, The X-Men, The Justice League and The Avengers.

THE END

The Sentinels were an interesting bunch of robots that went after the mutants in the Animated Series of X-Men. They had a somewhat resemblance to the evil planet destroying robot Galacticus. That was awesome! NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Let me know what you all think.

See you all next time.

# Wrath of The Psycho Toys

It starts at the estate and we were fast asleep and it was a dark and stormy night. There was an eerie presence in the air and something was terribly wrong. 2 unknown figures made their way to the Estate.

They went into the estate and as quietly as possible. Chucky snuck into Lincoln's room and hit him in the head with a bottle and knocked him out and tied him up. Mr. Coconuts however was a whole new different matter. He snuck up to Luan's room and went in and he snuck up to her as she was sleeping.

?: Hey, keep sleeping. Yeah, yeah. Roll over on your side. (Luan rolls over on her side) Yeah. When you wake up, you should pack up your bags and leave. Never, never come back!

Luan (wakes up): Huh?

She goes to where Mr. Coconuts is when he suddenly turned around to face her!

Mr. Coconuts: This is my house now!

Luan (scared): Aah! Oh!

Mr. Coconuts: You don't deserve to be in this house. I'm the one coming up with all the jokes. I got to support my own family. (motions to a group of dummies by the window that are apparently his family)

Luan screamed and ran out of the room with Mr. Coconuts in hot pursuit. She tried slamming the door on him but he remained intact.

Mr. Coconuts: Luan, you're cracking me up.

In Spiderman's apartment he was talking to Robbie Robertson, who was made the new President and CEO of the Daily Bugle after J. Jonah Jameson was disgraced and thrown in jail forever. Suddenly he heard Luan scream.

Spiderman: Uh-oh!

He went to the estate and saw Luan and Lincoln gone.

Me, Varie and Rachel came in.

Me: What's going on!?

Spiderman: Luan and Lincoln are gone!

We found their rooms ransacked.

Me: Boy whoever did this means business.

Varie: Yep.

Rachel: Who did this?

Luna: I don't know dude but Mr. Coconuts is gone too.

I use my ultraviolet vision and saw tiny footprints on the floor.

Me: These footprints weren't made by Circus Midgets. These were made by something else.

I saw a necklace on the floor and it was a medallion. I then recognized it and gasped in horror!

Me: (Gasp) This medallion is the Heart of Damballa!

Lucy: Gasp! The Heart of Damballa is said to transfer your soul into anyone or anything.

Me: I know only one person that has this kind of power.

We go to the computer and I pull up the information. I pull up the information on the notorious Illinois serial killer Charles Lee Ray.

Me: His name is Charles Lee Ray A.K.A. the Lakeshore Strangler.

Luna: Dude. I've heard all about him. He was rumored to have been terrorizing all of Illinois in the body of a Good Guy doll.

Lola: Those very popular toys that have been under a lot of scrutiny because of it?

Me: That's right. For the past 30 years those dolls have come under a lot of turmoil because of those rumors. But there was never any proof behind it. Only one person came into contact with this evil toy: Andy Barclay.

I pull up his info.

Lori: He's so young.

Me: This was him back in 1988. He has a really bad history with this guy that spans over 30 years. He and his mother were attacked by Chucky and because of that they tried to convince everyone that Charles Lee Ray was a Good Guy doll out for blood. But this all went south. Big Time.

Lynn: How?

Me: His mother wound up in a mental hospital and Andy was placed into the Foster Care System.

Lori: That's literally horrible.

Varie: Charles Lee Ray is a psychopathic monster.

Laney: If that's not level 22 on the scale of evil, I don't know what is.

Me: My thoughts exactly. He killed over 60 people over the course of 30 years and he will kill anyone that gets in his way. We believe that the Death Toll is higher than that.

Jimmy Neutron: This reminds me of the time where my dad's dummy Flippy came to life.

Stewie: Really?

Carl Wheezer: It's a long story.

Me: We'll have to hear it later.

Linka: So what does he want with Luan and Lincoln?

Me: My guess is their bodies and I'm willing to bet that he got Mr. Coconuts possessed by an evil force. They're going to transfer into their bodies so they can use their powers to destroy all of civilization.

Everyone gasped in horror.

Lana: Those little monsters!

Lila: I hate that doll!

Lily: Do you have a history with Charles Lee Ray, Lila?

Lila: No. But after everything that's happened and what we heard we need to destroy this monster once and for all.

Me: My thoughts exactly. And I know where he's taking them.

Lucy: Where?

Me: To the Play Pals Toy Factory in Chicago, Illinois.

Rachel: We have to stop him for good!

Me: And we will Rach. Also we're gonna need Chucky alive and show everyone in a press conference in Washington D.C. that Andy and his mother were telling the truth. Nico, Lola, Venom, Tai, Agumon, Nicole, you come with me.

Nicole: You got it dad.

Me: If I know the Childs Play movies from all those years ago then we're in serious trouble. Lets go!

We set out for the Play Pals toy factory.

---

Chucky and Mr. Coconuts were dragging Lincoln and Luan's knocked out bodies into the factory.

Chucky: Alright. Do you remember what we have to do after we take over these kids' bodies?

Mr. Coconuts: Of course I do. We have to meet up with this guy named Bill McLemore who'll take us to the Legion of Doom hideout.

Chucky: Glad to hear that you remember the plan! I can't wait to cause so much destruction with those superpowers!

They got ready for the ritual.

They placed their hands on their heads and began to chant the incantation.

Chucky and Mr. Coconuts: Ade due Damballa. Valinchella santeria. Oya shungo yenya macumba. Give us the power, we beg of you. (Storm clouds built over the factory and the ritual was underway) Leveau mercier du bois chio. Secoise entienne mais pois de morte.

Suddenly the ritual was interrupted by a massive fiery explosion blasting a hole through the roof of the factory. Flaming debris rained down and set most of the toys and equipment on fire. We landed and Agumon was now the Dinosaur Digimon, Greymon.

Me: Charles Lee Ray, you're under arrest.

Chucky: J.D. Knudson. You will pay for everything you've done! You're a (Censored) Monster!

Tai: The only monster is you! We've had it with you! You're toast you wretched freak!

Venom: Your leadership is impressive Tai.

Tai: Thanks Venom.

Greymon: You will pay for this atrocity Chucky.

Nicole fired a blast of magic and removed the evil spirit from Mr. Coconuts and sealed it into the Book of Vile Darkness.

Nicole: You're next Chucky.

Chucky: NO! You little (Censored)! Do you realize what you all have just done!?

Me: No we don't and we don't care.

I kick Chucky in the face and send him crashing through a wall of toys.

He got out and screamed in sheer rage. He went at us and he stabbed me in the leg with a knife.

SHEEN!

My blood squirted onto his face and burned his eyes off. He screamed in pain as his eyes were dissolved.

Me: My blood is a poisonous substance that can burn anything on contact.

I pull the knife out and the blade was melted.

Chucky: Lets see how you face them too!

We got an unexpected shock when we saw all the Good Guy dolls come to life.

Greymon: What's going on!?

Me: He must've split his soul and transfer it into all of the Good Guy Dolls in the factory years ago. That monster!

Dolls: That's right. Now you will die! (Psychotic Laughter)

Me: Not a chance in Hell you (Censored) piece of (Censored) filth!

Venom: Lets use our combo Greymon.

Greymon: You got it Venom.

Venom fired a black spiderweb.

Greymon: (Echoing) NOVA BLAST!

Greymon fired a huge fireball from his mouth.

Venom and Greymon: NOVA WEB BURST!

The black web became a flaming spiderweb and it lacerated most of the dolls into flaming rubble.

Luan and Lincoln woke up.

Lincoln: (In pain) OW! My head! What hit me?

Luan: (Groans) I have the worst headache.

Nicole: Luan, Lincoln, thank goodness you two are all right.

Luan: Thanks Nicole. Where are we?

Me: (Punches a doll) You're in the Play Pals Toy factory in Chicago, Illinois and you both were kidnapped by infamous Serial Killer, Charles Lee Ray.

Luan: (Gasp) I remember now! Mr. Coconuts came to life and he knocked me out!

Nicole: He was possessed by an evil force and he and Chucky were going to transfer their souls into your bodies and use your powers to destroy the world.

Lincoln: That monster!

Nicole: I removed the evil force from Mr. Coconuts and he's back to normal.

Luan: Thanks Nicole. I'm glad you're all right Mr. Coconuts. (As Mr. Coconuts) Thanks Luan. Sorry I knocked you out and kidnapped you and Lincoln. (Normal Voice) It's okay. Lets teach this monster a lesson he will never forget!

Lincoln: You said it sis!

They joined the fight. I was slashing apart some dolls with my sword and blowing their heads off with my gun.

Me: There's so many of them!

Luan: Lets use our combo Nico!

Nico: You got it Luan.

Luan called her Claymore and Nico too and they fired a Crescent Moon energy hammer.

Luan and Nico: CRESCENT MOON TENDERIZER!

The hammer splattered the dolls blood and limbs everywhere.

Me: That was awesome!

Venom: It sure was.

Lincoln fired blasts of lightning and electrocuted them and they exploded and splattered everywhere.

Luan fired light blasts at them and burned them to pieces.

I fired fire blasts and burned them to ash. We blew them apart and burned them and Nicole sealed all the soul fragments of Chucky into the Book of Vile Darkness. We killed them all until the original Chucky was left.

Me: You're coming with us Chucky.

Chucky: Never you (Censored)!

He then somehow used telepathic powers and threw a box over and I slash it to pieces and kick him in the face and knock him out. I wrap him in a straitjacket. I saw a lump in his pocket.

Me: What's this?

I reach into his pocket and pull it out and it was a talisman with a Rooster on it. I gasped when I saw it.

Me: (Gasp) It's the Rooster Talisman!

Lincoln: That is strange.

Nicole: Oh man! I know those Talismans all too well. They are the Talismans of Shendu.

Me: I've heard legends about these Talismans. They each have specials powers that are omnipotent and their power is incredible. There are 12 of them and they each represent an animal on the Chinese Zodiac.

Lincoln: I've heard about the Chinese Zodiac.

Nico: I know that too.

Luan: What do these talismans do?

Me: They have incredible powers in one of each of them. This one, the rooster has the powers of telekinesis and even grants the user to fly.

Tai: That's really strange.

Greymon: It sure is Tai.

Venom: Yeah.

Suddenly huge explosions rang out.

Me: Uh oh! This whole place is gonna blow!

I grab Chucky and we got out of there and the whole factory exploded into a massive fireball with the power of 40 tons of Nitroglycerin.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole factory was gone and was now a raging fireball burning out of control.

Nico: That was a close one.

Me: It sure was.

Chucky woke up and he was infuriated.

Chucky: You (Censored) ruined everything!

Tai: And now you will pay for it!

Nicole: I have a strong feeling that Chucky's evil soul is still all over the country. Let me check.

She did so and found that he was everywhere. She sent a wave of magic and removed his soul fragments from the Good Guy Dolls all over the country and sealed them into the Book of Vile Darkness.

Nicole: It's done.

---

Later that day I called a press conference in Washington D.C. and it was being broadcasted nationwide.

Me: Good afternoon everyone. I'm sorry to interrupt your activities but earlier this morning my friends Luan and her little brother Lincoln Loud were kidnapped by the evil, ruthless and notorious serial killer Charles Lee Ray that is inhabiting the body of a popular toy doll franchise called the Good Guy Dolls. Fellow citizens of the United States of America…

I walk over to a case.

Me: I give you Charles Lee Ray, The Lakeshore Strangler in the flesh!

I pull the tarp off of it and it showed Chucky inside a tempered glass case and he was thrashing around like mad trying to get out. He was also swearing like crazy. Everyone all over the country gasped in sheer horror. But everyone in Illinois were the ones that was most affected and they saw that everything Andy Barclay and his mother said was all true!

Me: Charles Lee Ray A.K.A. Chucky was responsible for terrorizing all of Illinois over the course of 30 years ever since 1988 and the one that he wanted above all else was the body of Andy Barclay. He wanted to transfer his soul into his body so he can be human again. He wanted his body above all others. When that didn't happen he killed anyone that got in his way. The death toll over the course of 30 years rose to 67 people. Making him one of the most dangerous psychotic serial killers in American History. The entirety of his killings were all in Illinois and he terrorized all of the state to the core. In 1988, the police were on his tail and he was mortally wounded. In a toy store as a last resort he transferred his soul into the body of a Good Guy Doll and inhabited his body. An incredible explosion destroyed his body and Andy got the doll he possessed. That's when the nightmare began and everything that happened over the course of 30 years began. After the first attack no one believed him or his mother. Until now! Charles Lee Ray senselessly and ruthlessly slaughtered and butchered 67 people with not a single shred of remorse or guilt and he terrorized the entirety of Illinois and destroyed the lives of numerous families around the country. With me is Andy Barclay himself along with his adopted sister Kyle and Andy's fiancé Nico Pierce. Andy is the primary target of Charles Lee Ray himself and Nico was possessed by Chucky until we removed a fragment of his soul from her and helped her regain her soul.

Andy took the podium.

Andy: That's right. My name is Andy Barclay and I was the intended victim of Chucky. He made everyone believe that my mother was insane, tried to ruin my military training at a military academy and also ruin several lives all over the state of Illinois. He ruined my family and my future. Not only that but he destroyed so many lives. This monster is a menace to everyone he comes into contact with. He ruined so many people and for that he must pay for everything he has done.

Me: I couldn't agree more.

Chucky: (Begging) Andy please. I was only playing.

Me: You said that before. Playtime is over! Permanently!

The entire country was shocked. We had Chucky condemned to 67 death sentences and had him executed by fire. We had flamethrowers ready and we incinerated him into ash. We burned all the Good Guy Dolls and gathered all their ashes and hurled them into the fires of the Sun. Erasing all traces of them from all of existence forever. Chucky's evil spirit went into the Book of Vile Darkness forever. The Terror of Charles Lee Ray, the Lakeshore Strangler had been silenced forever. BURN IN HELL CHUCKY! AND STAY THERE!

Back at the estate we were glad and elated that Chucky was gone for good.

Luan: That monster is gone forever.

Lincoln: You said it Luan. He was a bad dummy! (Rimshot)

Luan: (Laughs) Good one Lincoln.

Me: It sure was.

Tai: What really infuriates me is also the fact that Jameson wanted to smear all superheroes all over the place badly!

Me: I know. He was a parasite. Robbie is a much better boss for the Daily Bugle than Jameson was.

Linka: Yep.

Me: I have a strong feeling that there are more horror monsters out there and they have one of each of the 12 Talismans out there. We already have one and we have to be ready for them and kill anyone affiliated with Shendu that gets in our way.

Lincoln: Yeah.

THE END.

Another Fanfiction complete.

This is the first part of the Horror Saga. This saga is gonna feature one of each of the greatest horror movie monster and slasher monsters. Chucky is the first one because out of all the slasher movies I've seen in the trailers and more, Child's Play 2 & 3 were the ones that didn't scare me at all. Chucky is the most insane of them all and I wanted to do all these for Halloween coming up. Brad Dorriff, Alex Vincent and more did a fantastic job in those movies over the course of 30 years. NicoChan11 gave me the ideas for them. Thanks for that man as usual. We're gonna do one chapter for each monster a day. Next up is the ruthless Michael Myers from the Halloween series. I originally had him planned first because he came into theaters on October 19th later this week. So get ready for 12 Chapters of Terror and (I Hold a flashlight under my face) (DIABOLICAL VOICE) it will leave you scared to death! (MALEVOLENT LAUGHTER) But let me know what you all think.

See you all next time.

Child's Play Franchise is owned by Don Mancini and Universal Studios.

# The Shadow of Michael Myers

It starts at the estate.

We were watching TV and there was nothing good on as we were bored out of our skulls.

Matt: Mariah how did you form the Royal Flush Gang?

Ace: That was a terrible day in my life.

Ace revealed her terrible story and she told us that she formed the Royal Flush Gang because she wanted to have some friends and she used her powers to change them into her teammates. That's when I showed up and we stopped them and I saved Ace and gave her a chance to have a new life.

Matt: Oh man. Mariah I'm so sorry.

Ace: It's all right Matt. Thank you though.

Matt: You're welcome.

Ace: I heard your band is really popular.

Matt: It is. Teenage Wolves is a great band and it became a major success.

T.K.: That's my big bro. He is an awesome singer and leader of a band.

Matt: Thanks T.K.

Nico: How's your dad doing Matt?

Matt: He's doing good Nico. Thanks.

Nico: You're welcome.

Tai: To be honest, Chucky reminded me of Puppetmon.

Venom: Why's that?

Tai: Because they're both evil toys.

Me: That's true. They both had the same aspects.

Suddenly a major news report came on.

News Announcer: We interrupt our regularly scheduled program to bring you this Special Report.

News Reporter: A prison bus crashed in a wooded area outside the town of Haddonfield, Illinois.

Me: Haddenfield, Illinois!? I've heard a lot about that town.

News Reporter: The only inmate in that transport van was ruthless evil serial slasher Michael Myers.

We gasped when we heard that name.

Me: Michael Myers!?

Lori: That masked psycho slasher from the Halloween movies is real!?

Lisa: It would appear so elder sister.

Me: I thought I saw the last of him when I put him away for good.

Lola: You put Michael Myers away J.D.?

Me: Yes. It was just shortly after I put away Bruce Banner's father. Michael Myers was a psycho slasher from the darkness of Hell in its entirety. He is pure evil in its entirety.

Lana: Why does he wear that mask?

Me: Well he was badly burned in a fire and it burned him all over his body resulting in him becoming horribly scarred and disfigured.

Luna: That's awful dude. I heard he killed a lot of people.

Varie: Yeah. Over the course of 40 years he killed 94 people.

Everyone gasped.

Aylene: He killed that many people!?

Rachel: That man is a monster!

Nico: No kidding. I heard that 40 years ago a woman survived his rampage.

Me: Yes. Her name is Laurie Strode. We have to kill Michael Myers and make him pay for everything he had done. Rachel, Matt, Gabumon, Ace, Lori, Lincoln, Lola, Aylene, Nico, Janeen, Nicole, Cody, you all come with me. We're going to Haddenfield.

Lincoln: We're with you all the way J.D.

Me: Lets go!

We went to Haddenfield.

---

We arrived at the cabin of Laurie Strode and we heard gunshots firing.

Lori: Is Michael here!?

Me: No. I don't sense him. But I have a feeling I know who that is.

We go out to the backyard and saw Laurie firing a rifle at a target and she was practicing. She was getting perfect shots in at the target.

Me: Excuse me.

Laurie: Yes?

Me: Are you Laurie Strode?

Laurie: That's right. The famous J.D. Knudson and his friends of Team Loud Phoenix Storm. It's an honor to meet you.

Me: It's a pleasure to meet you too Laurie.

Rachel: You have quite a good shot.

Laurie: Thank you Rachel.

Me: I take it you heard that the prison bus Michael Myers was on crashed and he's coming right?

Laurie: Yes.

Me: He's coming to finish what he started back 40 years ago.

Laurie: I prayed for this day for when Michael Myers escapes. I have prepared for him ever since.

Nico: For what?

Laurie: So I can kill him.

Me: Well if he wants a fight, we'll give him World War III!

Lori: We'll turn that monster into a human pretzel!

Rachel: He will pay for everything he's done over the course of 40 years!

Me: You said it Rach. Laurie we'll help you kill Michael and make sure that he pays for everything he's done over the course of 40 years. We'll send him back to Hell and make sure that he stays there.

Laurie: Thank you all J.D.

We go into Laurie's house and she handed us rifles and machine guns. We got everything ready into the night. We had a trap set up for him. In the dark of the night we were waiting for him. We had everything ready for him.

(Michael Myers Theme plays)

Me: I know you're here Michael.

Rachel was sensing for his presence with her telepathy and she had her mind feeling for his evil force.

Rachel: I sense him! (Points into the trees) Out that way!

I pull out my night vision binoculars and saw a man in a prison jumpsuit and he had a knife and he was wearing a mask.

Me: That's him!

I hand the binoculars to Laurie and she saw him.

Laurie: I've waited a long time for this Michael.

Me: And I'm the one that put that put him away 6 years ago.

He came out of the trees.

Me: Lola, Aylene, light it!

Lola and Aylene fired a blast of fire and lit a line of Gasoline that surrounded the cabin and the outer edge of the forest and a huge wall of fire formed around it. He was trapped in the fire wall.

Me: Guns ready!

We load our weapons and put on black headbands.

Lincoln: I'm going ghost!

He turned into Lincoln Phantom.

Me: This is it Laurie. Michael dies tonight.

Laurie: Yes.

Lola: You will pay for everything you've done Michael!

Me: Open fire!

We fired our guns and our bullets were hurting him bad. One bullet blew his left arm off. Lincoln fired an energy ray and blew a hole into his chest. Exposing his black heart to the open. We ran out of ammo.

Me: We'll handle the rest from here Laurie. This is gonna get really rough.

Laurie: I saw you do all those things on the news J.D. Show him no mercy.

Me: With pleasure.

We go at him and I punch him in the face and kick him in the back of the head. Lori kicked him in the stomach and punched him in the face.

Lola: Lets see what you look like without the mask!

Lola fired a fireball and it hit his face and burned off his mask. His true face was revealed. His face was horribly scarred and incredibly disfigured.

Lori: That is literally the most disgusting thing I've ever seen.

Ace: No kidding. He is really ugly.

Me: Michael Myers, you are one ugly (Censored)!

Laurie saw his ugly mug and now she knew what the true face of ultimate evil looks like.

Laurie: So you show your true face Michael. You need to go back to Hell!

Matt: Lets go Gabumon!

Gabumon: Right.

Gabumon then Digivolved.

Gabumon: Gabumon digivolve to…

He turned into the wolf Digimon Garurumon!

Garurumon: GARURUMON!

He and Matt went at Michael.

Garurumon: (Echoing) HOWLING BLASTER!

Garurumon fired a blast of blue fire from his mouth and it burned Michael's face even more.

Ace: Lets use our combo Garurumon.

Garurumon: You got it Mariah. (Echoing) HOWLING BLASTER!

Ace formed an illusion of malevolent spirits.

Ace and Garurumon: WOLF TSUNAMI PHANTOM!

The attacks turned into a massive tidal wave of wolf ghosts made of blue fire and they overwhelmed Michael and covered him and burned him bad.

When it cleared Michael was half of what he was. His legs and his remaining arm were blown apart and his intestines and organs were hanging out. He was knocked down but he was still alive.

Me: Wow! What a fight. But wait.

I see something in his pocket.

Me: What's this?

I reach into it and found a Talisman. It was the Ox Talisman.

Me: It's the Ox Talisman. It granted him Super Strength and Speed and Durability. But I guess he held on to it as a good luck charm.

Lori: He must have.

Rachel: Yeah.

Laurie came up to him and looked at him and he looked at her.

Laurie: For 40 years you've tormented me Michael and you've ruined the lives of everyone that crossed your path. Now it ends.

I pull out my 50 Caliber pistol and load it for her.

Me: Here Laurie. He's all yours.

I hand the gun to her.

Laurie: Thank you J.D.

Me: You're welcome.

Laurie took the gun and pointed it at his head.

Laurie: Go to Hell and stay there you (Censored) son of a (Censored)!

She pulled the trigger.

LOUD BANG!

His head exploded all over the place and splattered his brain matter and blood all over the ground and blew him apart. Killing him instantly and ridding the world of the terror of the Shadow of Michael Myers.

Nicole: And to make sure you never terrorize anyone again, I think Hell is too good for you. (Chants an Incantation) Aldruon Enlenthranel Vosolun Lirus-Nor!

His malevolent spirit went into the Book of Vile Darkness and then we saw his body disintegrate right in front of our eyes and became a pile of dust. It blew away into the wind.

Me: It's over. After 40 years we killed Michael Myers.

Laurie: Yes. (Had tears stream down her face) It's over.

We put the fire out and break the news to the citizens of Haddenfield. The citizens were overjoyed that Michael Myers had been silenced forever and they cheered wildly for us and Laurie.

---

Back at the estate we told everyone what went down.

Luan: That's awful.

Nicole: Yeah. But I'm glad that Michael Myers is dead.

Laney: Me too Nicole. He deserved to be killed all those years ago.

Lana: That's right Lanes. He had to be stopped or else he wasn't gonna stop killing at all.

Varie: No kidding.

Lily: I'm glad we avenged everyone that was killed by him.

Me: Yeah and we found another Talisman. We have 10 more to go.

Lincoln: Yep. And who knows what kind of powers they have.

Me: We'll find out when we face their owners.

Another Fanfiction Complete.

Michael Myers was by far the most evil psychotic maniac in the history of all horror movies in the Slasher Movie genre. He always wears that mask that makes him look like William Shattner and it is awful that he killed so many people over the course of 40 years in 12 movies. Jamie Lee Curtis starred in the first Halloween Movie back in 1978 and she did a great job in that movie all those years ago. Now in 2018's Halloween she was ready for him after 40 years of pain and trauma that he caused to her and everyone she knew. It comes out into theaters October 19th. Nick Castle did a great job as the iconic slasher. I never watched the movies but they were wicked from what I have heard. NicoChan11 gave me the ideas for this one. Thanks man as always. This is part 2 of my Horror Monster Saga. Next up is Jason Voorhees from the Friday the 13th series. Let me know what you all think.

See you all next time.

Halloween Series is owned by John Carpenter and Universal Pictures.

# The Mask of Jason Voorhees

It starts in the estate. We were watching TV and playing board games and card games and reading books.

Me: Well so far things have been very quiet.

Yolei: Yep.

Elena: Hawkmon, is there any reason why you don't turn into your Poromon form anymore?

Hawkmon: Well, Nico already has a Poromon for a Digimon partner. Me being in my Poromon form would make things confusing.

Elena: Ah. That's understandable.

Yolei: Elena what was it like when you lost your heart?

Elena: It felt like I had a bad case of heartburn.

Me: Whoa. That's bad.

Lana: Yeah. Yolei I heard your family owns a convenience store.

Yolei: That's right. It's a good store and the food is great.

Nico: I remember. It was great food and it was great.

Suddenly a special announcement on the news came on.

News Announcer: We interrupt our regularly scheduled program to bring you this special report.

New Reporter: Last night at the abandoned site of Camp Crystal Lake, 6 teenage girls were found savagely butchered.

We gasped.

Me: Oh man. Wait a minute. Camp Crystal Lake. That name is very familiar to me.

Laney: Me too.

News Announcer: Authorities have a witness that says they know who did it.

Man: I saw a masked man with a machete do it. He slashed these girls apart and killed them in an instant.

I gasp in sheer horror when I heard him say that.

Me: Oh no!

Yolei: What is it J.D.?

Me: I can't believe that he has returned.

Lincoln: Who?

Me: Jason Voorhees has come back.

Everyone gasped.

Lori: Jason Voorhees from the Friday the 13th Series!?

Luna: Dude! He's an unstoppable killing machine!

Lucy: I've heard legends about him. He is said to be one with the entirety of Hell in its entirety.

Lola: Why does he wear a hockey mask like that?

Me: He wears it because he is deformed. So he hides his face.

Varie: This guy sounds like he's extremely ruthless.

Aylene: He is beyond ruthless Varie.

Me: It's worse than that. He hates all teenagers with a terrible vengeance and he has killed more people than Chucky or Michael Myers did. Any teenager that crosses his path will be slashed to pieces by his machete.

Lana: How many people did he kill?

Me: Over the course of 38 years since 1980 he killed 143 people. All of them Teenagers.

Everyone gasped.

Lincoln: He's a monster of ultimate evil!

Linka: That's horrible!

Yolei: I'm just glad Tai and the rest of the old Digidestined didn't go to this summer camp for their first visit to the Digital World!

Kari: Me too.

Me: Yeah. And we have to stop him and make sure that he never comes back again. Lincoln, Lily, Nico, Nicole, Yolei, Hawkmon, Lucy, Linka, Lola, Lana, Laney, Lisa, Elena, Lila, you all come with me. We're going to Crystal Lake.

Lori: Wait J.D.

Luna: We want to help out.

Me: I know you do girls but it's too dangerous. He hates all teens and he will kill you all.

Lori: Okay. Thank you J.D.

Me: No problem. Lets roll!

We set out for Crystal Lake, New Jersey.

---

We arrived and it was an abandoned camp in the middle of the forest. It was left to rot like an open wound.

Me: This camp has seen better days.

Yolei: This whole place has been left to rot.

Lincoln: It sure is creepy here.

Lana: No kidding.

Lisa: It appears that Jason Voorhees has had a major impact on not just the town but the Camp the most.

Lily: Looks like it. I can't believe that he is that evil and wants to destroy all teens.

Nico: Yeah. He's a monster of ultimate evil.

Laney: He has to be stopped or he will keep on killing.

Lana: I heard that he's immortal. He was killed several times but he just keeps on coming back.

Lola: That's what I heard too.

Me: One thing's for sure. We have to stop him at all costs.

Nicole: Yeah.

Lucy: I sense him coming. He's hiding in one of the cabins and he knows we're here.

Me: Well then we'll be ready for him.

I use my X-Ray vision and find him in the cabin with the number 4 on it.

Me: There!

I fire a fireball at the cabin and it exploded.

KABOOM!

Out of the flames came Jason Voorhees! And he saw us.

Me: This is gonna be rough guys. Jason is an unstoppable killing machine.

Lincoln: He sure is. Lets get him!

Me: Lets.

Me, Lincoln, Linka, Laney and Nicole went Super Angel 3 and Nico went Super Saiyan 3 and we went after Jason. With incredible speed I kicked his machete out of his hand and punch him in the face and kick him in the stomach. Lucy kicked off Jason's mask and we saw his true face. It was really ugly!

Me: Holy mother of bleeding hearts!

Lucy: Gasp! He is ugly!

Me: Wait a second. I've seen this before. I remember seeing something like this in a documentary. He has a rare genetic disease called Treacher Collins Syndrome.

Lisa: It would appear to be that way 2nd elder brother. TCS is characterized by facial deformities in the face, ears, chin, eyes, and cheekbones. It occurs in one in 50,000 individuals.

Me: That's a very low Incidence rate and the most prominent example of a severe case of Treacher Collins Syndrome is a little girl named Juliana Wetmore, who was born with the most severe case of the disease in medical history. She had 30 - 40% of the bones missing in her face.

Lisa: That's correct. I saw that and it was a sad ordeal for her. Poor soul.

Jason: **That's right! I was hated because of this! You teens killed my mother and I will have my revenge on all teenagers everywhere! I vowed to kill every teenager everywhere for killing my mom and ruining my life and leaving me to die!**

Me: So you do talk. I always thought you were the strong silent type.

Jason: **Yes. Now you all will die!**

Me: You first! We're sending you back to Hell! This time forever!

We engaged in a savage and brutal fist fight. I punch him in the face and knock out some of his teeth and Lucy fired a blast of black lightning and it hit him in the chest and revealed his black evil beating heart.

Lana fired ice lightning and froze his right arm. She kicked it and shattered it off.

Lincoln kicked him in the face.

Yolei: Lets get him Hawkmon!

She activated the Digiegg of Love.

Yolei: (Echoing) DigiArmor Energize!

Hawkmon: Hawkmon Armor Digivolve to…

Hawkmon became Halsemon!

Halsemon: (Echoing) Halsemon - The Wings of Love!

Elena: Lets use our combo Halsemon!

Halsemon: You got it Elena! (Echoing) EAGLE EYE!

Halsemon fired red lasers from his eyes and Elena fired a blast of lightning.

Elena and Halsemon: THUNDERBIRD EAGLE EYE!

The blasts became a Thunderbird of Red Lightning and it hit Jason in the face and blew his whole head off. His body went down to the ground. I see a lump in his pocket.

Me: What's this?

I pull out the object and it was another Talisman.

Me: It's the Dog Talisman.

Suddenly we saw Jason turn into dust and he crumbled away and blew into the wind. His evil spirit appeared.

Jason: I will be back and you all will die!

Nicole: Not anymore! (Chants an Incantation) Aldruon Enlenthranel Vosolun Lirus-Nor!

His evil spirit went into the Book of Vile Darkness and he was sealed away for all eternity.

His hockey mask disintegrated too and the Terror of Jason Voorhees had been silenced forever.

Lincoln: So the Dog Talisman gave him immortality.

Me: It would appear so. The Dog Talisman can do that. We made Camp Crystal Lake safe again.

Nico: We sure did. Lets renovate it and make it look new again. That way everyone can have fun and do all kinds of fun things that aren't boring.

Me: Good idea Nico.

We renovated it and made it better than ever. It was bigger and much more awesome and fun than ever before. We set up some fighting dummies of Jason Voorhees so that the kids can train and fight against him and get stronger. A way to burn off some frustration and stress. They also have zip-lines and all kinds of awesome activities and more.

We saved a lot of people from the wrath and hatred of Jason Voorhees. His 38-year killing spree faded from memory.

Another Fanfiction Complete.

Jason Voorhees was by far the worst horror movie villain of all time in any series. He killed more people than anyone. He killed 143 people since 1980 and he was an evil unstoppable force to be feared. Lots of people portrayed him over the course of 38 years. He's one of the greatest slasher movie villains of all time. Part 3 of my Horror Movie Saga is complete. NicoChan11 gave me the Ideas for it. Next up is Kevin Wendell Crumb from 2016's Split. Let me know what you all think.

See you all next time.

Friday the 13th Series is owned by Victor Miller, Paramount Pictures and Warner Bros. Studios.

# The 24 Personalities of Crumb

it starts at the estate. We were sitting and reading books.

Sora T.: Hey Louise, how would you like me to teach you how to play tennis?

Killer Frost: It would be an honor Sora. I've always wanted to play Tennis.

Me: That's cool you want to do that Louise.

Killer Frost: Thanks J.D.

Lincoln: How's Maureen doing by the way?

Killer Frost: She's doing awesome Lincoln. I visit her once a week to check on her and she's doing great.

Laney: I'm glad Louise.

I get a message on my phone and it was a terrible message. It said that Kevin Wendell Crumb A.K.A. The Horde has escaped from a maximum security insane asylum and vanished from sight.

Me: (GASP) Oh no!

Lori: What is it J.D.?

Me: I just got a message on my phone and it said that the nut job Kevin Wendell Crumb, A.K.A. The Horde has escaped from a maximum security insane asylum!

Luna: Dude! That wacko nut job with 24 personalities is on the loose again!?

Me: Yeah!

Mike: Crumb has split personalities? I know what that's like.

Me: Me too.

Laney: How can one person have 24 personalities inside of him?

Lisa: Dissociative Identity Disorder can cause an individual afflicted with it to have more than 1 personality and it can be really confusing.

Me: No kidding. He kidnapped 3 women and he has a deadly personality with superhuman strength called The Beast and that personality is out for blood. He killed 2 of the girls and one escaped. My guess is that he wants to find them so he can finish what he started.

Laney: That could be the case.

Me: Yeah. But this time we won't let him do this anymore. Sora, Biyomon, Killer Frost, Lisa, Dexter, Nico, Nicole, you all come with me. We're gonna kill him.

Nico: You got it J.D.

Me: Lets get him!

We set out to where Kevin is at.

---

We arrived at a huge oil tanker off the coast of New York City.

Me: So he's on an oil tanker.

Lisa: It is indeed fitting for him.

Dexter: (Russian-German Accent) It sure is.

Me: Stay with me guys. Lisa and Dexter will face him and if The Beast comes out I will face him.

Lisa: Affirmative.

We go into the ship and it was quiet. I sensed 24 signatures and it meant that he was close.

Me: He's close. I feel all 24 of his signals.

Lisa: Very unusual.

Sora: It sure is.

Nico: How will we find out what he looks like?

Me: You'll see.

We walked around and saw Kevin. He was a bald man and he was dressed like a woman.

Sora T.: That is wrong on so many levels.

Me: I agree. But with 24 personalities you never know who he will become.

I explain the personalities as follows:

Hedwig: A nine-year-old boy with several compulsive behaviors, such as proclaiming that he has red socks, crawling on bent knees, and ending sentences with 'et cetera'. He loves to dance crazily, draw, and he is disciplined by the other personalities. He befriends Casey. Hedwig is rather gullible as a result of his innocence and naivety, easily baited by Casey at one point and cowed by some of the other personalities, very few of whom truly respect him. He is awed by the power of the Beast because of his childish nature and his desire to not be dismissed and made fun of anymore. He is largely subservient to the other personalities (despite his ability to 'take the light' at will), especially Patricia (whom he calls 'Miss Patricia'). He speaks with a lateral lisp.

Barry: The original dominant personality in Kevin's head - calm, level-headed to some extent, and working to control the other personalities and to protect Kevin. Barry is the personality that is used to communicate with Dr. Fletcher, but he is exploited by Dennis in the latter's bid for control over Kevin's head. He's a charismatic, somewhat effeminate male, with an incredible talent for fashion and design. It is implied that he is a very commanding individual (described at one point as an extroverted leader).

Dennis: One of the more disturbing personalities, Dennis is cold, temperamental and has a perverted liking for watching young girls dance naked. He demonstrates traits of obsessive-compulsive disorder and a firm, sometimes violent, tendency towards cleanliness and order (most likely duplicated from Kevin's abusive mother to help Kevin survive in the household). Dennis is devious, being shown to have been masquerading as Barry since the very beginning of the film. However, Dennis' efforts to conceal himself aren't perfect, since he overextends himself in trying to convince Dr. Fletcher that he is Barry and is unable to ultimately conceal his OCD. Patricia: A sophisticated, orderly, polite woman who has considerable command over some of the other personalities (claiming that the others 'listen' to her).

Patricia is very disciplined towards the other personalities, and towards other people, and is also very calm - she assures Casey, Claire and Marcia that Dennis will not touch her because they are to serve a greater purpose than Dennis's desires. Patricia is revealed to be surprisingly dangerous in her own right, as evidenced by her calm (but extremely threatening) way of dealing with Marcia by soothing her verbally whilst holding a knife to her stomach. Patricia is a perfectionist, reacting angrily when she cuts a sandwich in awkward halves before doing so again.

The Beast: By far the most dangerous, hostile and terrifying of all the personalities, the Beast is the 24th identity that resides in Kevin's mind. The Beast is a malevolent figure, idolized by Dennis, Patricia and Hedwig, who all awaited the Beast. He is extremely violent to the point of savagery, having an unquenchable lust for human flesh, and an intense perspective that the rest of the world are impure because they haven't suffered like he has. The Beast possesses superhuman strength, speed, agility, stamina, invulnerability and pain tolerance - it can rip metal bars apart and snap a human body in half with its bare hands. It also has the ability to climb walls using even the slightest grip. Finally, the Beast is incredibly hard to kill, since bullets are virtually ineffective against it and knives shatter against its skin.

Jade: She appeared on a video log and briefly appeared after Casey called Kevin **into the light** . Jade seems to act like a typical teenage girl with a foul mouth. She apparently has diabetes and needs to take insulin shots for it.

Orwell: He appears briefly when Casey calls Kevin **into the light** . Orwell is an introverted, highly intelligent man whose verbosity tends to overshadow his intended meaning.

The rest of the personalities are as follows:

Heinrich

Norma

Goddard

Bernice

Polly

Luke

Rakel

Felicia

Ansel

Jelin

Kat

B.T

Samuel

Mary

Reynolds

Ian

and Mr. Pritchard.

Sora T.: Boy this guy has some major league problems. He should've been locked up forever.

Me: He was and this time he will die. All of him.

Lisa: Affirmative. If he has all those personalities including a dangerous one like The Beast then this guy is dangerous to the core to himself and everyone around him.

Dexter: He needs to be wiped off the planet.

Me: Yep. Lets go.

We jump down and Lisa and Dexter kicked him and sent him crashing into the wall.

CRASH!

Me: Kevin Wendell Crumb you all are gonna die today.

Kevin got up and he saw us.

Kevin: J.D. Knudson. So nice of you to come.

Me: We aim to please.

Kevin (Patricia): The Beast must feed and now you are gonna be his meal.

Nico: Not a chance. He will die like all of you will.

Lisa and Dexter jumped and Lisa kicked him in the face and Dexter used a wrench and clubbed him in the stomach and punched him in the face and kicked him in the back. Lisa punched him in the stomach and kicked him in the back and punched him in the crotch. Lisa fired a laser at him and burned him in the shoulder and she clubbed him in the head with a wrench as well. Dexter leg sweeps him and kicks him in the back and pile drives him in the stomach. Sending him crashing through the floor and into a tank of oil.

BLAM! SPLASH!

Nico: He wasn't that tough.

Me: No Nico. He's really tough and here comes trouble.

We saw Kevin get up and he didn't have his shirt on and he was muscular and he was roaring.

Me: So the Beast is awake. Now it's time for me to go all out.

I go Super Angel 2 and went at Kevin and we clasped hands. He was incredibly strong and he had superhuman strength and more.

Me: (Grunts) You are seriously one major league (Censored) up monster Kevin! I should've killed you the moment I saw all of you!

Kevin (Beast): You are my prey J.D. I will enjoy eating your flesh!

Me: There won't be anything left of you by the time I'm through with you! This time you all will die!

I punched him in the face and kicked him in the stomach and send him crashing through the wall.

CRASH!

He ran at me with incredible speed and I ran too and I kicked him in the face and punched him in the crotch and kicked him in the back. He then grabbed me and threw me into the wall. But I rebounded and kicked him in the face with devastating force and send him flying into the wall again. He was really mad and he went at me screaming in a ballistic rage and I did the same and we clashed in a huge shockwave explosion.

THOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM

I punched him in the stomach and he punched at me and I dodged it and kick him in the face and knock out some of his teeth and he kicked at me and I dodged it and I kicked him in the crotch and punch him in the face again and he belched out a huge amount of blood. The fight was so savage, ferocious and brutal that it was unbelievable. I punch him in the face and kick him in the back and pile drive on him and send him crashing through the floor and he splashed into more oil.

Sora T.: Biyomon lets get him!

Biyomon: Right!

Biyomon digivolved.

Biyomon: BIYOMON DIGIVOLVE TO…

Biyomon became Birdramon.

Birdramon: (Echoing) BIRDRAMON!

Kevin got up and jumped onto the floor and he saw all of us ready to fight.

Me: Kevin I will never forgive you for everything you've done!

Birdramon: Lets fight him on the deck of the boat. We're gonna use our combo.

Sora T.: Good idea.

Nico: Lets go!

We fly through the roof to the deck and landed on it.

Kevin (Beast) You won't escape me!

He jumped after us and we landed.

Birdramon: Lets do it Louise!

Killer Frost: You got it.

Birdramon: (Echoing) METEOR WING!

Birdramon fired a bunch of Fireballs from her wings and Louise fired a stream of frozen wind.

Birdramon and Killer Frost: ICE FLARE STORM!

The fireballs became blue ice fireballs and they hit Kevin and burned him with the temperature of liquid nitrogen and covered him in bad freezer burn scars. What Kevin doesn't know however is that the whole ship is wired to explode. Lisa and Dexter planted nitroglycerin and C4 explosives all over the oil tanks and rigged them to explode in 10 minutes.

Kevin (Beast): I will have your flesh if it's the last thing I ever do!

Me: I don't think so Kevin. Your time is up.

We fly away and the timer on the bomb was on 4 seconds.

4… 3… 2… 1… 0

KRABOOOOOOOOOOOMMMMM!

The whole ship exploded into a massive fireball and the heat coming from it was unbelievable. Kevin saw the explosions coming towards him and when it enveloped him he was incinerated in an instant. The whole ship then exploded in a massive big explosion.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Burn in Hell, Kevin Wendell Crumb.

Lisa: Affirmative.

Dexter: He deserved it.

Sora T.: (Puts on shades) Hasta La Vista, Baby.

Out of the smoke, an object flew high into the air and was coming towards me and I caught it. It was a Talisman.

Me: A Talisman.

It was the Rabbit Talisman.

Me: It's the Rabbit Talisman. No wonder he was so fast.

Kevin's spirit appeared and he had 24 heads on his body. One for each of his personalities.

Kevin: I will be back and we will kill you J.D.!

Kevin (Patricia): Count on it!

Nicole: Not gonna happen for all of you! (Chants an incantation) Aldruon Enlenthranel Vosolun Lirus-nor!

Kevin went into the Book of Vile Darkness.

Kevin and his personalities: DAMN YOU J.D.!

He was gone forever. Never to terrorize the world again with his evil murderous screwed up mind.

Nico: Good riddance to bad rubbish.

Me: Yep. Lets go home after we clean up all the oil.

We did so.

---

We watched the news.

News Reporter: In our top story, escaped criminally insane patient Kevin Wendell Crumb, The Horde, was killed earlier this morning when an offshore abandoned oil tanker exploded into a massive fireball and sunk into the ocean. J.D. Knudson and Team Loud Phoenix Storm cleaned up the oil from the tanker and prevented a major environmental disaster from happening. But the good news is that Kevin Wendell Crumb will never terrorize the country again with any of his 24 personae.

Me: No he won't.

Nico: I agree J.D.

Me: You all did a great job. And we have 4 Talismans out of twelve.

Lincoln: We sure do.

Laney: I can't believe he had that many personalities inside of him. He was one screwed up nutcase.

Lola: You're telling me Laney. If I encountered someone like that I would make sure he would be put away forever.

Lana: Same here Lola.

They high-five.

Me: Yeah. I put Kevin away just under a year ago and I warned him that if he ever escaped from the Insane Asylum, I would kill him.

Lori: And you literally did.

Varie: Yep. He deserved to die for everything he did.

Rachel: You said it Varie.

Me: Now we've officially seen the last of Kevin the Horde.

Linka: Yep.

THE END.

Another Fanfiction Complete.

Split from 2016 was by far the strangest psychological horror movie sequel of the Unbreakable movies. 24 personalities? That is insane! Kevin Wendell Crumb was by far the weirdest villain I've ever seen in any movie. I never saw the movie but I saw the reviews it got. According to psychologists, it was a clear view into the mind of a person with Dissociative Identity Disorder. It was a very prominent example of probing the mind of a person with multiple personalities. James McAvoy did a fantastic job portraying Kevin Wendell Crumb and his personalities. NicoChan11 gave me the ideas for this. Thanks for that man as usual. Next up is the Nefarious and Ruthless Masked serial killer Ghostface from SCREAM! Let me know what you all think.

See you all next time.

Split is owned by M. Night Shyamalan and Universal Pictures.

# The Killing Spree of Ghostface

It starts at the estate.

Sora came out and he had a new haircut and a new outfit on. (Think of Sora's New Outfit from KH3)

Sora: What do you think of my new outfit?

Me: Wow. Sora you look amazing.

Kairi (blushes): I think it fits you, Sora.

Sora: Thanks. I figured that it was time for me to change my look.

Varie: Well it looks great.

Teresa, Luan and Gomamon were laughing.

Teresa: (Laughs) Gomamon I love all your jokes.

Luan: Have you ever considered being a mascot for a potential career for laughter, Gomamon?

Gomamon: Nah. I don't want to make you jealous by stealing your spotlight.

Luan: Don't be silly! I would never be jealous of anyone doing another laughter career.

Joe K.: I agree. Gomamon's jokes are really funny and he has been known as a jokester for as long as I can remember.

Teresa: That's amazing.

Joe K.: Yeah. When you became Talon what was that like?

Teresa: When I was exposed to the mutagen it felt like my body was being rearranged somehow.

Joe K.: That's awful Teresa. I'm so sorry.

Then the phone rang.

Me: I'll get that.

I answered the phone.

Me: Hello?

?: (Gruff voice) Hello J.D. Knudson. You are gonna die today. Come down to Woodsboro and you will! (Evil laughter)

It was a terrifying voice I know all too well.

Me: (Gasp) (Hangs up) Ghostface!

Lori: Who's Ghostface?

Me: He's a masked serial killer that terrorized all of Woodsboro, California and he is a high school kid that went on a killing spree. He's actually a bunch of people. They killed several people to get fame for themselves. They had every dastardly motive done in the book but it was mostly for fame.

Lincoln: That fiend!

Laney: What a monster!

Me: Well if it's a fight Ghostface wants, it's a fight he's gonna get. Including a one-way ticket to Hell.

Teresa: You said it J.D.

Me: Okay. Nico, Nicole, Rachel, Teresa, Lucy, Joe, Gomamon, Lincoln, Linka, Lana, Lily you all come with me. We're going to Woodsboro.

Rachel: You got it.

I dial *69 and it traced Ghostface and he answered.

Ghostface: Hello?

Me: Ghostface, if it's a fight you want then it's a fight you're gonna get! We're coming for you and you will pay for everything you've done. (Hangs up) Lets load up and head out.

We get ready and we are armed with grenades, firearms and our swords and we were wearing bulletproof vests. It looked like we were going into war.

Me: Lets go kill a ghost.

We set out for Woodsboro, California.

* * *

We arrived at Woodsboro and we saw that the town was quiet.

Me: This whole town is in the grip of fear.

Rachel: It sure is. Where is everybody?

Lincoln: They probably are in their homes because of the terror of Ghostface.

Lily: That's probably the case.

Joe K.: Lets hope we kill Ghostface before he hurts anyone.

Lucy: I sense that Ghostface is in the School.

Lucy pointed to the local high school.

Me: Lets go.

We go into the school and it was quiet.

Me: Keep your eyes and ears focused. Ghostface is really crafty.

We were watching our backs.

We heard footsteps.

Lucy: (Whispering) Someone's coming.

Rachel: (Whispering) Is it Ghostface?

Lucy concentrated and she found out.

Lucy: It is him.

Me: (Whispering) Lets sneak up on him.

We did so and saw a figure wearing a black cloak and he had a knife in his hand and he was wearing a ghost mask. I shoot him in the leg and he fell down. We go up to him and take the knife from his hand and pull the cloak off and he was invisible!

Me: He's gone!

Rachel: He went invisible!

I turn on my Inferred Vision and I can see him.

Me: He may be invisible but I can still see his heat signature.

I punch him in the face and Rachel kicked the mask off. It was really Charlie Walker.

Me: Charlie Walker.

Charlie: Yes. I started the Ghostface Murders again because I wanted to win the heart of Jill. I wanted to be the sole survivor of the massacre.

Lana: That's not gonna happen you monster!

Lana grabbed him and snapped his neck! Killing him instantly.

Me: Nice one Lana.

Lana: Thanks.

I see a something in his hands and take it. It was the Snake Talisman.

Me: The Snake Talisman. So that's how he became invisible.

We heard clapping and we saw a woman named Jill Roberts.

Me: Jill Roberts, I presume?

Jill: Yes. You killed him.

We had our guns pointed at her.

Me: You've tormented the people of Woodsboro long enough.

Jill: Please. You think I'm afraid of all of you?

Teresa: You should be.

Lincoln: You senselessly murdered innocent people all for your own selfish purposes!

Linka: You will pay for your crimes!

Joe K.: What you've done is completely unforgivable! I've had it with you.

Gomamon then digivolved.

Gomamon: Gomamon digivolve to…

Gomamon became Ikkakumon.

Ikkakumon: (Echoing) IKKAKUMON!

Lily: You will pay for everything you've done.

Joe K.: You will pay for this! Normally I don't hit girls but in this case I'm willing to make an exception.

Joe went at Jill and kicked her in the face and punched her in the stomach and punched her in the face and sent her flying.

Ikkakumon: Lets use our combo Teresa.

Teresa: You got it.

Teresa fired a sonic blast.

Ikkakumon: (Echoing) HARPOON TORPEDO!

Ikkakumon fired his horn and it turned into a missile.

Ikkakumon and Teresa: HARPOON SONIC MISSILE!

Teresa's sonic blast combined with the torpedo and it became a sonic bomb. It hit the floor by Jill and exploded. It blew her into the lockers and she was holding her head in pain as the super loud sonic waves formed all over the hall. It was like a Sonic Speaker. We had our ears covered.

Me: Guys lets finish this with a bang.

Nico: You read my mind J.D.

Lana: I broke a gas line in the school.

Me: Good work Lana.

We get our grenades and pull the pins and threw them at Jill.

Me: FIRE IN THE HOLE!

We ran and got out of the school and the whole school exploded into a massive fireball.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Go to Hell, Ghostface and stay there!

Nico: Good riddance.

Lucy: Yep.

The Ghostface's of the past appeared.

Nicole: You all are never gonna be welcome here in this life or the next. (Chants an incantation) Aldruon Enlenthranel Vosolun Lirus-Nor!

She sealed them into the Book of Vile Darkness for all eternity.

Me: Good job Nicole. And to make sure he never terrorizes this town again we'll erase everyones memories of Ghostface forever.

?: Everyone but me.

We saw a young woman and it was the sole Survivor of the 1st Ghostface Massacre back in 1996, Sidney Prescott.

Me: Sidney Prescott. I heard a lot about you.

Sidney: It's a pleasure to meet you J.D. I've heard a lot about you. Ghostface killed all my friends and nearly killed me.

Lincoln: What a monster.

Linka: He deserved to die no matter what.

Me: Yeah. Here we go.

I fired a wave of magic and it affected everyone in the town but Sidney. Everyone had their memories of Ghostface erased forever. Never again will Ghostface terrorize Woodsboro. BURN IN HELL GHOSTFACE!

We went back home and told everyone everything that happened. They were glad that Ghostface was gone forever. 5 Talismans down and 7 more to go.

Ghostface was the most ruthless criminal that ever lived. The Scream movies over the course of 22 years became a very popular Halloween sensation because of it. Wes Craven did a great job inventing a great series and this chapter was made as a tribute to him. He created great movies of horror like Wishmaster, The Hills Have Eyes, Swamp Thing, and many more. He was a great horror movie director and more.

RIP Wes Craven - August 2nd, 1939 - August 30th, 2015.

NicoChan11 gave me the ideas for this one. Thanks man as always. Next up is the famous friendly ghost Casper. Let me know what you all think.

See you all next time.

# Mystery of The Friendly Ghost

It starts in the little town of Friendship, Maine. Me, Maria, William, Venom, Elena, Nico, Nicole, Vince, Xion, Kari, Gatomon, Carol, Varie, Aqua, Rachel, Lori, Lincoln, Laney, Lucy and Lana are walking through the town and it was a quaint town.

Lincoln: So this is Friendship, Maine.

Lucy: It looks like a nice town even though I enjoy the darkness.

Laney: It is a nice town and the view of the ocean is amazing.

Lana: It sure is.

Aqua: What were we called here for?

Me: My scanners are picking up some ghostly forces at work here. So we came here to investigate.

Elena: That's unusual.

Venom: This does sound cool though.

Lori: This town is amazing though. How many people live here?

Varie: Well according to the 2016 census it's at almost 1,200 people.

Rachel: This is a very small town.

Carol: It sure is.

William: This is an interesting town though.

Kari: It seems like a nice town.

Gatomon: I agree.

Aqua: Where is this ghostly disturbance coming from here?

Me: It's coming from a mansion called Whippstaff Manor. That name is very familiar to me.

Lucy gasped.

Lincoln: What is it Lucy?

Lucy: I know Whippstaff Manor. It is home to the McFadden Family. Casper the Friendly Ghost lives there along with his wicked uncles.

Me: I've known Casper the Friendly Ghost for years.

Lincoln: Me too.

Lori: Same here.

Lana: I love Casper! He's so cool!

Maria: I've known him since I was a little girl.

Aqua: How interesting.

Me: Also rumors have been flying around here that some kind of creature has been spotted here.

Venom: What kind of creature?

Me: They call it the Creature From The Black Lagoon. Like from the movie from 1954.

Vince: That was a strange movie. The Gill Man was a strange creature.

Me: Lets go see.

---

We were walking through a forest.

Xion: Kari how did you get that Dragon Medallion?

Kari: That is a strange one. I found it while me and Gatomon were fighting criminals in Tokyo. Some bad guy dropped it and I kept it.

But something got me mad and I flew all the way over to Gotham Royal York and started a rampage.

Xion: That's bad.

Kari: Yeah. Xion what was Roxas like?

Xion: He was an awesome guy. He was a kind man and he treated me like a little sister and it was an amazing feeling for me.

At 5:00 at Night we arrived at Whippstaff Manor. It was a nice mansion and it didn't really look like a Haunted Mansion.

Me: Well here it is. Whippstaff Manor. Looks like a nice house.

Lana: It doesn't look scary at all.

Vince: No it doesn't. It looks like a nice house.

Xion: It does.

Me: Yeah. It looks like a kind of house that Mystery Inc. would love.

Carol: Knowing them I'm sure they would.

We laughed.

Venom: That's funny and we agree.

We go up to the door and I knock on it.

A man answered it. It was Dr. James Harvey, Psychiatrist of Ghosts.

Dr. Harvey: Yes?

Me: Dr. James Harvey, Ghost Psychiatrist. Sorry we had no idea you were here.

Dr. Harvey: J.D. Knudson and Team Loud Phoenix Storm. It's an honor to meet all of you.

Varie: Pleasure to meet you too.

Maria: Same here.

Carol: We're here investigating a Ghostly Disturbance here.

Dr. Harvey: Of course come on in.

Me: Thank you.

We go into the mansion and it was a beautiful one.

Me: Wow. Nice mansion. It's just as beautiful as my mansion was when I moved to Michigan.

Varie: It does bring back memories.

Vince: It sure does.

Nico: This house would be perfect for Gotham Royal York.

Lucy: Lets find out more about what's going on here.

Me: Okay. Dr. Harvey are you by any chance having problems with some ghosts?

Dr. Harvey: You could say that. I met these three obnoxious ghosts named Fatso, Stretch and Stinky and they are the worst ghosts ever. They treat me like dirt and nearly got me to become like them.

Laney: These guys sound like they're that crazy.

Me: Yeah.

Dr. Harvey: My daughter Kat and I met Casper and he's really friendly.

Casper: (Offscreen) It's true.

We saw Casper and he was a nice ghost.

Me: Casper. It's a pleasure to meet you.

Casper: Same here.

We introduced ourselves.

Casper: It's a pleasure to meet you all.

Me: Same here. I can't believe that those dirt faces you call uncles are that bad.

?: We heard that!

We saw 3 ghosts come. One was a fat ghost, the second was a long thin ghost and the 3rd one was a bad mouth ghost.

Me: Oh great.

Lori: I know these guys and they are literally the worst.

Lincoln: You said it Lori.

Lana: What a bunch of poopeaters.

Vince: Yep.

Stretch: Well well if it isn't the loser force!

Lori: You better be nice to us or I will literally turn you all into ghost pretzels!

Lana: Yeah!

Me: You three buttmouths have abused Casper and stayed on Earth for far too long.

William: I'm sorry. I swear I heard Casper say that his 3 uncles over there have been abusing him!

Nico: You heard right. So I think we should teach them a lesson about what happens to people like them!

Everyone: YEAH!

Casper's uncles tried to run but Nico holds them in place with a green construct hand from Justice Lord Green Lantern.

Nico: You see, dirtbags, we're already on edge with news about the Creature from the Black Lagoon. So to hear that you three have been treating Casper like dirt really made us very angry! I really hate child abuse. And you still mistreat Casper even though he's been nothing but kind to you!

Me: Yeah! You tell them Nico!

Stinky: C'mon! If you think really hard about it, that's called tough love!

Nico: Tough love?! That's the same kind of mindset that got Peter Griffin and Marcus Gesneria arrested. So now, I'm gonna beat you to within an inch of your lives until my friends can plan our next move!

Elena: And me, William, and Venom are gonna help out with your punishment! (to Casper) I'm really sorry about all the things these 3 have done to you.

Casper: It's alright, Elena.

Maria: Just so you know, Casper, you might not want to see what happens next. Even I don't know what the four of them are going to do to your so called uncles. (to me, Venom, Maria, and Elena) Try not to kill them, ok?

William chuckles while Elena smirks.

Me: They're already dead.

Venom (grins at Maria): But we're not promising anything, Maria.

Nico (to Stinky, Fatso, and Stretch): Alright, kids. We have to take care of that little problem we told you about. Be good boys, finish your homework, and be in bed by nine. Oh, and you also better pray that we forget about you three when we come back.

The rest of the heroes leave the room. But the door closing behind them did nothing to hide the first scream of pain that Stinky let out.

Lori: Those freaks better stop abusing Casper or else!

Lucy: They won't change Lori. Let me deal with them.

Lucy fired black lightning from the stairs and they melted and crossed over into the Afterlife.

Dr. Harvey: What happened?

Me: Lucy made them cross over. Those guys were freaks.

Xion: You said it J.D.

Kari: They sure were mean.

Me: Yep.

Dr. Harvey: Good riddance.

Me: Where can we find Kat?

Dr. Harvey: She's up in her room.

Me: Okay.

We walk around the mansion and it was an amazing sight. In the lighthouse it was all old and loaded with stuff.

Me: Hmm. Interesting stuff.

Lana: It needs a lot of repair though.

Laney: Yeah.

We saw Kat with Casper and Kat had a beautiful dress on.

Me: Are you Kat Harvey?

Kat: Yes. No way! J.D. Knudson and Team Loud Phoenix Storm!?

Me: That's right.

Kat: Wow! You are all here.

Me: I know. Big shock huh?

We introduced ourselves.

Me: Kat you look amazing in that dress.

Kat: I sure do.

We found Casper on an old sled that his dad bought.

Casper: I begged and begged my dad to get me this sled. He acted like I couldn't have it. Then one morning I came down for breakfast and there it was. Just for me. For no reason at all.

Lana: It's a nice sled Casper.

Venom: Yeah.

Xion: It snows a lot up here in the winter and its perfect for it.

Carol: It sure does.

Casper: Yeah. I took it out and went sledding all day. My dad said "That's enough" but I couldn't stop because I was having so much fun.

Laney: You really loved this sled huh?

Casper: Yeah. It then got late. It got dark and cold. I got sick.

Vince: You got sick?

Elena: Oh no.

Carol: What happened?

Casper: Dad got sad.

Maria: Poor guy.

Kat: What's it like to die?

Casper: Like being born only backwards.

Me: That's a good way to put it Casper. We may never know it because we will live forever because of our powers.

Casper: That's true. I remember. I didn't go where I was supposed to go. I just stayed behind so my dad wouldn't be lonely.

Me: I'm sorry Casper.

We saw some newspapers on the floor.

Me: "McFadden Youth Dies. Pneumonia claims life of 11 Yr. Old boy." You died of Pneumonia. That's bad.

Varie: That's awful. Pneumonia is one of the top 10 killers of people.

Laney: Yeah.

William: It sure is.

Kat picked up a newspaper article.

Kat: Is that your dad?

Casper: Mm-hmm.

Vince: Professor J.T. McFadden. I've heard about him.

Carol: Prominent Inventor J.T. McFadden declared legally insane? Why would they think that?

Xion: I don't know.

Kat: "McFadden claimed that he was haunted by the ghost of his dead son and that he had invented a machine to bring him back to life…

Kat and Casper: "The Lazarus."

Me: It's named after Jesus Christ's best friend in the new testament of the Bible who he brought back to life through the power of God after he died of leprosy.

Varie: That's really unusual.

Me: We have to check this out.

We went down a series of halls and went through a revolving bookcase. It was J.T. McFadden's study.

Casper: Hey. Over here.

Kat sat down in a red chair.

Me: I have a feeling I know what's about to happen.

Casper pulled a lamp tassel and the chair went back and the stairs became a slide and the floor opened up. Kat went down the stairs.

Kat: Casper!?

She screamed as she went down and we followed her.

We go through a tunnel and in it was a morning preparation machine with all the everyday tasks for getting ready. We come out and we wound up in a huge room.

Me: Wow!

Lana: What is this place?

Casper: This is my dads lab.

Kat: Kind of a slob wasn't he?

Venom: This is a fancy lab. We never saw anything like this.

Casper: My dad was a great inventor.

Me: He sure had an awesome laboratory.

Lincoln: Yeah.

Laney: It's an antique version of Lisa's lab.

Lucy: Yeah.

Vince: This is amazing though.

Carol: It sure is.

Kat: So where is this Lazarus thing?

Me: Lets take a look around and find it.

We searched and on a table I found a book about Frankenstein that was stuck.

Me: Hmm.

I open it and in it was a button panel.

Me: Clever.

I press a red button and the table rumbled and out of the pool in front of us arose a machine and it was a pod and it was on a stand. It was the Lazarus.

Casper: Lazarus.

Me: Wow!

Venom: This is a fancy machine.

Varie: We're looking at the Holy Grail of Resurrection.

Nico: We sure are.

Kari: This is an amazing machine.

Me: We have a chance to bring Casper back to life.

Carol: Lets see if this thing works.

We go up onto the machine and found a strange red liquid in a container. I pull out a container.

Me: Fascinating stuff.

I use my new headset and a computer formed over my eyes and it analyzed the molecular structure of the liquid.

Me: Wow! It's a resurrection serum.

Casper: Yes. It's what brings ghosts back to life. Just enough for one.

Venom: We sense that we aren't alone here.

Carol: I feel it too.

Casper put the container into the machine and turned the holder and the container was upside-down.

Casper: Pull the lever.

Kat: Which one?

Casper: I don't know.

Me: Let me see here.

I pull one and the pod opened up. Casper went in.

I close the pod and activate the machine. It steamed up and suddenly Venom saw a hand reach for the red liquid.

Venom: Oh no you don't!

He grabbed the hand and flung a woman out. The Machine stopped and we opened pod and out came Casper and he was 100% alive. He was a boy dressed in his pajamas from when he died and he had blond hair and blue eyes.

We gasp in sheer amazement.

Me: It worked!

Varie: He's been fully resurrected!

Venom: Incredible.

Kat: Casper?

Casper: That's right Kat. I'm alive again.

Kat was amazed and she hugged him.

Me: Incredible. I have the power to resurrect people but I wanted to see if this was all true.

We confronted the woman. It was Carrigan Crittenden.

Kat: Ms. Crittenden?

Carrigan: That's right! And you fools have ruined everything!

Me: You were after Casper's treasure weren't you!?

Carrigan: Yes. I was. I inherited the house for a treasure it has.

Maria: Sorry to disappoint you but you aren't getting it!

Carrigan: I will get it!

She pulled out a Talisman and it was the Rat Talisman. It brought out the Gill Man from The Creature From The Black Lagoon! We saw him and he was ugly.

Me: It is the Gill Man!

Carrigan: I brought him to life with this strange rock.

I kick it out of her hand and caught it.

Me: You don't have any idea what kind of power this is.

Kari: Gatomon lets get him!

Gatomon: Right.

Gatomon digivolved.

Gatomon: GATOMON DIGIVOLVE TO…

Gatomon became the beautiful angel Digimon, Angewomon.

Angewomon: (Echoing) ANGEWOMON!

Me: Wow!

Angewomon: Lets use our combo Xion.

Xion: You got it.

Angewomon formed her glove into a bow and an arrow of energy formed.

Angewomon: (Echoing) CELESTIAL ARROW!

Xion fired a blast of light.

Angewomon and Xion: CELESTIAL LIGHT ARROW!

The arrow of pure light skewered the Gill Man and vaporized it completely.

Carrigan: NO! YOU WRETCHED BRATS!

Lori walked up to her.

Lori: You literally disgust me Crittenden!

POW!

Lori punched her in the face and knocked her out.

Lana: Nice shot big sis!

Lori: Thanks Lana.

Dibs: Carrigan! She's my love!

Lincoln: You want someone? Go get a different woman!

Lincoln fires lightning at Dibs and he electrocutes him. Knocking him out.

We arrested them and sent them to prison.

---

We beamed the whole mansion all the way over to Gotham Royal York and it lives on an island hill in our lake. It was a breathtaking sight. Dr. Harvey and Kat now live in the Whippstaff Manor and Casper was given a second chance at life. However we're only going to use the Lazarus Machine only when it's needed. It was awesome. We renovated the whole mansion and made it as good as new. It looked like it was fresh out of the box. Casper and Kat have a budding romance going on. We have 6 Talismans now.

Casper The Friendly Ghost is an old Cartoon I've known since I was a little kid. He was so awesome. But I had a lot of sympathy for him because he was so lonely. Poor guy. I loved watching the movie from 1995 and it was amazing. Bill Pullman, Christina Ricci, Malachi Pearson, Devon Sawa, Cathy Moriarty, Ben Stein and Eric Idle did a great job in that movie. It was awesome! It did tell me how Casper died. That was sad. Pneumonia is one of the top ten killers of people. Mostly children. I hated his uncles for the way they treated Dr. Harvey and Casper. That makes me sick! So I decided to get rid of them once and for all. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next up is part 7 of the Horror Saga and that one is gonna be based on Stephen King's Firestarter. Let me know what you all think.

See you all next time.

Casper is owned by Brad Silberling and Universal Pictures.

# Fire From The Mind

It starts with us in the dining room and we were having dinner.

Lincoln: Hey guys I don't know if I told you all this but before Chandler was thrown into the nuthouse J.D. scared him at the House of Terror.

Me: Oh yeah. Me and Varie were there with Lincoln and Clyde.

---

Me: (Narrating) **We were in the House of Terror and they had all kinds of scary monsters. They had a scarecrow that had crows in its head, a grotesque mutant with a scythe, a bunch of zombies and so much more. We made it out but Chandler and his cronies took the easy way through the Bail Out door. They were scared. But things were about to get scarier for them.**

Past Me: (Panting) That was awesome!

Past Varie: It sure was.

Past Lincoln: (Panting) Oh man. The bail out door was much farther than I thought.

Past Clyde: They really need to work on their signage.

We see Chandler, Richie and Trent.

Past Me: Looks like you guys made it out before us.

Chandler was poking his fingers.

Past Chandler: Oh uh. We uh…

Past Trent: We found the Bail Out Door. That place was way too scary.

Chandler nudged Trent.

Past Richie: Guess you guys made it all the way through.

Richie pointed to something and we looked and saw that we made it all the way through the house which was a complete surprise. Two kids came out screaming and a witch cackle was heard as they ran out.

Past me: Imagine that. We did go all the way.

Past Chandler: Are you gonna rat us out to everyone at school for being Chickens?

Me: (Narrating) **That's when things get scary for them.**

Past me: (Sinister Chuckle) You better believe we are and you will be scared to death. (My eyes glowed red)

I had my hand behind my back and a scary tentacle covered in blood and slime came out of my wrist. It slithered up to them and wrapped around them and tied them up. The tip of the tentacle opened up and became a gruesome flesh flower with teeth and tentacles and it scared the living daylights out of them as it shrieked.

Past Lincoln: That is so cool!

Past Clyde: That is awesome!

Chandler, Richie and Trent screamed with so much fear and horror and they were scared so bad that they soiled their pants 5 times and projectile vomited all over the place. Lincoln took a picture of the whole scene with his phone. They had brown stains on their pants, vomit and blood were on them and their screams were in the picture.

Me: (Narrating) **It was an awesome sight to see them scared. Trent and Richie didn't come to school for 2 months because they were so scared. Chandler however came to school anyway. Everyone laughed at him and called him all kinds of names and it was priceless. I made copies of the photo and gave it to everyone.**

FLASHBACK ENDS

Me: So after that we made Chandler the biggest laughingstock of the entire school. He has never been so humiliated in all his life.

Lincoln: Total Humiliation.

Laney: It's true guys. I still have that photo. It was hilarious.

Laney pulled out said photo and everyone saw it and they laughed hysterically.

Most of us were rolling on the floor and laughing really hard.

Lola: (Laughing) That was so funny!

Luan: (Laughing Hard) That's one that really Browns them up! (Laughs to rimshot) Get it?

We laugh at Luan's joke.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) Someone call a doctor! You're all killing me!

Leni: That was totes funny!

Ed: (Laughs) That was funny!

We calmed down.

Nico: That was funny.

May: How did Casper's wicked uncles die at your hands?

Nico: That was an awesome scene.

Venom: We pounded Stinky's face in and tied him in a knot.

Elena: I electrocuted Fatso, ripped his tongue out and punched him in the eyes.

William: I fried Stretch with my fire blaster.

Nico: I pulverized all three of them after that and tied him in a knot and Lucy made them cross over into the afterlife.

Lucy: Yes. The spirits have told me that they are in the darkness of the Netherworld for all time burning for their crimes.

Me: Good riddance to bad rubbish. I'm sure the Devil is thanking us for that.

Lincoln: Yeah.

The alarm went off and we went to the computer. Our satellites picked up a disturbance over in the town of Longmont, Virginia.

Me: Uh oh. The satellites are picking up huge heat signals.

Vince: Wonder what's going on.

Me: We're about to find out. Nico, Nicole, Lola, Laney, Aylene, Yuko, Maria, Francis, Gear, Davis, Veemon, Carol, Cleo, Rikki, Bella, Emma, you all come with me.

Nicole: You got it.

Me: Lets roll!

We set out for Longmont, Virginia.

---

We arrived and saw a farm on fire.

Me: That farm is on fire!

Laney: How did that happen?

Yuko: This fire was caused by something otherworldly. The flames are telling me that a girl with pyrokinesis caused it.

We gasp.

Lola: Pyrokinesis!? That's crazy!

Maria: How did she get this power?

Gunshots rang out and I see that a man has killed a man.

Me: Looks like we're about to find out now.

I fired a laser blast through his head and kill him instantly.

We go into the farm and saw a girl with blond hair release the horses with her powers and the barn was on fire. Men were firing bullets at her but her powers were making them bounce off her.

Me: Whoa! Those bullets aren't even hitting her.

Nico fired energy blasts and vaporized the men and killed them.

Laney recognized the girl.

Laney: (Gasp) I know that girl. That's Charlie McGee from my favorite Stephen King novel Firestarter!

Me: (Gasp) Charlie McGee!?

Francis: I read that book Firestarter and it was amazing. Charlie reminds me of myself when I still had my fire powers.

Gear: Are you kidding? Your powers were never out of control like Charlie's is!

Maria: Don't worry, Richie. If things get out of hand, I can use my powers to put out her flames.

Carol: I know Firestarter all too well. She got her powers at a government facility called the Shop. She got them from a chemical they have called Lot Six. It gave her pyrokinesis and she and her father were gonna be used as weapons. But they escaped and went on the run.

Vince: That is really sick.

Me: You said it partner. Go to the President of the United States and let him know what's going on. Tell him that I sent you and tell him it's Code Red.

Vince: You got it.

Vince went to Washington D.C.

Charlie saw us and we land by her.

Me: Charlie we mean you no harm.

Charlie: J.D. Knudson and Team Loud Phoenix Storm.

Me: Yes. We saw your powers and they are incredible. We don't want to use you as a weapon. We want to help you.

Charlie: I don't need your help! You can never understand what I've been through!

Rikki: I know how you feel, Charlie.

Charlie: You do?

Rikki: Yep. One time during a full moon, my mermaid powers got out of control. Everything I touched immediately heated up. Heck, I even dehydrated my boyfriend into unconsciousness just by kissing him.

Me: Yikes. That's not good.

Carol: Charlie what these people did to you and your father is completely despicable and disgusting. We're gonna help you destroy these dirtbags and rid the world of The Shop.

Charlie: You would do that?

Me: We would.

Charlie had something in her hands.

Me: What's that you have there?

Charlie showed us and it was the Dragon Talisman.

Me: The Dragon Talisman. Where did you get that?

Charlie: I found it. It's my good luck charm. I also found out that I can use fire from it.

Yuko: That's a powerful talisman you have there Charlie.

Me: How about if we help you, you give us that Talisman so it can be safe in better hands?

Charlie: Okay.

Me: Great. (Cracks knuckles) We have a government organization to take down. Power up people!

Me, Carol, Laney and Yuko go Super Angel and Nico went Super Saiyan 2.

---

At the White House in Washington D.C., The President was working on some paperwork when the General of The Joint Chiefs of Staff came in and Vince was with him.

General: Mr. President. I'm afraid we have a Code Red situation sir. Vince here was sent by J.D. Knudson.

Vince: A government organization called The Shop is causing a lot of trouble. It's infusing people with a chemical called Lot Six that's giving them powers and the organization wants to turn these people into weapons of destruction.

President: What!? President Jimmy Carter ordered for that organization to be shut down ages ago. We had to shut down that organization because of its controversial methods of operation. So we immediately pulled the plug on them and cut their funding and ordered for it to be shut down. But now we see that they still have their organization still in operation after 34 years. Vince, my boy I'm glad you told me this. Where are J.D. and Team Loud Phoenix Storm now?

Vince: They're in Longmont, Virginia destroying the Shop down there.

President: I'm glad.

Vince: Also sir from what I remember there is a Shop base located in Maui in Hawaii.

President: I'll destroy that base with a M.O.A.B. bomb. Thank you for telling me this. Tell J.D. to kill everyone in the Longmont base and leave no one alive.

Vince: Yes sir Mr. President.

Vince left.

President: General get me Travis Air Force Base in California.

General: Yes sir.

---

(Firestarter OST - Flash Final plays)

We were blasting apart all of the Shop people and killing everyone we see. We fired fire blasts, bullets and powerful water blasts and lightning blasts at them. The body count was piling up.

Veemon was now Flamedramon.

Flamedramon: They just keep on coming. (Echoing) FIRE ROCKET!

He fired fireballs at the men and women.

William was firing fire blasts and more from his blaster.

Carol fired atomic rays and turned the whole area into a massive sea of fire.

We then turned our sights on the mansion that was the Longmont Shop base. We blew helicopters from the Shop out of the sky as well. Me, Yuko, Lola, Aylene and Charlie fired fireballs and blasts at the mansion and burning it all.

William fired fire blasts.

William: Lets use our combo Flamedramon.

Flamedramon: You got it William. (Echoing) FIRE ROCKET!

Flamedramon fired fireballs at the mansion and William fired fire blasts.

William and Flamedramon: FLAMING ROCKET BLASTER!

The blasts combined and the whole mansion exploded into a massive fireball that blew the whole building apart. The whole mansion and area around it was fully engulfed in flames and a raging inferno.

Me: Go to Hell.

Nicole sealed all of the Shop into the Book of Vile Darkness.

Nicole: Never again will you mess around with Mother Nature.

Charlie was crying hard.

Charlie: (Crying) For you daddy.

I hug her and comfort her.

Me: It's okay Charlie. It's okay.

Vince landed and he saw the intense destruction.

Vince: Whoa.

Carol: We killed all of them Vince.

Vince: I had a feeling you did. The President ordered for no one here to be left alive. President Jimmy Carter ordered for this place to be shut down 34 years ago after getting word of their insane and inhumane experiments.

Aylene: So this place was still in operation even after the President ordered for it to stop.

Laney: That's treason.

Lola: It sure is.

Vince: He's gonna blow up the Shop base in Maui.

Carol: Good riddance.

Me: Lets go home.

We go home to Michigan.

---

Over the Pacific Ocean, a B2 Stealth Bomber was flying over the Hawaiian Islands at an incredible speed. It's target was the Maui Shop base and its mission was to reduce it to nothing but a crater. The bomb bay doors opened and dropped a M.O.A.B. bomb and when it hit it exploded and completely destroyed the whole base in a massive explosion. No survivors.

---

At the estate we promised to help Charlie as much as we can with her powers. We were gonna have her become a huge force for good.

Then a phone rang and the red phone that goes to the White House arose and a red light blinked to let me know it was ringing.

I answer it.

Me: J.D. Knudson here.

President: J.D. the Shop in Maui was completely eradicated by a M.O.A.B. bomb.

Me: Excellent Mr. President. Good riddance to bad rubbish.

President: Indeed. Good work shutting down the Shop. I heard what happened to young Charlie and what they did was horrible. Make sure she gets all the help she needs.

Me: Yes sir Mr. President and thank you sir.

We hung up.

As we were getting ready for bed William wanted to ask Davis a question.

William: Davis I wanted to ask you this.

Davis: Sure William. What is it?

William: Nico said that you unleashed something called the Golden Radiance. What is that?

Davis: That is a powerful energy that was released from the Golden Digiegg called The Digiegg of Miracles. It was used to help Veemon become Magnamon. It was in the core of Ken's base and I released it when we destroyed it. It was the power source for the base and I released it and the Digimon got their power back.

William: Whoa! That's amazing.

Davis: It is. What is the world of Lyoko?

William: It's a virtual world that's like the hub of a computer that we went into when we went to Kadac Academy in Paris.

Davis: Strange.

William: Yeah. It's where me and my friends went to in order to help combat the evil supercomputer X.A.N.A. and it was a major task.

Davis: That's amazing!

Veemon: It sure is. We Digimon know about Lyoko but we never talk about it much.

Davis: That's interesting.

We had the Dragon Talisman and we had 7 out of 12. 5 more to go.

Firestarter from 1984 is one of my favorite horror movies and Drew Barrymore did a great job in that movie 34 years ago. Stephen King did a great job with that book. I never read it but it was awesome! George C. Scott did a great job as Rainbird in this movie. This chapter is also made as a tribute to him. He was also McLeach in the Rescuers Down Under from 1990. He was a great actor until a ruptured Abdominal Aortic Aneurysm killed him in 1999. He was awesome!

RIP George C. Scott - October 18th, 1927 to September 22nd, 1999

Firestarter was one of the movies that didn't scare me at all. Those people in the movie wanted to turn her into a weapon and that was really sick and despicable. They don't deserve to live at all. Firestarter also had a sequel TV miniseries 18 years later and that was awesome! NicoChan11 gave me the ideas for this one. Thanks for that man. As usual. Next up is the terrible shapeshifting clown Pennywise from 2017's It. Let me know what you all think.

See you all next time.

Firestarter is owned by Stephen King, Universal Pictures and Mark L. Lester.

# The Shapeshifter Clown Demon

It starts with us in the living room. We were watching TV, playing board games and card games and reading books.

Me: It sure is quiet today.

Varie: Yep.

T.K.: Bleez what was it like serving under Atrocitus when you became a Red Lantern?

Bleez: Well where to start it was a nightmare. Before Eion came I was essentially a slave. Red Lanterns embody the emotion of Rage and that is a deadly and dangerous emotion. But my story is much worse.

Bleez revealed her background.

Bleez was once a princess on the planet Havania, renowned for her great beauty. Many men sought her hand, but she rejected them all, often in an extremely rude and abrasive manner. Two of her suitors, especially humiliated, sought out a Sinestro Corpsman and tempted him with stories of Bleez's beauty. He went to Havania, where he murdered Bleez's mother and captured Bleez, taking her to Ranx the Sentient City. For some time during the events of the Sinestro Corps War, Bleez was raped and tortured by members of the Sinestro Corps, but managed to escape when Ranx came under attack during the Battle of Mogo. The Sinestro Corpsman who had originally abducted her pursued and caught her, and forced her to kiss him. As she was being pushed to her limits by this final indignity, a red ring found Bleez and inducted her into the Red Lantern Corps. Her blood was transformed into burning plasma, and she vomited it into the Corpsman's throat. Before he could recover, she killed him in a blind fury. Later, she was among the strike force that ambushed the Green Lanterns transporting Sinestro back to Korugar for execution.

We were horrified by her story.

Me: Bleez I'm so sorry that happened to you.

Laney: That was horrible!

Bleez: I know. Eion reminded me of who I was before I became a Red Lantern.

Eion: I'm glad mom.

T.K.: I'm glad you're okay though. Do you still have difficulty trusting men?

Bleez: Yes T.K. but it's not as bad as it was long ago. But don't worry I'm making a full recovery. I realize now that it was Atrocitus that caused the Yellow Lantern that attacked me to come to my world and do all those things to me.

Eion: Atrocitus was a monster. He needed to be destroyed for causing all kinds of evils to the galaxy.

Lincoln: Yeah. I'm glad he's gone.

Bleez: Me too. T.K., I'm so sorry about your family divorcing. That must've been a big shock to you.

T.K.: It was at first but it's all water under the bridge.

Patamon: T.K.'s parents divorced but he never talks about it that much.

T.K.: I was too young to remember what happened back then.

Me: There's a number of reasons behind it. Marriage gone bad, financial strain, adultery, poor relationship, they have a nasty criminal record, it's a number of reasons.

T.K.: That's true.

Lincoln: Have your parents reconciled?

Matt: Believe it or not Lincoln they did. When we became the Digidestined and saved the world from MaloMyotismon they got back together and rekindled their marriage.

Lana: I'm happy for you guys.

Lola: Me too.

Suddenly the alarm went off and we got to the computer. We found a supernatural disturbance over in the small town of Derry, Maine.

Me: Uh oh! It's picking up something in the small town of Derry, Maine. That town is vaguely familiar to me. (GASP!) OH NO!

Varie: What is it?

Me: It has returned!

Aylene: What has?

Me: Not "What". It. That's his name. IT.

I pull up his information and it revealed that he was PENNYWISE THE CLOWN!

Me: It likes to take on the form of a clown called Pennywise.

Laney: I don't think I would like him.

Lucy: Gasp! I've read the book by Stephen King called It. It was a scary book and I loved it. Clowns are not really my thing. I'm mostly into vampires.

Me: I had a feeling you did Lucy.

Lincoln: So It is real?

Me: Yes he is.

Lori: What is he capable of?

Me: He's a predatory shapeshifter that feeds on peoples fear by turning into what they all fear the most. This is what his true form looks like.

I change the image and it revealed what he REALLY looked like. It showed that It was really a giant demonic spider creature with 12 limbs and he was REALLY UGLY!

Leni: (SCREAMS) HE'S A SPIDER!

Leni ran up to her room and she was in terrified.

Me: So much for that.

Ben: First the Joker, then Zombozo, and now this demonic clown? I swear, the clowns we've run into have been evil so far.

Laney: Tell me about it.

Venom: Can we all agree never to hire a clown for a birthday party?

Me: Agreed, but Luan is the exception. Also Pennywise reminds me of infamous serial killer John Wayne Gacy who was executed in 1994.

Lori: Who was he?

Me: You would hate this guy. He was also known as The Killer Clown. He killed 33 people, all of them Teens and young adults.

Laney: I've heard about him. He was ruthless.

Lincoln: He sure was. I'm glad they killed him.

Me: Same here. But we're not getting it done by sitting here. Nico, Nicole, Breach, Cody, Lana, Lincoln, Laney, Lola, T.K., Patamon, Bleez, Eion, William, Cuzzy, Wuzzy, Scuzzy, Venom, Ben, you all come with me.

Venom: You got it.

Me: Lets go!

We set out for Derry, Maine.

---

We arrived in Derry and we went to an old abandoned mansion.

Laney: That house is creepy.

Me: It sure is. Lets go!

We burst into the house and we saw a bunch of kids facing Pennywise.

Me: The Loser Club.

Bill: The famous J.D. Knudson and Team Loud Phoenix Storm!

Me: That's right. (To Pennywise) It. How nice of you to show up. Now we can make sure that you never terrorize the lives of children ever again.

He roared and went at us and I punched him in the face and send him crashing into the wall.

CRASH!

Pennywise became Bane!

It (Bane): (Spanish Accent) You will make good targets for me.

Venom: You are not Bane!

Venom punched him in the face and kicked him in the stomach. Venom fired web at him and Bill hit him in the head with a baseball bat.

Bill: We can't bring Georgie back. But we can protect the town he loved and the family and friends that he left behind. Now we're gonna kill this (Censored) clown! Welcome to the Losers Club (Censored)!

Patamon digivolved.

Patamon: PATAMON DIGIVOLVE TO…

He became Angemon.

Angemon: (Echoing) ANGEMON!

He hit It with his staff and kicked him in the face.

Angemon: (Echoing) HAND OF FATE!

He fired a blast of light from his fist at him and it burned him bad.

Bleez: People like you don't belong on Earth.

Bleez fired red energy lasers from her ring. Eion fired a blast of fire at him and burned him. Pennywise became Vexen!

Lana: Vexen!

It (Vexen): Now you will freeze!

Lana called her shield and fired a blast of ice at him and froze him and kicked him in the face.

He then became Vulture and flew into the air and Nico flew up to him and kicked him in the face and send him crashing into the ground. He then became Firefly!

It (Firefly): Aw, don't hate me, Francis. I only want to melt your (censored) face off!

Lola: You're the one that will have your face melted off!

Francis fired a blast of fire and kicked him in the face and punched him in the mouth.

Lola fired a blast of fire and blew him away and burned him.

It got up and became Electro and Lincoln fired lightning at him and electrocuted him bad.

Angemon: Lets use our combo on him.

Bleez: You got it.

Angemon: (Echoing) HAND OF FATE!

He fired a light blast from his fist.

Bleez fired a red energy blast from her ring.

Bleez and Angemon: CRIMSON FATE BLAST!

The blast became red and burned It really bad!

Laney tied him up in bramble vines and slammed him into the ground.

CRASH!

He got up and then split up and turned into three of X.A.N.A.'s monsters. He was a Blok, a Kankrelet and a Krab.

William: A Blok, A Kankrelet and a Krab!

Cuzzy: Blast them!

They fired their guns at them but they weren't having any effect on them.

William: Hit the eye symbols on them. That's their weakness!

Wuzzy: Thanks William!

They fired their guns and hit the eyes and they blew up. They merged back together and It revealed his true face. It was really ugly! He dropped something. It was a talisman.

Breach: You are never welcome here!

Breach fired a portal and it sent It into the Sun and it Vaporized him in an instant.

His spirit appeared in front of us and Nicole sealed him into the Book of Vile Darkness.

Nicole: Never again will you terrorize the world It.

Me: We won guys!

We cheered wildly.

I picked up the Talisman and it was the Monkey Talisman.

Me: The Monkey Talisman. So that's how he was able to shapeshift and use the powers of the bad guys we know.

Laney: That's right.

We had 8 Talismans and we had 4 more to go. We got rid of the evil It and saved the town of Derry.

## Part 1: Finding Lost Triplets

---

It starts in my room. I am looking up some stuff on my computer.

Me: Hmm. Something is really strange about this. (To the Viewers) Oh I'm sure you are all wondering why I'm on my computer. Well for you to know we have to go back to earlier this morning.

---

French Narrator: (French Accent) 12 Hours Earlier.

---

Me: (Narrating) We were just having fun with our stuff as usual. I was looking at a family photo of the Loud Family.

Past Me: Boy Lincoln you guys were really happy before we came here.

Past Lincoln: Yeah. My family is the greatest and I wouldn't give it up for the world.

Past Me: You said it buddy. And now we are one of the most powerful forces in the entire universe. Huh?

I notice that there was another picture underneath the current picture.

Past Me: Hmm. What's this? Lincoln can I borrow this picture for a bit?

Past Lincoln: Sure J.D.

I take the picture to my room and take it out. Underneath the picture I found another photo and it was a picture of Lynn Sr., Rita, a

Younger Lori, Leni, Luna, Luan, Lynn, Lincoln and 3 more kids from a long time ago. They were 2 girls and one boy and the girls had black hair and the boy had white hair like Lincoln's.

Past Me: Hmm. This is unusual. I think Lincoln has 3 triplets that were never mentioned to him. This requires some further investigating.

---

Me: And now you're caught up. I'm on my computer looking up the Loud Family Tree and I'm doing some detective work to find these lost sibling triplets.

I get back to work and browse through the family tree. It was a long one that dates all the way back to Colonial America back in 1607. I scroll down the tree and made a rather unusual discovery. I found on the Loud Siblings branches 3 names that I've never seen before. They were triplets.

Me: Hmm. This is interesting. Lyra, Liberty and Lee Loud. Those must be the Triplets. The two girls must be Liberty and Lyra and the boy must be Lee. I better go talk to Mr. Lynn and Ms. Rita.

I take the photo and print the family tree and circle the names I found.

As everyone got ready for bed I knocked on the parents door.

Lynn Sr.: Come in.

I go in.

Me: Mr. Lynn, Ms. Rita, can I talk to you?

Rita: Certainly J.D.

Me: I came across a strange set of information. I discovered in your family history that you have three more kids in between Lincoln and Lucy. Their names are Lyra, Liberty and Lee Loud. They're triplets.

Lynn Sr. and Rita gasped.

Rita: Where did you find that out?

Me: I found them on a picture behind your family photo.

I pull out said photo.

Me: Right here.

Lynn Sr.: Oh man. It's been a long time.

Me: What happened?

Lynn Sr.: It was 9 years ago.

---

Lynn Sr.: (Narrating) Lyra, Liberty and Lee were born after Lincoln and they were the greatest part of our family. We loved them more than anything. But then a terrible day happened. We were away on business and suddenly someone kidnapped them. We were devastated and thought the worst. We asked the country to help us find them. But their trail went completely cold. (Crying) We never saw them again!

FLASHBACK ENDS

Me: Oh man. I'm so sorry. But maybe I can help find them for you.

Rita: If you did we would be beside ourselves with joy.

Me: I promise I will find them. And I want to surprise everyone here.

I got to work and it was not gonna be easy. I had a very sophisticated system that was used to find them. I scanned the photos of the triplets and it was searching the planet through a satellite in orbit above the planet. It took two hours but it found them. All the way over in Alaska.

Me: Alaska!? Lets see.

It traced them all the way to the city of North Pole, Alaska.

Me: North Pole, Alaska. That's inside the Arctic Circle. Hold on triplets. Your savior is coming.

I fly out to North Pole, Alaska. It was blistering cold. Whiteout blizzards were all over the place and the temperature was -60 degrees Fahrenheit.

Me: Boy it's cold. But I made it. The FBI and the Police won't be able to get here till the storm is over. My scanners reveal that the kidnappers are out and won't be back for 3 weeks. Fools.

I knock on the door and one of the Triplets answered. It was Liberty.

Me: Are you Liberty?

Liberty: I sure am.

Me: My name is J.D. Knudson.

Liberty: Oh wow! We heard so much about you. Come on in.

Me: Sure. It's cold out here.

I go in and it was a normal house and more. I gather them into the Living room and reveal what happened. They were shocked and more.

Lyra: So we were kidnapped from our real father 9 years ago? From Michigan?

Me: That's right Lyra. I came to rescue you three.

Lee: I want to go home!

Lyra: Me too!

Liberty: Same here!

Me: All right. Go pack your stuff and get ready.

Lyra: Okay.

They did so and their stuff was all packed.

Me: Okay. Here we go.

Liberty: I left a note to our kidnappers.

Me: Great. Hang on tight to me.

We beam over to Michigan.

---

We arrived back in Gotham Royal York and we were in front of the Estate.

We go in and found everyone doing their normal stuff. They were playing board games, watching TV, reading books and playing card games.

Me: Guys I have some awesome news for you all.

Lincoln: What's up J.D.?

Me: Well Lincoln I found three more members of your family that were kidnapped by two people from Alaska. You might know these faces.

I stand aside and Lori, Leni, Luna, Luan, Lynn and Lincoln gasped in shock.

Lori: Oh my gosh! Lyra, Liberty, Lee? Is that literally you!?

Leni: Like, I don't believe it!

Luna: Dudes! You're all okay!

They went over to them and hugged them.

Lyra: Lori! Big sis we missed you!

Lori: (Crying) We missed you too!

Luna: We missed you dudes!

Lee: I missed you too Luna.

Luan: Liberty we thought you were gone forever!

Liberty: I know Luan. I missed you so much!

Lynn: Guys its been so long!

Lynn Sr.: What's goin… (Gasp!) Lyra, Liberty, Lee!

Lee, Liberty and Lee: DADDY!

They hugged him for the first time in 9 years.

Lynn Sr.: (Crying) My babies are all grown up.

Everyone was reunited with them. They had a lot of catching up to do with everyone. Lyra, Liberty and Lee's kidnappers were arrested by the FBI and were sentenced to Life in Prison without parole for 75 years.

## Part 2: Wrath of Leatherface.

---

We were out by the lake enjoying the scenery of the sky and the water and the city.

Me: What a beautiful day.

Sandman: It sure is J.D.

Mimi: I love the beauty of the lake.

Me: Me too Mimi.

Sandman: It was never like this with Doc Ock. He would be disgusted by it.

Me: Yeah. Freak.

Mimi: You know Flint you should convince Shocker and Rhino to leave him when you see them again.

Sandman: I should. I'll keep that in mind.

Palmon: Also Mimi has a great singing voice.

Tai: I remember that. She sure does.

Sandman: I heard her sing at one time and she has a magnificent voice.

Mimi: Oh thank you all.

Me: You're welcome.

My watch starts beeping and it picks up a disturbance over in the rocky deserts near Galveston, Texas. It showed that the place is being terrorized by the evil psycho butcher serial killer Leatherface!

Me: Oh man! Leatherface!

Lori: Leatherface? Like from the Texas Chainsaw Massacre movies?

Me: The very same one.

Lincoln: Why is he called Leatherface?

Me: I'll show you.

We go to the computer and look him up and it revealed who he is.

Me: His name is Jedidiah Sawyer. He wears a mask over his face because he had some facial deformities and he was made fun of it because of them. So he made a mask out of leather and likes to call himself Leatherface. He works as a butcher in Texas and is also one of the most brutal serial killers in the country. He hasn't killed as many people as Jason Voorhees has but he is extremely ruthless.

Sandman: Looks like we have to kill him.

Me: Yep. Nico, Nicole, Flint, Mimi, Palmon, Penny, Luan, Eddy you all come with me. We're going to make sure he never terrorizes Texas again.

Eddy: You got it J.D.

Me: Lets go!

We set out for Texas.

---

We arrived in a desert outside of Galveston, Texas. We saw a meat storage house and we go in. It was dark and scary.

Mimi: It's really dark in here.

Eddy: I can't see a thing in here.

Me: I know a way for us to see.

I form a ball of black light and throw it into the air and it hit the ceiling and lit up the whole building in Ultraviolet Light.

Mimi: Man it's like a black light in here.

Luan: It does feel that way. It's one way to Light up the sky! (Laughs to Rimshot) Get it?

Me: Love the jokes Luan but now's not the time.

We looked around and saw Leatherface with his Chainsaw. We snuck up on him and I punched him in the back of the head and Sandman and Penny went at him.

Leatherface then grabbed Sandman and he tried to rip off the skin off of Sandman's face. But all he got was a handful of sand.

Sandman (smugly): You can't rip off skin from a face made of sand, pal!

Penny kicked him in the face and fired poison barbs at him. It would take 30 minutes to take effect. Leatherface got up and he saw that Sandman was gone.

Leatherface was trying to find Sandman. Unknown to him, Sandman was disguised as the sand he steps in.

Sandman (grabs Leatherface by the feet): I never thought that I would use this trick on a serial killer. (slams Leatherface's head into the ground)

Luan fired a blast of light at him and burned his leg and melted his arm off.

Mimi: Palmon lets get him!

Palmon: Right.

Palmon digivolved.

Palmon: Palmon Digivolve to…

She became the cactus Digimon, Togemon.

Togemon: (Echoing) TOGEMON!

Togemon punched Leatherface in the head with her big boxing gloves.

Togemon: Choke on this! (Echoing) NEEDLE SPRAY!

She skewered him everywhere with a shower of painful cactus needles.

OUCH!

Leatherface then fired lasers from his eyes and I deflected them up and they hit the roof. The Sun's light blasted in and he shielded himself from the light.

Togemon: Lets use our combo Sandman.

Sandman: You got it.

Sandman fired a huge blast of sand.

Togemon: (Echoing) NEEDLE SPRAY!

She fired a shower of Cactus Needles.

Togemon and Sandman: NEEDLE TORNADO SANDSTORM!

A tornado of sand and Cactus Needles overwhelmed him. Leatherface was on his last legs.

Eddy (gives Leatherface a present): Happy Birthday, Leatherface!

Leatherface opened the present but all he saw was a bomb.

Eddy (presses a detonator): Boom. (bomb explodes in Leatherface's face.)

KABOOM!

Leatherface was blown to pieces in a fiery explosion. Something landed by my feet. It was the Pig Talisman.

Me: The Pig Talisman. It gave him Heat Vision.

Lensay: Wad.

Luan: He was bad huh Lens.

Nico: But that takes care of him.

Leatherface's spirit appeared.

Nicole: You will never make meat out of anyone ever again. (Chants an Incantation) Aldruon Enlenthranel Vosolun Lirus-Nor!

His evil spirit went into the Book of Vile Darkness.

Me: Well we have 9 out of 12 Talismans.

Eddy: We sure do.

Nico: Lets head home guys.

We did so.

Another Fanfiction Complete.

Leatherface was the most brutal killer of them all in the movies of the Texas Chainsaw Massacre. It was first made back in 1974 and it was a very popular franchise for 44 years. It also became a huge iconic series for Halloween. It was done out of inspiration based on the crimes and rampage of the murderous psychotic killer Ed Gein. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. I got the idea for the lost siblings out of the blue. I read all kinds of fanfics about Lincoln's lost siblings that they never found so I figured why not give him a biological long lost brother. Next up is the ruthless monster from the popular movie The Blair Witch Project. Let me know what you all think.

See you all next time.

Texas Chainsaw Massacre Franchise is owned by Tobe Hooper and Bryanston Pictures.

# The Black Hills Forest Monster

It starts in the Living Room. It was 5:00 in the afternoon. It was movie night. We were watching one of my favorite horror movies, The Blair Witch Project. It's a supernatural horror movie about 3 explorers who disappeared in the Black Hills forest in Maryland while trying to prove the existence of an ancient legend known as the Blair Witch.

When the movie was over most of us were shaking in fear and the triplets were really excited. Lucy, Luan, Lily, Me, Varie and my children were not scared at all.

Lori: That was literally the scariest thing I've ever seen!

Leni: Totes! It was like, the worst thing ever!

Me: Sorry guys. The reason I chose this movie for movie night is because I wanted to see if this is all true. Plus another set of disappearances went down in the Black Hills Forest just recently.

Lincoln: That monster sure was scary.

Laney: It sure was.

Linka: I can't believe that they would try to prove that a monster like that exists.

Lisa: Given everything that we have seen I wouldn't be surprised a creature like that was highly possible.

Izzy: I agree with Lisa. We know Digimon and now because of all these monsters and slasher monsters we have been helping everyone.

Tentomon: I agree Izzy.

Lyra: You guys have been through a lot while we were away from you guys.

Liberty: You said it.

Lincoln: You have missed out on a lot.

Luan: Let me show you.

Luan pulled out a photo album that she put together. She showed it to us and it was all of us doing all kinds of adventures all over the planet and all the achievements we have done.

Lyra: Wow!

Lee: You guys have been through a lot.

Luan: I put this photo album together to show you all of the fun times we had saving the world and everything.

Lyra: Those powers you all have are amazing!

Laney: Yeah. Our powers are incredible. But you have to remember that With Great Power comes a Great Responsibility.

Varie: That's right.

Aylene: We've done it all and it was all one amazing adventure after another.

Lisa: Indeed. It's all been one magnificent endeavor after another.

Nico: Yep. It was all amazing.

Terra (KH): Eddy, how come your explosives destroyed Leatherface but didn't kill me when I was the Lingering Sentiment?

Eddy: Well, your armor must've protected you from getting killed by my explosive. Plus, you were only hit by a low power explosive that time.

Terra (KH): Hmm. Good point.

Stewie: Izzy what is it like being the smartest member of the Digidestined?

Izzy: It's a really big challenge. I may have brains but I've always been helpful to my friends.

Stewie (to Izzy): Look at us. Two geniuses helping their friends stop a horror movie monster.

Izzy (smiles): Well, it does sound exciting when you think about it.

Stewie: Also Izzy have you ever heard of the Multiverse?

Izzy: I sure have. I heard you and Brian went to different universes to stop your crazy half-brother from destroying the world.

Brian: That's right Izzy. It was unusual but awesome at the same time.

Izzy: I believe it. What was your favorite universe to visit?

Brian: That's a good question. My favorite Universe was the Amish.

Stewie: My favorite was where everyone was all Handicapped.

Me: That still is a cool one. The Amish have really fascinated me since I was little. But that handicapped universe has my curiosity maxed out.

Stewie: It's interesting J.D. Also we encountered a bad version of Mr. Swanson there.

Me: That's amazing. Well we better check out the Black Hills Forest and see what's going on. Stewie, Izzy, Tentomon, Nico, Nicole, Lincoln, Lucy, Shannon, Laney, Lori, you all come with me.

Lori: You got it J.D.

Me: Lets go!

We set out for the Black Hills Forest in Maryland.

---

We arrived in the town of Burkittsville, Maryland and we were in the Black Hills Forest and it was an extremely creepy forest that would scare even the bravest of explorers.

Me: Boy this place is scary.

Laney: It sure is.

Lori: This place literally gives me the creeps.

Lincoln: I'm not that scared.

Laney: I'm not either.

Lucy: This forest is an interesting place.

Izzy: This place does scare me somewhat.

Stewie: No kidding.

We walked around the forest and it had an extremely evil feeling in it. The forest had some kind of presence in it that was pure evil and filled with insatiable bloodlust.

As we walked we then came across some headless rotten skeleton bodies.

Me: Whoa! What happened to them!?

Lincoln: They look like they were here for a long time.

Laney: No kidding. Someone or something really killed them.

Me: The heads are missing. This was the work of a Satanic. Usually when they take the head that means it's a ritualistic killing.

Shannon: I don't think Satanists had anything to do with this. If they did they would leave a calling card.

Me: True.

Suddenly out of nowhere we saw a ghostly image of a zombie-like monster with a scythe and it was coming towards us.

We jumped away!

Me: It's the Blair Witch Monster!

Lori: That thing is literally hideous!

It came at me again and when it attacked it phased through me.

Me: What the?

I go up to it and reached out to it. My hand went through it.

Me: It's an astral projection.

Izzy: I've heard about these.

Laney: Who is projecting it?

Me: I think I know. Lets go!

We go to where the Astral projection came from and it was coming from a cabin in the middle of the forest. We bust into the cabin and saw a boy with a dark appearance.

Me: Aha! So you are the Satanist behind all this!

He saw us.

?: That's right. My name is Monroe Kyla. I'm the leader of a Satanic Cult that worships the Devil and we are after immortality and eternal life to survive the next apocalypse.

Lori: You are literally a monster!

Laney: Why did you kill those people 19 years ago!?

Monroe: It's for my master.

Me: You're insane.

Izzy: Lets get him!

Tentomon digivolved.

Tentomon: TENTOMON DIGIVOLVE TO…

He became Kabuterimon.

Kabuterimon: (Echoing) KABUTERIMON!

Stewie blasted him with his laser and burned him in the leg.

Stewie: Lets use our combo on him Kabuterimon.

Kabuterimon: You got it Stewie. (Echoing) ELECTRO SHOCKER!

He fired a ball of lightning and Stewie fired a blast of his laser.

Kabuterimon and Stewie: ELECTRO SHOCK LASER STORM!

The blast hit Monroe and electrocuted him. But when he came to he was drooling like a braindead monkey.

Laney: His mind was completely wiped out.

Lincoln: It sure was.

Shannon: So the Blair Witch Monster was all a hoax.

Me: It would appear so.

I see something in his hand and I take it. It was the Sheep Talisman.

Me: The Sheep Talisman. So that's how he was able to use those Astral Images.

Lori: Yeah.

Me: Lets turn Monroe over to the proper authorities.

We did so and he was sentenced to Life in an insane asylum without parole. We returned home and we had 10 out of 12 Talismans.

THE END

Another Fanfiction Complete.

The Blair Witch Project monster was the most horrific creature I've ever seen. I didn't watch The Blair Witch Project in Real Life but I heard that it was really scary. NicoChan11 gave me the ideas for this one. Thanks for that man. As usual. Next up is the ruthless Chicago urban legend Candyman. We have a special chapter set up for that. Let me know what you all think.

See you all next time.

Blair Witch Project is owned by Daniel Myrick, Eduardo Sanchez and Artisan Entertainment.

# The Treasure of Candyman

It starts in the Attic of the Estate. We were looking through all kinds of interesting stuff.

Laney: There's a lot of stuff here in our attic.

Me: There sure is. Who knew we had so much stuff?

Lincoln: Not me.

As I was digging something hit me on the head.

TINK!

Me: Ow!

I look at the object and it was a bottle and there was something in it.

Me: Hey there's something in this bottle.

It was a piece of paper and I pull the cork out and get the paper out.

Me: Lets see here.

I look at the paper and it was really a treasure map.

Me: It's a treasure map!

Lincoln and Laney came and saw the map.

Lincoln: It is a treasure map!

Laney: Oh wow!

Me: This is gonna be awesome!

I saw the Cooper Clan symbol by the island that marks where it's at.

Me: It's a map that leads to the Fortune of The Cooper Clan.

Laney: Awesome!

Me: Lets go tell everyone.

We did so.

Me: Guys I call an emergency meeting!

I call a meeting in Lori's room.

In Lori's room we gathered.

Me: Now I'm sure you're all wondering why I called this meeting under such short notice. Well while Me, Lincoln and Laney were looking through some stuff in the attic I found this awesome treasure map!

I show the map.

Everyone: Ooh!

Nicole: Awesome! It's 100% genuine.

Lori: What does this treasure map lead to?

Me: It's the fortune of the Cooper Clan. It leads to the full extent of the Cooper Clan's 12,000 year fortune.

Lola: That is amazing!

Lana: But the Cooper Clan's fortune stretches back to 3,300 years.

Brittney: That's right dad. Clockwerk may have killed the first Cooper back 12,000 years ago but Slytunkhamen II started the fortune of the Cooper Clan over 3,300 years ago.

Me: You're right Brittney. We did learn that. But this map will lead us right to it. But something is telling me that we're about to face the ultimate fight to get the fortune of the Cooper Clan. So, Team Thievius Raccoonus, you'll go after the Cooper Fortune. Riku, Cody, Armadillomon, Numbuh 5, Nico, Nicole, Lori, Lincoln, Luan, Eddy, you go with them.

Laney: You got it J.D.

Lynn Sr.: This sounds really dangerous though.

Me: Mr. Lynn this is all about adventure. We're about to embark on an awesome journey to help Sly get his family's fortune.

Lynn Sr.: Well since you put it that way, be careful guys.

Lincoln: We will dad.

Brittney: Team Thievius Raccoonus, lets move out!

They set out for the island. But first they had a few stops to make.

---

AUSTRALIA

In the Australian Outback they were looking for an Anthropomorphic Koala Bear called The Guru. He is a special guy. He has an amazing mystic art called The Dream Time. It's an amazing power that allows him to blend in with his surroundings and even gain control over the weak minded.

Brittney had a very strong feeling that someone else is after the Cooper Treasure and is determined to get it before anyone else.

They arrived and found the Guru. He was a purple Anthropomorphic Koala Bear. They successfully recruited him with no problems.

They went to central Europe.

---

NETHERLANDS

In Holland in the Netherlands they were there to recruit a gearhead genius Anthropomorphic Mouse named Penelope. She is a genius when it comes to Remote Control Vehicles and she is perfect for helping them. They went to her and asked for her help and she agreed to help them. Surprisingly Bentley and Penelope quickly became boyfriend and girlfriend and Brittney and Sly knew they were made for each other.

They were ready.

---

They followed the map to the island. It was a jungle island located in the South Pacific Ocean. It was a beautiful island.

Brittney: We're here guys. The Cooper Treasure has to be somewhere in that mountain on the island.

Sly: This is it guys. It's time for me to collect my inheritance.

Bentley: This is gonna be a test worth remembering.

Murray: Aw yeah! The Murray is ready!

Guru: (Aboriginal Language)

Penelope: This is gonna be amazing.

Panda King: For the honor of the Cooper Clan.

Dimitri: Lets head in yo.

Brittney: This is gonna be awesome! Lets roll out!

Cody H.: Riku when this is over would you like to learn Kendo?

Riku: I would like that Cody.

Cody H.: Great. Riku I have a question.

Riku: What's up?

Cody H.: What was it like when you were under Maleficent's control?

Riku: It was a nightmare and I don't want to talk about it.

Cody H.: Oh. I'm sorry.

Riku: It's all right Cody.

They went onto the island and went into the mountain. In a cave in the mountain on the island they came across a huge door and it had a keyhole in it that was in the shape of the Cooper Clan cane.

Lincoln: Wow. That's an amazing door.

Sly: And from the looks of things my Cane is the key to opening it.

Laney: It sure is.

Lana: Well lets go in.

Sly placed his cane in the lock and the door opened and they went in.

Inside the Cooper Vault they were all amazed at what was in there. They found sections containing a priceless stash of treasure that spans from 1350 B.C.

Sakura: This is incredible!

Brittney: It sure is Sakura. For 3,300 years this vault served as the treasure trove for the Cooper Clan.

Bentley: This is all amazing.

Penelope: It sure is.

They went deep into the vault and it had a section that started out with Slytunkhamen Cooper.

Slytunkhamen was the creator of the Thievius Raccoonus, and the one who started the Cooper thief legacy, as apparently none of his own ancestors before him had written down any of their exploits. Sometime during his life, he had a child, Slytunkhamen II, who went on to build the Cooper Vault. Slytunkhamen was also the developer of Invisibility, which made one completely invisible. However, it restricted movement. Slytunkhamen used these techniques to steal from corrupt pharaohs and greedy noblemen.

Maria: So this is Slytunkhamen Cooper.

Sly: Yep.

Brittney: He was Sly's Egyptian Ancestor from 1350 B.C. and it says that he built this entire vault.

Cody H.: This is amazing. How did he build this whole vault?

Lincoln: It didn't tell me in the Thievius Raccoonus but it says that it was a very genius and elaborate plan.

Nicole: This is incredible. Sly when we're done here we should build an archive and a museum for your family so that people can know how great they all were.

Sly: That's a great idea Nicole.

Nicole put all the treasure in the section into a scroll marked with the name Slytunkhamen.

They pressed on and they were at the section of Salim al-Kupar of Arabia.

Salim was a member of a gang called the Forty Thieves, all of which soon retired, leaving Salim and three others to go on one last heist.

Sly: Salim al-Kupar of Arabia. He was my Arabian ancestor from 940 A.D.

Carmen: He sure looked strong back then.

Numbuh 5: He sure did.

Riku: It's amazing.

Nicole sealed the treasure of Salim into a scroll with his name. They went on to the next section. They arrived at the section of Sir Galleth Cooper of the Knights of The Cooper Order.

Sly: Sir Galleth Cooper of The Knights of The Cooper Order. He lived back in 1240 A.D. and his group stole from Corrupt Nobility.

Laney: Wow! That's amazing.

Nico: I didn't know that he was that brave and determined.

Bentley: The Cooper Order was a very strong group and they made sure that corrupted noblemen never won at anything.

Nicole: That's incredible.

She sealed the treasure of Sir Galleth Cooper into a scroll and they went on.

They arrived at the next section. Next was Sleigh MacCooper.

The strongest of all of the Coopers back in 15th Century Celtic Scotland, it is said he could break any lock with a single blow using his large stone cane. Slaigh was abnormally large for a Cooper, so he had to adapt by sticking close to the shadows by utilizing a "wall slide" maneuver. His immense strength allowed him to take things more by force than stealth.

Sly: Slaigh MacCooper. He invented the Wall Slide.

Brittney: Wow.

Lori: He sure was amazing back then.

Lincoln: Yeah. It's amazing that he was so big and how he could not get caught.

Luan: He sure was a strong one.

Eddy: Yeah.

Lensay: Aye!

We laughed.

Brittney: That was funny.

Cody H.: It sure was.

Nicole sealed the treasure into a scroll. They went to the next section. They were at the section of Rioichi Cooper.

Sly: Rioichi Cooper. My Japanese Ancestor from 16th Century Feudal Japan in 1560 A.D.

When he was a young man, Rioichi went on a fishing trip one day and caught a giant, ferocious great white shark. He was about to kill the shark but it pleaded for its life. That is when Rioichi noticed a mysterious mark of the Cooper Clan on the shark's chest, believing it to be a sign. Rioichi spared his life and in return the shark swore loyalty to Rioichi and served as his mount at war. They were victorious together and were graciously rewarded by the Emperor.

As years passed, the shark grew too old to fight, and knowing of Rioichi's dreams to begin a sushi house, the shark asked Rioichi to honorably sacrifice his life and use him to start his sushi restaurant. At the shark's funeral it was a bittersweet end; Rioichi wept for his friend, but he also produced the finest, sweetest, most succulent great white shark sashimi. It was a big hit which led to Rioichi building his famous sushi house. This shop also provided the perfect cover for his thieving exploits.

Lincoln: Wow. This is amazing. I didn't know he was a sushi chef Sly.

Sly: His sushi was widely known throughout the country back then.

Nicole: I love sushi as much as I love meat.

Sakura: Me too Nicole.

Nicole sealed the treasure into a scroll.

In the next section they were in the room of Henriette One-Eye Cooper.

Henriette sailed the seas and stole from other pirates. Originally wielding a dagger with the Cooper crook serving as the handle, she presumably lost a hand and replaced it with a prosthetic hook shaped like the trademark Cooper crook.

Sly: Henriette One-Eye Cooper. She was a great pirate back in 1590

A.D.

Brittney: I remember she can literally smell gold from a mile away

Lori: That is an amazing ability.

Laney: It sure is.

Lana: What happened to her eye?

Sly: She had it cut out in a pirate raid. She was called that for that purpose.

Lincoln: Wow. She must've stolen from a lot of pirates all over the Caribbean Sea back then.

Nicole: Yeah. Pirates have plagued the Caribbean Sea for centuries back then.

Nicole sealed the treasure into a scroll.

In the next section they arrived at the treasure of Tennessee Kid Cooper.

Sly: Tennessee Kid Cooper.

Lana: Sly's Old West Ancestor from 1860.

Laney: I remember him. He was an amazing outlaw that stole from Crooked Lawmen.

Armadillomon: He sure looks like someone you don't want to mess with.

Riku: No kidding.

Brittney: Yeah. From what I remember he had a magnificent draw back then and he would never miss his shot.

Nicole: He's like Annie Oakley.

Nicole sealed the treasure and they went into the next section. They were in the section of Sly's Victorian Era Ancestor, Thaddeus

Winslow Cooper III.

Sly: Thaddeus Winslow Cooper III, my Victorian Era Ancestor from 1885.

Lincoln: He sure looked sharp.

Sly: He was the most chivalrous of the Cooper Clan, Lincoln. He was called The Gentlemen Thief.

Brittney: He sure looked like it. He must've been very charismatic and charming.

Sly: He was.

Nicole sealed his treasure into a scroll and they went to the next section.

They were at the section of Otto Van Cooper.

Sly: Otto Van Cooper. The Technical Genius of World War I.

Brittney: I remember him. He wasn't physically strong, but his technical genius was amazing back then.

Lana: His mechanical engineering was amazing.

Lori: That's literally incredible.

Carmen: I had no idea he was that technically gifted.

Nicole: Me neither.

Nicole sealed his treasure into a scroll. Lastly they were in the section of Sly's father Conner Cooper.

Sly: My dad. He was a legendary thief.

Brittney: So this is your dads section. Wow. Look at all this stuff. He sure piled on the goods in his days.

Sly: Yep. He was an awesome thief. He did things that no one in the Cooper Clan even dreamt of.

Laney: That's incredible Sly.

They saw a picture of a young Sly holding a balloon and he was with his mom and dad.

Brittney: Sly you were so happy back then.

Sakura: He sure was.

Sly: Yeah. I was a happy little guy.

Nicole: Until the Fiendish 5 came and destroyed everything. What happened to your mom Sly?

Sly: She disappeared all those years ago. I think she was away when the Fiendish 5 attacked.

Brittney: This requires some looking into. What was her name?

Sly: Maria.

Brittney: Wow. Sly I'm so sorry.

Sly: I know.

Lincoln: They would be very proud of you Sly. You've come a long way since then.

Sly: I know Lincoln. I have a feeling they already are.

Nicole sealed the treasure of Conner Cooper into a scroll. Something dropped out and it was another Talisman.

Brittney picked it up and it was the Tiger Talisman.

Brittney: The Tiger Talisman.

Sakura: So he found one of the 12 Talismans.

Brittney: Looks like it.

Penelope: I'm glad we found the Cooper Fortune.

Lincoln: Me too Penelope.

---

At the entrance they got ready to leave the vault.

Brittney: Okay we have everything. Lets go home.

?: You aren't going anywhere.

Sly: Who said that?

?: Over here.

They turned and they saw an evil figure. It was a dark man and he had evil red eyes and a black coat and he had a vicious hook for his right hand.

Brittney: (Gasp) I know you! You're the infamous Chicago Urban Legend, Candyman!

Bentley: I thought he was just a legend.

Lincoln: Who is Candyman?

Brittney: He's an old Chicago Urban Legend.

His biography revealed a dark story.

---

Candyman's origins are explored in a legend surrounding the tragic death of a painter in the city of Chicago during the early 1800s, the story itself first appearing in 1890. The legend told that Candyman was initially the son of a slave, who became extremely wealthy after inventing a machine which mass produced shoes during the American Civil War. With his newfound fortune, the father had sent his boy to all the best schools in America, the young man growing up to become a polite and good natured gentleman as well as a well-known painter, most famous for capturing a person's status in portraits. Sometime around 1890, the young painter had been commissioned by a wealthy landowner to capture the beauty of his daughter, a white virgin. The painter's only sin was falling in love with the girl in question with whom they were to have a child under wedlock. Unfortunately, the girl's father had discovered their relation and was left so outraged that he hired a lynch mob to find and kill the young painter. As the mob chased him down the streets of the Near North end of Chicago they eventually overpowered him and sawed off his right hand with a rusty blade. The young painter's body had then been smeared with honey from a local apiary, causing the bees to sting him to death and prompting the future generations of the neighborhood the christen him "Candyman". The painter's dead body had then been burned on a pyre, his ashes being scattered around the entire region.

Sometime after his death, Daniel's ghost rose from the grave, a spiteful and vengeful spirit who tormented anyone who dared to question his existence. An urban legend arose which stated that whoever shall recite the name Candyman five times in the mirror, then immediately turn off the lights, will summon the ghost that will slay his summoner along with anybody else who has witnessed the specter's appearance.

---

They gasped in horror.

Lana: So this monster is a Boogeyman!

Brittney: Yes and he's a vicious one at that.

Candyman: You all will die and be added to my collection.

Brittney: I heard you went after a journalist woman named Helen Lyle who you got locked away in a maximum security insane asylum for murder.

Candyman: That's right.

Nicole: You will pay for everything you've done. You got her condemned to a life of suffering for crimes she did not commit because of you.

Laney: You will be forgotten once we destroy you!

Candyman: Then come and get me.

They went at him and Brittney punched him in the face and he slashed at her and she dodged his hook and kicked him in the chest and Lincoln fired lightning at him and burned his coat and electrocuted his face and Laney tied him up in plants and kicked him in the face and punched him in the back of the head.

Riku formed a portal of light and it opened up to Helen Lyle's cell. Riku went in it.

Riku: Helen Lyle?

Helen: Yes?

Riku: Helen, my name is Riku and we're fighting someone that you know all too well. Candyman.

Helen gasped as he said that name.

Helen: Where?

Riku: Let me show you. Come with me.

He took Helen's hand and they went through the portal and they saw the fight.

Candyman: You all are really persistent, aren't you?

Armadillomon: You will pay for hurting Helen, you creep! Let her go!

Candyman: Now why would I do that? I prefer to have her watch as I break every bone in all of your bodies!

Cody activated the Digiegg of Knowledge.

Cody H.: DIGIARMOR ENERGIZE!

Armadillomon: ARMADILLOMON ARMOR DIGIVOLVE TO…

He then became the insect Digimon, Digmon.

Digmon: (Echoing) DIGMON - THE DRILL OF KNOWLEDGE!

He punched Candyman in the face and stabbed him all over with his drills.

Digmon backed away.

Digmon: (Echoing) GOLD RUSH!

He fired 5 Drill Head Missiles at Candyman and they exploded.

Numbuh 5 bashed his head with an indestructible candy cane sword she got from Stickybeard.

Numbuh 5: (hits Candyman with a candy sword) You call yourself Candyman? Don't make me laugh! This is real candy that's hitting you right now!

Lori fired a blast of wind and sent him crashing into the wall.

Candyman got up and Riku fired a blast of fire at him and burned him bad.

Riku: Digmon lets use our combo.

Digmon: You got it Riku. (Echoing) GOLD RUSH!

Digmon fired his drill head missiles.

Riku fired a blast of fire.

Digmon and Riku: GOLD RUSH FLARE STORM!

The drills became golden fire fireballs and they hit Candyman and blew him to pieces and killed him.

Nicole: Now you will never terrorize Chicago, Helen or anyone else again. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Candyman was sealed into the Book of Vile Darkness for all eternity.

They went back home and revealed everything that happened. Helen was released from the Asylum and Candyman was proven to be real. She sued the Chicago Police for their quick judgement and won $100,000,000 in settlements. Back at the estate we built a huge museum full of the Cooper Clan's treasure and artifacts. It was a very popular school activity for all ages. Bentley and Penelope built a new safe for the gold from the vault and built a newer high security system to make sure that it stays in there. Sly had his inheritance and he was happy.

THE END

Another Fanfiction Complete.

Candyman was a strange movie. It's based on an old urban legend from Chicago, Illinois. It was a strange story. Candyman was by far the most strangest Horror Movie villain of them all. NicoChan11 Gave me the ideas for this one. Virginia Madsen and Tony Todd did a great job in that movie from 1992. Thanks for that man as usual. I wanted to make this a treasure hunt by using the Cooper Vault from Sly 3: Honor Among Thieves. To add some excitement. Next is the grand finale of my Horror Movie saga. We're going to face the ultimate monster Freddy Krueger from A Nightmare on Elm Street. Let me know what you all think.

See you all next time.

Candyman is owned by Bernard Rose and TriStar Pictures

# The Nightmare of Freddy Krueger

It starts at the estate in the early morning hours. It was close to dawn and Lincoln was having an awesome dream.

Lincoln was having a great dream where he was playing catch with his dog Charles.

Lincoln threw a baseball and Charles caught it.

Lincoln: Good boy Charles.

Charles can talk in his dream.

Charles: Thanks Lincoln.

Suddenly a nasty figure appeared and it was a horribly scarred man with a fedora hat and he had a red and brown stripe shirt, brown pants and he had a glove with claws on it. It was FREDDY KRUEGER!

Freddy: Now you die!

He slashed at Lincoln and he woke up and Lincoln screamed.

Lincoln: Whew! What a nightmare.

But he saw blood drip from his face and he went to the bathroom and saw that he had 4 claw slash wounds on his right cheek and he also saw that he had slash wounds on his right elbow as well. He screamed and his sisters came in.

Lori: Lincoln what's wrong!?

He showed them the wounds and they were shocked!

Leni: What happened to you Lincoln!?

Lynn: Did a thug do this!? Because if I find him I will kill him!

Lincoln: No this happened in my dream.

Laney: What!? That's impossible.

Lisa: Laney is correct elder brother. Dreams cannot hurt you because they are not real on the physical plane.

Luna: Lisa's right dude.

Natilee: Wait a second. I know those slash wounds.

Natilee got a closer look and instantly recognized the wounds. She gasped in horror.

Natilee: Oh no.

Lincoln: What is it Natilee?

Natilee: These wounds are the work of the Terror of The Dream World, Freddy Krueger!

Everyone gasped in horror.

Lynn: That monster from A Nightmare on Elm Street!?

Natilee: That's him. He's what's called a Dream Demon. They are the Pond Scum of Hell. He's a monster that is motivated by murder and revenge from beyond the grave.

His biological mother, Amanda Krueger (now known as Sister Mary Helena), was a nun at the old Hathaway House asylum (once renamed "Fairview Hospital") who gave birth to Freddy after she was raped hundreds of times when she was accidentally locked in a cell of a hundred psychotic men in the 1940s a few nights before Christmas. Throughout his childhood, he was sent from orphanage to orphanage, where he constantly endured humiliation by the other children, who thought of him as a freak, even continuously referred to him as the "Son of 100 Maniacs".

He was eventually adopted by an abusive alcoholic, Mr. Underwood, who constantly neglected and physically abused him, until Freddy finally retaliated for all those tormenting years by killing him with a razor blade when he was a teenager.

Freddy then moved to Springwood, Ohio, where he secretly became a child murderer, killing dozens of children on Elm Street. His actions eventually earned him the alias " **Springwood Slasher** ", where he killed several kids inside a boiler room within an old power plant where he used to work. His signature weapon was a clawed glove. When his wife, Loretta, discovered his secret, he strangled her to death in front of his daughter, Kathryn, who also found out about the murders, but promised she would never tell. However she did in fact tell someone and Freddy was arrested and put on trial. When Amanda found out on the news, she committed suicide. Unfortunately, Freddy was released because someone forgot to sign a search warrant in the right place, preventing the court from convicting him. So, the furious parents of Springwood formed a lynch mob and tracked Freddy to his boiler room hideout where he was preparing to skip town (though not before celebrating his release by brutally murdering a little girl), and lit the building on fire with torches and molotov cocktails, burning him to death.

However, three Dream Demons approached him before his death, where they made a deal, so that he could come back as a malevolent spirit and continue his killing spree from beyond the grave on the children where their parents cannot protect them; in their dreams. Freddy was made immortal because of this and began a new killing spree, making the murders look like accidents or suicide. After he killed his victims, he would absorb their souls into his chest for power.

Natilee: Freddy is now a monster and he will not stop until he kills everyone in their sleep.

Nico: I've heard about Freddy Krueger. He is the ultimate personification of everyones worst nightmare come to life.

May: We have to make sure that he doesn't hurt anyone else ever again.

Laney: But how are we gonna kill him? If he's immortal and is a dream demon then we can't fight him.

Lola: And if we go to sleep we could die!

Lisa: Everyone remain calm. I have the solution. Remember when we went into the simulator with my dream machine to fight the Harvester in Lincoln's dream?

Me: How can we forget that? That was a battle worth remembering.

Lily: It sure was.

Lisa: Exactly. We'll go into Lincoln's dream and spring a trap for him.

Nico: Oh I see what we're gonna do. That's brilliant.

Me: Get ready Freddy Krueger, you're about to face your worst nightmare.

We set everything up in the simulator. Lincoln was hooked up to the Dream Machine and he had bandages on his face and his elbow.

Lincoln: Okay, Here we go guys.

Me: Yep. Lets go guys.

We go into the Simulator and Lincoln was fast asleep and we were in his dream. It was the same nightmare landscape where we fought The Harvester.

Me: We're in.

Maria: So what is this place?

Laney: This is the same place where we killed The Harvester and we helped Lincoln conquer his fear of the movie.

Maria: The Harvester?

Me: It's a slasher horror movie about a farmer that went homicidal and he slashes his victims apart with a scythe and he takes their organs. Lincoln was scared to death when he saw that movie and he couldn't sleep at all that night. He had a nightmare about that movie and it scared him really badly. So Lisa made the Dream Machine for the Simulator and we went into his dream and we fought the Harvester.

Maria: Wow! That's amazing.

Lincoln: I'm not scared of The Harvester anymore.

Poromon: That's great Lincoln.

Hawkmon: Indeed.

Suddenly we heard singing and a figured jumped out. It was FREDDY KRUEGER!

Freddy (smirks): One, two, Freddy's coming for you! (charges at Wolverine with his claws but the mutant blocks with his own claws)

Wolverine: Mine are stronger then yours, bub!

I kick him in the face and Nico used Nocturne's powers and made him powerless.

Nico: You're not the only master of dreams you freak!

Nico went Super Saiyan 3 and he punched him in the stomach and kicked him in the face. Nico fired Puff's Corrosive breath and burned him bad. Nico then used Ebon's powers and fired a portal of darkness and it sucked him in and Freddy fell from 1,000 feet up into the air and he crashed into the ground. He then used Kangor's seismic stomp and the ground shook and Freddy stumbled. He then used Tantrum and Hyde's strength and pulverized him into pulp. His fingers became claws and he slashed at Freddy and he was bleeding badly.

Maria smiled when she saw him use her former Teammates powers.

Edzilla and Hulk: ED AND HULK SMASH NIGHTMARE MAN! (beat Freddy up savagely)

Edzilla and Hulk then used their combo. They jumped high into the air.

Edzilla and Hulk: SUPER HULKING SMASHER!

They plowed onto Freddy and crushed him with incredible force that smashed him into dust!

KRABLLLAAAAAAAAAAAAAAAAAAAAAMMMMM!

Maria then punched him in the face and Freddy tried to slash at her. But because she's made of pure water his attacks weren't having any effect on her.

Maria went into her water form and Freddy tried to slash at Maria in her water form but the claws passed through her each time.

Freddy: Why can't I kill you?!

Maria (smirks): Because your claws can only kill people who are solid. That means I'm safe in my water form.

Freddy: Well, I have other ways to waste you!

Freddy tries to use his dream powers to kill Maria but nothing happened.

Freddy: OH C'MON! WHAT NOW?!

Nico: I used Nocturne's powers to give the Dream Realm a slight adjustment.

Me: You are now powerless Freddy!

I punch him in the mouth and knock out some of his teeth. But he grew them back with accelerated healing.

Yolei: Lets get him Hawkmon!

Hawkmon: Right!

Hawkmon Digivolved.

Hawkmon: HAWKMON DIGIVOLVE TO…

Hawkmon became Aquilamon.

Aquilamon: (Echoing) AQUILAMON!

He flew at Freddy.

Aquilamon: (Echoing) BLAST RINGS!

He fired his a stream of energy with red rings. They hit Freddy and exploded.

Maria: Lets use our combo Aquilamon!

Aquilamon: You got it Maria. (Echoing) BLAST RINGS!

Aquilamon fired another blast.

Maria fired a stream of water.

Aquilamon and Maria: WATER RING LASER!

The blasts combined and they hit Freddy and exploded.

KABOOM!

Me: Lets form an army!

Davis: You got it.

A blue light from his digivice formed and Veemon had a powerful change happen. He split into his Digivolutions.

One form became Flamedramon.

Flamedramon: (Echoing) FLAMEDRAMON - THE FIRE OF COURAGE!

The 2nd form became Raidramon.

The 2nd form became WereGarurumon.

WereGarurumon: (Echoing) WEREGARURUMON! (HOWLS!)

The 3rd form became MetalGarurumon.

MetalGarurumon: (Echoing) METALGARURUMON!

And so on and so on.

We had a huge army of Digimon ready.

Me: Power up everyone!

Me, Varie, Laney, Yuko, Carol, Vince, Naruto, Sakura, Fu and Hinata went Super Angel we spread our wings and launched an all out assault on Freddy Krueger. We were hitting him with everything we got. Massive fiery explosions rang out and were setting the landscape on fire and the whole place was now a massive firestorm. We were blasting and pulverizing Freddy with every combo we know. It was an incredibly explosive battle that shook the very fabric of the entire universe in its entirety. May and Nico were blasting him with fire and ice blasts and Pokemon attacks. Ace fired lightning from the middle of her forehead with her powers at Freddy. It was getting extremely intense. We were gonna make sure that Freddy pays for everything he's done.

I slash him with the Soul Shredder and he was surround by fire. What he fears the most because it burned him.

Me: Everyone together!

We cupped our hands to the side.

All: KAAAA! MEEEEE! HAAAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

We fired a massive Kamehameha Wave at Freddy and he saw it coming and he knew that he was done for.

Freddy: THIS CAN'T BE HAPPENING! I'M IMMORTAL AND INVINCIBLE! I AM FREDDY KRUEGER! THE TERROR OF DREAMS!

Me: NOT ANYMORE! GO BACK TO HELL AND STAY THERE!

The wave covered him and completely obliterated him in an instant until there was absolutely nothing left of him. (Think of Cell's death in Dragonball Z)

When the energy blast faded Freddy Krueger was gone.

Me: His energy signal has completely disappeared. It's all over.

We saw an object fall by my feet. It was the last Talisman.

Me: The Last of the 12 Talismans.

I pick it up and it was the Horse Talisman.

Me: The Horse Talisman. No wonder he was healing fast.

Laney: But at least it's over. We won.

Nicole: Not yet.

His evil spirit appeared.

Nicole: You will never terrorize dreams again! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

She sealed Freddy Krueger into the Book of Vile Darkness for all eternity.

Freddy: DAMN YOU J.D. KNUDSON!

Me: You lose Freddy.

We won.

---

In the Living Room we celebrated our victory and it was a grand one. I invented a special belt for the Talismans and put it on and it fit perfectly. The belt infuses the wearer with all the powers of the Talismans and they can fire lasers from their eyes and fire blasts from their hands.

Me: How do I look with the belt?

Varie: You look awesome.

Rachel: You sure do.

Maria: Yeah.

Poromon: You know Maria unlike Yolei's Hawkmon I love being called adorable and cute and being cuddled with.

Maria: That's cool.

Nico: It's true Maria.

Maria: I believe it.

Poromon: Maria do you have any dogs or cats?

Maria: No unfortunately I don't.

Vince: Oh that's a shame.

Maria: It know.

We have all the Talismans and we were ready for Shendu when the fight came. Lincoln now has a cool scar like Me and Laney. It made him look tough.

THE END

Another Fanfiction Complete.

The Horror Saga is complete. I wanted to finish this with a bang. Freddy Krueger was by far the worst villain in all of the slasher movies of Horror. He deserved to be destroyed and made sure that he paid for his crimes. The Nightmare on Elm Street Series was the most insidious series of them all and Freddy Krueger was by far the most ruthless Slasher Monster of them all. I figured he would be perfect for the finale of the saga. NicoChan11 gave me the ideas for this one. Thanks for that man as usual and we won as always. The 12 Talismans are from Jackie Chan Adventures and we will be ready for Shendu and his cronies. Let me know what you all think.

See you all next time.

Nightmare on Elm Street is owned by Wes Craven and New Line Cinema.

# The Chi Dragon Terror

It opens in the view of the Gotham Royal York City Skyline.

Narrator: The City of Gotham Royal York… A highly advanced city beyond the very pinnacle of prosperity.

Suddenly an explosion rattled the land.

KABOOM!

The camera pans to me fighting a bunch of thugs that were using Duel Monsters to commit dastardly crimes.

Narrator: THE CITY IS UNDER ATTACK!

I was blasting them with heat vision, fire blasts and energy blasts. The Talismans of Shendu were an incredibly valuable tool in my fighting styles.

The thugs were piling up. It was getting powerful.

I took their cards as trophies to add to my collection.

Me: You stupid freaks don't deserve to be duelists.

I saw the Millennium Item Symbol glowing on their foreheads. Which was a very strange feature for them.

?: (Distorted Voice) **You will die by my hands.**

Me: Who said that?

?: **Down here.**

I saw the thug talking in someone else's voice and I grab the thug and braced him up against the wall of a building.

Me: Who are you!?

Marik: (Through the Thug) My name is Marik Ishtar.

Me: Marik Ishtar? I've heard all about you. You come from a family of tomb keepers that have guarded the pyramids of Egypt over the course of the millennia. I also heard that you have the Millennium Rod and are able to turn people into puppet slaves.

Marik: That's right. That wretched fool Yugi Moto defeated me in a duel in the Battle City Tournament and now I will have my revenge on him. Where is he!?

Me: Ha! Like I would ever tell you? You better be ready for the ultimate fight Marik, I'm coming for you and I'm going to make sure that you pay for everything you've done. You killed lots of innocent people and now it's your turn to die!

I blast the thug and killed him and I set out for where Marik is. He was hiding out at a warehouse by the lake.

Marik: So J.D. is coming. Perfect.

A fiery explosion blasted a hole into the roof and land on the floor.

Marik: Nice of you to arrive J.D.

Me: Marik Ishtar, I presume?

Marik: That's right. I've heard a lot about you J.D. You and your friends have made quite a name for yourselves across the globe. None of that will matter once I kill you.

Me: You tried to kill Yugi and his friends and that is something I will never forgive. You severely injured Joey almost to death and you turned Mai Valentine into an amnesic husk. You're a monster Marik and you treat life as nothing more than a disposable commodity! Now you will die!

Marik: My motto is "The Weak shall Die and the Strong shall survive."

Me: My motto is "Never Forgive, Never Forget, Kill the Wicked."

Marik: You are wicked.

I teleport and appear in front of him.

Me: No you are.

I kick him in the face and he crashed into some crates.

He then got up and he was screaming as he was clutching his head in pain. I sensed an incredibly evil force coming from him.

Me: Oh no.

His evil had surfaced and he was now YAMI MARIK!

Yami Marik: **At last I'm free.**

Me: So the beast has been released.

Yami Marik: **Yes. Now I will kill you just like I tried to kill Yugi and his fools for friends.**

Me: Shut up you (Censored)!

I go Super Angel 3.

Yami Marik: **Don't you dare tell me to shut up!**

Me: You're overconfident Marik.

Yami Marik: **There's no reason not to be. I've come across thousands like you and they all were foolish.**

Me: Yes you have, but count me as the last!

I dashed and punched him in the face and kick him in the chest and punch him in the stomach.

Yami Marik swung his Millennium Rod and I ducked and kicked him in the face and punch him in the back of the head and kick him in the face again and I grab his feet and swing him around and his face hit a crate and smashed through it and I threw him through the wall of a warehouse. The People were shocked at how I was doing this.

Me: You will pay 1000 times for everything you've done Marik. You've killed hundreds of innocent people and senselessly slaughtered everyone who crossed you.

When the people heard that they were horrified.

Yami Marik got up and he was laughing malevolently.

Yami Marik: **And I will kill everyone on this entire planet if I have to.**

Me: You brought all this on yourself.

He was about to use his Millennium Rod on me but I fired a laser and blast it out of his hand.

Me: You can turn people into puppet slaves but you can never control what I am, monster.

Yami Marik: **What are you!?**

Me: I am the hope of the universe, I am the answer to all living things that cry out for peace, I am protector of the innocent, I am the light in the darkness, I am truth, ally to Good! Nightmare to all Evil! I am J.D. Knudson and I am a Super Angel of Virtue!

Everyone in the area was in awe at my speech and they cheered wildly for me.

Me: You will pay for everything you've done Marik!

I dash and knee him in the stomach with devastating force and kick him in the face and punch him in the chest and mouth and knock out most of his teeth. I walk up to him and I had an energy blast ready for him.

Me: You will never torment everyone around you again. People like you deserve to be damned.

Yami Marik then started pleading. But it fell on deaf ears as I blasted him into oblivion. He was completely obliterated in an instant as he screamed his last breath. His evil spirit was automatically sealed into the Book of Vile Darkness.

Me: Enjoy Hell, Marik because you're gonna be there for a long time.

I power down and walk away. I raid the warehouse and found that some of the crates are filled with Duel Monster cards.

Me: Wow! I hit the motherlode. It's all the cards that were stolen. They're from hundreds of Duelists Marik and the Rare Hunters faced over the years. Marik you are the ultimate personification of Evil in its pure form.

I take the cards and go home. I found Marik's cards in his chair.

---

I walk into the door.

Me: I'm home!

Lori: You literally arrived just in time J.D. We have guests.

Me: Oh yeah?

I then got a surprise when I saw famous Archaeologist, Martial Artist and Actor Jackie Chan in our living room.

Me: (Gasps in Excitement) No way! Jackie Chan!?

Jackie: That's right. It's an honor to meet you J.D. Knudson.

Me: (Kung Fu Bow) It's an honor to meet you too Jackie. I love all your movies and all your adventures.

Jackie: Thank you J.D.

Me: So what brings you to Gotham Royal York?

Jackie: Captain Black at Section 13 told me that you have the Talismans of Shendu.

Me: Yes it's true. I have them in this belt I invented.

I show the belt.

Jackie: How did you get the Talismans?

Me: That's the strange part.

Lincoln: We found the Talismans on the most evil slasher horror movie monsters from the movies.

Me: That's right. I don't know how they got them but somehow they did.

A little girl came in.

?: That is amazing and cool!

Jackie: This is my niece Jade.

Me: Pleasure to meet you Jade.

Jade: You too. I love all your adventures and I want to be just as good as you J.D.

Jackie: Jade you know that you can't do that.

Me: Very overprotective of her I see. I have a lot of people that look up to me like a mentor figure and I find that very admirable.

Jackie: I believe it J.D. That's what we heard.

Jade: Who had the talismans?

Me: The Rooster Talisman was in the hands of Charles Lee Ray, The Ox Talisman was with Michael Myers, Dog Talisman - Jason Voorhees, Rabbit Talisman - Kevin Wendell Crumb A.K.A. The Horde, Snake Talisman - Ghostface, Rat Talisman - Casper, Dragon Talisman - Charlie McGee, Monkey Talisman - It, Pig Talisman - Leatherface, Sheep Talisman - Blair Witch Monster, Tiger Talisman - Candyman and the Horse Talisman was with Freddy Krueger.

Jackie: That's strange. How did they get the Talismans?

Me: That's just it. We don't have any idea.

Jackie: Oh.

Lincoln: Jade are you moving here to Gotham Royal York?

Jade: I sure am Lincoln. I think Uncle Jackie's adventures are incredible and they are awesome. But I want to go on them too!

Jackie: I know you do Jade but I care for you a lot and it's too dangerous.

At Dinner we were having a nice dinner and having a great talk. It went through the night. We talked about lots of things including our adventures, Roxas, many things.

Jade: I want to do this Uncle Jackie! Please!

Jackie: No is my final answer Jade.

Jade: It's not fair! I never get the chance to do anything with you!

She ran up to her room.

Lea looked at Jackie with concern.

Jackie: I know you think I was being unfair to Jade back there-

Lea: No, I don't. You care for the kid. I get it, but the way you're acting isn't doing her any favors.

Jackie: Well then, how should I act? Do you have any ideas?

Lea: Well, J.D.'s already told you about my friend Roxas. The reason why he and I got along so well was because we trusted one another. We were friends. We had each other's backs.

Jackie: I'm sorry about Roxas. But isn't he merged with Sora now?

Lea: Yeah, well, I'm still here, aren't I?

Jackie: What's your point?

Lea: My point is you're not gonna be around forever, and Jade has to learn how to do this stuff herself. So, my advice? Stop treating her like a kid and more like a partner.

Jackie: Thank you, Lea. I will remember that.

Lea: You better.

Suddenly massive explosions rang out in the city.

Me: Uh oh!

We saw the city completely under siege. We saw a golden dragon and a bunch of strange men dressed in dark suits and a bunch of other men wreaking havoc.

Jackie: Shendu, The Shadowkhan and the Dark Hand!

Me: Shendu I know but the rest must all be enemies of yours.

Jackie: They are. The green skin man is Shendu's son Drago.

Jade: The big blue one is Tchang Zu. His powers are around Lightning.

Lincoln: He sounds like the guy I would fight.

Linka: Same here.

Gabrielle: (British accent) I agree. He would make an awesome challenge.

Jade: The red skinned minotaur is Dai Gui and he is a Demon Sorcerer of Earth.

Me: He sure looks tough.

Lynn: I would be a great challenge for him.

Tara: Same here.

Jade: The one that looks like a bat is Hsi Wu and he is the Demon Sorcerer of the Sky.

Me: I'll bet he's really fast.

Lori: We would literally be a challenge for him.

Lydia: We sure would mommy.

Roxanne: He literally better watch his butt!

Rhonda: This is literally gonna be awesome!

Jade: The one that looks like a sea dragon mermaid is Bai Tza and she represents Water.

Lily: She would be a worthy opponent for me.

Luna: Same here dudes.

Girl Jordan: This is gonna be an awesome fight.

Jade: The one with the red robe, four arms and the long black hair is Tso Lan and he is the sorcerer of the Moon. His power is over Gravity.

Me: That's deadly.

Laney: It sure is. His power must be really strong.

Vegeta: Me and Kakarot trained at 100 to 400 times normal gravity and he should be a challenge for us.

We look at them in shock and amazement!

Me: Wow! Master Goku and Vegeta you trained at that level of Gravity!? That's unbelievable!

Nico: It sure is. I'll have to get into that.

Vince: We all should.

Jade: The silver one with the shell that moves like a frog is Xiao Fung and he's the sorcerer of Wind.

Lori: So there's a sorcerer for Wind and Sky. Strange.

Bobby: It sure is babe.

Jade: Lastly the big fat one is Po Kong and she's the demon sorceress of the Mountains.

Lynn: She sure is huge!

Me: No kidding. Not to brag but I can lift up whole mountains. But that's incredible. Who's the boney guy?

Jackie: That's Daolon Wong. He's a Dark Chi wizard.

Me: He must not be an easy task.

Jackie: No he wasn't.

Me: Well we're not just going to stop them by sitting here.

?: Let me come with.

A big oriental man came. It was Tohru.

Me: You must be Tohru.

Tohru: I am. It's an honor to meet you J.D.

Me: You too.

Jackie: Wait! There's one person we can call that will help us with them. Valmont!

Jade: (Gasp) Uncle Jackie he's one of our enemies! Why do you want him to help us?

Jackie: I don't like it either Jade, but we have no other option on who can help us.

Me: All right. Nico you go with Jackie and get this Valmont. The rest of you lets go!

We flew out to the city and the fight to save the world was on.

---

Nico and Jackie went to a local bar. They found Valmont playing at a pool table. He saw them

Valmont: Well, well, well. If it isn't Jackie Chan. And I see you've brought one of J.D. Knudson's friends with you.

Nico: My name is Nicolas Chan but everyone calls me Nico.

Jackie: We need to talk.

Valmont: You want anything? Beer, food? The Pickled eggs here are fantastic.

Nico: No, we're good. We need your help with a problem.

Valmont: Must be pretty desperate to come asking for my assistance, but I'll bite. What do you need?

Jackie: Help with Shendu and his demon brethren.

Valmont (shocked): What?!

Nico: Yeah. He's back. And this time, he's not holding back. He really is going to destroy our world unless you help us stop him.

Valmont: Well, I'm not going to help you against them and risk my freedom. Besides, after what Chan did to me, you heroes are on your own.

Jackie: This is your problem too. If they destroy the world, you'll be killed too.

Valmont: Good point. But if I'm gonna help you out I'll need something in return.

Jackie: Like what?

Valmont: That everything on my criminal record be expunged and I'm let off scot-free.

Nico: One sec.

They huddle.

Jackie: (Whispering) I don't like this Nico. He tried to kill my family several times in the past.

Nico: (Whispering) I know Jackie but I have a plan.

He whispers it into his ear.

Jackie: That's brilliant.

Nico: I'll whisper everything to J.D. and we'll go from there.

Jackie: Perfect.

They broke.

Nico: You got a deal.

Valmont: Excellent.

They went back to the estate.

---

Back at the estate Jackie's uncle, Uncle Chan was shocked.

Uncle (smacks Jackie): Aiyee! Jackie! Are you crazy? You brought Valmont here?!

Jackie: We need all the help we can get, Uncle.

Valmont: I thought about your proposal. You want my help, this is what I want. My fingerprints, dental records, DNA, criminal records, family tree, everything there is in this world concerning Valmont. I want it destroyed. All of it. At Sector 13, online, everywhere.

Me: Fine. But if you double cross us…

Valmont: You have my word.

Lisa (in her head): Enjoy yourself while you can, Valmont. Because you won't feel so smug once I make copies of your criminal record!

Nico whispered his plan to me and it was a genius one.

Me: (Whispering) That's brilliant buddy.

Nico: I know.

Me: (Out loud) Okay we're ready. And Uncle you need to treat Jackie better.

Uncle: Uncle will show Jackie that His decisions can have consequences.

Me: You still need to treat him better regardless. Lets roll!

We head out.

---

We landed and we stood ready for them.

Me: Shendu. How nice to meet you.

Shendu: **J.D. Knudson. News about you has spread all over the Netherworld. You even have my Talismans.**

Me: They were in the hands of all the most ruthless horror movie monsters that we saw in the movies. We won't let you torment this planet anymore! Lets split them up and take them down!

Drago (grabs me by the throat): **No teleporting to other planets this time. This time, you and your friends are gonna die here!**

Shendu: **Don't forget that I am in charge, Drago. You obey my orders without question.**

Drago: **You better watch your tone with me, old man!**

Nico: Starting to think that we don't even need to be here. You sure you two don't want to sort this out by yourselves?

Me: (Groaning) I'm fine.

I kick Drago in the face and he let go and we teleported to different planets for the battles.

BATTLE 1: Sam S.L., Lola, Aylene, Charlie, Yuko, Lea and Cyclops vs Drago.

Sam, Lola, Aylene, Charlie, Yuko, Lea and Cyclops were fighting Drago on the planet Qward. The home planet of the Yellow Lanterns.

Lola: We're back on Qward.

Yuko: So this is the planet Qward.

Sam S.L.: Yep. It's the homeworld of the Sinestro Corps.

Lea: This is a perfect planet for the fight.

Drago: **Then it will be your eternal resting place.**

Lea: Actually it will be yours. Never thought someone like you would work with Shendu again, Drago. Especially since you betrayed him the last time.

Drago: **You got it all wrong. My dear old dad's just a means to an end. Once I kill you heroes, I'm gonna do the same to him and claim this world for myself!**

Sam S.L.: We shall see about that.

They went at him and Drago fired a blast of fire from his mouth and they dodged it and Lola punched him in the face and fired a blast of fire and it burned him in the face.

Yuko went Super Angel and she punched him in the stomach and kicked him in the back of his head. Sam S.L. kicked him in the stomach and dealt him multiple flaming punches. Cyclops fired a laser visor blast and it hit Drago in the eyes and burned them bad. Lea fired numerous fireballs from his keyblade and they hit Drago in the back and exploded. Charlie ignited him with her powers and set him on fire and he screamed in agony. He screamed in even more pain and Drago was blinded.

Drago: **I can't see anything! I'm blind!**

Suddenly a yellow energy beam hit Drago in the chest and exploded. Revealing his black dragon heart.

They looked up and saw Sinestro Corps member Karu-Sil flying above the fight.

Sam S.L.: Karu-Sil.

Karu-Sil: Hello Sam. It's great to see you again.

Sam S.L.: You too.

Yuko: Hello Karu. It's been a while.

Karu-Sil: It sure has Yuko. What's going on?

Lea: The evil Demon Sorcerer Shendu and his followers and brethren are destroying Earth and we're gonna stop him.

Karu-Sil: Oh no.

Lola: What planet do you come from Karu-Sil?

Karu-Sil: I came from the planet Graxos III. My race are hunters of a wild society.

Sam S.L.: Graxos III is a jungle planet and it has human people that are almost completely feral and they live in a primitive lifestyle. Karu-Sil was put through an extremely rough lifestyle there and we met when I was with Sinestro at one time. She reminded me of what my life was like under my former parents.

Karu-Sil: That's right Sam. You saved me from myself.

Yuko: Wow. How did you know she had a lifestyle like yours Sam?

Sam S.L.: Through her eyes. They say that the Eyes are the window into the soul and I was able to help Karu-Sil become a better person by reminding her that there are others that have had it far worse than what she had.

Karu-Sil: That's right.

Lola: Wow. I've read in Lincoln's comic books that your life on Graxos III was not a fun one. You were subjected to a huge level of pain.

Karu-Sil: That's right Lola.

They looked at Lola with skepticism.

Lola: Lincoln lets me read some of his comics every now and then. We have so much to learn about the universe and he and J.D. got me into it.

Yuko: Oh.

Sam S.L.: That's great they did.

Drago got up and he was badly hurt and on his last legs.

Drago: **I'm not going to die yet!**

Sam S.L.: Actually you are!

Sam dashed and grabbed his black heart and ripped it out of his chest as it was still beating.

Drago died in an instant.

Sam S.L.: Enjoy the darkness of Hell you monster!

Karu-Sil: I agree. How did you guys decide to fight him here on Qward?

Sam S.L.: J.D. talked to Sinestro about it.

---

2 hours ago as Nico and Jackie were going to get Valmont, I was talking to Sinestro about where we should fight the Demon Sorcerers.

Me: So Sinestro we're gonna take the fight with the Demon Sorcerers and the Dark Hand away from Earth so we can avoid having casualties here.

Sinestro: Good thinking J.D. You have permission to use Qward for the fights.

Me: Thank you Sinestro.

FLASHBACK ENDS

Karu-Sil: I see. Good thinking.

Sam S.L.: Yes.

Yuko: Drago will never terrorize our world again all for his sick pleasures.

Drago then disintegrated into dust as if time had ultimately caught up to him and he was gone forever.

Gabrielle fired a blast of lightning and it hit Tchang Zu in the stomach and Storm fired a blast of wind and lightning and it hit him in the head. Dai Gui: **Who said that!?**

Larfleeze: I did! I'm Larfleeze! Leader of Agent Orange.

Vince: Larfleeze. My name is Vince Pusateri.

Larfleeze: I heard a lot about you Vince. Why are you here?

Lily: Okay.

Girl Jordan walked up to her.

Girl Jordan: Bai Tza I know you were created for bad but I can tell that you were mislead into going down the wrong path.

Bai Tza: **How did you know about that?**

Girl Jordan: I know because you were poisoned with lies and made into someone you aren't. I got my powers of Water from the Water Dragon of Lerr and I was adopted into the Loud Family because of my biological parents disowning me. They hate me now. The Loud Family made me into a better person. My parents tried to help me. But it wasn't enough.

Bai Tza: **You and I have so much in common Girl Jordan. Shendu was called the outcast of all of us. We hate Shendu for everything he is and he's just as worthless as any other demon and he's just as useless.**

Girl Jordan: So he's a disgrace.

Bai Tza: **Yes. I may have power but I was created for the wrong purpose. I want to help you all out and make sure that my**

**brother pays for everything he's done.**

Aquas/Bai Tza: That answer your question?

Girl Jordan: It sure does.

Inque: You got it.

Rogue: He will pay for everything he's done.

?: Wait!

A Star Sapphire came and it was Miri.

Girl Jordan: Miri. It's great to see you again.

Miri: You too Girl Jordan. I have a mission for you when the time comes.

Girl Jordan: What is it?

Miri: Our leader Carol Ferris turned evil and is using love for the wrong cause. I know you can save her. She has an evil Star Sapphire entity inside her and she needs to be stopped. You can help her Girl Jordan. I know you can.

Lynn: Seriously, guys. How are we gonna get Tso Lan out of here?

Tohru: I'll do it. But I'll need to use the Rabbit and Ox Talismans for possibly one last time.

He was completely out of his mind with so much rage and fury that it was unbelievable and his fighting techniques were extremely sloppy. Shendu: **You're the one that will die J.D. You've killed my family and ruined all my plans.**

Me: Jackie's the one that ruined your plans. Not me.

Shendu: **True. But you are helping him so that makes you just as guilty.**

Me: Maybe so but we've had it with you Shendu. You've caused so much destruction to so many lives over the centuries and you will pay dearly for every single one of them.

I go Super Angel 10,000 and Shendu fired a blast of fire from his mouth at me.

I block it and throw it back at him where it exploded in his face.

KABOOM!

I fired an energy blast and blew his tail off. I kick him in the face and snout.

Shendu: **This can't be happening!**

Aquas/Bai Tza: (Offscreen) Shendu!

Bai Tza came and she had Jade with her. Bai Tza was flying without wings.

Jade: Shendu I will never forgive you for this!

Aquas/Bai Tza: It's over "Brother"! I'm through with you and I don't know what I was thinking when I was hating humans. But you are no different. You make me sick.

Suddenly without warning a dragon made of air came out of nowhere and it hit Jade and enveloped her in a tornado of wind, air and lightning. When the Tornado faded Jade had green angel wings and she was floating.

Aquas/Bai Tza: What happened to Jade?

Me: It's a Deity Choosing. It's how my friends got their powers.

Jade woke up and she was floating on her own.

Jade: What happened? Why does my back feel so heavy?

Me: You have wings now like me Jade. Look.

I form a mirror of water and Jade gasped in excitement.

Jade: Wow! I have wings now! This is so cool! I wonder what else I can do?

Jade fired a blast of lightning and it hit Shendu. It was mixed with wind and it cut him.

Me: You have Storm powers!

Jade: This is so cool!

Me: I'll have to look this up when we get home. I have a book on Legends of the world that explains how they got their powers.

Jade: That's cool! Lets get him!

Aquas/Bai Tza: Lets!

Me, Jade and Bai Tza fired water, energy and wind blasts and they hit Shendu with a powerful explosion.

Shendu: VALMONT YOU TRAITOR!

Valmont: You never were a member of my organizations! Now you will pay.

Me: Lets blast him!

We hit Shendu with everything we had and blasted him apart in a massive explosion.

Nicole sealed Shendu, Drago and the 6 Demon Sorcerers, StrikeMaster Ice, M.C. Cobra, D.J. Fist and Daolon Wong into the Book of Vile Darkness.

Aquas/Bai Tza: Good bye brothers and sister.

Me: We won guys!

We cheered wildly.

* * *

After we got everything cleaned up we went back to Earth. It was a good victory.

Valmont: Well, since Shendu's beaten once again, I'll just be going now.

Iceman (freezes Valmont's legs): Not so fast, pal!

Valmont: What is this? We had a deal!

Me: Yeah. We did. But here's the thing: we don't make deals with criminal scum like you!

Valmont: So you managed to pull a fast one on me. Well played, Knudson. Well played.

Me: Thank you. It's what we do to make sure everyone is safe.

Captain Black: Don't worry, Valmont. You'll have a nice cell waiting for you in the Black Forest prison.

Me: And then you're going to the Moon Prison. Also Jackie I know these Talismans were yours so you can have them back.

Jackie: Nah that's okay. You can keep them J.D.

Nico: You sure you want us to keep the Talismans, Jackie?

Jackie: I'm sure. Me and my family stopped using them after Shendu was turned back into a statue. They're safer in your hands.

Nico: If you say so. But we'll let you borrow them whenever you need them.

Jackie: Thanks Nico.

Ratso: Guess the rest of us are going to prison as well.

Jade: No, you're not! We have the perfect community service for you guys!

Hak Foo: And that is?

Uncle: You help Uncle with shop!

Ratso: Thanks Uncle. We won't disappoint you.

Me: Glad you guys have a job now. Also everyone you all did a great job. The entire universe united together and destroyed a major threat to the entire universe.

We cheered wildly and we went home.

I look up how Jade got her powers in my book.

Me: Here it is. Jade got her powers of storms from the Storm Dragon of Feng Po Po, the Goddess of Wind in Chinese Myth. Once every 1400 years she grants a worthy soul her powers over wind, storms and lightning and they get winged flight, super speed, strength, agility and many abilities attributed to wind.

Jade: Wow! I have so much to learn now that I have wind powers.

Lori: Don't worry about it Jade.

Lydia: We'll gladly help you and teach you everything we know.

Roxanne: It's the least we can do for you.

Lori: That's right. Wind is literally perfect for you.

Jade: Thanks guys.

Me: You're welcome.

Girl Jordan: So how does it feel to be on the good guys side Bai Tza?

Aquas/Bai Tza: It feels great Jordan. I'm glad I left my dark ways.

Girl Jordan: Me too.

We took a long rest after everything that went down and it was great.

Another Fanfiction Complete.

Jackie Chan Adventures was an awesome show from September 9th, 2000 to July 8th, 2005 and it was amazing. Jackie Chan and Stacie Chan did a great job in that series. The Artifacts in the show were amazing. The 12 Talismans were awesome too. NicoChan11 gave me the ideas for this. Thanks for that man as usual and this took a while to create but we did a great job. We had this one planned after the 12 Horror Monsters Saga. Let me know what you all think.

See you all next time.

Jackie Chan Adventures is owned by John Rogers, Duane Capizzi, Jeff Kline Kids, WB and Cartoon Network.

# Wolverine VS Sabretooth

It starts in the middle of the city.

Nico was on a skyscraper and he was fighting Toad.

Toad: I just want to thank you. For destroying the Sentinels. Now me and my teammates in the Brotherhood of Mutants won't be threatened by them anymore.

Nico (laughs bitterly): We didn't do any of that for you. You don't deserve my mercy after what you and your buddies did and continue to do to me and my friends. Unlike you, I believe that all life, mutant or human, is considered precious.

Toad: I don't know what to say, man. For the record, I'm sorry if my Legion of Doom teammates hurt you. We never really meant to hurt you guys.

Nico: YOU'RE SORRY? YOU DIDN'T MEAN TO? All you and your friends have done for months is deliberately try and kill my friends and family. Your friend Scarecrow almost destroyed Lori by exposing her to fear gas and making her think that her siblings hated her! Your other teammate Parasite almost killed Superman by nearly draining him of his powers. And the cherry on top was when your buddies Steve, Laura, and Max manipulating Solomon Grundy and tried to kill Velma, Fred, and Daphne, who are three civilians!

Toad: They're not civilians, dude. They're just as guilty as the rest of you.

Nico (loses it): THEY WERE UNARMED!

Nico pins Toad down and viciously punch him at least 10 times. Nico then grab Toad's tongue and electrocuted him with Electro's powers. By the time he was done, he was badly beat up.

Nico: (calms down): They were unarmed. But you scumbags didn't care. All you cared about was the gold.

Toad: You had no right to-

Nico: Get. Out. Your time of terrorizing the X Men is over. Cheetah tried to flee the country to avoid our wrath. If I were you, I'd follow her example.

Toad: Oh, c'mon-

Nico: Let me be abundantly clear. The only reason you aren't dead is because I'm holding back. But I won't lenient next time. If I ever see you again, I don't think I'll be able to stop myself. I'm not sure if I'll even try. You and your friends tried to kill several civilians. We've killed people for much less. Get out of my sight.

Toad ran like a frightening chicken.

---

Nico came home and he was clapping his hands. We were having lunch and a nice talk.

Nico: I'm home.

Me: Hey Nico.

He sat down at the table

Nico: Just had to stop another mutant attack. I'm glad you're not being as strict to Jackie anymore, Uncle.

Uncle (smiles): Thank you, Nico. Uncle knows that Uncle can be harsh to Jackie at times. But that's only because I care about him and the rest of my family.

Tohru: Even me.

Uncle: Yes. Even you, Tohru.

Static: I can understand that. At lesat you're not as bad as Truffles.

Me: So Logan if I may ask.

Wolverine: What is it J.D.?

Me: What was your life like when you were younger?

Wolverine: Well my life hasn't always been a pleasant one. My real name is James Howlett. But everyone called me Jimmy back then. I now go by Logan.

James "Jimmy" Howlett was born in 1832 in what would later be known as the Northwest Territories of Canada. In 1845, James lay sick in his bed while Victor, who was currently visiting him, kept him company as James' father arrived to check in on him. A few moments later, Victor's father, and John's groundskeeper, Thomas Logan (who was also having an affair with John Howlett's wife), entered the Howlett home, drunk, looking for James' mother Elizabeth Howlett and had a confrontation with John, who headed downstairs to settle a dispute with Victor's father, which had resulted in Thomas shooting Elizabeth's husband. James then heard gunfire during a dispute at his father's estate, and went to investigate, finding him dead, as he was shot by Thomas.

It was under this grief-stricken incident that, in an act of vengeance, James' mutation began to manifest as he sprout bone claws, slowly emerging from his fists and knuckles. In a wild rage, James screamed in anger and fury and impaled Thomas using his claws. However, while impaling Thomas with his newly discovered bone claws, before dying, Thomas revealed that John wasn't James' real father. Much to James' horror, with his dying breath, Thomas revealed that he was James' true father by telling him he is also his son.

After Thomas died, Elizabeth, horrified by James' mutation, cast her son out by calling him a freak as she questioned James as to what he was. Confused about what was happening to him, James fled and ran into the woods, with Victor following behind him. After running away, Victor, who was also a mutant, caught up and overtook James. Victor said that they were brothers and vowed to stick together and that they would look after each other no matter what, eventually leading them to a life of rage and violence. As Victor was truly his own family, as they shared a father, James started going by the name "Logan".[1]

Over the next 128 years, as the two boys grew into men, Logan and

Victor fought bravely together as soldiers for the United States in numerous wars. The wars the two brothers participated in throughout their years together included the American Civil War, World War I (on the Western Front), World War II (both participating in the D-Day Invasion), and the Vietnam War using their mutant powers. However, Victor grew increasingly violent and uncontrollable as time passed.

Me: Whoa. That's amazing and horrible at the same time.

Laney: It sure is. That would make you almost 200 years old. Amazing!

Me: Yeah.

Wolverine: That's right. My past is a dark one but I managed to learn from it and move on.

Me: That's great Logan.

Lisa: Indeed. J.D. I've been wanting to ask you this for a while.

Me: What's up Lisa?

Lisa: How did Carmen get reunited with Maria?

Me: That is a reunion we'll never forget. It was back when we reunited Maria with her mother Katie.

---

Me: (Narrating) **It was when we were having a nice talk with Katie about everything that went down because of the Big Bang. Carmen just came home from school.**

The door opened and in came Carmen.

Carmen: Hey mom I'm home.

Katie: Hey Carmen how was your day?

Carmen: I helped Static stop a bank robbery in progress.

Me: Way to go!

Carmen saw me and my friends and was ecstatic.

Carmen: No way! J.D. Knudson!? This is awesome! You're one of my heroes.

Me: I'm glad you look up to me.

Carmen: You guys are awesome!

Me: **We introduced ourselves and Carmen then saw Maria.**

Carmen: (Gasps in shock) Ma… Maria? Is that really you?

Maria: It sure is little sis. I'm back and I'm back to my old self.

Carmen got up and ran to her.

Carmen: MARIA!

They hugged for the first time in 2 years.

Carmen: (Crying) I missed you so much sis!

Maria: Me too Carmen. I missed you too.

Carmen: I thought I lost you after the Big Bang.

Maria: I'm still here but thanks to J.D. and his friends I'm back to my old self. I have my humanity back. I still have my water powers but I'm back to normal.

Carmen: Sis promise me you'll never leave me again.

Maria: I promise sis.

Me: **It was a very touching reunion. We talked about all kinds of things and some of our adventures.**

FLASHBACK ENDS

Me: Carmen was so happy to see her big sis and it was a big reunion.

Lincoln: I remember. We were there.

Lynn: That was so sweet guys.

Lisa: Indeed. Normally I don't do emotions like this but… (Bursts into tears)

Laney comforted her.

Laney: Let it all out Lisa. Let it all out.

Wolverine: That was a touching moment.

Me: It sure is.

The door opened and in came Maria, Carmen, Liam and William and they had some things.

Maria: Hey guys. Look what we got at the pet shop. We bought 3 goldfish. Their names are Lolita, Fish and Chips.

Me: Wow. Those are adorable Maria.

Carmen: I've always wanted to own a couple of goldfish.

Liam: (Southern Accent) You and me both Firedove.

Carmen: Please don't call me that Liam.

Liam: It's my nickname for you dumpling.

Carmen: Aw. That's really sweet.

Me: It sure is.

Maria, Carmen, Liam and William went up to Maria's room to set everything up.

Me: But Logan I have so many questions I want to ask you. You've been through the American Civil War right?

Wolverine: I sure have. It was a dark time for me. But we helped the Union win the war.

Me: That's amazing. My ancestral uncle Charles Sumner was President Abraham Lincoln's best friend and he helped him during the darkest times of the war. He was senator for Massachusetts back then.

Lincoln: Oh wow! I didn't know he was your uncle J.D.

Me: He's my ancestral uncle Lincoln.

Laney: Jessie told us a lot about him. He was assaulted by senator Preston Brooks of South Carolina.

Me: That's right. It was an event called the Caning of Charles Sumner and it happened back on May 22nd, 1856. Charles Sumner was a strong abolitionist and he was against the full extent of slavery. Preston Brooks however believed that all slaves should remain as slaves. Preston assaulted him in the Senate and it was fierce. He almost killed him.

They gasped.

Lana: That is horrible!

Lola: So that's how you know so much about politics.

Me: Not to brag but yes.

Lisa: Assaulting a congressman on the United States Senate is considered the same as the crime of murder in terms of law and carries a maximum sentence of Life in Prison without the possibility of parole.

Me: That's right Lisa. That's todays standards. But back then in 1856 he only paid $300.00 in fines and was never put in prison for it. But he lost his reputation because of it and it lead to arguments between the north and the south.

Lincoln: That's awful.

Me: Yeah. It was.

The alarm sounded and we rush to the computer. We found out that Sabretooth is causing mayhem in the city square.

Wolverine: Sabretooth!

Laney: That big guy is Sabretooth?

Me: That's him. His real name is Victor Creed and he and Wolverine were like brothers. Half-Brothers to be exact.

Wolverine: That's right.

Victor Creed was born in the mid-late 1820s in what would later be known as the Northwest Territories of Canada, British North America. Eventually, his father, Thomas Logan, had a another son, named James Howlett, with a woman named Elizabeth Howlett.

One night in 1845, Victor visited his younger half-brother, James, who was sick in bed. Victor, while filing his abnormally long fingernails with a knife, noted that James is always sick. James then said Victor was sick when he was his age. Just then, James' father, John Howlett, arrived to check in on him, and was greeted by Victor, who quickly stood up with his hands behind his back (to hide his fingernails and knife), and John greeted him back. John didn't realize that Victor was still at the house, and Victor explained he was just keeping James company, hoping that's okay. And John says that Victor was very kind for doing so. Victor observed John tending to James, who was assured by John that his cold is just a mild fever but James will pull through, and James said that John always says that.

After John asked if James has been taking his medicine, Victor's father, and John's groundskeeper, Thomas (who was either having an affair with or had raped John Howlett's wife), entered the Howlett home, drunk, looking for James' mother, Elizabeth. John realized that Victor's father was drunk again and suggested that Victor go help his father home. But Victor informed John that it wasn't his name Thomas was calling.

John then headed downstairs to settle a dispute with Victor's father, and James called out to him, but John told James to stay where he is, with Victor following behind John. James heard gunfire at his father's estate, and went to investigate only to find his father shot by Thomas. After James tended to John, Thomas tries to explain to James the truth about this situation, but John's wife, Elizabeth begged Thomas not to tell James, but Thomas said that he needs James to know, and "no more lies".

Under this grief-stricken incident, in an act of vengeance, James' mutation began to manifest as he sprout bone claws, slowly emerging from his fists and knuckles, which Elizabeth, Thomas, and Victor witnessed. In a wild rage, James screamed in anger and ran towards Thomas, who tries to stop James by gunning him down with his rifle, but is stopped by Elizabeth. Soon after, James impaled Thomas using his newly sprung claws, much to everyone's surprise. However, while impaling Thomas with his newly discovered bone claws, Thomas revealed that John wasn't James' real father. Much to James' horror, with his dying breath, Thomas revealed that he was James' true father by calling him his son. After Thomas died, Elizabeth, horrified by James' mutation, questioned James as to what he was. Confused about what was happening to him, James fled and ran into the woods, with Victor following behind him.

Victor caught up and overtook James, who frantically said he didn't mean to kill Thomas, but Victor said "Yes you did. He deserved it, and you gave it to him". Victor told James that they were brothers, asking if James realized that, and brothers to protect each other. Victor told James that they have to be hard enough so nothing can touch them. James wanted to go home but Victor said that they can't and they have to stick together no matter what, and take care of anyone who gets in their way. Victor asked his younger brother if he can do that, and James nodded in agreement. The two brothers noticed a search party looking for them, and Victor asked if James can run, which James clarified. As Victor and James run into the woods, Victor tells James keep running and to not look back.

Over the next 128 years, as the two boys grew into men, James and Victor fought bravely together as Canadian mercenaries for the United States in numerous wars. The wars the two brothers participated in many wars throughout their years together including: the American Civil War (aiding President Lincoln and General Grant on the Union side), World War I (on the Western Front), World War II (both participating in the D-day Invasion), and the Vietnam War using their mutant powers. However, Victor grew increasingly violent and uncontrolled as time passed.

Me: I can't believe he became like this. What a monster.

Lincoln: If he has the same powers as Wolverine then he will be difficult to kill.

Me: You're right Lincoln. Our only available option is total obliteration. But lets try and reason with him and if that doesn't work then we'll kill him. Lincoln, Laney, Gambit, Kraven, Cheetah, Wolverine, you all come with me. Lets go!

We set out for the heart of the city.

---

Sabretooth was causing a lot of destruction and slashing at people. I swooped in and kicked him in the face and he crashed into a car and it exploded.

KABOOM!

He got up out of the rubble and his accelerated healing made him good as new.

Me: Victor Creed A.K.A. Sabretooth I presume?

Sabretooth: That's right. The famous J.D. Knudson and his friends. Logan. How are you?

Wolverine: Been doing fine and now you will die. But I'm going to give you this one chance.

Sabretooth: What is it?

Wolverine: Victor, I'm going to give you one last chance. Just give this up. You know all the wrong things you've done. You can just end this now by surrendering and going to prison. Maybe you'll get a chance at redemption when you get locked up. But nothing that you're doing right now is good. But there's a better way. You just have to let go.

Sabertooth (starts to cry): I'm so sorry. I shouldn't have… Please forgive me…

Wolverine: It's okay, Victor. It's okay. You're okay now. You've just got to- (Sabertooth slashes him in the shoulder)

Sabertooth (stops crying and laughs maniacally): You stupid idiot! Did you really believe you would convince me so easily that I did the wrong thing? True, I have done evil things. But I don't regret any of them!

Me: You monster! We gave you this chance to redeem yourself and this is how you repay us!? No heart at all. Come on guys. Lets waste this monster!

Me and Laney go Super Angel 3.

Lincoln: I'm going ghost!

Lincoln became Lincoln Phantom and he had a new wardrobe change. He had a black and orange body suit with the logo LP on his chest.

Me: Love the new look Lincoln.

Lincoln: Thanks. Leni designed it for me.

Laney: Leni sure is a fashion genius.

Me: She sure is. Lets get him!

We went at him with blazing speed and I punch him in the face. Lincoln fired a blast of lightning and an ecto-energy ray at him and burned him bad. Gambit threw a bunch of card bombs at him and they exploded and burned him. Laney fired blasts of fire at him and burned him.

Cheetah: Lets use our combo Wolverine.

Wolverine: You got it.

They went at Sabretooth at a blazing speed and had their claws ready.

Cheetah and Wolverine: SUPER VICIOUSNESS SLASH!

They slashed him with 1,000,000 slashes and Sabertooth was cut up bad.

Gambit: Oh yeah! That was awesome. Lets use our combo Kraven.

Kraven: (Russian Accent) You got it Comrade Gambit.

Gambit threw some card bombs and Kraven fired his poison darts.

Gambit and Kraven: CARD OF THE JUNGLE!

The darts fused into the cards and they had purple fire instead of red. They exploded when they hit Sabretooth and burned his eyes. Blinding him. Laney restrained him with her plant powers.

Wolverine (to Sabertooth): The first few times we fought, Creed, I made a promise. I told you that I would kill you one day. I want you to know… (stabs Sabertooth through the chest with his claws)… that I'm a man of my word!

Sabertooth (weakly): S-Son of a b-b-

Wolverine: I think I feel your spine, Victor. Funny, I didn't think you had one! (pulls out his claws and Sabertooth falls to the floor dead)

Me: This time you will never return.

I fired an energy blast and completely obliterated him in an instant.

Me: Enjoy Hell you monster.

Sabretooth's spirit appeared.

Nicole: Offscreen) And you will never be welcome here.

She pulled out the Book of Vile Darkness.

Nicole: (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

The book fired a sealing beam and Sabretooth was being pulled into it.

Sabretooth: NO!

He grabbed Wolverine's legs and was pulling him in with him!

Sabretooth: I WON'T GO ALONE!

Me: Come on!

We grab Wolverine's arms and pull and it was a big struggle.

Me: Let him go!

Lincoln fired a blast of lightning and it made Sabretooth let him go.

Sabretooth: DAMN YOU J.D.!

He was gone forever.

Me: That takes are of that. Lets go after Weapon X and put a stop to them.

Wolverine: I know where they're at. They're in guys didn't have to come with me, you know.

Kraven: Last time I checked, it was not a crime to help a comrade in need.

Gambit: You and I've been to Stryker's place, Logan. It's only fair that I go back with you there again.

Cheetah: Plus, I've been wanting to show Sabertooth who has the sharpest claws

We had Wolverine direct us in the X-Jet and it was in Canada. We went in and raided the whole place and arrested everyone there. We also freed all the captured mutants and got them back to their families. We went back and reported everything. The nightmare was over for Wolverine.

# The Shadow of Slender Man

It starts in the estate. Lincoln was on the computer looking up something. Laney and Lisa were reading books on the sofa.

Lincoln: This is a strange sight. "The Slender Man Stabbing." Who or what is Slender Man?

Lincoln got a ghost sense. He knew that Lucy was right behind him.

Lucy: Hey Lincoln.

Lincoln: Hey Lucy.

Lucy: I heard you were wanting to know what Slender Man is.

I appeared.

Me: Hey guys. Were you talking about Slender Man?

Lincoln: We were. Who or what is Slender Man?

Me: He's a Creepypasta Meme that was created in a contest for Photoshop. In 2009 he was created on the online forum Something Awful and the goal was to create Paranormal Images. It became a very popular internet sensation. He's depicted as a tall, thin character with a featureless white face and head. He wears a black suit and is sometimes shown with tentacles growing out of his back. He can cause amnesia, bouts of coughing and paranoid behavior in individuals. He is often depicted hiding in forests or stalking children.

Lucy: Gasp! That's a strange monster.

Lincoln: Yeah he sounds like someone I wouldn't want to meet.

Me: He's a monster and also there was an attempted Satanic Ritual for him done by 2 kids in Wisconsin back in 2012.

Lincoln: Really?

Me: Yep. Let me show you.

I go onto the computer and type in the event.

Me: It was called the Slender Man Stabbing. It was an attempted Satanic Ritual Killing that was in the Nicolet National Forest outside the town of Waukesha, Wisconsin. 2 girls named Anissa Weier and Morgan Geyser were the perps behind the Slender Man Stabbing. They lured a friend of theirs named Payton Leutner to the forest so they would kill her in order to impress Slender Man.

Lincoln: They were really delusional.

Me: My thoughts exactly. She was stabbed 19 times and she lived. Anissa and Morgan were tried for attempted murder and they were found Not Guilty by reason of Insanity. Anissa was sentenced to 25 years in a mental institution. Morgan got 40 years in a mental institution.

Laney: So they were found criminally insane.

Me: Exactly.

Lucy: Gasp! It's horrible what they did to that girl.

Me: Yeah. She's haunted by it every day because of it.

Lincoln: She's been mentally scarred because of it.

Lucy: The mind is a very fragile thing and in my opinion she doesn't deserve to see the light of day again.

Me: I agree Lucy.

Laney: Those girls appear to be suffering from a mental illness called Delusional Disorder Type 1: Erotomanic Type. It's also known as Erotomania. This is where the individual breaks the law to make contact with the desired person albeit fact or fiction.

Lisa: That's the correct term to describe it elder sister. Erotomania can make the individual afflicted with this illness very dangerous to other people around them including themselves.

Me: These girls have some major league screws loose.

The alarm then sounded.

We look up the sight of the alarm and found a paranormal disturbance just by sheer coincidence in Waukesha, Wisconsin.

Me: The disturbance is coming from Waukesha, Wisconsin.

Lincoln: That's coincidental.

Laney: It sure is.

Me: Well we better check it out. Nico, Poromon, Ben, Lincoln, Laney, Red Hood, Frightwig, Hak Foo, Jean Grey, Nightcrawler, Stalker you all come with me. I'll call the Punisher and he'll meet us there.

Lincoln: Okay.

Me: Lets move!

We set out for Waukesha, Wisconsin.

---

We arrived in the Nicolet National Forest outside of Waukesha and we had Poromon out in the middle of the forest being used as bait. We found out that a mysterious figure has been murdering people.

We were hiding in the bushes and waiting.

Punisher: Can't believe that this Slender Man guy has been murdering people and no one's done a thing about it.

Red Hood (to Punisher): That is, until now. See, Frank, this is why we kill irredeemable criminals. It's to make sure no one else gets killed.

Me: That's right.

Lincoln: Shh. Here comes someone.

We saw a ghostly figure come out and it was SLENDER MAN!

Me: (Whispering) Sweet mother of bramble berries! He IS real!

Slender Man approached Poromon and we sprung our trap.

Hak Foo (punches Slender Man): Hungry cat devours mouse!

Lincoln fired a blast of lightning at Slender Man and electrocuted him.

Laney whipped him with bramble vines and lashed him in the back.

Lincoln: I'm going Ghost!

Lincoln became Lincoln Phantom!

He fired an ecto-ray at Slender Man and burned him bad. Slender Man threw his tentacles at him and Lincoln formed an energy sword and slashed them. Slender Man screamed in pain because of it.

Ben: It's hero time!

He became Snare-Oh.

Ben: **SNARE-OH!**

Me: Wow! A Thep Khufan!

Snare-Oh: **That's right J.D.**

Me: Didn't you call him Benmummy?

Snare-Oh: **Yeah that got boring so I call him Snare-Oh now.**

Me: That's understandable.

Snare-Oh wrapped Slender Man in his bandages and spun him around like a spinning top.

Snare-Oh: **That will wrap things up.**

Jean Grey fired a psychic blast at him and sent him crashing into a tree.

Frightwig: Jean lets use our combo on him.

Jean Grey: You got it Frightwig.

Jean was enveloped in the Phoenix Force.

Frightwig sent her hair punches.

Jean and Frightwig: PHOENIX PUNCH BARRAGE!

The punch balls became mini phoenixes and they punched Slender Man with incredible ferocity. Hundreds of punches were dealt.

Stalker punched Slender Man in the face and bashed him all over with his staff. Nightcrawler bashed and slashed him.

Nightcrawler: Lets use our combo Stalker.

Stalker: Of course.

Nightcrawler fused with Stalker and they became a black panther made of darkness.

Stalker and Nightcrawler: SHADOW STALKER SURPRISE!

The black panther slashed and clawed Slender Man at an incredible degree.

Nico fired an energy blast and blew a hole into him.

Punisher and Red Hood fired bullets and grenades into him and they exploded.

Laney formed bramble vines with her plant powers and entangled Slender Man.

Me: Now to make sure you never terrorize the world again. (Cups hands to side) KAAAAAA! MEEEEEEE! HAAAAAAAAA! MEEEEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a Kamehameha wave at Slender Man and it completely obliterated him in an instant.

Me: His energy signal has completely disappeared.

But then his spirit appeared.

Nicole: (Offscreen) You will never terrorize children again!

Nicole pulled out the Book of Vile Darkness and Chanted an Incantation.

Nicole: ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Slender Man was forever sealed into the Book of Vile Darkness.

Me: That's that. Great job guys.

Nico: Thanks J.D.

Jean Grey: Thank you.

We headed home. However at the insane asylum where Anissa and Morgan were at a nurse was walking by their room when she found a note on the door.

Nurse: What's this?

It was a calling card with Luan's face and she was wearing a mask over her eyes. She picked it up and it said "You have just been pranked by the Gotham Royal York Prank Demon! May God show no mercy on your worthless soul." She opened the door to the room and found Anissa and Morgan entombed in a big blue gelatin.

Nurse: That's funny.

Slender Man is a very interesting internet sensation. Everything about this chapter except for the last parts are all true. NicoChan11 and I planned this one for a while during the Horror Movie Saga. Thanks for the ideas man as usual. Let me know what you all think.

# The Volcano of Pyro

It starts in the training yard.

I was looking at some training dummies that look like all the enemies of Blade. They were Vampires.

Me: Lets hope this works.

I put my fingers on my eyebrows and below my eyes.

Me: SOLAR FLARE!

A massive blinding flash of white light as bright as 100 suns illuminates the area.

The Vampire Training dummies felt intense pain and suddenly exploded into flames. The white light incinerated them in an instant.

When the light faded I saw the flaming debris of the training dummies.

Me: It worked! YES!

Rachel came.

Rachel: Hey J.D.

Me: Oh hey Rach.

Rachel: What's going on?

Me: I was just making a new variant of the Solar Flare Technique. I converted my energy into Ultraviolet Radiation and mixed it into the White Light of The Solar Flare Technique. It took me two months to perfect it and all that patience and training paid off. Look.

I showed her the ashes of the Training Dummies and she was shocked.

Rachel: You just invented a new technique! But one that works on Vampires.

Me: Yep.

My watch beeped.

Me: Oh it's time to go to school. Lets go get ready.

We got ready for school and it was time for another day of education.

---

French Narrator: (French Accent) 3:30 PM

---

School got out and we were walking home after another great day at school.

Nico: Another great day at school.

Me: You said it buddy.

Lincoln: Yep. Mindy did you have fun with us?

Mindy: I sure did Lincoln.

As we were walking by the bank we heard the alarm go off.

Me: Uh oh! Looks like we got a 211 in progress!

Mindy: What does that mean?

Nico: It's the California police code for Armed Robbery.

To our shock we saw Flip come out of the bank with a huge sack full of money and he was firing at people.

Flip: Thanks for the bucks suckers! Crime always pays!

Me: Flip!? This is a whole new low for him!

Mindy: That big fat moron!

She got angry and her face boiled red in rage and she was enveloped in an aura of fire and she went at Flip and punched him in the face really hard and knocked him out.

Me: Mindy! That was awesome!

Mindy: That was cool! I… I… I've never felt like this before.

Everyone cheered.

Me: Thank you good citizens.

We returned the money.

---

Back at the estate we told everyone what happened.

Me: And Mindy swooped in and bashed Flip in the face and knocked him out.

Laney: Serves that swindling cheapskate right.

Lincoln: You said it Laney.

Lola: So how does it feel to stop Flip, Mindy?

Mindy: It felt really powerful. I got my first taste of what it feels like to help people and I like it.

Lana: You have to remember though Mindy. With Great Power Comes a Great Responsibility.

Me: That's right Mindy.

Mindy: I know. And I want to help you all out. I want to join Team Loud Phoenix Storm.

Me: We're more than willing to give you a shot Mindy.

The alarm then sounded.

Me: And it looks like you're about to get your chance.

We go to the computer and saw that it was showing people in danger on the volcanic island of San Baquero.

Me: Uh oh! The island of San Baquero is going to erupt! There's people living on that island and we have to get all of them out of there.

Francis: How many people live there?

Me: It doesn't say but they're predicting a massive eruption that will completely destroy the entire island in a massive explosion!

Everyone gasped!

Linka: We got to get all those people out of there!

Me: The military's efforts are not gonna be fast enough and we have to hurry. Nico, May, Francis, Ben, Maria, Inque, Iceman, Lea, Liam, Lana, Bai Tza, Rogue, Storm, Mindy you all come with me. Lori, you call the Justice League and let them know what's going on and assist them in the evacuation efforts.

Lori: Got it J.D.

Me: Lisa you build as many transport carriers as you can to get those people out of there.

Lisa: Affirmative.

Me: Lets roll!

We got ready and set out for the island of San Baquero.

---

The Island of San Baquero was in turmoil. Ash clouds were billowing high into the atmosphere and we were getting everyone onto the transport ships Lisa built.

Flash was using his super speed to get people to the docks.

Superman, Supergirl, Hawkgirl, Green Lantern, Wonder Woman, Storm, Bai Tza, May, Lana, Liam, Rogue and Nico were flying people to the docks. Mindy was using fire-enhanced super speed and she brought more people to the docks.

Maria, Iceman, Francis and Lori were blowing rocks away to help the people get to the docks.

Me: How are we doing guys?

Martian Manhunter: All the natives are on the transport vessels. But the seismic activity is getting worse. We estimate in 45 minutes the island will be completely destroyed in a massive volcanic explosion.

Me: It's happening faster than what we first thought. Thanks J'onn. Kal, J'onn estimates we have 45 minutes left before the entire island goes up in a massive explosion. Have you all got everyone on board?

Superman: Yes J.D. Everyone is on the transport vessels.

Me: Excellent. Tell them to head out now. I'll do a thorough scan of the island and make sure we haven't missed anyone.

Superman: Okay.

When the vessels left I did a scan and it showed a red blip in the volcano.

Me: Guys there's someone in the volcano. Lets go.

Nico: Right.

We go into the volcano and it was really hot.

Me: Wow! It's really hot.

Lana: No kidding.

Liam: (Southern Accent) Whew! No kidding.

?: It is hot huh?

We saw Pyro!

Me: John Allerdyce A.K.A. Pyro!

Pyro: That's right. The famous J.D. Knudson and Team Loud Phoenix Storm.

Nico: I heard that you will stop at nothing to kill Iceman.

Pyro: That's right.

Iceman: John don't do this. The John I know would never be this evil and would try to kill everyone. I loved you like a brother and I want all that back.

Pyro: You and I have done this dance for a long time, Bobby. But now, it's time for you to go down in flames!

Bai Tza: I didn't know you two knew each other.

Iceman: We go way back.

Lea: John this fighting between the two of you is pointless.

Pyro: I don't care.

Maria: We don't have to fight, Pyro. Think very carefully before you make your next move. But if you take another step, you'll find out how Electro, Vulture, and Hydro Man died firsthand. You'll understand exactly why every villain out there fears Team Loud Phoenix Storm and the Redemption Squad.

Pyro: I have a better idea. Why don't you take your offer and shove it up your (censored)?!

Me and Lincoln go Super Angel 3.

Me: As you wish Pyro.

Nico went Super Saiyan 2 and we dashed and I punch him in the face.

Pyro (shoots fire at Francis, who avoids it): Bet you're starting to miss your old fire powers now, Hotstreak!

Francis: That's not my name anymore! And I think I'll stick with my flamethrower, thank you very much!

Francis fired a blast of fire and Pyro dodged it.

Mindy fired numerous fireballs at him and kicked him in the chest and punch him all over his body with extreme savagery.

Me: Wow! Nico your little sister can fight really well.

Nico: She's a 9th degree black belt. She took all kinds of martial arts classes and she's really good at it all.

Me: I believe it. She has quite the talent.

Ben became Ultimate Big Chill.

Ben: ULTIMATE BIG CHILL!

Me: An Evolved Necrofriggian.

Ultimate Big Chill: That's right J.D. I have fire so cold it burns.

Ultimate Big Chill fired a blast of endothermic fire and encased Pyro in ice. But he heated up and shattered it.

Rogue: Inque lets use our combo sugar.

Inque: You got it Rogue.

Inque entangled Pyro in ink tentacles and Rogue took off her gloves and channeled her energy draining powers into them.

Inque and Rogue: ENERGY DRAIN INKSTORM!

Pyro's power was being sucked out of him through Inque by Rogue and she was getting stronger.

Mindy: And I know this.

She thrusted her hands forward and fired a blue energy blast from her wrists.

Mindy: HADOUKEN!

It hit Pyro and blew him into the rock wall.

Me: (Gasp!) That's a Street Fighter move! AWESOME!

Nico: She played Street Fighter for years J.D. That's how she knows all about Martial Arts and how she's able to utilize all those moves.

Lincoln: That's amazing!

Bai Tza: It sure is.

Me: I've known the Street Fighter Games for a long time and that was awesome.

Pyro: You little brat!

He dashed towards Mindy and she surprised us again. She dealt him a powerful uppercut and Pyro bursted into flames.

Mindy: SHORYUKEN!

Me: Wow!

Bai Tza fired a powerful blast of water and cooled his hands down. Lana and Liam fired a blast of ice lightning and entombed him in a huge block of ice.

Maria fired a powerful blast of water and drenched him.

Lea fired a bunch of fireballs at Pyro and they hit him and burned him bad. Lea then kicked him in the face and punched him in the mouth and knocked out some of his teeth.

Francis: Iceman lets use a combo on him.

Iceman: You got it.

Francis fired a blast of fire and Iceman fired a blast of snow and ice.

Francis and Iceman: STEAM CLOUD SMOKESCREEN!

The powers mixed together and became a huge blinding cloud of steam.

Pyro: What!? I can't see a thing!

Francis punched Pyro in the head and Iceman kicked him in the stomach and punched him in the face. He fired a blast of ice at him and froze his arms. But Pyro melted the ice and the steam cloud vanished.

Lincoln fired a powerful blast of lightning and electrocuted him. It blew him into the wall.

Pyro knew that he couldn't win against all of us.

Me: It's over John. We won and you're coming with us to prison.

Pyro: (ENRAGED GROWLING) I HATE ALL OF YOU!

Some of our auras flared up.

Me: You can hate us all you want but all you're doing is making us more powerful.

Pyro: Then I have only one move left.

Pyro is on fire.

Pyro: IF I GO DOWN I'M TAKING YOU ALL WITH ME TO HELL!

I knew exactly what he was trying to do.

Me: HE'S GONNA BLOW HIMSELF UP AND TRY TO TAKE US ALL WITH HIM! LETS GET OUT OF HERE!

I teleport all of us out of the island and he and the entire island exploded with incredible power.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole island was completely destroyed in a massive fiery explosion of lava, ash, and fire. The sad part is that Nicole couldn't seal Pyro into the Book of Vile Darkness. This is because he blew himself up. He has to be killed by us for us to seal him.

---

Back in Gotham Royal York we were having a special meeting in Lori's room.

Me: Now I'm sure you're all wondering why I called you all here. Well this meeting is around Mindy here. Mindy you have proven today that you are capable of fighting criminals and saving lives from destruction.

I pull out a flame shirt.

Me: Mindy Chan, you are now an honorary member of Team Loud Phoenix Storm. Welcome aboard Mindy.

I hand her the shirt and we cheered for her.

Mindy: Thank you J.D. It's an honor to join you.

Me: Think nothing of it.

Nico: Way to go sis.

Mindy: Thanks big bro.

They hugged. It was a great time for us. We saved the people of an island from total destruction and we got another member out of it.

Flip was found guilty of Armed Robbery. Because he violated the terms of his parole he received an additional 65 years in prison to the 10 to 20 years in prison he was already serving. Bringing the total to 75 to 85 years in prison. He was also ordered to pay $1,000,000,000,000 in restitution. He was also made ineligible for parole. He will die in prison.

Another Fanfiction Complete.

Pyro is a strange villain on X-Men. But his fire powers are awesome. I wanted to use the island that exploded in Justice League Unlimited, San Baquero as the site of the battle. I figured it would be perfect. Also I wanted to make Mindy a powerful Martial Artist and not just a fighter with pyrokinetic powers. I also wanted to have her use all the elements of Street Fighter. I played that game constantly back when I was a kid and it was awesome. NicoChan11 gave me the ideas for this one. Thanks for that man as always. Let me know what you all think.

See you all next time.

# Strength of Juggernaut

It starts in the estate. I was having a nice talk with Master Roshi.

Me: Master Roshi I've been wanting to ask you this for a while now?

Master Roshi: What is it J.D.?

Me: I heard from Master Tien that you and Crane Hermit Shen were once friends right?

Master Roshi: Yes that's correct. Why do you ask?

Me: Well I heard that a long time ago after your master and mentor Mutaito was defeated by King Piccolo, Shen became a whole new person hellbent on wanting you and your students dead.

Master Roshi: Yes. That is correct. After our master was defeated by King Piccolo, Shen developed this violent hatred towards me and my students. Whether it was my master leaving or just the alluring power of evil, who knows? He snapped. The man I knew as my friend was gone. Another casualty.

Me: I'm sorry Master Roshi. I can't believe that he would be that determined to want you all dead. He became a monster.

Master Roshi: Yes.

Me: What he did during the Martial Arts tournament was completely dishonorable. He wanted to win by any means necessary even if has to cheat.

Master Roshi: That's true.

Me: Is he still alive?

Master Roshi: Yes he is still alive. But I have not heard from him ever since the 23rd Martial Arts tournament.

Me: He's probably still planning to get revenge. Let me see.

I concentrated and found Crane Hermit training in a shrine in Japan.

Me: He's over in Japan.

Master Roshi: Are you sure?

Me: I'm positive. My energy sensing powers have never been wrong.

Master Roshi: As much as it pains me to do this but you must kill Shen.

Me: With pleasure Master Roshi. Nico? Want to come with?

Nico: You know it J.D.

Master Roshi: Wait.

We look at him and he threw us something. It was orange combat clothes with the Turtle Crest on it.亀

Master Roshi: Wear those. He'll think I sent you.

Me: You got it.

We go change and we looked just like Master Goku.

Me: Awesome. I look great.

Nico: You sure do. I look awesome too.

Me: Lets go.

We went to Japan.

---

When we arrived we were in front of the Crane temple.

We flew in and confronted Shen himself.

Shen: So you all came. I should've known that fool Roshi would send someone after me.

Me: We're not just after you Shen.

Nico: We've come to kill you.

Shen: You're the ones that will be killed. Roshi and all his friends will die by my hands because of my skills.

Me: Ha! Your overconfidence and arrogance will be your undoing. In all honesty I don't know what Master Tien and Chiaotzu ever saw in you as a teacher.

Shen: (ENRAGED) DON'T YOU DARE SPEAK THOSE NAMES!

He charged at us and we fired a blast of energy at him. He was completely obliterated in an instant and the whole temple exploded.

KRABOOOM!

Me: You never were a challenge to all of us at all. But for your crimes on this planet you are sure to be forever damned.

We left for home.

Me: Boy that was easy.

Nico: Too easy.

Me: Yep.

We arrived back home and reported in.

Me: It's done Master Roshi.

Master Roshi: Excellent.

Me: I'm sorry about Shen.

Master Roshi: No it's all right J.D. The man that I knew as my friend died ages ago.

Suddenly the alarm went off.

We went to the computer and we saw Juggernaut attacking

Endsville.

Me: Juggernaut!

Lincoln: Who is Juggernaut?

Me: His real name is Cain Marko. He's a mutant and he has incredible superhuman strength, power and durability.

Cyclops: He's one of our most dangerous enemies. He's also a very formidable opponent.

Lincoln: From the way he fights he sure looks like it.

Me: Well lets get him. Lincoln, Laney, Lucy, Lola, Girl Jordan, Varie, Bai Tza, Nico, Mindy, Luan, Eddy, Cyclops, Shadowcat, Lea, Clayface, Colossus, Edzilla, Hulk, and Spider Man, you all come with me. Lets go!

We set out for Endsville.

---

We arrived and we saw Juggernaut causing a lot of destruction.

Juggernaut: You all will be perfect when you're smashed!

I swooped in and kick him in the face. He crashed into the wall of a building. He got up and looked at us.

Me: Cain Marko A.K.A. Juggernaut. I've heard a lot about you.

Juggernaut: That's right. J.D. Knudson and the famous Team Loud Phoenix Storm.

Spidey: Pick on someone your own size, Juggernaut!

Juggernaut: There is no one my size, bug!

Spidey (sheepishly): Or we could talk this out.

He charged at us and we dodged some of his punches.

Lea: What's with being in the Legion of Doom, Juggernaut? I thought you worked alone. (dodges a punch from Juggernaut)

Juggernaut: Well, I didn't want to pass up the chance to finally crush the X Men!

Mindy: You're the one that's gonna be crushed! SHORYUKEN!

Mindy delivered a powerful uppercut that ignited him and sent him crashing into a car.

Edzilla: ED SMASH HELMET MAN! (punches Juggernaut into the ground)

SMASH!

Juggernaut: Don't you know who I am? I'M THE JUGGERNAUT (CENSORED)! (charges at Edzilla)

Spiderman fired web at him and it got on his face.

Mindy: Let use our combo big brother.

Nico: You know it sis.

Nico lifted a huge rock with geokinetic powers and Mindy fired a huge blast of fire.

Nico and Mindy: VOLCANIC METEOR PULVERIZER!

The rock became a flaming blazing hot meteor and it slammed into Juggernaut and sent him crashing into a building.

KRABLAM!

Me: That was awesome guys.

Mindy: Thanks Captain J.D.

Me: (Chuckles) Captain J.D. I like that.

Luan: You just got Slammed! (Laughs) Get it?

Juggernaut (smirks): Pretty funny, kid. I'm almost sorry I have to rip you in half. Almost.

Luan: You wouldn't know a good joke if it hit you in the face.

Luan and Eddy fired a blast of red light and burned him bad.

Cyclops fired an optic blast and it hurt him.

Juggernaut (to Cyclops): Come here, wimp! I'll show you how to throw a real punch!

Cyclops (blasts Juggernaut with optic blast): No thanks! I prefer to fight you from a distance.

Shadowcat then ran from behind Juggernaut and pulled him down into the ground as she phased into the ground. He was stuck in the ground from his chest up. Shadowcat came out.

Shadowcat: Looks like you're stuck.

Me: Nice one Kitty.

Shadowcat: Thanks J.D.

I walk up to Juggernaut.

Me: Lets see how you like this. (Echoing) PARADISE LOST PUNCH!

I punch him in the face with a massive flurry of fisticuffs at hundreds of punches per second. The number was so high and fast that no one could count them.

I then kick Juggernaut in the face and send him flying. He crashed into a building.

SMASH!

He got up.

Spidey: Didn't you take poetry lessons in prison? Like a therapy thing?

Juggernaut: Yeah! Here's the latest! "Along came a spider. (picks up a boulder) I sat down beside him. (throws the boulder at Spidey) THEN CRUSHED HIS PUNY BODY TO PIECES!"

Nico punched the boulder and shattered it.

Lea: Lets use our combo Cyclops.

Cyclops: You got it Lea.

Cyclops fired an optic blast and Lea fired a bunch of fireballs from his Keyblade.

Cyclops and Lea: LASER STAR FIRESTORM!

The blasts combined and became a fiery sparkling laser blast. It hit Juggernaut and exploded.

KRABOOOMMM!

When the smoke cleared Juggernaut had a huge hole in his armor and his helmet was melted.

Clayface punched him in the face with a hammer and a spike mace ball.

Clayface: We could just stop now, you know. We won't tell anybody.

Juggernaut: And leave your skulls uncrushed? Where's the fun in that?

Clayface: All right then.

Colossus: Lets use our combo.

Clayface: You got it comrade Peter.

Clayface became a giant spiked ball and Colossus picked him up.

Clayface and Colossus: SPIKED BOWLING METEOR!

Colossus threw Clayface and he was going faster than a bullet fired from a gun. It hit Juggernaut and sent him crashing into another building and he was knocked unconscious.

Laney: Ouch. That's got to hurt.

Lincoln: No kidding.

Bai Tza: But he sure had it coming.

Me: And he never will again.

I place my hands on his head and strip him of all of his powers. I beamed him into the Mariana Trench Prison where he will stay forever.

The city was saved.

---

Back at the house we reported everything.

Lori: I'm glad Juggernaut is in prison where he belongs.

Me: Me too Lori.

Nico: J.D. what are the space prisons you mentioned?

Me: That's a good question Nico. It's part of a major multi-trillion dollar project we built. We built prisons that are reserved only for the most dangerous types of offenders in the clouds of the gas giant plants. In Jupiter that prison is reserved for Corrupters, Serial Offenders and Mobsters. We built the prisons and made them look like Cloud City from Star Wars V. That's what gave me the inspirations for these prisons. The Saturn Prison is for those that are Criminally Insane. Like for Carrie's mother Margeret White.

Carrie: That's right. My mother was sent to that prison just recently.

Vince: Oh man. I never knew that.

Carol: Me neither.

Me: Yeah. The Uranus prison is for Serial Offenders like Arsonists, Rapists and Murderers and it's also for Terrorists. Also the one we just sent Trask to is the Neptune Prison for Traitors.

Vince: Oh man. These prisons are called the Alcatraz of The Solar System.

Me: That's a great term for them partner. There are several reasons for it. Jupiter is called the biggest planet in the entirety of the solar system. At 88,846 miles in diameter it's the biggest planet and 1 and a half times the size of all the other planets combined. Jupiter also has the heaviest gravity of the planets too. Jupiter's gravity is 2.4 times greater than Earth's and it is a death trap. If a prisoner were to escape, they would fall into Jupiter's clouds and they would be crushed to death in an instant.

Luna: That is really heavy dude.

Laney: It sure is.

Lisa: Tell me something I don't already know.

Me: Saturn is called the most electrically charged planet in the Solar System. The reason for this is because it produces more lightning than Earth or any other planet in the Solar System. The lightning in the clouds of the planet Saturn is more powerful than ours or on Jupiter and the thunder is as loud as standing close to a crate full of dynamite.

Lincoln: That's powerful.

Lori: Where did you find that out?

Me: I learned it on a documentary I saw on TV.

Laney: That's incredible.

Me: Yeah. Uranus is called the Coldest Planet in the Solar System. It can have temperatures that can plummet to -350 degrees Fahrenheit and if a prisoner were to fall into the clouds they would freeze to death instantly.

Lana: That is really cold!

Lola: It sure is.

Lila: I would not like a planet like that.

Me: Yeah. Neptune has the fastest winds ever recorded in the Solar System. The Voyager 2 Spacecraft discovered back in the 1980's that Neptune had clouds that were moving at an incredible speed. The Neptune Clouds have winds that move at 1,500 miles per hour. If a prisoner were to fall into Neptune's clouds they would be obliterated in an instant by the powerful winds.

Linka: Wow. That's incredible!

Lisa: That is all correct 2nd Elder Brother. The gas giant planets have remarkable features that make them stand out from other planets.

Me: They sure do. I have two more prisons in the development stages that are gonna be built in the future. One prison is gonna be built on the Sun and the 2nd one is gonna be built on the planet Venus.

Lisa: Fascinating.

Lucy: I can't wait to see them.

Me: You'll get that chance Lucy. In fact I'll take some of you on a tour of one of the prisons if you would like.

Everyone cheered in agreement.

Me: Cool.

Another Fanfiction Complete.

Juggernaut is one of my favorite villains in the X-Men series. His strength and power is incredible. He gave us quite a fight in this one. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Plus I got the idea for killing Crane Hermit Shen out of the blue. To tell you the truth, I hated him and he disgusted me. Let me know what you all think.

See you all next time.

# The Castle of The Cursed Prince

It starts in the Estate. It was a cold and rainy night.

Me: Rainy days are so boring.

Laney: I know. I wish I could make the rain go away.

Lana came in and she had mud in her hands.

Lana: In a couple more hours this mud will be perfect to play in! (Slathers mud on her face)

Lincoln: We could always pass the time by singing songs.

Lori: That's literally a good idea Lincoln.

Girl Jordan: I got a song for you all.

Me: What is it Girl Jordan?

Girl Jordan: It's called Little Star by Madonna.

Me: Ooh good choice. That's been one of my favorite songs since I was little.

Girl Jordan: It's been a lullaby my former mom sang to me when I was younger.

Varie: That's so cool.

Rachel: Go for it.

The song began and the room turned into the beauty of the endless vacuum of space and it was loaded with all kinds of stars, planets, nebulae, galaxies and more. A star was floating above Girl Jordan's head.

Girl Jordan: (Singing Divinely)

Never forget who you are

Little star

Never forget how to dream

Butterfly

[the star had planets form around it and they were amazing planets]

God gave a present to me

Made of flesh and bones

My life, my soul

You make my spirit whole

Never forget who you are

Little star

Shining brighter than all the stars in the sky

Never forget how to dream

Butterfly

Never forget where you come from

From love

You are a treasure to me

You are my star

You breathe new life

Into my broken heart

Never forget who you are

Little star

Never forget how to dream

Butterfly

May the angels protect you

And sadness forget you

Little star

There's no reason to weep

Lay your head down to sleep

Little star

May goodness surround you

My love I have found you

Little star

Shining bright

You breathe

new life

Into my broken heart

Never forget who you are

*[Whispered:]* Little star

Shining brighter than all the stars in the sky

Never forget how to dream

Butterfly

Flying higher than all the birds in the sky

Never forget who you are

Little star

Never forget where you come from

From love

Little star

Little star

*[Whispered:]* Little star

From love

When the song ended we cheered wildly and the room reverted back.

Lincoln: Girl Jordan that was incredible!

Laney: You have a magnificent singing voice.

Girl Jordan: Thanks guys. It's a hidden talent.

Nico: You have quite the talent. Like most of us.

Lola: I agree. She is quite the singer.

Lucy: I enjoy the darkness but I agree too.

Lana: You have a great voice G.J.

Girl Jordan: Thanks.

Ariel: It's just as good as mine.

Andrina: I know.

Arista: It's true.

Melody: I agree Aunt Arista. Girl Jordan has an awesome voice like mother.

Me: (Laughs) Okay guys you're gonna give her a swollen head.

Leni: Oh man! I'll get some ice!

Lisa: No Leni. Getting a swollen head is when you get so much acceptance for doing a great talent that you let the love flood into you and pride takes over.

Me: That's right Leni. It's just a figure of speech.

Lincoln: But it did pass the time. Look.

We looked outside and we saw that the storm clouds have cleared.

Laney: The storm's over.

Lola: Thank goodness.

Suddenly the alarm went off and we went to the computer.

It showed that over in France, Beast's castle was about to be under attack.

Me: Uh oh.

Sora: Beast's Castle is in danger!

Riku: Is it the Heartless?

Me: No. My scanners are not picking up any Heartless. It's showing that an angry mob is heading towards it.

Lola: Gaston is behind this!

Me: I remember him. He was completely hellbent on wanting Belle as his wife. He was even planning to force Belle to marry him in exchange for letting her father Maurice be released from the nuthouse.

Lola: That dirtbag!

Me: I know. He manipulated the people into becoming an unruly mob to launch an assault on Beast's Castle.

A small alarm on the computer beeped and it showed a timer. It was counting down from 1 hour.

Lincoln: What's the timer for?

Me: Oh no! It's the timer for the curse that was placed on Beast. He only has one hour left before the curse becomes permanent.

Lana: He was cursed as a beast because of his selfishness and attitude and he was only given until his 21st birthday to find love.

Lola: Or else the spell would become permanent and he would be a beast forever.

Lana: Belle is the key to helping him.

Me: It looks like we're really taking it down to the wire. Lana, Lola, Lila, Laney, Angel, Hank, Arpeggio, Fuzzy, Sora, Riku, Kairi, Aqua, Bai Tza, Mindy, Nico, you all come with me. Lets go!

We set out for France.

---

We were flying over the castle and a huge thunderstorm was raging overhead.

Gaston: Take a good look, Belle. All of this has happened because of your sin towards me!

Belle: WHAT SIN?! You're the one attacking the Beast. You're manipulating the townspeople's fear of the Beast so they could break into his castle for your own purposes! I tried to let you down gently and you use that to get everyone to form an angry mob when you know that the Beast could've killed me anytime he wanted to! But he didn't. You're just making it seem like me staying at his castle was proof enough for you to attack him and the rest of his friends. And the worst part is you're still threatening to send my father to the looney bin. You're the monster, Gaston, not the Beast!

Beast was inspired by Belle's words.

Beast: You think you have it bad right now. At least you're still human. And with Xehanort defeated, you don't have to worry about turning me or yourself into a Heartless. Me and my friends, on the other hand, are cursed forever because of something I did a long time ago. But you don't see me attacking innocent people, do you?

Gaston: No I don't but I will never believe it! BELLE IS MINE!

Me: (Offscreen) Not on our watch she isn't!

We swoop in and I kick Gaston in the face and he went rolling and crashed into a tree.

We landed and stood ready to fight.

Sora: It's good to see you again Beast, Belle.

Belle: Sora it's great to see you too.

Me: It's a pleasure to meet you Belle. Prince Adam we know that's you. You were cursed by this spell.

Adam: It's a pleasure to meet you too J.D. I've heard so much about you and how you all killed Xehanort.

Aqua: Yes. He was gonna destroy the entire universe if we didn't stop him.

Laney: And we couldn't let him do that.

Belle: I'm glad you all killed him.

Riku: Thank you. Belle I'm so sorry I kidnapped you. I was under the influence of Maleficent's corruption and she made me do stuff against my will.

Belle: I know Riku. You were forced to do all that against your will and it wasn't your fault. I forgive you.

Riku: Thank you.

Gaston got up and he pulled out a sword.

Gaston: You will pay for that!

Lana: Go chew on some mud pretty boy!

He charged and we engaged him in a brutal fight. We clashed our swords and Lola fired blasts of fire at him from her Chakrams and Lana fired a blast of ice at him.

Lola and Lana: FLAMING SNOWFLAKE SHURIKEN!

The Snowflakes were covered in fire and Gaston was burned and cut bad.

Aqua: Awesome combo you two.

Lana and Lola: Thanks Aqua.

Adam (grabs Gaston by the throat): You can blame me for your mistakes all you want. I am done blaming myself for mine!

Gaston: Grant me mercy, Beast! I beg you!

Adam: Mercy? You didn't give that a few minutes ago and now you're begging for it? I thought you were made of sterner stuff, Gaston.

He threw Gaston and Laney kicked him into the air. She flew up to him and slashed him several times with her scythe and she carved her name into his chest. Gaston crashed into the ground and he was screaming in pain as he was having excruciating pain flashes in his chest.

Laney: Concentrated Urushiol. The chemical found in poison ivy.

Lana: Very clever Laney. Have you been taking chemistry lessons with Lisa?

Laney: As a matter of fact I have Lana.

Lila: Good work big sis.

Beast (X-Men): Fuzzy lets use our combo on him.

Fuzzy: You got it Beast.

Fuzzy became buffed up and red with rage. They went at Gaston.

Beast (X-Men) and Fuzzy: PRIMAL RAGING BARRAGE!

They slashed and punched Gaston at a ferocious level and the number of punches and swipes were at a really fast level that we couldn't keep track of them.

Me: Wow!

When they stopped Gaston looked like he was beat up and slashed apart with a blender set on Obliterate.

Mindy: That was a lethal combo.

Nico: You're telling me sis.

Gaston got up.

Gaston: I will not stop until Belle is mine!

Mindy: I think not!

She went at him and dealt him a punch to his stomach. Mindy then fired a spinning blade of energy at him by swiping her arm.

Mindy: SONIC BOOM!

It hit him and sent him flying and he crashed into another tree.

Nico: Nice shot sis!

Mindy: Thanks bro.

Angel: Lets use our combo Arpeggio.

Arpeggio: (British Accent) You got it.

Angel and Arpeggio flew into the air and fired laser feathers at Gaston.

Arpeggio and Angel: LASER FEATHER CASCADE!

The laser feathers rained down on Gaston and they hit him and they exploded. He was wounded bad, but not fatally.

Belle: That was amazing.

Adam: They all can fight really well.

Mindy went and delivered a powerful headbutt and knocked out Gaston.

Mindy: You will never terrorize Belle or Adam again.

Me: Awesome job guys.

Sora: Thanks J.D.

Kairi: That was fun.

My watch beeped and it showed that there was only a minute left on Adam.

Me: Adam there's only one minute left before you stay as a beast forever.

Adam: Thanks J.D.

Belle: Adam I love you with all my heart.

Adam: I love you too Belle. Thank you for helping me realize what a fool I was all those years ago.

Belle: You're welcome Adam.

Suddenly there were colorful streaks of magic falling down on Adam and he floated in the air.

Belle: What's happening?

Me: You're love for him has half-broken the curse!

The streaks stopped and Adam started to change. His fingers became human again and his feet too. Then he was fully changed back and he was on the ground.

Adam got up and he had long blonde hair and he was human again!

Adam: Belle. It's me.

Belle looked at him and she was shocked.

Belle: It IS you.

They kissed and then fireworks flew into the sky and the Curse was lifted.

Me: The curse has been lifted!

Lila: It sure has.

The castle was back to normal and the servants and people changed back.

Adam: Lumiere, Cogsworth, Mrs. Potts! Look at us.

Chip: Momma, momma!

Chip turned back into a boy and the dog was back too.

Mrs. Potts: (Laughing) Oh my goodness.

Lumiere: It's a miracle!

In the ballroom Belle and Adam danced and everything was back to normal.

It was an honor to help them all out. As for Gaston, word is he earn a special cell in solitary confinement in the Saturn Prison for The Criminally Insane where the only thing he'll love from now on is rotting to death. After the fight Gaston was laughing like a crazed homicidal maniac and he was declared criminally insane. So we sent him to the Saturn Insane Asylum.

We stayed to enjoy the festivities and went home later on. It was a grand time.

Beauty And The Beast was one of my favorite Disney Movies that I've known since I was a little boy and it was AWESOME! It was one of the best Disney movies of the Renaissance Era of Animation. I miss those days. I love the Celine Dion Song "Tale as Old As Time" and that was one of her best songs. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. It's a shame they didn't put the fight with Gaston in any of the Kingdom Hearts Games. That would've been awesome. I hated Gaston in the movie. But that was awesome how he fell to his death. I liked the animated movie compared to the Live Action movie. Let me know what you all think.

See you all next time.

# TLPS VS The Titans of Hades

It starts in Bangkok, Thailand.

Me and Mindy were training hard with the legendary Philoctetes or Phil for short. He was training us.

Phil: By the way J.D. you, Sora and your friends are true heroes for killing Xehanort. By all accounts he deserved to be destroyed.

Me: Thanks Phil. Xehanort deserved to be destroyed. He was going to destroy the entire universe and we couldn't let that happen and let him get away with it.

Mindy: That's right.

Phil: I think your training is all done. I have just the fight for you in Thailand.

Me: Okay.

Me and Mindy are fighting the ruthless crime lord M. Bison. He was putting up a really good fight and he was a powerful man. His superhuman strength was powerful. But Mindy and me together were more powerful.

Me: You will pay for everything you've done Bison.

M. Bison: We shall see J.D.

Mindy: We shall when you're dead.

Mindy kicked him in the face and I punched him in the stomach and kicked him in the back of the head and he belched out a huge amount of blood.

Mindy dealt him a deadly uppercut and ignited him.

Mindy: SHORYUKEN!

She then fired a Sonic Boom blade.

Mindy: SONIC BOOM!

It hit him in the chest and I punched him in the face and knocked out some of his teeth and kicked him in the stomach and punch him in the back of the head and kick him in the face and he was knocked out.

Me: Prison is too good for you Bison. See you in Hell. (Cups hands to Side) KAAA! MEEE! HAAA! MEEE! HAAAAAAAAAAAAAAAAAA!

I fired a Kamehameha Wave at him and completely obliterated him in an instant.

Everyone in Thailand cheered wildly for us.

Me: That takes care of that. Bison killed so many people and he needed to be destroyed.

Mindy: You said it Captain J.D.

My headset beeped and I pressed it and it became a communicator microphone.

Me: J.D. here.

Sora: J.D. it's Sora.

Me: What's up Sora?

Sora: Hades is going to make a deal with Hercules and then he's going to unleash the Titans to destroy Mount Olympus!

Me: What! We're on our way.

I turn off the headset.

Me: We got big problems Mindy. We're going to Mount Olympus!

Mindy: Right.

We flew over to Greece.

We arrived in Greece and Saw Sora, Riku, Kairi, Donald, Goofy, Mickey, Killer Frost, Maria, Arpeggio, Rubberband Man, Storm, Stewie, Lea, Lana, Laney, Aqua, Jubilee, Breach, Melody, Bai Tza, Nico, Nicole, Jared, Riley and Starfire facing Hades. We saw with Hades that he had resurrected Marluxia and Vexen.

Sora: There's no way you're getting Hercules into this deal of yours!

Sora tried to attack Hades but he summoned a fireball in his hand.

Hades: Uh uh uh. You try anything and you and your friends will end up joining all the poor souls in the Underworld!

Marluxia: Either way, Hercules loses his strength.

Vexen: Just imagine all the damage that we'll cause to this world when their hero is powerless!

Hercules: All right! You got a deal. Just don't hurt my friends.

Hades: Excellent. Lets shake on it.

They shook hands and Hercules got all his strength sapped from him and he was weakened.

Hades: Our hero's a zero! Our hero's a zero! Well, gotta blaze. There's a whole cosmos up there waiting for me… with, hey, my name on it. So much for the preliminaries, and now on to the main event!

The planets were in a really rare alignment and they fired a beam of energy and a vortex appeared in the Mediterranean and it revealed the prison of the Titans.

Hades: Brothers! Titans! Look at you in your squalid prison! Who put you down there?

Titans: **Zeus!**

Hades: And now that I set you free…

He fired an energy blast that disrupted the prison.

Hades:… what is the first thing you are going to do?

Titans: **DESTROY HIM!**

They bust free from their prison.

Hades: Good answer.

The two-headed Earth Titan Lithos came out over the hill.

Lithos: CRUSH! ZEUS!

He crushed some houses.

The Ice Titan Hydros froze some horses.

Hydros: FREEZE HIM!

He blew his ice breath and froze the horses.

The Lava Titan Pyros flowed over the land and burned everything in his path.

Pyros: MELT ZEUS!

The Tornado Titan Stratos blew everything in his path away.

Stratos: BLOW HIM AWAY!

He destroyed a temple like it was nothing. THE TITANS WERE ON THE WARPATH!

Hades: Uh guys.

They saw Hades.

Hades: Olympus would be that way.

He pointed to Mount Olympus behind him.

They were stupid to not know that.

Lithos: ZEUS!

Hades: Hold it bright eye!

Cyclops: Huh?

Hades: I have a special job for you and Vexen here my optic friend.

Vexen: Count me in.

We were flying towards the titans.

Me: Okay split them up and take down the Titans!

We did so and went after them.

## BATTLE 1: LANEY, ARPEGGIO, STARFIRE AND SORA VS LITHOS AND MARLUXIA.

The Earth Titan Lithos was first. Arpeggio fired laser feathers at him and burned his heads off. Starfire fired starbolts and her laser vision and burned his big rock body. Sora fired a bunch of fireballs and ice blasts and it hurt him bad.

Arpeggio: (British Accent) Starfire lets use our combo.

Starfire: You got it.

Starfire fired numerous Starbolts and Arpeggio fired laser feathers.

Starfire and Arpeggio: STAR FEATHER METEOR SHOWER!

The starbolts and the feathers combined and they became a powerful barrage of starbolt feathers and they hit Lithos and exploded and hurt him bad.

Laney went after Marluxia.

Laney: You will pay again for everything you've done Marluxia.

Laney knocks Marluxia's scythe out of his hands with her own scythe into the air. After jumping up and grabbing Marluxia's scythe, Laney slices Marluxia a few times, knocking him off his feet. Sora then flings the scythe towards Marluxia, knocking him back.

Marluxia: (recovers) You got lucky that time!

Laney ran at Marluxia, causing him to try to slash at her with a downward strike. Laney jumps over said slash and lands on top of the scythe. She then jumps again, knocks Marluxia into the air with three horizontal strikes, then lands and backswings him away, damaging him severely.'

Storm: Lets use our combo Adam.

Rubberband Man: You got it Storm.

Storm: Feel the power of a tornado!

Rubberband Man stretched and was blown around in the wind.

Storm and Rubberband Man: CYCLONIC RAZOR RAVAGER!

Rubberband Man became a powerful razor blade and slashed Lithos several times with the tornadic winds.

Lithos then came crashing down onto him and he crushed Marluxia in an instant. Killing him. Nicole sealed both Lithos and Marluxia into the Book of Vile Darkness.

Nicole: You will never stomp on our houses again or threaten our planets flowers.

Nicole then used her magic to make sure that Marluxia can never be used or resurrected again.

Hades: I'm not done yet. (Whistles)

Thunderous footfalls were heard and out came Cerberus - The Three-Headed Dog of the Underworld.

Laney: I got this.

Laney flew over to Cerberus and calmed him down and pet him and he was docile. He was now Laney's friend. He became a brand new summon for Laney.

## BATTLE 2: LANA, AQUA, HERCULES, JUBILEE, BREACH, KILLER FROST AND MINDY VS VEXEN AND THE CYCLOPS

Lana, Aqua, Hercules, Killer Frost and Mindy were fighting Vexen and the Cyclops in the city of Thebes.

Cyclops: HERCULES! COME OUT AND FACE ME!

Lana fired an ice blast at Vexen.

Vexen just froze Lana in a block of ice.

Vexen: (smirks sadistically) Looks like I'll be killing two people today!

But Lana broke out of the ice.

Lana: (punches Vexen) You give Victor Fries a bad name!

Lana kicked him in the face and punched him in the back of the head. Lana fired a blast of ice lightning and froze Vexen's legs and smashed them off.

He screamed in excruciating pain.

Killer Frost fired a blast of ice at him and froze him.

Killer Frost: Lana, lets get this freak with our combo.

Lana: You got it Louise.

Lana fired a blast of ice lightning and Killer Frost fired a blast of snow and ice.

Killer Frost and Lana: SUBZERO LIGHTNING BLIZZARD!

The blasts combined and turned into a brutal snow storm of brutal cold. It froze Vexen in a massive block of ice.

Hercules relied on his wits and burned Cyclops with a torch to his eye and he tripped him with a rope tied to two pillars. The Cyclops fell and smasked Vexen and he was shattered into a million pieces. He was killed in an instant when he smashed onto the ground.

KRABLAM!

Lana: Ooh! That's gonna hurt.

But then a pillar was about to fall on Hercules.

Meg: Hercules! Look out!

She pushed him out of the way and it crushed her.

Hercules: Meg! NOOO!

Jubilee: Lets use our combo Breach.

Breach: You got it Jubilee.

Breach fired a bunch of portals and Jubilee fired a stream of fireworks.

Breach and Jubilee: SPARKLING PORTALS TO OBLIVION!

The fireworks mixed with the portals and sucked in the Cyclops and the Shattered pieces of Vexen and they were sucked into a massive void of darkness. The void was really into the Book of Vile Darkness.

He lifted the pillar up and suddenly he got his strength back and lifted it up with ease.

Hercules: What's happening?

Meg: Hades deal is broken. (Weakly) He promised I wouldn't get hurt.

Lana: Let me see if I can help.

Lana healed Meg and she was good as new.

Lana: We have to make Hade's pay for everything he has done.

Hercules: I know.

## BATTLE 3: MARIA, BAI TZA, KAIRI, AND MELODY VS PYROS

Maria, Bai Tza, Kairi and Melody were facing the Lava Titan Pyros.

Maria fired a blast of water and cooled him which caused him to scream in pain.

Bai Tza fired a blast of water and Kairi fired a blast of ice. Melody did the same and they blasted him until he was cooled down. He turned into a big rock.

Maria swooped in and kicked him and he shattered him into a thousand pieces.

Maria: That's it for him.

Bai Tza: It sure is.

Kairi: That Titan has been cooled down to where he can't heat up.

Melody: Yep.

## BATTLE 4: LEA, JARED, NICO, MINDY, AND DONALD VS HYDROS

Lea, Jared, Stewie, Nico, Mindy, and Donald were facing the Ice Titan Hydros and they were firing fire blasts at him and they were melting him.

Mindy fired an energy blast from her hands.

Mindy: KIKOKEN!

It hit Hydros and shattered his leg and sent him crashing into the ground where he shattered in an instant.

SMASH!

Nico: Awesome job sis.

Mindy: Thanks big bro.

Lea: (Laughs) She sure is a fast learner.

Donald: I'll say.

Jared: Mindy has the making of an awesome warrior.

---

## BATTLE 5: STEWIE, GOOFY, MICKEY AND RIKU VS STRATOS

---

Stewie, Goofy, Mickey and Riku were facing the Tornado Titan Stratos.

Stewie fired numerous laser blasts and Goofy deflected the debris he threw at him with his shield. Mickey was firing ice blasts and Riku fired dark flame blasts at him. Hercules appeared and then he grabbed Stratos and he sucked in the remnants of Pyros, Lithos and Hydros and threw them into the vast ocean of space where they exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

We cheered wildly.

Me: That's it for the Titans.

Maria: Yep.

Lana: Now all that's left is to face Hades.

Me: Leave him to me and Nico.

Lana: You got it big bro.

Me: Lets get him!

We flew up to the top of Mount Olympus and we confronted Hades.

## BATTLE 6: J.D. AND NICO VS HADES

Me: Hades, god of the underworld.

Hades: That's right. J.D. Knudson the leader of Team Loud Phoenix Storm.

Me: You're gonna pay for everything you've done Hades. There's gonna be one less god in the Greek Pantheon.

Hades: What was that?

Me: You heard me. Or are you too dumb to notice that we beat you?

Hades: (ENRAGED) (EXPLODES INTO FLAMES) WHAAAAAAT!? YOU BEAT ALL MY TITANS!?

Me: That's right. It's time to put your flames out.

I go Super Angel God.

Nico: Wow! So that's Super Angel God. I can't sense his energy at all.

Laney: When he becomes a Super Angel God his energy is completely undetectable.

Mindy: Incredible.

Me: You know this is one of my dream battles. An Angel facing a God.

Hades fired a fireball at me and I deflected it back at him and it hit him in the chest and I kick him in the chest and punch him in the face and kick him in the back of the head. He disappeared and we stood ready.

Hades: Feel the heat.

He fired a massive stream of fire and I did the same and our blasts of fire collided. It was a powerful struggle that was shaking the entirety of the planet. My fire overtook him and exploded in his face and burned him bad. Hades fired more fireballs at me and I dodged them all and fired more fireballs at him and they hit and exploded. He was burned bad. But Hades was running out of power. I punched him in the stomach with devastating force and knocked him down. Nicole put a seal on him that neutralized his powers and made him powerless.

Me: You have a lot to answer for when you face Lord Zeus.

We brought Hades to Zeus and he was not happy to see him.

Hades: C'mon, Zeus. If you just let me explain things.

Zeus: (cracks his knuckles) No! Allow me to explain things! In a manner that I think you can understand!

Hades gulped in fear.

Zeus: This crime against the gods abold will never be tolerated. As punishment for your treachery I hereby will let Nicole decide your punishment.

Nicole: Thank you Lord Zeus. It's eternal imprisonment in the Book of Vile Darkness and your lackeys Pain and Panic will join you.

Nicole pulled out the book.

Hades: No! Anything but that! PLEASE!

Nicole: (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

The Book sucked in Hades, Pain and Panic and they were imprisoned into it for all of eternity. To make sure that the members of Organization XIII can't be used ever again they were given seals on them so that they can't be resurrected or used again. It was finally over for Organization XIII. We later went back home and reported everything. We were awarded medals for our heroic actions in saving Mount Olympus and the world and the Universe from total destruction.

Another Fanfiction Complete.

Disney's Hercules from 1997 was awesome. A lot of big stars were in the movie and in the TV show and it was awesome! James Woods did a great job voicing Hades back then. Danny DeVito did a great job with Phil. It was one of my favorite movies since I was a kid. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Love of The Star Sapphire

It starts in the Estate. We were getting ready for breakfast.

We were having Belgian Waffles and Pancakes for breakfast.

Lori: These pancakes look delicious J.D.

Me: Yep. Me and Lincoln made them.

Lincoln: We made blueberry pancakes and chocolate chip Belgian Waffles.

Lola: Oh boy my favorites.

Laney: Mine too. You both make awesome breakfasts.

Lisa: Affirmative. It's all very scrumptious.

Lily: It sure is.

Linka: Yep.

We saw that one chair was empty.

Linka: Where's Girl Jordan?

Me: She must be sleeping in.

Lincoln: I'll go get her.

Lincoln went up to her room and opened the door. He found her in bed.

Lincoln: Girl Jordan it's time for breakfast.

She got up and Lincoln found that she was pale, had a red runny nose, red puffy eyes, and was coughing and sneezing.

Girl Jordan: (Weakly) Coming Lincoln.

Lincoln: Girl Jordan you don't look so good! GUYS WE GOT A CODE GREEN!

Me: Uh oh!

We go upstairs and into Girl Jordan's room. We saw that she was really sick.

Me: Oh man. Girl Jordan you look horrible.

We go over.

Girl Jordan: I'm fine guys. Really.

Lori: No you aren't.

Lana brought the thermometer.

She tested her.

Lana: 102.4. That's a nasty fever guys.

Edd came in came in with his medical bag and he had a flu mask on.

Edd: Pardon me everyone. Step aside please.

He then tested her. First was her pulse.

Edd: Your pulse is running fast. The immune system is doing its job.

He felt her head and it was hot.

Edd: Your temperature is high. I'll need to get a culture sample.

Girl Jordan: Okay.

He took a swab out and took a sample from her mouth. Lisa studied it and came back with the results.

Lisa: It appears that Girl Jordan is suffering the onslaught of the Influenza Virus; Street name: the Flu.

Eddy: The flu!?

Me: It's not the zombie flu we had that one time is it?

Lisa: Negative. This is just the common flu.

Varie: Well that's a relief.

Me: Yeah. Girl Jordan you need to stay in bed and let the virus run its course. I'll be right back.

I go into the bathroom and come back with a box of tissues and a bottle of liquid medicine.

Me: Here Girl Jordan.

I pour a cup full of grape flavor medicine into a cup and I hand it to her.

Me: It's grape flavor.

Girl Jordan: Okay.

She drank it all down and gagged.

Girl Jordan: Yuck! That stuff tastes like I swallowed an old shoe.

Laney: I know. It tastes terrible. But you're gonna be better in a few days.

Edd: Agreed. Now there's cough drops and tissues here on your nightstand. There's chicken soup and crackers in the pantry and Orange Juice in the fridge for you.

Lola came in with something urgent to report.

Lola: Guys! We got big trouble! Star Sapphire is going on a rampage in Metropolis!

Me: Uh oh. Lets roll out.

Girl Jordan: Wait. I want to come too.

Me: No Girl Jordan. You can't. If you come with us you're gonna get pneumonia. We can't risk it. You're way too sick.

Girl Jordan: But I have to go. I was tasked with this by the people of Zamaron. (Coughing)

Me: I know Girl Jordan. I know you were given this task but you have to stay in bed. You can't go out like this.

Girl Jordan: Okay.

We left her room.

Me: Get some rest. We'll be back.

Edd: Sarah, you and Jimmy make sure that Girl Jordan stays in bed at all costs.

Sarah: Not to worry, Double D. Nurses Sarah and Jimmy are on the job!

Jimmy salutes.

Edd: I mean it! We can't let Girl Jordan face Star Sapphire in her current condition.

Jimmy: Relax, Double D. We'll keep on eye on her at all times.

Edd: Excellent. Good luck.

They salute her.

Nico: So what are we gonna do J.D.?

Me: I know what to do. Nico, you, Starfire, Lily, Bai Tza, Mindy and Varie will go to the planet Zamaron and get the Star Sapphire Corps to help us.

Nico: Oh I see what you're gonna do. Have them betray her.

Me: Bingo. They may govern love but they either fight for good or evil.

Lola: We better hurry.

Me: Lets go!

We set out for Metropolis.

---

Girl Jordan was not gonna sit there while we fight her big battle for her. She got up and went to the window.

Jimmy: Where do you think you're going?

Girl Jordan: Jimmy I have to go fight Star Sapphire. I was given this task.

Sarah: We know Girl Jordan. But in your condition you can't.

Girl Jordan: I know Sarah. But this task is important to me. I was tasked with putting a stop to the evil Star Sapphire and the Zamaron's gave me this task. I have to stop her regardless of me being sick. It's my burden and my duty. I have to fight. If it were Ed he would've gladly done the same thing. (Coughing) I wouldn't want to be in bed all day.

Sarah and Jimmy were touched by her determination and her strength to fight.

Sarah (opens the window): If anyone asks, we'll say that you left the house through the window.

Girl Jordan: Thank you Sarah. I'll be back and get back in bed.

Sarah: Be careful.

Girl Jordan spread her wings and flew to the battle.

---

The battle with Star Sapphire was proving to be a difficult one. We were firing lasers and energy blasts at eachother. Star Sapphire was a very formidable adversary.

Sinestro, Bleez and Hal Jordan arrived.

Me: Hal Jordan!

Green Lantern (Hal): That's right. It's an honor to meet you J.D. We heard so many big things about you on the planet Oa.

Me: We get that a lot Hal. But it's an honor to finally meet you.

Green Lantern (Hal): Same here.

Suddenly a powerful dragon of pure water flew towards Star Sapphire and it hit her and she was sent flying. She crashed into a water tower and it exploded.

KABOOM!

Girl Jordan landed and she was that strong spirited.

Me: Are you nuts, Girl Jordan?! Going into a battle while you're sick?!

Star Sapphire flew to us again.

Star Sapphire: Aw, looks like one of you is under the weather. Bad news for you but good news for me!

---

Nico, Starfire, Mindy, Lily, Bai Tza and Varie were on the planet Zamaron. They were talking to the Star Sapphire Corps.

Nico: We need your help. Girl Jordan is under the weather and she is incapacitated for the moment. We're fighting Star Sapphire as we speak and we need your help to see if we can stop her.

Miri: You called the right people Nico. Star Sapphire Corps, lets move out!

Nico: Lets go!

---

We were fighting Star Sapphire.

Sinestro: Lets use our combo Gale.

Gale: You got it Sinestro.

Gale formed a cloud of black matter and Sinestro fired a blast of Yellow Lantern energy.

Sinestro and Gale: SHADOW OF FEAR!

They entombed her in a ball of darkness and it brought her worst fears to life. But Star Sapphire got over it quickly and blew it all away.

Gale: She's really tough.

Sinestro: Indeed.

Me and Hal punched her in the face.

Green Lantern (Hal): Carol I know you're in there. You've got to come back to us.

Star Sapphire: There is no Carol.

Girl Jordan: Let her go Star Sapphire. Carol I know you're in there somewhere and you are better than this. You are a great leader for the Star Sapphire Corps. You would never abuse the power of love for this evil manner.

Carol was starting to come through.

Carol: Please. Help me. I can't break free.

Star Sapphire: You keep your mouth shut! Carol no longer exists.

Girl Jordan: No! I refuse to believe that. Carol needs our help. (Coughing) And I will get through to her or die trying!

Me: (In my head) I've never seen her so determined. Even though she's under the weather she's using every ounce of her strength to help her.

Star Sapphire: I know you're waiting for your friends to come J.D.

Me: You knew all along?

Star Sapphire: Yes. You've made a very grave error, Knudson. Zamaron is home to all Star Sapphires!

Me (smirks): Actually, that's what we were counting on!

Nico, Varie, Lily, Bai Tza, and Mindy came back and they had numerous Star Sapphire's and Zamaron's with them.

Nico: The cavalry has arrived!

Mindy: Lets get her guys!

They fired violet energy lasers and Star Sapphire was dodging them.

Star Sapphire: How dare you all betray me!? I'm your leader!

Miri: You are not our leader. The Carol Ferris that I know is my best friend and a great teacher and leader! You have none of those qualities Star Sapphire!

Bai Tza: That's right.

Bai Tza fired a blast of water and it hit her.

Me: I have an idea but it's gonna be risky.

I pull out my Blue Lantern Ring and put it on my finger and say the oath.

Me: IN FEARFUL DAY, IN RAGING NIGHT; WITH STRONG HEARTS FULL OUR SOULS IGNITE; WHEN ALL SEEMS LOST IN THE WAR OF LIGHT, LOOK TO THE STARS - FOR HOPE BURNS BRIGHT!

I became a Blue Lantern.

Green Lantern (Hal): I didn't know you were a Blue Lantern, J.D.

Me: That's right. I joined almost a year ago. I have an idea. I'm gonna have Girl Jordan go into Carol's mind and have her destroy the Star Sapphire entity.

Green Lantern (Hal): How are you going to do that?

Me: I'm going to infuse Girl Jordan with my Blue Lantern energy and have her go into Carol.

Green Lantern (Hal): Very genius method.

Me: Don't worry Hal. All will be well. Girl Jordan, I'm sending you into Carol and you're going to fight the Star Sapphire Entity.

Girl Jordan: (Sneezes) Okay.

I fire a beam of energy at Girl Jordan and she phased into her. Inside Carol's body Girl Jordan was now inside her subconscious.

Girl Jordan: I'm in. (Coughing)

She was inside her brain and she saw in the darkest recesses of her mind a bunch of crystals and they were holding Carol Ferris in a prison ball of pure energy. Standing guard over it was the Entity of Star Sapphire herself. She was like an evil version of Carol Ferris.

Star Sapphire: So you've come in my domain.

Girl Jordan: Let Carol go you witch! (Coughing)

Star Sapphire: Your determination to rescue Carol in your condition is quite an admirable feat. I commend you. But you will never get to her.

Girl Jordan: No but I can try.

She teleported and punched Star Sapphire in the face and she vanished. Girl Jordan smashed the crystals holding Carol's prison. She was freed.

Carol: Girl Jordan thank you so much.

Girl Jordan: You're welcome Carol. I'll see you on the outside.

Carol: Okay.

Girl Jordan left Carol's body.

Girl Jordan was back.

Carol was back to normal as the Leader of the Star Sapphire Corps.

Carol: (Gasps) I'm back.

Green Lantern (Hal): Carol.

Carol: Hal!

They hugged.

Star Sapphire came out of Carol and she was angry.

Bleez: Nico lets finish this monster off.

Nico: Right!

Nico fired Xiao Fung's wing and Bleez fired a Red Lantern blast.

Bleez and Nico: RAGING CRIMSON BLOODWIND!

The blasts combined and became a blood red windstorm. It enveloped the Star Sapphire entity and destroyed her completely.

Me: Awesome job guys!

Nico: Thanks J.D.

Girl Jordan collapsed and she was exhausted. I caught her.

Me: Lets get you back to bed.

Girl Jordan: Is it over?

Me: Yes. It's over.

We went back to the estate.

We took turns helping Girl Jordan and she got better over time. Her determination to see the task she was given through was one that was incredible.

Carol came and she was forever indebted to Girl Jordan for helping her and restoring the rightful reputation of the Star Sapphire Corps. But in the end Jimmy and Sarah got struck down with Girl Jordan's flu and Ed and Eddy were watching them and taking care of them with Hazmat Suits on.

Another fanfiction complete.

Star Sapphire is one of my favorite villains in Justice League and Batman the Brave and The Bold. I also liked her in Green Lantern the Animated Series and that was awesome. I wanted to show how strong Girl Jordan was regardless of her being sick and that she can get through it even with a debilitating illness like the flu. NicoChan11 gave me the ideas for this one. Thanks for that man. As usual. Let me know what you all think.

See you all next time.

# The Concrete and Slime Villains

It starts with a shot of the city skyline.

Narrator: The City of Gotham Royal York…

KABOOOM!

An explosion shook the city.

Narrator: Is under attack!

The camera shifts to show that we are fighting two villains. One was a slime villain named Plasmus and the second one was a living block of concrete named Cinderblock. They were the enemies of the Teen Titans.

Unfortunately we don't know where Cinderblock came from or how he got that way. But we do know Plasmus' origin.

Plasmus' real name is Otto Von Furth. He is really a Symbiote. He is much like the Symbiotes from Marvel Comics and they have the same characteristics and properties like their Marvel counterparts. It is unknown when Otto came into contact with the Plasmus Symbiote but he has the same weaknesses as the Marvel Comic Counterparts. But his human form has to stay asleep at all times because whenever he wakes up he will reform as Plasmus.

Ben was fighting as Rath and he and Wolverine were fighting Cinderblock and he was proving to be a challenge.

Rath: You like that!? (Punches him) HOW ABOUT THAT!? (Kicks him)

Wolverine: Lets use our combo Rath.

Rath: AW YEAH! NOW YOU'RE TALKING!

Wolverine and Rath went at Cinderblock.

Wolverine and Rath: FURIOUS PRIMAL SLASH!

They slashed Cinderblock with over 10 million swipes of their claws and reduced him to fine concrete powder. He blew away into the wind.

Wolverine: That takes care of that freak.

Me: Lets see how you like this Plasmus. (Echoing) SONIC THUNDERCLAP!

I clap my hands hard and it released a sonic shockwave and it blew all of Plasmus clean off of him.

Beast Boy (covered in Plasmus' goo): Now I'm really glad that this will be the last time we deal with Plasmus!

We look at Plasmus and he was really human.

Nico: Plasmus is actually a human. I guess it's a good thing we killed Cinderblock first.

Wolverine: Alright, change of plans. Instead of killing Plasmus, we need to have him imprisoned on the Moon Prison somehow until we can find a way to help him.

Me: Good idea Logan. Lets go.

---

In the Moon Prison we had Plasmus frozen in a cryogenic containment vessel.

Nico: You sure that we can keep Plasmus frozen in his human form?

Jeremie: Of course. But this will only be until we can help him.

Me: No matter what we can't wake him up under ANY circumstances or he'll reform into Plasmus.

Jeremie: I promise you that we won't let that happen. We'll do everything we can to make sure that we reverse his condition.

Me: It's not gonna be easy but I have a strong faith that you will find a cure Jeremie.

Jeremie: Thanks J.D.

We left the prison and went home.

---

Maria was talking to Captain America.

Maria: So we formed the Redemption Squad when we defeated the Suicide Squad. It was an idea for after that.

Captain America: I believe it. You all have been doing a great job Maria.

Maria: Thanks Steve. What happened to Jameson?

Captain America: J. Jonah Jameson was recently transfered to a new space prison J.D. just built. The Venus Prison for Frauds and Sowers of Discord.

Maria: Well that's good. He deserved to be sent there.

Captain America: I agree.

---

Elsewhere on the island where Paul was exiled to he was just trying to survive. But he got some unexpected company and he had no idea that it was going to be the last day of his worthless life.

Hobgoblin: Hello, Paul. You might not know me, Scorpion, and Octavius but you should remember Mysterio.

Paul: Mysterio?! That's impossible! I saw Luan and Luna Loud kill you!

Mysterio: Did you really think I would let myself get killed? Before we confronted the Loud's, I managed to swap myself with a robotic duplicate. Once my double was killed, I was able to continue my plans undetected.

Paul: And those plans involve getting me out of here, right?

Doc Ock: Actually, Paul, we're not here to rescue you. We're here to tie up some loose ends!

Paul: What do you mean by that?

Scorpion: Electro, Vulture, and Hydro Man are dead because of you! Do you think we're just gonna let that slide?! A shame Rhino and Shocker are still in Australia guarding our base.

Paul: Do you expect me to care that those 3 are dead?

Doc Ock: Oh, but you should care! That's the difference between you and me. I am a criminal mastermind who at least thinks caerfully about my plans. You are just an arrogant brat who merely put together a Sinister 6 group all just to carry out your reckless plan to kill Ash Ketchum!

Paul: So what?! I had to use anyone I could find to take that loser down!

Scorpion: That's the kind of attitude that got Dillion, Bench, and Toomes killed! Why do you even have a grudge against that Ketchum kid?!

Paul: THAT LOSER WAS TOO SOFT IN TRAINING HIS POKEMON! THAT DOESN'T WORK IN THE WORLD I CAME FROM! LOVE AND COMPASSION ARE JUST A WEAKNESS! THE WAY I SEE IT, THE STRONG POKEMON AND THEIR TRAINERS SURVIVE! EVERYTHING ELSE CAN JUST BURN IN HELL!

Hobgoblin (disgusted): You know what? Spider Man and JD Knudson might be goodie two shoes heroes but at least they're not as abusive as you!

Back at the estate I sneezed.

Me: (Sneezes) Whoo! Someone must be talking about me.

Mysterio: I believe we've heard enough out of you, Paul! I can't believe I agreed to work with an abusive psychopath like you!

With that, Ock used his tentacles to slam Paul into the ground at least 10 times. When Paul got up after that, Scorpion stabbed him in the shoulder with his stinger, making him scream in pain. Hobgoblin then threw a pumpkin bomb at Paul and it exploded, knocking him into the ground. The 3 of them continued this beating on Paul for at least 5 minutes. After that, they backed away from Paul as Mysterio summoned a robot Storm Rider Heartless. The last thing Paul ever saw was the Storm Rider robot shooting lightning from its wingtips at him.

By the time the Storm Rider robot was done, Paul was nothing more then a pile of ashes.

Doc Ock: Gentlemen, I do believe we've exacted justice for our deceased comrades.

Scorpion (to Hobgoblin): You recorded all of that, right?

Hobgoblin: Yep. All thanks to the video camera in my glider. We'll show the footage to Rhino and Shocker when we get back.

Mysterio (calls Felix Faust): The deed is done, Faust. Paul is no more. You can get us back to Australia now.

Felix Faust: Good. The members of the Wildwind band have been anxious for your return. They really do think of you 4, Shocker, and Rhino as important to their plans. Not to mention that I still have my own schemes involving Wonder Woman.

With that, the four members of the Sinister Six teleported back to Australia thanks to Felix Faust's magic.

GOOD RIDDANCE TO BAD RUBBISH.

Plasmus and Cinderblock were the most interesting and strange enemies of the Teen Titans. NicoChan11 gave me the ideas for this chapter. Thanks for that man as usual. Sorry if the chapter is so short. But let me know what you all think.

# Burning Down the HIVE

It starts with me, Varie, Lincoln, Liam and Rachel going to Liam's farm.

Liam: (Southern Accent) It'll be awesome to see the barn again.

Me: It sure will. (To the viewers) After the whole Carnage Chaos Travesty we made arrangements to have the kids that were wrongfully disowned by their birth parents to visit them once a month to inform them of their progress under our care and guidance.

Varie: It's a great idea J.D.

Me: Thanks Varie.

Rachel: I agree. It's a perfect way for the children to catch up with their parents.

Lincoln: It sure is Rachel.

Suddenly from out of nowhere a robot came and crashed into the ground and exploded.

Me: What the!?

We look up and we saw Starfire's sister Blackfire attacking robots.

Me: That's Blackfire!

Lincoln: So she is Blackfire. She looks nothing like Starfire.

Varie: But what is she doing here?

Me: In all honesty I have no idea. But lets find out.

We flew up to her and blast the robots.

Me: So you are Blackfire.

Blackfire: That's right. The famous J.D. Knudson. I've heard so many good things about you.

Me: Starfire still talks about you despite you being in exile.

Varie: You are one of the most dangerous criminals known all over the galaxy.

Rachel: That's right.

I sensed something in Blackfire.

Me: (In my head) I sense an evil presence in her. We'll have to fight her on Tamaran to get it out. (Out loud) Blackfire if I may ask what were you doing?

Blackfire: I just broke out of prison. I came to ask you a favor.

Me: What is it?

Blackfire: I need you to come with me to Tamaran so I can set things right with my sister.

Me: (In my head) We'll have to play along for now. (Out loud) Okay Blackfire. We'll do it.

Blackfire: Great. I'll wait for you.

Me: Okay.

Blackfire left.

Back at the estate I explained what was going on. Everyone was shocked but knew that my plan was brilliant. We got in the U.S.S. Valor and we were off to Tamaran. Not only was I going to satisfy my curiosity but also help Blackfire become a better person in the process.

---

The U.S.S. Valor was traveling through the endless reaches of space towards Tamaran.

Me: (Narrating) Captain's log, Stardate 2364.2: The U.S.S. Valor is on it's way to Starfire's home planet Tamaran, 25 light-years away from Earth. I have a very strong suspicion that Blackfire is being possessed by an evil force and that it's causing her to do all kinds of terrible crimes across the galaxy against her will. Our mission is to have Blackfire redeem herself and destroy this dark force inside her.

Starfire is leading us to Tamaran.

Beast Boy: You will find it very interesting on Tamaran, J.D. It's an amazing planet.

Me: We'll have to see it to believe it.

Robin: In fact we're already here.

We had arrived at Tamaran. It was a white desert planet with a strange landscape.

Me: So that's the planet Tamaran.

Cyborg: Yep. That's it.

Robin: Tamaran was once a jungle planet before the Gordanian Invasion laid waste to it and turned it into an arid wasteland.

Me: I didn't know that Robin.

Raven: It was an awful transformation.

Brittney: No kidding.

We land just outside of the Royal Palace on Tamaran and we saw the planets surface. It was an arid wasteland.

Me: Wow. So this is Tamaran.

Lincoln: It sure is a strange place.

Lisa: (Sniffs) Hmm. The atmospheric composition appears to have exactly the same chemical properties as Earth does.

Janeen: It feels that way.

Starfire: Lets head to the palace.

Me: Okay.

Starfire lead us into the palace and we saw that the palace is very reminiscent of the castles of medieval lore.

Lola: This castle is amazing!

Starfire: Thanks Lola. It's the palace I was raised in. We Tamaraneans live in castles similar to ones on Earth eons ago.

Laney: The Tameranean Architecture is just as beautiful as the castles on Earth.

Lana: It sure is Lanes.

Luna: Dude this is amazing.

Lori: It sure is. This is literally perfect for a princess.

Me: Lets not forget that Starfire is the Princess of Tamaran and this is her home planet.

Luan: That's true.

Lincoln: This is all amazing though.

Linka: It sure is.

I look out a window and saw two of Tamaran's moons.

Me: And you have a magnificent view of two of the moons of Tamaran.

Lucy saw the moons.

Lucy: It is a view worthy of a vampires romance.

Rachel: It sure is.

Bloom: We've been to several planets in our adventures on Magix.

Me: I remember that Bloom.

Tecna: (British Accent) Tamaran is different from what we know.

Me: That's right.

We go into the throne room and we stood before the grand ruler of Tamaran, Galfore. Starfire's caretaker and guardian.

Galfore: Welcome travelers and Starfire welcome home.

Starfire: Thank you Galfore.

Me: Galfore it's an honor to meet you. I am J.D. Knudson, leader of Team Loud Phoenix Storm. We are from Earth.

Galfore: Pleasure to meet you all. I've heard all about your achievements on Earth. What brings you all to Tamaran?

Vince: We apologize for coming here on such short notice.

Carol: We have a very strong suspicion that Blackfire is under the influence of an evil force that is making her do crimes against her will across the galaxy.

Galfore: That is a very strong suspicion. What brought this on?

Me: I sensed an evil presence inside of her when Me, Varie, Rachel, Lincoln and Liam helped her fight robots. We are gonna do everything we can to help her.

Galfore: All right. I'll allow you to help her.

Me: Thank you.

---

In a Tamaranean Colosseum I was facing Blackfire and I had a sword in my hands. It was a sword from the Tamaranean Warriors. But it had a flaming green blade. Beast Boy, Raven, Cyborg, Robin, Starfire and Tara (Terra) were ready to help out.

Me: It feels like I went back in time to the Roman Gladiator days back over 2,000 years ago.

Blackfire: It does feel like that doesn't it?

Me: Indeed. Except those fights were on Earth. But this is Tamaran.

In the seats of the colosseum everyone else was watching.

Nico: This is gonna be amazing.

May: It sure is.

Mindy: This is gonna have a lot of action.

Carmen: Oh yeah!

Me: Ready Blackfire?

Blackfire: Ready.

Me: Lets dance.

Blackfire had a sword too.

(B.E.R.'s The Night Begins to Shine plays)

We went at each other and we clashed and it was a powerful clash. Sparks were flying everywhere and we were firing energy blasts and lasers at each other at an unprecedented scale. Beast Boy became a hummingbird and flew into the air and he became a brachiosaurus and I flew away and he crashed into Blackfire.

Me: Oooh! That's gonna leave a mark.

Robin smacked her with his staff.

Raven: AZARATH METRION ZINTHOS!

Raven fired a blast of black magic and burned her.

Cyborg fired a blast of energy from his arm and it hit her and Tara threw a giant rock and crushed her. The rock crumbled.

Blackfire got up and she was on her last legs.

Me: Blackfire it's not too late for you. You still have a chance to make things right and go on the path to redemption.

Blackfire: You really think I can be a hero like you guys?

Beast Boy: Of course. I mean, with great power comes great…

Blackfire: Guillibility! (throws a starbolt at Beast Boy but he avoids it)

Me: Then it's time to get serious with magic. (Chants an incantation) **TEXMORNAAM LESTROQMA KEKTROGA MESTRUMEN NARKTORBAN MORGAT!**

I fired a blast of rainbow light at Blackfire and it hit her and she screamed in pain. A blob of pitch black darkness separated from her and it became a second Blackfire when she was grand ruler of Tamaran and she was wearing the Jewel of Charta. Blackfire had different clothes on. She had a black version of Starfire's clothes on.

Me: This is it guys. Blackfire's evil will pay for everything its done.

Evil Blackfire: Then come and get me.

Me: With pleasure.

I go Super Angel 10,000.

Me: Lets take her down together.

We went at Evil Blackfire and nailed her with everything we got and it was a savage onslaught.

Tara: Lets use our combo Panda King.

Panda King: For the honor of Tamaran.

Panda King fired numerous fireworks and Tara threw a huge rock.

Tara and Panda King: MOON FESTIVAL METEOR!

The rock became a dazzling firework cannonball and it hit the evil

Blackfire and exploded. Obliterating her in an instant.

Me: Never again Blackfire.

Evil Blackfire's spirit appeared.

Evil Blackfire: You will pay dearly for this!

Nicole: No. You will. In the darkness of Hell! (Chants an incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Evil Blackfire's spirit was forever sealed into the Book of Vile Darkness for all eternity.

Me: Looks like we win.

Everyone cheered.

Blackfire woke up and surprisingly her sclera returned to their green color and she was back to normal.

Blackfire: Starfire.

Starfire: Sis. I'm glad you're back.

Blackfire: (CRYING HARD) STARFIRE!

She hugged her and cried really hard.

We saved her from the path of evil she was taking.

* * *

Back on the ship we were heading back to Earth. Blackfire explained what happened that lead to her becoming the galaxy's most dangerous criminal.

Blackfire: The reason I did all those terrible crimes all over the galaxy was because I was jealous.

Lori: You were jealous? Of who?

Blackfire: I was jealous of Starfire. I hated Starfire because she was getting all the attention and not me. I was living in my sisters shadow so to speak. My jealousy was so bad that it consumed me almost to the point of no return. So to make my sister suffer I did all those terrible crimes across the galaxy. But you all saved me from myself.

Cyborg: We had to do what was right.

Beast Boy: Plus J.D.'s the one that saved you from this evil force inside you.

Leni: Totes.

Luna: That's right dude. You were heading down a path to your own destruction.

Janeen: And who knows what would've happened if left unchecked.

Zoe: We had to help out regardless.

Hercules: That's right.

Lana: Yeah.

We arrived back home 2 hours later and we got Blackfire settled into the estate. She was on the path to redemption.

Once we got her settled in we saw that she had a look of guilt on her face.

Me: I know you're upset about everything you've done Blackfire but I promise you that we'll try to do everything we can to help you.

Lincoln: That's right. We won't let anymore officers take you away.

Blackfire: Really?

Linka: We promise.

Lynn: That's right.

Suddenly the alarm went off and we went to the computer.

We saw some villains robbing the Gotham Royal York Museum.

Robin: It's the H.I.V.E.

Me: So those guys are part of the H.I.V.E.

Robin: That's right. They are some of our most dangerous enemies.

Cyborg: Their leader is the headmaster of the H.I.V.E. Academy and his name is Brother Blood.

Me: I remember him when we were fighting in your dream Cyborg. I killed him and acquired his powers and memories.

Nico: I remember that.

Me: Who are the members of the H.I.V.E.?

Robin: The kid with the backpack is called Gizmo. He's the techno genius and weapons master. He can build anything with his technological prowess.

Lana: He's got an amazing talent in building stuff.

Me: Yeah. What a waste of good talent. His inventions would've been extremely beneficial for the betterment of humanity.

Robin: That's true.

Starfire: The kid with the visor is See-More.

Cyborg: His real name is Seymour but we don't know his last name. That visor gives him a wide array of powers and he is also the special tactical expert of the H.I.V.E.

Me: He sounds like a smart kid. He and Shikamaru would get along great.

---

In the Leaf, Shikamaru was playing Shogi with his dad when he sneezed.

Shikamaru: (sneezes)

Shikaku: Sounds like someone is talking about you.

Shikamaru: What a drag.

---

Luan: Oh I just got it. See-More, Seymour. (Laughs) That's a good one.

Me: I figured it out.

Raven: The big guy is Mammoth. He has superhuman strength, durability and enhanced reflexes.

Me: He looks really tough.

Beast Boy: His real name is Baran Flinders and he also has one weakness we can exploit. He has a voracious appetite and he's hungry all the time.

Varie: That's a good weakness to exploit.

Beast Boy: The kid in the suit is Billy Numerous. He has the ability to replicate himself into many copies of himself. He gets weaker with each copy he makes.

Me: That's a good weakness to exploit.

Raven: The guy dressed in black is Kyd Wykkyd and he has teleportation powers and psychic abilities. He's also a deadly hand-to-hand combat fighter.

Me: Looks like this is gonna be a challenge.

Robin: It is. There was an original fifth member with them. Her name is Jinx and she is a member of the Teen Titans.

?: That's right.

We turned and saw Kid Flash and Jinx.

Robin: Kid Flash.

Starfire: Jinx!

Jinx: Hey guys.

Kid Flash: It's great to see you all again and J.D. it's an honor to meet the legendary Leader of Team Loud Phoenix Storm.

Me: It's a pleasure to meet you too. We can catch up later. Right now we got some H.I.V.E. bugs to squash. Lets roll!

We all set out for the city.

---

In the middle of the city we were pulverizing Gizmo, See-More, Billy Numerous and Mammoth mercilessly and we stopped.

Gizmo: Since when did you barf brains become so harsh on us?!

Starfire: Since we discovered firsthand what criminals like the Joker and the Suicide Squad were capable of!

Me: And you'd better watch yourself, little boy.

Gizmo: WHO'RE YOU CALLING A LITTLE BOY YOU VOMITFACE!

Lucy: The buildings that you all destroy can be replaced. But the people you kill are lost forever!

See-More (scoffs): Lost forever, huh? Does that include Cinderblock and Killer Moth as well?

Lincoln: Those two got what they deserve! And so will the rest of you!

Billy Numerous: (Texas Accent) How did you guys even find us anyway?

Me: We used our supercomputer to find out where you guys were located.

Gizmo: Wouldn't be the first time.

Robin: No. It wouldn't be. In the past, we used the computer at Titans Tower to see if you 5 were committing any crimes. And you guys were.

Mammoth: I think you've punished us enough for that!

Cyborg: Have we? The last time I checked, the 5 of you teamed up with the Brotherhood of Evil to get rid of us and our fellow Titans.

Billy Numerous: Hey, the five of us didn't actually capture the Titans that we were assigned to fight. And you guys befriended our former teammate Jinx. She tried to kill you heroes on several occasions.

Me: That's true.

Beast Boy: You're right. But we actually are forgiving people. And that's why we've had enemies become friends before and during our stay in this world. We forgave Terra for helping Slade conquer Jump City that one time. We forgave Jinx for helping you guys in your attempts to kill us. Heck, Mandy was even a kid who constantly plotted world domination and we allowed her to become our friend. You guys allied yourselves with the Brain before you even thought of trying to make friends with us. But I'm glad you did. Because it showed us the kind of people that you are!

Gizmo: And what kind of people are you barf brains, huh? The kind who kill criminals now? The kind who don't trust anyone?

Raven: What have you 5 done to earn our trust? Absolutely nothing. Take Francis Stone and Matt Hagen for example. Those two are part of a team that some of us created. Do you think we just instantly trusted them? No, they earned our trust. And Francis even sparred with J.D. for 11 years in order to make him stronger so he could be able to help us protect others. That's a team. And it's also family.

Me: That's right. Francis was a bully to me but he turned into a great sparring partner and I wouldn't have come this far if it weren't for his support.

Francis: Thanks J.D.

Mammoth: You punks permanently took out people who we considered family! How is that fair?

Lola: You think you guys are the only ones who lost people?! Why don't you all grow up!

Lana: If we're murderers, then Killer Moth and Cinderblock are just as guilty! Should we forget all the people they've killed?

Billy Numerous (trying to keep everyone calm): C'mon, do we really got to fight about this?

Lori: Surrender right now and we literally won't have to.

Vince: Unless you Vomitlickers really want to die.

Gizmo: You barf brains aren't even using the word "Literally" correctly!

Lisa (exasperatedly): For Einstein's sake, can't you 5 listen to us already?!

See-More: Hey, hey, hey, hey, hey. Guys, no. I do think the Titans and their new friends want to fight. Because that's how they always solve their problems now. (gets up in Robin's face) That doesn't make you guys heroes. It makes you guys thugs. And it's a real shame because he's gonna be so angry when he finds out what you're actually doing. You know who I'm talking about, don't you, Boy Blunder? I'm talking about Batman.

Robin glared at See-More in hate and turned to walk away.

Me: He already knows one-eye.

See-More (tries to punch Robin): Don't turn your back on me! (Robin punches him to the ground)

Robin: Here's the thing, See-More. Batman already approves of our methods. And if we wanted to fight the 5 of you, you'd all be dead by now. We've destroyed Electro, Hydro Man, Vulture, and all of Shendu's goons except Bai Tza. None of you stand a chance against us now! Do you even remember the reason you 5 are still alive? DO YOU! (See-More remains silent) Let me remind you then.

When you guys got turned to stone along with the rest of our old world because of Trigon, we restored you guys by defeating him. And how do you repay us? You team up with the Brotherhood of Evil in order to capture and flash freeze us and our fellow Titans! That's the kind of people that the five of you are? We give you what's precious to you guys and you'll still try to kill us!

Me: That's right. People like you have no place in this world. Trigon was going to destroy the entire universe and the Titans couldn't let that happen. The Brotherhood of Evil was going to kill all the Teen Titans around the world so that they can rule over it completely uncontested. But they all united and stopped them.

Jinx and Tara were impressed by my speech.

Me: Lets split them up and take them down!

We did so.

---

Battle 1: Alexis and Raven VS Kyd Wykkyd.

Alexis and Raven were facing Kyd Wykkyd. He teleported and Alexis sensed where he was gonna come out and punched him in the face and kicked him and send him crashing into a car. He ran and the car exploded. He engaged Alexis in a savage fistfight and she blocked all his strikes. She kicked him in the face and she pulled out a Duel Monster card.

Alexis: Ice Queen lend me your staff!

She summoned Ice Queen and she gave Alexis her ice staff.

Kyd Wykkyd charged and went at her and she bashed him in the face and sent him flying. Raven fired a blast of dark energy and it burned him bad.

Alexis: Lets use our combo Raven.

Raven: You got it.

Alexis channeled a blast of ice fire into the staff and fired it at Kyd Wykkyd.

Raven fired a blast of dark energy.

Alexis and Raven: ICE HELLFIRE PHANTOM!

The blasts combined and became a ghostly form with a temperature of Absolute Zero and it left a trail of huge ice crystals as it soared towards him. The ghost enveloped him and turned him into a human ice block.

Alexis: That's it for him.

Raven: Yeah he deserved it. He'll have a lot to think about when he's in prison forever.

Alexis: That's one down and four to go.

---

Battle 2: Beast Boy and Terra (KH) VS Billy Numerous.

Beast Boy and Terra (KH) were fighting Billy Numerous. Billy made 50 clones of himself.

Beast Boy became an elephant and charged through them. Terra (KH) slashed most of them.

Beast Boy: Lets use our combo Terra.

Terra (KH): You got it.

Beast Boy became a hummingbird and flew into the air. He started diving.

Terra (KH) fired a blast of fire at him.

Beast Boy and Terra (KH): PYRO WHALE SLAM!

Beast Boy turned into a blue whale and the fire ignited him and he turned into a fire whale. He slammed onto Billy Numerous with incredible force.

KRABLAAAAAAAAAAMMMMMMMMM!

Terra (KH): OOOHH! Geez thats gotta hurt!

Beast Boy turned back to human and Billy Numerous looked like her lost a fight with an army of crazed superheroes. The clones disappeared the moment he got hurt.

Beast Boy: That was awesome!

Terra (KH): Glad you had fun.

---

Battle 3: J.D. and Cyborg VS Mammoth.

Me and Cyborg were facing Mammoth.

I punched him in the face and grabbed him in the legs and I spun him around in a circle and throw him into a building.

CRASH!

Mammoth got out of the rubble and Cyborg fired his blaster and burned him.

Cyborg: Lets use our combo on him.

Me: You got it!

I fire balls of wind at Mammoth and Cyborg fired his blaster.

Me and Cyborg: SONIC MISSILE FIRESTORM!

The blasts combined and they hit Mammoth and they exploded into a massive tornado that produced an extremely loud sonic shrill. It shattered all the windows in the area. When the blast faded Mammoth was hurt badly and his clothes and body were shredded.

Me: Bingo!

Cyborg: Boo-yah!

Me: I thought you weren't gonna say that anymore.

Cyborg: Sometimes I like to make an exception. But good job man.

Me: Thanks Victor. Good work.

---

Battle 4: Robin and Ben VS See-More.

See-More fired a laser blast at Robin and Ben from his visor.

Ben: Time for some hero.

Ben became Echo Echo.

Ben: (Techno Voice) ECHO ECHO!

He became 10 copies.

Robin kicked See-More and formed 2 Birdarangs into a sword. Robin slashed See-More and broke his visor in two. It was revealed that he was LITERALLY a CYCLOPS!

Robin: I had no idea he was a real cyclops.

Echo Echo: Unusual. Lets use our combo on him.

Robin: You got it.

Robin held up his sword and Echo Echo released a sonic scream from all directions that went into the blade of the sword. The blade ignited with a green fire that emitted an extremely loud sonic squeal.

Robin and Echo Echo: SONIC FIRESTORM SWORD!

Robin swung the sword an a big blade of sonic fire went at See-More and enveloped him in a tornado of sonic wind that was really tearing him apart. Countless small blades of wind ripped him apart and when it stopped See-More was badly injured to the point where he'll never move again.

Ben reverted back.

Ben: That was awesome!

Robin: It sure was. Great job Ben.

Ben: Thanks Robin. You too.

---

Battle 5: Aelita, Starfire and Aqua VS Gizmo.

Aelita, Starfire and Aqua were facing Gizmo. He fired missiles at them but they dodged them and Aqua kicked him in the face and Starfire fired starbolts and her laser vision and melted his robot legs.

Aelita fired energy feathers and knocked Gizmo down.

Aqua: Starfire lets use our combo.

Starfire: You got it Aqua.

Starfire fired numerous starbolts.

Aqua formed a huge kaleidoscope of ice butterflies.

Aqua and Starfire: MAELSTROM BUTTERFLY KALEIDOSCOPE!

The butterflies became prism butterflies and they flew at Gizmo and exploded when they hit. Entombing him in a prison made of emerald crystal.

Aqua: That was awesome!

Starfire: It sure was.

Aelita: I agree. Now we can turn these clods over to the proper authorities.

Aqua: That's right.

---

We later regrouped.

Me: That's it for the H.I.V.E. 5. But just to make sure. (Snaps fingers)

Raven: What did you do J.D.?

Me: Stripped them of their powers and made them completely powerless.

Lincoln: Good thinking J.D.

Me: Thanks buddy.

Robin (to the beaten Hive Five): Remember this pain. I gave you several chances to avoid this. You only have yourselves to blame. You were the ones who started this. I was the one who ended it.

Me: Well said Robin.

Jinx: Guys, I just wanted to thank you for what you said back there.

Tara: Me too. The two of us thought that deep down, you still hated us.

Me: No sweat girls.

Robin: It was no problem. We forgave you two a long time ago.

Me: Now it's time to take our fight to the H.I.V.E. in it's entirety.

Mindy: What is the H.I.V.E.?

Me: It's a school for super villains. It stands for the **H** ierarchy of **I** nternational **V** engeance and **E** xtermination.

Mindy: Oh I get it. Lets go get them!

Me: And we will. Cyborg knows where they are at. Lets go!

Lisa: Wait! We can't go in with our heads exposed to Brother Blood's psychic powers. So to be on the safe side I invented these. These are anti-mind control headbands. They'll prevent us from being controlled by his psychic powers.

Me: Good work Lisa. Thank you.

We put them on and we went to the H.I.V.E. Academy and the fight with Brother Blood was on.

---

We arrived at the central base of the H.I.V.E. academy.

Me: This is it guys.

Luan: It's time for us to be mad as Hornets. (Laughs to Rimshot) Get it?

We laugh.

Me: (Laughs) That was a good one Luan. Love the jokes but now is not the right time.

Lily: I agree. We have a school to destroy.

Varie: That's right.

We blast in through the roof and a massive fiery explosion blew apart the roof and we went in. We were facing BROTHER BLOOD!

Me: Brother Blood, I presume?

Brother Blood: Ah the famous J.D. Knudson and Team Loud Phoenix Storm. How nice of you to grace us here in our academy.

Me: Nice to know we've made an impression. You're gonna pay for everything you've done.

Brother Blood: You've all come to kill me haven't you?

Me: Kill is an understatement. We're going to make sure you are gone forever.

Nico: You won't get away with all the crimes you committed.

Me, Nico, Bloom, Jean Grey, Mindy, Lola, Starfire, Jinx and Cyborg stood ready to face him.

Me: Brother Blood you will face the combined power of a Human, a Mutant, a Winx, a Saiyan, a Tamaranean, an Angel, the Goddess of Luck and a Cyborg combined.

Brother Blood: So be it.

He took off his robe and revealed that he had a cybernetic enhancement suit on him.

Me: Nice suit.

I turn on my computer eyes and it showed that the suit was a cybernetic enhancement suit that strengthens his powers, speed, strength, agility and endurance.

Brother Blood: Why thank you. Now you all will die.

Me: You first.

I go Super Angel 10,000, Nico went Super Saiyan 3 and Jean used the Phoenix Force.

Me: Lets dance.

We went at him and I punch him in the face. Cyborg fired a blast at him and he repelled it with a red energy psychic shield. Nico kicked him in the back and Jinx fired energy blades at him and Jean fired blasts of fire at him and burned him. Starfire fired numerous starbolts and laser vision at him and burned him.

Me: It's over Blood. All the people you poisoned with your evil, the lives you senselessly slaughtered and all the crimes you've committed. You will pay for everything you've done when you go into the darkness of Hell.

Brother Blood: I think not. Students, kill them all! Your headmaster commands it.

Angel: Right.

?: (British Accent) Not so fast!

A figure swooped in and kicked all the students and moved with incredible speed, agility and strength and knocked them all out.

The figure was a girl with long braided blonde hair in pigtails and she had a red hat, blue eyes, a scar on the lower left side of her face, a green leotard, camouflage paint on her legs, strong physique, red powerful gloves, and black combat boots.

Mindy: Oh wow! Cammy!

Me: I don't believe it. Cammy it's a pleasure to meet you.

Cammy: It's an honor to meet you too J.D. and team Loud Phoenix Storm.

Me: You arrived just in time. This organization called the H.I.V.E. poses an incredible threat to the world. They want to take it over with terroristic power.

Cammy: Well it looks like I got here just in time.

Mindy: Cammy I know all your moves and you are one of my heroes. I think you're the greatest.

Cammy: Thank you sweetheart.

Mindy: You're welcome.

Me: We have a fight to get to but you're more than welcome to help us.

Cammy: Thank you but I think you guys have him under control.

Me: You're welcome. Lets go!

We resumed our fight and Mindy kicked him in the face and fired a Hadouken.

Mindy: HADOUKEN!

She sent him flying and teleported to him and dealt him a powerful uppercut.

Mindy: SHORYUKEN!

It sent him crashing into a wall.

Cammy: She knows Ryu's moves.

Flora: Mindy picked up a lot of martial arts moves on the fly and that's how she knows them so well.

Cammy: I can see that. She's very talented.

Mindy then went at Blood some more with incredible speed.

Mindy: DELTA DRIVE!

She hit him from all directions with incredible speed and strength. She slid under him and dealt a devastating kick that sent him flying into the air. She dealt him 4 more blows with incredible force, speed and power.

Mindy: CANNON SPIKE!

She flew at him and used the Kikoken.

Mindy: KIKOKEN!

She fired an energy blast and sent him crashing into the ground.

Cammy: Amazing! She knows all my moves really well.

Laney: She knows your style better than anyone else.

Lincoln: There's a video game with you in it.

Cammy: I know Lincoln. I'm honored they made a game about us.

Lana: I think that's so cool.

Lola fired fireballs at Brother Blood and burned him bad in places he never knew about.

Lola: Jinx lets show him a great combo!

Jinx: You got it Lola.

Lola fired a powerful fireball and Jinx fired a powerful purple energy blade.

Lola and Jinx: FIREBALL OF FRIDAY THE 13TH!

The fireball became purple and it hit Brother Blood and it blew his whole suit to pieces and made him completely vulnerable. Laney had Blood tied up with her plant powers.

Cyborg was ready to end him with his blaster.

Brother Blood: Wait. I have to stay alive. I'm still human.

Cyborg: You want to know why I always beat you, Blood? It's because unlike you, I haven't lost my humanity!

He fired his blaster and completely obliterated him in an instant.

Brother Blood's mind control was gone in an instant.

Me: That's it for him.

But then his spirit appeared.

Brother Blood: I will be back and destroy all of you.

Nicole: Not gonna happen ever again freak! (Chants an incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Brother Blood was forever sealed into the Book of Vile Darkness.

Cyborg: Boo yah.

Robin: Good riddance.

Rachel: You said it Robin.

Cammy: That was a brilliant performance.

Mindy: Thanks Cammy.

Cammy: You're welcome.

Cammy gave Mindy a special watch that would call her whenever needed. We went back to the estate and we rested after a long day. We did two great deeds today. We helped Blackfire become a good person and we saved the world by destroying the H.I.V.E. After the destruction of the H.I.V.E. we set up a special academy for the H.I.V.E. students that will help them become Superheroes instead of Supervillains.

Another Fanfiction Complete.

This one was a great one. I wanted to have Blackfire redeem herself with Starfire and correct the wrongs she did when she was doing all those crimes all over the galaxy. The Dark Side of Blackfire was completely out of the blue for me. I wanted to also destroy the H.I.V.E. organization by killing their leader and hitting them hard where it REALLY hurts. NicoChan11 gave me the ideas for this one. Thanks for that man. As usual. This is my 499th chapter and my 500th chapter is set for Halloween 2018 tomorrow. Let me know what you all think.

See you all next time.

# Halloween in Salem

HAPPY HALLOWEEN 2018 EVERYONE

---

It starts in the estate and we are getting everything ready for a magnificent Halloween Party. We had everything covered with bats, skeletons, ghosts, severed heads and limbs, black and orange streamers and balloons and more.

Me: Everything looks amazing guys. (To the viewers) Oh hello everyone. Today is October 31st, 2018 A.K.A. Halloween. One of my favorite times of the year. Two years ago today we had the greatest Halloween ever when Lucy built a corn maze and those dumb meatheads Hawk and Hank ruined it terribly for everyone by stealing all of our candy and vandalizing everything. But we stopped them and scared the living daylights out of them 100-fold with our corn maze of horror. That was the greatest Halloween to remember. We have a lot of great costumes going on.

Maria came down.

Maria: Check out my costume.

Maria was dressed as Henriette One-Eye Cooper. She was wearing a black body suit and she had a leather glove and a Cooper dagger and an eyepatch over her left eye and she had whisker marks on her face.

Me: Wow! Maria you look awesome!

Maria: Thanks. I'm going as Sly's ancestor Henriette One-Eye Cooper from the 17th Century.

Lincoln: You look amazing.

Sly: That's true. I'm honored that you would go as one of my ancestors.

Maria: Thanks Sly.

Stewie came and he was dressed in a duck costume.

Stewie: I agree.

Maria: Nice duck costume, Stewie.

Stewie: Thanks, Maria. I wore this on the last Halloween me and Brian had.

Maria: Well it looks great Stewie.

Nico came down and he was wearing a Black Spider Man costume.

Me: Wow! Nico you look amazing as Spiderman in a black Spiderman Costume.

Nico: I figured it would be perfect for this year.

Me: Well at least this one is made of fabric and not Symbiote Matter. No offense Venom.

Venom: None taken. But he looks great. We agree.

Spiderman: I gotta say Nico you look awesome. I once had a Black Spiderman Costume but that was Venom.

Venom: We remember that.

Me: That's right.

Nico: Thanks guys. Leni helped make the costumes for this year.

Poromon and Poliwag came and Poromon was a bat and Poliwag was a dressed as a Totodile.

Poromon: Your costume is lovely Nico.

Nico: Thanks Poromon. Yours and Poliwag's too.

Poliwag: Thanks Nico.

Laney came down and she was a vampire.

Laney: Leni sure did a great job. I look amazing as a vampire.

Lincoln: You sure do Laney. You went as a witch in 2016 and you were awesome.

Laney: Thanks bro. I got into watching Vampires of Melancholia with Lucy and this is what I wanted to be for Halloween this year.

Me: It looks great Laney.

Lori came down and she was a psychotic nurse.

Lori: (Laughs Insanely) I will literally poison you to death!

She held up a fake syringe.

Me: You'll never take us alive!

We laugh.

Me: Lori you look awesome as a Homicidal Maniac Nurse.

Lori: Thanks J.D.

Bobby came down and he was dressed as a Doctor from Hell. He was a Psychotic Doctor.

Bobby: (Insane laughter) Your organs will be perfect for my dinner!

Me: I'll eat yours first!

We growl and then laugh.

Me: You look awesome as a Psychotic Doctor Bobby Compadre.

Bobby: Thanks amigo. Lori and I went with the insane hospital staff theme for us this year.

Me: The Hospital Staff from Hell. That's perfect for the both of you.

Lori: Thanks J.D.

Lori's kids came down and they were each dressed like the Seven Dwarfs from Snow White.

Roxanne: Hey mommy check out our costumes.

Lori: You all literally look so adorable as the Seven Dwarfs.

Lydia: Thanks mommy.

Ramon: It's literally perfect for Halloween.

Lori: It sure is.

Natilee came down and she was dressed up as Iris, the Goddess of Rainbows.

Natilee: Hey guys.

Me: Wow. Natilee you look amazing as Iris.

Natilee: Thanks dad. I wanted to have a great Greek Mythological theme for me. I had to get permission from Lady Iris herself to use it.

Me: It's good you did. But you look amazing.

Natilee: Thanks.

Elena, Riku and William came down. Elena was dressed up like Harleyquinn from Batman the Animated Series, William was dressed as the Wolfman from 2010 and Riku was dressed as a skeleton.

Me: Awesome costumes guys.

Elena: Thanks J.D. (Imitating Harleyquinn) Watch out cause Mr. J is coming.

Me: That was really good!

William: It sure was. (Howls)

Me: That was awesome William!

Riku: I'll make your bones quake with fear.

Me: No bones about it.

We laughed.

Lola came down and she was dressed as a Pirate. She was dressed as Elizabeth Swan from Pirates of The Caribbean 3: At World's End.

Me: Lola you look awesome as Elizabeth Swan from the 3rd Pirates of The Caribbean movie.

Lola: Thanks J.D.

Lana came down and she was dressed as Anna from 2013's Frozen.

Lana: I'll say. I'm going as Anna from Frozen.

Laney: You two look amazing.

Lana and Lola: Thanks Laney.

Lila was dressed as Rapunzel.

Lila: I think you all look amazing.

Lana: Thanks Lila. You look awesome as Rapunzel.

Lila: Thanks Lana.

The Ed's came out and they were awesome. Eddy was dressed up as a Zombie Elvis, Edd was dressed up as a germ and Ed was dressed up as a viking.

Me: Nice costumes guys.

Eddy: Thanks J.D. I'm a zombie Elvis.

Edd: I'm the Bubonic Plague.

Ed: And I'm Lothar! Viking and protector of Montezuma!

Me: Gnarly costumes guys!

Ed: Thank you. One time during a Halloween in Peach Creek my overactive imagination made me hurt the kids badly.

Edd: I remember that.

Eddy: I still ache from thinking about that.

Me: What happened then?

Eddy: Lumpy watched too many horror movies and my brother gave me this stupid map to a prank place he made called Spookyville. We thought it was a place where you can get lots of candy. But because of Ed's stupid overactive imagination we were pulverized into oblivion by our friends.

Me: Ouch.

Edd: That's right. Standing in front of the television for excessive periods of time can induce a trance-like state and even rewire a susceptible brain.

Me: Yikes. It's good that you're all alright. What happened after that.

Eddy: Me and Double D spent 6 months in our beds in a body cast and then the Vengeance express began.

Lana: Ouch.

Kevin: Yeah. Sorry about that guys.

Ed: Aw it's all right.

Alexis, Jasmine (GX) and Mindy (GX) came down and they were dressed as Harpie Lady Sisters.

Me: Wow! Alexis, Jasmine, Mindy you girls look awesome as Harpie Lady Sisters. [Pulls out a Harpie Lady Sisters card] The resemblance to the Duel Monster Card is completely uncanny.

Alexis: Thanks J.D.

Jasmine (GX): In Duel Academy we celebrated an annual event called Duel Monster Spirit Day and we dress up as our favorite Duel Monsters.

Mindy (GX): We chose Harpie Lady Sisters.

Laney: You all look very breathtaking as the card.

Alexis: Thanks Laney.

Me: That's an interesting holiday. Maybe one of these days we can come and see what it's like.

Mindy (GX): Sounds like a great idea.

Lynn Sr. came out and he was dressed like Vincent Price in the movie The Masque of The Red Death.

Me: Wow! Mr. Lynn, you look awesome as the legendary Vincent Price.

Lynn Sr.: Thank you J.D. (Does Vincent Price's trademark evil laughter)

Me: That is 100% accurate.

Lynn Sr.: I loved all of Vincent Price's movies. They were the only ones that didn't scare me back when I was a kid.

Me: I can tell. Those were all great movies. He was known as the king of terror back then. His trademark works that made him a legend were the famous Edgar Allen Poe books. The Raven, The Masque of The Red Death, The Pit and The Pendulum, House of Wax, House on Haunted Hill, you name it.

Lynn Sr.: You sure know his movies J.D.

Me: Dad got me into them.

Lincoln: Don't you hate Halloween dad?

Lynn Sr.: Normally yes son but J.D. reminded me of the Vincent Price movies and got me into the spirit. I went as the Red Death.

Lincoln: That is so cool!

Laney: I'm so happy for you dad.

Lynn Sr.: Thank you sweetheart.

Everyone had all kinds of different costumes on. Then something hit the window and we saw that it was an egg.

Me: Someone's egging us.

Nico: Let me see.

Nico went to the window and he saw Dash throwing eggs at the house.

Nico: It's Dash and he's throwing eggs at us.

Me: Better go stop him.

Nico: Yep.

Nico opened the door and he confronted Dash.

Dash: I lost everything because of you Nico!

He threw more eggs at him but he caught them.

Nico: No more, Dash. I'm done putting up with your bullying towards everyone. I've held myself back on you so far because I was trying to be better than you.

Dash: Holding back!? Me and Kwan are expelled because of you!

Nico: Be glad you're not dead. You're going to leave Amity Park and you better hope I never see you again.

Dash: Or what?

Nico: You bullied Danny for God knows how long! And you almost tried to hurt my friends! We've killed people for a lot less than that. It is taking everything for me not to kill you right now! You're going to leave or so help me, you'll be the next person to die at the hands of

Team Loud Phoenix Storm!

I go and stop him.

Me: Whoa, whoa, whoa, whoa, whoa, whoa! Take it easy man. Killing him won't solve anything unless he REALLY deserves it. Dash you'd better do what he says and get out of here jerk.

Danny, Lincoln and Dani Phantom came.

Danny: That's right Dash.

Dani: Unless you want your face kicked in.

Lincoln: Better your face than ours.

Dash ran away in fear.

We smirk.

---

Later we started the party and the alarm sounded.

Me: Uh oh. Keep the festivities going guys!

I look up the disturbance on my headset and found something going on in the town of Salem, Massachusetts.

Me: Looks like we have a supernatural disturbance in Salem, Massachusetts.

Shannon and Lucy came.

Lucy: What's going on brother?

Me: It doesn't say but whatever it is we better check it out. But first lets let everyone know.

We did so and Lincoln, Laney, Nico and Nicole came with me, Shannon and Lucy. We were off to Salem.

We arrived at the source of the disturbance. It was the old home of

Shannon's ancestors the Sanderson Sisters. We saw a fire in the house and we burst into the front door. We saw the 3 Sanderson sisters, Winifred, Mary and Sarah Sanderson in the flesh after 325 years.

Me: The Sanderson Sisters.

Winifred: That's right child and you are?

Me: My name is J.D. Knudson.

Shannon: Winifred, Mary and Sarah Sanderson. It's an honor to finally meet you after 325 years.

Mary: And you are you my child?

Shannon: My name is Shannon DeLuthe Sanderson Loud and I am your descendent. You three are my ancestors. We're family.

Sarah: How can that be?

Winifred: What is the year now?

Shannon: It's 2018. 325 years have passed since you disappeared. And like you I am a witch. But I use light and dark magic. I'm Half Wiccan Half Witch. A Twilight Hybrid if you will.

Winifred: Interesting.

Mary: J.D. you look familiar as well.

Me: Yes. I too am descended from people here in Salem. I am descended from Wiccans that imprisoned Sarah Ravencroft into her own Spellbook.

Winifred: So it's true. That rat Sarah was sealed into her own book.

Mary: (Barks)

Sarah: That wretch.

Shannon: You all did have some bad history back in the 17th century. You disappeared 325 years ago today. Behold the mark.

Shannon rolled up her sleeve and on her right wrist was a mark in the shape of the Star of Satan on one side and the Celtic Knot for the Tree of Life on the other.

Winifred: You have the symbol of our family. You are indeed one of us.

Winifred, Mary and Sarah all had the same symbol on their wrists.

Mary: It is true.

Sarah: My ancestral daughter.

Shannon: I don't know the full extent of the family tree. But lets go with that.

I look at a candle that was lit and it had a strange black flame.

Me: I also see that someone had the audacity to light the Black Flame Candle.

Winifred: Indeed.

Nico: That must be the source of the Supernatural disturbance we felt.

Lucy: Indeed. Sanderson Sisters my name is Lucy Loud and I am a relative of Great Grandma Harriet Loud.

Winifred hissed when she heard that name.

Me: I take it you have a bad history with Lucy's great grandmother.

Mary: We do.

Winifred: She was always better than us in all forms of witchcraft.

Lucy: Gasp!

Nico: So witchcraft runs in the family of the Loud's.

Me: It does. I know.

Mary: Wini. I smell children.

Sarah went to a counter and pounded it and out came a girl dressed in a witch costume.

Me: We didn't know anyone else was here. And you are?

Dani: My name is Dani Dennison.

Me: Pleasure to meet you.

Winifred was about to attack Dani when a big kid came out.

?: HEY!

Me: Are you Dani's brother?

Max: I am. The name's Max. Now you three let go of my little sister.

Shannon: I would do as he says.

Sarah: You can't..

Mary: Quiet Sarah. She's family.

Winifred: But no one can stop us.

Winifred fired a blast of black lightning and sent Max flying.

Me: I have an idea.

I see the sprinkler system and form a fireball in my hands and throw it at the system.

The witches ran outside and a black cat came to Max.

Cat: Nice going Max.

Max was shocked.

Max: You can talk.

Cat: No kidding. Now get the Spellbook!

Me: Hurry!

Max did so and Winifred was shocked.

Winifred: MY BOOK!

He took the Book and we ran. The cat lead us to a graveyard and we found out that witches can't set foot on it or they would turn to stone. The cat lead us to a grave. It was for a man named William Butcherson.

Me: William Butcherson?

Max: Lost soul?

Cat: Billy Butcherson was Winifred's lover. She found him courting with her sister Sarah. So she poisoned him and sewed his mouth shut with a dull needle. So he couldn't tell her secrets even in death.

Me: I've heard about that.

Shannon: From what I remember ancestor Winifred was always the jealous type.

Cat: Yes.

A girl named Allison Watts was with us.

Allison: You're Thackery Binx.

Binx: Yes.

Me: But that's impossible. Thackery Binx disappeared 325 years ago today. His body was never found.

Binx: Yes that body stands before you now as a cat. Let me show you something else.

He led us to another grave. It was for his sister Emily Binx. Her life was taken by the Sanderson Sisters 325 years ago today and they cursed him as an immortal cat who was trying to prevent anyone from bringing them from the dead. And because of that, Max lit the

Black Flame Candle 325 years later and the Sanderson Sisters have come back to continue what they were doing 325 years ago.

Dani: Nice going airhead.

Max: Hey look I'm sorry okay.

He got up.

Max: We're talking three ancient hags versus the 21st century. How bad can it be?

Binx: Bad.

Shannon: These witches are my ancestors and they are evil in its purest form. They may be part of my family but I still love them no matter what.

Lincoln: So how do we stop them?

Shannon: Our only chance is to wait for the Black Flame Candle to run its course and wait for the Sun to rise.

Lincoln: But sunrise isn't for 10 more hours.

Shannon: I know. The Black Flame Candle only allows them to stay till dawn on November 1st. And we may have a chance to free Thackery from his curse and free Emily from their clutches. We have to make sure they don't get the spell book back. That's the only way we can keep them from doing their work.

Lucy: We have to hold them that long? That's easier said than done.

Nico: It sure is. How are we gonna hold them off for that long?

Me: We can't just keep running. So we'll have to fight.

Nicole: I like that. Shannon you better hold onto that book with your life.

Shannon: You got it Nicole.

Shannon strapped the book to her back.

Shannon: I am a Sanderson by blood and I will do everything I can to help.

Me: Okay.

Dani gasped and we saw the Sanderson witches hovering above us with their brooms.

They cackled malevolently.

Winifred: It's just a bunch of Hocus Pocus!

Shannon spread her wings and flew up to them.

Shannon: Ancestors we don't have to fight like this. Like you I know magic and it runs in my blood.

Mary: Lets see how you do it.

Shannon: And you shall. (Chants an Incantation) BAKETORUM MESTORGA NECMORNUM!

She summoned ghosts from all over the graveyard.

Winifred: So you know black magic. You are worthy of the Sanderson name.

Shannon: Yes. I believe you know some of these faces.

Winifred saw the faces of the people that tried to kill them 325 years ago.

Me: I know all those people. The one in the middle is Thackery and Emily's father. He tried to hang the Sanderson Sisters 325 years ago today.

Lincoln: That's interesting.

Mr. Binx: YOU WITCHES! YOU KILLED THACKERY AND EMILY!

Shannon: Mr. Binx I'm sorry for your loss but the Sanderson's didn't kill Thackery. They cursed him and turned him into an immortal cat. He lived for 325 years.

Binx came up and jumped into Shannon's arms.

Binx: It's true father. I've been turned into a cat and lived for 325 years. The Sanderson Sisters killed Emily.

Shannon: They're also my ancestors and I promise you that I will make sure that they will never harm another soul again.

Mr. Binx: You are indeed not like your ancestors Shannon. Go get them and son. I'm so sorry I couldn't save you.

Binx: It's all right father. I forgive you. I'll see you soon.

The ghosts vanished and Shannon put Binx on the ground and went back to the fight.

Shannon: We are family but what you are doing is completely wrong.

Shannon fired a blast of lightning and incinerated the broomsticks they were on. They fell to the ground and were on the Hollow Ground of the graveyard.

They stood up and the hollow ground turned them into stone.

Allison: It really did turn them to stone!

Laney: It sure did.

Me: Now we have to wait until dawn on November 1st. We have 9 hours. Dani take care of Binx until then.

Dani: I will J.D.

We went back to Michigan.

---

Back in Michigan we got to the last few minutes of the party and it was an awesome time. We didn't miss out on anything. We danced like the legendary Michael Jackson to his popular song Thriller and we even danced to all kinds of songs. We later went to sleep at

11:00 PM and it was a good sleep. At 7:00 AM on November 1st the statues of the Sanderson's exploded into purple, red and green dust and the Sanderson sisters were dead. This time for good. However when this happened Binx died and his spirit was free to travel to the afterlife. Dani was glad that she helped him and he was reunited with his sister Emily after 325 years. Shannon got to meet her ancestors for the first and only time in her life. It was a family reunion 325 years in the making. The book of the Sanderson sisters now resides in her possession. Nicole sealed them into the Book of Vile Darkness for all eternity. This was a Halloween we'll never forget as well. For 2 years straight we had an AWESOME HALLOWEEN!

THE END

Another Fanfiction complete.

Hocus Pocus was one of my favorite movies that I've known since I was a little kid. It was a great movie and Bette Midler, Kathy Najimy and Sarah Jessica Parker did an awesome job in that movie in 1993. IT WAS AWESOME! This is my 500th chapter! HOORAY! I wanted to make the 500th Chapter a Halloween chapter just for today. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Salem, Massachusetts is a town loaded with a dark history that dates back to the late 17th Century and a lot of fear, persecution and death happened back then. But again no I am not descended from anyone in Salem. Let me know what you all think. Also this chapter was made as a tribute to the legendary Vincent Price, The King of Horror.

RIP Vincent Price - May 27th, 1911 to October 25th, 1993.

You will always terrorize horror in our hearts and memories. (EVIL LAUGHTER)

See you all next time and Happy Halloween to you all.

Hocus Pocus is owned by Kenny Ortega, Walt Disney and Buena Vista Pictures.

# The Shapeshifter of Evil

It starts in the streets of the city.

Shiv was having a really bad day. He was homeless and is now a powerless outcast.

Shiv: This sucks! Bad enough that I lost my powers. But now Ebon and the rest of the gang are behind bars!

However someone found him.

?: (Russian Accent) Sounds like you need some help.

He saw a figure in the shadows.

Shiv: Who's there?

The figure came out of the alley. It was MADAME ROUGE!

Madame Rouge: That would be me. Madame Rouge.

Shiv: You're one of the members of the Brotherhood of Evil!

Madame Rouge: That's correct. I have an offer for you. How would you like to help me break into the estate of Team Loud Phoenix Storm?

Shiv: ARE YOU INSANE!? That place is heavily guarded. They are the ones that stripped me of my powers.

Madame Rouge: I can give you back your powers. Trust me and I will handle the rest.

Shiv: How?

Madame Rouge had a barrel of the Biohazardous Mutagenic Compound that was used to give him and a bunch of others their powers.

Madame Rouge: I managed to get this last barrel of the Bang Baby gas before it was all destroyed.

She opened the barrel and blew it onto him and he began to change. Shiv got his light blade powers back.

Shiv: I'm back in business baby! How about after this is over I treat you out to dinner?

Madame Rouge: Ah you are too kind.

---

In the estate we were watching t.v., playing card games, board games and handheld video games. Some of us were reading books.

Me: Hey Carmen what did you went for Halloween?

Carmen: I went as a fire fairy. It was amazing.

Me: I had a feeling it was.

Upstairs Rolf was coming out of Nicole's room.

Kevin: Hey, Rolf. What are you doing in Nicole's room?

Rouge (pretending to be Rolf): I'm just making sure book wielder Nicole girl's room is all clean and not messy.

Kevin: Well, that's very nice of you. Anyway, you want to play video games with me and Eddy?

Rouge: Sure. What video game does Eddy want to play?

Kevin: Well- (realizes something) Hang on. Since when did you start calling Eddy by his real name? I thought you always called him, Ed, and Double D "Ed boys"?

Rouge: Well, I just thought that I would start calling Eddy by his real name.

Kevin: You're not Rolf!

Rouge (shapeshifts back to normal): You're right. I'm not! (knocks Kevin out)

We run upstairs and we saw her.

Me: (Gasp) MADAME ROUGE!

Nico ran and pressed the intruder alarm.

Madame Rouge ran and got outside.

---

Outside Shiv was fighting Sandman and Teresa. She was dodging his Light Blades.

Shiv: C'mon, Talon! You wouldn't hurt your old friend Shiv, would you?

Teresa: Friend? No. You? Yes! (hits him with a sonic blast) And just for the record, my name is Teresa. Not to mention that you always got on my nerves when I was still in the Meta Breed!

Shiv was screaming in pain as his ears were bleeding.

He got up and went at Sandman.

Shiv tried to stab Sandman in the chest but he was still alive.

Sandman (punches Shiv): Sorry, dirtbag! But you can't destroy sand with physical attacks!

Varie tied up Shiv and I strip him of his powers again.

Me: That's that. Now we need to find out what's going on here.

---

In the house we were interrogating Shiv. We had him tied to a chair in a dark room and a light was on him.

Me: Shiv. Nice to see you again after the fall of the Metabreed.

Shiv: Why did you spare me J.D.?

Me: We want to ask you a few questions. Now we can do this the easy way or the hard way. So what's it gonna be?

Shiv: I'll never talk.

Me: All right then. We'll do this the hard way. (Cracks knuckles)

I pull out a pair of pliers.

Me: This won't hurt a bit. It's going to hurt A LOT! (Clicks pliers)

I pull out two of his teeth and he screamed in agony. He was bleeding profusely from his gums.

Me: Will you talk now?

Shiv: Never!

Me: Have it your way.

I pull out 3 more teeth and it was more painful than ever.

Me: How about now?

Shiv: Ne.. Ne… NEVER!

Me: Okay then. You are one stubborn guy, you know that right?

I pull out more teeth and he screamed some more.

Me: This is gonna be more painful so why don't you just talk? Unless you like being in pain.

Shiv: Never!

Me: Ed?

He grabbed Shiv and exposed his belly.

Ed: Pink Belly. (SLAP!) Pink Belly. (SLAP and Pig squeals) Pink Belly. (SLAP and WOMAN SCREAMS) Pink Belly. (SLAP and

HORSE WINNIES) Pink Belly. (SLAP and ELEPHANT TRUMPETS) Pink Belly. (SLAP and ELK SONG) Pink Belly. (SLAP and GOAT BLEETS)

Shiv: OKAY! OKAY! OKAY! I'll talk!

Me: There was that so hard? Now tell us everything.

Shiv: Madame Rouge hired me to be as a distraction to you all while she goes into Nicole's room to get her book so she can resurrect all the evil monsters and villains so she can restart the Brotherhood of Evil.

Me: Well you missed out on a major detail you buttkisser.

Shiv: And what's that?

Me: Nicole always takes it with her wherever she goes and she never leaves home without it. Also how did you get your powers back?

Shiv: I got them back when Madame Rouge used the Bang Baby gas. She found one barrel left and the others were all destroyed.

Me: She must've taken that last barrel of the gas when we got rid of it. You've been very helpful for us.

I turned and was about to exit.

Me: Oh and you can put those teeth under your pillow for a quick buck.

I left.

Lincoln: So she was after the Book of Vile Darkness?

Me: Yep.

Anko: That monster! And that was good torture J.D. I loved it.

Me: Thanks Anko. We got to find out all about Madame Rouge, find her and destroy her.

We go into the living room.

---

At the computer we looked up her information. Nicole got home as we were interrogating Shiv.

Me: Here she is. Her real name is Laura DeMille and she was born in Russia. She was a very aspiring actress and teacher for France.

Beast Boy: That's right J.D. I used to work for the Doom Patrol and she was one of my Archenemies back then before I became a Teen Titan.

Varie: She must be really dangerous.

Me: She is. She's one of the members of the Brotherhood of Evil. Her powers are Shapeshifting, Regeneration, and she's a deadly and powerful martial artist and combat specialist.

Lincoln: She must be really deadly.

Sakura: No kidding.

Me: She's more than that. Her shapeshifting powers make her a very deadly master of disguise. She can change into anyone.

Rachel: Wow!

Lisa: Indeed. She's what's called a Hyperadaptoid. She can shapeshift into anyone and live on any kind of planet regardless of the environment.

Me: That's right Lisa. She's the spy for the Brotherhood of Evil and her skills make her one of the deadliest and most ruthless villainess' of all time.

Vince: She must be really lethal.

Carol: Sounds like it. I can't believe she's that dangerous.

Lincoln: How are we gonna find her and stop her?

Linka: Yeah if she can change into anyone she could anywhere.

Nico: I can find out. I can smell her scent with Ferret's powers. (Sniffs) I don't smell her among us.

Me: Good thinking buddy. Nicole, you take Nico, Inque, Tara, Robin, Linka, Laney, Francis, Quicksilver, Kid Flash, Static and Gear. Jared, you, Lincoln, Laney and Varie will come with me. We're going to the Brotherhood of Evil base in Paris, France.

Jared: You got it dad.

Laney: It's in Paris? That's awful!

Lincoln: It sure is.

Varie: We're with you all the way.

Me: Okay. Lets move!

We head out.

---

In the city Nico was using Ferret's super smell and he was on the scent of Madame Rouge's trail.

Nico: She's close. I can smell it.

Nicole: I can sense it. But where is she?

Nico: I found something else too. Down this way.

They went down an alley and they found the last barrel of Bang Baby gas.

Nico: It's the last barrel of Bang Baby Gas.

Gear (sees the remaining Bang Baby gas): That was a waste. Rouge could've just caused another Big Bang with all of this. Instead, she wasted it on a weak guy like Shiv.

Quicksilver: What a waste.

Kid Flash: Yep.

Nico: (Sniffs) Madame Rouge is close. I smell her.

Nicole: Lead us to her.

They followed Nico and they saw him dash and punch a man in the face.

Nico: I know that's you Madame Rouge!

Madame Rouge revealed herself.

Madame Rouge: Very clever no?

Nicole: You're gonna pay for everything you've done Rouge.

We went at her and Nicole kicked her in the face and punched her in the stomach and the back of the head. She then punched her face in and like a blob of clay it was collapsed in.

Quicksilver: Lets use our combo K.F.

Kid Flash: You got it Quicksilver.

They ran really fast in circles around Madame Rouge.

Quicksilver and Kid Flash: SPEED FORCE PULVERIZER!

They punched her all over with the force of a billion sledgehammers and the strikes were too numerous to count.

They stopped and Inque faced her.

Rouge (to Inque): I may have given Jinx a free pass when we first met! But I won't hesitate to kill the likes of you just like I almost killed a certain Wildebeest and Hot Spot!

Inque: I may be a thief but I would never harm the innocent like you do. Murderer!

Inque formed her arms into blades and slashed at her and kicked her in the face and she cut her stomach.

Inque: You're finished Rouge.

Linka fired a blast of lightning and electrocuted her.

Robin: You'll pay for almost killing Hot Spot and Wildebeest, Rouge!

He went at her and ruthlessly pulverized her into pulp.

Robin (punches Rouge): This is for Wildebeest! (punches her again) For Hot Spot! (punches her again) For Jinx! (punches her again) For everything. (kills her with one last punch)

Robin was then shocked that he killed Rouge. But he quickly shook it off

Robin (to Rouge's dead body): You didn't give me a choice.

Nicole: And she never will again.

She fired an energy blast and completely obliterated her in an instant. There was nothing left of her.

Her spirit appeared.

Nicole: You will never terrorize the world again. (Chants an Incantation) ALDURON ENLENTHRANEL VOSOLUN LIRUS-NOR!

She was sealed into the Book of Vile Darkness for all eternity.

Madame Rouge: DAMN YOU AAAAAALLLLLLLLLLLLLLLLLLLL!

Linka: That takes care of her.

Nicole: Well, Rouge wanted the Book of Vile Darkness. Now she gets to be in it. Lets go catch up with Jared and the others.

Nico: You got it.

They set out.

---

In Paris, France they were at the remnants of the abandoned

Brotherhood of Evil base.

Jared: So this is the base of the Brotherhood of Evil.

They all looked around and they hit the jackpot on what they were planning. They found the Flash-Frozen corpses of Brain, Monsieur Mallah and General Immortus.

Beast Boy: Wow. Looks like Brain, Mallah, and Immortus still haven't been unfrozen yet.

Nico: Let's take them out while they're still on ice. I don't really want to deal with them when they're unfrozen.

Jared: Good idea Nico.

Nico used Father's fire powers and he and Jared fired a huge blast of fire at them and incinerated them all in an instant.

Jared: Enjoy the darkness of Hell, Brotherhood of Evil.

Lincoln: You said it Jared.

Laney: Those bozos deserve every second of it.

Nicole: You said it.

They searched and found blueprints, stolen money, all kinds of machines and more. They put it into scrolls and left. They fired an energy blast at the base and blew it into nothing but dust and rubble. The Brotherhood of Evil had been silenced forever.

Another Fanfiction Complete.

I remember seeing Madame Rouge on Teen Titans and she was one bad woman. She was probably the deadliest woman I've ever seen. The Brotherhood of Evil was a terrifying and ruthless group. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. I hope you all had an awesome Halloween. Let me know what you all think.

See you all next time.

# Angels and Birds VS Stupid Pigs

It starts with me, Jared, Lynn, Lincoln, Laney and Nico walking down the street. I was holding a trophy with a golden flaming dodgeball on it.

Lincoln: That was awesome how you won the Gotham Royal York Dodgeball Championship, J.D.!

Me: Thanks Lincoln. (To the viewers) As you all may recall I signed up for the Dodgeball Championship and out opponent was our rival school the Hazeltucky Badgers.

---

Me: (Narrating) **The competition was a majorly ferocious one. The rest of the entire team was out because they got hit and I was the only one left. The entire team was counting on me as I was up against 12 players. The odds were not stacked in my favor at all. But I've been in tougher scrapes before. I had a strategy.**

I was dodging and weaving as the other team was throwing dodgeballs at a rapid pace and when the other team was out of dodgeballs I sprung my trap. I threw all the dodgeballs at a rapid pace and they went at the other team faster than bullets fired from a gun.

Me: **All of their players were out except for those meatheads Hawk and Hank. It was just me and them and I had something special planned for them.**

Past me: (Imitating Dirty Harry) **Now you have to ask yourselves one question: Do ya feel lucky? Well,** (I pull out multiple dodgeballs in numerous octopus arms) **do ya? Punks?**

I had the balls set on fire and I threw them all at once.

They flew at them faster than bullets fired from a gun.

Hawk and Hank: (Quivering) Mommy!

They hit them and the entire back of the indoor stadium exploded in a massive explosion of fire and sent Hawk and Hank flying and they crashed into a manure plant with a tremendous splat.

KERSPLAT!

When the smoke cleared I was the only one left standing.

Me: **I won the contest and it was an awesome moment for me. It was the most awesome performance they had ever seen. They picked me up in a mesh net and chanted my name.**

FLASHBACK ENDS

Me: I found out that we haven't won an event like this since 1978 and I broke our losing streak for the first time in 40 years.

Jared: And it sure was awesome dad. They call me the reigning dodgeball champion.

Me: I know son. You inherited your dodgeball skills from me. Like father like son.

Laney: That was awesome how you showed those meatheads Hawk and Hank what for.

Me: Thanks Laney. But please stop. You're gonna give me a swollen head. But like I said after the Muscle Beach Extravaganza, I'm not in it for the fame and fortune, I'm in it for just the fun.

Lynn: You are a true sport J.D.

Nico: You sure are.

But then Hawk and Hank came out. They were covered in stinky poop and they were enraged.

Jared: Have a nice dip in the sludge pools Vomit Drinkers?

Hawk: You ruined our reputations J.D.!

Hank: We were made the laughingstocks of Juvie because of you!

Me: Funny. I thought you meatheads learned your lesson when I scared the living crud out of you during Halloween 2 years ago.

Lynn: Yeah you dumb stinkers!

Nico: Maybe this will make you see otherwise.

Nico zapped them both with Tchang Zu's lightning powers and electrocuted them really bad. They screamed in excruciating pain and their hair turned completely white and their clothes were badly burned. When it was done they were burned to a crisp and their hair fell off.

Lynn: What a couple of losers!

Laney: I agree Lynn.

Lincoln beat them into pulp and it was awesome to see him fight. He was beating up 2 kids that were twice his height and he smashed them badly.

We later walked home. We arrived and sat in the living room. We had to upgrade the trophy case to make room for more trophies.

Lana: That was awesome how you won the Dodgeball Championship!

Lisa: Indeed. You all are the first ever students to win such a event in 40 years.

Me: I know Lisa. I broke the losing streak.

Luan: You all sure did. They couldn't Dodge it. (Laughs to rimshot) Get it?

We laughed at Luan's joke.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) That was funny!

Duncan: It was. I heard that those fartkissers Hawk and Hank were in the competition.

Me: They were. Nurse Patti told me before we planned Vince's Birthday that they were demoted back to 5th grade after they got out of prison.

We laugh at that.

Lori: That is literally funny.

Leni: I thought they were in middle school.

Luna: They were dude. But because they've been away from school for so long they were demoted back to 5th grade.

Luan: That's very unusual. I would normally consider that to be cruel and unusual punishment.

Me: Same here Luan. But it's actually fitting for those lunkheads.

Rachel: I agree. They deserve to be called the most hated people in Gotham Royal York.

Me: My thoughts exactly Rach.

Lynn: Hey Virgil how did you destroy the Bang Baby Gas?

Static: We put it all on board a space capsule and sent it all into the Sun.

Lola: Good riddance to a horrible mistake on nature.

Lila: My thoughts exactly.

Shanan was meditating and she was having a strange vision in her mind. She saw a strange island in the tropics of the Caribbean and it had an eagle shaped rock. She saw it being taken over by green pigs and they're holding all the birds eggs hostage and are gonna EAT THEM FOR LUNCH!

Shanan gasped in horror.

Me: What's wrong Shanan?

Shanan: An island full of birds is in grave danger. It's been taken over by a bunch of green pigs and they are gonna eat the birds eggs for lunch.

We gasped.

Lincoln: Wait a second. I know this kind of scenario.

Lincoln pulled out his tablet and turned on the game Angry Birds.

Lincoln: In my favorite tablet game Angry Birds the green pigs are always trying to steal the eggs of the birds so they can eat them.

Me: I know this game all too well. Those stupid piggies will just never learn. They just keep stealing the eggs and they always get their little pig butts kicked by the birds.

Varie: Yep. They just won't take a hint.

Aylene: Usually evil never does Varie.

Varie: True.

Shanan: Well we have to stop them. Nico, Hulk, Maria, Francis, Ed, Arpeggio, Fuzzy, Lincoln, Lily, Laney, Riley, Ben, Lori, Lana, Zoe, you all come with me.

Lincoln: Okay Shanan.

Lyra: We want to help too.

Lyra, Liberty and Lee had blasters with them.

Lincoln: Can you three handle it?

Liberty: We can big brother.

Shanan: All right then. Lets go!

They were off.

---

They arrived at the bird island and they found it completely under siege.

Shanan: Looks like we got here just in time.

Ben: We sure did. Going hero.

Ben became Kickin Hawk!

Ben: KICKIN HAWK!

Shanan: An Akatorian from the planet Akatorius.

Kickin Hawk: That's right Shanan. I got new aliens before me and Gwen came here.

Lincoln: That is so cool!

Nico: Lets get these stupid piggies.

They sprang into action.

Arpeggio flew over to the castle and Leonard saw him in front of him.

Leonard: Another bird?! Those imbeciles must be getting new members!

Arpeggio: (British Accent) I'm just someone who's fighting for the rights of birds everywhere!

Arpeggio kicked and punched Leonard in the snout and mouth and knocked out some of his teeth.

Francis was punching and bashing some of the pigs. He was also frying them with his flamethrower.

Francis (fries some pigs with his flamethrower): Fry, you pigs! And no, I'm not talking about cops!

Maria was drenching them with her water powers.

Lincoln: I don't know about you guys but I have a massive craving for deep fried roasted pork.

Lily: Me too big brother.

Lincoln fired his lightning powers and electrocuted a lot of pigs and Lily was drowning them with her water powers. Lyra was pulverizing some of the pigs with her martial arts. Liberty was blasting the pigs with her blaster.

Liberty: Lets see how you like scalding hot nacho cheese sauce!

She fired a stream of molten hot nacho cheese sauce and killed some of the stupid pigs.

Lee was blasting and punching and killing lots of pigs. Laney was slashing pigs apart with her sword.

Laney: I always think pigs are cute but in this kind of case I'll make an exception.

A white bird named Matilda was helping her.

Matilda: This little piggy popped!

She fired an egg bomb and it exploded and killed a bunch of pigs.

KABOOM!

Matilda: This little piggy exploded!

She fired another egg bomb and killed a bunch of pigs.

KABOOOM!

Matilda: And this little piggy went wee wee wee I want my momma!

She fired another egg bomb and it exploded and sent a bunch of pigs flying to their deaths.

KABOOOOMMMM!

Laney: That was funny and awesome!

Matilda: Thank you.

Nico was in the air.

Nico: Here comes my Po Kong Cannonball!

He dropped and slammed into the middle of the kingdom with devastating force.

KRABLLLLAAAAAAAAAAAAAAAMMMMMMM!

There was a crater in the middle of the kingdom. And lots of those stupid piggies were flattened into pulpy pancakes.

Nico: Green Pigs, you have all failed this island!

Ed: Lets see how you face a monster!

Ed became Edzilla.

Edzilla went on the same rampage like he did in Peach Creek. He was tearing everything apart and turning all the metal structures into chickens. Plus he was eating some of the pigs.

Edzilla (eating pigs): YUMMY YUMMY YUMMY! ED'S GOT PIGS IN ED'S TUMMY!

Francis (laughs at Edzilla eating pigs): Oh man! Ed's an animal!

Maria (eyes wide): What did we just unleash?

Ben was kicking and slashing some of the pigs.

Kickin Hawk: You pigs are perfect for our feast.

Arpeggio was flying around and slashing pigs and Fuzzy was blasting them with his boomstick.

BANG BANG BANG BANG!

Arpeggio: Lets use our combo Fuzzy.

Fuzzy: You got it!

Fuzzy and Arpeggio threw a bunch of feathers and spinning saw blades. The feathers turned into razor sharp sawblades.

Arpeggio and Fuzzy: SAWBLADE FEATHER DOWNPOUR!

The sawblades and feathers rained onto the pigs and slashed them apart.

Francis: Maria lets use our combo on the city.

Maria: You got it Francis

Francis fired a blast of fire with his flamethrower and Maria fired a torrent of gasoline.

It ignited.

Francis and Maria: FLAMING GASOLINE DELUGE!

The flaming gasoline lit most of the buildings on fire and the stupid piggies were being torched.

A pink bird named Stella was blowing bubbles and trapping pigs in them and they popped and Francis torched them.

Francis: That was awesome.

Stella: Thanks.

A blue bird wearing a snow cap named Willow was spinning like a tornado with a somersault fashion and she sucked in some pigs and Laney was slashing them.

Laney: That was awesome. Great job Willow.

Willow: Thanks Laney.

A little blue bird named Luca fired a sonic shockwave and shattered the ears of pigs and Lily kicked them into the air and punched them into the ground.

Lily: That was awesome Luca.

Luca: Piggies bad.

Lily picked him up.

Lily: (Giggles) Yes they are.

Nico: Hulk lets use our combo.

Hulk: You got it!

They jumped high into the air and Nico used Doomsday's strength.

They went down.

Nico and Hulk: SEISMIC JUSTICE SHOCKWAVE!

They slammed into the ground with devastating force.

KRABBBBBBBBBBBLLLLLLAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

The shockwave sent numerous pigs into the air and two birds helped out.

A yellow bird named Poppy spun like a tornado and drilled the pigs and a smart brown bird named Dahlia threw chemicals at them and exploded.

KABOOM! KABOOM! KABOOM!

An orange bird named Bubbles landed in front of a bunch of pigs. They dogpiled on him and Bubbles inflated to gargantuan size.

Bubbles: I TOLD YOU NOT TO MESS WITH ME!

Lori was blowing the pigs away with her wind powers and slashing them apart with her sword.

Lori: You pigs literally make me sick!

SLASH SLASH SLASH!

Lana fired blasts of ice lightning and froze some of the pigs.

Lana: You bad stupid piggies are really getting the Cold Shoulder! (Laughs)

Zoe fired numerous blasts of dark magic and turned the pigs into lots and lots of ham and delicious pork.

Zoe: You pigs really make my appetite soar.

A boomerang bird named Hal hit the pigs still in the air and a bird named Silver hit them too. A black bird named Bomb exploded and blew up the ramp for the piggies air force.

KRABOOOOOOOOOOOOOOOMMMMMMMMM!

Bomb: HA HA! I BLOWED UP! ON PURPOSE!

He smashed into the castle.

Shanan, Riley and Laney formed a bunch of bramble vine whips and lashed a bunch of pigs.

Shanan: You pigs are so stupid! I'm going after Leonard.

Riley: Show no mercy Shanan.

Shanan: I plan not to.

She flew into the castle and busted through the walls and faced Leonard.

Shanan: You are not eating those eggs ever Leonard! Your kingdom has fallen!

She punched him in the face and kicked him in the stomach.

Red: I can't believe I'm about to do this. HIIIII YOO HAAAAAAAAAAAAAAA!

Mighty Eagle: Oh! My battle cry?

Mighty Eagle flew over the castle.

Mighty Eagle: MIGHTY EAGLE!

He smashed through the roof of the castle and clumsily slid on the table and hit the golden pig pot.

CLANG!

Red: Mighty Eagle! Mighty Eagle wake up! (Slaps him with his tongue) Come on! (Disgusted) Oh that's bad breath.

Mighty Eagle: (Stupidly) I can sleep late mom. It's not a school day.

Leonard: Throw them in the pot too. I'll have the big turkey.

Shanan punched Leonard again.

Shanan: He's an eagle you rotten snout faced idiot!

A yellow bird named Chuck used his fast speed and opened the door to the room. Bomb came in.

Bomb: RED! Whoa. What did I miss?

Red: You got to fly those eggs to safety.

Mighty Eagle: I got this. Here we go!

He grabbed the net containing the eggs and carried them away.

Red: Yes Yes yes!

Leonard: MY EGGS!

Shanan: They aren't your eggs you imbecile!

She punched him in the face and kicked him in the back of the head and blew the other pigs away into a special pen.

Leonard: You're wrecking my house! What's wrong with you!?

Shanan: Question is what's wrong with YOU!? You wrecked everyone's homes here!

Leonard: Those houses were ugly!

Shanan: We'll now we're even.

She kicked him in the face again and the Chandelier fell through the floor. She let go and was flying.

Ed was finishing the pigs and when he was done he released a massive belch.

BBBBBUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUU

The rancid stench of the burp killed some of the pigs.

Edzilla: Ed stuffed.

Shanan saw a huge cache of dynamite below and Leonard was in it.

Shanan: Give my regards to the netherworld.

She made a fireball and dropped it and lit the fuses and flew away. All the dynamite exploded all at once and they flew away as the whole place exploded.

KRAAAAABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole kingdom was now a massive fiery mushroom cloud and Leonard's reign of terror was over. He and 9 other pigs survived. His foreman and chef survived too. Shanan went up to them and she was not happy.

Shanan: You stupid pigs are in really big trouble.

Everyone gathered and they all had angry looks on their faces.

Leonard: (Nervously) Can't we just talk this over.

Shanan: Oh you'll do plenty of talking where you're going and there will be plenty of time to think about everything you stupid pigs have done.

Shanan sent Leonard and his stupid pig henchmen to the newest prison we built: The Pluto Prison for Tyrants. Pluto is the Farthest planet away from the Sun and at 3.67 billion miles away it would be a difficult place to see. The prison is on the mountains of Cthulhu Regio. If anyone escapes they would freeze to death instantly. We call it the Alcatraz of Pluto. The pigs will never be able to escape from the Pluto prison and they were sentenced to eternity there.

Red: Shanan we can't thank you enough for saving our island.

Shanan: You're welcome Red.

Lincoln: We're glad we can help out.

Lily: Same here.

Lana: This was awesome how we fought those stupid pigs.

Zoe: It sure was Lana. You were awesome.

Lana: Thanks Big sis.

Dahlia: It was awesome fighting with all of you Shanan. I made this for you guys.

Dahlia made a special call watch that can call them whenever needed. The eggs hatched and 3 blue birds were made part of the family. They can break through glass. Shanan and team went home.

---

After they came home they told us what went down and they also came home with 637,000 pounds of succulent pork in all forms. We gave some of it to the poor, homeless shelters, food drives and banks. We kept some of it for dinner. Pork is actually much more healthier than beef. We had a great ham dinner. Laney's pig Squeals didn't agree but he was cool with it. He didn't eat any though.

THE END

Another Fanfiction Complete.

Angry Birds is one of the most popular and most addictive iPad games in the world. I love all the birds and what they do. It's awesome! But those stupid green pigs just will never learn OR take a hint in stealing their eggs. What a bunch of stupid idiots. But I did this one off of the Angry Birds Movie from 2016. That movie was awesome! The fight in that movie was awesome! It was just like in the game but much more cooler! NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Bill Hader, Jason Sudeikis, Josh Gad, Danny McBride, Peter Dinklage and many more stars did a great job in that movie and a sequel to it is coming out in 2019. Let me know what you all think.

See you all next time.

Angry Birds Movie is owned by Columbia Pictures, Rovio Animation and Clay Kaytis and Fergal Reilly.

# Nature's Babysitting Adventure

It starts in the Estate. We were just waking up.

Lincoln: (Yawns) Aah. Sunday mornings. My homework's done, my chores are complete and I'm looking forward to a whole day of freedom!

Me: You said it buddy!

Rachel: I can't wait to have some fun!

Varie: Me too!

Janeen: Oh yeah! This is gonna be awesome!

Linka: It sure is.

We start dancing and then we heard Rita.

Rita: (Offscreen) RISE AND SHINE KIDS! WE'RE GOING TO AUNT RUTH'S TODAY! YAAAYYY!

We stop dancing.

Me: It's that time again. We haven't babysat in a while.

Varie: I know. We've been so busy saving the world that we haven't done so.

Me: Well lets see who gets the job.

I spin my Daughter Wheel and it landed on Shanan.

Me: Shanan is the lucky girl. Carol, Leni, Sam, Luan, Lynn, Shannon, Lincoln, Linka, Lilly, Janeen, Girl Jordan, Lucy, Laney, Lana, Lila, Lisa, Penny and Lily will be staying back with her.

Janeen: Awesome!

Linka: This is gonna be so cool!

---

At the front door we got ready.

Me: You know what to do, right Shanan?

Shanan: I sure do dad. I learned so much about babysitting from you and mom.

Me: Cool sweetheart. Have a good time.

Rita: We're actually gonna be gone until 8:00 tonight. We're going out to eat this time.

Shanan: All right Ms. Rita. That'll give us more time to have more activities.

Rita: It will.

Lynn Sr.: If I have to see that extra toe so help me…

Everyone but the rest of the kids left and they cheered.

Lana: This is gonna be so much fun!

Girl Jordan: It sure is.

Shanan: I have so much stuff planned.

There was a knock at the door and Shanan answered it. It was Eddy.

Eddy: Hey Shanan. What's happening?

Shanan: Oh hello Eddy. I was picked for the babysitting adventure today.

Eddy: So everyone is at Aunt Ruth? You all haven't been there in a while.

Shanan: Tell me about it. I wish everyone wasn't though.

Luan: Hey my King of Comedy.

Eddy: Hey my Angel Queen of Comedy.

They kissed.

Girl Jordan: Awwww.

Lincoln: It's always adorable seeing them together.

Lynn: It sure is Link.

There was another knock at the door. It was Nico, Mindy and Connor.

Shanan: Hey Nico.

Nico: Hey Shanan. My mom, dad and Alicia are out of town so I have to babysit my little sibs.

Shanan: Not a problem. Hey Mindy, Connor, what's up?

Mindy: Not much. I've been training hard now that I'm on Team Loud Phoenix Storm.

Connor: And I've been learning lots of joke material.

Shanan: That's cool.

Nico: Where's everyone else?

Shanan: Oh that's right you don't know about this. Every three weeks they go and visit their Aunt Ruth.

Lincoln: And going to our Aunt Ruth is a major nightmare.

Shanan: She's their grandpa Albert's sister and she is the epitome of a slob and a prominent example of the Cardinal Sin of Sloth.

Mindy: She must be really bad.

Shanan: She's a nice woman but she would rather have other people do her work for her.

Lincoln: Visits to moms aunt are torture!

*[A montage of all the things we do at Aunt Ruth's is shown.]*

**Lincoln: " She makes us look at a million pictures of her cats."**

**Shanan: She has thousands of pictures of her cats from her travels from around the world and we get bored out of our skulls from having to see them. Not to mention that her house is crawling with cats itself.**

**Ruth:** "Here's Mittens in Egypt. We were going to visit the pyramids, but Mittens hates the heat." *[cuddles Mittens]* "Don't you, baby?"

*[Cut to us eating something questionable.]*

**Lincoln: " She feeds us gross food. "**

**Shanan: The Food is over 60 years old and it's a miracle we all haven't died from it because of food borne illnesses.**

**Lori:** "Ew. When was this pudding made?"

**Lisa:** *[examining the can]* "Seeing as this flag on the label only has 48 stars…"

*[Cut to Lincoln cleaning out the cats' litter box.]*

**Lincoln: " And she always singles me out to do special chores. "**

**Shanan: Because of Aunt Ruth's cats, he has to clean out all of her litter-boxes. That is why she relies on others to do her work for her.**

**Ruth:** "And when you're done scooping, you can start rubbing these bunions. Don't forget my extra toe!"

*[A sixth toe protrudes from her left foot.]*

**Shanan: Aunt Ruth even has a sixth toe on her left foot. It's either from a birth defect or something else. It's really**

**repulsive. In fact it even makes Lynn Sr. hurl his guts out every time he sees it.**

*[Lincoln cringes in disgust.]*

**Lana:** *[disappointed]* "Lucky."

**Shanan: Lana's the only one that actually likes going to Aunt Ruth's.**

**Lincoln: "That's right. The only Loud's who got to skip out on Aunt Ruth's are Lily and Dad. "**

*[Lily pulls on one of Ruth's cats' tails. End montage.]*

Lincoln: Aunt Ruth doesn't trust Lily around her cats. So dad stayed home and babysat her.

Shanan: So dad formed this babysitting plan where one of us will stay and babysit some of the Loud's while the rest go to Aunt Ruth's.

Luan: That's right. I don't like going to Aunt Ruth's so I stay back too.

Laney: I like helping out so I stay back too.

Lily: I don't know why she doesn't trust me around her cats. I may be a baby in the body of a 10-year-old girl because of my powers but that's all right. I like hanging out with my family at home.

Nico: That's cool. I'm sorry you all have to go through all that. That is something I would consider as a form of capital punishment.

Shanan: Dad said exactly the same thing.

We laughed.

Mindy: But this plan is genius.

Connor: It sure is.

A third knock was heard and Shanan opened it. It was Paige.

Shanan: Oh hey Paige.

Paige: Hey Shanan.

Lincoln: Hey Paige what's happening?

Paige: Not much. Becky let me go visit you guys.

Shanan: Awesome. We always love having you here. I'm babysitting for some of the family while everyone else is out.

Paige: That's cool!

Nico: I agree. So what do you guys do first?

Shanan: Well Ms. Rita said that everyone won't be back until 8:00 tonight. So we have a lot of time to do all our favorite activities. First is Simulator battles. We go into the Simulator for this.

Mindy: Awesome!

They went to the simulator.

---

In the Simulator they got ready.

Girl Jordan: So what adventure are we gonna do first?

Shanan: We're gonna go after Slade Wilson when he had Tara under his control. I'll go in first and Lincoln and Janeen will come with me.

Janeen: This is gonna be awesome!

Shanan: It is. I invited the Teen Titans to watch with us.

They came in.

Robin: Hey guys.

Cyborg: We heard that you all are gonna go after Slade during the battle we killed him in when he was controlling Terra.

Tara: I can't believe that Slade manipulated me like that.

Beast Boy: It's not your fault Tara. Slade is a master manipulator and he got what he deserved.

Starfire: Yes. He sure did.

Shanan: Lets go guys.

Paige: Good luck Linky.

Lincoln: Thanks Paige. I'll be all right.

They went in and the Simulator Activated.

* * *

Shanan, Lincoln and Janeen found themselves in Jump City. It was under turmoil by Slade's robots and the Teen Titans had just finished them off. Beast Boy went off to find Terra.

Shanan: I know where Beast Boy is heading to. Come on.

They flew down into a cave and it was 2,624 feet below the surface.

Shanan: Keep your wits above you.

Lincoln: Okay.

Janeen: I sense trouble up ahead.

They went into the a huge pocket and it was Slade's lair. They found Slade and he had Terra under his control somehow.

* * *

CONTROL ROOM

Tara: That was the most horrific ordeal I've ever gone through.

Robin: I'll never forget that.

Nico: What happened there?

Tara: Slade put a suit on me that fused itself into my nervous system and he had some kind of control on me.

Linka: Like a remote control suit.

Tara: That's right.

Lilly: That suit is an abomination to nature.

Laney: You'll get no argument from me Lilly.

Riley: Same here.

---

SIMULATOR

Janeen: That is sick.

Janeen and Lincoln fired a blast of lightning and it hit Slade before he could even react and electrocuted him badly. This short-circuited the suit and severed his control link to Terra.

Shanan: Slade you will pay for everything you've done.

Shanan went Super Angel 10,000 Nature Fairy.

Slade: Impressive. You got me before I could act. Terra you can kill them.

Terra: NO!

Lincoln fired a blast of lightning at Terra and electrocuted her. But the lightning destroyed the suit she had on and she had bandages on her chest and black underwear.

Terra: I'm free.

Lincoln: Lightning is far more powerful than Earth.

Terra: Thank you for freeing me. Now it's personal.

Lincoln went Super Angel 3 and Shanan went after Slade and punched him in the face and kicked him in the stomach. Terra moved the earth around and had Slade at a terrible disadvantage. Shanan kicked him in the back of the head and punched him in the stomach and chest and kicked him in the face. Terra threw a bunch of rocks at him.

Lincoln and Janeen fired a huge blast of lightning at Slade and electrocuted him badly. The other Titans arrived and they saw the savage onslaught on Slade. They saw Shanan, Lincoln and Janeen and a redeemed Terra tearing Slade apart.

Lincoln flew up to Slade and fired a lightning ball at Slade and knocked him off the rock pillar and sent him falling.

Terra went to see if he was dead, but she was caught off guard as Slade jumped up from the chasm and punched her in the face. He grabbed her by the bandages. She built up her power.

Terra: YOU… CAN'T… CONTROL… ME… ANYMORE!

She released her power and in a huge explosion it killed Slade in an instant.

KRABOOOOOOOOOOMMMMMM!

Shanan: Go to Hell Slade!

Terra was exhausted. Suddenly without warning massive geysers of lava erupted out of the cave floor and the ground was shaking violently.

Robin: Terra's power! It's triggered a Volcano!

Cyborg looked at his analyzer.

Cyborg: Big enough to take out the whole city and way too big to stop!

Raven: We have to get out off here!

The Titans left.

Beast Boy: Terra! Come on we got to go!

Terra: I have to stay.

Shanan: (Gasp) No you can't! It's too dangerous!

Lincoln: Yeah we have to go!

Terra: I'm the only one that can stop it.

Janeen: That's crazy Terra.

Beast Boy: Please Terra you can't! It's too late.

Terra: It's never too late.

They embraced for one last hug and she cried.

Terra: You're the best friend I've ever had.

Terra got them out of there and the volcano was getting worse.

(Terra's Theme Song plays)

Terra built up her power to an incredible degree. Slade's mask of evil was consumed by the lava. Shanan, Lincoln and Janeen watched on in sheer horror as Terra released the full potential of her power and stop the volcano!

Terra:
AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Shanan: Terra.

The explosion of power she released was so powerful and so devastating that it was unbelievable.

Shanan: (SCREAMING)
TEEEEEERRRRRRRRRAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Lincoln and Janeen were gasping at the sheer magnitude and ferocity of the level of power being released.

Lincoln: Has Terra lost her mind or what!? It's too much! She could die!

The level of power Terra released was unbelievable.

Lincoln: What has she done!?

Janeen: Terra! I can't let her do this!

Lincoln: Janeen wait! You know as well as I do she can't survive a blast like that. She's doing this to redeem herself and save people from destruction. She's risking her own life for the sake and love of her friends! Let her finish what she started.

The power of the earth was incredible.

---

DBZ Narrator: AND SO ONE OF THE EARTH'S MIGHTIEST SUPERHEROES HAS VANISHED IN A BLINDING FLASH OF LIGHT, HAVING MADE THE ULTIMATE SACRIFICE FOR THE LOVE AND SAFETY OF HER FRIENDS. HER NAME WAS TARA MARKOV A.K.A. TERRA, A PRINCESS, A TRUE HERO, AND A BRAVE… TEEN… TITAN.

---

When the smoke cleared Terra's power had ultimately done the trick. But with a heavy price. Terra was now a stone statue frozen in time for all eternity.

Shanan, Lincoln and Janeen saw the statue and Shanan was overtaken with grief.

Janeen: Are you sensing what I'm sensing Lincoln?

Lincoln: Yes. Terra's energy signal has completely disappeared. She's gone.

She walked up to the statue and broke down crying.

Shanan: (Crying hard) It's all my fault! It's all my fault!

She punched the ground and cracked it.

Lincoln: Shanan, no it's not.

Shanan: I should've stopped it! (Crying) I should've stopped her from doing this! TERRA! WHY!? WHY!?

Janeen came and comforted her.

Janeen: I'm so sorry Shanan.

Shanan's sadness quickly turned into extreme hatred and rage. She got up and flared up her power.

Shanan: SLADE! THIS IS ALL YOUR FAULT! IF YOU EVER COME BACK, I SWEAR THAT I WILL KILL YOU! I WILL NEVER FORGIVE YOU FOR ANY OF YOUR CRIMES SLADE! AS LONG AS I HAVE MY FRIENDS AND LOVED ONES BY MY SIDE, I… WILL… HAVE… MY… REVENGE!

Shanan had sworn to get Vengeance on Slade Wilson and she will make sure that he pays for everything he has done. He will pay far beyond the Ultimate Price for everything he has done. Not just to the Teen Titans, but to Terra and to the world.

The Teen Titan's came into the Simulator. It was time for the next exercise.

Shanan: We have time for 5 more exercises.

Robin: This is gonna be good.

Lincoln: By the way Tara, how did you manage to get out of the statue?

Tara: It was Beast Boy that did it. He kissed me on the lips and released me from it. He resurrected me.

Janeen: Wow! That's amazing. It's the difference a kiss can make between life and death.

Tara: That's right Janeen.

Beast Boy: That's a very powerful saying.

Robin: And very philosophical too.

Argent: I agree.

Shanan: Lets get started.

---

The 2nd exercise activated and they all found themselves in the middle of a factory.

Beast Boy: Ah. Home sweet home.

Raven: Too bad Trigon and Slade are going to try and destroy everything again.

Shanan sensed an all too familiar presence. She saw SLADE WILSON back from the dead.

Slade: Its been a long time hasn't it Titans. A month? A year? A millennium?

Cyborg: (Shocked) How? How did you survive?

Beast Boy: Terra took you down. WAY DOWN!

Slade: Terra. This is an unexpected surprise. The last time I checked, you were still a statue.

Tara: You can't keep a good Titan down, Slade!

Slade: You did so well as my Apprentice. But you can still willingly come back to my side.

Tara: Why? So I can let you and Trigon burn the entire world? I don't think so!

Shanan: SLADE! You will pay for everything you've done! I will have my revenge!

Slade then suddenly had a glowing red S emblazoned on his forehead.

Slade: We shall see. But's it not you I want.

He fired a massive blast of fire and it went towards Raven. Shanan teleported Raven away.

Lincoln: How did he do that!?

Shanan: His power is unreal! This is not the same Slade that Tara killed. Lets dance Slade!

Shanan went Super Angel 10,000 Nature Fairy and she teleported and punched him in the face and kicked him in the stomach. She punched him and sent him crashing into the wall of the factory. He got up and Yuko suddenly appeared.

Yuko: Let me face him for a few Shanan.

Shanan: I wanted to have you face him first Yuko. Fight fire with fire.

Yuko: That's right.

Shanan: Be careful. Raven we have to get you away from him.

Raven: Right. I know why he's here.

Shanan: Same here.

Yuko went Super Angel 2 and fired a huge blast of fire at him and it exploded when it hit him.

KRABOOOMMM!

When the smoke cleared Slade had a nasty burn on his chest. He regenerated.

Yuko: You want to get to Raven, you'll have to go through me!

Slade: Then I shall. The Portal Must be Opened!

Yuko: Not on my watch it won't!

Yuko grabbed a pole and caused fire to cover it without it being melted. Slade did the same.

Yuko: Lesson here Slade. Never play with fire.

They engaged in a violent clash of the Inferno. Sparks, flames and embers were flying everywhere. Igniting everything and turning the whole area into a massive raging inferno. During the fight Shanan, Lincoln, Janeen and the Titan's ran from the scene and they watched as the whole factory exploded into a massive and raging inferno.

Yuko absorbed all the fire and she went at him and kneed him in the face and kicked him in the chest and punched him in the stomach. She then fired an enormous blast of fire at him. It hit him and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

Slade arose from the flames and he was badly mangled up. He cracked all his bones back together. Yuko fired numerous fireballs at him and they hit him all over. Slade then fired a stream of fire and it became raven talons and Yuko dodged them and fired an enormous blast of fire and it hit him and exploded with incredible power.

KRAABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The fire was intense. Slade came out of the flames and he was badly mutilated and burned. His hands were now skeletal hands, his clothes were torn up, shredded and torched and his face mask was cracked and it fell off. He was really an immortal infernal living skeleton and over his right eye socket was a slash mark scar and his right eye was gone. This indicated that someone slashed out his eye in a fight somehow. Yuko was horrified at what she was seeing.

Yuko: What the heck are you!?

Slade: When Terra killed me I was saved from death by Trigon and he made me a deal I couldn't refuse. In exchange for my services to him, if I could help him open the portal that would bring him to Earth, he would give me my life back. He granted me these fire powers, immortality and the ability to control his armies.

Yuko: So you sold your soul to the Devil in a sense.

Slade: If you can call it that.

Yuko: I think you thought wrong.

She then dashed and grabbed Slade and flared up her fire aura and stripped him of his powers and made them her own. The Mark of Scath was now emblazoned on her forehead over the Fire Snake Symbol and her fire powers were enhanced beyond all known parameters.

Yuko: Wow! What power! I feel stronger than ever before.

Shanan, Lincoln, Janeen and the Titans came back and they saw that Yuko had beaten Slade.

Yuko: It's all right guys. Slade is beaten. He's been stripped of his powers and is now an immortal powerless husk cursed to forever wander the Earth.

They were shocked that she was able to accomplish such a feat.

Shanan: Wow! I can't believe you beat Slade! You really destroyed him!

Robin: That's really impressive.

Argent: I'll say. Great job Yuko.

Yuko: Thanks guys.

But Slade was not finished yet. He may be dead, but he was still standing.

Slade: I may be powerless but I'm not going down without a fight.

Shanan: We shall see.

Robin: One shall stand. One shall fall.

Slade: Why throw away your life so recklessly?

Robin: That's a question you should ask yourself, Slade.

Slade: No! I'll crush you with my bare hands!

Lincoln: Come and try it.

Lincoln went Super Angel 3 and they all charged at him. Shanan punched him in the face with devastating force and Robin beat him several times with his staff at a blazing speed. Starfire fired numerous star bolts and laser vision eyes. Blackfire did the same. Beast Boy became a tyrannosaurus and grabbed him in his mouth and shook him around and threw him.

Raven: AZARATH METRION ZINTHOS!

She fired a blast of dark energy at him and burned him. Cyborg blasted him with a sonic blast. Argent fired energy blasts at Slade and blew him all over the place. Lincoln and Janeen fired lightning blasts at Slade and electrocuted him badly. Bumblebee fired laser blasts at him from her B Blasters while flying at incredible speed. Jinx fired purple energy blades at him and burned and slashed him. Slade fell to the ground and Kid Flash ran at a blazing speed and punched him all over the place.

Argent: Raven lets use our combo on him.

Raven: You got it Argent.

Raven fired a blast of dark energy and Argent fired red energy.

Argent and Raven: MURDER OF CROWS OF DARKNESS!

The blasts combined and turned into a massive murder of glowing crows and they bombarded Slade and hit him everywhere.

Shanan: Now to finish you off once and for all Slade.

Slade: I never knew you Titans were so powerful now!

Cyborg: Sorry, Slade. But we got rid of you a long time ago. You're history!

Shanan: (Cups hands to side) This time you will forever burn in Hell! KAAAAA! MEEEEEE! HAAAAAA! MEEEEEEE!

HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Shanan fired a Kamehameha Wave at Slade.

Slade: This can't be happening to me!

The blast enveloped him and completely obliterated him in an instant. The blast went up into space and vanished.

Shanan: It's over guys. Slade's energy signal has disappeared. But the fight's not over yet. We have time for 4 more exercises. We're gonna fight Trigon next.

Raven: Trigon is my father and he's all powerful.

Shanan: I know. He tried to destroy the entire universe before. Lets do it.

---

The Simulator changed and the world was now a Hellish Nightmare. The skies were red and clouded up with storm clouds, lightning struck all over, all the buildings were destroyed and the seas were now lava. The people all over the world were now turned to stone.

Shanan, Yuko, Lincoln, Janeen and the Titans looked around.

Shanan: My gosh. The whole world has gone to Hell.

THUNDERCLAP!

Bumblebee: The whole planet is now a cataclysmic hellish nightmare.

Starfire: This is the work of Trigon. He turned the whole world into a nightmare.

Lincoln: So this is what happened when Trigon was unleashed onto the world.

Janeen: This is a nightmare.

Robin: Trigon was one of the most powerful villains we had ever faced in our dimension.

Starfire: Yes. He is the most dangerous villain of them all.

Shanan: He's the ultimate personification of evil in its purest form. Lets find him and destroy him for good.

They walked around the city and it was like something out of a post-apocalyptic zombie movie.

Kid Flash: This place is a nightmare.

Shanan: Yeah. (Sees something) Wait! Look!

They saw Trigon sitting in the Titans Tower like a chair.

Shanan: There he is. In all of his Malevolent Glory.

Robin: That's him.

Starfire: He was very strong the first time we fought him.

Shanan: I believe it. I'll start us off. (Cups hands to side) 10X KAAA! MEEE! HAAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

Shanan fired a red Kamehameha Wave and Trigon never even saw it coming as it hit him in the chest and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He screamed and rolled in the sea of lava.

THUNDERCLAP!

Lincoln fired a blast of lightning and it hit Trigon in the arm and burned him bad. Yuko fired a massive blast if fire at him and burned him badly. She called forth Trigon's minions and they went at Trigon and burned his legs. Trigon's armies now serve her.

Janeen fired a blast of lightning and it hit Trigon in the eyes. He screamed in pain and he saw us.

Trigon: **So you wretched vermin have decided to challenge me in my world. (Laughs Malevolently) How amusing. I'm impressed that you were able to do this much damage.**

Shanan: We aim to please Trigon. You will pay for everything that you've done all over the universe.

Shanan fired numerous blasts of energy and burned him badly. Argent fired lots of energy blasts at him. Bumblebee flew around him and fired numerous blasts at him from her blasters.

Bumblebee: Lets use our combo Tara!

Tara: You got it!

Tara formed a huge barrage of razor sharp rock points and Bumblebee was in the middle of them.

Bumblebee and Tara: STING OF THE EARTH WASP!

They hit Trigon at a ferocious pace and wounded him badly. It was a ferocious and savage onslaught.

Raven looked at him with justification.

Trigon got up.

Trigon: **So my dear daughter has help. You are still no threat to me little girl. I am your creator, your master. You exist only to serve me. You survived only because I allow it. WHAT HOPE COULD A MERE CHILD HAVE OF DEFEATING HER ALL POWERFUL FATHER!?**

Raven: You may have created me. But you were NEVER my father!

Raven fired a white energy blast at him and Yuko fired a blast of fire and burned him.

They all attacked him.

Raven: Fathers are kind!

She fired another blast and Starfire fired a star bolt blast.

Raven: Fathers protect you!

She fired another blast and Lincoln and Janeen fired a blast of lightning.

Raven: Fathers raise you!

She fired another blast and Bumblebee, Argent and Cyborg fired blasts at him.

Raven: I was protected by the Monks of Azarath. I was raised by my friends!

Trigon was in a tremendous amount of pain.

Raven got a huge amount of energy from everyone.

Raven: They are my family! This is my home and you are not welcome here!

Shanan: And never will be!

Raven: AZARATH METRION ZINTHOS!

A massive white raven appeared and enveloped Trigon and obliterated him in an instant. It swept over the world and everything was reverted back to normal.

Shanan: Raven that was…

Bumblebee: Unbelievable.

Raven: No it wasn't. You all believed. And someone did too.

She hugged Robin.

Tara: That was amazing.

Raven: Thanks Tara. I'm glad we're all okay.

Argent: Same here.

The evil spirits of Slade and Trigon appeared.

Nicole: (Offscreen) You two will never terrorize the world again!

They saw Nicole with the Book of Vile Darkness ready.

Nicole: (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

The spirits went into the book and they were gone forever.

Shanan: Perfect timing sis.

Nicole: Thanks Shanan. Trigon and Slade are two of my biggest targets on my hit list for the Book of Vile Darkness.

Shanan: I believe it. Lets go home.

They did and everyone in the control room cheered wildly for them.

Laney: You all were awesome!

Girl Jordan: You sure were. Slade and Trigon never stood a chance.

Yuko: No they didn't.

Suddenly Tara got sick to her stomach. She went to a trash can and hurled.

Shanan: Are you all right Tara?

Tara: I think so. Something has been bothering my stomach lately.

Shanan: Let me see here.

Shanan did a scan of her with her energy sensing powers and what she saw was joyful. She found out that Tara was pregnant with twins.

Shanan gasped in excitement.

Shanan: I don't believe it!

Lisa: If you are thinking exactly what I'm thinking too Shanan then you are correct. Tara is indeed pregnant.

Tara gasped in shock.

Tara: I'm pregnant!? How is that possible!?

Shanan: I was able to find out with my energy sensing powers. You're gonna have twins. They're developing right now as we speak. How long has this been going on for you Tara?

Tara: 6 weeks. I haven't noticed. Beast Boy I'm pregnant!

They jumped with joy and the other Titans were excited. Everyone else cheered wildly for them.

Carol: We're so excited for you both!

Luan: It's Baby love. (Laughs to rimshot) Get it? But seriously Tara congratulations.

Eddy: I agree. Way to go.

Paige: Tara I'm so happy for you.

She hugs her.

Tara: Thanks Paige. Thanks guys.

Mindy: You're welcome Tara.

Nico: We'll be counting down the days. What week is she on?

Shanan: My energy sensing powers say 8 weeks. So we have 29 more weeks to go. They don't reach peak maturity until week 37.

Laney: We'll also have to go to a doctor to find out more later on.

Robin: We sure will.

Shanan had something for Robin. It was Slade's burned and cracked mask.

Shanan: Here Robin.

Robin: Slade's Mask?

Shanan: Figured you would like it as a trophy. An artifact that reminds us and you of what Slade did to everyone.

Robin: Thanks Shanan.

Robin took the mask.

Shanan: We have time for 3 more adventures.

Yuko: I want to do one.

Shanan: All right. I have just the adventure for you.

Yuko: Okay.

She went into the Simulator and it activated.

---

Yuko found herself in the land of Camelot from the ancient Arthurian Legend.

Yuko: I'm in Camelot. I've known all the stories of Camelot since I was a little girl. But when Godzilla destroyed our planet I forgot all about it.

She walked around all of Camelot and it was a breathtaking landscape. She walked until she found the legendary sword of King Arthur, Excalibur!

Yuko: The mighty sword Excalibur. I remember according to the legend that only one that is worthy and pure of heart may pull the sword from the stone. And whoever does so will be king. I don't have my own sword yet. So here goes.

She went to the stone and stood ready. She grabbed the sword hilt and pulled and then she succeeded and pulled it out! Yuko gasped in sheer astonishment as the sword let out a magical hum.

Yuko: I… I did it!

Yuko felt the power of Excalibur flowing through her as if she was chosen by the sword itself to save everyone that she cares about.

A young girl appeared. It was Kayley.

Kayley: Who are you?

Yuko: I apologize. My name is Yuko Tani. And you are?

Kayley: I'm Kayley and I'm on a quest to become a knight for my kingdom.

Yuko: It's a pleasure to meet you. I came to Camelot to get a sword because I don't have one.

Kayley: Are you wanting to become a knight too?

Yuko: No. I'm already a powerful and great warrior but I don't have my own sword.

Kayley: I see. The evil dark knight Ruber destroyed the kingdom I came from and he wants to rule the world with the power of Excalibur.

Yuko: It's a good thing I got it before he could. Maybe we can take him down together.

Kayley: I would like that Yuko.

Yuko: All right. Also this may seem strange but I'm not from this time. I came here from the 21st century 1,500 years into the future.

Kayley: That's a long time from now. And you certainly are from the future. I can tell because of your clothes.

Yuko: I know. It's a long and complicated story.

Kayley: What year do you come from?

Yuko: 2018, 1,500 years into the future. I think. I don't know what year this is.

Kayley: It's the year 495. Lets go take down this Ruber.

Kayley: Okay. Lets go!

They went out to find Ruber. He was attacking a small village and he was ruthlessly destroying everything and killing everyone. Ruber was a strong muscular evil knight with red hair and red armor and he had fangs. Indicating that he was a murderous monster hellbent on destroying the world. He was savagely killing everyone.

Yuko: So that's Ruber.

Kayley: Yes. He's a ruthless knight and he killed everyone in my kingdom and killed my family because he wanted Excalibur.

Yuko: That monster!

They went down and confronted him.

Yuko had Excalibur ready for him.

Yuko: Ruber!

Ruber: So you have the sword I've been after all these years!

Yuko: You want Excalibur then come and get it!

Ruber ran at her and Yuko kicked him in the face and slashed his eyes. He screamed in pain as he was blinded.

Yuko fired a fireball at him and it set him on fire and he was screaming in agony as he was flailing around in pain trying to put out the flames.

Yuko: You will pay for everything you've done Ruber.

She covered the blade of Excalibur in flames and slashed his whole head off. Killing him instantly.

Yuko: Go to Hell, Ruber and stay there!

Ruber's evil spirit went into the Book of Vile Darkness and he will never terrorize any of the European Dark Ages again.

The simulation ended and Yuko came out and they cheered wildly for her. Yuko went 1,523 into the past and she prevailed.

Shanan: That was awesome!

Yuko: Thanks Shanan. I loved reading all about the books about Camelot and the Arthurian Legend. It was all awesome until Godzilla destroyed our planet.

Lincoln: That's all right Yuko. But you got to be a part of the legend.

Laney: And you have your own sword to boot.

Yuko: That's true.

Shanan: We have time for 2 more adventures. Lets have Mindy, Ben, Venom and William go in.

Mindy: You bet Shanan.

Venom and William came in.

Venom: **We got your call Shanan.**

Ben: Always ready for some action.

Shanan: Great. You, Venom, William and Mindy are going into the Simulator for an awesome adventure.

Mindy: I have a feeling it's gonna be good.

They went into the Simulator and it activated.

---

Mindy, Venom, Ben and William found themselves in Las Vegas, Nevada. One of the biggest gambling capitals in the country and the world.

Mindy: Las Vegas, Nevada. I've always wanted to come here with my family.

Venom: **Las Vegas is a great place to gamble and the food is**

**really good too. But it gets blazing hot here during the Summer and perfect during the Fall, Winter and Early Spring. We came here long ago and killed a bunch of criminals here.**

William: It's also got a lot of crime here.

Mindy: That's what Nico told me.

Ben: This place is awesome though.

Mindy: I know. I have a strong feeling I know why we came here. We came to kill M. Bison's right hand man Balrog.

Venom: **We have a feeling you're right. Balrog from what we remember is really tough.**

Mindy: He is. I know all of his moves and he's just as bad as his boss. I sense him. He's this way.

---

CONTROL ROOM

Lincoln: So that's Las Vegas, Nevada.

Shanan: That's right Lincoln. It's one of the great gambling capitals of the world. But the food is magnificent.

Laney: It sure sounds like it.

Shanan: It is. Everything they make there is all from scratch and it's like mana from Heaven.

Lana: I bet I could win at all the machines there.

Laney: You probably could Lana. But Mesa City was a one time shot.

Lana: Mm. True.

Shanan: Lori would love it though. Las Vegas has some of the best golf courses in the city.

Carol: I'm sure she would. She is a great golfer.

Lincoln: She is. Didn't you win a tournament Carol?

Carol: I sure did Lincoln. But that was a long time ago when we were in our Junior Years. It was the first ever golf tournament I've won.

Girl Jordan: Wow.

Lana: So who is this Balrog guy?

Lincoln: He's a disgraced boxer and he's also M. Bison's right hand man and chief enforcer for Shadaloo.

Rising from a childhood of poverty, Balrog was once a great boxing champion and prize fighter who fought his way from the bottom up since he could learn to brawl. Due to his somewhat cutthroat and ruthless nature gained on the streets, however, he was banned from boxing in his later career for permanently injuring his opponents and accidentally killing one (as well as his illegal maneuvers, particularly his headbutt). Though he enjoyed great fame, especially in his residence of Las Vegas, he adored the money more than his glory, so he joined the Shadaloo criminal organization and worked his way up from the bottom, eventually becoming M. Bison's chief enforcer.

Linka: This guy must be really tough.

Lisa: If he is that strong then "Tough" is considered an understatement.

Robin: True. But Mindy is a tough girl and she knows all the moves of everyone in Street Fighter.

Connor: That's right. Mindy is a strong and tough girl. One time when I was being bullied in school she rushed in and pounded their faces in and warned that if they pick on me again she would show them no mercy.

Luan: She is a strong girl that can deliver a powerful Punch. (Laughs) Get it? But seriously she is a strong fighter.

They laughed.

Shanan: (Laughs) That's a good one and that is true. Lets see how she fights.

---

She lead them all the way to the Luxor Hotel, The pyramid-shaped hotel. The hotel was a breathtaking marvel in architecture.

Venom: **The Luxor Hotel.**

Mindy: It's amazing. The design of the building is incredible.

William: It sure is.

Ben: I've always loved the pyramids. Luxor is a beautiful hotel.

They heard sounds of fighting and they saw Balrog fighting a man and he beat him up REALLY bad with sheer ruthlessness. The people of the hotel are terrified of him.

Venom: **Ooh. So that's Balrog. He sure beat the snot out of that guy.**

William: He's got everyone so scared of him.

Mindy: He sure does. I'll face him and you guys can deliver the final blow.

William: Be careful Mindy.

Mindy went into the arena.

Balrog: So you want to fight me little girl?

Mindy: Fight you? No. I want to kill you.

Balrog laughed at this in amusement.

Mindy: (In her head) That's right laugh it up.

She jut her fists forward and fired a blast of energy at him from them.

Mindy: TIGER SHOT!

The blast hit him and sent him crashing into a table. He got up and was enraged.

Balrog: This is it! The fight of the century! You ready to get schooled, heroes? Where do you wanna start? How about "Getting Your Butts Kicked 101"?

Mindy made the hand motion for Bring it.

Balrog: You little brat!

He charged at her and she dealt him an uppercut.

Mindy: SHORYUKEN!

It was followed by a Hadouken.

Mindy: HADOUKEN!

The blast hit him and sent him flying and he crashed into another table.

Venom: **Mindy REALLY can fight.**

William: She sure can. Want some popcorn Venom?

Venom: **No thanks. Where'd you get the popcorn?**

William pointed to a popcorn stand and the vendor was giving it for free.

Venom: **That's convenient.**

Ben became Rath.

Ben: RATH!

Mindy: Get him Rath.

Rath: With pleasure. LEMME TELL YOU SOMETHING BALROG! I'M GOING TO PULVERIZE YOU INTO DUST UNTIL THERE'S

NOTHING LEFT!

Rath pulverized him really good. He punched and slashed him good.

He got up and charged again and Mindy hit him numerous times with a lightning fast kick.

Mindy: LIGHTNING KICK!

The kicks were really strong and he spit out some of his teeth and some blood. He was so roughed up and he was barely standing up.

Mindy: Venom, William, he's all yours.

Venom: You got it Mindy.

They went into the fight.

Venom: **Lets use a combo to finish him off.**

William: You got it Venom.

Venom fired a black web and William fired ice from his blaster.

Venom and William: WEB OF ICICLES!

The web became a spiderweb made of ice and it had razor sharp icicles all over it. It skewered Balrog and wrapped around him and pinned him to the wall. He died in seconds. Venom then ate his entire head off.

Mindy: (Claps hands) That's that.

Ben reverted back.

Ben: Yep.

Everyone cheered for her. They were happy that Balrog will never terrorize the city or anywhere else again. Balrog's evil spirit went into the Book of Vile Darkness.

They left the simulator and everyone in the control room cheered wildly for them.

Nico: Way to go sis!

Mindy: Thanks big bro.

Venom: **Balrog sure deserved it.**

William: Yep.

Ben: He had it coming.

Shanan: It was an awesome performance. Mindy's training is paying off. We have time for one more adventure. Me, Lincoln and Paige are gonna do an Evil Sasuke destroying scene.

Lincoln: Awesome!

Paige: This is gonna be so much fun Linky.

Lincoln: You know it Paige.

Shanan: Lets do it and send another evil Sasuke into Hell.

Lana: Is there a special place in Hell for them?

Shanan: There is Lana. I'll show you all when the exercise is done.

Leni: Okay.

Shanan: Lets head in.

They went into the simulator and it activated.

---

Shanan, Lincoln and Paige found themselves in the Hidden Leaf. It was on the day of the fight on the hospital roof with Naruto and Sasuke.

Shanan: Okay. I'll fight Sasuke first and get him roughed up. Then when the time comes you two will fight him next.

Lincoln: Okay Shanan.

Shanan: I got a special task for you Lincoln. You and Sakura will go into Naruto's mind and prove that Sakura is being a pawn in a diabolical plot.

Lincoln: I won't let you down Shanan.

Shanan: I know you won't. Lets go.

They went up to the roof and saw Naruto and Sasuke ready to fight.

Shanan: Naruto let me face him.

Naruto saw Shanan.

Naruto: Who are you?

Shanan: My name is Shanan Abigail Knudson. Let me face Sasuke. My friend Lincoln wants to talk to you and Sakura.

Naruto: All right.

Sasuke: Naruto's not going any…

Shanan fired an energy laser and it hit by his feet and blew him into the fence of the roof.

Shanan: You have a nice talk.

Naruto went to Lincoln.

Lincoln: Sorry Naruto. I'm Lincoln Loud and this is my fiancé Paige.

Paige: Pleasure to meet you.

Naruto: Pleasure to meet you too. I'm Naruto Uzumaki.

Sakura: And I'm Sakura Haruno.

Lincoln: Pleasure. Naruto, Sakura the reason Shanan told me to talk to you is because I have some important information to tell you two. But not out here in the open. Lets go into Naruto's mind so we can talk.

Naruto: How are we gonna do that?

Lincoln: We meditate.

They meditated and Lincoln's aura and Sakura joined him and they went into Naruto's mind.

---

NARUTO'S MINDSCAPE

Inside Naruto's mindscape Lincoln and Sakura were wandering through a huge sewer.

Sakura: Where are we?

Lincoln: This is Naruto's mind. It's a sewer because of his background. I'll reveal everything along the way.

They walked down the sewers.

Lincoln: The reason Naruto's mind is like this is because of his dark past and background. Naruto's life has always been one of pain and misery.

Sakura: Why's that?

Lincoln: You know about the 9-Tails Attack on The Leaf?

Sakura: Yes. The 4th Hokage killed it. Iruka taught us that.

Lincoln: That was all a lie to cover up the real truth. On October 10th, the 4th Hokage fought the 9-Tails, but he couldn't kill it. He couldn't kill the beast because it's a creature made entirely out of pure chakra. So the only available option he had was to seal it. He sealed the beast into Naruto when he was born that night at the cost of his own life. Because of that he was made the 9-Tails Jinchuriki. He and the 9-Tailed Fox are two separate beings and Naruto is not a demon as most of the village was lead to believe.

Sakura was shocked. She knew that Naruto was having a terrible life, but she never knew it was THAT bad.

Sakura: Naruto.

Lincoln: I'll reveal everything in time. We're here.

They arrived in a big room and in it was a huge cage with a tag on it with the kanji for Seal written on it.

Lincoln: This is it.

They saw Naruto in front of the cage.

Lincoln: Naruto!

Naruto: Lincoln, Sakura. Glad you're both here.

Lincoln: I know. 9-Tails I know you're in there.

It opened its eyes and they were red and slited.

9-Tails: (Demonic Voice) **And who might you be child?**

Lincoln: My name's Lincoln Loud and I'm here to tell Naruto and Sakura and you the truth about what went down on the night he was born. I apologize for the both of us coming here but Naruto has a right to know.

9-Tails: **I understand. He has a right to know the truth.**

Lincoln: Okay. Now Naruto what I'm about to tell you and Sakura is a very powerful secret.

Naruto: Okay.

Lincoln: Your mother and father were two very powerful shinobi and they made quite a name for themselves during the 3rd Great War. Because of that they made a tremendous number of enemies back then. The reason your heritage was hidden was because of their enemies and they feared that if they had a child their enemies would come after them and try to kidnap or kill that child to get revenge. Your mother and father single-handedly annihilated the entirety of The Hidden Rock's forces.

Sakura: I've read a lot about that. That was the biggest feat the 4th Hokage did back then.

Lincoln: That's right. This is what earned him the moniker the Leaf's Yellow Flash because of his prominent usage of the Flying Thunder God Jutsu. But here's the rough part. Naruto, your mother was pregnant with you and believe it or not she was the Jinchuriki of the 9-Tails before you.

Naruto was shocked.

Naruto: So my mother was the 9-Tails Jinchuriki before me?

Lincoln: That's right.

9-Tails: **It's true Naruto. Your mother was indeed my previous host and she treated me like a huge part of her family.**

Lincoln: That's right. When she found out that she was pregnant with you, your mother and father were over the stars with happiness. They were so overjoyed that they were going to be a family. But there's a major problem with a female Jinchuriki. A female Jinchuriki's pregnancy last 10 months and when a female Jinchuriki is pregnant the chakra used to maintain the seal is divided between the baby and the seal. This weakens it to a point where the beast can break free. So a Seal Master must be present when they deliver the child. On the night of Naruto's birth someone used this to his advantage. When Naruto was born, a man dressed in a black cloak wearing an orange spiral mask with a single eyehole over his face swooped in and held you hostage in order to get your father away from your mother so he can rip the 9-Tails out of her. That's when Tragedy struck for the village. The 9-Tails was unleashed into the village and the Masked Man put the beast under his control.

9-Tails: **He's right Naruto. Because of that Masked Man, I was forced to attack the village against my will. That masked man was an Uchiha and he was controlling me.**

Naruto and Sakura gasped in horror.

Naruto: So a member of Sasuke's clan forced the 9-Tails to attack the village?

Lincoln: Yes. The beast went on a terrible rampage that destroyed most of the village and killed 1,200 people in one fell swoop. The 4th Hokage got the 9-Tails away from the village and he knew that there was only one last resort left: Seal the beast into you. He and your mother sealed the 9-Tails into you at the cost of their own lives. Their final wish was for you to be seen as a hero for keeping the beast at bay. But that was another cover up. The reason your parents chose you to be the next 9-Tails Jinchuriki was because they couldn't choose anyone else to carry this burden. So they chose their own son.

Naruto: Their own son? (Gasps in realization) You!? YOU MEAN I'M…

Lincoln: Yes Naruto. Your fathers name was Minato Namikaze, the 4th Hokage and the Leaf's Yellow Flash and your mother was Kushina Uzumaki the Leaf's Crimson Tide.

Sakura gasped in sheer horror she never knew that Naruto was the son of the village savior and that he was related to him in any way.

Lincoln: Now before you jump to conclusions Naruto there's more to the story. They did die that night, yes. But their real last wish was for your Jinchuriki Status to be kept as a huge secret so you wouldn't have to endure the same treatment that all Jinchuriki are subjected to. But the Leaf Council was against this and they wanted you to be viewed as a hero for it. However there were those that wanted you to be used as a weapon for their own selfish purposes. That's when your life became a living nightmare. Over the course of 13 years, Naruto's life has been Hell on Earth. Naruto was kicked out of the orphanage at the age of 3 and was forced to live on the streets. The reason for this is because those dumb buttfaces on the council fabricated numerous lies about Naruto being the "9-Tails reborn in Human Skin." They leaked Naruto's Jinchuriki status to the public and spread those lies and rumors which turned him into a plague upon the village.

9-Tails: **Those fools!**

Lincoln: I agree. Their corruption is the reason why Naruto never had a happy childhood or a normal life to begin with at all. Naruto had to eat scraps out of the garbage. The 3rd Hokage did his best to help him but it was usually never enough. Naruto was given his own apartment and some money to help him. Naruto was hated more than anyone in the village. They would look at him with these ugly glares filled with extreme hatred, talk behind his back, call him horrible names and say terrible things to him like "Die 9-Tails Brat" or "Go to Hell", or "I will kill you", you get the idea. They would also deny him service at restaurants and shops, overcharge him on expired food, and even throw stuff at him like rocks and all kinds of junk. But the worst part of it came on his birthday, the Anniversary of The 9-Tails Attack and the 9-Tails Festival. Those doo-doo brains would form angry mobs and some of the genin, chunin, jonin and even the ANBU would join in. They would savagely beat up Naruto so bad that it was awful. Naruto has been in the hospital more times than anyone else can even count. But there were also numerous assassination attempts on his life. Someone in the shadows would hire ninja to try and kill him. They were mostly from the Uchiha Clan and they were also enemy ninjas from other villages. Naruto has been through a nightmare unlike any other because of something he had no control over. His life would make Hell look like a beautiful field of flowers in comparison. He was nearly killed because of those stupid morons fear, hatred, ignorance and stupidity.

Sakura then broke down crying and she was horrified that this all happened to him.

Sakura: (Crying Hard) Naruto! I'm so sorry!

They hugged. Sakura was crying hard.

9-Tails: **It's all true Naruto. Everything Lincoln said is all true. The Uchiha and the Council's corruption nearly destroyed both of us.**

Naruto: Those people are the true evil. At least I know now that my parents loved me and that grandpa was doing his best to protect me. Lincoln thank you for helping me.

Lincoln: You're welcome Naruto. Also Sakura everything you know about Sasuke was a lie as well. Naruto has done more for you than you could know. Naruto is the one that saved you from those bullies back when you were younger, he saved you from Gaara's rampage during the Chunin Exams and saved you from drowning in the Land of Tea. Sasuke just stood by and watched as he was either hurt or watching you get hurt for his own sick pleasure. All Sasuke wants is power and his only goal in life is to kill his older brother Itachi because he killed the Uchiha in one night. He wants power so badly and he doesn't care who to step on or kill to get what he wants. He wants things done easy.

9-Tails: **It's true child. That Uchiha is pure evil like his ancestors were back in the old days.**

Sakura was shocked. Everything she knew about Sasuke was an absolute lie. She then realized that her own mother poisoned her mind with lies about Sasuke so that she can marry him and get his money and power and she tried to kill her own flesh and blood to satisfy her own greed and selfishness.

Sakura: That wretched woman! She will pay for this. I will make sure that my mother. No. Rose pays for this.

9-Tails: **The only exception in the Uchiha was Kushina's best friend Mikoto. She loved him like she did before the Uchiha was killed by one of their own.**

Naruto: I could've had a mother to begin with.

Lincoln: Blame Sasuke's father for that. He pulled Mikoto into the path of Itachi's blade and killed her with him. Fugaku was pure evil like the rest of the Uchiha. Lets get out of here.

They left his mindscape.

---

Back on the roof Naruto, Lincoln and Sakura woke up.

Naruto: How long were we in there?

Shanan: About 30 seconds.

Naruto: It feels like over 2 hours.

Sakura: I guess mindscape time travels faster than on the physical plane.

Shanan: It's confusing isn't it?

Naruto and Sakura looked at Sasuke with incredible hate and rage.

Sasuke: Why are you looking at me like that?

Naruto: It was because of your clan that I lost my whole family!

Sakura: The Uchiha Clan ruined Naruto's life and they were the true instigators behind the 9-Tails attack on the village! Your clan nearly killed me and Naruto! I will never forgive you for everything you've done!

Naruto: Your clan took everything from me! I could've had a mother, but your stupid father got in the way and killed her. And now I will make sure that there are no more Uchiha! EVER!

Shanan: We both will. Sasuke Uchiha you and your clan will pay for everything.

Shanan flared up her aura and dashed. She kicked him in the face with devastating force and sent him crashing through the fence of the roof and he went flying and crashed through the face of the 3rd Hokage on the Hokage Mountain and crashed into a wall in a cave.

Sasuke was holding his face in pain and he was lying on the ground screaming.

Shanan teleported to Sasuke.

Shanan: (In her head) I think I'll screw around with his mind. (Out loud) Just look at you. Lying on the ground after one little punch. You're pathetic.

Sasuke got up and he tried to punch and kick Shanan at a ferocious level. But she was dodging all of his attacks like they were nothing. She was blocking some of his attacks with her hand and leg.

Shanan: If this is all you're made of it's absolutely pathetic.

Sasuke: (As he was attacking) I'M GOING TO KILL YOU!

Shanan kneed Sasuke in the stomach and punched him in the nose and she broke it. Sasuke held his nose in pain.

Shanan: And to think that you Uchiha are called the elites of the world. You are nothing but a joke and an outcast from humanity.

Sasuke: I'll show you!

He jumped away and fired a Fire Style: Fireball at her and to his shock Shanan deflected it away and it hit the cave wall.

Shanan: That was really pathetic. No wonder Itachi was able to kill all of your clan in one fell swoop.

Sasuke was already panting from exhaustion.

Shanan: It's too bad. But the comfort you've always felt at being called the strongest of a clan of elites will come to an end today. No more will the name Uchiha mean anything but failure. (Laughs)

Sasuke was enraged.

Sasuke: I'LL SHOW YOU FAILURE!

He went through hand signs and used Chidori. He charged at Shanan. She fired a powerful shockwave blast and blew him into the cave wall and he crashed into it.

Shanan: You're just a waste of my time.

She walked away and Sasuke saw this as the biggest blow to his pride.

Sasuke: Get back here and fight me!

Shanan: How's this for my answer? (Snaps fingers)

A massive explosion was heard.

KRABOOOOOOOOOOMMMMMM!

Sasuke: What was that!?

Shanan teleported away and Sasuke came to the edge of the hole and what he saw next really got his blood boiling. He saw the entirety of the Uchiha District completely engulfed in a raging inferno burning out of control. In the smoke there was a threatening message to Sasuke in kanji.

あなたの痛みは唯一始まったばかりです。私は仕事を終えるために戻ってくるだろうし、この次の戦いはあなたの最後になります。地獄に行ってください。

愛シャカン

(Translation: Your pain has only begun Uchiha. I will be back to finish the job and this next fight will be your last. Go to Hell.

Love Shanan.)

Sasuke read the message and he was enraged! Shanan took everything from him and now she is gonna pay for it. But the ANBU came and he was arrested. Lady Tsunade called a meeting and it was to disband the Civilian Council and arrest the elders. Plus it was to determine whether Sasuke was loyal to the village or not. The simulator fast-forwarded to when a team was assembled to go bring Sasuke back to the village so he can face the chopping block. Shanan, Lincoln, Paige, Naruto and Sakura were heading out. They arrived at the Final Valley and they saw Sasuke standing on the statue of Madara Uchiha.

Shanan: There he is!

They landed.

Shanan: Are you running away you little coward?

Sasuke turned and saw them. Sasuke had black flame marks on the left side of his face and his left eye was different. His left eye was yellow with a black sclera.

Lincoln: (In his head) He must've gotten help with the Curse Mark.

Sasuke: So you all arrived. Perfect.

Naruto: I had a feeling you would be here Sasuke.

Shanan: I also know that you're planning to go to Orochimaru so you can get the power needed to kill your brother.

Sasuke: That's right. But before I go I have a little score to settle with you all. You took everything from me! Now I will kill ALL OF YOU!

Shanan: I think not. Lincoln and Paige, go get him.

Lincoln: With pleasure.

They faced him.

Sasuke: So you two will be the first to die?

Lincoln: You're the one that's going to die!

Lincoln went Super Angel 3 and Paige flared up her fire aura.

Lincoln dashed and kicked him in the face and fired a blast of lightning at him and electrocuted him. He then kicked him in the back of the head and Sasuke went flying down to the lake and he skidded on the water. He fired a fireball at them and Paige fired a blast of fire at the fireball and they collided. But the fireball Sasuke fired was draining his Chakra too fast and Paige's fire overtook him and it exploded in his face.

Lincoln: Lets use our combo on him Paige!

Paige: You got it Linky!

Lincoln fired a blast of lightning and Paige fired a blast of fire.

Lincoln and Paige: FLAMING GHIDORAH STRIKE!

The blasts combined and became a snake-like version of King Ghidorah. (Think of King Ghidorah from the third part of the Godzilla

Anime Trilogy)

It flew down to Sasuke and he never saw it coming as it grabbed him in its maw and he was being bombarded with fire and lightning at an unprecedented level.

After what seemed like forever Sasuke was on the surface of the water and he was badly burned all over and his body was twitching with electricity.

Naruto formed a Rasengan and slammed it into Sasuke's back. Sasuke screamed in agony and Sakura punched him in the face and kicked him in the back of the head. Shanan swooped in and unsheathed her sword.

Shanan: You and your clan will never be welcome here!

She then skewered him right through his chest with her sword and it went all the way through his black heart and went all the way out through his back. He belched up a huge amount of blood and he only had seconds left to live.

Shanan: Remember this when you're in Hell Sasu-gay, (Censored) happens.

She pulled the sword out and he died in an instant.

Shanan fired an energy blast and vaporized him instantly.

Shanan: That's it for him.

Naruto: Good-bye Sasuke and burn in Hell.

Sakura: Never again.

Lincoln: I hope he finds suffering for all eternity enjoyable.

Paige: Yep.

Shanan: Yep.

The exercise ended and they left the simulator and everyone cheered wildly.

Laney: That was awesome!

Lily: It sure was. He sure got what was coming to him.

Shanan: That's for sure. Anyway let me show you all where the Evil Sasuke's we killed are now.

She snapped her fingers and they were in Earth's Hell. It was actually an endless field of golden flowers and it had a pink tree in the distance. The sky however looked like water. (It's Dragonball Super's Hell that Frieza was in.)

Shanan: This is Hell.

Everyone else was skeptical.

Lana: This is Hell? It looks more like Heaven.

Shanan: That was my first reaction too. But this is Hell. If there's one thing all bad guys despise above all others it's things that are adorable, cuddly, beautiful and joyful like flowers, teddy bears, and things that cute little girls would like.

Lana: Oh.

Lisa: That does sound very plausible. Villains usually hate everything and this qualifies.

Eddy: This is a girly Hell.

Luan: It sure is beautiful though.

Lincoln: Yeah. It is.

Shanan: The evil Sasuke's are in that tree. (Points to a tree)

They went to the tree and it was a beautiful tree. They saw teddy bears, angels and fairies frolic and sing lots of songs. Hanging in the tree was a bunch of cocoons stuck together and in the cocoons they saw the faces of a bunch of evil Sasuke's we killed over the course of 2 years.

Shanan: Here they are.

They flew up to them and the Evil Sasuke's all saw Shanan and crew.

Shanan: Well well. How the mighty Uchiha Elites have fallen.

Lincoln counted them.

Lincoln: 1, 2, 3, 4… Whoa! We killed 12 of them!?

Lily: It would appear so.

Lynn: I find this to be a form of poetic justice. This is perfect for them because these Sasuke's are pure evil to the core.

Luan: And they sure got a Burial in A Garden. (Laughs to rimshot) Get it?

They all laughed at Luan's joke and at the Evil Sasuke's.

Shanan: (Laughs) That was a good one Luan.

Lincoln: These dirt faces got what was coming to them.

Laney: They sure did.

Evil Sasuke 1: I will make sure that you all die a horrible death when we get out of here!

Evil Sasuke 2: You will pay!

Evil Sasuke 3: I'll kill all of you!

Then the Angels of Hell came. With them was a Gamble Bunny fairy and they were playing adorable songs and more. They were frolicking and having all kinds of fun and they loved torturing the Evil Sasuke's with love, flowers, songs and more.

They tortured them to the brink as Shanan and crew laughed at them.

They left and were back home.

Eddy: (Laughs) That was too funny. That was a great sense of poetic justice.

Luan: (Laughs) It sure was Eddy. It was Justifying. (Laughs to Rimshot) Get it?

They laughed again.

Carol: That was a good one!

Leni: I don't get it.

Shanan: You'll figure it out Leni. (Watch beeps) Time for our next activity. Lets go sing songs.

They cheered.

---

In Luna's room they got ready.

Shanan: Okay who wants to go first?

Lynn: I do! I have a great song. But lets do it in my gym. We're gonna do a parkour game to my favorite sports song by Jock Jams, Are You All Ready For This.

Lincoln: Cool!

Shanan: All right. Lets do it.

They went to Lynn's gym wearing gym clothes and she set up a massive parkour obstacle course and it was a major death-defying one.

Shanan: Oh this is gonna be awesome!

Lana: Count me in!

Lynn: Lets rock!

The song began and they went onto the course and they were dodging many obstacles, bouncing off walls, weaving, crawling, jumping, and running through many obstacles, jumping through fiery hoops, climbing over pits of molten lava, walls, swinging on ropes and more.

They did this for 20 minutes and were sweating like pigs.

Lincoln: That was awesome!

Laney: It sure was. I don't think I've ever gotten that much exercise before.

Shanan: You're telling me. Anna likes to work out a lot because she's a sports master.

Anna came by. She was in her track clothes and dripping with sweat. She splashed herself with water.

Anna: Aaah. That's right sis. Great workout though.

Lily: You're telling me.

Shanan: Lets shower up before we do anything else.

Lincoln: Good idea.

They did so and went back to Luna's room.

Shanan: Okay. That was fun. Anyone got anymore songs?

Lincoln: I got one. It's Greensleeves.

Shanan: That's one of Natilee's favorites. It's a popular Celtic Ballad about the life of Henry VIII back in the 16th century.

Lana: That's an interesting song. I heard Natilee sing it and it was cool.

Lucy: I heard it too. It was an interesting one.

Paige: Go for it Lincoln.

The song began and the room turned into the interior of the famous Windsor Castle in England. Home of the Tudor's.

Lincoln: (Singing Divinely)

Alas, my love, you do me wrong,

To cast me off discourteously.

For I have loved you well and long,

Delighting in your company.

Greensleeves was all my joy

Greensleeves was my delight,

Greensleeves was my heart of gold,

And who but my lady greensleeves.

Your vows you've broken, like my heart,

Oh, why did you so enrapture me?

Now I remain in a world apart

But my heart remains in captivity.

I have been ready at your hand,

To grant whatever you would crave,

I have both wagered life and land,

Your love and good-will for to have.

If you intend thus to disdain,

It does the more enrapture me,

And even so, I still remain

A lover in captivity.

My men were clothed all in green,

And they did ever wait on thee;

All this was gallant to be seen,

And yet thou wouldst not love me.

Thou couldst desire no earthly thing,

but still thou hadst it readily.

Thy music still to play and sing;

And yet thou wouldst not love me.

Well, I will pray to God on high,

that thou my constancy mayst see,

And that yet once before I die,

Thou wilt vouchsafe to love me.

Ah, Greensleeves, now farewell, adieu,

To God I pray to prosper thee,

For I am still thy lover true,

Come once again and love me.

The song showed them the inside of Windsor Castle and it was breathtaking. It was loaded with 500 years worth of history. When the song was done they cheered wildly.

Lana: That was awesome big bro!

Lisa: Indeed. It was quite a magnificent performance.

Lincoln: Thanks guys.

Shanan: You're welcome.

Carol: I have a song. I'm gonna do Bláþráður by the Icelandic band Sigur Rós. This is something you don't know, but I can speak fluent Icelandic.

Linka: That is so cool Carol.

Shanan: I didn't know you were multi-lingual.

Carol: It's a talent. It took me 6 years to learn the whole Icelandic Language.

Laney: This I got to see.

Vince came in.

Vince: Hey guys.

Shanan: Oh hey Vince.

Vince: Sorry to come in like this, but I couldn't help but listen in. I want to hear this too.

Carol: Sure Vincey. The more the merrier.

Vince: Okay.

The song began and the room turned into the beauty of the landscape of Iceland and the northern lights graced the skies.

Carol: (Singing Divinely in Icelandic)

The beauty of Iceland was amazing. There were lots of volcanoes, glaciers, waterfalls, hotsprings, and the scenery was amazing.

---

Miles away at Aunt Ruth's house we heard Carol singing.

Me: Is that Carol singing?

Lori: It sure is and she literally has a magnificent voice.

Lola: What language is that she's singing?

Luna: I know that language dudes! That's Icelandic. She's singing a song from the Icelandic band Sigur Rós!

Ruth: I know that band. They are amazing Luna. Iceland is a beautiful place.

Lynn Sr.: We were there Ruth.

Ruth: Oh that's right. Albert told me.

Varie: Carol sure has a beautiful voice.

Rachel: She sure does. It's magical. I didn't know she could sing in Icelandic.

Lori: Me neither Rachel. I think this is a hidden talent.

Me: It might be.

Lynn Sr. saw Ruth's sixth toe and he went to the garbage can and hurled.

---

When the song ended they cheered wildly.

Shanan: That was awesome! Carol you sang that song really well.

Vince: That was amazing Carol! I didn't know you could sing so divinely.

Carol: It's a hidden talent.

Vince: It's not a hidden talent anymore.

They kissed.

Laney: I have a song for you all. It's Orinoco Flow by Enya.

Shanan: That's a great song. I love that song.

The song began and the room changed into the beauty of the jungles of Venezuela and they were in front of the tallest waterfall in the world: Angel Falls. At 3,212 feet high it is the tallest waterfall known in the world.

Laney: (Singing Divinely)

Let me sail, let me sail

Let the orinoco flow

Let me reach, let me beach

On the shores of Tripoli

Let me sail, let me sail

Let me crash upon your shore

Let me reach, let me beach

Far beyond the Yellow Sea

De, De, De, De, De, De, De, De, De, De

Sail away, sail away, sail away *[x4]*

From Bissau to Palau - in the shade of Avalon

From Fiji to Tiree and the Isles of Ebony

From Peru to Cebu hear the power of Babylon

From Bali to Cali - far beneath the Coral Sea

De, De, De, De, De, De, De, De, De, De

Turn it up, Turn it up, Turn it up, up, Adieu, Ohhhh

Turn it up, Turn it up, Turn it up, up, Adieu, Ohhhh

Turn it up, Turn it up, Turn it up, up, Adieu, Ohhhh

Sail away, sail away, sail away *[x4]*

From the North to the South

Ebudae into Khartoum

From the deep sea of Clouds

To the island of the moon

Carry me on the waves

To the lands I've never been

Carry me on the waves

To the lands I've never seen

We can sail, we can sail

With the orinoco flow

We can sail, we can sail… (Sail away, Sail away, Sail away)

We can steer, we can near

With Rob Dickins at the wheel

We can sigh, say goodbye

Ross and his dependency

We can sail, we can sail… (Sail away, Sail away, Sail away)

As the song played it showed beautiful scenery of some of the most beautiful islands and places in the world. Including some of the most breathtaking vacation spots on the planet.

When the song ended they cheered wildly for her.

Lana: Lanes that was awesome!

Lily: It sure was.

Shanan: That was a great song. We have time for one more song before lunch.

Lucy: I have one. It's called Figlio Perduto by Sarah Brightman.

Shanan: Good choice. It means Lost Son.

Lucy: It's a sad song and it's perfect for expressing the sadness I feel in my heart.

Lincoln: Lucy you are always sad.

Lucy: Exactly.

The song played and it turned into a spooky dark forest with the light of the full moon providing the only light.

Lucy: (Singing Divinely)

Muri die vento

Notte è scesa
Padre e figlio sono insiem
Con un cavallo
Vanno avanti
In questa grande oscurità
Ma ad un tratto
Il bimbo trema
Dalla paura
Freddo si fa
Padre oh padre
Tu non hai visto
Re degli elfi
Eccolo la
Figlio perduto,
Vuoi far un gioco?
Gioia ti porto
Vieni con me
Padre oh padre
Hai già sentito
Cosa mi dice
E che vuol' far'?
Figlio perduto

Se tu non vieni

Io userò la forza che ho

Padre oh padre

Re degli elfi

Mi sta toccando

Male mi fa

E il bambino,

Con occhi chiusi

Lui non si muove

Perso è già

Figlio

Figlio perduto

Se tu non vieni

Io userò la mia forza

Padre oh padre

Re degli elfi

Mi sta toccando

Male mi fa

E il bambino,

Con occhi chiusi

Lui non si muove

Perso è già

… perso è già

(Translation:

Walls of wind

Night has fallen

Father and son are together

With a horse

They proceed

Through this intense darkness

But suddenly

The boy trembles

With fear

It gets cold

Father oh father

Haven't you seen

The king of the elfs

There he is

Lost son

Do you want to play?

I bring you joy

Come with me

Father oh father

Did you hear

What he said

And what he will do?

Lost son

If you don't come with me

I will use the power that I have

Father oh father

The king of the elfs

Is touching me

He hurts me

And the boy

Eyes closed

He doesn't move

He's already lost

Son

Lost son

If you don't come with me

I will use my power)

The forest was one of pure darkness and misery. When it was done they cheered wildly.

Lincoln: Lucy that was awesome!

Lynn: It sure was Luce.

Lucy: Thanks guys. But no amount of cheering can make me happy.

Shanan: Except for causing bad guys heads to roll.

Lucy: That's true.

Shanan: Time for lunch guys.

---

In the dining room they were deciding what to eat.

Shanan: Okay what sounds good for lunch?

Lily: Well how about Chili Dogs?

Everyone agreed.

Shanan: Chili dogs it is. You like them Coney Island Style?

Laney: Never had Coney Island.

Shanan: Coney Island Chili Dogs are the best. They are the most popular kind of chili dogs in the world.

Lisa: Correct. They are very succulent and delicious. (Drools)

Lana: Where's Coney Island?

Shanan: It's a very famous and popular amusement park over in New York and its got the best rides and the best food.

Lana: Sounds almost as fun as Dairyland.

Lincoln: It sure does.

Paige: Yeah.

Shanan got to work on cooking the meal and she cooked lots of wieners and got hot dog buns and a big pot of yummy chili. She put the hot dog in the bun and put the chili on it and some onions and cheese. She made a lot for everyone.

Shanan: Lets dig in guys.

They did so and ate all of it.

---

45 Minutes later they ate the dishes clean and they were burping and belching.

Shanan: Aah. That was delicious. (BELCH) Excuse me.

Laney: (Belch) Excuse me. Oh wow. That was so delicious. Coney Island hot dogs are delicious.

Lincoln: (BELCH) They sure are.

Carol: (BELCH) Excuse me.

Lila: That was tasty.

Lisa: Agreed. It was all quite satisfactory.

Lilly: Those hot dogs were delicious.

Paige: I'll say.

Shanan: (Watch beeps) Well it's time for our next activity. Griffin Humiliation.

Lana: Now you're talking!

Shanan: Lets get Lois to help us with this.

Lois came in.

Lois: You guys called?

Shanan: Perfect timing Lois. We're gonna head down to the heart of the city for another Griffin Humiliation session.

Lois: Count me in.

Meg: Me too.

Ed and Edd came.

Ed: Hi guys!

Edd: Greetings everyone.

Linka: Hey Double D.

Leni: Hey Ed.

Eddy: Hey guys. We were just gonna head on down to the city to humiliate the Griffin's some more.

Ed: Cool!

Edd: Count us in.

Shanan: Lets head down to the city guys.

They cheered and headed out. Most of the estate wanted to help too.

---

They were in the city square and got ready.

Peter: There's only a few of you?

Shanan: (Cracks Knuckles) Everyone else is over at Aunt Ruth's house. So it's just us. Welcome to Hell.

Ed: Oh oh oh! I got something to start us off!

Shanan: Go for it Ed.

Ed: Lana would you like to help me?

Lana: Sure big Ed.

They went up to Peter and pulled up his shirt.

Ed pulled out a metal flyswatter.

Lana: I got just the thing for this.

She spun her Magisword Bracelet.

Announcer: FLYSWATTER MAGISWORD!

Lana: This is gonna be good.

Ed: PINK BELLY!

SLAP SLAP SLAP SLAP SLAPSLAPSLAPSLAPSLAPSLAPSLAP!

Peter screamed in pain as he was being slapped in his belly all over and it bled in spots.

Lincoln: OOOHHH! That must've hurt!

Shanan: But it's fitting for him.

Lana: Hey Ed lets do this on Bad Lois.

They go up to her.

Lana: Hey, you want to hear the most annoying sound in the world? EEEEEEEEEEEEEEEEEEEEeeeeeeeeeeEEEEEeeeeeeEEEEEEEEEEEE

Ed: EEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEH

They were laughing their heads off and rolling on the floor laughing hard.

Shanan: (Laughing Hysterically) Oh that was so funny!

Luan: (Laughing Hysterically) Oh I saw that scene on Dumb and Dumber and that was hilarious!

Eddy: (Laughing Hysterically) That was so funny! (Laughing) CALL A DOCTOR! THEY'RE KILLING ME!

Lynn: (Laughing) That is hilarious!

Lois: (Laughing) That was too funny!

Meg: (Laughs) That was funny!

Paige: (Laughs) That was hilarious!

The annoying sound drove Bad Lois to insanity. She was making all kinds of crazy faces while laughing like a psychotic nut.

Lila: I have something. Be right back.

Lila ran all the way to a local bait shop.

Bait shop owner: Oh Hello Lila.

Lila: Hello Mr. Johns.

She paid for a can of live worms.

Lana: What's with the worms sis? Are you still hungry?

Lila: Nope. These are for Peter.

Lana: Oh I get it.

Lana got up on Peter's head and held his mouth open. Lila then spread her wings and flew up to him and poured them all into his mouth.

Peter swallowed them and his stomach was churning.

Peter: Uh oh!

Lana: He's gonna blow!

Lila turned his head to Bad Lois and he projectile vomited all over her!

Peter: BLEEEEEEEEEEEEEEGGGGGGGHHHHHHHHHHH!

He got vomit all over Bad Lois and she threw up too.

They were laughing at them.

Shanan: That was awesome!

Lana: Thanks Shanan. Nice one sis.

Lila: Thanks.

Gale: Me and Connor got something for Peter and Bad Lois too.

Shanan: Go for it Gale. We're glad you're no longer phobic of the Sun's light.

Gale: Thanks to all of you.

Gale went up to Peter and formed a black opaque cloud around his eyes. She did the same thing to Bad Lois.

Peter: I can't see!

Connor had a nasty surprise played out for Peter and Bad Lois. In front of them was rug covered in shards of broken glass sharp enough to cut limbs off.

The police guided them and they walked on the glass and they were getting cut all over their feet.

Shanan: Ouch! That's got to hurt!

Lynn: No kidding.

Connor: That's not the grand finale. Here it comes.

They got to a kiddie pool and it was filled with water that had voracious flesh-eating piranhas in it.

They stepped into the water and they piranhas shredded them. They were screaming in excruciating pain because of it.

Lucy: Wicked.

Lincoln: That is more of a form of torture but it's fitting for them.

Lily: It sure is bro.

Penny: That was cool.

Shanan: That was delicious.

Leni: That must've totes hurt.

Carol: Hurt is an understatement.

Vince: No kidding.

Sandman: Lets use our combo for this one Matt.

Clayface: You know it Flint.

Flint used his sand and it formed hands and grabbed Peter's pants and held them. Clayface fired a blast of mud and clay.

Sandman and Clayface: HERE'S MUD IN YOUR PANTS!

The clay flooded into Peter's pants and flooded him with it and he was oozing it all out of him like jelly.

They were laughing some more.

Shanan: I have something.

Shanan pressed a button on her watch and a portal opened and out came the Angry Birds.

Red: Hey Shanan.

Matilda: What's up?

Shanan: I brought you all here because we are humiliating those buttfaces right there.

Shanan explained what went down.

Red: We're on it.

The Angry Birds hit the Griffin's with everything they got and pulverized them and burned them bad.

Everyone laughed at them.

Ben: I got something I've been wanting to try.

Shanan: Go for it Ben.

Ben became Ghostfreak.

Ben: GHOSTFREAK!

He flew into Peter and possessed him and made him do all kinds of humiliating things. Everyone was laughing their heads off at the antics.

The humiliation went on for three hours and they went home.

---

After a long day they were watching TV, playing card and board games, reading books and looking at their tablets. At 8:00 PM Vanzilla 2.0 arrived and we came back in.

Me: What a day.

Lynn Sr.: Tell me about it.

Shanan: Hey guys.

Rita: Hey Shanan.

Me: How was everyone?

Shanan: It was awesome dad. We have an awesome time.

Lynn: We did 6 Simulator Adventures.

Carol: We sang some songs in Luna's room.

Sam S.L.: Which was an awesome time.

Lincoln: We had Chili Dogs for lunch.

Lisa: And lastly we went down to the city for another spree of Humiliation Shenanigans on the Griffin's.

Shanan: Then we waited for you all to come home.

Me: I'm glad you all had so much fun.

Tara: Oh guys I have some great news to tell you.

We revealed what Tara was gonna say.

Scene shifts to outside the Estate.

ALL: WWWHHHHHHAAAAAAAAAAAAAAAAAAAAAATTTTTTTTTTT!?

Lori: Are you serious Tara? You are literally pregnant!?

Luna: And with twins!?

Shanan: I sensed two more energy signals inside Tara and discovered that she was pregnant. Lisa confirmed it and we have 29 more weeks to go.

Lisa: That's correct. Tara is indeed pregnant with twins.

Lily: It's gonna be so awesome for her. She and Beast Boy are gonna be a family.

Beast Boy: Being a family has always been a major dream of mine ever since I became a Teen Titan.

Lynn Sr.: Well I'm happy for you both!

Rita: This is gonna be awesome!

Shanan: We're gonna have to go to the doctor later on to get a due date and find out the gender of the twins.

Me: Good idea.

Carol: We'll be counting down the days.

Vince: We sure will.

Jared: This babysitting adventure was fun for all of you and it was the most surprising one of all.

Shanan: It sure was big bro.

Lincoln: I'll say.

Raven: We had a really fun one.

Linka: We sure did.

It was an awesome one.

Another Fanfiction Complete.

This Babysitting adventure was the best one of the all. I wanted to extend it a little bit and include more activities. I haven't done a babysitting or a humiliation in a while. So I figured why not combine the two together and kill two birds with one stone. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. He also gave me the idea for the Quest For Camelot simulation. That movie was awesome but it was a total box office bomb. It was awesome! It's a shame it wasn't a success. I saw Terra do the ultimate sacrifice on Teen Titans and that was a sad and hugely heroic part in that show back in 2004 and that was a gut-wrenching sight. She made the ultimate sacrifice to save the city from total destruction. I added the Dragonball Z Narrator to provide excitement. Let me know what you all think.

See you all next time.

Quest for Camelot is owned by Frederik Du Chau and Warner Bros. Studios.

# The Little Pink Dream Warrior

It starts at the estate. We were in Robin's room in the T Tower of the Teen Titans.

Robin (to Slade's mask): I guess this is how it ends, Slade. After so many years, our fight against each other is finally over. And so is my obsession with you. To be honest, all of us are celebrating your death, especially after all the lives that you've damaged. (looks at Tara) With you dead, I feel like a great burden has been lifted off my shoulders. And I can finally move on knowing that you're dead and forgotten to everyone.

Robin opens a drawer and puts Slade's mask in it. He's about to close the drawer when he stops for a moment.

Robin: And yet, I know you all too well. In the past, you've been able to cheat death so many times. And that scares me since this might be one of those times. But I did see Nicole suck your spirit into the Book of Vile Darkness. And we did kill you before we met the Louds. Maybe you really are gone forever. Or maybe those were just clones that we destroyed. My only regret is that I didn't strike the finishing blow against you. But either way, you won't be able to haunt me ever again. (to Cyborg) Cyborg, I need you to put extra security in this room.

Cyborg: You got it, man. But Slade is actually gone now. What you asked might be unnecessary.

Me: That's right man. Slade is dead and he was imprisoned into the Book of Vile Darkness forever. But we'll make sure he doesn't haunt you ever again.

Robin (closes the drawer): It's just in case any of the remaining villains out there have any bad ideas involving Slade's mask.

Me: Okay.

We then go back to the living room and watch TV and do our favorite things.

Janeen: Things are sure quiet.

Nico: They sure are.

May: Things have gotten peaceful so far.

Suddenly a massive bright light appeared and vanished as it suddenly appeared.

Me: That was weird. I wonder what that was.

We looked out the window and saw a bunch of strange creatures the likes of which we had never seen before and part of the landscape remains the same but new mountains appeared and there were lots of rainbows and beautiful flowers, scenery and more.

Me: Wha? What happened to the landscape?

Laney: It's beautiful!

Lola: It's like a paradise!

Lana: It's amazing!

Suddenly there was a knock at the door.

Samus: I'll get that.

Samus answered the door and it was a little pink ball guy and with him was a girl named Tiff and her brother named Tuff. The pink guy was Kirby.

Samus (Kirby hugs her): Kirby! How've you been?

Kirby: I've been good, Samus! I missed you and the other Smashers.

Samus: Even Bowser and Ganondorf?

Kirby: Well, I do tolerate those two.

Me: Kirby? Oh wow! I played all the Kirby games for years.

Lily: Those games are awesome.

Kirby: So this is where you live Samus?

Samus: It sure is.

Maria and Teresa squealed and hugged Kirby in cuteness.

Maria: He's so adorable and so cute!

Teresa: Kirby you are so cute!

Me: Don't worry they get like this all the time. But Kirby is cute in the eyes of many. He also has a strong resemblance to Poromon.

Poromon: He does.

We introduced ourselves.

Kirby: It's a pleasure to meet all of you.

Tiff: Same here. I'm Tiff and this is my little brother Tuff.

Tuff: Sup?

Me: It's a pleasure.

* * *

We look up a holographic map of the world and what we saw was an astonishing sight. We saw a huge star patch fused into the continent while the rest of the land was left the way it is.

Me: So Kirby's world now merged with ours.

Natilee: I think this is so cool!

Lincoln: It sure is. This is gonna be awesome!

Me: I've known Pop Star for years and its landscape is breathtaking.

Aylene: It sure is.

Me: Lets go horseback riding and check out the land.

Everyone: YEAH!

---

We got on our horses. We had Rapidash, Ponyta and regular horses.

I was riding a Rapidash.

We were riding and flying all over the Pop-Star-Gotham-Royal-York landscape. It was a magical and breathtaking marvel that spanned over the infinite limits of the human imagination.

Me: Wow! Kirby your world is breathtaking.

Kirby: Thank you J.D. It's home sweet home.

Lori: It's literally the most beautiful place ever.

Laney: It sure is. It's just like everything I saw in a dream at one time.

Me: If this place is where dreams are from then I can do this.

I concentrated and think hard and suddenly in a puff of smoke a blue apple appeared.

Me: It worked!

I take a bite of the blue apple and it tasted like blueberry pie.

Me: Mmm. Tastes like blueberry pie.

Lana: That is cool!

Laney: Let me see.

Laney thinks hard and out came a red orange. She peeled the skin and ate it and it tasted like strawberry soda.

Laney: Oh boy! It tastes like strawberry soda!

Lola: That is amazing!

Aylene: This world is full of surprises.

Natilee: That's the power of the dream world for you guys. You can do anything you want and you can wish for anything to happen. There's an infinite number of possibilities out there waiting to be discovered.

Kirby: That's right Natilee. Anything can happen in our world.

Me: Yep. I sense evil up ahead.

Kirby: Oh no.

Tiff: King Dedede is at it again.

Lincoln: I remember him.

Lily: That overgrown inflated buzzard just will never learn will he?

Tuff: No he won't.

Tiff: In all honesty I don't know what my parents were thinking living with that tyrant bird.

Me: Me neither.

Kirby: Let me introduce you all to someone.

We rode and flew to another part and we saw a huge battleship. It was a black 4-winged ship.

Me: Wow! What a ship!

Kirby: It's called the Halberd. We used it to save Pop Star and the universe from the evils that threatened it several times in the past.

Varie: It's amazing.

Lana: That is so cool!

Rachel: It's a magnificent ship.

Me: It sure is. Lets check it out.

We go into the ship and it was an amazing feat of engineering.

Me: Wow.

Nico: Look at the inside. It's magnificent.

We go into the bridge and we saw Meta Knight and his crew working hard and putting the ship back together.

Kirby: Hey Meta Knight!

He saw us.

Meta Knight: Kirby! Didn't expect to see you here.

Kirby: Had a run in with some friends.

Tiff: Hey Meta knight. What's up?

Tuff: What's happening M.K.?

Meta Knight: Putting the last of the repairs on the Halberd.

Samus (sees the Halberd all fixed up): I'm surprised that you managed to fix the Halberd. I honestly thought that it was done for when the Subspace Gunship destroyed it.

Meta Knight: It wasn't easy to rebuild the Halberd. But I managed to restore it to its former glory after a few months.

Me: Awesome.

Lana: It's all amazing.

Lola: It sure is.

Laney: This is all incredible.

Lucy: It sure is.

Me: Well this is all amazing.

We then decided to go after King Dedede.

---

In his castle King Dedede was getting very nervous.

We flew into the room and King Dedede was ready with his hammer.

Dedede: You'll never take me alive!

He used his final smash on Nico. King Dedede Inhaled us before slamming us with three flaming hammer spins, then he finishing the move by throwing a bomb at us.

KRABOOOMMM!

He thought he had won.

Dedede (exits through the back door of his throne room): Oh man! I gotta get outta here before those bozos wake up.

But just as he got outside of his castle, Nico phased out of the ground with Walker's intangibility, grab him by the collar, fly them both back to his throne room, and slams him against the wall.

Nico: I have to admit. I didn't see that coming. You using your Final Smash was very unexpected. But there's one thing you didn't count on. And that's me healing my damage thanks to Sabretooth's healing factor!

We arrive and we had him outnumbered.

Me: You're not going anywhere Dedede.

Kirby inhaled Teresa and swallowed her and he had her ejected and acquired her sonic powers when she was Talon.

Teresa: That was weird.

Kirby: Sorry Teresa. I can copy powers of my enemies and my friends.

Maria: Cool!

Kirby fired a sonic blast at Dedede and he screamed in pain.

Kirby discarded the ability and inhaled Francis and swallowed him. He ejected him and acquired his fire powers when he was Hotstreak.

Kirby threw a bunch of fireballs at Dedede and burned him.

Kirby dropped the ability and sucked in a Laser Ball and swallowed it. He became LASER KIRBY!

Kirby fired a bunch of Laser blasts at Dedede and burned him.

Samus: Ben lets use our combo on him.

Ben: Okay!

Ben became Upchuck.

Ben: UPCHUCK!

He ate some rocks.

Samus formed her blaster and activated the Wave Beam. She fired and Upchuck fired an energy blast.

Samus and Upchuck: WAVE BEAM DESTROYER!

The blast combined and hit Dedede and exploded. When the smoke cleared he was a burned mess.

Me: A Gourmand from the planet Peptos XI.

Upchuck: That's right.

He got up and readied his hammer and I charged and he swung his hammer and I punched the hammer and it shattered into a million pieces!

Dedede: MY FAVORITE HAMMER!

Samus: I'll need to tell Master Hand that the next Super Smash Bros tournament is going to have one less fighter.

Varie: Okay Samus.

Me: We have a special place for people like you Dedede.

We threw him into the Pluto Prison for Tyrants. We then had a magnificent time enjoying some horseback riding at home.

Kirby has been one of my favorite video games ever since I was a kid. The first ever Kirby Game I played was Kirby's Adventure on the Original NES system. That one was AWESOME! Now 28 years later I am playing Kirby for Nintendo Switch. Kirby is still awesome back then as it is now. Video Games have evolved exponentially with better technology, computer graphics and awesome themes. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. # Bounty Hunters From the Stars

## Part 1: Dark Side of The Wind

It starts in the Estate.

Static's sister Sharon was cooking lunch for all of us.

Sharon: Here you go guys.

Sharon cooked us a vegetarian meal from Azerbaijan.

Me: This looks delicious Sharon.

Sharon: Thanks. It's Azerbaijan Couscous topped with Moroccan spice sauce.

We tasted the food and surprisingly it was delicious.

Virgil: It's ok if you don't' like Sharon's food. Because I sure don't.

Maria: Virgil, your sister's cooking is actually pretty good.

Virgil: (Shocked) What?!

Teresa: It's certainly better then the food we had to eat at prison.

Laney: It sure is.

Francis: Virgil, I don't know why you don't like this stuff. You should try it more often.

Sharon: Glad to know that some people enjoy my cooking.

Me: It's delicious. We would've gone to Azerbaijan on our global trip but because there's a nasty war going on there with terrorists we would just get caught in the crossfire.

Lincoln: That's true.

Lori: I agree. Those wars are literally a nightmare.

Me: They sure are.

Lana: Lets talk about something else.

Lola: Sharon you cook really good food. Are you and your family descended from any part of the Middle East?

Sharon: As a matter of fact we are.

Virgil: We are descended from Azerbaijan, Turkey, Sudan and Somalia. But our ancestors moved to America 200 years ago.

Me: That's an interesting heritage. Sudan and Somalia have had a lot of problems over the centuries.

Jessie K: Yeah. War, piracy, terrorism, everything.

Mr. Hawkins: That's right. It was awful times.

Me: You're telling me Mr. Hawkins.

Richie: Yeah.

---

In the living room we were reading books and watching TV.

Me: Lori can I ask you a question?

Lori: Sure J.D.

Me: Who were the worst kids you've ever babysat?

Lori, Leni, Luna and Luan gasped when they heard me ask that.

Me: Was it something I said?

Luan: No J.D. You have a right to know.

Lori: The worst kids we ever babysat were the Fox Quintuplets.

Nico: Come on they can't be that bad.

Lori: Nico, those kids are literally a nightmare.

Lincoln: I know the Fox kids. They go to school with me.

Linka: They're one grade back and they have just as much energy as Lynn does.

Liberty: She's right. We know the Fox kids and they are incredibly hyper and they dominate Gym Class.

Lyra: That's right.

Me: Wow! That's incredible.

Aylene: What did they do that would make you 4 fear them?

Lori: They are literally too wild! When I babysat them, they kept throwing stuff at me and I couldn't even defend myself!

[Lori's Flashback shows Lori being pelted by the Fox kids throwing all kinds of junk at her as she's hiding behind the couch]

Leni: When I babysat them, they locked me outside when it was raining!

[Leni's flashback shows that the Fox kids locked Leni outside in the middle of a raging rainstorm]

Luan: When I babysat them, They poured a bucket of ice cold water on me when I was sleeping on the couch!

[Luan's flashback shows Luan sleeping on the couch and the Fox kids poured a bucket of ice water on her.]

Luna: And when I babysat them, they trashed the whole bathroom with me in the middle of it!

[Luna's flashback shows the Fox kids wreaking havoc on the bathroom and Luna failed to stop them.]

We were shocked at what they went through.

Me: Holy Rotten Puke Buckets! They are THAT wild!?

Numbuh 1: LEAPING RACHELS! They did all that to you?

Rachel: Holy Butterfly Wings.

Me: No kidding.

Rachel: We're you talking about me Nigel?

Numbuh 1: No Rachel, I'm sorry. Our supreme leaders name is Rachel MacKenzie.

Rachel: Oh. That's all right.

Lynn: Yeah. But the only ones that can handle them are me and Lincoln.

Lincoln: It's true.

Me: Wow.

Lynn: But you guys are the best babysitters ever J.D.

Me: Well I can't argue about that.

Bobby: It's true J.D.

Lori then got an incredible headache.

Lori: (Groaning)

Laney: Lori what's wrong?

Lori: I got a splitting headache and it's literally painful!

Me: Uh oh! I know this headache.

Lynn: Me too. This is just what happened to me!

Luan: Me too!

Me: Stand ready guys!

Lori then had a pitch black aura envelope her and a blob of darkness came out of her and separated. It became another Lori and she had a red tank top and red eyes flooded with pure evil.

The real Lori was on the floor weak and exhausted.

Lincoln: Who are you!?

Dark Lori: **Isn't obvious you little twerp? I'm Lori. The true Lori.**

Laney: How can you be Lori? (Points to the real Lori) SHE'S Lori.

Me: Wait a second. This is the embodiment of Lori's anger, hatred, rage and selfish desires! She separated from her.

Dark Lori: **That's right you dead freak! There was never supposed to be you or a better world. Also Lincoln you are the biggest mistake in this family!**

Lincoln: You are a liar!

Bobby was enraged when she said that.

Bobby: You are not my fiancé!

He dashed and punched her in the face.

POW!

It sent her crashing into the wall.

We gasped when he did that.

Bobby: You are making a complete and total mockery of the Lori I love! You will pay for insulting her good image!

Suddenly the ground shook and a crack formed in the floor and huge clusters of crystals of different colors grew out of the ground at an accelerated rate and went towards Bobby. They touched him and he was in a tornado of crystals, gems and shards of crystals of various colors.

Laney: It's another Deity choosing!

Lola: This one is beautiful.

Lori got up and she saw Bobby in the Crystal Tornado. When the tornado died down Bobby was forever changed. He had blue sapphire angel wings and the feathers were long purple amethyst crystal spires.

Bobby got up and he was dizzy.

Bobby: What happened? I feel strange and why does my back feel really heavy?

Me: You've been blessed by a Crystal Deity. But the myths of the world don't have any gods or goddesses that govern crystals.

Lynn: That's right Bobsled.

Lincoln: Bobby this is so cool! Look at your back.

Bobby did and he gasped in shock!

Bobby: I have powers like all of you guys now!

Me: That's right Bobby.

Varie: This is amazing!

Aylene: It sure is.

Zoe: That's right.

Bobby: Now I can teach this evil witch that looks like my fiancé a lesson she'll never forget.

Me: Lets head to the Simulator for that.

Bobby: Okay.

Nico: I want to help too.

Bobby: Okay buddy.

Leni picked up the unconscious Lori and we went to the simulator.

---

Bobby and Dark Lori went to the Simulator and it activated. Bobby and Dark Lori were on the planet Mor' Otesi.

Ben: I know that planet. That's the planet Mor' Otesi.

Me: It sure is a strange planet.

Luna: No kidding dudes.

Luan: It sure looks deserted.

Me: Yeah. It's name means Ultraviolet in Turkish.

Ben: Didn't know that.

---

Bobby, Nico, and Dark Lori were facing each other. Bobby was gonna make sure that she pays for turning Lori into a control freak monster and making her siblings suffer because of her selfishness and evil.

Bobby: You will pay.

Bobby dashed and punched her in the stomach and kicked her in the face and punched her in the nose and he broke it. He kicked her in the back of the head and elbowed her in the face and kicked her in the stomach and kneed her in the face. Nico fired Vulture's feather missiles at her and they slashed her in the face and arms and some even exploded by her and sent her flying. Bobby fired a green laser at the ground and crystal clusters grew out of the ground and entombed her in a prison of Emerald Crystal. The crystal froze her forever in time and she was no longer gonna hurt anyone.

Bobby: That was for hurting by fiancé and sibs.

The Simulation ended and we cheered wildly for him and Lori woke up.

Lori: What? What just literally happened?

Bobby: Oh babe she will never torment you again.

Me: We have a lot to tell you Lori.

---

In the Living Room we told Lori everything that happened and Lori was horrified. She broke down crying and she was bawling her eyes out. Bobby was comforting her.

Lori: (Crying hard) Oh guys I'm so sorry! I can't believe that I would hurt you all like this! I'm so sorry!

Me: Lori it's not your fault.

Leni: That's right. We had no idea.

Luan: You had a split personality like me and Lynn did.

Lynn: It's true. You've been purified of the evil that was inside you.

Lori: So the same thing that happened to you two happened to me too?

Me: That's right.

We had a nice talk with Lori and Bobby and it was a great family talk. The Dark Lori imprisoned in Emerald was beamed to the Pluto Prison for Tyrants. Where she will stay forever.

Part 2: Day of the Bounty Hunters

In the training ground obstacle course we were testing out the full extent of the Omnitrix. I was Ultimate J.D. and Ben turned into Brainstorm.

Ben: BRAINSTORM!

Me: A Cerebrocrustacean from the planet Encephalonus IV.

Brainstorm: That is correct. They are very genius aliens that love the world of quantum physics and they thrive on the intellectual and the advanced.

Me: Wow! Lisa would love Brainstorm. Lets do this.

I use XLR8's speed and got through some swinging pendulum's and big mallets. Brainstorm got through the traps by climbing on the walls. He fired lightning from his brain and disabled them. I used Ultimate Humongosaur's size and strength to stop a huge boulder coming at me and set it aside.

Tetrax (sees Kraven, Stalker, and Sandman on patrol): Those must be 3 of Ben's new friends. Maybe they can show me where to find him. I just hope I'm not too late.

Tetrax walked up to them.

Tetrax: Excuse me. Are you three friends of Ben Tennyson?

Kraven: (Russian Accent) That's right. And you are?

Tetrax: My name is Tetrax. I'm a friend of Ben.

Sandman: Pleasure to meet you.

Stalker: What brought you to us?

Tetrax: Ben is in terrible danger. My former bounty hunter comrades Sixsix and Kraab are coming for him and we have to warn him.

Suddenly a blast hit the boulder and it exploded.

Me: What the?

We saw two figures come out of the dust and they were two enemies that Ben knew.

Brainstorm: Sixsix and Kraab!

Me: You know those two?

Brainstorm: They are two of my most dangerous enemies.

Me: Sixsix is a Sotoraggean and they are a race of bounty hunters. They come from the jungle planet Sotoragg.

Brainstorm: That's correct. Kraab is a Piscciss Premann. He's a crab alien from Ripjaws planet and his body was severely scarred because of a war with the Pisciss Volanns and the Pyronites. He had 95% of his body enhanced with cybernetic enhancements and the other 5% is still him.

Cody, Eddy, Lincoln, Janeen, Danny Phantom, Kid Flash and Rikki stood ready.

Kraven, Stalker, Sandman and Tetrax arrived.

Brainstorm: Tetrax. It's good to see you again my friend.

Tetrax: You too Ben.

Me: It's a pleasure to meet you Tetrax.

Tetrax: You too J.D. We can talk later. Lets deal with my former bounty hunter comrades.

Me: You got it.

We went at them.

I punched off Sixsix's helmet and he was REALLY UGLY!

Lincoln: Whoa!

Me: Sixsix, you are one one UGLY (Censored).

Cody: And I thought the Yautja's were ugly-looking.

Me: Tell me about it.

Sixsix: (Alien Language)

Eddy (to Sixsix): English, you (censored) freak! Do you speak it?!

Sixsix: (alien gibberish)

Stalker: Apparently, he doesn't.

Me: They don't speak English guys.

Sixsix fired numerous lasers at us and I was deflecting them with my lightsaber. Rachel fired a blast of sound at him and hurt his ears.

Lincoln and Janeen fired a blast of lightning at him and electrocuted him.

Lincoln: Lets use our combo Janeen.

Janeen: You got it Lincoln.

Lincoln and Janeen fired lightning at him again.

Lincoln and Janeen: LIGHTNING JUDGEMENT ELECTRIFIER!

The lightning blasts combined and hit him. They electrocuted him badly.

Tetrax punched Kraab in the face and kicked him with incredible force.

Rikki fired a blast of fire at Kraab and burned his suit. Nico fired lightning and electrocuted him. Tetrax got out of the way.

Nico: Rikki lets use our combo on him.

Rikki: You got it Nico and I have a craving for Shellfish.

Nico sprouted Aku's black flame tentacles and they went at Kraab and Rikki fired a blast of fire.

Nico and Rikki: TREES OF THE NETHERWORLD!

The fire fused with the black flame tentacles and they went into the ground. The ground shook and out of the ground around Kraab grew a huge flaming spike tree forest. The flames all over the forest were as hot as the sun and they baked him and he exploded all over the place.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!

Pieces of him were all over the place both metal and bloody.

Rikki: That was awesome!

Lincoln: I didn't know you have Aku's powers Nico.

Nico: I heard that you all killed Aku. I somehow got his powers.

Lincoln: I take it you read the book Samurai Jack wrote.

Nico: I sure did. It was awesome.

Lincoln: Glad you liked it.

The battle with Sixsix was getting fierce.

Stalker was bashing Sixsix with his staff at a brutal rate. He was giving him one heck of a vicious beatdown. Tetrax was bashing him badly all over the place. Gwen came and she was firing purple energy blasts at Sixsix and she was burning him really bad. We were unleashing a savage onslaught on him.

Danny: Lets use our combo Kid Flash.

Kid Flash: You got it Danny.

They dashed and went at Sixsix with incredible speed.

Danny and Kid Flash: SUPER PHANTOM DASH!

They formed a powerful ghost moving at incredible speed and while Sixsix was confused, Brainstorm swooped in and blasted his jetpack with a blast of lightning and he was spinning out of control. He crashed into a nearby fuel tank and it exploded into a huge fireball. Killing him instantly.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

Then the spirits of Sixsix and Kraab appeared.

Nicole appeared.

Nicole: You two will never claim a single red cent on Ben Tennyson.

(Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

The spirits went into the Book of Vile Darkness for all eternity.

Nicole: Some scum just can't take a hint.

Ben reverted back.

Ben: No they can't. (picks up Sixsix's left behind helmet) I've been wanting to add this to the collection for a while!

Me: I believe it Ben. It's an awesome trophy for you.

Ben: Thanks J.D.

Gwen T.: It's a nice trophy Ben.

Ben: Thanks Gwen.

Riley: On the plus side that's two less enemies you have to worry about.

Ben: That's true.

It was a grand victory for us.

Another Fanfiction complete.

I've been wanting to give Bobby Crystal powers for a while since I started a while back on my whole story. Crystal Powers are awesome for him. My friend nflemingful wanted this to happen. So I'm sorry I took so long with it. Plus Sixsix and Kraab were two of Ben's most dangerous enemies. Who know's what we will be facing later on. I wanted to get rid of Lori's dark side for a long time now. Plus I wanted to explain more about the Fox Quints. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Let me know what you all think.

See you all next time.

# Worms VS Fish

It starts in the estate.

I was looking up information on the nurse of Sunset Canyon Retirement Home.

Lincoln and Laney came.

Lincoln: What are you looking up J.D.?

Me: I'm looking up the background information on Nurse Sue.

Laney: The nurse at Pop Pop's retirement home?

Me: The very same one.

I was looking over her information and what the news said about her was horrifying.

Me: (Gasp) OH GOOD LORD!

Lincoln: What is it?

Me: She's worse than what we first anticipated. It says here that she doesn't love the elderly at all. She's no friend to them at all as well. Her background information reveals that she has had numerous run ins with the law. Mostly for burglary, abuse, negligence, theft and fraud.

Laney: That's terrible! So Pop Pop has had a thief and a monster in the home.

Me: And a pathological liar. She's done a really good job of covering her tracks.

Laney: I can't believe that Pop Pop and the seniors there are under the care of such an evil and malevolent woman.

Me: I know. It says here that she's also wanted in connection to numerous counts of child abuse, assault and battery, armed criminal action and more. But she disappeared off the radar before they could get her. She's even on the FBI's top 20 most wanted list. She's the 620th criminal to be placed on this list. She's on this list for fraud and money laundering.

Lincoln: Whoa! How much did she steal?

Me: It says $50,000,000,000.00 from clients all over the United States. But she covered her tracks really well and there were no clues on where she went for the FBI to find her.

Lincoln: Well now we have found her.

Laney: She makes even Bernard Madoff look like a saint.

Me: Good analogy. We found her and we need to take her down.

I printed a wanted poster, called the FBI and we went over to Sunset Canyon Retirement Home.

---

In the retirement home we were greeted by Albert.

Albert: Hey kiddos!

Laney: Hey Pop Pop.

Lincoln: How have you been?

Albert: Great little mini me.

Me: Cool. Hey Mr. Albert. Sorry to come in like this but we have some awesome news for everyone. And it regards Nurse Sue.

Albert: Oh really? What is it.

Me: You're gonna see right now. (Snaps fingers)

The doors fly open and the FBI and a SWAT Team busted in and went for Sue.

Policeman 1: FBI! DOWN ON THE GROUND! NOW!

They pushed Nurse Sue to the ground and slapped the cuffs on her.

Agent Waco: Sue you're under arrest. You have the right to remain silent. Anything you say can and will be used against you in a court of law.

Sue: Get off of me! You can't do this to me!

Agent Waco: Shut up!

Me: Your days of terrorizing the elderly are over forever Sue.

Sue: (Enraged) You did this Albert! You are your grandkids did this to me! I will kill you for this!

Agent Waco: Just for that one you're spending the rest of your life in prison.

Me: Get her outta here.

Lincoln: And good riddance to bad rubbish.

Laney: Yep.

We then went home and suddenly we heard a scream. We saw a muscle built worm? It was actually Earthworm Jim!

Me: Earthworm Jim?

Jim: That's right. It's a pleasure to meet you J.D. Knudson.

Peter Puppy: Same here J.D.

Me: Pleasure to meet you too Peter Puppy.

Maria came out and she squealed.

Maria: (Squeals and hugs Peter) You are so adorable and so cute!

Peter Puppy: I know I'm cute and adorable.

Stewie: It's a pleasure to meet you Jim.

Jim: You too Stewie.

Me: So what brings you to Gotham Royal York, Jim?

Jim: We were going to go after Bob the Killer Fish on La Planeta de Agua (Arriba!)!

Me: I know that planet. It's a water planet that's located 20 light-years away from Earth.

Suddenly a ship arrived. It was the ship of Bob the Killer Goldfish.

Bob: Earthworm Jim! I've come for you to eat!

Me: You've got to be (Censored) joking. That's Bob? He's nothing more than an ordinary goldfish!

Maria: I would not want him as a pet.

Me: Me neither.

Stewie: EAT DIRT, YOU (CENSORED) EVIL FISH! (fires lasers at Bob)

Jim: Hey! That's my line!

He blasted apart the ship and Bob and 4 landed on the ground.

Fuzzy: You know J.D. I done noticed somethin.

Me: What's that Fuzzy?

Fuzzy: He sounds just like me.

Me: He sure does.

Stewie: Maria lets use our combo on him.

Maria: You got it Stewie.

Stewie fired a bunch of laser blasts at Bob and 4 and Maria fired a huge blast of water.

Maria and Stewie: LASER WATER MASSACRE!

The lasers combined with the water and burned 4 badly and he disintegrated into dust and ash.

Bob: You will be my dinner Jim and I will…

But Gatomon swooped in out of nowhere and ate him in one big bite.

Gatomon: Yum! I just love the taste of fish!

Nicole: You might want to spit Bob's remains out, Gatomon. You don't know where it's been.

Gatomon: (With her mouth full) True.

We were shocked that this happened but relieved that he was gone.

Me: This may be the first ever villain that was eaten by us.

Poromon: I'll never look at you the same way again Gatomon.

Maria (sternly): Gatomon, I hope you don't try to eat my goldfish the same way you ate Bob!

Kari: Don't worry, Maria. I'll make sure Gatomon doesn't attempt to eat your goldfish.

Gatomon burped out Bob's skeleton and his evil spirit at the same time and Nicole sealed it into the Book of Vile Darkness.

Jim: Nice work guys!

But he accidentally stepped on Peter's foot and he became a huge purple beast and mauled Jim. I used my magic Peter control the evil demonic spirit inside him. He can now turn into the beast at will.

Me: I used my magic to help Peter control the beast he can become and he can turn into him at will when needed.

Peter: Thanks J.D. I've been trying to find a way to stop changing into a monster.

Me: You're welcome Peter.

Maria: This was awesome!

Me: We're gonna try to help Jim destroy his enemies.

It was a journey that will save the universe.

Nurse Sue was found guilty of her crimes and was given Life Without Parole. She was ordered to pay $500,000,000,000 in restitution to the city of Gotham Royal York. Varie was hired as her replacement and she gets a good pay roll too.

Another Fanfiction Complete.

This is part 1 of the Earthworm Jim Saga. Bob the Killer Goldfish was a strange and funny villain of Earthworm Jim. Jim Cummings did a great job voicing him back in 1995. I played all the Earthworm Jim games and they were really funny. Next is Vileness Incarnate and the Personification of Malevolence: EVIL THE CAT! NicoChan11 gave me the ideas for this one and thanks for that man as always. Let me know what you all think.

See you all next time.

# The Malevolence of Evil the Cat

It starts at school. I was having lunch with Lincoln, Girl Jordan, and his younger siblings, Lilly, Ariel's sisters and Paige.

Me: Lets see. Lincoln would you like to trade your dads homemade deviled eggs for my tomato soup?

Lincoln: Throw in your fruit cups and you've got a deal.

Me: Deal done.

We traded.

The doors opened and Clyde, Liam, Rusty and Zach came in.

Me: Hey fellas.

Clyde: Hey guys.

Rusty: What's shaking?

Me: Not much.

Zach: We have a new student starting today.

Laney: I heard rumors flying around.

Lincoln: I wonder who it is.

Lola: I hope she's a nice girl.

Lana: I hope it's a boy that loves to wrestle in the mud.

Lucy: I hope he loves the darkness and is sad like me.

Me: We have a lot of hopes huh?

Lincoln: We sure do.

The doors opened and in came a beautiful girl with light blue hair and green patches in it. She had brown eyes, a white shirt with NASA on it and she had brown shorts and white tennis shoes. The green patches in her hair were in the shapes of the continents of Earth.

Me: Boy she is beautiful.

Lincoln was struck by Cupid's arrow and he just found another future wife.

Lincoln: She sure is beautiful.

Suddenly we saw a kid go up to her and he was picking on her.

Kid: Hey your blue hair is lame!

Lincoln knew that bad kid.

Lincoln: That's William Newton.

He saw some of the other kids looking at him in fear because of the level of fear he instilled because of rumors he heard. Lincoln heard that William killed 3 kids and it was never proven and he sent the others to the hospital in intensive care. Lincoln was not gonna stand for this. He got up and went over.

William Newton pushed her down and Lincoln tapped his shoulder. William looked behind him and saw Lincoln.

Lincoln: William! Leave her alone you buttface! What has she done to you that would cause her to be picked on by you?

William Newton: She's a freak! So she needs to learn her place!

Lincoln: People like you make me sick! She's a beautiful girl to me!

He punched William in the face and gave him a nasty black eye.

William Newton got up and he was enraged. He charged towards Lincoln and he tried to punch him. But he dodged the punch and kicked him in the stomach and punched him in the face and knocked out some of his teeth. Lincoln punched him in the head and knocked him out.

Lincoln: Some scum just will never learn. (To the girl) You want to help me with this? By the way, my name is Lincoln Loud.

Earth: Sure. My name is Earth.

Lincoln: Earth. I like that name.

Earth: Thanks. I'm the personification of the Earth.

Lincoln: Wow! That is so cool!

Her hair was the oceans the green patches were the Earth's continents and landmasses.

They went to the Principals office and Lincoln and Earth got acquainted and got to know each other. Earth found Lincoln to be very interesting and awesome. At the principals office Lincoln and Earth revealed everything.

Principal Huggins: I can't believe that he would do this. This is the 8th time this month that William picked on a new student.

Earth: He's done this before?

Lincoln: I saw him do this before. The new students he bullied were boys. This boy is a monster. Also I found these in his pocket.

Lincoln pulled out a set of brass knuckles and they had sharp spikes on them with blood still on them.

Principal Huggins: Brass Knuckles!? He's in for it now. This was his last chance Lincoln. Great job.

Lincoln: Thank you Principal Huggins.

William Newton: (Groaning) What happened?

He saw that he was in the Principals office and Principal Huggins, Lincoln and Earth were glaring at him.

A volcano erupted on Earth's head in South America. Luckily that volcano didn't erupt in real life.

William Newton: Oh poop.

He's darn right Oh Poop.

Principal Huggins: This is the last time you will do this young man. You are expelled!

William Newton: What!? NO!

Principal Huggins: Yes. You are never allowed to attend school here ever again and you will be taken to prison for your crimes here.

The cops came and they slapped him in handcuffs.

Officer: William Newton, you are under arrest for aggravated assault and battery and assault with a deadly weapon.

Lincoln: Here officers.

Lincoln gave the officers the spiked brass knuckles.

Lincoln: My guess is he killed someone, but it was never proven.

Officer: Thanks Lincoln. I have a feeling you're right.

Earth: Make sure this monster gets what's coming to him.

Officer: With pleasure. Lets go bud.

William Newton: You will pay for this Lincoln Loud!

Lincoln made the finger motion to him and it said "If you ever come near Earth again I will kill you!" It was the neck slash gesture.

They carted him off to prison.

Earth: My hero.

Lincoln: (Blushes and chuckles) Thanks Earth.

Principal Huggin: Go have a good lunch you two lovebirds.

They held hands as they walked back to the cafeteria. When they got there everyone cheered wildly for him.

Clyde: Lincoln you saved us all from the wrath of William the Terror.

Rusty: You sure did. We heard rumors that he killed 3 kids but it was never proven.

Me: (Gasp) That kid is a monster! He's like Gisele Razor!

Laney: I can't believe that kid. He's evil personified.

Lincoln: That's right.

Lola: Great job Linky.

Lana: Yeah you were awesome!

Lincoln: Thanks guys. Oh guys. This is Earth. Earth these are my friends, fiancés and my siblings.

We introduced ourselves.

Earth: It's a pleasure to meet you all.

Laney: Same here.

Lila: You have beautiful hair Earth.

Earth: Thank you. My hair is what gave me my name.

Lana: That is amazing.

Earth: Yes.

My watch beeped and I looked at it.

Me: Uh oh! My future self was captured!

Everyone gasped!

Varie: By who?

Me: It's scanning now.

When I got the results it revealed a horrific discovery.

Me: (GASP) Sacre Bleu!

Laney: What is it!?

Me: It says that he's been captured by Ra's Al Ghul in Talia's body!

They gasped.

Lincoln: But Ra's is in prison!

Lisa: This must be an alternate version of him.

Me: My thoughts exactly Lisa. But the question is how did Ra's take over Talia's body like that?

Lisa: Hmm. I have a theory. He must've used a special machine that replaced Talia's brainwave patterns with his own in order to save his life after a massive battle that left his body broken beyond repair for the Lazarus Pit to heal him.

Me: That's exactly what I was thinking Lisa. We got to head out and stop him.

Varie: I know.

Earth: I want to help you guys.

Lincoln: Are you sure Earth?

Earth then surprised us by spreading wings that are pitch black and they had the image of the endless void of space in them.

Me: Wow!

Lincoln: That is so cool!

Earth: Being the personification of Planet Earth makes me like the planet itself. But luckily it doesn't happen to the planet in real life.

Lana: Wow!

Laney: That is amazing!

Lisa: Indeed.

Me: Lets head out!

We did so.

---

In a castle by the coast of Lake Huron, my future self was in a special capture pod.

The door opened.

Ra's in Talia's Body: You always were the perfect specimen Detective. Even immortality and invincibility hasn't softened you out as much as I had feared.

Future Me: I should've know you would cheat death again Ra's.

Ra's in Talia's Body: I don't cheat death I master it. Though I assure you that this time my longevity comes at a price most dear.

Future Me: Talia. I will never forgive you for this.

Ra's in Talia's Body: I did indeed survive our last battle, but my body was broken far beyond the pits powers to heal. In order to save my life, I called upon Talia to undertake the ultimate act of loyalty.

Future Me: You sacrificed her! Your own daughter!

Ra's in Talia's Body: I did what I had to do.

Future Me: Letting you live was a mistake Ra's. I should've killed you all those years ago when I had the chance. My past self may have put another version of you in prison, but you are no different.

Ra's in Talia's body: True. At the time this computer could only imprint my thoughts and memories on a close genetic match. But this youthful form has served its purpose. I must move on to a new host body: yours.

Future Me: Sure Ra's why not? Anything to hold off the Grim Reaper another few seconds. I take it back. You don't cheat death, you whimper in fear of it.

Ra's in Talia's body slapped him in the face and lightning burned his hand.

Future Me: That was pathetic.

Suddenly without warning, the ceiling exploded. In came us. Talia, Batman 2039 and Elena were with us.

Me: Are we too late to join the party?

Future Me: You arrived just in time.

My future self used his super strength and busted out of the machine with incredible force.

Elena: (to the evil Ra's in Alternate Talia's Body) You know what? I like the Ra's locked up in the Moon Prison better!

Ra's in Talia's body: True, but you won't last long enough to join him.

Talia took a sword hanging on the wall and she and Ra's in the alternate Talia's body engaged our Talia in a powerful sword fight. Sparks were flying everywhere.

Talia: Your crimes will never be forgiven father!

Ra's in Talia's Body: We shall see daughter.

My future me got an idea.

Elena engaged Ra's in Talia's body in a sword fight as well.

Earth fired a blast of lava from her hands and she burned him on his back.

Lincoln: That was awesome Earth!

Earth: Thanks Linky.

Batman 2039 kicked Ra's in the face and punched him.

Batman 2039: Normally I'm not supposed to hit girls but in this case I'll make an exception.

Me: My thoughts exactly.

Elena: Lets use out combo on her Laney.

Laney: You got it Elena.

Laney formed a bunch of voracious piranha plants and Elena fired lightning at the plants.

Laney and Elena: LIGHTNING NETHERWORLD FLORA!

The plants were coated in lightning and Ra's in Talia's body stabbed the computer and the plants bit the blade of the sword and they electrocuted him with 10 billion volts of electricity. He screamed in excruciating pain as he got the most painful lobotomy ever.

Me: That's got to hurt!

The computer blew him back.

I sensed that Ra's hadn't erased all of Talia.

Me: I sense that Ra's hadn't erased all of Talia. There's still some of her in him.

I used my magic and separated Ra's from her. Ra's was back on the physical plane and Talia got up.

This Ra's however was all battered and broken and he was severely burned over 88% of his body.

Me: Jeez! What happened to him?

Talia: He looks like he was beaten in a huge fight.

Future Me: I beat him in our last fight and the Lazarus Pit couldn't help him.

The computer then started exploding.

Me: Uh oh! This place is gonna blow!

Lincoln: We have to get out of here!

We ran fast. Alternate Talia got up and she saw us run. My Future self went to her.

Future Me: Talia we have to get out of here.

He picked her up bridal style and headed for the exit.

Alternate Talia: No wait!

Future Me: Talia we have to go.

Alternate Talia: No. I want to make sure that my father pays for his crimes.

Me: What do you mean?

Alternate Talia: I'm going to blow myself up and take my father with me.

We gasped.

Future Me: Talia no!

Alternate Talia: It's what I want beloved. I can never forgive my father for everything he did. He tried to kill me by taking my body and he tried to kill you.

My future self had tears coming down my face. He handed her a road flare.

Future Me: I love you Talia.

Alternate Talia: I love you too beloved.

They had one last kiss.

They broke and we ran.

She lit the road flare and went to her alternate father.

Alternate Talia: You've terrorized this world long enough father. See you on the other side!

She threw the road flare at the Lazarus Pit.

Alternate Talia: Goodbye Beloved. Part of me will always be with you.

She closed her eyes and accepted death with open arms. The flare went into the pit and ignited it into a huge blast of fire.

When we got outside the whole estate exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole estate exploded into a raging fiery explosion.

Batman 2039: I'm going back. Maybe I can still save…

Me: Wait Terry. Whatever was in there died centuries ago. We should tell Ra's in the Moon Prison what went down.

We did so.

* * *

In the Moon Prison we told Ra's what happened and he was shocked.

Ra's Al Ghul: Rest assured, J.D. I would never do to Talia what my alternate self did to her dopperganger.

Elena: I'm glad to hear that. You're actually one of the few prisoners here who's actually well behaved. You keep it up and you might actually get your prison sentence reduced.

Ra's: Thank you Elena.

Elena: You're welcome.

Me: I'm glad we came to tell you this. That version of you made the ultimate betrayal to any member of a family.

Ra's: Indeed.

Me: We made a cover story that your remaining followers were trying to finish your work without you.

Ra's: Clever ruse.

Me: Thank you.

We left the prison and went home.

* * *

At the Loud Phoenix Storm Estate we were resting and enjoying our favorite activities. Earthworm Jim was reading a silly pop up book called Fuzzy Wuzzy's Funny Animals Pop-Up Book. He, Peter and Snot were laughing. Lincoln and Earth were looking too and they were laughing too.

Earth: That book is really funny.

Lincoln: It sure is.

Jim: This book is the amazing and funny!

Earthworm Jim Narrator: THE HISTORY OF THE BOOK.

Flashback takes us to the 15th century.

Earthworm Jim Narrator: CENTURIES AGO A FOOLISH PRINTER LEFT HIS APPRENTICE IN CHARGE.

Printer: Now Mongo, print here this amusing and folded children's tome.

He had a copy of the book we have.

Printer: But do not of accident print this!

He held out a document called The Mystic Secret of Ultimate Destruction. This was the secret on how to destroy the entire universe.

Earthworm Jim Narrator: YES. THUS DID HISTORY'S MOST GRIEVOUS PRINTERS ERROR OCCUR. FUZZY WUZZY'S FUNNY ANIMALS POP-UP BOOK CAME TO INCLUDE THE SECRET FOR DESTROYING THE UNIVERSE, RIGHT AFTER THE PUDGY WUDGY HIPPO. ONLY ONE COPY STILL EXISTS. ITS LOCATION UNKNOWN FOR CENTURIES. UNTIL NOW.

Lincoln saw the page containing the secret. The words were glowing red.

Lincoln: Oh man! I don't like the sound of that page.

Earth: "The Mystic Secret of Ultimate Destruction" I don't like the sound of that.

Me: Let me see.

I look at the secret and read it.

Me: (Reading)

"The Mystic Secret of Ultimate Destruction.

Just as the proper note can shatter a glass, so can the proper sound shatter the Universe.

The sound of the shriek made by the Reeking Beasts of Malodoron VI.

Every Beast must make the sound at once for it to work.

The beasts will only make the proper sound when they see a fondue fork."

That is an unusual way to destroy the universe.

Shanan: It sure is. The planet Malodoron VI is 666 light-years away from Earth. Hmm. Fitting.

Nicole: Who would want to destroy the universe with this?

Jim: I'll tell you who. EVIL THE CAT!

(EVIL LAUGHTER PLAYS IN THE BACKGROUND FOLLOWED BY A BLOODCURDLING SCREAM)

Me: I've heard legends of Evil the Cat. He's Vileness Incarnate and the personification of Malevolence. He lives on the planet Heck and he's a cat that wants to destroy the entire universe.

Nico: First, a fish. Now, a cat? You really have some weird enemies, Jim.

Jim: It's alright. I'm used to them.

Bleez: And I thought Dex Starr was bad!

Brian and Gatomon were growling at each other. I stepped in and stopped it.

Me: All right you two break it up.

Brian: Sorry J.D.

Suddenly we heard a ship land outside and we went out to investigate. We saw the ship open up and out came EVIL THE CAT!

---

**Evil the Cat** is one of the villains from the Earthworm Jimseries.

**History**

Earthworm Jim

Simply put, Evil the Cat is evil given the form of a cat. Evil rules Planet Heck, which he modeled to shape his vision of evilness, with spikes, slippery cliffs, fiery pits, ghosts, lawyers and elevator music. Evil then decided to expand his distorted vision to the entire universe, making it to look like his planet. When Earthworm Jim came to his planet, while giving chase to Psy-Crow, Evil decided to take Jim's supersuit, since it would allow him to conquer the universe. Evil managed to get the suit, then tried to disintegrate Jim with his huge fireball cannon, but Jim retrieved the suit and killed Evil's nine lives.

## Earthworm Jim 2

Evil has a cousin named Flatigious, who runs The Circus of Scars. During the summer in Heck, they switch jobs, with Evil running the circus. Evil would meet Jim at the circus some time after his defeat, and attempt to kill Jim again, but to no avail.

## Animated Series

In the cartoon series, Evil has a different goal in mind, trying to destroy the universe instead of conquering it. There, he has a minion called Henchrat who helps him search the universe for apocalyptic artifacts.

## Personality

Evil is a pure evil character, complete with maliciousness and devoid of feelings. Even so, he also acts like a common cat in some situations, licking his fur and playing with yarn balls.

---

Me: Evil the Cat!

Evil: All right boy. Give me The Book. (Electric Guitar Riff plays)

He kicked a rat playing an electric guitar for dramatic effect.

Me: You want Jim's book? Come and get it!

Evil: Okay, we'll do this the hard way.

Me: So be it.

Laney used her plant powers and tied up all of Evil's henchrats.

Evil: We will have The Book and you all shall have the honor of being the last foolish mortals I rip to shreds before I destroy the universe.

His hand grew razor sharp dagger claws on the fingertips.

Me: Bring it on you bucktoothed fur ball.

Evil dashed at us and he slashed me right across my right elbow and it hurt. I was bleeding profusely from the wound. Evil's claws were melted because of my blood. I had four huge slash wounds on my elbow.

Me: (Groaning in pain) OW! THAT HURTS!

?: YAHOO!

A girl with a squirrel tail and a huge scurry of squirrels came. We saw them coming.

Me: Wow! Doreen Green A.K.A. Squirrel Girl.

Squirrel Girl: That's right. Lets get them!

The rats were being chased by the squirrels and Evil the Cat was being beaten up by her.

Evil got away and he was trying to fight back.

Brian fought him. Dogs and cats have hated each other for millennia. He was chasing him all over the yard.

Evil the Cat: (sweating) (Imitating Mr. Burns) I hate you all so much!

Nico: (aura flares up only a tiny bit) Well, that wasn't enough to make our auras stronger.

Me: His hatred must be really weak.

Bleez: Lets use our combo Mariah.

Ace: You got it.

Bleez fired a blast of Red Lantern energy and Ace formed an illusion.

Ace and Bleez: RAGING HALLUCINOGENIC ILLUSION!

Evil saw everything around him become a world full of hatred, evil and more.

The illusion broke and Evil fired acid hairballs at us. They melted into the ground and burned into it.

Laney: Lets use our combo again Elena.

Elena: You got it. I don't think we ever used the same combo more than once.

Laney: Nope. It's a first.

They used LIGHTNING NETHERWORLD FLORA and Evil the Cat got the biggest and most painful lobotomy ever. Lola burned all of his henchrats. Brittney used her magic and stripped Evil of his powers.

Me: I have a perfect place for you Evil.

I sent Evil The Cat to our newest prison for all eternity: The Sun Prison for Universal Conquerors. He's in the animal shelter section.

I put the secret to destroying the entire universe in the vault to make sure that it can never falls into the wrong hands and can never be used.

Another Fanfiction Complete.

I wanted to make this one in three parts. I got the idea for Lincoln meeting Earth Chan from a Spanish Fanfic I saw and I thought it would be adorable. Earth Chan is a cute girl and is the personification of Earth in Anime form. The episode of Batman Beyond Out of The Past was a strange episode and it was cool how

Bruce was made young again in that one because of the Lazarus pit. But it was freaky of Ra's being in Talia's body. Evil the Cat was the most insidious villain in the Earthworm Jim series. He may be a cat but he was pure evil incarnate. NicoChan11 gave me the ideas for this one. Thanks for that man as always. Next up is Professor Monkey For A Head. Let me know what you all think.

See you all next time.

# Monkey Business

It opens to the view of the city skyline.

Powerpuff Girls Narrator: THE CITY OF GOTHAM ROYAL YORK… AND IT LOOKS LIKE IT'S GONNA BE A CALM, PEACEFUL AND QUIET DAY.

An explosion rocked the area.

KRABOOOOOOOOMMMMM!

Powerpuff Girls Narrator: OH NO! THE CITY IS UNDER ATTACK BY THE EVIL PROFESSOR MONKEY FOR A HEAD!

Camera pans to a freakish man with a monkey attached to his head.

Blossom: Another monkey with a literally big head? Wasn't Mojo enough?

Me: Now I've seen everything. This guy is an abomination to all things in nature. He's a hideous freak that destroyed the evolutionary chain.

Xion: Tell me about it.

Earth: He gives all humans everywhere a bad name.

Lincoln: You said it.

Me: Time for me to go Ape.

I use the Monkey Talisman and I turn into a Silverback Gorilla. I go at Professor Monkey For A Head and bash him in the face and spare his monkey head.

Xion (holds out banana): You want a banana? (throws banana and Professor Monkey For A Head chases it) Go get it!

The monkey half was too strong.

Professor Monkey For A Head: Curse my monkey instincts!

The monkey slipped on a banana peel and slid into a truck full of bananas and crashed through it and then he crashed into a truck full of banana cream pies.

CRASH! SPLAT! BLAM! SPLAT SPLAT SPLAT SPLAT SPLAT SPLAT SPLAT!

Professor Monkey For A Head: This is so humiliating.

Luan: That one had lots of ap-Peal! (Laughs to rimshot) Get it?

Most of us laughed.

Me: (Laughs) That was funny Luan.

Eddy: (Laughs) Good one.

Nico: Bad monkey! (zaps Professor Monkey For A Head with Electro's powers) No banana!

Laney: Good shot Nico.

Nico: Thank you Laney.

Killer Frost: Xion lets use our combo.

Xion: You got it.

Killer Frost caused numerous Icicles to grow all over the ground and they were transparent. Xion fired a blast of white light.

Killer Frost and Xion: PRISM ICICLE EVISCERATION!

The light went through the icicles and split into rainbow light and slashed at Professor Monkey For A Head and burned him in many spots. His Monkey half was unharmed.

Lana: I think it would be perfect it he had that monkey half separated from him.

Me: Good thinking Lana.

Lana used her magic and fired a beam of light at him and they separated. Professor Monkey For A Head was human and his monkey was a full fledge monkey. The monkey went over to Lana and danced with her as his way of saying thank you.

Laney: Now to send you to prison where you will never harm anyone ever again. Nico, Riley, Sam, lets use our combo.

Nico: We never did a 4-way combo.

Riley: It'll be the first time we did so.

Sam M.: Lets do it.

Laney, Riley and Sam touched the ground and Nico used Undergrowth's powers and they grew numerous banana trees and they bent down.

Laney, Riley, Sam and Nico: CATAPULTING BANANA ONSLAUGHT!

The trees flung numerous bunches of bananas and they hit him in the head.

POW SPLAT BLAM WHAM ZONK BLANG SPLAT KATOW SPLAT THWACK SPLAT SPLAT SPLAT SPLAT!

Me: Ooh! That's gonna leave a mark!

Aylene: No kidding!

Vince: Ouch! That's not gonna feel good in the morning.

Carol: No kidding.

Professor Monkey For A Head: (Stupidly) Mommy please read me the story of the monkey and the bananas.

He fell to the ground and stars, bananas, planets and monkeys were spiraling around his head at a comical pace.

Earth: We really knocked him stupid.

Lincoln: We sure did.

Lucy: I noticed that he sounded just like Ickis.

Me: That's true. He did sound like him.

We beamed Professor Monkey For A Head to the Uranus Prison for Terrorists. He will never terrorize the galaxy again. Afterwards we had his luxurious space station beamed to Earth and now it's Lincoln's sanctuary should he need some quiet time. Not only does he have his treehouse but he also has a brand new space station. And Lana now has a new monkey pet.

Another Fanfiction complete.

Part 3 of the Earthworm Jim saga complete. Professor Monkey For A Head was the most weirdest villain in the show. I don't know how he got this way but he was a freak! Charlie Adler did a great job voicing him. He did a great job voicing several characters on lots of cartoons over the years on different networks. He voiced Cow, Chicken, the Red Guy, and I. R. Baboon on Cow & Chicken and I Am Weasel, Ickis and the Gromble on AAAHH! Real Monsters, He had lots of great roles. NicoChan11 gave me the ideas for this chapter and he came up with the title for this one. Thanks for that man. As usual. Next is Psycrowe. Let me know what you all think.

See you all next time.

# The Insane Crow

It starts in the estate. Me, Eddy, Luan, Maria, Emma and Ed were playing Tic Tac Toe.

Me: (Thinking) Hmm.

I drew an O in the middle square.

Ed drew a lot of pictures on the paper and they were of an eye and lots of monsters.

Ed: I win again guys.

Me: Ed you are one silly guy.

Eddy: He is funny.

Emma: That's funny.

Maria: You even drew Tantrum's head on the board as well?!

Me: He's got a funny imagination.

We played again and Maria started with an O.

Ed drew a line through all the squares around the middle.

Ed: I win.

Edd: Preposterous!

Me: Geez Ed you don't know Tic Tac Toe at all don't you Ed.

Eddy: No he's an idiot.

---

In the park, Jim and Peter Puppy were enjoying a time of relaxation.

Jim: Nothing like relaxing after saving the day.

Peter Puppy: You said it you big universe-saving lug.

Suddenly there was an explosion and out of the smoke came Earthworm Jim's enemy PSYCROW! He was a big fat grow wearing a yellow suit with an astronaut helmet on him.

Psycrow: Hello, Jim. I'm here to kill you and take your suit. (grins evilly) Is now a bad time?

Jim: Psycrow! You will never get my suit!

---

Back at the estate we were still playing Tic Tac Toe when the alarm sounded.

Me: Uh oh.

The computer popped up and we saw Psycrow attacking at the park.

Luan: That is one ugly crow.

Me: That's Psycrow. Earthworm Jim's most notorious enemy.

Eddy: This reminds me of the time where Ed accidentally summoned crows on us with that so called scam of his.

Ed: Oh yeah. I remember that.

Me: That's weird. We're not gonna stop him by sitting here. Come on!

We set out for the park.

---

Earthworm Jim was firing his ray gun at Psycrow and he kicked him in the stomach.

But Psycrow was too strong for him.

Psycrow: All right, Earthworm Jim. Any last words before I blast you into a million pieces?!

Me: (Offscreen) How about you have a fist break your big ugly beak poopeater!?

I punch him in the face and smash his beak in.

Yolei's Hawkmon was now Aquilamon.

Aquilamon: That is the ugliest crow I've ever seen.

Varie: No kidding.

Nico: Lets pluck this guys feathers and eat him for dinner.

Me: You said it buddy. I've been having a craving for barbecue chicken lately.

Peter Puppy: Let me get you guys started.

Peter Puppy became a monster and savagely beat up Psycrow to a pulp and all of his feathers were plucked off.

Yolei: Get him Aquilamon!

Aquilamon: With pleasure. (Echoing) BLAST RINGS!

He fired his Blast Rings and badly burned Psycrow.

Nico: Lynn lets use our combo on him.

Lynn: Aw yeah baby!

Lynn fired a huge wave of lava high into the sky and Nico used Pyro's powers.

Nico and Lynn: FLAMING MAGMA DOWNPOUR!

The two blasts combined and formed a red thunderstorm. Flaming globs of molten magma rained down and they poured on Psycrow and severely burned him bad.

Suddenly two figures came and one was Huntress and the other was Batman.

Me: Helena Bertinelli A.K.A. Huntress.

Huntress: That's right J.D. It's an honor to meet you. The Justice League has told me so much about you.

Me: It's mutual. I heard from Kal that you were kicked out of the Justice League because of your path of vengeance on those mob boss buttlickers that killed your family.

Huntress: That's right.

Me: You'll be happy to know that those mobsters are now in prison forever. They're in the Jupiter Prison for Gangsters and Mobsters.

Huntress: (Gasp) How?

Me: We found them and locked them away. They're serving 20 Life Sentences without parole.

Batman: It's good you did J.D. Helena has been after revenge since her parents were killed by mob boss Steven Mandragora. But he was a meta human too.

Me: I know. I stripped him of his powers and locked him up.

Batman: Good. Me and Huntress are going to help you kill Psycrow.

Huntress (to Batman): We're really going to kill Psycrow? I thought I was kicked out of the Justice League because of my extreme methods against criminals.

Batman: I gave up on criminal scum like the Joker and Scarecrow a long time ago, Huntress. Because of that reason, consider yourself back in the Justice League.

Huntress: Thank you. Now lets go.

Huntress punched and kicked Psycrow around like a rag doll and she was demonstrating a vast array of martial arts moves and techniques. She was proving to be more of a challenge Psycrow couldn't handle.

Eddy fired his blaster at Psycrow and burned him in different places.

Riku: Lets use our combo Teresa.

Teresa: You got it Riku.

Riku fired a blast of Dark Fire and Teresa fired a sonic blast.

Riku and Teresa: DARK SONIC FIRESTORM!

The blasts combined and they hit Psycrow and burned him worse.

Psycrow was now a bad roasted turkey. Aquilamon picked him up and ate him in one bite. He chewed him up and ate him.

Aquilamon: Bleh! Not very tasty!

Me: That's gonna leave a bad taste in your mouth.

Poromon: I'm glad I wasn't the one who ate Psycrow. Otherwise, I would've gotten indigestion.

We laughed and the terror of Psycrow is finished forever.

His evil spirit appeared and Nicole sealed him into the Book of Vile Darkness.

We went back home and enjoyed the rest of our day.

THE END

Another Fanfiction Complete.

Psycrow is the most insidious and most nefarious and notorious of all the villains of Earthworm Jim. NicoChan11 gave me the ideas for this one. Thanks man as always. Jim Cummings did a great job voicing Psycrow. Sorry it took so long to complete. The last part of the Earthworm Jim Saga is next and it's Queen Slug For A Butt. Let me know what you all think.

See you all next time.

# A Giant Slug Falls

It starts in Los Angeles, California. I was in the Los Angeles Cryo-Prison.

Me: Brr. This place is cold.

I was walking through the prison.

Me: This place is The 9th Circle of Hell on Earth. (To the viewers) You may be wondering why I'm in the Los Angeles Cryo-Prison. Well to help you understand what's happening we need to go back to last night. I had a dream about this place.

---

3:00 AM

Me: (Narrating) **I've been having problems with a dream that was trying to tell me something. It was more of a call for help. I heard a voice calling out to me. It was a little girls voice. I followed the voice to the Los Angeles Cryo-Prison.**

In my dream I was walking in the city of Los Angeles, California and I was in the Los Angeles, Cryo-Prison. A maximum security prison where they freeze criminals in huge blocks of ice and put them in a state of suspended animation where they can be reeducated and reprogrammed through synaptic suggestion.

Me: **As I walked through the prison the voice was calling to me from a room where criminals that don't have rehab. It was a cold fridge for the worst kind of criminals in the country. In that fridge I saw a young girl no older than Laney Loud. She had blonde hair and was frozen with her clothes on and she had a double-crescent moon shape scar in the middle of her forehead.**

FLASHBACK ENDS

Me: So there you have it. My dream was telling me to go here and see what's going on.

I walk into the defroster room and found all the staff dead. It was a gruesome bloodbath.

Me: (Gasp!)

The sight of the scene was horrifying.

Me: My gosh. What the heck happened here?

I walked around and saw that the bodies were riddled with bullet wounds and the cold of the room was keeping the bodies from decomposing.

Me: Whoever did this really didn't want anyone to report what's going on.

I saw a door and open it. It led to a huge freezer. In the freezer were thousands upon thousands of blocks of ice and the naked bodies of criminals were frozen in them.

Me: Wow! There's so many of them!

I walked into the fridge and turned on my computer vision. I analyzed the criminals and some of them were names that my father knows over the course of his 25 year career as a police officer. He arrested 90% of the criminals frozen in the prison.

Me: I know most of these guys. They were all busted by my dad years ago. Dad, you are the greatest police officer I know and if these guys ever get out, your enemies will become mine. I'm more than willing to accept the challenge.

I looked around and my computer vision picked up something out of the ordinary. In the far back up against the wall was a block of ice in the top row and in it was a little girl and she was fully clothed.

I go up and look at it.

Me: That's her. I got to get her out of here.

I go to a computer that operates the ice block lift and take the block out. I set the block down onto the floor and wipe the frost off. It was the girl I saw in my dream.

Me: It's her. Wait a second.

I had another flashback.

FLASHBACK 2

I was looking through the Knudson family records on the computer and I found a really unusual discovery. Before my sister Jayme on the family tree was another name. It was a girl named Elaine Rose Knudson. She was born 3 years before Jayme and was declared presumably deceased. She was declared this when I was only 1 year old.

FLASHBACK ENDS

I fired a blast of fire and melt the ice and thaw her out.

I was holding her and she woke up.

Me: Elaine? Are you okay?

Elaine woke up and saw me.

Elaine: Who are you?

Me: My name is J.D. Knudson and I am your brother. You probably don't know me but I was only a year old when you vanished.

Elaine started remembering what happened.

Elaine: (Gasp) Bro!

She hugged me and cried hard.

Me: It's okay Elaine.

Elaine: (Crying Hard) I was so scared!

Me: I know. But you're safe now. It's gonna be all right.

Elaine: How long have I been gone?

Me: 15 years. I'm now 16 years old. You are still 5 years old but you are 20 years old because you were frozen in time in ice. Frozen in time.

Elaine: I've missed you so much bro. But my head hurts.

Me: I know.

I pulled out a blanket and wrapped it around her.

?: How touching.

We looked to who said that and it was my fathers old enemy SIMON PHOENIX!

Me: Simon Phoenix! Homicidal Maniac responsible for the deaths of 379 people over the course of 25 years.

Elaine gasped and she had a memory flashback. She remembered that it was Simon Phoenix that knocked her out and got her frozen for 15 years.

Elaine: That's him! He is the one that froze me!

Me: I had a feeling. Dad brought him in. He told me that Simon Phoenix was the most dangerous criminal he ever faced and put in this prison for all eternity.

Phoenix: Who are you?

Me: My name is J.D. Knudson, son of Sergeant Sumner Knudson.

Phoenix: So you are the son of that man who got me frozen!

Me: That's right. Elaine you go somewhere safe and cover your eyes. I don't want you to see this fight. It's gonna be brutal.

Elaine: Okay. What happened to you bro?

Me: A lot of things. Stuff that even some people can't explain.

Elaine: Oh.

Elaine hid behind a table and covered her eyes.

I walked up to him and we looked at each other with fury.

Me: Is it cold in here or is it just me?

Phoenix: Like father like son.

Phoenix punched me twice in the face and kicked me in the stomach and sent be crashing into some containers. He picked me up and punched me in the face hard and elbowed me into the fence. He punched me all over and I belched up a huge amount of blood.

Phoenix: (Censored) piece of (Censored)!

He punched me in the face and I kicked him in the mouth.

Me: Go to Hell!

I kick him in the stomach and punch him in the face and punch him in the stomach and the back of the head and he backhanded me and punched me in the eye and whacked me in the mouth with a chain and I rebounded and flip him over and grab his arm and bend it and cause the bone to break through. He screamed in pain and I elbow him in the crotch.

Phoenix: I hate cops!

He got up and whacked me in the face with a punch. I belched up more blood.

Phoenix: Look in my eyes J.D.! I'll see you in Hell!

Me: Not if I take you there with me!

I spit some of my blood into his face and it landed in his eyes and burned them like acid.

I punch him all over the place and kick him around like a rag doll caught in a storm and then I knocked him down.

Me: Now you die you (censored)!

I plunge my hand into his chest and rip out his beating black heart.

Me: Enjoy the darkness of Hell you (Censored).

I crush the heart and it splattered all over the place as bloody tissue. Phoenix died in an instant. My accelerated healing made me better. I fired a blast of fire and incinerated Phoenix's body.

Elaine came over to me and she was shocked.

Me: I'm sorry you had to hear all that Elaine.

Elaine: It's all right bro. But you were amazing!

Me: You saw the whole fight huh?

Elaine: I sure did. What happened to you?

Me: A lot of things that no-one can explain. I have numerous powers and more. Lets go home. We no longer live in Colorado. We live in Michigan now.

Elaine: Oh. Okay.

We left the prison and went back home.

---

Back home in Gotham Royal York we landed by the front of the Estate.

Me: This is where we live now sis. We live in a city called Gotham Royal York and we have a huge mansion.

Elaine: Wow! This house is big!

Me: It's a massive mansion. It's supposed to be big. You have to be worth a massive amount of money to own one.

Elaine: Wow. I have a lot to learn.

Me: 15 years worth. But I promise that we'll help you. You are going to love my friends and new family members.

In the mansion everyone was watching T.V. and reading books when the door opened and we came in.

Me: Hey guys.

Lori: Hey J.D. Who is that with you?

Me: Guys this is the reason why I went to the Cryo-Prison. This is my long lost big sister Elaine Rose Knudson. She was frozen in the cryo-prison for 15 years and a dream told me where to find her.

Everyone gasped.

Me: Elaine it's okay. These are my friends. They are all part of our family. She's in a very fragile state. She was frozen in the Cryo-Prison for 15 years.

Laney: Oh man.

Lisa: That's awful 2nd elder brother. How did she wind up in a state of cryogenic suspended animation?

Elaine: What did she say?

Me: She's wondering how you got frozen in that block of ice. Lisa is very smart and she knows lots of things that would fry your brain. Elaine was frozen in the prison because of homicidal maniac Simon Phoenix.

Everyone gasped.

Luna: Dude! I heard he was released from prison early!

Luan: And he is the worst kind of criminal ever.

Laney: He is the worst kind.

We sat down and Elaine got acquainted with everyone.

For two hours we were talking.

Elaine: So you all have amazing powers and you saved the world from all kinds of stuff?

Me: That's right. We are one of the most powerful forces of heroes on the planet. We were given great power because of many things.

Lincoln: That's right.

Lyra: I'm proud of our big bro.

Lily: Same here.

Elaine: You all are an amazing thing.

Lana: We get that a lot.

Lila: We've had a lot of stuff happen to us that made us become like this.

Nico: Yeah. But mostly we got our powers from Gods and Goddesses in myths around the world.

Starfire: Some of us were born on other planets.

Me: There are many sources because of it.

Elaine: Wow! That's amazing. Lincoln can I ask you a question?

Lincoln: Sure.

Elaine: How come your hair is white?

Lincoln: Well I have a condition that turned it white. I inherited it from our grandpa.

Me: Their grandpa Albert, Rita's dad was born with white hair like Lincoln was and he calls him mini-me.

Elaine: Oh. That's cool.

Earthworm Jim, Peter Puppy and Princess-What's-Her-Name came

in.

Jim: Hey guys.

Peter Puppy: What's going on?

Me: Oh hey guys.

Princess What's-Her-Name: You guys have been really busy taking out my poopyhead sisters workers.

Varie: Busy is an understatement.

Me: Princess What's-Her-Name, it's an honor to meet you your highness.

Princess What's-Her-Name: You too J.D.

Laney: Princess if I may ask Princess why do you hate your sister so much?

Princess What's-Her-Name: Oh it's a tale of misery and woe that goes back many years.

---

EARTHWORM JIM NARRATOR: THE TALE OF THE PRINCESS AND THE QUEEN.

Once upon a time, because it always starts that way, on Insectika twin sisters were hatched.

A cocoon hatched and out came two children.

EARTHWORM JIM NARRATOR: One beautiful,

Queen Pulsating, Bloated, Festering. Sweating, Pus-Filled, Malformed, Slug-For-A-Butt or Queen Slug-For-A-Butt for short was born.

EARTHWORM JIM NARRATOR: And the other hideously malformed.

Princess What's-Her-Name was born too and she looked in every way like us humans.

The previous Queen screamed at the sight of her.

EARTHWORM JIM NARRATOR: Yes. Well. Obviously Insectikan standards of beauty are rather different from our own. The young queens whims were catered to.

The young Queen Slug-For-A-Butt was being pampered and catered with wheelbarrow-loads of jewels.

Zurb minion: **How else may I serve you astonishingly beauteous Queen.**

Young Q.S.F.A.B: Throw her in the dungeon where her deformity will not offend me!

(Note: We'll call Queen Slug-For-A-Butt by her initials to make things easier)

Zurb Minion: **Who?**

Q.S.F.A.B: (Points to the princess) Her! The ugly one! You know! What's-Her-Name!

The princess was crying and the Queen threw her into the dungeon.

EARTHWORM JIM NARRATOR: And so the young princess was locked in the palace dungeon while her sister reigned as Queen of Insectica.

The princess vowed to overthrow her evil twin sister no matter what.

Young Princess: I swear to dedicate my life to the overthrow of my fiendish sister! The BIG FAT POOPYHEAD!

EARTHWORM JIM NARRATOR: The Queen had a normal childhood enjoying such pastimes as her favorite game Maggotball.

She was playing said game. She hit a maggot and splattered it all over the place.

Zurb Minnion: **Good one Queeny.**

EARTHWORM JIM NARRATOR: But the princess's childhood held nothing but endless training in the ways of the warrior.

The young princess was using all kinds of weapons on a dummy in the shape of her evil twin sister. Getting stronger over the years.

EARTHWORM JIM NARRATOR: AND SO WHILE THE QUEEN RULED INSECTIKA WITH AN IRON FIST, THE PRINCESS BECAME THE FIERCE LEADER OF A RAGTAG BAND OF REBELS. HARD WORK HAD MADE HER A MIGHTY WARRIOR. BUT IT HAD TAUGHT HER NOTHING OF LIFE, OF LOVE, OF ROMANCE.

FLASHBACK ENDS

Earthworm Jim was crying his eyes out. He was touched by the Princess's story.

Jim: (Crying hard) It's the saddest story since Bambi.

Peter Puppy: (Eating popcorn) Mmm. I love a good flashback. Mmm. Better than pro wrestling.

Me: Princess that's awful!

Lori: You've literally endured a nightmare.

Elaine: That is awful!

Laney: No kidding. We have to help her.

Me: And we will. Lisa deploy the U.S.S. Valor. We're going to blow up Insectika and make sure that she never conquers the universe again.

Lisa: Affirmative 2nd Elder Brother.

Elaine: Why did she call you 2nd brother?

Me: You see Elaine, ever since we moved here we developed a powerful bond that was so strong that our families became one.

Elaine: Wow!

Me: I know.

---

Later we were in the U.S.S. Valor and we were on our way to Insectika.

Me: (Narrating) Captain's Log, Stardate 2465.9: The U.S.S Valor is on it's way to Princess What's-Her-Name's planet Insectika, 63 light-years away from Earth. Our mission is to take down Queen Slug-For-A-Butt and destroy the planet Insectika.

Lincoln: This is gonna be awesome!

Linka: It sure is.

We were arming ourselves with phasers and laser blasters and we were getting ready to go into war.

Vince: J.D. we're here.

We saw a really dark planet with a green ocean. It was an ugly disgusting-looking planet.

Me: Wow. This planet looks like a planet from Hell.

Varie: Yeah.

Me: Lets get them!

We went down to the planet and it was a planet that would make even the most weak hearted of people hurl their guts out. It was a planet completely covered in slime molds, rotten fungus, disgusting stuff and more.

Me: This place is disgusting!

Varie: And soon it will be destroyed.

Marie K.L. and Nico were flying above the ground and Marie was riding Marianas and Nico had a crystal dragon, a Laekrian.

Laekrian: This place is a pigsty.

Nico: No kidding.

Princess What's-Her-Name: Her castle is this way.

Me: Okay.

We went into the castle and saw her on her throne and she was disgusting and repulsive.

Me: There she is.

Lola: She is disgusting.

Lana: Cool.

Bai Tza: And I thought Po Kong was hideous.

Nico: You're telling me.

I fired a laser blast and it burned off one of her horns.

Me: Hey maggot butt! Your reign of terror is over!

Q.S.F.A.B.: Well if it isn't J.D. Knudson and his cronies.

Me: For your information you pus-filled slime ball they are my friends and my teammates and loved ones.

Princess What's-Her-Name kicked her scepter out of her hand and I grabbed it and destroyed it.

Me: Your reign of terror is over Queen! We've played your dirty games and brought the pain to your minions and now the only thing left is to finish you off once and for all!

Q.S.F.A.B.: Did you really think I would be foolish enough not to bring backup?

A Machamp came out.

Nico: A Machamp! Awesome!

Ben: I got this.

Ben became Fourarms!

Ben: FOURARMS!

Q.S.F.A.B.: A Tetramand!?

Fourarms: That's right.

He went at the Machamp and they engaged in a fight. It was a fierce one but Fourarms prevailed.

Nico: I got this. Pokeball go!

He caught the Machamp in it and the red light faded and he caught it.

Me: Way to go Nico!

Nico: Thanks.

Elena: Flint lets electrocute her.

Sandman: You got it Elena.

Elena fired a blast of lightning and Sandman fired a blast of sand.

Elena and Sandman: FULGARITE LIGHTNING SHOWER!

The sand became Fulgarite Crystals and they hit Q.S.F.A.B. in her oversized abdomen and Lincoln and Janeen fired lightning and electrocuted her. The fulgarites lit up like a Christmas Tree.

Nico: Poromon lets get her!

Poromon: Right!

Poromon digivolved.

Poromon: POROMON DIGIVOLVE TO…

He became Hawkmon.

Hawkmon (Nico): HAWKMON!

Nico activated his Digiegg of Love.

Nico: DIGIARMOR ENERGIZE!

Hawkmon (Nico): HAWKMON ARMOR DIGIVOLVE TO…

He became Halsemon.

Halsemon (Nico): HALSEMON - THE WINGS OF LOVE!

Nico got on him and they went at the Queen.

Halsemon (Nico): EAGLE EYE!

Halsemon fired red lasers from his eyes and they burned her bad.

Bai Tza: Lets use our combo Nico!

Nico: Right!

Bai Tza fired a huge blast of water and Nico fired a huge blast of wind using Xiao Fung's powers.

Bai Tza and Nico: TORRENTIAL HURRICANE DELUGE!

The attacks combined and formed a huge hurricane over the Queen and blew her around with incredible winds and fired powerful torrents of water at her. She was being beaten up really bad in the storm.

When the hurricane stopped I grabbed her by her huge butt and slammed her all over the ground on both sides.

SLAM BLAM CRASH BLAM SLAM BLAM CRASH BLAM SLAM BLAM!

Ed became Edzilla.

Edzilla: ED SMASH SLUG QUEEN!

Edzilla smashed her all over the place.

Woody: You know that ugly queen sounds just like Ms. Meany.

Lincoln: She does sound like her.

Bai Tza: Why couldn't my siblings be willing to do these kind of attacks alongside me?

Nico: They're pure evil and probably wouldn't agree to such terms.

Bai Tza: True.

Halsemon (Nico): (Echoing) TEMPEST WING!

He spun really fast and became a tornado and then in a surprising shock he ate the queen.

Halsemon (Nico): That was gross.

Me: No kidding.

But we won.

We cheered wildly.

---

Back on the ship I had the planet-destroying super ion laser ready to fire.

Me: Go to Hell you stupid bugs.

I press the big red button and it fired. The laser completely obliterated the entire planet in an instant.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire planet was completely wiped off the face of the universe forever.

We went back home and celebrated.

In the kitchen Nazz, Rolf and Kevin were having a nice talk.

Rolf: Nazz, are you sure that frenemies Shocker and Rhino will join us eventually?

Nazz: Rolf, look at the three of us. You used to beat up the Eds whenever they bothered you and your animals. Kevin used to beat up them up on a daily basis and call them Dorks every day. Me? I get annoyed at the three of them everytime they did a scam. And despite that, Eddy was willing to forgive and befriend us. So if we can be friends with J.D. and the others, then I can say the same for Rhino and Shocker. Especially since they're Flint's friends.

Kevin: I just hope it's not too late when they do decide to join us.

Nazz (chuckles): Who'd ever thought that the three of us would end up as a part of Team Loud Phoenix Storm?

Rolf: I would never have imagined fighting evil alongside the Ed Boys.

Kevin: And to think that it took the Vengeance Express for us to finally make peace with the Eds.

Nazz: Now we just need to keep watching J.D. and the rest of our friends' backs.

Rolf: I see no problem with that.

Kevin: Me neither.

Nazz (holds up her drink and Kevin and Rolf do the same with theirs): To the battles to come.

Kevin: To making sure we win them

Rolf: Here here!

The three of them clinked their drinks together and drank at the same time.

They were drinking water.

It was a grand victory for us. Princess What's-Her-Name was now free of her planet and sister. Queen Slug-For-A-Butt was forever sealed into the Book of Vile Darkness and her reign of terror had been silenced forever.

THE END

Another Fanfiction Complete.

The Earthworm Jim Saga is complete. Queen Slug-For-A-Butt was by far the most ugliest and most cantankerous and ruthless interstellar villain ever known. Andrea Martin did a great job voicing her back in 1995 and she did a great job voicing all kinds of cartoon characters. She voiced Ms. Meany on the Woody Woodpecker and many more. Earthworm Jim is a funny and silly cartoon show and video game series. I used to play it on Sega Saturn a long time ago. The funny thing is they never had Major Mucus, Chuck, Big Bruty, Billy the Bin, Doc Duodenum, Pitch the Cat, Old Grand Ma, Pedro Pupa or Flamin' Yawn the living steak on the show. Those were video game only villains. They were funny though. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. I wanted to open the chapter with me finding my long lost sister. It came out of the blue for me and I wanted it to have a Demolition Man fight. Wesley Snipes did a great job as Simon Phoenix in Demolition man. That was an awesome movie! Sylvester Stallone did a great job too. Rambo VS Blade. Awesome movie! Let me know what you all think.

See you all next time.

Demolition Man is owned by Universal Pictures and Marco Brambilla.

# Terror of The Boogeyman

It starts in the Estate. Grim was showing me and Lincoln something that was really unusual. It was a room that had jars full of ashes and scythes by them.

Me: What's all this Grim?

Grim: (Jamaican Accent) These are the ashes and scythes of reapers from all over the Solar System.

Lincoln: Wow! This is so cool!

Me: I had no idea that there were Grim Reapers all over the Solar System.

I push a button and it showed a holographic image of that reaper and how they died.

Computer Voice: The Venusian Reaper - disintegrated for failure to cooperate.

Me: Whoa!

Lincoln pressed another button and it showed a holographic image of another reaper running for his life in fear.

Computer Voice: The Mercury Reaper - Vaporized for attempting to flee.

Me: Boy somebody REALLY did him in.

Lincoln pushed another button and it showed another holographic image of another reaper. But this one had a big head, ugly teeth and a fat belly.

Computer Voice: The Uranus Reaper - Terminated for failure to clean up after self.

Me: Boy these reapers really asked for it. It's like there were Billy and Mandy's on other planets.

Grim: Yes. That's exactly right.

Lincoln: That is very unusual.

Me: I know.

The alarm then sounded.

Me: Uh oh!

Brittney called me.

Brittney: Dad we got a big problem! Someone stole Grim's scythe!

We rushed up to Grim's room and found the scythe gone!

Grim: Me scythe! Who took it!?

I saw a piece of paper on the floor by it.

Me: There's a note.

I pick it up and read it.

Me: (Reading)

"Dear Grim Reaper,

I have stolen your scythe you jerk and now I'm going to the underworld to steal Horrors Hand and claim my rightful place as the scariest monster in the world, the Boogey Reaper. Come and stop me if you can freak.

Boogey." The Boogeyman?

Grim: BOOGEY! I SHOULD'VE KNOWN!

Lincoln: Who's Boogey?

Grim: Lincoln you all know him as The Boogeyman. Back when I was in school in the Underworld he was the worst bully in school. He tormented all of the kids and made us all look like a bunch of idiots.

Me: Whoa! I never knew you had an eons-long bad history with each other.

Grim: Yes. Its been that way ever since I became the Grim Reaper.

Brittney: That's awful Grim.

Me: Well the Boogeyman messed with the wrong people! (Cracks Knuckles and eyes glow red) Boogey will pay for this 10,000-fold!

Brittney: We're going to the underworld to get the scythe back.

Me: Lets tell everyone what's going on.

We did so.

Sandman was getting a glass of water when he saw Electro outside. Sighing in annoyance, he went outside to meet the so called hallucination.

Electro: My my my. How the mighty have fallen.

Sandman: You said that the last time you appeared. (sighs) Look, you came at a bad time. I'm in the middle something.

Electro: You mean in the middle of being a good little doggie to those insuffereable heroes? Yeah, I can see that.

Sandman: No! I mean I'm trying to help the others figure out how to get to the Underworld.

Electro: Why? You going sightseeing down there.

Sandman: I could care less about the sights down there. Me and my friends just need to go there, get Grim's scythe from the Boogeyman, and then find Horror's Hand and destroy it.

Electro: Flint, Flint, Flint. When have we ever destroyed anything we've ever stolen, let alone one of the most powerful items in the universe? What have they done to you?

Mandy (calls Sandman on his communicator): Flint, get down to the living room. We figured out how we're going to get to the Underworld.

Sandman: I'm on my way. (hangs up)

Electro: Whatever happened to the man who never took orders from anyone. I used to respect that version of you. But now you're just their trained pet. Fetch, Flint! Sit, Flint! Good boy, Flint! Woof!

Sandman (growling): I'm no one's pet!

Electro: Sure you are. They may act all friendly to you. But they'll never trust you. When the chips are down, they'll look at you the same way they always have: as a thug. But you and me? We're teammates At least, we were, and could be again. Take Horror's Hand, Flint. Use it for yourself. Use it for us.

Sandman There is no more us. You're dead.

Electro: I don't have to be, Flint. With Horror's Hand, it'd be so easy to bring me back.

Sandman: I don't have to listen to you. You're just a figment of my imagination.

Electro: So I'm a hallucination. Is that it?

Sandman: Yeah! That's right!

With that, Electro slapped Sandman across the face. But the strange thing is that he felt it.

Electro: Did that feel like a hallucination to you? (leaves)

All Sandman could do was feel his struck cheek in shock.

Sandman came back out.

Harry Osborn (sees slap mark on Sandman's face): Flint, what happened to your face?

Sandman: I accidentally tripped and fell to the ground. But don't worry. I'm fine.

I knew something was up.

Brittney: Okay guys. I have a spell that will open a doorway into the Underworld. Here goes. (Chants an Incantation) **GORMTECKRA MUTORNI HESFURA NEROPTA MORTUS!**

Black and Blue Fire converged and formed a portal that lead down a staircase.

Mandy: Impressive.

Billy: Cool!

Me: All right. Lets go!

Rachel: We're with you all the way J.D.

Varie: Lets do this.

We journeyed down the stairs.

Boogey: And how was the reunion?

Electro: Pretty good. The idiot didn't even know that I was real.

Vulture: Did you find out anything?

Electro: Well, they're heading to the Underworld to get back the Reaper's Scythe from us and destroy Horror's Hand.

Hydro Man: Not if we get there first!

We were coming down the stairs. We were nowhere close to the Hand.

Billy: Are we there yet?

Mandy: No, Billy. We'll tell you when we're there!

Electro walks out of the shadows.

Electro: Can't believe you heroes were the same idiots that took me down before. Pretty pathetic if you ask me.

Spidey (shocked): Electro?!

Sandman: You guys can see him?!

Vulture (he and Hydro Man walk out of the shadows): And he's not alone.

Lana: Hydro Man?!

Lori: Vulture?!

Me: How's this possible?! You three are supposed to be dead!

Hydro Man: Well, we can't take all the credit. Our new friends brought us back.

Freon: New friends?

Creeper walks out of the shadows.

Creeper: Well, if that's not an entrance line, I don't know what it.

Grim: Boogey must've used me scythe to resurrect Electro, Vulture, and Hydro Man from the dead.

Varie: That fiend!

Boogey: And Electro told us all about your plan to destroy Horror's Hand.

Electro: Thanks for the tip, Flint.

Sandman (everyone looks at him): Electro visited me earlier. But I didn't think he was real!

M.J.: It's ok, Flint. You didn't know.

Vulture: Oh please. There's no need to for you to defend yourself, Marko.

Hydro Man: Actually, there is (snaps his fingers)

With that, Boogey's pirate crew came out of the shadows.

Mandy: He got his pirate crew back together.

Me: So it's a swashbuckling adventure he wants.

Boogey: That's right. With Horror's Hand I will be the most feared monster in the Universe!

Me: We won't let that happen you freaks!

Sandman: I won't let you terrorize my friends or my family ever again!

Electro (growls at Sandman): You really do care about those losers.

Hydro Man: Well, I can guarantee that they don't care about you, Flint!

Electro fired an electric blast at the ground, creating a smokescreen. When the smoke vanished, the bad guys were gone.

Emma: They're gone!

Bella: We can't worry about that now. We need to get to Horror's Hand quickly.

Me: And we will. Brittney you lead the way. We'll follow.

?: Let me come with you all.

We saw a spider girl and it was Grim's friend Velma Green the Spider Queen.

Grim: Velma!

Velma: Grim it's good to see you again.

Me: Is she someone you know Grim.

Grim: She's Velma Green the Spider Queen. We went to school together almost 131,000 years ago. That's when I was elected as the Grim Reaper.

Me: Wow! That's incredible!

Velma: Yes. J.D. Knudson and Team Loud Phoenix Storm. It's an honor to meet all of you.

Me: You too Velma. But I'm afraid that we have big problems.

Grim: Our old enemy Boogey is up to his old tricks again.

Velma: That Boogeyman needs to pay for everything he has done!

Me: And to make matters worse he's going after Horror's Hand again and he took Grim's Scythe and resurrected our old enemies Maxwell Dillon A.K.A. Electro, Adrian Toomes A.K.A. Vulture and Morris Bench A.K.A. Hydro-Man with it to help him.

Velma: What!? That's a capital crime in the Underworld!

Grim: That's right and it's punishable by a punishment so terrible that even everyone in the Underworld can't speak it.

Me: Well we're not gonna let him get away with this. Lets go!

We set out to get to Horror's Hand.

---

First we were at the River of Eviscerated Intestines. It was a blood river with intestines floating in it. Some of the intestines were still farting and the gas they produced was extremely horrible. It smelled so bad that it made most of us throw up.

Me: Oh this river is really gross! (Intestine farts in my face) Oh that is… (VOMITS)

Nicole: Yuck!

Me: Oh yuck! That was foul!

We practically lost both our breakfast and our lunch.

Next we entered the Forest of Rotten Limburger. It was a forest with trees made of Rotten Limburger cheese and it smelled like 100 rotten corpses.

Me: Oh this is so bad!

Lori: (Coughs) The smell is literally making my eyes burn!

Lana: I'll say.

Lana ate the cheese and she loved it.

Me: Lana you are one disgusting girl.

Lana: Thank you.

Next we entered the Swamp of Vomit. It was a swamp where the rivers and water is pure throw up and the smell was 1000% horrible.

Rachel: This is really revolting!

Lincoln: No kidding!

Luna: Major puke lake!

Luan: This swamp sure tosses cookies! (Laughs) Get it?

Me: That was funny but now's not the time for jokes Luan.

Grim: (laughs) That was funny!

We trekked through lots of bad places that made us puke our guts out 100 times. Along the way we encountered Gwen Stacy who was killed by Harry Osborn's father long ago and Lexaeus and we convinced them to help us.

Me: That was so disgusting!

Lincoln: No kidding.

Laney: I lost my appetite after today.

Aylene: Same here.

Cleo: There it is! Horror's Hand!

Hydro Man: Thanks for leading us to it, losers.

We turn around to see Boogey, Creeper, Electro, Vulture, and Hydro Man there with evil grins on their faces.

Boogey: You are so predictable, Reaper. Though I have to say. Convincing 4 dead souls from the Underworld to help you? That's pretty impressive.

Electro: Maybe they'd like to hear our diplomacy terms.

Vulture: It's quite simple, really. Hand over Horror's Hand or none of you will be leaving here alive!

Me: Go to HELL!

Boogey: You're already there. But no matter.

He walked up to Horror's Hand and put it on. But nothing happened.

Boogey: Why isn't it working?

Gwen Stacy: Sorry, Boogey. But I guess the Hand thinks you're not scary enough.

Boogey: Well, I guess we'll have to do this the old fashoned way. I'm going to use this to punch a hole through your chest!

Me: Lets dance!

I went at him and punch him in the face and knock out some of his teeth. The fight erupted into a savage and ferocious brawl.

Elena was fighting Electro and Spiderman and Sandman were fighting him.

Electro (fires electric blast at Elena): Pretty soon, everyone in the world's gonna know how it feels to live in a world without hope. A world without power. A world without mercy. And more importantly, a world without Team Loud Phoenix Storm!

Spiderman punched him in the face.

M.J.: Lets use our combo on him Tiger.

Spiderman: You got it.

They went at Electro and formed a ghostly Brazilian Wandering Spider around themselves.

Spiderman and M.J.: SPIDER GHOST TRAMPLE!

They pulverized Electro.

Batman 2039 was using powerful martial arts moves on Electro and he was pulverizing him bad.

Batman 2039: You need to get a better job.

Elena: Lets use our combo Lea.

Lea: You know it Elena!

Elena fired a blast of lightning and Lea fired a blast of fire.

Lea and Elena: WILDFIRE THUNDERSTORM WOLF PACK!

The fire and lightning combined and became a wolf pack made of fire and lightning. They mauled him badly.

Cleo drenched him with water and electrocuted him with lightning.

Spiderman: There will ALWAYS be a Team Loud Phoenix Storm!

Sandman: That's right!

Gwen Stacy (looks at us from afar): Looks like Peter needs my help one last time.

She ran at Electro and kicked him in the face and knocked him down. I swooped in and stripped Electro of all of his powers and made them my own. He was now normal Maxwell Dillon.

Electro (stares at Spidey with hatred): What're you gonna do, Web

Head?

Spidey: Me and Flint are done being haunted by you, Electro! (Punches him and knocks him out)

Sandman: I never want to see this monster again.

Gwen: Me neither.

Lynn was fighting Vulture and she was punching him in the face and stomach. She dodged his feathers and speed. Bella fired lightning at Vulture and electrocuted him.

Lexaeus (looks at us from afar with an amused smile): Can't keep yourself out of trouble, can you, Lynn? Well, I think it's time for me to do something good for a change.

Lexaeus went into the fight and punched Vulture in the face and called his Axe Sword and Lynn did the same. She fired a huge barrage of rocks and lava at him and burned him and bruised him.

Francis: Lets use our combo Teresa.

Teresa: You got it Francis.

Francis fired a blast of fire and Teresa fired a Sonic Blast.

Francis and Teresa: HYPERSONIC DEATH FLAME!

The attacks combined and the sonic waves were fire rings and they emitted a loud sonic scream. They caused Vulture's ears to bleed!

Vulture flew into the air and went at them.

Teresa (flies towards Vulture): You're old, Vulture! An old man like you should be in a retirement home!

She fired a sonic blast at him and hurt his ears.

Emma froze his wings and they shattered into a million pieces. He fell to the ground and Lynn used her lava and destroyed his suit.

I then grabbed him and stripped him of his youth.

He went unconscious.

Maria and William were facing Hydro-Man.

Hydro Man (fires water blast at Maria): Amazing what a little teamwork can accomplish, huh? It helps you achieve all those unreachable goals. Like killing Spider Man!

Maria: You're a monster Bench!

Maria fired a blast of water at him and William fired a blast of lava and burned him.

Freon froze Hydro-Man with her powers.

Afar, 2D Man and Magma watched the fight.

2D Man: Looks like it's time for us to help Mary out, Michael.

Magma: You sure she'll be happy to see us?

2D Man: Only one way to find out.

They jumped in and Freon was happy to see them.

Freon: Michael! Stuart!

They were reunited.

Magma: The Terrific Trio is back together.

They helped her out and Magma fired a blast of fire and burned Hydro-Man. It weakened him. 2D Man stretched and wrapped him in a ball.

Maria: Lets use our combo on him.

William: You got it.

Maria fired a blast of water and William fired an ice ray.

Maria and William: ICEBERG SHOWER PULVERIZER!

The blast became a massive shower of skyscraper-size icebergs and rained down on Hydro-Man with incredible force after 2D Man got out of the way.

Hydro-Man was knocked down.

Rikki used her powers and made him boil.

Maria: We've had it with you Bench. Now you will die.

Maria grabbed him and she absorbed him into her. He screamed in excruciating pain as he was being sucked into her like a sponge. When it was done Hydro-Man was completely gone forever.

Maria: That takes care of that. Now all that's left is Boogey.

I punched Boogey in the face and slashed his eyes out.

Spiderman: Lets do another combo on him.

M.J.: You got it.

They fired webbing at him.

Spiderman and M.J.: BLACK WIDOW WEB PRISON!

The web entrapped Boogey in a prison of red and black web.

Bella drenched Boogey in liquid nitrogen and froze him.

I walked up to him and swiped the scythe back.

Me: This belongs to Grim you pompous freak! You are now in big trouble. Not just with us but with the entirety of the underworld.

Velma wrapped up Vulture and Electro in webbing.

Harry: Gwen, I'm sorry that my dad killed you.

Gwen: It's fine, Harry. If anyone's to blame, it's Green Goblin. (to M.J.) M.J., please take care of Peter for me.

M.J.: I will, Gwen.

Gwen smiles and closes her eyes. But after a minute, she opens them to see that she's still there.

Spidey: Shouldn't you be vanishing by now?

Gwen: I should. I guess something brought me back during the battle with Boogey and his goons.

Me: I brought you back. I resurrected you during the fight. You have your life back Gwen.

Gwen was overjoyed.

Gwen: I have my life back!

She hugged me and it was good.

Me: I also brought back 2D Man and Magma. With a bonus for the Terrific Trio.

Magma: What's that?

Me: I cured you of your Psychosis and gave you 3 the ability to change into your hero forms at will. You can turn into your hero forms and back to human again.

Freon: Are you serious!?

Me: I sure am Mary. Try it.

They concentrated and turned back to their human forms. Mary was human again and she wobbled. She had to get used to it.

Magma: We're human again.

2D Man: And we are cured. Thank you so much J.D.

Me: You're welcome Dr. Lowe.

Lynn: You sure you don't want to join the Redemption Squad, Lexaeus?

Lexaeus: I'm sure. My time on the battlefield has come and gone.

It's time for me to retire and you to honor my legacy. Besides, now that I've retired from combat, your friend Nico can use my powers again.

Nico: Thanks.

Lexaeus: You're welcome. And my real name is actually Aeleus.

Nico: Cool name.

---

In the Underworld courthouse we had Boogey put on trial for his crimes against the Underworld.

Demon Bailiff: Calling Underworld Court to order in the case of the People of Earth and The Underworld VS The Boogeyman. Honorable Judge Roy Spleen presiding.

Judge Spleen: (Clears throat) Has the jury reached a verdict?

The Jury Foreman rose.

Foreman: We have your honor. We the Jury of The Underworld in the above entitled case hereby find the defendant The Boogeyman guilty of all charges.

Judge Spleen: Very well. Boogeyman do you have any last words to say before your sentence is carried out?

But he refused to answer.

Judge Spleen: Then I leave your sentence in the hands of Team Loud Phoenix Storm.

Boogey: What!?

Grim: You've been asking for this for millennia Boogey!

Me: And after all these years Karma finally bites you in the butt hard. We hereby sentence you to an eternity in (DRAMATIC VOICE) THE RIVER OF FIRE!

THUNDERCLAP! BLOODCURDLING SCREAM! CAT YOWLS! HORSE WINNY!

That was the punishment that everyone in the Underworld is terrified of.

I opened the portal to the River of Fire and we got ready to throw him in.

Me: You and your filthy cronies will never terrorize the Underworld or the Afterlife again!

We threw him in.

Boogey: I HATE YOU J.D.!

Our auras flared up to an incredible intensity.

The portal closed and the Boogeyman was gone forever. Grim and Velma were dancing around and they were incredibly happy.

---

On the Moon Spiderman and Sandman were looking at Electro and he was sharing a special cell with Spellbinder.

Electro: You know I'm gonna get out of this cell eventually, Web Head!

Spidey: Get used to that cell, Max. You'll be in there a long time.

Sandman: You will never be welcome among all of society again.

They left. The cell had a laser barrier that would electrocute them or burn their limbs off if they touched it.

Vulture was placed in Solitary Confinement at Arkham Asylum and he was cursed with a fate worse than death: Eternal Life Without Eternal Youth.

I saw the movie for Billy and Mandy and it was awesome! But let me tell you all I HATE THE BOOGEYMAN WITH A TERRIBLE VENGEANCE! I HATE BULLIES WITH A PASSION AND THEY MAKE ME SICK! Sorry about the rant. But it's all true. NicoChan11 gave me the ideas for this. Thanks for that man. As usual. Maxwell Atoms gave us a great show that was on from August 1st, 2001 to October 12th, 2008. It was awesome! I miss that show. Let me know what you all think.

See you all next time.

# A World of Bionicle

It starts in the Hidden Leaf Village. I was walking up to the gates with my sister Elaine. She was holding my hand.

Elaine: So this is your 2nd work place?

Me: Yep. I'm not only the leader of Team Loud Phoenix Storm but I'm also a ninja for the Village Hidden in The Leaves. It's a very powerful job.

Elaine: Cool! What do you do here?

Me: It's a very dangerous job. But I have to do it for the protection of the village both inside and out.

Elaine: Cool!

Me: And to show my loyalty… (Snaps fingers and my clothing changed to my shinobi outfit) I have to wear the proper attire.

Elaine: Your clothes are awesome!

Me: Thank you. The headband is a symbol of the village. It's a mark of honor here in the Leaf.

We go up to the gate and are greeted by Izumo and Kotetsu.

Izumo: Welcome back J.D.

Me: Thank you Izumo.

Kotetsu: Who is this with you?

Me: This is my sister Elaine Rose Knudson. She disappeared 15 years ago and I found her 2 days ago.

Izumo: Wow!

Me: She's a little shy. She has never been here before.

Kotetsu: That's understandable.

Izumo: Yeah.

Her stomach growled loudly.

Me: Somebody is hungry.

Elaine: I'm starving!

Me: I would be too after being frozen in a block of ice for 15 years.

Kotetsu: (Shocked) 15 years!? That's amazing.

Izumo: Yeah.

Kotetsu: Well get her some food.

Me: Okay.

We go into the village.

We were at Ichiraku Ramen and it was now upgraded into a full-fledge restaurant.

Me: Wow! The ramen stand became a full-fledge restaurant. Last time I was here Elaine it was a little ramen stand.

Elaine: Wow.

We go in and it was much bigger than ever.

Ayame: Oh hey J.D. Take a seat.

Me: Hey Ayame. You've been very busy lately.

Ayame: I sure have. Who is this with you?

Me: This is my long lost sister Elaine Rose Knudson. She disappeared 15 years ago and I found her 2 days ago frozen in a block of ice.

Ayame: Oh wow! I'm glad she's all right.

Me: Me too.

We sat down and I ordered my special Knudson Spicy Ramen. I had my own special named after me. It's a blazing spicy chicken ramen. Elaine ordered a bowl of chicken ramen.

25 minutes later Elaine ate 10 bowls of ramen. She was really hungry.

Me: Wow! Elaine you were really hungry!

Teuchi: (Laughs) I can believe it.

Ayame: Being frozen in ice for 15 years really made her hungry.

Elaine slurped the last of the broth.

Elaine: (Slurps) Ah. That was tasty!

Me: Ichiraku Ramen is the best kind sis. My brother Naruto loves this place.

Elaine: Who's Naruto?

Me: He's our adopted brother. He has a very dark past and I adopted him into my family.

Elaine: Oh no. What happened?

Me: It's not in my place to say. He'll tell you if he wants to.

Elaine: Okay.

Naruto came in.

Naruto: Hey big bro.

Me: Hey little bro.

We did our bro shake. It was a fist pump followed by a high five and a pinky swear.

Naruto: What's going on?

Me: Just having a little lunch with my lost sister Elaine here. Elaine this is my adopted little brother Naruto Uzumaki Namikaze.

Elaine: Pleasure to meet you.

Naruto: Likewise. How did she disappear?

Me: 15 years ago, Simon Phoenix froze her in a block of ice in the Los Angeles Cryo-Prison. I found her 15 years later when she called out to me in a dream. And I killed the man that did this to her. Simon Phoenix was a homicidal maniac responsible for the deaths of 379 people over the course of 25 years.

Naruto: You don't say. Aunt Tsunade was about to send us out to kill him but you beat us to it.

Me: Oh man. I didn't know Lady Hokage was about to send you all out. But it looks like I beat you to the punch. Sorry about that bro.

Naruto: No worries.

Me: Good. Simon Phoenix was the most dangerous criminal my dad faced in his 25 years as a police officer and he really put up one heck of a fight.

Elaine: I saw it. It was cool and awesome!

Lady Tsunade and Shizune arrived.

Lady Tsunade: Well glad you're here J.D.

Me: Oh Hello Lady Hokage. Hello Shizune.

Shizune: Hello J.D.

Lady Tsunade: I heard you beat us to the punch when we were going after Simon Phoenix.

Me: Yes. I apologize for that Lady Hokage. I didn't know you were about to send someone out to get Simon Phoenix.

Lady Tsunade: That's all right J.D. Who is this with you?

Me: This is my long lost sister Elaine Rose Knudson. Elaine this is Tsunade Senju, one of the Legendary Sannin Ninja and the 5th Hokage of the Leaf Village. She's the strongest Ninja in the village and she's also our boss here. The black hair woman with her is her assistant Shizune Kato.

Elaine: Pleasure to meet you both.

Lady Tsunade: You too Elaine.

Shizune: Same here.

Me: A dream told me where to find her. She went missing 15 years ago and I found her frozen in a block of ice in the Los Angeles Cryo-Prison.

Lady Tsunade: I see.

Shizune: I'm glad she's all right.

Me: Thank you Shizune. We lost her 15 years ago and we're not gonna lose her again.

Naruto: Good.

I showed Elaine around the village and introduced her to my friends and the fellow shinobi and showed her the cool attractions. I showed her the Hot Springs.

Me: This is the Hidden Leaf Hot Springs. It's one of the Leaf's notorious spots.

Elaine: How come?

Me: Lets just say that it has a very bad reputation of being a hot spot for perverse people. Trust me. You don't want to know.

We heard perverted giggling. We saw Jiraiya peeking into the women's bathhouse.

Me: Oy vey. He's at it again.

Elaine: What's he doing?

Me: Some things are best left unsaid sis. He's always like this.

I see an alarm box by the bench in the springs.

Me: What's this?

I walk up to the alarm box and it had a glass cover on it.

Me: "In case of Jiraiya Perverseness, Break Glass and push red button." Hmm. Somebody must've installed this recently.

I smash the class cover and push the red button. An alarm sounded in the women's bathhouse and the ladies ran. Suddenly out of nowhere Nicole, Kin Tsuchi, Anko, Kurenai, Kushina and Young Lady Tsunade and a bunch of pervert-hating ANBU appeared and pulverized Jiraiya in a fight cloud.

Elaine: That was rough.

Me: No kidding.

Nicole came over.

Nicole: Hey dad.

Me: Hey Nicole. Boy you guys really let him have it.

Anko: We sure did J.D.

Me: Is this a new team you created?

Nicole: It sure is. We are a group called the A.P.P. Check it out.

Nicole handed me a business card.

It had a logo of Nicole's fist plowing into a mans face and a woman wearing a hot spring towel was cheering at the sight.

Me: "Anti-Pervert Patrol. Enforcing the safety, dignity and protection of women everywhere." Wow! That's an awesome job.

Nicole: Thanks dad. Our job is to protect the dignity of women everywhere. Jiraiya is number 1 on our watch list.

Young Tsunade: We make sure he doesn't do anything to the dignity of women.

Cat: It's a dirty job but someone has to do it to keep pervy sage in line.

Kushina: Yep. Kakashi is number 2 on our watch list.

Kin: We're gonna make sure that his research is never finished here in the Leaf.

Kurenai: We had those alarm boxes set up all over the village.

Me: I can see that. Good thinking. I hate perverts with a vengeance but great job.

Nicole: Thanks dad.

Elaine: Who's number 3?

Anko: We don't know actually.

Me: I know who it is. Ebisu. Naruto and Konohamaru call him a closet pervert.

Anko: I always knew he was a pervert.

Me: Me too. Keep up the good work.

Anko: Will do.

They left and took Jiraiya to the hospital.

Me: What a dope.

Elaine: Yep.

We went back to the Estate.

Me and Elaine walked in.

Me: We're home.

Lori: Hey guys.

Me: Hey Lori.

We then heard the sounds of eating.

Me: Sounds like someone is raiding the fridge.

We go to the kitchen and found Gwen Stacy eating a lot of food.

Me: Whoa! That's a lot of food.

Nico: No kidding. I may eat a lot of food because I'm a Saiyan but that is too much for me.

Me: No kidding.

Spiderman: I know. But she has been dead for almost a year. So she has to be hungry.

Me: I believe it.

Kirby was cleaning the dishes by sucking them in and cleaning them. He spit them out and put them into the cabinets all clean and sparkling.

Me: Wow! Kirby is an effective dishwasher.

Lynn: He sure is.

Me: Yeah.

Nico: Now that Aeleus is back, he retired to the Radiant Garden and became Ansem's assistant. And I can use his powers.

Me: Yep. He needs to put his evil past behind him. Xehanort ruined so many lives over the years.

Vince: No kidding.

In the living room we were watching TV.

Me: Dr. Lowe can I ask you a question?

2D Man: Sure J.D.

Me: How did you 3 become the Terrific Trio?

Freon: It was a particle fusion experiment accident.

Magma: We were accidentally exposed to tremendous levels of gamma radiation.

Freon: There's a clip on us on how we became like this.

Me: Lets see.

I pulled up the computer and type it in and on a holographic screen it showed the clip.

Announcer: MAGMA, FREON AND THE 2-D MAN. WHO IS THIS TERRIFIC TRIO? TONIGHT WE GOT THE EXCLUSIVE INSIDE STORY. SEVERAL MONTHS AGO AT THE BAYRIDGE RESEARCH CENTER, PRIZE WINNING PHYSICIST DR. MIKE MORGAN, HIS FIANCÉ MARY MICHAELS AND LAB ASSISTANT STUART LOWE WERE ACCIDENTALLY EXPOSED TO DANGEROUS LEVELS OF RADIATION DURING A PARTICLE FUSION EXPERIMENT. WE WARN VIEWERS THAT THE TAPE WE'RE ABOUT TO SHOW MAY BE TOO INTENSE FOR CHILDREN.

We saw the fusion reactor come on and it fired three beams of gamma radiation. It hit them and went through them and they were in extreme pain.

Me: Whoa!

Nico: That is really dangerous!

Lola: No kidding!

Announcer: THE RESULT, THEIR BODIES UNDERWENT DRAMATIC CHANGES.

Stuart Lowe became flat as a pancake and was almost like he was made of rubber.

Mary became a human cloud of frozen gas.

And Mike grew in size and his suit caught on fire. He became a mass of living lava.

Announcer: NOW THESE HEROES HAVE PROMISED TO USE THEIR INCREDIBLE ABILITIES TO CLEAN UP GOTHAM. THE GOVERNMENT HAS SPARED NO EXPENSE IN ESTABLISHING THEIR NEW BASE OF OPERATIONS: THE TRIO TOWER. UNITED IN THEIR WAR ON CRIME, HERE COMES THE TERRIFIC TRIO!

Me: Wow!

Lincoln: That's amazing.

Lana: It sure was.

Me: Yeah. But Dr. Morgan you guys were really playing with fire. But you 3 got your powers because of what I call a triple whammy in conditions in getting powers: Nuclear Radiation, Laboratory Experimentation and Laboratory Accidents.

Magma: That's right J.D.

Freon: Here's what else we found out.

Freon pulled out a data cube and put it in the computer. What it revealed was horrifying. It was data collected on their genetic structure and the mutations made their DNA structure unstable.

We gasped.

Me: The mutations caused by the particle fusion experiment made your DNA structure unstable.

Freon: And if you hadn't saved us J.D. we would've done a number of things that we would regret.

Me: That's awful. But I'm glad we could help you.

Magma: We owe you our lives J.D.

Varie: Think nothing of it Dr. Morgan.

Lisa came down and she was in a state of panic.

Lisa: Everyone may I have your attention please?

Me: What's wrong Lisa?

Lisa: Something is going on in another extraterrestrial solar system. Follow me please.

We went up to Lisa's Laboratory.

---

In Lisa's laboratory we were in front of Lisa's computer. On the screen was a strange solar system and a red blip was indicating that something was happening.

Lisa: There's a source of evil brewing on the planet Aqua Magna in the Solis Magna System.

Me: Fascinating. I've never seen a solar system like this.

Vince: Did we go to a solar system like this?

Lisa: Negative. It's 75 light-years away from Earth and it's an interesting system.

Me: Well we're not gonna stop this evil by sitting here. Lisa, deploy the U.S.S. Valor.

Lisa: Right!

We got into the U.S.S. Valor and set out for the Solis Magna System.

* * *

The U.S.S. Valor was traveling across the stars.

Me: (Narrating) Captain's Log, Stardate 2478.3: The U.S.S. Valor is on its way to the planet Aqua Magna in the Solis Magna System 75 Light-years away from Earth. We found a huge evil on the planet and we're going to stop it.

We arrived at the Solis Magna system and it was a strange sight. 2 chunks of the planet Spherus Magna broke off and separated and became separate moons of the planet.

Me: Wow! This is really unusual.

Lincoln: It sure is. Those two planets have been separated from the main planet.

Me: Some powerful force must've lead this to happen.

Lori: It's literally a strange sight.

Bobby: No kidding babe.

Roxanne: Yeah.

Me: Well lets land and find out.

We beam down to an island on Aqua Magna.

* * *

We were on an island.

Me: Wow! What an island.

I look it up on my wrist computer and found the island we were on. It was an island called Mata Nui and I immediately recognized it.

Me: (Gasp) I know this island! It's the island of Mata Nui from the Lego Bionicle series.

Lily: Oh wow!

Lisa: That's a really fascinating Lego series.

Lincoln: It sure is. The Toa are amazing and the powers they have because of those masks are amazing.

We heard an explosion and went to go see and we saw the Toa Nuva fighting the Rahi. They were fighting the fierce Manas and the Tarakava.

Me: Wow! It's the Toa Nuva!

Nicole: Awesome!

Me: Lets go help them!

We went down to the fight and fought the Rahi. They were a powerful force. But we were far more powerful.

Tahu: Thank you for coming to help us.

Me: You're welcome. We can talk later.

We were attacking the Rahi. Laney tamed a Manas and a Tarakava and they became her friends.

However hidden in the rocks was a dark figure. It fired a blast from its mask and it hit Nico in the face.

Nico: (Screams)

May: Nico!

Me: Are you all right man?

Nico: I think so. Something hit me.

Nico got up and he saw someone that he killed 4 years ago: KEN ICHIJOUJI THE DIGIMON EMPEROR!

Ken: Nico, Niiiico. Can you you hear me, Nico?

Nico: Ken? Oh great! Now I'm the one hallucinating.

Ken: Oh, don't be like that, Nico. You knew this was going to happen sooner or later, me stuck deep down inside you! Together, we're going to give this universe what it deserves! A new and better Nicolas Chan! And we're going to start with Mata Nui.

Me: Ken?

I look where he was looking at and saw no-one there.

Poromon saw the Ken Hallucination.

Me: (In my head) He's hallucinating.

Lewa: What happened?

Me: This blast of black darkness appeared and hit Nico. Now he's seeing things that aren't there.

Tahu: Teridax! He's behind this brothers.

Gali: He's gone too far this time.

Takanuva: I agree brothers. We have to stop him.

Me: We should introduce ourselves. I apologize for that.

We did so.

Tahu: It's a pleasure to meet you all. I'm Tahu Nuva the Toa of Fire.

Lewa: I'm Lewa Nuva the Toa of Air.

Pohatu: I'm Pohatu Nuva the Toa of Stone.

Onua: I'm Onua Nuva the Toa of Earth.

Gali: I'm Gali Nuva the Toa of Water.

Kopaka: I'm Kopaka Nuva the Toa of Ice.

Takanuva: And I'm Takanuva the Toa of Light.

Me: It's a pleasure to meet you all too. We are from the Planet

Earth. Are we the first ever humans to ever set foot on this planet and the island of Mata Nui?

Lewa: As a matter of fact you all are.

Pohatu: This is the first time that you all are here.

Me: Wow. First times for everything.

Kopaka: Does my mask really look like a robotic mask to you guys?

Cyborg: Actually, yeah. It even has a lens similar to my robotic eye.

Tahu: Indeed. Lets go talk at our city and we'll explain everything.

We did so and the Toa Nuva led us to their village. It was an awesome city.

Tahu explained to us the history of the Island of Mata Nui and how the planet and Island came into being. It was an amazing history. But we were shocked when we found out that Teridax and Makuta were going to destroy the island of Mata Nui.

Nico: We need to stop Teridax from destroying Mata Nui. After that, I'm locking myself away.

May (tears in her eyes): If you think I'm just going to let you do that, you have another thing coming!

Onua: Why would you want to lock yourself away Nico?

Me: He's being plagued by hallucinations of a tyrannical kid he killed 4 years ago. His name is Ken Ichijouji.

I revealed what went down and the Toa and everyone were shocked.

Gali: He had to do it because it was the right thing to do.

Ken: Rock-a-bye Nico, I'm getting free. Soon you'll be the one trapped inside me. So keep wasting time, because all will be clear. Soon you will be gone, and I will be here.

Lewa: He was going to rule this world with an iron fist? That's horrible.

Tahu (to Nico): How can Ken's parents be so petty? Yes, you killed their son but it was an accident! The way I see it, you did the right thing!

Nico: Thanks, Tahu.

Tahu (smiles): No problem. Just because I have fire powers doesn't mean I'm heartless.

Ken: Oh, come on! You think you're different because you're better then the Legion of Doom? You think you've never committed anything bad? Newsflash! You did do a bad thing! You killed me! I was there, remember? You fired a blast of lightning, right through me! Watched me die in a pool of my own blood. And then after killing me, you went on to kill several other villains, like Dan Phantom and Kraab. But now that I'm on the inside, we both know the truth. You're just as evil as the Legion of Doom. And nothing these stupid Toa will say is gonna change that.

Me: I can cure you buddy.

I use my rainbow light magic and cured Nico of his hallucinations and revealed Ken both as his real good self and the tyrant known as the Digimon Emperor.

Me: So that's Ken Ichijouji.

Nico: That's him. He's the boy that became the ruthless tyrant called the Digimon Emperor.

Me: And the one by him is the one that is not evil. Talk about a split personality.

Yolei: He's a heartless monster!

Davis: And he deserved to die!

Nico: And I'm glad he's gone!

Nicole: And he's about to be gone forever. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Ken's evil spirit went into the Book of Vile Darkness for all eternity.

Nico: Goodbye, "Ken".

Ken: No, Nico! Don't leave me! Please! I need you!

He was gone forever.

Nicole: Never again will you terrorize Nico or the Digimon.

Takanuva was about to walk away.

Me: Takanuva where are you going?

Takanuva: I'm going to make Teridax pay for everything he has done.

Killer Frost: You've made your point, dude. Now here's ours. You're not going anywhere without us. Got it?

Takanuva: Okay.

Tahu: If only my brothers and I could be just as united as you are. Sure, the 6 of us fight together. But we also often fight amongst ourselves.

William: Don't think like that, Tahu. You might be hot headed but deep down, you've shown that you care about your friends.

Double D: Not to mention that Eddy's almost as hot headed as you.

Eddy: Hey!

Stewie (to Tahu): Also, the term brothers is inaccurate in regards to Gali. It should be brother and sister.

Tahu: I know. But I like to use the term brothers.

Me: That's understandable. Where is Teridax at?

Pohatu: He lives in Mangaia in the legendary city of Metru Nui.

Me: Then that's where we're heading. Also how would you all like to live on Earth after this is all over?

Tahu: This is a generous offer J.D. What do you think brothers?

Gali: I think it would be interesting.

Lewa: I agree.

Pohatu: Me too. It would be interesting to see new worlds.

Onua: I think it would be interesting as well.

Kopaka: I think that would be interesting.

Takanuva: I'll go too.

Me: Okay. Lets do it!

?: We'll come too.

6 little Toa came.

Tahu: Are you sure you all want to come with us?

Vakama: Yes. We were once the Toa Metru of Metru Nui. But we were downgraded to Turaga.

Lori: How did that happen?

Nokama: We don't know exactly.

Me: I can help you out with that.

Matau: You can!?

Vakama: How?

I snap my fingers and they changed into the Toa Metru!

Me: With a simple snap of my fingers.

Nokama: This is amazing! We're Toa Metru again!

They cheered.

Nokama was crying in happiness.

Nokama: (Crying) Thank you all so much.

Me: You're welcome Nokama.

Leni: That was totes amazing.

Me: Well lets set out for Metru Nui. Tahu, Vakama you lead the way.

Vakama: Okay.

Tahu: Is it ok if I say something before we fight these monsters?

Pohatu: Go ahead, brother.

Tahu: Some of you I knew from the beginning. Others I just came to know. But if we go down, we go down fighting! Together! And I can't think of a better band of Toa or friends I'd be prouder to fight alongside.

Nokama: Even us, former Turaga?

Tahu (smiles): Yes. Even you and the other Toa Metru, Nokama.

Me: All right. Lets roll.

We set of for the city of Metru Nui.

We went down a tunnel and found an unusual hive in another room. It was a hive filled with all kinds of strange pods and cocoons.

Me: Wow! What is all this?

Lewa: This is the nest of the Bohrok.

Gali: They came to the island of Mata Nui to destroy it completely. They traveled in huge swarms to destroy us and the island.

Pohatu: And they had a deadly secret that threatened our existence: The Krana.

Me: The Krana?

Kopaka: It's a leech-like mask that the Bohrok had. They latch onto our faces and we are telepathically controlled by the Bokrok.

Lori: A Mind-Controlling Parasite.

Gali: Exactly.

Takanuva: That is so wrong.

Varie: I agree.

A roar was heard and there were 6 Bohrok - one of each breed and there were 6 Bohrok-Kal - one of each breed as well.

Me: Are those the Bohrok?

Tahu: Yes. And the silver ones are the Bohrok-Kal.

Laney: They sure look wicked.

Lucy: Agreed.

Kirby went up to them and did the old puppy eye trick.

The Bohrok and Bokrok-Kal were mesmerized by it.

Lola: Tahu lets combine our power and use a combo against them.

Tahu: You got it Lola.

Lola and Tahu fired a huge blast of fire at the Bohrok and Bohrok-Kal.

Lola and Tahu: MATA NUI FIRESTORM FLARE!

The blasts of fire became a fireball in the shape of the symbol of the Solis Magna System and it hit them all at once and exploded.

KRABOOOOOOOOOOOOOOMMMMMMMMMM!

Kirby got out of the way and the Bohrok and Bohrok-Kal were blown apart to pieces.

Me: That was awesome!

Tahu: Indeed. Great job!

Lola: Thanks Tahu.

Me: Lets keep the Bohrok and Bohrok-Kal faceplates as trophies.

Lana: Good idea.

We took the plates and put them on our backs and kept them. In the nest we found a fire sword sticking in the ground.

Tahu: That's my old sword.

Nico: Really?

Tahu: Yes. It's my sword of fire. I got that sword when we first came to the island of Mata Nui. I thought that sword was lost forever when me and my brothers became the Toa Nuva.

Me: Wow. Nico you don't have a sword. You should use it.

Nico: Okay. Tahu what do you think?

Tahu: My sword would be perfect for you brother.

Nico: Okay.

Nico grabbed the sword and pulled it out. It's power surged through him and a powerful aura of fire erupted out of him and it made his power rise dramatically. When the fire aura faded he had a picture of Tahu's Kanohi Mask on his shirt.

Me: Nico your power increased dramatically!

May: It sure did. How do you feel?

Nico: I feel amazing. Thanks Tahu.

Tahu: You're welcome.

We continued on and we went down some tunnels and we arrived in the city of Metru Nui. It was an advanced metropolis.

Me: Wow! So this is the city of Metru Nui.

Vakama: Yes. This is our home. Me and my siblings were the defenders of the city.

Laney: This city is amazing.

Shannon: It sure is. It's hard to imagine a city like this is possible.

Me: No kidding.

I looked up where the city was and made a rather unusual discovery. On my holographic map it showed that the city was in a terrarium pocket right underneath the island of Mata Nui.

Me: It's in an air pocket right underneath the island.

Lori: That is literally strange.

Lisa: And it looks to be powered by a geothermal power network.

Lily: That is amazing.

Earth: It sure is. I never knew that such a city was possible.

Me: Me neither. The city according to the size is 40.51 miles long by 20.43 wide. It makes even New York City in America and Tokyo in Japan on look like a small town in comparison on Earth.

Lisa: (Whistles) That is a magnificent city.

Nokama: Indeed it is Lisa.

Vakama: Lets show you all around.

We went and explored the city.

We were in the red part of the city - Ta-Metru.

Ta-Metru was the place where Protodermis was molded and manufactured after it was rid of its impurities in Ga-Metru. Because of all the smoke and heat from the foundries and forges, Matoran from other districts did not like to stay here long.

Me: Wow!

Vakama: This is Ta-Metru. This is the part of the city that I defended.

Me: Wow. This looks like a mixture of industrial facilities and a city mixed together.

Lola: It sure does.

Lisa: Indeed. It's all a magnificent feat of architectural engineering.

Lana: It sure is Leese.

Suddenly a spider robot came out. It was Nuurakh of the Vahki.

Vakama: Nuurakh of the Vahki!

Me: What is he known for?

Vakama: The Vahki are robots that were programmed to be the police force of the cities of Metru Nui.

Nokama: But something went wrong in their programming and they captured some of the citizens of Metru Nui for no apparent reason.

Me: That's awful.

Lisa: Maybe we can reprogram them.

Me: Go for it Lisa. We'll hold him off.

Vakama: Okay.

We stood ready and Nuurakh fired a frisbee disk at us and I caught

it.

Sam S.L.: Lets use our combo Vakama!

Vakama: You got it.

Sam fired a blast of fire and Vakama fired his Kanoka Disk.

Sam S.L. and Vakama: SAWBLADE FIRESTORM STRIKE!

The fire combined with the disk and became a fiery saw blade. It went behind Nuurakh and hit him in the back of the head and knocked him down.

Lisa got onto his head and opened a hatch. She saw that his wiring was all messed up and that's what led to Nuurakh's bad programming. She adjusted the wires to their right settings and he was fixed.

Lisa: All done.

Nuurakh: What happened?

Me: Your programming was messed up and you arrested a lot of civilians here in Metru Nui for things they didn't do.

Nuurakh: Yes I remember now. It was Teridax. He did this to me and my fellow Vahki.

Lincoln: Lisa fixed your programming and got you back to normal.

Nuurakh: I see. Thank you for fixing me up.

Lisa: You're welcome.

Me: These disks are amazing.

Vakama: Those are Kanoka disks. We use them for sport or for defense purposes.

Varie: That's neat.

Vince: What is the symbol on it?

Vakama: The symbol is the coat of arms for Ta-Metru.

Me: Cool. Interesting symbol.

We then continued exploring and saw more of Ta-Metru. Suddenly an ugly creature with a staff came out and faced us.

Me: What is that ugly thing?

Tahu: That is Turahk the Rahkshi of Fear.

Lucy: Wicked.

Pohatu: He's still scary.

William: We got this. Maria?

Maria: Right.

Maria fired a blast of water and William fired a blast of water from his blaster.

William and Maria: MEGATSUNAMI WHIRLPOOL IMPALER!

The water blasts combined and engulfed Turahk in a whirlpool and it was stabbing him all over. It killed him and tossed his staff aside.

Jared: You know I can use this. I need to diversify in the use of my weapons.

Me: Well said son.

Nicole sealed Turahk into the Book of Vile Darkness.

Nicole: That takes care of that.

Me: Yep.

* * *

We went to the next part of the city. We were in the water part of Metru Nui - Ga-Metru.

Ga-Metru was the center of learning in the city, where the schools and research labs were located. This was also the district where Liquid Protodermis was taken from the Silver Sea and purified so that it could be used elsewhere, there were canals for Liquid Protodermis everywhere. Ga-Metru was very peaceful. The Great Temple was also located in Ga-Metru.

Me: Wow! This part of the city is amazing!

Laney: It sure is. It's like nature and city are now one.

Nokama: Yes. This is the city I defended: Ga-Metru.

Sam M: This part is amazing.

Another Vahki came out. It was Bordakh.

Luna: Who's that Vahki?

Nokama: That's Bordakh. He's the Vahki of Water.

Luna: Strange dudes. Gali lets use our combo on him.

Gali: You got it Luna.

Luna fired a blast of siren water and Gali fired a blast of water.

Luna and Gali: WATER TRIDENT SKEWER!

The water blasts became a trident made of pure water and it went down and pinned Bordakh into the ground. Lisa got onto its head and fixed him.

Luna: That was awesome dudes!

Gali: It sure was. Great teamwork. J.D. you taught everyone really well.

Me: Oh you're gonna give me a swollen head.

Bordakh was eternally grateful.

Then another Rahkshi came out. It was a blue one.

Me: Who's that Rahkshi?

Gali: That's Guurahk the Rahkshi of Disintegration. It's staff can fire energy that can disintegrate everything in its path.

Linka: That is deadly!

Earth: No kidding.

Lincoln: Lets use our combo on him Whenua.

Whenua: You got it Lincoln.

Whenua fired drill shots and they had rocks around them. Lincoln fired a blast of lightning at Guurahk.

Lincoln and Whenua: THUNDERSTORM DRILL ROCKSLIDE!

The techniques combined and obliterated Guurahk in an instant. All that was left of him was his Staff of Disintegration. Heidi took it.

Lola: Great job Linky!

Lincoln: Thanks Lola. You too Whenua.

Whenua: Thanks Lincoln. Awesome teamwork.

Earth: That was amazing.

Lincoln: Thanks.

---

Next we were in the transport hub of the city Le-Metru.

Le-Metru was the transport hub of the city. Le-Matoran were in charge of the entire city's transport network, particularly the system of chutes that moved Matoran and things between Metru. The flurry of activity and the number of wires strung about gave the district the feeling of an urban jungle and of barely controlled chaos. Le-Metru's Moto Hub was the largest chute station in Metru Nui, as well as the administration building for chutes, where the main controls were located. There was also a Test Track, where new vehicle designs were made and tested by volunteer Matoran. After the Great Caytaclysm and the Visorak invasion of the city, Le-Metru became the home for nearly all of the released Rahi from the Archives.

Lana: Wow! This is a cool part of the city.

Matau: Yes. This is the part of the city that I defended: Le-Metru.

Lisa: It's truly magnificent. This part of the city appears to be 1,000 years more advanced than what we have on Earth.

Laney: It sure feels that way.

Me: Yeah.

A Vahki came out and it was Vorzakh.

Nico: Who's that Vahki?

Matau: That's Vorzakh. He's the enforcer of Le-Metru.

Lori: His programming must be messed up too. Lewa lets use our combo on him.

Lewa: You got it Lori.

Lori fired a massive blast of wind and Lewa fired a blast of wind too.

Lori and Lewa: TORNADO BLADE SLASHER!

The blasts of wind became a huge tornado with powerful razor blades made of pure wind. The tornado spun Vorzakh around and immobilized him. Lisa fixed his programming and he was back to normal.

We continued exploring the city of Le-Metru and out came another Rahkshi. It was Lerahk the Rahkshi of Poison.

Lewa: That's Lerahk the Rahkshi of Poison.

Roxanne: Lets use our combo Matau!

Matau: You got it.

Lori's children fired a combined blast of air and Matau fired glowing green blades of air energy.

Lori's Children and Matau: HURRICANE SLICER STORM!

The techniques combined and formed into a hurricane and it slashed apart Lerahk and reduced him to dust. Natilee took his Staff of Poison.

Lydia: That was awesome!

Ramon: It was literally awesome!

Roxanne: It sure was.

Lori: I am literally so proud of you guys.

Lori's children: Thanks mom.

Bobby: I'm proud of all of you.

Lori's Children: Thanks dad.

Matau: Awesome teamwork guys.

Roxanne: Thank you Matau.

* * *

Next we were in the Archive section of the city Onu-Metru.

Onu-Metru was home to the Archives, an underground museum complex where Onu-Matoran Archivists worked hard to preserve artifacts of Metru Nui's history. The archives have actually expanded again and again, to the point where they stretched underneath the whole city. Besides just artifacts, Rahi were also kept in the Archives, as well as even more dangerous creatures.

Me: Wow! So this is the archive section of the city.

Whenua: Yes. This is the part of Metru Nui that I defended.

Lisa: I would like to learn about everything in here.

Me: Me too.

Laney: Same here.

Then another Vahki came out. It was Rorzakh.

Me: Who is that Vahki?

Whenua: That's Rorzakh. He's the enforcer of Onu-Metru.

Bobby: Lets use our combo Onua.

Onua: You got it Bobby.

Bobby formed a crystal cluster of black tourmaline and fired a black laser from it and Onua threw numerous rocks.

Bobby and Onua: DARK LASER ROCK BARRAGE!

The techniques combined and pulverized Rorzakh and knocked him down. Lisa reprogrammed him and he was back to normal.

Lori: Bobby-Boo-Boo-Bear that was literally amazing!

Roxy: Way to go daddy!

Bobby: Thanks guys.

Onua: That was an amazing display Bobby.

Bobby: Thank you.

We continued to explore Onu-Metru and it was amazing. Then a black Rahkshi came out. It was Vorahk the Rahkshi of Hunger.

Me: Who is that Rahkshi?

Whenua: That's Vorahk the Rahkshi of hunger.

Tara: He sure looks tough.

Onewa: Lets use our combo Tara.

Tara: You got it Onewa.

Tara lifted a bunch of rocks and threw them at Vorahk and Onewa created numerous rocks and stones and threw them at Vorahk.

Tara and Onewa: STONE RAIN AVALANCHE!

The rocks and stones rained on Vorahk and buried him and killed him. Mary took his staff.

Mary: I could use this.

Tara: That was awesome!

Onewa: That sure was. Great teamwork.

Tara: Thank you Onewa.

Beast Boy: You were great Tara.

Tara: Thanks Beast Boy.

---

Next we were in the Stone City of Metru Nui Po-Metru.

Po-Metru was the most natural of all the city districts, as it was made up mainly of rocky mountains and canyons. Po-Matoran liked to work outside, assembling goods and carving statues. Rahi attacks and stampedes were somewhat common in this district. Po-Metru's claim to fame were the Sculpture Fields, a large expanse where Po-Matoran worked to carve giant statues much too large for any building. There was also a hidden lair for Makuta located here.

Me: Wow!

Laney: So this is the artistry section of the city.

Onewa: That's right Laney. This is the part of the city that I defended.

Laney: I would love it here. I'm an artist myself and I have quite the talent.

Me: It's true. She has quite a mastery in any form of art.

Pohatu: That's amazing.

Onewa: I believe it.

Another Vahki came out. It was Zadakh.

Me: Who's that Vahki?

Onewa: That's Zadakh. He's the enforcer of Po-Metru.

Lucy: Another malfunctioning robot.

Lana: I got this.

Lana fired a blast of ice lightning and froze Zadakh in place. Lisa got onto him and fixed him. He was back to normal.

Lana was the hero for saving him.

Lincoln: Great job Lana.

Lana: Thanks big bro.

We continued walking around the city and then we encountered Panrahk the Rahkshi of Fragmentation.

Me: Who's that Rahkshi?

Pohatu: That's Panrahk the Rahkski of Fragmentation.

Lana: Lets beat him with our combo Kopaka!

Kopaka: You got it Lana.

Lana fired a blast of ice lightning and Kopaka fired numerous boulders of ice.

Lana and Kopaka: ICE STORM BOULDER BLIZZARD!

The techniques combined and became a shower of boulders made of pure ice lined with lightning.

They buried Panrahk and the boulders exploded. Panrahk was entombed in a block of ice. Then the block of ice exploded and Panrahk disintegrated into dust. The only thing left of him was his staff and Jessie K. took it.

Jessie K.: I could use this.

Lori: That was literally awesome Lana!

Lana: I learned in science class that rocks erode when water and ice get on them.

Lisa: That's correct Lana.

Kopaka: But great teamwork.

Lana: Thank you.

---

Lastly we were in the last part of Metru Nui: Ko-Metru.

Ko-Metru was known best for its Knowledge Towers, which are crystalline structures that could reach so high that their rooftops were often covered with ice. Ko-Matoran were scholars and seers who studied and analyzed, trying to predict the future. The district was kept incredibly cold, in order to better preserve written documents. Ko-Metru was the quietest district in the city, as Ko-Matoran hated to have their work interrupted. The mythical Rahi Keetongu also made his home in a Ko-Metru cave.

Me: Wow!

Lucy: So this is Ko-Metru.

Nuju: That's right. This is the part I defended.

Aylene: It's beautiful.

Rachel: This is a breathtaking part of the city.

Nico: It sure is.

Then another Vahki came out. It was Keerakh.

Me: That must be the last kind of Vahki.

Nuju: That's right. That's Keerakh.

Lily: I got this. Nokama?

Nokama: You got it Lily.

Lily fired a blast of glowing water and Nokama fired a blast of water.

Lily and Nokama: CHAINS OF THE OCEAN!

The water blasts became chains and they tied Keerakh down and Lisa fixed him. He was back to normal. We continued to explore Ko-Metru and we ran into Kurahk the Rahkshi of Anger.

Me: Who's that Rahkshi?

Kopaka: That's Kurahk the Rahkshi of Anger.

Varie: He looks like he has a nasty disposition.

Lucy: He sure does. Lets use our combo on him Nuju.

Nuju: You got it Lucy.

Lucy fired a blast of black lightning and Nuju fired a blast of ice.

Lucy and Nuju: DARK ICE ICICLE SLAUGHTER!

The blasts combined and turned into a shower of black icicles and they shredded Kurahk in an instant. All that was left of him was his staff. Varie took it.

Varie: I could use this.

Nicole sealed him into the Book of Vile Darkness.

Nicole: That's the last of the Rahkshi.

Me: Yep. Now we go after Teridax.

We went up to Mangaia.

We arrived and we confronted TERIDAX!

He was the Toa of Shadows.

Teridax: Vakama. This is an unexpected surprise. I thought you and the other Toa Metru permanently become Turaga.

Vakama: Once a Toa, always a Toa, Teridax!

Me: Teridax you will pay for everything that you've done!

Teridax: We shall see.

Me: Power up everyone!

We transformed and unleashed our power.

We went at him and it was a brutal onslaught.

Lynn: Lets use our combo Pohatu!

Pohatu: You got it Lynn.

Lynn formed a blazing red hot lava rock and Pohatu kicked it with incredible power.

Lynn and Pohatu: VOLCANIC COMET PUMMEL!

The rock had a tail and became a comet and it was moving faster than a bullet fired from a gun. It hit Teridax and exploded.

KRABOOMMM!

I fired energy blasts and burned Teridax.

Elena fired a blast of lightning and Venom fired his webbing.

Elena and Venom: LIGHTNING SPIDERWEB ENTANGLE!

The web wrapped around Teridax and electrocuted him.

Stewie fired his laser blaster and Rubberband Man stretched his hand into a huge fist.

Stewie and Rubberband Man: LASER FIST DESTROYER!

The fist became a laser fist and punched Teridax and burned him bad in his face.

Lea fired a blast of fire and Killer Frost fired a blast of ice.

Lea and Killer Frost: FLAMING ICICLE EVISCERATION!

The blasts combined and formed into a shower flaming icicles and they skewered Teridax.

Arpeggio fired laser feathers and Xion fired a blast of light.

Arpeggio and Xion: LASER WAVELENGTH BARRAGE!

The attacks combined and became feathers of light and they hit Teridax and burned him badly.

Riku fired blasts of dark fire and Sandman fired a blast of sand.

Riku and Sandman: DARK FIRE SANDSTORM FURY!

The blasts combined and became flaming sand waves and they hit Teridax and pulverized and burned him at the same time.

Luan: Now for the grand finale. Takanuva lets show this monster the power of light.

Takanuva: You got it Luan.

Luan, Eddy and Lensay fired a blast of rainbow light and Takanuva fired a blast of light from his spear.

Luan, Eddy and Takanuva: RAINBOW PRISM DEATH RAY!

The light beams combined and turned into a super deadly death ray. The light went through him and completely obliterated him in an instant.

Nicole: Now to make sure you never terrorize the Solis Magna System again. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Nicole sealed him forever into the Book of Vile Darkness. All that was left of Teridax was his mask of shadow.

She crushed it and shattered it into a million pieces. The terror of Teridax had been silenced forever.

We all cheered wildly for the death of Teridax and just like we agreed we beamed the island of Mata Nui to Earth and then we placed the whole city of Metru Nui onto the island. The island was now located right in the middle of the Gulf of Mexico. We established an alliance with Mata Nui and formed a powerful partnership and trade route. I gave the Toa the ability to change into humans and they can now walk in both worlds. We then decided to participate in the Kohli Tournament. Lynn and Lincoln were dominating the competition. However they used Carmen's Get Help method and this was not only humiliating but it actually worked.

Lynn carries Lincoln in front of the opposing Kohli players.

Lynn: Get help! My brother's dying! Get help! Help him! (throws Lincoln at the opposing Kohli players, knocking them down)

Maria (to Carmen): See what you caused, Carmen?

Pohatu (to Tahu): Why can't we do that kind of move?

Tahu: Because it looks humiliating.

Maria: I know, right?

However Lynn and Lincoln won.

There was one last loose end to tie up: Bringing General Norman and Dr. Hodges to justice. We beat up General Norman and arrested him. Then we went after Dr. Howard Hodges. We confronted him.

Hodges: All right. Do your worst.

Magma: You're not going to defend yourself?

Hodges: Why should I? All I wanted was Mary's affection. Instead, I nearly caused the deaths of my best friends. But do me a favor and just throw me in the Antarctica prison, will you?

Me: All right then. But you realize that you'll be in there for a long time.

Hodges: I don't care. I'm not even fit to be a member of the Human Race.

Me: Okay.

We did so. General Norman was the cellmate of Jeff Fecalman.

Hodges was in a separate cell.

We brought justice to them for the Terrific Trio.

It was a grand time for everyone.

We put the faceplates of the Bohrok and Bokrok-Kal on our walls and we were given replicas of the Kanohi Masks of power.

THE END

Another Fanfiction Complete.

Bionicle was an awesome franchise for Lego and I used to collect and build the characters long ago. It was an awesome story and more. NicoChan11 gave me the ideas for this one. Thanks for that man as always. I came up with the rest of the ideas for this one. Let me know what you all think.

See you all next time.

Bionicle is owned by Lego.

# Revelations and Humiliation

It starts in a mansion outside of the city. This mansion was not our mansion. This was the home of one of the Justice League's former enemies. The head of Project Cadmus - Amanda Waller.

Me, Nico, Lincoln and Earth were talking to her about stuff. We were having tea.

Waller: J.D. Knudson and Team Loud Phoenix Storm. And here I thought you forgot all about me.

Nico: We didn't forget. We just didn't have the time to confront you until now.

Me: Nico please. We thank you for inviting us over Ms. Waller. We have a lot of questions we want to ask you. The Justice League told us about their history with you and how you've been preparing to defend yourselves with them.

Waller: That's right.

Nico: Understand something, Waller. The next time you assemble a group like the Suicide Squad, you'll be behind bars.

Waller: Well, I can't really assemble a new Task Force X now. Most of my candidates are either dead or have joined your team. But if you're going to threaten me, you better be sure you can deliver. After all, you pretty much ignored me up until today. (I smirk) You think that's a joke, Mr. Chan?

Nico: (laughs) Yeah, I kinda do. You thinking I can't deliver. Now that's hilarious. Do you remember when you created Cadmus after hearing about the Justice Lords? Well, we went to their universe and mercilessly defeated each and every one of them. We've also beaten Hydro Man, Electro, Bane, Xehanort, X.A.N.A, and Stewie's evil twin. And we even took out Teridax just recently. What do you think we could do to you? Think next time before you say something stupid.

Me: Nico please. Ms. Waller what I want to know is what lead to the creation of Project Cadmus?

Waller: I'm sure you've all heard about how the Justice League went to another dimension and defeated the Justice Lords.

Me: As a matter of fact we have. Superman told us about it.

Lincoln: It was one of the most insidious adventures they experienced.

Earth: Wow.

Waller: It was indeed. But the Justice Lords were the catalyst that led to the creation of Project Cadmus. In that dimension 7 members of the Justice League overthrew the government and assassinated the President.

We gasped.

Me: Whoa.

Nico: And from what I heard Lex Luthor was the president in that dimension and he murdered their Flash in cold blood.

Lincoln: And Superman killed their Lex and they became the Justice Lords.

Me: That's right guys. We put our Lex Luthor in a prison at the very distant edge of the universe and he will stay there forever.

Waller: That's what I heard.

Me: Yeah. (I see something on the table) What's this?

It was a file and it was for a project called Project Batman Beyond.

Me: Project Batman Beyond? Hmm.

Waller: That's another project I had completed long ago. You see I'm sure that you've known about this for a while. But for a while Bruce Wayne and I were enemies. His Justice League was easily the most powerful force on Earth.

Nico: Both Team Loud Phoenix Storm and the Justice League are easily the most powerful forces ever known.

Waller: Yes. As you know I was in charge of Project Cadmus. Over the years I've come to respect Batman. Even trust him. I was also the government liaison with the Justice League for a while. I met some extraordinary people in that job. But none of them were the equal of Batman. I saw Batman save the day dozens of times with nothing but his wits, body and will.

Lincoln: Bruce Wayne is a very strong man.

Waller: Yes. But I saw something else as well. He was getting older. Slower. Soon he would have to retire or likely someone would manage to kill him. A thought of a world without a Batman was unacceptable. So I decided to make a new one.

Nico: How did you manage to do that?

Waller: I used my old Cadmus connections to gather the technology necessary for Project Batman Beyond. Bruce's DNA was easy to obtain. He left it all over town.

Me: So a drop of blood?

Waller: Yes. Then I found a young Neo-Gotham Couple with psychological profiles nearly identical to those of Bruce's parents.

Lincoln: Warren and Mary McGinnis.

Waller: Yes. Warren thought he was getting a flu shot. Actually it was a Nanotech Solution programmed to rewrite his reproductive material into an exact copy of Bruce Wayne's. A little over a year later, Mary gave birth to a son - Terry McGinnis.

We gasp in shock at what we found out.

Me: So Terry McGinnis is really!?

Waller: Yes. He is really Bruce Wayne's son.

Lincoln: That's incredible!

Nico: This is gonna be the biggest shock in Terry's life.

Me: He has to know about this. And I have a strong feeling that you tried to kill Warren and Mary almost exactly like with Thomas and Martha Wayne.

Waller: Yes. But my assassin couldn't do it. He would never resort to murder. If I was to honor all that he stood for, neither could I.

Me: And Warren McGinnis wound up murdered no matter what. But I don't know how Terry is going to react to this but he has to know no matter what. Ms. Waller we appreciate you telling us this. And you are indeed right about one thing. The world does need a Batman.

Waller: Yes.

---

Later back at the estate we gathered Bruce, Mary, Terry, Matt and Dana in our briefing room.

Me: Now I'm sure you're all wondering why I gathered you all here.

Mary: That's right J.D.

Terry: What's going on J.D.?

Me: I was just getting to that. I just talked to Ms. Amanda Waller and she told us a rather unusual revelation. Terry, Matt, what I'm about to tell you is gonna be a huge shock to you all.

Lisa came in and handed me a DNA report.

Me: Terry this is your DNA profile.

I handed Terry the DNA report and he read it. What he read about it was shocking.

Me: We found out from Ms. Waller that you and Matt are the biological sons of Bruce Wayne. It was part of a special project she was in charge of. It was called Project Batman Beyond. She told us that the world always needs a Batman and the thought of a world without a Batman was completely unacceptable. Your birth father had his genetic material rewritten into that of Bruce Wayne's. I don't know how she did this with Nanomechanics but somehow she did.

Mary: That's really crazy.

Dana: How can Terry and Matt be the sons of Bruce Wayne?

Nico: Ms. Waller rewrote their genetics somehow.

Lisa: This kind of technology is a feat that even I am unfamiliar with.

Me: I'm sorry this happened to you Mrs. McGinnis and I'm sorry this happened to you Terry and Matt.

Matt: Are you kidding!? This is awesome!

Terry: I knew that Warren loved me but now I realize that Bruce is the greatest father ever.

Dana: I'm glad that you're Bruce Wayne's son Terry.

Mary: I am too. I was shocked that this happened.

Batman: I was shocked too. I never knew that Terry and Matt ere my sons.

Me: I was shocked too. I'm glad you took the news well Terry.

Terry: Thanks for helping me J.D.

Me: You're welcome. (Watch beeps) Time for another humiliation session on the Griffin's.

Matt: Oh this is gonna be fun!

We set out to the heart of the city.

---

We arrived and we were ready for the humiliation.

Me: Hello Griffin's. Welcome back to Hell! (Cracks Knuckles)

Connor: This is gonna be awesome!

?: Mind if I help all of you out?

We saw a red weasel come out and everyone was squealing and cheering wildly for him.

Me: Wow! The famous I Am Weasel!

Leni: Is that your name now?

Me: No Leni. That's his name. I Am Weasel. He's a famous weasel that has done just as many good deeds around the world like we have. He's just as famous as we are and he's loved by everyone around the world.

Lori: I've heard about him.

Laney: He's amazing.

Lola: He sure is.

Me: Mr. Weasel it's such an honor to meet you.

I Am Weasel: It's an honor to meet you too J.D. I've heard so many good things about you.

Me: Thank you Mr. Weasel. It's part of what we have to do for the betterment of humanity.

I Am Weasel: That's right.

Lola: Did that idiotic baboon try to ruin everything for you?

I Am Weasel: He sure did. I.R. Baboon is an idiot.

We laughed.

I saw his trailer right behind the Griffin's.

Me: Is that his trailer right there?

I Am Weasel: That's the very one.

Lola: I heard that I.R. Baboon is not liked among everyone. And he has no class at all.

Lana: I also heard that he has a huge red butt and everyone laughs at him.

We laughed.

Me: And he has a brain the size of an underdeveloped peanut.

We laughed again.

I Am Weasel: That's all true.

I.R. Baboon came over and he had a look of rage on him. He was a black fur baboon and he was wearing a white t-shirt with his name written on his shirt backwards and upside-down. His red butt always is showing. And he smells horrible.

Me: I.R. Baboon right?

I.R. Baboon: Why you always making fun of I.R. Baboon!?

Me: Because you're a brainless idiot. You always are in I Am Weasel's shadow and you try to make sure he never wins. But you always fail.

Lila: And your butt always shows.

Everyone laughed at him because of that. He howled in embarrassment.

Man: Loser!

A man threw a pie at I.R. and it hit him in the face.

SPLAT!

We laughed at him some more.

Me: What a pheeb.

Gali: You said it.

Gali is a beautiful woman and she had beautiful ocean blue hair, yellow eyes, was wearing a sleeveless ocean blue dress and brown boots and she had her battle axes on her back.

Me: Yep.

Varie: You are beautiful Gali. We could be twin sisters.

Gali: We sure look that way Varie.

Me: Lets get this party started.

Lana: Me and Laney got an idea. Be right back.

They left and quickly came back with a piano. They brought it in front of Bad Lois. What she doesn't know however is that a certain key is hardwired to a detonation switch that will set off some high explosives hidden inside it. Nitroglycerin, dynamite, C4, Napalm and TNT are hidden in it. They had sheet music on it. It was for Those Endearing Young Charms.

Laney played first and she got the notes wrong on purpose.

Bad Lois: No that's not right! Do it again!

Lana went next and she did the same.

Bad Lois: Oooh! NO NO! YOU STUPID GIRL! LIKE THIS!

She pushed them away and they ran.

She played it correctly and then..

KABOOOOOMMMMM!

The piano exploded in Bad Lois' face.

When the smoke cleared Bad Lois had piano keys for teeth. We laughed at her.

Me: I got a couple. You guys ever heard of those Yo Mama jokes?

Luan: I know those jokes and they are cruel.

Eddy: No kidding.

Me: Yep. If there's one thing I learned it's that no one likes to have their own mom insulted.

Vince: Amen to that.

Carol: Well said.

Me: Thanks. But in this kind of case I'm more than willing to make an exception. Hey Peter!

Peter looked at us.

Peter: What?

Me: I have something to tell you. Yo mama so stupid she tried to climb Mountain Dew!

Peter: WHAT DID YOU SAY!?

Lincoln: You heard him!

Luan: Yo Mama so Fat she got arrested for carrying 10 pounds of crack!

We laughed at him.

Peter growled in rage.

Eddy: Yo Mama so ugly she looked out the window and got arrested for mooning!

Me: Yo Mama so stupid she put paper on the TV and called it Pay-Per-View!

Luan: Yo Mama so poor when I stepped on a cigarette to put it out she said "Hey! Who turned out the heat!?"

Eddy: Yo Mama so stupid she thought Starbucks was Alien Currency!

Me: Yo Mama so Ugly she makes blind kids cry!

Nico: Let me try. Yo Mama so Fat her farts cause Global Warming!

Luan: Yo Mama so Ugly when she took a selfie the picture said censored!

Me: Yo Mama so stupid she brought a spoon to the Super Bowl!

Nico: Yo Mama so Stupid she thought Taco Bell was a Mexican Phone Company!

Me: Yo Mama so Ugly when she joined an ugly contest they said "Sorry no Professionals"!

Peter was enraged and he was screaming in so much ballistic fury that it was unbelievable.

Nico: I got something.

Nico pulled out a pet cage and in it was a tarantula. He went up in front of Peter and took the spider out and put it down his pants. Peter screamed like a little girl. (Think of how Marv screamed in Home Alone)

We laugh at that and Leni freaked out.

Leni: (SCREAMS) SPIDER!

She took a baseball bat and went to Peter and bashed his brains out with it.

POW! CRACK! BLAM! POW! SMASH! BAM!

Ed and Lori grabbed her and calmed her down.

Ed: Leni calm down. We don't want to kill him now.

Lori: Save that for Christmas, Leni.

Leni: (Panting) Sorry guys.

Nico: I didn't know Leni was so scared of spiders.

Me: Leni has the biggest case of Arachnophobia we've ever seen.

May: I believe it.

Carol: It's that bad.

Me: Yeah.

I Am Weasel: Leni's fear of spiders is quite normal for some people.

Nico: I got something for Bad Lois.

Nico walked up to Bad Lois and sprayed her with Scarecrow's fear gas and Bad Lois saw everything in the world as ravenous bloodthirsty spiders with glowing red eyes. She screamed in sheer horror.

Tahu (disgusted): Ok, I might sometimes have anger problems. But even I would never do the things that those so called parents did!

Tahu had red hair and red eyes, a sleeveless battle uniform. He had his swords on his back, orange pants and red boots.

Linka: Me neither.

Gwen S.: I got something. Be right back.

She left and brought back a huge wheelbarrow full of water balloons.

Luna: Water Balloons?

Gwen S.: You'll see.

She threw the balloons and they hit Peter and Bad Lois and they splattered poop all over them.

Gwen S.: Pig Poop!

Lana: Cool!

We laughed at them and it was really funny.

Me: Ooh! I got an idea! Lana you go get a giant washtub. Laney you use your plant powers and grow the items on this list. (Hands Laney a list) Lincoln, Naruto, Lisa, come with me.

Laney: You got it.

Lana: I'm on it.

Laney used her plant powers and grew numerous pepper plants.

We went to the store and got a bunch of ingredients for something. Lana got a giant washtub.

Me: Okay. First a bunch of red hot chili peppers of different kinds. Jalapeños, Habaneros, Tepin Peppers, Ghost Chilis, Trinidad Scorpion, Carolina Reapers and the hottest pepper on the planet: The Dragon's Breath Pepper.

We had gloves on and added buckets full of said peppers into the tub.

Lana: That's a lot of peppers.

Laney: You making a hot sauce J.D.?

Me: Yep.

Lincoln: This would normally be enough.

Me: Yep. Normally. Next we add a lot of garlic.

We cut, squeeze and crushed up a lot of garlic and added it to the peppers.

Me: Next we add lots of red wine vinegar.

We poured in 6 jugs full of red wine vinegar.

Lincoln: That's a lot of vinegar.

Me: Yep. Now for a lot of onions.

Laney: I got that.

Laney used her plant powers and grew lots of onions.

We sliced up a lot of onions and ignored the fumes that make you cry and add them to the tub.

Me: Now for my favorite. 4 bottles of Mongolian Fire Oil.

Lincoln: Dad uses this all the time in his stir fry.

Me: I know. Mr. Lynn makes really good stir fry.

We pour in the bottles and the spice smell was delicious.

Me: Now we blend everything together.

Nico: I got that.

Nico sprouted tentacles and turned them into giant food processor blender blades. He blended everything together into a fine liquid.

Me: Awesome job Nico!

Nico: Thank you.

Lana: What's next?

Me: Now comes the deadliest part.

I pull out a scroll and unseal a container with a liquid in it and it had an evil fanged skull and crossbones on it.

Me: This is something I call (Lightning flashes and thunder crashes in the background) (Dramatic voice) THE CONTAINER OF TRAITOROUS MINDS!

Lincoln: (Gulps) I don't like the sound of that.

Laney: Me neither.

Me: This container has the leftovers of all the nuclear blazing hot chicken wing sauces I made. To prevent the sauce from going bad I put it in this scroll that keeps it fresh all the time. The sauces keep marinating and it gets far more powerful.

Lana: That is deadly stuff!

Nico: No kidding.

I poured in the whole container and it was lethal.

Me: Whoo! That is potent stuff. Now for the final ingredient.

I pull out a black safe and it had a handprint and retina scanning system.

Me: In this safe is the most lethal ingredient of them all.

I place my hand on the handprint scanner and a laser scanned my eye.

Safe: Access approved.

The safe opened and a bunch of little safes opened up in various ways and a final safe opened and revealed a bright neon red glowing bottle. I put on a welding mask and gloves and take the bottle out with a pair of tongs. The bottle had a picture of a disintegrating skull with flaming red eyes being vaporized in front of a massive nuclear explosion.

Lana: Wow! What is that stuff?

Me: This is the hottest Capsaicin Extract sauce I've ever created. It's made with pure capsaicin extract from the Guatemalan Insanity Peppers amplified 1,000-fold. I call it Castle Bravo Incinerator Death Sauce!

A nuclear explosion goes off in the background and a massive wall of real fire burns as well. Satanic cult music and malevolent laughter is heard to make it sound like it came from the fires of Hell in its entirety.

Everyone gasped in sheer horror.

Me: Yeah. This sauce is so lethal and so deadly that you can't even handle it with bare hands.

Lincoln: That sauce is gonna destroy them!

Me: Yep. All it takes is one little drop.

I put the bottle over the tub and put one little drop in. A powerful little blue fire mushroom cloud explosion formed in the tub and vanished.

Lori: Wow! That sauce is literally going to kill them!

Lucy: I'll make sure they get a nice and proper funeral.

Me: If they survive.

Tahu: Let us amplify the sauce J.D.

Vakama: We have a way to make it stronger.

Me: Go for it.

Vakama had red hair in a cronmage and red eyes and had a version of Tahu's clothes.

Tahu and Vakama used their fire to intensify the hot sauce 20,000-fold. The concoction emitted a bright neon red glow and it was so intense that it was causing my geiger counter to go haywire.

I take a huge spoon and fill it full of the sauce and Laney used her vines to hold open Peter's mouth and I shove the spoon into his mouth and Peter swallowed it. Then his sclera had massive nuclear explosions in them and his skin turned red and rose fast like a thermometer dipped into the core of the sun and it turned neon blue and suddenly he went into the air a little above the ground and turned into a steam whistle and a massive blast of raging fire exploded out of his mouth with incredible force as he screamed in excruciating agony and pain and a super loud ear shattering horn toot. The windows in some of the buildings shattered into a million pieces.

Me: Hit the deck!

We ducked and Jared, Aylene, Yuko and Lola absorbed the fire and Peter kept releasing an enormous amount of fire at an incredible rate.

Peter was like this for 15 minutes and he crashed back to the ground with a huge thud and he was completely drained and exhausted. Everyone laughed at him some more.

Me: Wow! That was intense.

Lana: You said it J.D.

Lincoln: That… Was… AWESOME!

Laney: It sure was.

Lynn: That was explosively spicy!

Lightning: It sure was. Lightning agrees.

Luan: That one was so spicy that it was infernal! (Laughs to rimshot) Get it?

We laughed at Luan's joke as well.

Eddy: (Laughs) That was a good one!

Rachel: (Laughs) That was so funny!

Me: That was a good one!

Peter got up and he was mad.

Peter: (No voice)

Me: Wow! That hot sauce completely destroyed his voice box.

Lisa: It appears that the frequency of the scream he did and the level of spice Peter took completely corroded and disintegrated his vocal cords. Completely and permanently destroying his ability to talk.

Luna: Maybe that'll shut him up forever.

Lori: Yep.

I Am Weasel: I would say that he deserved it because he's a bad father. If that doesn't spell bad father then my name is not I AM WEASEL!

Nico: Well said. Would you like to do a combo with me?

I Am Weasel: I would be honored Nico.

Nico used Undergrowth's plant powers and grew catapults with fruit and vegetables on them and I Am Weasel had rotten meat in slingshots.

Nico and I Am Weasel: ROTTEN FOOD ONSLAUGHT!

They fired the fruit, vegetables and rotten meat and they all pelted Peter and Bad Lois and the assault was so bad that it made them both smell so horrible that their own stench made them puke their guts out.

Nico: That was awesome!

I Am Weasel: It sure was.

Later we went back home. I Am Weasel decided to live with us and continue doing great deeds for humanity from our mansion. With him was his nurse and love interest Loulabelle. It was a great time for him.

Another Fanfiction complete.

This was the most interested Humiliation we did. I got the idea for revealing the revelation about Terry and Matt being Bruce Wayne's sons from the Justice League Unlimited episode Epilogue. I figured it would be appropriate for this. I Am Weasel was awesome and Michael Dorn did a great job voicing Everyones favorite weasel. Charlie Adler did a great job voicing I.R. Baboon too. I got the idea for the container from a restaurant I saw over in Richmond, Virginia. NicoChan11 and VinJedi1995 game me the ideas for this one. Thanks for that guys. Let me know what you all think.

See you all next time.

# End of The King of The Monsters

It starts in the estate. I was looking up something that happened over in the western Pacific Ocean south of Japan.

Me: This is really unusual.

Lincoln: What is it?

Me: I found a mayday signal being broadcasted from a Russian Submarine. Listen.

I play the signal and it had a distress frequency and suddenly there was an explosion and the signal was gone.

Laney: What do you think caused that?

Me: Whatever it was something is seriously wrong. The satellite scans show that none of our subs and vessels are in that area. However it did find this.

I print a computer enhanced satellite photograph and what it revealed was horrific. It was an image of GODZILLA!

Lincoln: Is that Godzilla!?

Me: It looks like it.

Yuko: Godzilla!? How can that be?

Me: This Godzilla is one that Japan knows. The one we knew from 20,000 years into the future was a whole new different matter. This Godzilla is 75% smaller than the one we fought.

Lincoln: We have another Godzilla to destroy.

Me: Yes. But this Godzilla was created because of Nuclear Radiation caused by us.

Lori: What do you mean J.D.?

Me: Godzilla first attacked and destroyed much of Tokyo, Japan back 64 years ago in the year 1954. Watch.

I pulled up what happened. I show a black and white video of what happened back during Godzilla's attack back then. Most of Tokyo was completely destroyed, burned and leveled. Almost nothing was left.

Me: This was taken 64 years ago. Godzilla appeared for the first time back then and he caught Japan and the entire world completely off guard. Thousands of people were killed and many more were injured and his destructive power was incredible.

I showed his destructive power back then. He fired his atomic breath and turned all of Tokyo into a sea of fire. The destruction was horrific.

Me: Godzilla turned all of Tokyo back then into a sea of fire. Damage back then was estimated to be in the billions. That was 64 years ago. Today it would be worth 10s of trillions.

Lana: That is awful!

Carol: Yeah.

Lucy: How are we gonna kill this Godzilla and make sure that he doesn't come back?

Me: We're going to use what we learned 20,000 years into the future to kill Godzilla and we'll use other methods. Also we're gonna be helping the U.N.G.C.C.

Vince: The U.N.G.C.C.?

Me: It stands for the United Nations Godzilla Countermeasures Center. They are a division created by the United Nations that uses very sophisticated and very advanced scientific technology to counterattack against Godzilla. But also their one goal is to try and find a way to kill Godzilla.

Lincoln: Sounds very complicated and dangerous.

Me: It is. But believe it or not with everything we learned from when we killed Godzilla 20,000 years from now, we have the ability to make sure he stays dead. Computer, call G-Force commander general Takaki Aso. Voice I.D. James Dean Knudson, United States of America, ID# 413421623513 Alpha.

Computer: Voice print confirmed and identified.

I turn my headset into a scrambler and translator.

A holographic screen appeared and it was G-Force commander general Takaki Aso.

Commander Aso: G-Force, Aso here.

Me: Commander Aso it's good to see you again.

Commander Aso: You too J.D.

Me: I'm afraid this isn't a social call. We have a huge problem. 3 hours ago a Russian Submarine was attacked and destroyed by Godzilla.

Commander Aso was shocked.

Commander Aso: Do you have any proof of this?

Me: Yes sir I do.

I hold up the satellite photo.

Me: This photo was taken just shortly after we found out that the Russian Submarine was destroyed.

Commander Aso: So after years of dormancy Godzilla has returned. I thought we had seen the last of him. The last known sighting and attack of Godzilla was back in 1995 when Space Godzilla attacked. He was lying dormant for 23 years and now he is back.

Me: Yes sir. But we have a way we can destroy Godzilla for good.

I explained what happened during our time 20,000 years into the future in an alternate time and what we found out on how to destroy him. Commander Aso was enamored by this new development and called our findings genius.

Commander Aso: Your findings are genius J.D. You all may have saved all of Japan and liberated us from a 64 year nightmare that's plagued us for so long.

Me: Yes. This battle is going to be really rough. To make sure that no one gets caught in the crossfire, have everyone within a 200 mile radius of the Tokyo vicinity evacuated.

Commander Aso: Right. How soon will Godzilla arrive?

Me: Within the next 24 to 36 hours.

Commander Aso: Okay. The evacuation orders are in place.

Me: Were on our way.

The call ended.

Eddy: You think we're gonna get in trouble with Japan for klling Godzilla?

Whenua: Are you kidding? After all the property damage it's caused, they'll give us medals!

Whenua had a brown India style outfit and he had brown hair and orange eyes, his claws are on his hips and are ready to use whenever needed.

Me: I agree with you Whenua. Lets go!

We set out for Japan.

---

We were in Tokyo, Japan. Everyone in the city was evacuated and we were standing ready.

Sergeant: J.D. everyone has been evacuated.

Me: Okay. Godzilla will arrive in 30 minutes.

Sergeant: Roger.

The tanks, Maser Tanks, Super X, Laser Cannons, Missiles and more arrived.

Me: Here we go guys.

We waited and then we saw the oceans move.

Me: We have movement in the area!

Surfacing out of the ocean with a powerful roar was Godzilla!

(Godzilla Theme plays)

Yuko: It's Godzilla!

Ben became Ultimate Way Big.

Ben: ULTIMATE WAY BIG!

Lincoln: This is gonna be awesome!

Ultimate Way Big: I never battled a Kaiju before. I'm really looking forward to the experience!

Me: Fire at will!

Sergeant: FIRE AT WILL!

We all fired our powers and everything we got at Godzilla. The missiles and lasers fired and the Super X fired Cadmium missiles and more. It was a major league and brutal onslaught! I fired energy blasts and energy balls and the explosions were powerful enough to hurt Godzilla as he was being pushed back. Carol fired an Orange Atomic Ray and King Ghidorah's Gravity Lightning and Space Godzilla's Corona Ray. The blasts and attacks were hurting him with powerful fury. Lori and her children fired powerful balls of concentrated wind and blew him back. Lola and Lila fired massive blasts of fire at Godzilla and they burned him. Yuko and Sam did the same and it was a powerful attack. Godzilla fired his atomic breath and Vince and Nico fired energy blasts and the blasts collided. The blasts were struggling and then they exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The smoke cleared and Edzilla went at Godzilla.

Edzilla: ED SMASH GODZILLA!

Edzilla jumped onto Godzilla's head and dealt him powerful headbutts. He then bit one of Godzilla's eyes and ripped it clean out of its socket. Godzilla roared in pain.

Edzilla jumped away and landed by Ultimate Way Big. Ultimate Way Big fired a blast of cosmic energy and they burned Godzilla.

Edzilla: Ultimate Way Big lets use combo.

Ultimate Way Big: You got it.

Edzilla charged at Godzilla and Ultimate Way Big fired a blast of Cosmic Energy.

Ultimate Way Big and Edzilla: COSMIC DRAGON OBLITERATOR!

The Cosmic Energy Ray merged with Edzilla and he became a dragon made of pure cosmic energy and when it hit Godzilla it exploded with incredible power and knocked him down.

Edzilla: ED IS STRONGEST THERE IS! (roars to the heavens)

Carol fired Destoroyah's Micro-Oxygen Ray. It hit Godzilla and blew him back as he got up. She then fired Gyaos sonic laser ray and it burned Godzilla in his chest and it was hurting him.

Carol: Pohatu lets use our combo.

Pohatu: You got it.

Carol fired Gamera's fireballs and Pohatu kicked a rock at Godzilla.

Carol and Pohatu: KAIJU FURY METEOR!

The fireballs combined with the rock and became a powerful flaming meteor and it hit Godzilla and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

Laney entangled Godzilla in huge bramble vines and Lewa fired blades of wind at him. They slashed him.

Lewa had United States Army camouflage style clothes, green hair and yellow eyes and black boots.

Laney: Lets use our combo Lewa.

Lewa: You got it.

Laney formed a bunch of plant vines with monster mouths on them and Lewa fired a huge blast of wind.

Laney and Lewa: SULFURIC ACID WINDSTORM!

The mouth vines squirted a huge deluge of Sulfuric acid and the wind turned it into a fine mist and it burned Godzilla badly. He was roaring pain.

Shannon fired a barrage of black crystals with her dark magic and Onua threw numerous rocks and crystals at Godzilla. They hit him and hurt him.

Onua has a black medieval peasant style outfit on. It looks like something from 1,500 years ago.

Shannon: Onua lets use our combo.

Onua: You got it!

Shannon fired black crystals and Onua threw numerous rocks.

Shannon and Onua: MAGIC EARTH KNIFESTORM!

The crystals and rocks rained onto Godzilla and they hurt him bad with a barrage of blades.

It was a powerful onslaught and the number of combos we were using was incredible.

Matau had green hair, yellow eyes, and was dressed like Robin Hood. Nokama had a long sleeved ocean blue battle dress, blue stiletto shoes, ocean blue hair, and blue eyes. Kopaka had a suit similar to Shriek's, etc, etc.

Lana, Kopaka and Nuju then froze Godzilla a massive block of ice.

Me: That'll hold him. Now we can work on the 2nd stage of our plan. We're going to use the very device that killed the first Godzilla back 64 years ago: THE OXYGEN DESTROYER!

THUNDER AND LIGHTNING CRASH!

Lincoln: What is the Oxygen Destroyer?

Me: It's a prototype chemical weapon that was used to kill Godzilla back then.

Lori: That literally sounds incredibly dangerous.

Me: It is and my father and grandpa witnessed it being tested.

---

Me: (Narrating) **It was back 64 years ago and Godzilla made his first appearance and went on a rampage that almost completely destroyed all of Japan. My grandpa Major Dean Alvin Knudson had a good friend back then. His name was Dr. Daisuke Serizawa, a chemical scientist and the inventor of the Oxygen Destroyer. After the war ended they became like brothers. Their bond was powerful. Dr. Serizawa gave a demonstration of the Oxygen Destroyer.**

Dr. Serizawa tested the Oxygen Destroyer in a tank filled with fish. It reacted violently with the water and it bubbled up at a powerful rate.

Dr. Serizawa: It destroys all of the oxygen in the water and suffocates the marine life. Then it liquifies it. Making the waters sterile.

Me: **The Oxygen Destroyer reduced the fish in the tank to nothing but skeletons. But this depends on how powerful the reaction is. My father was with him and he was only a child when he saw it happen. Dr. Serizawa said that the Oxygen Destroyer would be ultimately considered as a weapon of mass destruction. My grandpa managed to convince Dr. Serizawa to use the Oxygen Destroyer to kill Godzilla. But to make sure that his research can never fall into the wrong hands he destroyed his research papers. However unknown to him dad got the papers out and hid them. On a boat in Tokyo Bay dad and grandpa witnessed the Oxygen Destroyer being used. The chemical solution reacted violently and the bubbles were so intense that it rocked the boat. In the end, Godzilla was destroyed and Dr. Serizawa made the ultimate sacrifice to save the world. He cut the oxygen line to his diving suit and killed himself.**

FLASHBACK ENDS

Me: After that horrible event, Grandpa Dean was devastated. He lost a best friend that became like his brother.

Leni: That is totes horrible.

Luna: Dude. I'm sorry man.

Me: I know. I wasn't born back then. But the Oxygen Destroyer is our only chance to destroy Godzilla for good and end his 64 year history. My dad gave me the research papers to use for later purposes. Now is that time.

Suddenly out of nowhere an energy portal appeared and out of it came KING GHIDORAH!

Carol: It's King Ghidorah!

Me: It is him but he's is different.

It was true. King Ghidorah now had a mechanical metal head and the other two heads were the same, he had a metal armor chest guard, mechanical wings, and leg guards. He was now known as

MECHA-KING GHIDORAH!

He landed behind us and we were amazed.

Me: Wow!

?: J.D. Knudson do you read me?

Me: Yes I read you. Who is this?

Emmy: My name is Emmy Kano and me and Mecha-King Ghidorah came from the 23rd century in the year 2204.

Me: 2204!? That's 186 years from now. That's amazing!

Emmy: Yes. We came to help you stop Godzilla once and for all.

Me: We greatly appreciate it Emmy and we need all the help we can get.

Twin Voices: Let us help you too.

We saw a giant moth flying over to us and it was hovering over the ocean. It was MOTHRA!

Me: Wow! Mothra!

Mothra chirped and she was there to help us.

On a smaller version of Mothra were the world famous Shobijin Fairies of Infant Island. Very good friends to us.

Me: The Shobijin Fairies.

Shobijin Fairies: It's good to see you again J.D.

Me: You too. How have things been on Infant Island?

Shobijin Fairies: Things have been good.

Lori: Who are they J.D.?

Me: Oh I'm sorry. Everyone these two are the world famous twin

Shobijin Fairies of Infant Island.

Shobijin Fairies: Pleasure to meet you all.

Luna: Same here dudes.

Lincoln: It's a pleasure to meet you.

Luan: How do you know them J.D.?

Me: We also have a big history with Infant Island. It dates back to 1966.

FLASHBACK 2

Me: (Narrating) **In 1966 my father was investigating what he suspected was terroristic activity in the Solomon Islands in the Bougainville area. He arrived at the island he was sent to and the island was run by the evil terrorist organization called Red Bamboo. They were making nuclear weapons on the island so they can destroy some of the major cities around the world. Also he made a scary discovery. Red Bamboo was using some of the people of Infant Island as slaves to make a strange liquid that serves as a repellant to ward off the giant shrimp monster Ebirah. The liquid prevents Ebirah from attacking whenever they go or come to the island. My father busted them out and he launched an all out revolt. A guard tried to stop them, but he knocked him out and took his AK-47 gun. It was a savage revolt. Also it turns out that the island was harboring another secret. That island was home to Godzilla as well. Godzilla was lying dormant after his 1st battle with King Ghidorah back in 1964. He destroyed the Red Bamboo camp and was fighting Ebirah during the revolt. The island activated a nuclear time bomb self-destruct device that was gonna blow the whole island to smithereens. Dad and the people constructed a large net made of grass, tree branches and sticks. It was their transport. Mothra took them out of there just in the nick of time after the fight and the island exploded. Also in a sense of poetic justice before my dad arrived, they made a false batch of the liquid and Ebirah killed the remaining members of the Red Bamboo as they fled. Dad is the hero of Infant Island.**

The events of the narratives are shown.

FLASHBACK ENDS

Shobijin Fairies: Yes. J.D.'s father is a brave man that saved our people from a fate worse than death.

Lincoln: J.D. that's amazing!

Linka: I didn't know that your dad was that strong and brave.

Me: Dad's a hero. Next to being a police officer and catching some of the most dangerous criminals in the country, saving Infant Island and destroying the Red Bamboo was the greatest achievement he did.

Lori: Your dad is literally amazing.

Roxanne: He sure is.

Bobby: You said it.

Me: Yeah. But we're getting off track here. We need to make an Oxygen Destroyer. Lisa, you and Nicole come with me. We're going back to the estate to make one. Here's what we do.

I revealed my plan. We went back to the estate and got to work. The rest of us stayed back and held back Godzilla for as long as possible. Mecha-King Ghidorah fired gravity lightning and enhanced gravity lightning and Mothra fired energy beams from it's antennae. More help arrived and it was Super Mecha-Godzilla. It fired rainbow energy from its mouth and an energy blast from its chest and fired blue energy beams from the Garuda machine on it's back.

2 hours later at night we came back with the Oxygen Destroyer. It was a bomb-like device.

Me: Here it is guys. The Oxygen Destroyer.

Lori: It looks like a nuclear warhead.

Me: That was my first thought too.

Varie: Okay here goes.

Varie, Luna and Lily trapped Godzilla in an enormous ball of water. Tara then lifted up a platform of rock and I placed the Oxygen Destroyer on it. Tara lifted the platform and it went into the ball of water through the bottom and we waited. The device filled up and the ball split and bubbled violently. It was a violent reaction and the ball of water looked like it was a ball of pure boiling hot water. Godzilla was being suffocated by the power of the Oxygen Destroyer and he popped out of the ball to get some air but it was too late. He died in the ball of water and was reduced to nothing more than a skeleton. After 64 years, the terror of Godzilla, the King of the Monsters had been silenced forever.

Me: It's over guys. We won! Godzilla the King of The Monsters had been silenced forever!

We all cheered wildly.

Me: We did it for you Dr. Serizawa. We did it for you and avenged everyone killed by Godzilla. Now we have to make sure that Godzilla never returns.

Later at the Prime Minister's building for our heroic actions in ridding the world of Godzilla we were awarded the highest award in Japan: The Order of The Rising Sun for our bravery and more. We were also awarded by the head of the U.N.G.C.C. for it. We did receive medals for our deeds. We later got to work and removed and cleaned up all the nuclear waste and energy to make sure that Godzilla never returns. But there will be other Kaiju out there. So whenever they arrive we'll be ready for them.

Steve Matrin: (Voiceover) Nature has a way sometimes of reminding Man of just how small he is. She occasionally throws up terrible offspring's of our pride and carelessness to remind us of how puny we really are in the face of a tornado, an earthquake, or a Godzilla. The reckless ambitions of Man are often dwarfed by their dangerous consequences. For now, Godzilla - that strangely innocent and tragic monster - has gone to earth. Whether he returns or not, or is never again seen by human eyes, the things he has taught us… Remain.

Another Fanfiction Complete.

The Godzilla movies have always been my favorites ever since I was a kid. For 64+ years Godzilla has been an awesome franchise. I have been a huge fan of it. NicoChan11 gave me the ideas for this and I came up with the rest of them. Thanks for that man as usual. No my dad and grandpa didn't do all that stuff in real life or in the movies for that matter. Also this chapter is made as a tribute to Raymond Burr who starred in Godzilla: King of The Monsters in 1956. That movie was the first american movie for Godzilla. It was awesome.

Rest in Peace Raymond Burr - May 21st, 1917 to September 12, 1993.

Let me know what you all think.

See you all next time.

# Angels VS Accusers of The Universe

It starts in the skies of Saturn. We were over at the Saturn Insane Asylum.

Me: Here we are guys. This is the Saturn Insane Asylum.

Lola: This place is amazing!

Lana: The view of Saturn's clouds in amazing!

Varie: It's not just the clouds. You can see Saturn's gorgeous rings and many of its moons from here.

Laney: It sure is amazing. Saturn is a beautiful planet.

Lisa: Indeed. The Cassini-Huygens spacecraft documented the most beautiful planet in the Solar System.

Me: Yep. Saturn is the most beautiful of the planets in the Solar System and it has not only the most beautiful rings but also the most beautiful clouds.

We go into the prison and we were being lead around the asylum by a good friend of mine from England. Psychologist and therapist Dr. Victoria Remington.

Dr. Remington: (British Accent) I'm glad you all could come to visit us J.D.

Me: No problem Doctor.

The sounds of maniacal laughter and people having terrible episodes of insanity were being heard as we walked the hallways.

Lori: These people have some serious problems.

Bobby: No kidding babe.

Lincoln: But this place is amazing. Here we are floating above the clouds of Saturn in one of the toughest maximum security insane asylums probably in the history of the universe.

Lisa: Indeed. It's an incredible scientific feat here. Science-Fiction true but it works.

Aylene: Yeah.

Dr. Remington: Here's our most dangerous and most violent patient here.

We were in front of a door and it had all kinds of evil symbols on it.

Lola looked through the window in the door.

Lola: Oh man! She's scary.

Carrie W.: That's my mother Margeret White.

Leia: Grandma Margaret? Why is she here?

Me: Your grandma was not right (Taps head with finger) up here.

Leia: How come?

Carrie W.: Some people are just that way Leia. My mother had a lot of problems.

Dr. Remington: Yes. Carrie I'm so sorry about your ordeal that you went through.

Carrie W.: Thank you doctor.

I look into her room and saw that Margaret was wrapped in a straitjacket and laughing maniacally. Written in blood on the walls was "Kill Carrie."

Me: She is worse than what I remember.

Laney: No kidding. Her schizophrenia is the worst kind I've ever seen.

Me: No kidding. I saw in a documentary at one time that

Schizophrenia shortens your life span by 25% and people with it don't usually live pass their 50's.

Dr. Remington: Yes. We are still trying to comprehend that. Schizophrenia decreases your life span by 20 years because the grey matter in the brain is slowly disintegrating.

Nico: That's rough.

Me: Yeah.

Nico: How come Margaret was sent here and not in a jail cell?

Me: She was declared completely unfit to stand trial and was originally committed to the Twin Towers Prison Psychiatric Hospital in California. But she was too violent there. So after I had this whole place built here I figured it would be perfect. The reason for that is because I feared that she would escape and destroy society.

Nico: That's a good reason.

Carrie W.: It is. My mother has telepathic powers and I inherited them from her.

Leia: Wow! Mommy I didn't know that.

Varie: Your mother is very gifted.

Me: She is.

---

Back on Earth, Double D was reading a book while enjoying the splendor and beauty of the autumn leaves. Then he heard some clattering and he saw a raccoon in the can. The can tipped over out of the can was Rocket Raccoon!

Edd (sees Rocket digging through a trash can): Rocket Raccoon?

Rocket: You know who I am?

Edd: Well, Captain America did say that the two of us are similar.

Sorry I'm Eddward but with two D's. Everyone calls me Double D.

Rocket: Pleasure to meet you. I'm glad Cap spoke about us. Me and the Guardians came here looking for J.D. The Universe is in trouble because of Ronan the Accuser.

Edd gasped.

Edd: J.D. and my friends are over on the planet Saturn. They are on a space prison there.

Rocket: Thanks Double D. I appreciate that. You hear that Guardians?

Star Lord: We sure did Rocket. Lets regroup and get over there.

Rocket: Right.

The Guardians regrouped.

Star Lord: Sorry we're late, Rocket. We got held up because of Drax almost getting us kicked out of an ice cream shop!

Drax: I had to make sure that they did not get my order wrong.

Gamora: That doesn't justify you threatening the owner with a knife!

The Guardians went back to the ship and it left Earth for Saturn.

---

Back on Saturn as we were getting ready to leave when we saw the ship arrive.

Me: That's the Milano ship!

It landed and out came the Guardians of the Galaxy - Peter Quill A.K.A. Star Lord, Gamora, Drax, Groot and Rocket Raccoon.

Me: Oh wow! The famous Guardians of the Galaxy!

Star Lord: That's right. J.D. Knudson it's an honor to finally meet you.

We shake hands.

Me: You too Peter.

Lily: Gamora it's great to see you again.

Gamora: You too Lily. You've been training hard and well. I can sense that you have gotten stronger.

Lily: I know.

Lincoln: It's an honor to meet you Drax.

Drax: You too Lincoln. I've heard a lot about you from Gamora.

Lincoln: I'm sure she told you all about us.

Drax: She did.

Groot: I am Groot.

Luan: It's nice to meet you Groot.

Groot: I am Groot.

Rocket: He says "You too Luan."

Luan: Oh. It's a pleasure to meet you too Rocket.

Rocket: You too Luan. I heard you are quite the jokester.

Luan: I don't mean to blast my own horn! (Laughs) Get it?

Rocket: (Laughs) I get it. Good one.

Me: So what brings you to Saturn, Peter?

Star Lord: Ronan the Accuser is going to destroy the planet Xander with the power of the Infinity Stone I found.

We gasped in shock.

Me: Which stone did you find?

Gamora: It was the purple one.

Me: That's the Power Stone. We have to stop him.

Stan Lee: (Offscreen) You go get him guys.

We turn and saw Stan Lee and he was a Janitor sweeping the floor of the landing pad.

Me: Stan Lee!

Laney: He's full of surprises isn't he?

Me: He sure is. He makes cameo appearances in all his comics, TV Shows and Movies.

Stan Lee: That's right. Go get him true believers.

Me: With pleasure Stan. EXCELSIOR!

Stan Lee: EXCELSIOR!

We went back to Earth and deployed the U.S.S. Valor and we then set out for the Andromeda Galaxy.

---

Captain's Log, Stardate 2504.6, Emergency Report: The Guardians of The Galaxy came to us for help to destroy the ruthless galactic persecutor Ronan the Accuser. In his possession is the Power Infinity Stone and he plans to use the stone to destroy the entire planet of Xander in the Andromeda Galaxy. Our mission is to kill Ronan, take the Infinity Stone and make sure it doesn't fall into the wrong hands ever again.

Me: So Peter, I take it that Xander has had a lot of problems with Ronan.

Star Lord: Yes. Ronan the Accuser is a monster. He hates all things evil with a terrible vengeance and he kills innocent people for no apparent reason except in the name of justice.

Lola: That freak is a monster that deserves only death.

Me: And he will get it.

Laney: Why does Ronan have the Infinity Stone?

Me: I know why. He was sent to get it for the ruthless universal conqueror Thanos.

Starfire: Thanos!? That monster!?

Raven: I've heard a lot about Thanos. He wants to use the power of the Infinity Stones to balance the universe.

Me: Great. He's another Xehanort. We have to destroy him at all costs.

Luna: Yeah.

Lynn: We can't let the Infinity Stones get into his hands.

Me: And we'll make sure of it.

Luan walked over to Gamora who was looking outside the window into the stars.

Luan: You alright, Gamora?

Gamora: Not really. I'm just thinking about my sister, Nebula.

Luan: Isn't she still working for Thanos?

Gamora: Well, yes. But I'm still hoping I can get her to see that she's working for the wrong side.

Luan: Well, don't worry. If there's a chance that Nebula can change, then I'll help with that.

Lensay: Poo poo.

Luan: Lensay agrees.

Me: Drax I heard that Ronan killed your family.

Drax: Yes. Ronan killed my entire family and I will have my revenge on him.

Me: You deserve it. Normally vengeance goes against everything that I believe in but in this case I'm more than willing to make an exception.

Drax: You would help me get my revenge?

Me: I would. Ronan has plagued the entire universe for too long and he will pay. (My eyes glow red)

We then arrived at the planet Xander.

Me: There it is. Planet Xander.

We saw a huge ship in orbit above the planet.

Varie: That's a big ship.

Star Lord: That's Ronan's ship the Dark Aster.

Me: And he'll be ready for us. All hands Red Alert! Man your battle-stations!

The alarm sounded and we were ready.

Me: This is it guys. Nathanial you are in command of the ship. The rest of you come with me.

Nathanial: You got it grandpa.

Me: Lets roll!

We went down to the planet and saw Ronan killing lots of people. We were flying above the surface.

Star Lord: Lets distract him Eddy. I have an idea.

Eddy: Okay.

They went down and confronted him and did a weird dance. It was working and it distracted him long enough for us to swoop down and

I punched Ronan in the face and he crashed into a wall.

CRASH!

Ronan got up and he saw us ready to fight.

Me: Ronan the Accuser I presume?

Ronan: That's right. J.D. Knudson. You have made quite a name for yourself and your achievements have made it to me.

Me: You will pay for everything you've done.

Ronan: Everything I've done has always been in the name of justice.

Me: What you call Justice in your eyes is what I call in mine cold-blooded murder. You are nothing more than a ruthless monster that needs to be destroyed. You will pay for your crimes!

I go Super Angel 10,000 and Nico goes Super Saiyan 3.

Ronan: We'll see. Sakaaran's kill them all!

Me: Lets get them!

(Forsaken by Within Temptation plays)

We went at the Sakaaran's and Ronan and it was a vicious and savage fight.

Eddy was firing light blasts at the Sakaaran's and Star Lord had his blasters and was firing at them. Killing them.

Eddy: Lets use our combos Peter.

Star Lord: You got it Eddy.

Eddy fired a blast of blue light and Star Lord fired his blasters.

Eddy and Star Lord: COSMIC LIGHT SHOWER!

The blue light split into multiple laser beams and they skewered some of the Sakaaran's and killed them in an instant.

Pohatu carries Tahu in front of some of Ronan's goons.

Pohatu had brown hair and orange eyes, his claws were on his hips and he was wearing a brown Scotsman uniform and brown plaid kilt and brown pants.

Pohatu: Get help! Please! My brother's dying! Get help! Help him! (throws Tahu at the goons, knocking them down)

Maria: Now Pohatu and Tahu are doing the Get Help ploy?!

Carmen: I know! Isn't it amazing? I've started a new combat tactic!

Tahu (gets up): Let this be the only time I participate in this ploy.

Maria: Agreed.

Maria and Carmen fired water and fire at the Sakaaran's.

Tara was throwing numerous earth spears and killing the Sakaaran's. Then a beautiful alien girl with antennae came and she was knocking them out with a touch.

Tara: That was cool!

Mantis: Thanks. I'm Mantis.

Tara: Pleasure. I'm Terra, but my real name is Tara Markov.

Mantis: Pleasure.

Tara: Lets take these monsters down with a combo.

Mantis: You got it.

Tara threw numerous rocks and mantis was on one with her fists out.

Tara and Mantis: SEISMIC EARTH SMASH PUNCH!

Mantis was punching the Sakaaran's and the rocks smashed their faces in and killed them.

Mantis: That was so much fun!

Tara: Thanks Mantis.

Drax was slashing apart some of the Sakaaran's with his blades and Spiderman was webbing them and punching and kicking them with his web and martial arts moves.

Drax: You are good Peter.

Spiderman: Thanks Drax. Lets use our combo on them.

Drax: You got it.

Drax handed Spiderman one of his knives and they joined hands and ran with incredible speed.

Spiderman and Drax: SPIDER DESTROYER SHISH-KABAB!

They skewered multiple Sakaaran and killed them.

Drax: That was awesome! Great combo.

Spiderman: Thanks Drax.

They high five.

Edzilla and Groot were destroying numerous Sakaaran's. Groot was using his root powers and Edzilla was smashing them to pieces.

Edzilla: Lets use combo!

Groot: I am Groot!

Edzilla went at the Sakaaran's and Groot formed numerous roots that grew at a rapid level.

Edzilla and Groot: NATURE'S DRAGON SMASHER/I AM GROOT!

Edzilla turned into a dragon of leaves and wood and flew at the Sakaaran's and skewered and stabbed and obliterated a number of them in an instant.

Edzilla: That awesome!

Groot: I am Groot.

Luan and Lensay were firing powerful light blasts at the Sakaaran's and they were vaporizing them in an instant. Gamora was slashing them with her sword and blasting them with her blaster. They were killing them all over.

Luan: Lets use our combo Gamora.

Gamora: Right.

Luan fired a blast of red light, Lensay fired a blast of green light and Gamora fired a plasma blast from her blaster.

Luan and Gamora: SOLAR LIGHT INCINERATOR!

The blasts became a huge stream of Solar Plasma and incinerated some of the Sakaaran's instantly. The radiation from the blast burned some of them really badly and it was enough to kill them.

Luan: That was awesome!

Lensay: Poo poo! (Raspberries)

Luan: You tell them Lensay.

Gamora: They were no match for the most Dangerous Woman in the Universe.

Luan: You said it Gamora. Anybody that messes with you is already in Danger. (Laughs to Rimshot) Get it?

Gamora: (Laughs) I get it.

Yondu was helping us. Kevin was WarKevin and he was firing repulser blasts and missiles. Yondu was using his arrow.

Yondu: Lets use our combo Kevin.

Kevin: You got it dude!

WarKevin fired his blasts and Missiles and Yondu fired his arrow.

WarKevin and Yondu: EXPLOSION ARROW BARRAGE!

The blasts became arrow blasts and they blew apart some of the Sakaaran's in an instant in powerful flaming explosions.

Kevin: That was awesome!

Yondu: You got a good edge on you Kevin.

Kevin: Thanks Yondu.

Rocket Raccoon was firing numerous blasts at the Sakaaran's from his blasters and Edd was now Iron Boy and he was firing lasers at them.

Edd: Lets fire our combo attack at them.

Rocket: You got it Double D.

They fired their blasts.

Edd and Rocket: BLACK MATTER OBLITERATOR!

The blasts became a black ball of 4th dimensional matter and sucked in some of the Sakaaran's like a small black hole and then it vanished.

Edd: That was an amazing attack!

Rocket: It sure was. We made a good team Double D.

Edd: We sure do.

Now it was the fight with Me and Nico facing Ronan.

Me: Lets get him.

I form a war hammer made of pure fire.

Me: Before I used the sword I was a user of the war hammer.

Nico: Nice.

Me: Let me face him first and then you get him.

Nico: Okay.

Varie protected much of the city in a powerful force field.

Me: Lets dance.

We went at each other and we swung our hammers and when the heads hit each other it released a massive and explosively powerful shockwave of pure fire and energy.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it shook the planet. Luckily the force field was holding.

Me: Wow! What power!

Ronan: You haven't seen anything yet!

Ronan fired energy blasts from his hammer and I dodged them and fired energy blasts at Ronan. They exploded with incredible power.

KABOOOMMM! KABOOOOOMMM! KABOOOOM! KABBBBOOOOOOOOOMMM!

I went at Ronan and punched him in the stomach and kneed him in the face and kicked him in the chest. I flipped over him and kick him in the back. He got up and went at me and he punched at me but I dodged it and we ran. He fired a purple energy blast from his hammer and I fired an energy blast and the blasts collided and exploded in a massive fiery line of powerful explosions.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMM!

I form another war hammer and I hit him in the stomach with incredible power and it sent him flying. He rebounded and I teleported and we both fired energy blasts at each other. We dodged them all and they exploded all over the place.

KABOOM! KABOOOM! KABOOOOOMMMM!
KABOOOOOOOOMMM!

Laney: Unbelievable!

Lola: What power!

I punched Ronan all over the place and kick him in the face and send him crashing into the ground.

Me: Nico lets use our combo on him.

Nico: You got it.

I charged up a Special Beam Cannon.

Me: SPECIAL BEAM CANNON!

Nico: TRI BEAM!

We both fired our techniques and they combined.

Me and Nico: SPECIAL TRI CANNON!

Ronan saw the blast coming.

Ronan: This won't stop me!

He swung his hammer and when it hit the blast the hammer exploded and shattered into a million pieces.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM

The explosion blew him into the wall and he was down. He got up and Drax went at Ronan and he viciously punched and pulverized him at a merciless and powerful rate. He was going to make sure that Ronan pays for the death of his family.

Ronan was down but not out.

I pick up the Power Infinity Stone and got an incredible and massive increase in power and Ronan was now shocked and fearful.

Ronan: (scared) What the heck are you!?

Me: I've been asking myself the same question for years.

My eyes are glowing purple and the sclera are black.

Me: But I am more than just a human. I am a god among man. Immortal, invincible and all powerful. And you Ronan are dead. Go to Hell and stay there!

I fire a blast of purple energy at Ronan and he explodes with incredible power. He was completely obliterated in an instant.

The terror of Ronan the Accuser had been silenced forever.

It was all over. Everyone cheered for all of us including the Guardians of The Galaxy. We later went back to Earth.

On the U.S.S. Valor I decided to send a message to Thanos.

Onewa had Arabic clothes on and they were black.

Nuju was dressed as a white eskimo.

In another part of the Universe, Thanos got my message. I warned him that we will be coming for him in the future and we will make sure that he pays for everything he has done. And we promised to make sure that Thanos never gets his hands on the Infinity Stones.

Me: Thanos, remember this: As long as we are alive and living you will never possess all of the Infinity Stones. I swear it!

The stage was set for when we face Thanos. Mantis was made an official member of the Guardians of The Galaxy. We put the Power Infinity Stone in the safe with the Reality Infinity Stone. We also found out that the Space Infinity Stone, the Blue one was also the Cosmic Cube. Who'd have thought? The Dark Aster was now one of our ships for our own use for later.

THE END

Another Fanfiction Complete.

Guardians of The Galaxy was an awesome movie from 2014 and it was amazing! Marvel Comics made a great movie. Chris Pratt, Zoe Saldana, Dave Bautista, Vin Diesel, Bradley Cooper, Lee Pace and Michael Rooker did a great job in that movie back then. NicoChan11 gave me the ideas for this chapter. Thanks for that man as usual. Also this chapter was made to be a tribute to the great Stan Lee, the legendary creator of Marvel Comic Books. He died earlier this week at 96 years old. But we are going to keep his memory, legacy and spirit alive by having him make cameos and small appearances in chapters for Marvel Comics.

RIP Stan Lee - October 28th, 1922 to November 12th, 2018.

EXCELSIOR!

Thank you for making us True Believers Stan.

Let me know what you all think.

See you all next time.

# The Mystery of Cyberspace

It starts at a computer lab in a college university in Gotham Royal York. A college professor and a student we're working and Mystery Inc was there too.

Fred: Thank you for inviting us over Professor Kaufman.

Professor Kaufman: (German Accent) It was my pleasure Fred.

Suddenly a machine activated all on its own and fired a ray from it and it hit Mystery Inc and beamed them into cyberspace.

Professor Kaufman: What happened?

Eric: The machine activated on its own! It beamed them into my new and improved game!

Professor Kaufman: We're gonna go get some help!

---

At the estate we were relaxing when I got a call on the telephone.

Me: (Answers) Hello? (Phone Garble) Oh hello Professor Kaufman. (Garbles) What!? Oh man! We'll gladly help out Professor! You called the right people. (Hangs up) Guys we've got big trouble!

I explain what went down.

Lincoln: The Mystery Inc gang is now in Cyberspace!?

Lori: How did this happen!?

Me: I don't know. Professor Kaufman and his student Eric are on their way over now.

The doorbell rang 10 minutes later and I answered the door.

Me: Professor Kaufman. Glad you could come. (To Eric) And you are?

Eric: I'm Eric Staufer. It's an honor to meet you J.D.

Me: You too Eric.

We go into the Simulator Room and Professor Kaufman explained what's going on to us.

Me: So our friends of the Mystery Inc. Gang were beamed into your revised computer game Eric?

Eric: Yes and I know who's responsible for this.

Professor Kaufman: As do I. It's our former student Bill McLemore.

Me: The creator of the Phantom Virus?

Eric: Yes.

Me: But isn't he in prison?

Professor Kaufman: Yes. We sent him to prison for creating the virus. He was sent to federal prison for 50 years as a result.

Laney: But in federal prison he shouldn't have any computer activity.

Me: Somehow he must've gotten a computer passed the guards.

Nico: We'll have to pay him a visit to teach him a lesson he'll never forget.

Me: You read my mind Nico. We'll use the Simulator to go into Eric's game and help them.

Eric: I have a feeling I know what you're about to do.

Professor Kaufman: As do I. Be careful.

Me: Will do.

We all go into the Simulator and Eric and Professor Kaufman hooked up the computer to the Simulator.

The Simulator activated and we were in the first level of Eric's Game.

## LEVEL 1: CARBONIFEROUS PERIOD - 10,000 VOLT GHOST

We were in the Carboniferous Period.

Me: Wow!

Lincoln: This is incredible! We're in Eric's Game. I've always wanted to see what cyberspace is like.

Lisa: It's a magnificent marvel. But it feels like we're actually in another world and another time in history.

Nicole feels the plants and they looked and felt real.

Nicole: The plants feel real.

Laney: They sure do. Where is the first level at?

Me: Believe it or not guys, the first level takes place in the Carboniferous Period back 350,000,000 years ago. These are the Coal Swamps of the Carboniferous.

We were in a prehistoric swamp. The humidity levels were at 100%, the oxygen levels were at 30% and the temperature was 68 degrees Fahrenheit.

Lori: This is all literally amazing!

Lana: So this is what the world was like back then.

Huge bugs were everywhere.

Lola: EW! These bugs are gross! And you weren't kidding when you said they were this big back then.

Laney: No kidding.

Aylene: Yeah. But this is all amazing.

Earth: Yes. This is what the continents looked like back then.

Earth formed her continents in her hair to what they were back during the Carboniferous Period.

Lila: Strange.

Lincoln: I didn't know you can do that Earth.

Earth: I've been around for 4.6 Billion years Lincoln.

Everyone: WOW!

Lincoln: That's amazing!

Lori: It literally is.

Me: Well lets find our friends.

Velma screamed in the distance.

Me: Looks like we won't have to look very far. Come on!

We ran into the forest and we found Velma waist deep in quicksand and Fred, Daphne, Shaggy, Crystal, Scooby and Amber trying to reach her.

Me: Hey guys!

They saw us.

Fred: J.D., guys are we glad to see you.

Me: Same here Fred. Hang on Velma.

I fly over to her and I grabbed her hand and pulled her out.

Me: Are you all right Velma?

Velma: Yes thanks to you J.D.

Me: You're welcome Velma.

We land with everyone else.

Me: Professor Kaufman and Eric informed us about what happened.

Fred: Yeah. How did you guys get in the game?

Laney: Eric hooked up the game to our simulator and we went into the game too.

Daphne: We actually went into a game like this before.

Lincoln: This happened to you before?

Fred: It sure did. Bill created the Phantom Virus and beamed us into Eric's previous version of the game.

Lucy: We were told about that.

Me: Somehow he managed to get a computer passed the guards in the federal prison and did this to you to get revenge on you.

Daphne: That's awful!

Varie: We're gonna pay a visit to him later and teach him a lesson he will never forget.

Fred: Good idea.

Scooby: Reah. Rhat a rerk.

Me: You said it Scooby.

Suddenly we heard what sounded like electrical buzzing and we saw the first boss of the game: The 10,000 Volt Ghost.

Laney: Whoa! It's a monster made of pure electricity!

Fred: That's the 10,000 Volt Ghost!

Lincoln: He looks like he's too hot to handle.

Me: I remember him. He was really the Winterhaven Electrical Power Plant worker Mr. Voltner. He and the former Mayor of the town Mayor Dudley worked together to buy the land of the entire town cheap so they can make a huge profit off the land.

Fred: That's right.

Lynn: How do you know that J.D.?

Me: I've been all over the planet with Mystery Inc and I was with them when we were in the town of Winterhaven.

---

Me: (Narrating) Winterhaven is in northwestern Idaho near the Canadian border and is a perfect place to go skiing and it gets really cold there. When we set out to capture the 10,000 Volt Ghost, I used my lightning powers to overload the suit Mr. Voltner was wearing and it shorted out and burned up. We arrested him and Mayor Dudley afterwards. They were sentenced to 20 to 30 years in prison.

FLASHBACK ENDS

Lincoln: Wow! That's amazing!

Lucy: We can get this guy.

Me: Yep. Fred did you find the box of Scooby Snax on this level?

Fred: Yes. It's right over there. (Points to a rock in the middle of a swamp lake)

Lola: It's on the middle of a swamp lake.

Lana: I can get it while you distract him.

Me: Good idea Lana.

Lana dove into the swamp and swam for the snacks.

I fired my lightning powers and it hit the ghost.

Lincoln: Linka, Gabrielle, Nico lets use our combo on him.

Gabrielle: (British Accent) You got it Lincoln.

Nico: Right behind you buddy.

Linka: Lets get him.

Lincoln, Linka and Gabrielle fired a blast of lightning and Nico used Electro's powers and fired lightning as well.

Lincoln, Linka, Gabrielle and Nico: SATURNIAN SUPERBOLT DESTROYER!

The lightning blasts combined and they became a huge lightning bolt and it hit the 10,000 Volt Ghost and then he exploded and was reduced to burning ashes in an instant with lightning that was 10,000 times more powerful than Earth's.

Earth: Lincoln that was awesome!

Lilly: It sure was.

Arista: That was amazing!

Atina: Well done Linky.

Lincoln: Thanks girls.

Me: Great job buddy.

Fred: Your powers have come a long way.

Laney: Lets not give him a swollen head guys.

Me: True.

Lana: Hey guys! I got the snacks!

Lana had the box of Scooby Snax.

Me: Great job Lana!

Then we went to the next level.

We arrived at Level 2 and we saw numerous dinosaurs of different types, different plants, some erupting volcanoes and a whole different landscape.

Me: Wow! Look at all the dinosaurs.

Aylene: Oh wow! It's like we're back in the Land Before Time.

Nicole: This is the Jurassic Period.

Me: We're in the second level and it takes place in the Jurassic Period 150,000,000 years ago.

Lincoln: This is amazing!

Lucy: Wicked.

Shannon: I've always wondered what the world of the Dinosaurs was like.

Lola: Same here. J.D. and Aylene told us about what the world of the dinosaurs was like.

Lila: True.

Fred: This is amazing. The first level of Eric's game was the Age of The Dinosaurs as well.

Linka: It's breathtaking.

Fu: We were there with Aylene and her friends to help her.

Lincoln: I remember that.

Sakura: That's amazing!

Me: It was Sakura. It was an adventure we'll never forget and that was where we met Aylene and friends.

Daphne: That's amazing. I'll bet it was an epic adventure.

Lori: It was Daphne.

Lisa: Lets focus on the matter of hand. According to my digital tracer, the box of appetizing energizing treats; street name: Scooby Snax is on the ledge of that cliff in a Pterodactyl Nest (Points to a nearby cliff)

The cliff was a really tall one.

Me: All the way up there huh?

Vince: (Whistles) That's a long way up.

Me: But lets get it.

Suddenly we heard screeching and we saw flying in the sky a strange humanoid pterodactyl. It was the PTERODACTYL GHOST!

Me: That's a strange pterodactyl.

Velma: That's the Pterodactyl Ghost!

Me: I remember him. That's actually Jonathan Jacobo.

Luan: What did he do?

Me: He scared off visitors from Big Canyon in New Mexico so he can do a Music Piracy Operation.

Leni: Are there pirates in music?

Luna: No dude. Music Piracy is where they copy and distribute music illegally.

Lisa: Exactly 3rd elder sister.

Me: You know how you see those FBI warnings at the beginning of video tapes?

Luan: Yes.

Me: Piracy is a federal offense it can land you in prison for 5 to 25 years and fined $250,000.00.

Lori: That's big.

Me: Not as big as other crimes.

Lori: Matau, you and I will distract him.

Matau: You got it Lori.

Bobby: Be careful babe.

Lori: I will Boo-Boo-Bear.

Lori and Matau flew into the air and went at the Pterodactyl Ghost.

Me: Lets go!

We went after the Scooby Snax.

Matau flew around the Pterodactyl Ghost and made him dizzy and Lori fired a big blast of wind and sent the Pterodactyl Ghost spinning.

Lori: Lets use our combo Matau!

Matau: You got it Lori!

Lori fired a huge blast of wind and Matau fired a massive blast of wind as well.

Lori and Matau: NEPTUNE WIND CYCLONE!

The winds combined and blew at 1,340 miles per hour. They obliterated the Pterodactyl Ghost in an instant.

Lori: Wow! J.D. wasn't kidding! Neptune's winds are literally incredible!

Matau: They sure are. I had no idea they were that powerful.

We got to the nest and Shaggy grabbed the Scooby Snax.

Shaggy: Like, I got the snax!

Me: Great job Shaggy!

Then we went to the next level.

---

We were at the longest and deepest canyon in North America: The Grand Canyon.

Me: The Grand Canyon in Arizona.

Sam S.L.: It's beautiful.

Vince: I can't believe it's this breathtaking.

Carol: You said it Vincey.

Me: It's 277 miles long, 18 miles wide and 6,093 feet deep. It took 18 million years to form this magnificent canyon and is one of the 7 natural wonders of the world.

Earth: That's right.

Lana: Aw.

Lori: This place is literally amazing.

Daphne: The Grand Canyon is so amazing.

Lucy: Where's the box of Scooby Snax?

Me: Lets see.

I look around and saw something that was completely out of the ordinary at this level. I saw a flagpole in the middle of a Native American Indian Fort.

Me: That flagpole doesn't belong there. The snax are in that Indian Fort.

Fred: Then that's where we're heading.

We then heard roaring and we saw THE DEVIL BEAR!

Scooby Doo: Rhe Revil Bear!

Me: The Devil Bear! I remember him. He was really the electrical assistant of Professor Jeff Carver archaeology team. He wanted to steal all the treasure he found for himself.

Laney: What a thief.

Riley: Yeah.

Me: Laney, Riley you hold him off while we go for the snacks.

Laney: Right!

Riley: Lets get him!

They went at the bear while we went for the snacks.

Laney used her plant powers and slammed the bear all over the place. Riley formed a cactus rifle and blasted the Devil Bear in the head and the butt and it hurt bad. He yelped and roared in pain and Laney formed bramble vine whips and they lashed the Devil Bear.

Laney: Lets use our combo Riley.

Riley: You got it Lanes.

Laney formed a bunch of vines with cactus balls on the ends and Riley formed a cactus cannon.

Laney and Riley: CACTUS SLAMMER SURPRISE!

The cannon fired a giant cactus ball and the cactus vines and cactus balls slammed onto the Devil Bear and crushed him.

Laney: Ouch.

Riley: That must've really hurt.

Fred grabbed the snacks by the flagpole and we went to the next level.

The level was now Fort Knox. We were inside the vault that holds all the gold reserves.

Me: We're in Fort Knox.

Lola: Look at all this gold!

Lana: There's a lot of it.

Lila: There sure is.

Ghostly moaning was heard and we saw 3 ghosts. It was the STRAWBERRY, VANILLA AND CHOCOLATE TECHNICOLOR PHANTOMS!

Velma: Jinkies! The Strawberry, Vanilla and Chocolate Phantoms!

Me: They represent the three most popular flavors of ice cream. I love Neapolitan Ice Cream just as much as anyone else but this is too much.

Laney: What were they known for?

Fred: They were really bank robbers that were lead by Sammy the Shrimp, the cleverest hijacker in the country.

Me: I've heard about him. He and his henchmen stole an armored car and disguised it as an ice cream truck.

Laney: Very clever.

Lori: The Scooby Snax must be buried in the gold.

Lana: We'll hold em off!

Lila: Lets get them!

Nokama: Yeah!

Me: Okay!

We went out to search.

Varie: Very strange.

Nicole: Lets get him girls!

Sakura: You got it Nicole!

Shaggy: ZOINKS! It's the 2,000,000-year-old Caveman from Oceanland!

Me: Incredible! He's a very powerful part of our evolution!

Lisa: Indeed. He's a Homo Erectus, the step in our human evolution before Neanderthals.

Me: He's a full fledge Pleistocene Caveman.

The Caveman roared and tried to bash us with his club and Lynn kicked him in the face and sent him crashing into a rock.

Lynn: He's really tough but he's worth the challenge.

Me: Fred what was this caveman known for?

Fred: He was really Oceanland Marine Researcher Professor Wayne. He dressed up as the Caveman to steal Professor Ingstrom's invention. A Marine Life Communicator.

Aylene: That sounds like an interesting device.

Lincoln: Sounds like it.

Me: He has the Scooby Snacks in the cave behind him.

Lynn: Anna, Carol, Woody, lets get him!

Carol: You got it!

Lynn punched the Caveman in the stomach and Carol kicked him in the face.

The Caveman tried to swing his club but Woody Woodpecker flew over and pecked his club into sawdust.

Woody: Guess who? (Trademark Laugh) You are one ugly caveman! (Pecks the caveman's head)

Anna was punching the caveman in the face and stomach and she kicked him in the face and knocked out some of his teeth.

Anna: Lets get him with our combo girls!

Carol: Right.

Anna fired a blast of lava, Carol fired Godzilla's atomic ray, Woody flew at the caveman and Lynn fired a blast of lava.

Anna, Lynn, Carol and Woody: VOLCANIC ATOMIC SPEAR PECK!

Woody was enveloped in a lava suit and he turned into a sparrow with a spear beak made of radioactive lava.

The bird speared the Caveman and incinerated him in an instant.

Lynn: That did it!

Woody: Oh boy! That was awesome!

Carol: It sure was Woody.

Me: I got the Scooby Snacks!

We then went to the next level.

## LEVEL 7: THE WHITE HOUSE, WASHINGTON D.C. - THE GHOSTS OF GEORGE WASHINGTON AND ABRAHAM LINCOLN

We were in the White House.

Me: We're in the White House in Washington D.C.

Naruto: Wonder what we're doing here.

Me: It's part of the game.

Ghostly moaning was heard and we saw the GHOSTS OF GEORGE WASHINGTON AMERICA'S 1ST PRESIDENT AND ABRAHAM LINCOLN, AMERICA'S 16TH PRESIDENT!

Velma: Jinkies! It's the ghosts of George Washington and Abraham Lincoln!

Me: Two of America's greatest presidents. George Washington was one of America's founding fathers back in the 1700's.

Jessie K.: And Abraham Lincoln or Honest Abe as he's called was the one who ended Slavery.

Me: Yeah. My ancestral uncle was Abraham Lincoln's best friend.

Abraham Lincoln's Ghost: And who are you young man?

Me: My name is J.D. Knudson and I am the Great, Great, Great Grandnephew of Charles Sumner, senator of Massachusetts during yours and James Buchanan's Presidency.

Abraham Lincoln's Ghost: So you are. I take it you know about his assault.

Me: Yes. Senator of South Carolina Preston Brooks assaulted him back in 1859. Preston Brooks wanted slaves to remain as slaves where Charles Sumner wanted Slavery to be abolished.

Abraham Lincoln's Ghost: Yes you are correct. Do you know how I died?

Me: I sure do. You and Mary Todd Lincoln were at the Ford Theater and John Wilkes Booth shot you in the back of the head with a Derringer Pistol. He jumped down onto the stage from your balcony and yelled the infamous phrase "Sic Semper Tyrannis."

Lana: What does that mean?

Me: It's latin for Thus Always to Tyrants. It was first used when Julius Caesar was killed by Brutus over 2,000 years ago. Everyone at the theater thought it was part of the play but when everyone heard the news it was a shock to the country. They hunted down John and found him 12 days later at a rural farm in Northern Virginia. Union Soldier Boston Corbett shot and killed him and burned the whole barn to the ground. The eight conspirators who helped him were arrested. John Wilkes Booth killed President

Lincoln because he wanted Slaves to be Slaves forever. Four of his helpers were executed by hanging and the others were condemned to prison for the rest of their lives.

Lincoln: That's really fascinating. I didn't know that you were related to a historical senator.

Me: It's a long history. Velma when you encountered the Ghosts of 2 of America's Greatest Presidents who were they really?

Velma: They were really the Ambassador of Klopstokia and his wife. They were trying to steal secrets from the United States of America.

Me: An espionage plot.

Jessie K.: They were like the Rosenberg's.

Carol: I've read a lot about the Rosenberg's. Back in the 1950's during the Cold War, they were arrested for stealing secrets on America's nuclear weapons designs and transmitting them to Russia. They were spies.

Jessie K.: That's right and they were executed back in 1953.

Me: Good riddance to bad rubbish. 65 year rubbish.

Lincoln: Yep.

Abraham Lincoln's Ghost: Yes indeed. You are indeed great people for our country but I'm afraid we have to make sure you don't get the item behind us.

Me: We can try Mr. Presidents. Jessie, Roxanne, Lets get them.

Roxanne: With pleasure come on guys!

Ramon: Right!

Lori's kids came and we went at them while Shaggy went for the Scooby Snax.

Lori's kids dealt numerous punches and kicks to them and pulverized them. Jessie K. punched Abraham's ghost in the face and kicked Washington's ghost in the stomach and I did the same.

Me: Lets use our combo guys.

Jessie K.: Got it dad.

Jessie and Lori's children fired a huge blast of wind and I fired a blast of light.

Me, Jessie K. and Lori's children: AURORA WIND CUTSTORM!

The blasts combined and became a razor sharp curtain of light and it cut the ghosts into pieces.

Shaggy: Like, I got the snacks guys!

---

The final level was in the home town of Mystery Inc: Coolsville.

Me: So the final level is your home town, Coolsville.

Fred: Yes. This is the toughest level of all.

Shaggy: But like the cyber food is great!

Scooby: Reah.

Naruto: This is gonna be interesting.

Sakura: It sure is.

Sasuke: I hope we make it out of this all right.

Me: We will Sasuke.

?: Let us help you all.

3 figures arrived. It was Sam Flynn, Quorra and Kevin Flynn.

Lola: Sam Flynn, Quorra and Mr. Flynn!

Quorra: It's great to see you again Lola.

Lola: You too Quorra.

Sam F.: It's a pleasure to meet you J.D.

Me: You too Sam. I've heard so much about you.

Sam F.: It's mutual.

Kevin F.: It's an honor to meet you J.D.

Me: You too Kevin.

?: Looks like we have a reunion.

We turned and saw a man that was dressed in glowing orange clothes and he looked like a younger version of Kevin Flynn.

Me: Who are you?

Kevin F.: That's a program I created. His name is Clu.

Me: Another computer virus. What does this one intend to do?

Kevin F.: He wants to invade Earth so he can enslave the users.

Lola: He wants to destroy all of us!

Me: That's insane! We use computers for our every day use and that's the ultimate fate worse than death!

The Phantom Virus appeared. He was a humanoid made of pure electrical energy.

Me: So you are the Phantom Virus!

Phantom Virus: That's right and I'm ready for you all. Mystery Inc. I will have my revenge on you for locking up my creator.

Velma: He deserved to be locked up!

Crystal: He must pay for his crimes in prison!

Amber: He deserved it too!

Me: And now we will stop you both once and for all.

C.L.U.: The Phantom Virus isn't the only one who can summon backup. COME TO ME, MY REVENGE SQUAD!

Long shadows began to come to C.L.U. and the Phantom Virus' aid, and then figures began emerging from them, like they were waiting for his signal. The Redemption Squad recognized the figures coming from the shadows. They were the deadliest enemies of their Rogues' gallery.

Electro appeared in a bolt of lightning and smirked at Elena, electricity sparking around him. Ebon came out of a shadow portal, glaring at Rubberband Man. Freddy Krueger appeared from a burst of fire and waved at Ace mockingly with his clawed hand. Madame Rouge laughed sadistically as she increased the size of her fist to humongous proportions. Hydro Man emerged from the water and formed giant, aquatic fists. Morgana also came out ouf the water and smiled at Frightwig menacingly. X.A.N.A., in the form of William's Dark Lyoko form, took out his sword with the Blok, Kankrelot, and Krab appearing by his side. Shiv cackled insanely as he turned his arms into light blades. Sabertooth readyed his claws and and snarled, hatred gleaming in his eyes. Leonard the Pig King landed on the ground with a huge thud and laughed evilly. Atrocitus came out of a blood red portal and pointed his Red Lantern Ring at Bleez. Pennywise honked his big red nose and glowered at Breach. Pyro created flames from his hands as he grinned at Lea evilly. Skulker phased out of the ground and got his weapons out. Bane punched the ground, causing huge cracks to appear in the ground. Xehanort appeared out of a dark portal and brandished Keyblade. Firefly landed and aimed his heat lasers at Francis. Vulture flapped his wings and landed next to Electro. Lizard hissed in hostility and whipped his tail around. Sixsix flew above them, pointing a finger accusingly at Stalker. Riot snarled viciously and roared, his tongue sticking out of his mouth. Evil Stewie stared at Stewie with an evil grin, his blaster at his side. Vexen walked out of a portal of darkness, summoning his shield and aiming it at Killer Frost as ice crystals gather around him.

And last, but most definitely not least, was Dark Danny, flying down to the ground in front of the group of villains with maniacal laughter.

Dark Danny: HAHAHAHAHAHAHAHAH! Oh, Knudson, this is going to be fun! Just think of the ways I can kill you and your friends here! It's going to be an amazing experience. For me at least!

Me: It's every single bad guy we've beaten!

Inque: I didn't expect to see so many villains.

Lincoln: Me neither.

Maria: We beat these jerks before. And we can do it again!

Ben: This Revenge Squad is just like what me, Gwen and Grandpa Max faced in my dimension.

Me: What was that Ben?

Ben: They were called the Negative 10 and they were some of my most dangerous enemies. Their leader was a member of the Forever Knights named Driscoll. He was a rogue Plumber that became the leader of the Forever Knights. He and his assistant the Forever Ninja formed the Negative 10. The members were the Circus Freaks, Sublimino, Charmcaster, Rojo, Clancy and Dr. Animo.

Frightwig: That's right. I was a member of the Negative 10.

Me: So they were your version of Spiderman's Sinister 6.

Ben: That's right.

Me: This is gonna be the ultimate fight. Fred you take the gang into the Arcade and get the last box of Scooby Snax. We'll hold them off while you do.

Fred: But what about you guys?

Me: We'll be fine. Just go!

Mystery Inc avoided most of the villains as they tried to rush at the Phantom Virus. Suddenly, Freddy Krueger appeared in front of them in a burst of fire.

Freddy Krueger: Sorry, Mystery Inc. But this is the end of the line for you! (about to slash at them)

Suddenly a boulder came at Krueger and knocked him to the ground. Mystery Inc turned to see that Ace had thrown the boulder with her powers.

Ace: I'll take care of him. You guys just focus on getting that Box of Scooby Snacks!

Daphne (grateful): Thanks, Ace!

Ace: You're welcome Daphne.

Me: Lets power up guys!

We transformed and got ready.

The Phantom Virus and Clu fled into the arcade. Mystery Inc was about to follow them, then hesitated, glancing back at their friends. They couldn't just leave them here-

Maria (fighting against Hydro Man): Guys! You do what you need to do! We can fight these villains!

Mystery Inc stared at Maria for a second, her words reaching through the cloud of doubt. They nodded and then ran after Clu and the Phantom Virus, determined to win this battle.

Venom (punches Bane): Scream! You, Lasher, Phage, and Toxin go help Mystery Inc get that Scooby Snax Box!

Scream: What about you?

Venom (webs Bane up): Don't worry. We'll be fine!

Kraven (throws knife at Skulker): Calypso, go help Mystery Inc! Me and the others will handle things here!

Calypso: Are you sure?

Kraven: I'm sure. After all, I have fought Skulker before.

Fuzzy (to his nephews as he punches Lizard): Boys, you go help Mystery Inc beat those viruses!

Cuzzy: What about you, Uncle Fuzzy?

Fuzzy: Don't worry. Uncle Fuzzy will be fine against Lizard Lips!

Maria waited a moment for Mystery Inc to get out of there before turning back to Hydro Man. Hydro Man was surprisingly well-trained in hand-to-hand combat, holding his own against her. Not to mention that he was keeping his distance from Maria, meaning that she won't be able to absorb him this time.

But Maria wasn't going to let that stop her. Hydro Man was made of water, so she used that to her advantage. Suddenly, she made gestures with her hands, making Hydro Man freeze in place. He then screamed as Maria used her powers to rip him apart water molecule by water molecule.

Maria (to the others): All right, everyone! Mystery Inc's going to handle the Phantom Virus and C.L.U. with Cuzzy, Wuzzy, Scuzzy, Calypso, and the Symbiote Squad's help! So we have to make sure that none of these villains get a chance to interfere! Got it?

Frightwig (uses her hair to slam Morgana to the ground): No need to tell me twice!

Me: You got it. Clu, you are mine.

Clu: So it shall be.

Clu unsheathed a light sword and we both engaged in a powerful sword fight. Sparks were flying everywhere and setting some of the city on fire.

Lea used his Keyblade to slash Pyro's stomach open, making him pale and fall unconscious.

Lea: I gotta admit. Our former buddies are a bunch of pansies.

Mindy: Tell me about it.

Francis used his flamethrower to blast Firefly, causing him to crash to the ground,

Francis: Tell me about it too, Lea! (looks at Venom, who just snapped Bane's neck) For all the trouble that JD and the others get into with these guys, our former pals sure are pushovers.

The Redemption Squad looked at all of the defeated villains.

Elena: I don't mean to jinx us. But that was too easy.

Breach: I agree, Elena. Something isn't right here.

Sandman: I have a bad feeling about this.

Bleez: Wait. I don't see Xana and Xehanort anywhere.

Xion: Riku and William are gone as well.

Cheetah: Xana and Xehanort must've gone after Mystery Inc. And William and Riku probably went after them.

Stewie: Then we better catch up to them.

Suddenly, Stewie dodged a blast from Evil Stewie, who got back up as his injuries healed.

Stewie (shocked): What the deuce?

The Redemption Squad watched as all the villains slowly rose to their feet, now staring at them with malevolent eyes. Electro smiled insanely at Elena as the hole in his chest healed up. Bane snapped his neck in place as he cracked his knuckles. Hydro Man's water molecules reformed his body as he snarled at Maria.

Rubberband Man (uneasily): Ooookay. So, these guys aren't staying down-

Teresa: No duh, Sherlock. The only question is why.

Arpeggio: Hmm. Hypothetically speaking, since Clu summoned these villains, they could possibly be connected to his consciousness, and will only cease their attacks if he and the Phantom Virus are incapacitated.

Killer Frost: In English, please?

Stalker: What Arpeggio is saying is that our former comrades will not stop trying to kill us until Mystery Inc defeat the Phantom Virus and Clu.

Clayface: That means we have to hold out until that happens.

Maria: Mystery Inc will win. We just have to wait for them to get the Scooby Snax Box. ALL RIGHT, REDEMPTION SQUAD, LET'S TAKE EM DOWN!

Velma (sees the arcade): Looks like we're gonna have to battle the Phantom Virus in there again.

Fred: All right. Let's- (a dark portal opened in front of them as Xehanort stepped out)

Daphne: Oh no! Not him!

Xehanort: Mystery Inc. It's true that you've all survived costumed crooks before. But this will be your final battle. Not to worry, though. I'll make sure J.D. Knudson and his friends watch as I rip your hearts from your bodies!

X.A.N.A.: **Don't be too sure, Xehanort.**

Everyone turns to see Xana walking towards them.

X.A.N.A.: A **ll of the Digital Realm is my domain. And this world is no exception. If anyone is going to destroy Mystery Inc, it will be me.**

Xehanort: You? Ending Mystery Inc? (laughs) Please. Unlike you, I have caused all the worlds to suffer with the help of Organization XIII and the Heartless. You're just a computer virus who has only attacked one country, which is France. You don't have the right to destroy Mystery Inc.

Xana (raises an eyebrow): This coming from the old man who lets his lackies d the fighting for him? At least I've personally fough the Lyoko Warriors through my possess victims ocasionally!

As the two villains argued, Mystery Inc tried to figure out a way to get to the Phantom Virus and C.L.U. while evading both of villains in front of them. But before they could come up with a plan, a blast of lightning hit X.A.N.A., knocking him back. Meanwhile, a dark fireball hit Xehanort, knocking him down. Mystery Inc saw William and Riku there.

Fred: William? Riku? What are you two doing?

William: We're helping you guys, Fred. Me and Riku can handle these guys. You just deal with Clu and the Phantom Virus.

Riku (to Scooby): You get that box, Scooby. You've earned it.

Scooby: Rookay, Riku!

As Mystery Inc ran into the arcade, William and Riku got their weapons ready as X.A.N.A. and Xehanort got back up.

Maria (avoids a laser blast from Evil Stewie): Frightwig, take out Sixsix's weapons! Venom, hold off Vulture. Make sure he doesn't attack anyone's weak points!

Evil Stewie fired his flamethrower at Maria, who dodged it. She then formed a ball of water over Evil Stewie and watched as he drowned in it. Maria panted for air as she surveyed the carnage around her, feeling more tired than she ever had in any fight in her life.

Me: Don't give up guys! We've been through tougher situations than this!

Ben because Lodestar and he was using his magnetic powers to scramble some of the villains up.

So far, the Redemption Squad had fought off twenty consecutive waves of enemies, and every time the villains would rise back up, no matter how severe their injuries were. Stewie had vaporised Hydro Man and watched as water pooled together and reformed him.

Breach had used her portals to send Ebon into the sun, only to see him crash back down on Earth almost immediately after. Lea had even sliced off Riot's head at one point, and the evil Symbiote responded by grabbing his head and reattaching it in a matter of seconds.

The fighting just seemed unending, no matter what they did. Even though the other heroes didn't say a word about it, Maria could see the weariness in her friends' movements. Everyone's attacks had slowed, and even Venom was getting tired. They were all getting tired of the constant fighting, and soon, there would be a wave of villains that they couldn't overcome.

A yell of pain shook her from her thoughts, diverting her attention to somewhere behind her. Sabertooth had gotten the upper hand against Kraven, and had him locked in a chokehold. Maria took a deep breath in, collecting herself, and fired a blast of water at the evil mutant, making him let go of Kraven. Kraven got his spear out and threw it through Sabertooth, ripping him in half. Kraven gave a quick nod to Maria, and then turned to help Xion with Vexen.

Maria looked around her. In a moment of anguish, she nearly succumbed to her weariness, but immediately overcame it, standing tall again.

Maria: We'll hold out, guys. Just do what you guys need to do and we'll handle the rest.

William avoided a swing from his old Lyoko sword as it was being wielded by Xana.

X.A.N.A.: **Now what do we have here? Why, that's William Dunbar! Oh, you've grown so much! I knew you being under my command would make you into a fine leader!**

William: You know, I didn't really appreciate you brainwashing me the first time around. And besides, can't you pick a more unpredictable form? I already know my Lyoko abilities inside and out.

X.A.N.A.: **But you haven't been in your Lyoko form for a long**

**time. You only had to rely on your Lyoko friends and J.D. Knudson in order to defeat me both times. And even then, you didn't land the finishing blow. What hope do you have against me now, all alone with no help?**

William: Well, first of all, when you brainwashed me, you had to have the Scyphozoa do it for you. And even then, that was when I was just starting out. You don't have any of those factors on your side this time. Especially since I've grown since then. Two, J.D.'s with me. So do you really think that you have a chance of getting out of this fight alive, especially since you're already sealed in the Book of Vile Darkness? And three- (grins) -I have a much better look then you. Seriously, dark jumpsuits really aren't a good fashion statement.

X.A.N.A. growled and swung his sword at William. But he dodged it and fired a blast of ice from his blaster, freezing X.A.N.A. temporarily. As Xana began to break out of the ice, William's thoughts went to Mystery Inc.

William (X.A.N.A. breaks out of the ice): Hang in there, guys. You can do this.

We were engaged in a savage and brutal fight to the finish. We used combo attack after combo attack.

Venom and Rubberband Man used one called BLACK RUBBER WEBSKEWER on Bane and Ebon and it skewered them both in a black web of pure rubber.

Fuzzy and Elena used a combo called LIGHTNING MEAT DESTROYER on Lizard and Electro. This turned them into shocking meats.

Teresa and Stewie used a combo called SONIC LASER STORM on Vulture and Evil Stewie and they reduced them to dust.

Lea and Kraven used a combo called FIRE LION MASSACRE on Pyro and Skulker and it incinerated them in an instant.

Combo after combo was unleashed on them.

Inque was facing Madame Rouge and she was pulverizing her with extreme viciousness.

Riku clashed Keyblades with Xehanort before the silver haired boy kicked the old man back.

Riku: Did you really think I forgot about what you did to me? You corrupted me into your dark pawn and possessed me! And now you're trying to kill me and my friends again? Haven't you learned from past mistakes?

Xehanort: The only mistake I made was not killing you and Sora when I had the chance. But this time, Sora isn't with you. Are you prepared to meet your end knowing that my allies will kill your friends?

Riku: If you think your allies can defeat my friends, you're wrong! And after spending so much time with JD, I think I can take you on alone.

As Riku charged at Xehanort again, he thought of Mystery Inc.

Riku (fires a sphere of darkness at Xehanort): Come on, guys. Finish those two viruses off!

In the Arcade as Nico was facing the Phantom Virus he was really putting on a workout. He was completely covered in sweat and panting as his energy was almost drained. Scooby then got the drop on the virus and he grabbed the Scooby Snax box!

The Phantom Virus saw this and he knew that his days were numbered.

Clu (angry): I won't be defeated! I've worked so hard lose like this! I won't be defeated! Never! (tries to punch Scooby but his hand faded from his existence) No! No! I can't-can't lose-not like this- (his entire body begins to fade) Curse you, Mystery Inc! Curse-curse- (His voice began losing volume as his chest faded, until all that was left was his head, now floating in air as it stared down at Scooby) Who-who are you? (looks at Scooby as if he was some kind stranger) Who-who am I? Please… I'm so confused… I don't-

And with that, Clu's head faded away.

Maria, Lea, and Rubberband Man stood in front of the unconscious heroes, barely having enough strength to stand. Surrounding them, the Revenge Squad villains leered and snarled at them, all of them looking practically like zombies. The heroes had lasted for fifty waves before the first of them, Teresa, was taken down. Soon, Killer Frost, Elena, and Clayface fell as well. Then, in a moment of despair for the heroes, J.D., Nico, Fuzzy, and Venom were knocked out on the sixtieth wave. The tide had turned. They had survived for fifteen more waves before everyone else was knocked unconscious. The three of them had fought for five more waves, but now they were feeling more exhausted than they had in their entire lives.

Lea (growls in between breaths): All right… I'm going in. I'll take as many of the idiots down with me as I can. You try and get everyone else out of here.

Maria (pants) We're not… leaving you… We'll stay… and fight with you.

Rubberband Man (grins tiredly): No offense… Lea. But… I only take orders from Maria and William. So good luck getting me to leave."

Lea (smiles grimly): Fair enough. Let's take these scumbags down (to the villains as he summons his Keyblade again) Hey! Idiots! Come here! I've got a death sentence for all of you.

The villains roared and charged the heroes. The final three heroes braced themselves, ready for the inevitable. What they weren't ready for was all of the villains suddenly disappearing, like they had never existed.

Lea: What the- (looks around) What the heck was that?

Rubberband Man (eyes widens): Scooby and the others. (grins at Maria and Lea) They won! Remember what Arpeggio said? He said those villains would only be defeated when C.L.U. and the Phantom Virus are beaten. That means Mystery Inc beat them! They did it!

Maria (smiles): I knew they could do it. Nothing's ever stopped them before.

Lea (smirks): Well, they sure picked a convenient time to win. For a second there, I thought they were goners."

Rubberband Man: Well, I'm just glad that they won against the Phantom Virus again.

Lea: Me too. So much for the Revenge Squad. Clu should've picked a better name.

Maria: Well, either way, C.L.U. won't bother us again. I think we should go to Burpin Burger to celebrate.

X.A.N.A. punched Wililam, knocking him to the ground.

X.A.N.A. (sneers at his former servant): **Well, William, it's been a pleasure, but I'm afraid I have to take care of some important business. And after Mystery Inc's dead, your girlfriend is next.**

William (growls): You stay away from Maria, you monster!

But despite his words, William could only brace himself as Xana slashed at him. But just as X.A.N.A. swung his sword down, he vanished.

William: What the-?! (in realization) They did it! Mystery Inc won! (raises his fist in celebration, and then looked over at the arcade) Knew you could do it. Good job, guys.

Riku kneed Xehanort hard in the chest, feeling a small sense of satisfaction as he felt ribs break. Grabbing Xehanort's head, he lifted him into the air and slammed him into the floor. A sickening crunch filled the air, and Xehanort screamed in pain. riku stood up and watched in amusement as the old man tried to crawl away from him. Grabbing Xehanort by the neck, he lifted him up and stared him in the eyes.

Xehanort (tears of pain falling out of his eyes): Please, have mercy!

Riku (coldly): I told you I was going to make you pay. (points his Keyblade at Xehanort's head) Don't say I didn't warn you.

Just as Riku was about to penetrate Xehanort's head, the old man suddenly disappeared. Riku instantly dropped into a defensive crouch, unsure of what had just happened. Then, he looked over at the arcade, and he put two and two together.

Riku: Mystery Inc won. They beat Clu and the Phantom Virus. But they couldn't have waited five seconds longer? I had Xehanort. (grins) Ah, well. It couldn't be helped. Good job, guys. Just make sure that doesn't happen again. Because I don't think anyone wants to deal with that again."

We got up and we were tired as all get out. But we won the game and left the simulator with Mystery Inc and Professor Kaufman and Eric were so glad that we were okay. We just had one loose end to tie up.

---

At a federal prison Bill was typing on a computer laughing malevolently.

Guard: Bill you have a visitor.

Bill: Who is it?

But he saw Nico with Tuurahk's staff of Fear and he was scared.

Nico: You look scared, Bill. Get used to it.

Nico fired a blast from the staff and not only terrified him but also cursed him. He turned him into an undead zombie and he was cursed with being an Undead Zombie with unbearable pain and agony. But also he was transferred to our newest prison we built: The Mars Prison for Cyberterrorists. Eric's game was endorsed by us and it became a major success and more. It made 10s of millions of dollars in sales in just a few hours. Even we bought it for our video game consoles. All the Scooby Doo Villains from the game were sealed into the Book of Vile Darkness. We kept them into the game as part of its programming and deleted Clu and the Revenge Squad from it. It was an even more greater success than ever. We also made copies of the costumes of the villains for use for

Halloween later on and we made them as trophies and we also made statues and a museum of all of Mystery Inc's achievements. The exhibit was called The Greatness of Mystery Inc. It was a highly successful and popular activity among children in schools and day care centers. We also made a call watch for calling Mystery Inc whenever needed.

Another Fanfiction complete.

Scooby Doo and the Cyber Chase was an awesome movie and it took us on an awesome journey through Cyberspace. But it just goes to show that even the internet, cyberspace and all things in the computer can be a very dangerous place. The game created in that movie was awesome and if it were a real game it would be the most fun one ever. NicoChan11 gave me the ideas for this one. Thanks for that man. Scooby Doo is a series I have known for years ever since I was a little kid. All the monsters they faced were awesome. Also everything I said about Charles Sumner is all true. I am in real life related to him. He was my ancestral uncle during the American Civil War. But that's on my dads side of the family. Let me know what you all think.

See you all next time.

# Honor of The Bushido

It starts in the estate. We were resting up after the whole battle in Eric's video game.

Me: That was an awesome fight in that video game.

Vince: It sure was J.D. The Revenge Squad gave us one amazing run for our money.

Nico: Sorry we didn't call you and the rest of the League for backup against the Revenge Squad, Diana.

Wonder Woman: It's fine, Nico. We were busy fighting Captain Cold and Heat Wave anyway.

Me: I'm glad.

Vince: The combos we did were incredible.

Lincoln: They sure were Vince. Me and Maria used a combo on Hydro Man.

FLASHBACK 1

Lincoln: (Narrating) **Hydro Man put up an amazing fight as always.**

Hydro Man: You will never match up to my power Maria!

Maria: Want to bet Bench!?

Maria fired a huge blast of water at him and Lincoln fired a massive blast of lightning at him and electrocuted him.

Lincoln: Lets use our combo on him Maria.

Maria: You got it Lincoln.

Maria fired water and Lincoln fired a blast of lightning.

Maria and Lincoln: STORM DRAGON VAPORIZOR!

The techniques combined and they became a dragon made of pure water and it was overflowing with lightning. It hit Hydro Man and destroyed him in an instant.

Lincoln: **Our combo did the trick but the game wasn't over yet.**

FLASHBACK 1 ENDS

Maria: That was the most tired we ever felt after the game was done.

Me: It was the most tired any of us we felt. But Master Goku's Sensu Beans were what we needed to get back on our feet.

Vince: Yep.

Carol: That was the most action we all have seen.

Scream came out of the shower and she was wearing a towel.

Me: Hey Donna. Uh..

Scream: Oh sorry. One sec.

She went back to her room and changed clothes and her Symbiote clothes were on too.

Scream: Yeah and me and Lola took out the Tar Monster and the Ghost of Redbeard.

FLASHBACK 2

Scream: (Narrating) **We were putting up a tremendous fight against them. We were Scream and we faced the Tar Monster. We were using our hair spears and throwing the Tar Monster around and splattering him all over the place like a huge glob of Clay. Lola was burning the Ghost of Redbeard really well with her fire powers. We got ready to use our combo on them both.**

Lola: Lets use our combo on them Scream!

Scream revealed Donna's face.

Donna: But Lola we can't. Symbiote's will burn because of fire.

Lola: Don't worry. My fire won't harm a friend.

Scream: She's right Donna. Do it.

Donna: Okay.

Scream launched her hair spears and Lola fired a blast of fire.

Scream and Lola: FLAMING HARPOON MASSACRE!

The spears were covered in fire and they skewered the Tar Monster and the Ghost of Redbeard and incinerated them in an instant.

Scream: **It was a fight we'll never forget.**

FLASHBACK 2 Ends.

Lola: It sure was. It was the most action we have seen.

Stalker and Venom revealed their flashback. They were fighting Sixsix and he put up quite an incredible fight. But Stalker and Venom overpowered him with a powerful combo of their own called HUNTER SPIDER GOLIATH. This used Venom's webbing and it coated Stalker and turned him into a giant Goliath Bird Eating Spider - the largest known spider on the planet. He was a giant black Goliath Bird Eating Spider and he ripped apart Sixsix and splattered him everywhere. Leni would freak out at the sight of that.

Melody's flashback was where she and Frightwig faced Morgana that was a powerful fight. Melody fired blasts of lightning and fire at Morgana from her Keyblade and Frightwig pulverized her with her hair tentacles. Melody's bad history with her really was enough to make sure she never terrorized the sea again. Melody and Frightwig obliterated Morgana with their combo called FIRE FLOWER PULVERIZER PUNCH. The fire from Melody's Keyblade combined with Frightwig's hair tentacles and they burned Morgana with powerful indiscriminate fury and reduced her to nothing but a pile of ashes in an instant.

It was all an amazing fight that none of us will ever forget.

Suddenly Bumblebee came in with a look of urgency on her face.

Bumblebee: Guys! We have big trouble! Our computers on the Justice League Watchtower say that Batman is fighting a ninja named Kyodai Ken!

Vince gasped when he heard that name.

Vince: That dishonorable thief! I can't believe he would sink this low.

Me: Sounds like you have a bad history with this guy partner.

Megan: Yeah bro what got you so upset with him?

Vince: Oh that's right you guys don't know about this. It was back when I was 9.

FLASHBACK 3

Vince: (Narrating) **I was a student of his when I was over in Japan. He was my sensei and he taught me everything he knows. He made me a powerful black belt in the world of Kung Fu, Bushido and the ways of the Ninja. But I later found out a terrible secret about him. He was thrown out of his dojo for being a thief and a criminal. He was dishonoring the ways of the Bushido and from that day on I swore that I would restore the honor of the Bushido and the ways of the Samurai by making Kyodai Ken pay for his crimes.**

FLASHBACK 3 ENDS

Starfire: That's horrible Vince.

Sarah: I didn't know he was your sworn enemy big bro.

Vince: Yes. Now I have a chance to restore the honor of the Samurai and the Bushido.

Me: And Team Loud Phoenix Storm will answer.

Vince went to his room and on his wall was a blue bladed razor sharp samurai katana with a sapphire dragon hilt. He took the sword down and put on a blue Japanese battle gi and it had a dragon on the back. He did some sword moves and demonstrated some martial arts moves. Me, Nico, Carol, Lincoln, Laney, Wonder Woman and Starfire saw the moves and we were amazed and impressed. He stopped.

Me: Those moves were amazing partner.

Lincoln: And that sword you have is amazing.

Vince: Yes. This sword is a family heirloom. It's been in my family for generations. This was the very sword that my ancestor used in the Siege of Kamakura in 1333.

Carol: That's incredible Vincey.

Me: Your family is loaded with history from Japan.

Vince: Yes.

Me: We'll gladly help you out man.

Vince: Thanks guys. I am grateful.

?: I'll help you too.

We turned and we saw Captain Marvel!

Me: Carol Danvers A.K.A. Captain Marvel!

Captain Marvel: It's an honor to meet you J.D. The Avengers have told me so many things about you all.

Me: It's a pleasure too Carol. We greatly appreciate it. Are we all ready?

Everyone nodded.

Me: Lets roll!

We headed out to Japan.

In Tokyo, Japan we were over at a Japanese Dojo we knew and in the dojo we saw Kyodai waiting for us.

Kyodai: (Japanese accent) I've been waiting for you Team Loud Phoenix Storm.

Me: Kyodai Ken, I presume?

Kyodai: That is correct. You all got here before I could fight Bruce Wayne the Batman.

Me: That's right. And I believe you know this one.

Vince came.

Vince: Kyodai-sensei.

Kyodai: Vince.

Vince: (Speaking Japanese) 私は武士道の栄誉に復讐した。(Translation: I have returned to avenge the honor of the Bushido)

Kyodai: (Speaking Japanese) あなたは私の生徒を持っています。(So you have my student)

Vince: はい先生。あなたは私があなたから知っていることすべてを教えてくれました。そして、私はそれに感謝しています。しかし、あなたは忍者と侍の両方の道を汚してしまった。私は彼らを両方とも元気に戻すつもりです。(Yes sensei. You did teach me everything I know from you and I am grateful for that. But you have dishonored the ways of both the ninja and the samurai. I am going to bring them both back into good honor.)

Kyodai: それで私の学生になるでしょう。生徒を先生に向けて。大丈夫。私はあなたの挑戦を受け入れる。(So shall it be my student. The student against the teacher. All right. I accept your challenge.)

They stood ready and bowed as part of tradition and a gong sounded.

(Mortal Kombat Theme song plays)

Me: This is gonna be awesome guys.

Carol: Be careful Vince.

Vince and Kyodai went at each other and were demonstrating a powerful display of martial arts moves and skills. They were blocking each other attacks and Vince got the drop on Kyodai and punched him in the stomach twice and punched him in the face 3 times and kicked him in the face and stomach and face again.

POW! POW! BLAM! BLAM! BLAM! CRACK!

Kyodai tried to punch and kick him as well but Vince dodged his attacks and punched him in the face again.

POW!

Kyodai had blood dripping from his mouth and he spit it out.

Kyodai: あなたは私の元学生をうまく学んでいます。しかし、私のスキルはあなたのものよりはるかに優れています。(You have learned well my former student. But my skills are far more superior than yours.)

Vince: あなたは過信の先人であり、それはあなたの元気になるでしょう (You are overconfident sensei and that will be your undoing.)

Kyodai: 我々は見るであろう. (We shall see.)

Kyodai then unsheathed his sword and Vince did the same. They clashed in a powerful sword fight and they were equally matched in it. Sparks were flying in the clash and the fight we really heating up. Kyodai threw shuriken at Vince and he caught them and threw them back and Kyodai dodged them and jumped back.

Kyodai: 私たちがお互いを最後に見たときから新しい動きを学んできました。(You've learned some new moves since the last time we saw each other.

But Vince was not that naive to drop his guard like that and he didn't say anything as he stood ready for anything.

Kyodai: あなたが私の領域でどれくらいうまく戦うかを見てみましょう。影の暗さ。(Lets see how well you fight in my domain: The Darkness of the Shadows.)

Kyodai had the lights in the dojo blow out and the room was pitch black. It was so dark that we couldn't see anything.

Me: (In my head) He's trying to catch Vince off guard by using the darkness of the night as his cover. It's been the way of the Ninja for centuries.

But Vince was ready for anything. He had his eyes closed and he was using the feelings in the air for him. Vince clashed with him in the darkness and he had him beat in the darkness of the night. He kicked Kyodai in the face and punched him in the stomach and slashed his shirt in the chest and kicked him in the face again and sent him crashing through the wall of the Dojo into the courtyard.

CRACK! POW! SLASH! CRACK! CRASH!

Captain Marvel: He's really good.

Thor: Indeed. Vince is the strongest samurai right now.

Wonder Woman: He's not finished yet.

We walked out to the courtyard and Vince stood ready again.

Vince: Alright, Captain Marvel. I softened him up for you and Wonder Woman. Now finish him off!

Captain Marvel: With pleasure Vince.

Captain Marvel flew over and kicked Kyodai in the face and punched him and dealt him numerous blows to him and pulverized him all over with a flurry of punches and kicks and fired a blast of energy at him and burned him are.

Wonder Woman: Lets use a combo on him.

Captain Marvel: You got it.

Vince: I'll join too.

All three of them flew flew at Kyodai.

Vince, Wonder Woman and Captain Marvel: FLIGHT OF THE SAPPHIRE DRAGON!

They were enveloped in an aura of blue fire and they turned into a blue flaming Japanese Dragon and it roared ferociously and grabbed Kyodai in its maw and he was incinerated in the flames. It went up into the sky and became the Bushido Dragon symbol.

They landed back on the ground and Vince felt at peace knowing that the honor of the Bushido warriors had been restored.

Vince: FLAWLESS VICTORY. (Bows in respect)

We cheered wildly for him.

Me: Vince that was awesome!

Carol: Way to go Vincey!

She hugs him and kisses him.

Me: Great job partner.

Vince: Thanks J.D.

Me and Vince bow in respect.

Batman: (Offscreen) I agree.

We saw Batman.

Me: You arrived just in time Bruce.

Batman: I was watching the whole fight from the shadows. You did a great job Vince.

Vince: Thanks Bruce. I remember you had some history with Kyodai

as well.

Batman: Yes. We went to the same Dojo a while back and he was thrown out because he wanted to be a criminal.

Me: That's awful Bruce. I'm sorry.

Laney: I've studied all about the samurai from history and they have an interesting code and path of honor.

Lincoln: It's really amazing and we learned all about the history of Japan when we were on our global trip.

Vince: I know.

Carol: I didn't know you could speak the Japanese Language really well Vince.

Vince: I'm multi-lingual like you and J.D.

Me: I believe it partner. But still great job.

Nico: You were amazing Vince.

Me: Yeah. As long as we're here I want to show you all something.

We went to the heart of downtown Tokyo and we found an old building that was abandoned for a long time. We went into a room and it was covered in dust and spiderwebs. It was loaded with old chemical equipment and books and log books.

Lincoln: What is this building J.D.?

Me: This used to be the laboratory of Dr. Serizawa. He used this laboratory to make the Oxygen Destroyer.

Laney: So this lab was once Dr. Serizawa's?

Lincoln: Your grandfathers best friend?

Me: Yes. When Godzilla appeared for the first time 64 years ago, Grandpa Dean and my dad got to see a demonstration of the Oxygen Destroyer.

We go to an old fish tank that hadn't been cleaned out in 64 years. It was covered in algae and dust.

Me: This is the tank that was used to test the Oxygen Destroyer. There's no fish in it because the Oxygen Destroyer disintegrated them all into nothing. My dad had another good friend back then that he knew here as a child. Her name is Emiko Yamane. She was Dr. Serizawa's wife and she is one of the people that witnessed the destructive capabilities of the Oxygen Destroyer.

Vince: Wow.

Carol: That's incredible.

Me: Yes. When dad took me here to Japan 8 years ago, he showed me this lab back then. I was amazed when he did.

Lincoln: I didn't know he took you here J.D.

Laney: Yeah.

Me: I have experiences guys. But yeah dad showed me everything he saw here. When Dr. Serizawa took his own life I swore to make sure that the knowledge of the Oxygen Destroyer never falls into the wrong hands.

Vince: That's good.

Wonder Woman: It is. And now 64 years later you all got rid of Godzilla for good.

Me: Yes. And we now can make sure he never returns.

We later went back to the estate and Vince told his family what happened and they were so happy for him. He was a hero to not only Japan but also to the Samurai and Bushido code.

THE END

Another Fanfiction complete.

VinJedi1995 gave me the idea for this one. Kyodai Ken was one of the most notorious villains in all of Batman the Animated Series. I don't know if Vince has any Japanese Heritage in real life or has ties to the Samurai codes or any of that but I decided to have him become a Samurai and honor the code of the Bushido. I also wanted to have him be the former student of Kyodai Ken in his past and speak the Japanese Language. NicoChan11 and I did this chapter for you man. Thanks for the ideas guys. Let me know what you all think.

See you all next time.

# Gargoyles and Spy Girls

## Part 1: Gargoyle Defenders of The Night.

---

It starts with me, Nico, Lincoln, Wolverine, Beast Boy, Earth and Laney flying over the heart of the city at sunset. We were out on our patrol making sure that the city was safe.

Me: So far everything looks okay.

Laney: Yep.

Lincoln: So far.

Nico: I don't think we've been to this part of the city before.

Me: Neither have I.

We then saw a huge tower.

Me: Wow! What a tower.

Laney: Lets check it out.

Me: Okay.

We fly up to the top of the tower and we saw an old medieval castle right on top of the tower.

Me: Wow!

Laney: What a beautiful castle.

Nico: I never knew this was here before.

Me: Me neither.

Lincoln: How did they bring a medieval castle like this here?

Earth: That's what I would like to know.

Me: Lets check it out.

We go to the castle and saw that it was over a thousand years old and was a breathtaking sight.

Me: This is a European Dark Ages castle. Over 1,000 years old.

Earth: It looks like it was built back in the 10th Century. The vikings terrorized much of Europe back then.

Me: I know. Those were dark times back then.

We go up to the castle top near the towers and saw amazing Gargoyle statues.

Laney: Those Gargoyle statues are amazing.

Lincoln: They sure are.

Me: Gargoyles are the guardians of the church and they are believed to be the creatures that protect the church from the wicked.

Nico: That's amazing.

Me: I don't know about this guys but I sense that those Gargoyles are alive somehow.

Lincoln: I feel it too.

Wolverine: Something doesn't smell right.

Beast Boy: I feel it.

Nico: Same here.

I saw that the Sun was almost set.

Me: Looks like we'll find out shortly.

When the Sun was down and the darkness of night came we saw an unexpected surprise. We saw the statues crack and shatter and they became alive in flesh! The Gargoyles roared as they awoke from their slumber. We gasped in sheer amazement and horror at the same time.

Me: Incredible!

Lincoln: They're alive!

Laney: How is that possible!?

Nico: I don't know.

The Gargoyles saw us and came down to us.

Me: We mean you all no harm. My name is J.D. Knudson and we saw your castle here on this tower and wanted to check it out.

Goliath: So you are the famous J.D. Knudson. We were told so many things about you and your friends. I'm Goliath, leader of the Manhattan Clan.

Hudson: (Scottish Accent) I'm Hudson lads. Pleasure.

Angela: I'm Angela. It's a pleasure to meet all of you.

Brooklyn: I'm Brooklyn.

Lexington: Lexington.

Broadway: Broadway.

Coldfire: I'm Coldfire.

Coldstone: I'm Coldstone.

Gnash: I'm Nashville but everyone calls me Gnash.

Katana: I'm Katana.

Lexington: And these two are Bronx and Fu-Dog.

Me: It's a pleasure to meet all of you. I'm J.D. Knudson.

Nico: I'm Nicolas Chan but everyone calls me Nico.

Lincoln: I'm Lincoln Loud.

Laney: I'm his little sister Laney Loud.

Wolverine: I'm Logan but everyone calls me Wolverine.

Beast Boy: I'm Garfield Logan but everyone calls me Beast Boy.

Earth: And I am Earth.

Goliath: We are honored to meet all of you.

Me: Have a lot of questions we want to ask you.

Goliath: You want to know what we were like back 1,000 years ago.

Me: That's one of our first questions yes.

Goliath: Very well. It was back 1,024 years ago.

FLASHBACK - 994 A.D.

Goliath: (Narrating) Superstition and the sword ruled. It was a time of darkness. It was a world of fear. It was the age of Gargoyles. Stone by day, warriors by night.

Goliath and his clan lived in Scotland in Western Europe and were very powerful warriors back then. They swore to protect all the humans they knew back then from all threats. The most dangerous kinds of our people were the vikings of the European Dark Ages. In 994 A.D., Castle Wyvern sheltered some peasant refugees being chased by Hakon and his Vikings. When a few gargoyles were playing with Bronx, a small fight broke out between the young gargoyles and the peasants. Goliath sent the gargoyles and the beast down to the rookery as a punishment. Fortunately for the group, this punishment proved to save their lives. During the day, the Vikings sacked the castle and smashed all the sleeping gargoyles. Bronx, along with the other surviving members of the clan, went to avenge their slain clan-mates and were cursed to sleep until "the castle rose above the clouds". 1,024 years later, earlier in

2018, David Xanatos purchased Castle Wyvern, and topped his skyscraper with the castle, thus breaking the spell. Like his fellow clan-mates, Bronx was named after a New York place-name: the Bronx.

Goliath: We were betrayed by the humans we had sworn to protect. Frozen in stone by a magic spell for a thousand years. Now here in Gotham Royal York, the Spell is Broken and we live again!

FLASHBACK ENDS

We were both shocked and amazed at the same time.

Me: That's incredible!

Lincoln: After 1,000 years you've come back.

Angela: Yes. We are a clan that has sworn to protect refugee humans and we still have a lot to learn about this time.

Me: I would be too if I were frozen in stone for 1,000 years.

?: I would be too.

We saw a woman wearing a red coat, black shirt and blue pants and shoes.

Me: Detective Elisa Maza. Good to see you again.

Elisa: You too J.D. I see you met my friends here.

Me: We did.

Goliath: Elisa is a member of our clan. She helped us a lot in the past.

Me: I believe it.

Lincoln: Angela can I ask you a quick question?

Angela: Sure Lincoln.

Lincoln: Wasn't there another member of your clan that we were told that betrayed you?

Angela looked down.

Lincoln: Oh man. I guess I reopened a bad wound.

Goliath: I can tell them Angela. Her mother was a member of our clan who wants to destroy all of humanity. Her name is Demona and she was my former mate.

We gasped when we were told that.

Me: What happened?

Goliath: The history with Angela and Demona is not a good one. I'll start with Demona's story.

Demona was hatched in the year 938. By 971, she was Goliath's mate and a respected member of their clan. Like the rest of the clan, Demona originally had no formal name, though Goliath frequently referred to her as his "Angel of the Night".

However, the young Demona had already begun to develop the weaknesses that would lead her down a dark path to come. Showing a strong interest in magic, she secretly entered into the Archmage's service as his apprentice, in which role she served largely as a servant and errand-runner. The Archmage treated her harshly, but she was able to develope an aptitude in sorcery through his teachings. He also taught her to read, and she in turn taught Goliath.

In 975, the Archmage commanded her to steal the Phoenix Gate from Princess Elena. Just after Demona stole the Gate, an older version of herself appeared with a duplicate Phoenix Gate, and whisked them both away to the year 994, accompanied by an older version of Goliath (both from the year 1995). There, the older Demona showed the younger one the aftermath of the Wyvern Massacre and Goliath's petrified form on the battlements, urging her to use the Phoenix Gate to avert this disaster and destroy the humans. The younger Demona was horrified at her future self's coldness and callousness, and refused to become like her, but was also disturbed at what she had seen. The Goliath from the future did what he could to comfort her, urging her to not worry about this catastrophe but to remain true to her love.

The younger Demona then returned herself and the two time travelers to 975, where she hid the Phoenix Gate from the Archmage, pretending that she had lost it. The Archmage, furious, cast her off as his apprentice then and there. Afterward, Demona and Goliath attended Prince Malcolm's wedding; she broke the Phoenix Gate in half there, giving one half of it to him as a token of her love, while keeping the other half for the same purpose.

As Demona aged, she became one of the greatest warriors of her Clan, protecting the humans of the Castle but remaining troubled over the vision of the future she saw and becoming more and more angry by the humans' treatment of her and her kind. In 984, her former teacher the Archmage tried to take over Wyvern but was defeated. In a last attempt to kill Prince Malcolm, the human leader at the time, the Archmage shot him with a poisonous dart which only a spell from the Grimorum Arcanorum could cure. The Clan's leader, known later as Hudson, was entrusted to bring back the book and he decided to take Goliath, by this point the Clan's second-in-command, and Demona with him. Together they tracked the Archmage to a cave and were able to retrieve the book and return it to Castle Wyvern, saving Prince Malcolm's life. Demona expressed many misgivings over Hudson's advancing age and ability to lead, and it was this and Hudson's own feelings on the matter that convinced Hudson to step down and allow Goliath to lead. In truth, she wanted Goliath to lead out of her own self-interest, and Goliath soon made her his second-in-command. In 987, Demona and Goliath conceived a child and the next year Demona laid the egg in the rookery of the clan among many others.

By 994, Demona had become resentful of human prejudice toward her clan and conspired with the Captain of the Guard to betray the humans inhabiting Castle Wyvern to Hakon and his Vikings. The two urged Goliath to take the entire clan and drive the Vikings away from the castle, intending for Castle Wyvern to be captured in the gargoyles' absence at night. But Goliath, unwilling to leave the castle undefended, only took Hudson with him. The Captain, desperate to have the plan succeed, decided to have Hakon attack during the daytime instead. Demona was alarmed, knowing that in the daytime, the clan would be trapped in its stone sleep and defenseless. She dared not warn the rest of the gargoyles, however, for fear that if she did so, she might have to reveal her part in the conspiracy, and so she fled alone to hide upon the beach.

She awakened that night, and returned to find her clan slaughtered by the Vikings. Horrified and grief-stricken, she hid herself when Goliath returned to the castle, too afraid to face him. By the time she returned, Goliath and five other survivors had already been put under the stone sleep curse by the Magus.

Looking up at her mate's petrified form, Demona cried out, "What have I - what have they done to you?" In that moment, her mood changed from grief to anger and hatred, burying her guilt underneath her rage at the humans, blaming them for her woes so that she could avoid facing her own responsibility for her actions.

She saw below Princess Katharine, the Magus, and Tom loading the rookery eggs on the cart and driving away with them, but made no effort to go after them as she was unable to "face" the eggs. Instead, she kissed the stone Goliath one last time and glided away, sending herself into exile.

Demona, discovers the massacre of the Sruighlea cell.

Alone for several years, Demona had an encounter with a child named Gillecomgain, scarring his face during a petty theft. Gillecomgain became the Hunter, a mercenary and assassin seeking revenge against her and her race. Demona continued to wander about Scotland, attacking any human who got in her way and stealing food to survive.

By 997, Demona was leading a scattered clan of gargoyles, the survivors of clans that had been destroyed by the humans, including Demona's Second. Learning from the lessons of the past, she arranged for the clan to sleep in different places, so if one "cell" was discovered and destroyed the rest would live on. The entire Sruighlea Cell of Demona's clan was later massacred by King Constantine and Gillecomgain. Amid their remains, Demona discovered a wanted poster left behind for Mary and Finella and discovered that they possessed the Grimorum. Shortly after, Demona was approached by a time-travelling Brooklyn who explained his presence by pretending that he avoided the Magus's curse. At Brooklyn's behest, Demona brought her scattered clan together to help Kenneth III (the Grim) battle Constantine, although she secretly planned to betray the Grim after Constantine was defeated and use the Grimorum to bring Scotland to its knees. After Brother Valmont used the Grimorum Arcanorum to create a rain of fire arrows during the battle, Brooklyn cut Valmont's hand off to get the Grimorum back. Demona was able to seize the book and reverse his spell, if not the consequences.

After Constantine was defeated, the phoenix appeared to spirit Brooklyn away. Knowing he couldn't let Demona keep the Grimorum, Brooklyn offered to hold the book for her while she reached for her half of the Phoenix Gate, letting her believe she needed it to control the Phoenix.

As the years passed, the grown-up Gillecomgain, as the Hunter, had become one of Demona's worst enemies, and a danger to all the surviving gargoyles left in Scotland as well.

In 1020, the Weird Sisters persuaded Demona to attack the Hunter at Castle Moray, when he went there on Prince Duncan's orders to assassinate Findlaech and Macbeth. Despite her hatred for humans, during the battle Demona chose to save a young Macbeth and Gruoch even though it meant letting Gillecomgain escape. In 1032, Macbeth and Demona faced Gillecomgain together again. This time Macbeth was able to save Demona's life and the battle ended with Gillecomgain's death.

Later, an elderly Demona entered into a bargain with Macbeth to defeat a common enemy - Macbeth's cousin Duncan I of Scotland. Macbeth wanted Demona's help protecting his kingdom, while Demona wanted her youth back so she could lead the last of her kind. The pact was facilitated by the Weird Sisters, who caused her and Macbeth to switch ages making Macbeth 51 and Demona the gargoyle equivalent of 35, the age that Macbeth was then. In so doing, they also made them both unaging and immortal, only able to die if one slew the other - something the sisters conveniently forgot to mention at the time.

Macbeth himself soon came to admire Demona's combat prowess, and eventually became heavily dependent on Demona's clan for support in the war with Duncan's forces. In the final battle with Duncan, Demona's devastating attacks so impressed Macbeth, he exclaimed "You fight like a demon!" After becoming king, Macbeth called her "Demona" (She-Demon) for the first time, a name she found very pleasing, and simultaneously declared her to be his primary adviser. The two became fast friends.

Eventually, Demona's trust in Macbeth evaporated after overhearing Macbeth considering on betraying her to win the support of the English. Fearing that this would come to pass, she abandoned his forces to Duncan's son Canmore and the English armies. Canmore, in turn, betrayed her, killing the last of her clan. Demona was alone once again, the last gargoyle alive in Scotland, and eventually she fled for other parts of the world. Demona would not enter into another alliance with a human for almost a thousand years. During the intervening time, she amassed a substantial fortune and plotted her revenge on humanity, all the while being pursued both by Macbeth (who first hunted her to seek revenge and later simply to end his long life) and by a new line of Hunters descended from Canmore, who had somehow learned of her survival and chosen to hunt her down.

Growing increasingly bitter towards humans, she finally decided that she must destroy them all, partly as the only means of ensuring survival for herself and what little remained of her race, partly as a means of gaining her revenge.

Goliath: Demona betrayed all of us and she swore to kill everyone in Humanity.

Me: That's awful. Demona is a demon hellbent on annihilating all of us.

Laney: She must be stopped.

Me: But Goliath, I have a proposition for all of your clan.

Goliath: What is it?

Me: How would you all like to never become stone again and walk among us in the daytime as humans for 12 hours and be gargoyles at night?

Goliath: Do you have that kind of power?

Me: I do. My power is omnipotent and I have the power to do anything. This way you can walk in both worlds. Does everyone trust you again?

Goliath: They do. They now know that we are not monsters, but angels of the night.

Me: I'm glad and we have no intention of ever betraying you. You have our word of honor.

Goliath: You got a deal.

Me: Okay. It'll work with a simple snap of my fingers. (Snaps fingers) We'll know if it worked in the morning.

Elisa: I want to walk in both worlds too.

Me: Are you sure Elisa?

Elisa: Yes. I'm positive.

Me: Okay. (Snaps fingers)

Elisa started to change.

Elisa's body felt like it was on fire.

Elisa's shoes were getting tight before Gargoyle feet ripped out of them.

Elisa (horrified): My feet!

Goliath: You were a Gargoyle before Elisa. Remember?

Elisa remembered that. She sprouted a tail and a pair of wings and her teeth became fangs.

Me: How do you feel Elisa?

Elisa: Amazing. I feel like I can do anything at night.

Me: It's gonna take a while.

Lincoln: Yeah.

Me: Lets go get Demona.

We set out to get her.

* * *

On the rooftop of a skyscraper was Demona. She a rogue gargoyle from the clan that was a devious one. We landed behind her and Demona saw us.

Me: Demona, I presume?

Demona: The famous J.D. Knudson of Team Loud Phoenix Storm. How nice of you to arrive. I see you brought Goliath and the clan with you.

Me: Yes. Before we fight answer me this: Why do you hate all of humanity so much?

Demona: Because all humanity has to pay for the way they treat us! Humanity is a poison that must be purged from this planet!

Me: (In my head) I sense a spark of good still inside her. (Out loud) Demona listen to yourself! You have no right to decide that. What happened back then was over 1,000 years ago and the Vikings no longer exist. The past is the past and we have to learn from it so it can never happen again. Your hatred towards all of humanity blinds you to the truth. We humans are all capable of error and its been that way for eons. Humans and Gargoyles also can learn how to coexist with one another. It's not too late for you Demona. You still have a chance to redeem yourself and you and Goliath can be together again.

Demona then began to let my words sink in but the darkness in her heart was too strong.

Demona: No! All humanity must pay for everything they did to us!

Me: Then let me show you the error of your ways by force.

I fired a blast of light at her and she was enveloped in a pitch black aura. It separated from her and Demona fell to the ground on the roof unconscious and we were facing Dark Demona.

Me: Now to make sure you never terrorize the worlds of human and Gargoyles again.

I snap my fingers and she turned into a human.

Dark Demona: What's happening to me!?

Dark Demona's wings were painfully vanishing into her back.

Dark Demona: I'm becoming human?! But it's still nighttime!

She had her appearance as a human.

Dark Demona: What did you do to me!?

Me: I turned you into a human forever.

Dark Demona (irritated): Oh great! It's bad enough that I'm a human forever! But right now, my Gargoyle outfit is revealing too much of my body!

Me: No worries.

I snap my fingers and she now has medieval style clothes on.

Me: This is now gonna be your fate. So get used to it.

Wolverine and Beast Boy: Lets get her with out combo Beast Boy.

Beast Boy: You got it.

Beast Boy turned into a Gryphon and Wolverine grew his claws.

Wolverine and Beast Boy: GRYPHON SLASHER CAUTERIZER!

Wolverine's claws glowed red hot and they slashed Dark Demona and burned her badly.

Me: That'll show you how powerful we are.

I beamed Dark Demona to the Uranus Prison.

Lincoln: That's it for Dark Demona.

Me: Yep. Now we wait to see if our spell worked. But lets make one more stop.

We left and went to David Xanatos' office. We told him that we were going to arrest him. We stripped him of his assets and more.

Nico (to Xanatos): Don't worry. Your wife and son will be taken care of. After all, any good husband and father in your line of work would make arrangements in case something happened to him.

His wife Fox and his son Alex were placed in our custody and protection.

* * *

We waited until Sunrise and when it did come the clan started changing.

Me: This is it guys. Cover your eyes.

We did so.

Angela's fangs were becoming human teeth. Her wings went into her back and her feet became human feet and her tail was gone.

Angela: It's like my body's on fire!

Me: It's all right guys. It's gonna take a while for you all to get used to. Trust me.

The same things happened to Goliath and the clan members and Elisa. When it was done they were fully human but their clothes were hanging down.

Angela (blushes): I never thought that my clothes would be so revealing!

Eliza (covers her indecent body): I'm just glad no perverts are watching right now!

Me: I'll fix that.

I snap my fingers and they became medieval style clothes from the 13th century and Elisa had her normal clothes on. We uncovered our eyes and admired their looks.

Me: You guys look amazing.

Goliath: We do look great as humans.

Brooklyn: Who would imagine that we would be perfect as humans.

Laney: You guys are turning into Gargoyles at night.

Nico: You can now walk in both worlds.

Me: That's right.

We later went back to the estate and introduced everyone to them and more.

## PART 2: Terror of Gisele Razor

We were having tea.

Varie: Hey J.D. can I ask you a question?

Me: Sure Varie.

Varie: How did you capture that monster girl Gisele Razor?

Me: (Sighs) That is a story I haven't told in a while. It was 3 months after I moved here to Michigan.

---

Me: (Narrating) **I was walking down the street when and it was a strange part of town. When I heard a voice. In an alley I saw Gisele Razor holding Luan by her neck and she was getting ready to stab her with a knife. Just as she was about to stab her I grabbed Gisele by the arm.**

Past Me: Leave her alone you (Censored)!

I twisted her arm and she dropped the knife. I then punched Gisele in the face and kicked her in the stomach and kneed her in the face and threw her into the local police station.

Me: **I threw her into the police station and saved Luan from her brush with death. After that we went to her trial to testify against her. Like I said on our global trip they had to keep her chained up in a clear plexiglass bulletproof glass case to prevent her from doing anything because of her extremely violent nature. They found her guilty on all her crimes and sentenced her to 20 Life Sentences without parole in the Central California Womens Facility.**

FLASHBACK END

Me: And that's how I threw Gisele Razor, the Terror of Royal Woods into Prison for the rest of her miserable life.

Lincoln: Wow!

Lori: That girl literally deserved it.

Me: Yep.

Laney: What combos did you guys use in the game Inque?

Inque: Me and Girl Jordan were facing Madame Rouge and we used a combo we called ACID INK TORRENTIAL DELUGE.

Girl Jordan: It was a wave of acidic ink and it dissolved Madame Rouge in an instant.

Me: Wicked cool!

Vince: Yeah.

Calypso: Me, Laney and Shanan were fighting the Skeleton Men and Jaguaro and we used a combo called JUNGLE DRAGON DESTROYER.

Laney: It was a combo that turned Calypso into a giant dragon made of leaves and it breathes fire onto the enemies.

Shanan: It was awesome and we killed them both in an instant.

Lynn: I saw it.

Tara: It was cool too. We used a combo on Freddy Krueger.

Ace: Yeah. We called it VOLCANIC TELEPORTER SHOWER.

Lynn: Me and Tara made rocks and covered them in white hot lava and Mariah teleported them and rained them down onto Freddy Krueger.

Me: Wicked job guys. How are you feeling Tara?

Tara: The mood swings and unusual cravings have come. But so far so good.

Me: Good.

## PART 3: IMPOSSIBLE ODDS

As we were relaxing we heard a massive explosion.

KRABOOOOOOMMM!

Laney: What was that!?

Me: An explosion! Lets go!

We go outside and saw a girl with black hair, green eyes and a green body suit. She was firing green blasts of fire at the ground and setting everything ablaze in an incredible inferno.

Me: Shego! Drakken is behind this!

Maria: I got this!

Maria spread her wings and went at her.

Shego: Maria Rockell. Nice to see you. (Fires a blast of green fire at Maria)

Maria dodged it and fired water. It splashes her.

Maria: Nice to see you too Shego. You're looking good.

Shego: Same to you. Last I heard you were Aquamaria.

Maria: I was until I got blessed by the Water Stallion of Tefnut in Egyptian myth. (extinguishes Shego's fire blasts with water) Shego, I've gotta ask. Why are you still with Drakken even after his stupid schemes?

Shego: That's none of your business! But if you must know, I only really stick with Drakken so I can settle scores with Kimmie!

Maria: Really? Because from what I heard, you and Kim were best friends before!

Shego: That was only because of the Attitudinator!

Maria: Really? Because it sounded like geniune freindship to me! And you are pretty powerful to be your own person. I know from experience that following the orders of incompetent villains isn't worth it. And trust me, Ebon was an incompetent villain!

In the Dakota City prison Ebon sneezed.

Kangor: You okay mon?

Ebon: Someone must be talking about me again.

Shego: Your point?

Maria: Well, there's also the fact that deep down, you miss your old teammates from Team Go. And I can sense some good still in you. And even if that isn't the case, do you really want to be Drakken's lackey forever?

Shego started to let Maria's words sink in as she was in deep thought. She kew that Maria was right and that she wasted her friendship with Kim for nothing more than it be a lackey to an incompetent buttface that doesn't know squat.

Shego: (In her head) She's absolutely right. What have I done?

Maria: Shego?

Shego then hugged Maria and cried hard into her. She was crying loudly in total guilt over all the terrible things she did under the control of Drakken.

Shego: (Crying hard) Maria! I've been such a fool!

Maria: It's not your fault Shego.

Shego: Yes it is! (Crying) I've been a fool!

Maria comforted her.

Maria: It's all right Shego. It's not your fault. You can still make things right. We can punish Drakken for his crimes and make him pay for everything he did.

Shego: (Sniffles) How?

Maria: We can find him and punish him for his crimes.

Shego: (Sniffles) Okay.

Nico: You can lead us to his lair and we can bring him to justice.

Shego: Okay. And I have to make things right with Kim.

Nico: Okay.

They were off to Drakken's HQ.

* * *

At the HQ, Drakken's goons were patrolling the base.

Drakken goon (steps into a puddle): What the-?

The puddle reveals Maria's smirking face.

Maria: Peek a boo! (grabs the goon and slams him into the ground)

Nico and Shego blasted them into dust.

Nico: Lets go!

We blasted in and found Drakken with Kim Possible tied to a table and a laser was about to slice her in half down the middle and Shego blasted the laser with her fire powers.

Drakken: Shego?! You betrayed me?! But why?

Shego: Don't be too surprised. With all your stupidity over the years, you knew it was only a matter of time until I ditched you.

Nico: It's over Drakken. You are finished!

Nico went Super Saiyan and dashed and punched him in the face and kicked him in the crotch where the sun doesn't shine.

Nico: Lets use our combo on him Tony.

Iron Man: You got it Nico.

Nico threw an Iron Man suit at Nico and it enveloped him and he had a war suit on that was similar to Lex Luthor's.

Nico: Nice!

Nico and Iron Man went at him.

Nico and Iron Man: IRON WARSUIT DESTROYER!

They punched and pulverized Drakken ferociously and beat him up really badly.

Drakken: You won. Finish me off.

Nico: Actually that wouldn't be any fun. So I have something else planned.

Drakken's mother: DREW THEODORE P. LIPSKY!

Drakken: Mother!? (to me) You called my mother?!

Nico: (smugly) I sure did. I know that Kim doesn't really want your fate to be too severe. So I decided to tell your Mom what you've really been up to.

Drakken's mother: (pulls her son's ear) So this is what you've been doing in your free time?! Well, no more! I am very disappointed in you! You're coming home this instant and you are grounded for 20 years!

Drakken: (cries hysterically as his mom drags him off) NO! PLEASE! HAVE MERCY!

Nico: (laughs) Now that's a fate far worse then death or imprisonment in one of our jails!

Me: (Laughs hysterically) That's so funny!

Kim: That was fitting for him.

Shego was on the phone with Team Go.

Shego: Team Go, Shego here. Drakken has been grounded by his own mother for the next 20 years.

They cheered wildly.

Shego was now the owner of Drakken's HQ and we beamed it over to the Estate and Shego decided to use it for benefitting all of humanity. Kim Possible and her fiancé Ron Stoppable now live in the estate with us.

---

However after the battle with Drakken ended things were not right over in the town of Middleton in Missouri. Kim's rival in her old school on the cheerleading squad Bonnie Rockwaller was now the most hated kid in the school. Lets just say that after the battle with Warmonga, karma bit her in the butt really hard. She was 1 credit short and was sent to attend summer school while everyone else partied. But the torment didn't stop there. It was discovered that she cheated in everything to get her way and she was demoted all the way back to her freshman year in school. If you all thought that was bad, this was even worse. After this happened Bonnie's mother disowned her and she was forced to live out on the streets because no one would take care of her. Her mother actually despises her with a grudge because of her smug, greedy and narcissistic nature and her sisters hate her too because they said that Bonnie brings nothing but shame to the Rockwaller name. She was also expelled from her school. So now she lives on the streets and knew that there was only one person to blame for all her misfortunes: KIM POSSIBLE.

Bonnie: (ENRAGED SCREAMING) KIM POSSIBLE THIS IS ALL YOUR FAULT! I WILL HUNT YOU DOWN AND I WILL KILL YOU IF IT'S THE LAST THING I EVER DO! I WILL FIND YOU AND I WILL HAVE MY REVENGE!

Bonnie was going to make sure that Kim pays for everything she has done to her. So she set out for Gotham Royal York.

Bonnie: Kimmie will never see me coming. She'd never expect that me of all people would try and take her out.

---

At the estate we were having a nice talk with Kim.

Me: So are you affiliated with the C.I.A. Kim?

Kim: No. I'm not affiliated with any organization. I'm actually my own worker.

Me: Oh.

Varie: That's amazing.

The alarm sounded and the computer popped up. We saw Bonnie heading toward us.

Kim: That's Bonnie.

Me: You know her Kim?

Kim: She and I were rivals at Middleton High School. She would do anything to get what she wanted and she hated my guts. After we graduated Bonnie was sent to Summer School for having 1 credit short.

Me: Looks like Karma really did a bad number on her.

Laney: No kidding.

Clayface: Let me go to her first.

Clayface became the principal of Middleton High School Mr. Steven Barkin.

Me: Who's that you turned into Matt?

Kim: That's our school principal Mr. Barkin.

Clayface: That's right. (In Mr. Barkin's voice) She won't know the difference.

Joe Swanson: Hey he sounds just like me.

Me: He sure does Mr. Swanson and he also sounds just like Captain Flynn in Skylands.

Lori: He literally does.

Me: Yep. Go get her man.

The doorbell rang and Clayface answered it.

Bonnie: Oh Mr. Barkin. I didn't know this was your house.

We snickered quietly.

Clayface: (disguised as Mr. Barkin) Alright, Ms. Rockwaller. Time for your private lesson.

Bonnie: But Mr. Barkin, you don't usually give us private lessons. And we don't usually have class outside unless there's cheerleading involved.

Clayface then morphed back into his true form.

Clayface: (grins evilly) That's not the kind of lesson I had in mind.

Bonnie: You're not Mr. Barkin!

Clayface: (turns hands into clay hammers) It's payback time, Bonnie! You're gonna pay for bullying Kim and Ron!

Bonnie: I'll take what I deserve. But… do I know you?

Kim: No but you know me Bonnie.

Kim swooped in and kicked her in the face and sent her rolling and she crashed into a bunch of tires.

Bonnie got up and she did a lot of acrobatic moves and flips and Laney tied her up with her plant powers.

Me: Nice try Bonnie. But you went into the grounds of the Team Loud Phoenix Storm Estate.

Later Bonnie was arrested and sentenced to 50 years in the Antarctica Prison.

Another Fanfiction Complete.

Kim Possible and Gargoyles were two awesome shows on Disney. Gargoyles was awesome. Keith David did a great job voicing Goliath back then from October 24th, 1994 to February 15th, 1997 and there were a lot of awesome plots in it. Kim Possible was awesome too. I love spy movies and all that action and amazing plots and more. Patrick Warburton did a great job in that show. Many voices did from June 7th, 2002 to September 7th, 2007 and Disney made two great and awesome shows. I wanted to make this a 2 part chapter. But because of my including of Gisele Razor I went with a 3 part chapter. VinJedi1995 gave me the idea for Gargoyles and I've been wanting to do a chapter for it for a long time. NicoChan11 gave me the ideas for this chapter. Thanks guys. Let me know what you all think.

See you all next time.

# A Supercomputer Robot

It starts at the estate at sunset.

Me: So what combos did you use in the game Lasher?

Lasher and Liam explained how they fought the Creeper and the Ghost of Captain Cutler and used a combo called SNOWBIRD TENTACLE EVISCERATION. Lasher used his Symbiote Tentacles and Liam fired a blast of Thundersnow and they turned into tentacles with Snow Owl tips and slashed the Creeper and the Ghost of Captain Cutler apart.

Me: That was well done you two.

Liam: (Southern Accent) Thanks J.D.

Carmen: You were awesome my southern cow-pie.

Liam: Aw thanks my dumpling.

Ramon H.: You two always come up with such cute names for each other.

Carmen: Thanks Ramon.

Me: Yeah. How about you Flint? How did you beat Shiv?

Sandman explained that he and Luan & Lensay used a combo on him called DESERT LIGHTSTORM RACCOON. Sandman fired a blast of his sand and Luan and Lensay fired a blast of green and pink light. The blasts combined and turned into a glowing Raccoon and it hit Shiv and exploded in a powerful explosion of light and vaporized him.

Me: That was awesome guys.

Luan: Thanks J.D. it certainly lit up the place. (Laughs to rimshot) Get it?

We laughed at Luan's joke.

Me: (Laughs) That was a good one.

Sandman: That was funny.

Me: It was. What about you, Cheetah and Aylene, Logan?

Wolverine, Cheetah and Aylene used a combo on Sabretooth called FIRE BEAR MAULER. Aylene enveloped Wolverine and Cheetah in a blast of fire and they became 2 big grizzly bears made of pure fire and they slashed and mauled Sabretooth to pieces and killed him.

Me: That was impressive you three.

Aylene: Thanks J.D.

Wolverine: These combo moves are all perfect.

Cheetah: Yeah.

As we were talking something was going on down at the Gotham Royal York Police Impound Yard.

Inside the warehouse was Batman? But this Batman was different. He had piercing red eyes and he was looking for something. He found a familiar symbol on a box.

Batman (?): H.A.R.D.A.C.

He looked at the symbol and a voice in his head talked.

H.A.R.D.A.C.: Symbol recognition confirmed.

Batman (?): What in?

He looked around some more and found a strange circuit board. A set of machine plans formed in his vision.

H.A.R.D.A.C.: Initiating startup program.

His red eyes blinked and he was in pain. He pulled back his mask and skin and revealed that he was really a Robot. A Robot far more advanced than anything we know. He grabbed the circuit board.

H.A.R.D.A.C.: Prepare to insert operational circuitry.

He put the circuit board into his forehead.

H.A.R.D.A.C.: Initiating diagnostic and repair sequences.

The Batman symbol went down and some repair wires came out. They repaired his damaged systems. He put his skin and mask back on.

H.A.R.D.A.C.: Warning. Memory error detected. Reconfiguring pneumonic files.

Computer beeping was heard in his head.

Robot Batman: What are you doing to me?

H.A.R.D.A.C.: A learning program designed to complete your memory files and help you better fulfill your operating directives.

---

H.A.R.D.A.C.: (Narrating) **Shortly before self-destruction, H.A.R.D.A.C. created one final duplicate. An advanced prototype with personal and technical information accessed from Batman's computer. You were that duplicate.**

H.A.R.D.A.C. made an advanced robot and put artificial skin on it and it looked exactly like Bruce Wayne. It awoke and its eyes glowed red.

H.A.R.D.A.C.: **But your memory systems were damaged before full activation occurred.**

When H.A.R.D.A.C. exploded the Batman Duplicate was in a crate and it was knocked over in the explosion. The crate with the Batman Duplicate was taken to a warehouse.

H.A.R.D.A.C.: **The new circuit board contains H.A.R.D.A.C.'s core operational systems and memory. All Duplicates were programmed to seek out this component in the event of H.A.R.D.A.C.'s destruction.**

FLASHBACK ENDS

H.A.R.D.A.C.: Your memory systems have now been reconfigured.

H.A.R.D.A.C. Batman: Yes. I am fully operational now.

H.A.R.D.A.C.: Excellent. You now house my command files. We are H.A.R.D.A.C. We will reactivate the plan to replace all humanity with Duplicates.

H.A.R.D.A.C. Batman saw someone coming and he saw Francis and Teresa. Francis now had a red, orange and yellow Falcon Wing pack.

H.A.R.D.A.C. Batman: We will begin the replacement process with Hotstreak and Talon.

They smash through the window and saw Batman.

Francis: Batman? What are you doing here?

Teresa: Francis, I don't think that's Batman!

H.A.R.D.A.C. Batman (scans Francis and Teresa): Hotstreak and Talon identified. You will not interfere in our plan to replace all of humanity.

Francis: Did he just call us by our Bang Baby names?

Teresa: Oh yeah. I forgot that we teamed up with the Joker against Batman that one time.

Francis: Where have we heard what he said before?

He had a flashback to the events of A Supercomputer Army and he remembered that H.A.R.D.A.C. said exactly the same thing when we fought him.

Francis gasped.

Francis: That is not the real Batman, Teresa! That Batman is a robot that was created by H.A.R.D.A.C.!

Teresa: (Gasp) How can that be? H.A.R.D.A.C. was completely destroyed in that explosion!

Francis: He must've had a back up plan ready just in case.

He called me on his watch.

---

We were talking and I got a call on my watch.

Me: J.D. here.

Francis: Boss we got a code HΩ!

Me: What!? H.A.R.D.A.C. is back online!?

Francis: No but he built a duplicate that looks like Batman.

Me: We're on our way!

We set out for the warehouse.

---

The real Batman arrived at the warehouse and Hawkgirl was there too.

Hawkgirl: Batman, were you in a warehouse earlier?

Batman: Of course not. I was in the Batcave for the last 3 hours.

Hawkgirl: Well, there seems to be reports of you attacking Francis and Teresa in a warehouse.

Batman: That's odd.

We flew in and go into the warehouse. In the warehouse I was looking at the robot Batman and I was amazed. My computer eyes were on and they were analyzing the data on the robot Batman.

Me: Wow. The data I'm getting is amazing. This robot is far more advanced than what H.A.R.D.A.C. built when we fought him and those duplicates that looked like us.

Lisa: It's an amazing feat of cybernetic technology.

Ben became Eye Guy.

Ben: EYE GUY!

Me: An Opticoid from the planet Sightra.

Eye Guy: That's right J.D.

Clayface then turned into The Joker.

Clayface: (In the Joker's voice) It's fitting that I should take the form of the Clown Prince of Crime to take down this phony Batman. You ready to laugh it up Robo-Bats? (Laughs Maniacally)

Harley Quinn: Lets get him Mr. J.

Harley had her big hammer ready and Clayface formed a huge hammer as well.

Eye Guy fired an energy blast from his hand eyes and burned the robot Batman.

Clayface and Harley Quinn went at the Robot Batman and had their hammers ready.

Clayface and Harley Quinn: CLAYMUD HAMMER PULVERIZER!

They smashed their hammers into the Robot Batman's chest with incredible force and sent him crashing into the shelves. He got up and lifted the forklift and threw it at us.

Me: Look out!

We dodged and got out of its path and the real Batman came and kicked the Robot Batman and Hawkgirl swung her mace and smashed his chest.

Venom: Lets eat his face.

Eddie (to Venom): Venom, we can't eat this one. You might break your teeth.

Venom: Don't worry, Eddie. When we're done, there probably won't be anything left to eat.

He ate the Robot Batman's skin off.

Me: EW!

Laney: That was disgusting!

Lea: Lets finish him with our combo.

Venom: We couldn't agree more.

Venom fired a blast of web and Lea fired a blast of fire.

Lea and Venom: FLAMING TARANTULA TAKEDOWN!

Venom became a giant tarantula made of pure fire and pulverized the robot Batman. He was offline.

Me: We did it!

Lisa: Indeed 2nd elder brother.

Me: Lets take him back to our lab and reprogram him.

Lisa: Affirmative.

We did so.

---

We made some repairs to its body and reprogrammed him and turned him into Bruce Wayne's assistant.

Me: That was intense.

Maria: It sure was.

Me: Yeah.

Laney: Shego how did you and Maria meet?

Maria: We knew each other before I moved to Dakota City. It was in an elementary school I went to in Kansas. Shego was a skilled chemist. She was really skilled and loaded with promise. We were best friends. But something happened to her when I moved away. I knew my best friend was misguided and when I heard what happened, I made it my mission to save her from the path she set out on.

Me: Wow! That's amazing.

Shego: Yes. Maria never gave up on me since then and I'm forever grateful to her.

Me: That's awesome.

We were proud of her.

THE END

Another Fanfiction Complete.

I've wanted to do the H.A.R.D.A.C. Batman chapter for a while now. After the events of A Supercomputer Army I figured it would be perfect for this. NicoChan11 gave me the ideas for this one. Thanks for that man. As usual. Let me know what you all think.

See you all next time.

# The Seductress Gorgon

It starts in the estate. We were watching TV, Reading Books, playing board and card games and doing our things.

Me: So Patrick how did you beat the Miner 49er and the Gator Ghoul in the Revenge Squad?

Bobby: That was an awesome part.

Patrick: It was a tough one.

Toxin, Bobby and Lori's children used a combo called GOLDWIND RAZOR TENDRILS. Toxin threw bladed tentacles and Bobby and Lori's children covered them in razor sharp gold crystals. They slashed apart the Gator Ghoul and the Miner 49er into dust. Bloody dust.

Me: Great job guys.

Roxanne: Thanks J.D.

Ramon: They deserved it.

Me: Yep.

Francis: Here's how we torched Firefly.

Francis, Quorra and Lola used a combo on Firefly called HELLFIRE FIRESTORM SWORD. Francis and Lola turned Quorra's energy sword into a blade of fire from the darkness of Hell and she slashed Firefly into a thousand blazing pieces and incinerated him.

Me: That was awesome guys!

Quorra: Thanks J.D.

Lola: It was perfect when you have fire on your side.

Francis: Yep.

Clayface: We defeated Riot with our own combo.

Clayface, Sam S.L., Luna and Agony used a combo called RAZORCLAY TSUNAMI CRUSHER. Clayface created a wave of clay and Luna's water made it bigger. Sam's fire combined with Agony's tendrils and the combo crushed Riot in an instant and torched him in burning clay.

Me: That was awesome! Great job guys.

There was a knock on the door and I went over and answered it. It was a man wearing a white lab coat with a black tie and black hair.

Me: Yes? Can I help you?

Professor Utonium: Sorry I'm Professor Utonium and I'm the creator of the Powerpuff Girls.

Me: Oh wow! It's a pleasure to meet you Professor. The girls told us a lot about you. Come on in.

He did so and the girls saw the Professor.

Blossom (Adult): Professor!

Professor Utonium: Girls!

The girls young and adult hugged him but both Bunny's were afraid.

Blossom (Adult): It's great to see you here.

Bubbles (Adult): We missed you.

Professor Utonium: I missed you too girls.

Me: We have something of interest to tell you professor. A secret you were never told about.

We explained all about the fourth Powerpuff Girl, Bunny.

Me: You see Professor, the girls made a fourth Powerpuff Girl, Bunny. They were overworked and lots of things were happening all at once and they were overworked to the brim. Not just in the city but at home as well. So the girls decided to get some help and they made Bunny.

Professor Utonium: How did they make her?

Me: They used Artificial Sweetener, dirt and twigs and all kinds of stuff for everything nice. They added Chemical X kinda on purpose and they made Bunny. This is what she looked like before.

I handed him a picture of Bunny. Bunny in the picture, unlike the Powerpuff Girls who are short and stubby, is large and tall. She also has messy, brown hair tied in a ponytail by a black hair-twister, purple eyes, bright peach skin and wears a purple dress with a black stripe, white stockings, and black Mary Jane shoes.

Professor Utonium: She sure turned out wrong.

Me: Yeah. But the girls tried to set her on the path to fighting crime straight away. But things quickly went south fast. She thought that the police were the bad guys and the criminals were the good guys. She locked the police in jail and set the criminals free. The girls shunned Bunny away because of it and then they were pummeled by all the criminals. Bunny came back and beat them all up. She saved them. But after that, tragedy struck. Bunny exploded and there was nothing left of her. She was completely unstable and the explosion broke her down into her original ingredients. The girls were totally grief-stricken. They were devastated by what had happened. Bunny was only a day old when she died. 12 years later on the anniversary of her death, Heaven gave Bunny a 2nd chance and brought her back to life as both an adult and a young one.

Blossom (Adult): It's true professor. She's back.

Blossom (Young): Yes.

Me: You can come in now.

Both Bunny's came in and the professor was shocked.

Bunny (Adult): Hello dad.

Bunny (Young): It's a pleasure to meet you.

Professor Utonium: Oh my babies.

He hugged them for the first time. We then took the Professor on a tour of the estate. He saw everything. When we got to the fighting grounds we had an uninvited and unexpected visitor. It was the malevolent seductress villainess and enemy of the Powerpuff Girls, SEDUSA!

Sedusa: Hello, Professor. Did you miss me?

Professor: Sedusa?!

Sedusa: I really felt devestated when you broke up with me. So I think a little revenge is in order!

Me: So you are Sedusa.

Bubbles (Adult): You are still as ugly as you were then as you are now.

Lori: Your outfit is literally the most disgusting I have ever seen.

Eddy: You are one disgusting Queen of XXX!

Me: Whoa! Eddy this is a kids story and we can't mention stuff like that in here.

Eddy: Oh oops.

Blossom (Adult): Now, Sedusa. Let's talk about this.

Sedusa: Too late, Blossom. You and your new friends have been busy killing my friends at the Legion of Doom. Well, now it's time for you to lose someone that you care about!

She launched her hair as spears right at the Professor and just as they were about to skewer him I slash her hair and cut it off.

Me: You will pay for everything you've done Sedusa.

Lori: Using feminine wilds to get what you want? Trading on your looks? Read a book sister, that trend literally died long ago. Chicks like you literally give women a bad name!

Lori kicked Sedusa in the face and punched her in the stomach and the face and she blew her into the training dummy with incredible power with her wind powers.

Sedusa: (ENRAGED) YOU WILL PAY FOR THAT YOU BRAT!

She ran at Lori and Frightwig jumped in front of her and bashed her all over the place with her hair puncher tentacles.

POW POW BLAM BIFF CRACK POW BLAM SMACK POW BLAM!

She knocked her into another post.

Ben became Ditto.

Ben: DITTO!

Me: A Splixson from the Planet Hathor.

Ditto: That's right. Watch this.

Ditto split into 6 and went at Sedusa with incredible speed and agility and punched her all over the place with incredible power and strength.

Me: Wow! Talk about fighting an army.

Sedusa got up after Ditto left and went at us again.

Frightwig: Between you and me, Sedusa, I'm the real hair fighting master!

Sedusa got up and went at Frightwig and she used her hair but Frightwig dodged all her attacks and punched her some more. She knocked her down.

Fuzzy came and punched her in the face.

Professor: Fuzzy!?

Sedusa: (Wipes blood off her face) Fuzzy!?

Me: It's a long story Professor.

Fuzzy: Lets use our combo on her Frightwig!

Frightwig: You got it Fuzzy.

Fuzzy fired his meat gun and turned her hair into giant hammers made of ham.

Fuzzy and Frightwig: HAM-MER BALL STRIKE!

She pulverized Sedusa ferociously with them.

Luan: (Laughs) Ham-mer! I get it!

Me: That is too funny!

Leslie: Lets go guys!

Leslie became Agony and Sam, Luna, Luan and Lensay were going at her.

Agony: Lets use our combo guys!

Luna: Got it!

Luna called a massive geyser of water to erupt out of the ground and Luan and Lensay fired a blast of red light and heat it up.

Agony caused her tendrils and whipped Sedusa.

Agony, Luna, Sam and Luan: YELLOWSTONE GEYSER TENDRIL ASSAULT!

Sedusa was pulverized a lot.

Me: Now to make sure you never use that hair again Sedusa.

We all take out a pair of scissors and snip it all off her head.

Sedusa: NNNNOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We beamed Sedusa to the Uranus Prison where she will stay forever.

Me: Good riddance to bad rubbish.

Rachel: You said it J.D. That woman made all us women everywhere look bad.

Me: You said it Rach.

We then resumed our tour and the city was now one more villain less.

THE END

---

Another Fanfiction Complete.

Sedusa was one of the most insidious villains in the Powerpuff Girls. She is the worst woman in the world and she disgraces them everywhere. NicoChan11 gave me the ideas for this one. Thanks for that man as always. Funny thing is she was never introduced in the 2016 version of the Powerpuff Girls. Let me know what you all think.

See you all next time.

# Thanksgiving Tussle

HAPPY THANKSGIVING 2018 EVERYONE

---

It starts with me in the kitchen. I was helping Lynn Sr. and Rosa cook.

Lynn Sr.: Hey J.D. can you hand me that bag of potatoes up there? (Points to a high cabinet)

Me: Sure Mr. Lynn.

I fly up and grabbed it.

Me: There you go Mr. Lynn.

Lynn Sr.: Thanks J.D.

Me: You're welcome. (To the viewers) Hey folks. Today is November 22nd, 2018 A.K.A. Thanksgiving. And today is a very important part of our history here in America. 397 years ago today in 1621, the Pilgrims celebrated the 1st ever Thanksgiving in Plymouth, Massachusetts and it's been a part of our country's tradition ever since. Mr. Lynn Loud Sr. and Ms. Rosa Santiago cook an awesome Thanksgiving feast. I love Thanksgiving because of the Football Games and I eat a lot of turkey and mashed potatoes and gravy.

Rosa: (Spanish Accent) You are a growing boy superhero J.D. You need to eat.

Me: I know Ms. Rosa. (To the Viewers) Everyone in the Estate loves Thanksgiving and they have great ways of expressing it and eating dinner.

I go into the Living Room and Bobby and Lori were sitting on the couch and watching the Macy's Thanksgiving Day Parade on TV.

Me: How's the future Husband and Wife doing?

Bobby: Great J.D. amigo.

Lori: This is literally going to be the best Thanksgiving ever!

Me: Is this your first ever Thanksgiving together Lori?

Lori: It is.

Me: Cool. (To the Viewers) Lori and Bobby love watching the Macy's Thanksgiving Day Parade in New York City on TV and the funny thing is because Gotham Royal York is a fusion city of Gotham, New York City and Royal Woods all together we have a Macy's Thanksgiving Day Parade too.

Lori: That is literally coincidental.

Me: I know but because of the high crime rate security is tight.

Bobby: J.D. we can't thank you enough for bringing my extended family to Gotham Royal York.

Me: No problem amigo. (To the Viewers) You're all probably wondering what Bobby meant by that. Let me explain.

---

Before the events of the simulated adventure of the Loudest Mission: Relative Chaos, Lori got word about Bobby, Ronnie Anne and Maria moving.

Lori: YOU'RE WHAT!

Her scream caused the birds to fly away scared.

Me: (Narrating) **It was 2 years ago in 2016 and Lori found out about them moving away and she was not happy about it at all.**

Me, Varie, Lincoln, Lori and Laney were in Vanzilla and we were driving to the Santiago residence. We arrived in 5 minutes.

Me: **Lori was really upset when she found out that they were**

**moving and she begged them not to go. I couldn't stand to see such a loving couple be broken up like this. When Bobby promised that they will see eachother again I made a counteroffer.**

Past me: Hey guys I have a better idea. Instead of having you all move to Toledo, Ohio to be with the Casagrande's how about you all have the Casagrande's move here to Royal Woods?

Maria liked that idea.

Past Maria: J.D. that is a fantastic idea. How about you and Varie fly to Toledo to tell them.

Past Me: Okay. Varie lets head out!

Past Varie: Okay.

We both flew over to Toledo.

Me: **We told the Casagrande's about it and they graciously accepted and so did Johann and Varya. This was just 2 days before that tornado destroyed the Santiago house.**

FLASHBACK ENDS

Me: And that's how we brought them here.

I go over to the table and Leni hands Lincoln a pillow.

Leni: Here's your pillow Linky.

Me: (To the viewers) Every year on Thanksgiving, Lincoln eats so much turkey that he passes out and misses dessert. He told me so himself.

Lincoln: That's right J.D.

Lynn came in and she was wearing baggy track pants.

Me: Hey Lynn. You excited for all the football games today!?

Lynn: You know it J-sled!

Lightning: Lightning loves football too man!

Me: You know it Lightning! (We high five) (To the viewers) Lynn and Lightning love Thanksgiving because of one thing: The Football Games. The Detroit Lions play on Thanksgiving and they are playing against the Chicago Bears and Lynn and Lightning love all the football games that are gonna be on today.

Shannon came down and she had an Anti-Chicago Bears shirt on.

Shannon: Boo! Chicago stinks!

Me: (To the viewers) Because of Shannon's bad history in the Chicago Projects she has developed a vendetta against the city in its entirety including the Chicago Bears.

Shannon: I know J.D. I'm sorry.

Me: It's okay Shannon.

I go up to Lucy's Vampire Crypt in the gothic house. I knock on Lucy's coffin.

Lucy: Who is it?

Me: Sorry to bother you Lucy, but do you like Thanksgiving?

Lucy opened her coffin and rose out like Dracula.

Lucy: Thanksgiving is not one of my favorite holidays 2nd brother. But I like Thanksgiving because of the cranberry sauce.

Me: That's all right Lucy. Oh yeah.

I pull out a cooler and give Lucy a packet of fresh blood.

Me: Here you go Lucy.

Lucy: Thanks brother.

She drank it.

Lucy: Mmm. He had pizza before he gave it.

Me: It's cool how you can taste what's in the blood.

Lucy: It is. Thank you for the blood.

Me: No problem. Save room for the Cranberry sauce.

Lucy: I will.

I go to the art studio and saw Laney and Frida painting.

Me: Hola Ms. Frida. What are you and Laney painting?

Frida: The theme this year is Emotionally Raw Vegetables.

Me: Cool! (To the viewers) Every year Ms. Frida paints a family portrait for the Casagrande's. But because Lori and Bobby are getting married soon, it's gonna be the Loud-Casagrande's.

Laney: I think it's adorable.

Me: I do too Laney. Ms. Frida something is missing.

Frida: What's that?

Me: A Cornucopia.

Frida: Ay Caramba! Why didn't I think of that?

Me: No worries.

I use my powers and made a giant cornucopia in the sofa and turned the pillows into fruit and vegetables.

Me: There!

Frida: J.D. that is amazing!

Laney: It's beautiful!

Me: Thank you. Cornucopias are an amazing treasure for Thanksgiving.

Guitar playing was heard and I saw Hector and Fuzzy playing guitar and banjo on the sofa.

Me: Hey Mr. Hector. Hey Fuzzy.

Hector: Hola J.D.

Fuzzy: Howdy.

Me: (To the viewers) On Thanksgiving, Hector serenades the families with music. Fuzzy does so too.

Luan then came and she had a cart full of pies for dessert.

Luan: Hey J.D. do my pies look okay for our dessert?

Me: Your pies look fantastic Luan. Pumpkin, Pecan and others right?

Luan: You know it J.D. Pie think you will love them. (Laughs to rimshot) Get it?

I laugh at Luan's joke.

Me: (Laughs) That was a good one Luan. (To the viewers) Luan makes the pies every Thanksgiving.

I then go to the Casagrande Bodega in our estate and come in with a big bunch of cans of food we don't use.

Me: Hey C.J., Carlitos and Ronnie Anne.

Ronnie Anne: Hey J.D.

C.J.: What's happening? Whoa! That's a big donation!

Me: Yep. (Grunts and puts them down) Whew! (To the viewers) Ronnie Anne, C.J. and Carlitos are in charge of the annual Casagrande Food Drive.

Carlitos: Yep. We're gonna try to double last years donations.

Me: I think I might have quadrupled that.

C.J.: You sure did J.D.

We laughed.

Me: Yep.

I go back into the estate and go back into the kitchen. I noticed a big lock on the fridge and Lana, Lola and Lila are guarding the fridge and the food and making sure that Lynn Sr. cooks the dinner.

Lana: Hold it!

Lola: No one touches the food until dinner this evening!

Me: (To the Viewers) Lola, Lana and Lila always guard the kitchen to make sure that no one touches anything until dinner. Not one crumb of food gets out of their sights. They call themselves the Feast Force. It's very fitting for them.

Lila: That's right big brother. No one touches food on our watch.

Me: And you're doing a great job guys. Keep it up.

Nico: Hey J.D.! Are you excited for Thanksgiving!?

Me: You know I am dude! What do you like best about it?

Nico: The Turkey!

Me: Oh yeah!

We then had a nice talk on the couch as we were watching the football games.

Me: Come on Detroit! Normally I'm a fan of the Denver Broncos but they're not playing today.

Lincoln: I believe it J.D.

Lynn: Whoo!

Carl M.: I haven't watched football in a long time.

Me: I can tell. What combo did you use in the game Carl?

Phage, Linka and Shannon used a combo called DARK LIGHTNING SPEAR TENDRILS. Phage threw his spear tentacles at the Black Knight Ghost and Old Iron Face and Linka and Shannon fired lightning and black magic and they combined with the tentacles and killed them in an instant.

Me: Awesome job guys.

Xion: Dark Danny really gave us a challenge.

Jared: He sure did dad.

Xion, Jared, Heidi and Ariel's sisters used a combo called LIGHTFLAME MERMAID TORRENT. Xion fired a blast of light and Jared fired a blast of fire. Heidi and Ariel's sisters fired a blast of water and ice and they all combined and turned into a water mermaid on fire and obliterated Dark Danny in an instant.

Me: Great job guys.

Jared: Thanks dad.

Heidi: It was awesome grandpa.

Me: I know.

Arpeggio: (British Accent) You'll like our combo.

Arpeggio, Lana, Shanan, Prohyas and Vambre used a combo called LEAF ROC BLIZZARD. Lana encased Arpeggio in ice and he became a giant Roc Bird made of ice and Shanan covered it in leaves and Prohyas and Vambre used Celery and Cactus Magiswords and made Arpeggio into a deadly force. He obliterated Leonard.

Me: Awesome job guys!

Vambre: (British Accent) Thank you J.D.

The alarm went off and we went to the computer.

Me: Uh oh! This can't be right. It says here that Santa Claus is attacking a family in a cabin in the mountains of Kentucky.

Lincoln: Why would he do that?

Me: I don't know. But clearly something evil is going down in Kentucky and in the North Pole.

Lana: But we have to be back before dinner.

Me: I know.

Ronnie Anne: I'll watch the kitchen for you all until you get back.

Me: Thanks Ronnie Anne. We owe you another one. Lets roll!

We set out for Kentucky.

---

KENTUCKY - 6 Hours until dinner.

We were flying over Kentucky and we saw a huge battle going on. It was the Smith family fighting Santa and his elves and this wasn't right.

Me: Looks like a full scale war is going on.

Lincoln: No kidding.

Varie: Wait a minute. That is not Santa Claus.

Aylene: How can you tell Varie?

Varie: Because the Santa we know would never hurt people or kill them.

Me: She's right. This Santa is doing everything that God is against.

Lana: Not only that but he's destroying the spirit of Christmas!

Carol: We have to stop them!

Me: Come on!

We went at them and I fired a blast of fire at the elves and incinerated them. Carol fired a blast of Godzilla's Atomic Ray and blew apart most of the reindeer. Vince and Nico fired energy and crystal shards at the elves and reindeer and vaporized them.

Stan: It's Team Loud Phoenix Storm!

Steve: This is awesome!

Hayley: I'm glad they're helping us.

Francine: Me too.

Carol fired King Ghidorah's gravity lightning and blew most of the reindeer and elves to pieces.

We killed all the elves and Lana had one of the reindeer as a pet and Laney fired poison barbs at the rest of the elves and killed them. Until it was just me and the evil Santa.

Me: What have you done with the real Santa!?

Santa (?): I am Santa.

Me: (Censored)! The Santa we know would never kill innocent people!

Satan Claus: You're right! I'm not my idiot brother! I'm his evil twin Satan Claus! (Evil Laughter)

We gasp in sheer horror!

Stewie: Brian, I'm getting a weird case of deja vu.

Brian: Tell me about it. First, Evil Adam West. And now, Satan Claus? Who's next? Long John Peter?

Me: The Devil of Christmas!

Lori: Who is Satan Claus?

Me: He's the forgotten twin brother of Santa Claus. He's pure evil incarnate and instead of giving he kills. He's the complete opposite of Santa. What have you done with him!?

Satan Claus: I imprisoned my idiot brother and his elves in the North Pole and turned his factory into a nuclear weapons sweatshop. Soon when Christmas comes I will destroy the entire human race with a barrage of nuclear bombs and antimatter bombs and destroy this (Censored) planet (Evil Laughter).

Me: You're a monster!

Tara: We won't let you do this Satan Claus!

Brian: That's right!

Stewie: I'd say that it's nice to see you again, Satan Claus. But that would be a lie!

Satan Claus: Do I know you?

Brian: No. But we did know a different version of you. And we're gonna do to you what we did to him!

Me: Lets get him guys!

Ben became Arctiguana.

Ben: ARCTIGUANA!

Me: A Polar Manzardill from the planet X'Nelli.

Arctiguana: That's right J.D.

Satan Claus had more elves and Arctiguana blew his ice breath and froze them in blocks of ice and Carol fired King Ghidorah's gravity lightning and blew them all to pieces. I punched Satan Claus in the face and pulled off his beard and kicked him in the face and punched him in his nose and fired a blast of energy at him that blew his left arm off. I kicked him in the fat stomach and Carol fired Godzilla's orange atomic ray at him and blew holes into his stomach in a fiery mess.

Quorra slashed him in the stomach and kicked him in the face and Lola fired a blast of fire and Kraven slashed and kicked him.

Quorra: Lets use our combo on him.

Lola: Right!

Kraven: (Russian Accent) You got it Comrade.

Quorra threw her ID disk and Lola enveloped it in fire and it became a giant spinning fire saw blade and Kraven got on it and became a dragon of pure fire.

Quorra, Lola and Kraven: DRAGON FIRESAWBLADE HUNTER!

The dragon saw blade hit Satan Claus and blew him in half in a huge fiery explosion.

But his immortality was keeping him alive.

Teresa: Lets use our combo on him guys!

Lana: You got it Teresa.

Shanan: Lets get him!

Teresa fired a sonic blast, Lana fired a blast of ice lightning and Shanan fired a leaf blast.

Announcer: RADIATOR AND RAIN CLOUD MAGISWORDS!

Prohyas and Vambre: SUPER TEAMWORK COMBO: SCALDING RAIN DELUGE!

Teresa, Lana, Shanan, Prohyas and Vambre: SONIC WEATHERSCALD RAIN!

The attacks formed a raincloud that rained scalding hot rain that moved fasted than a bullet fired from a gun and it burned Satan Claus badly.

Me: Now to finish him with our newest 7-Way combo. This has never been attempted before but lets do it!

Lola, Natilee, Luan, Lori, Lucy, Lincoln and Me got into dance poses.

(A Moment of Peace by the Gregorian Chant Plays)

Lola: VALENTINES DAY!

A heart with an arrow appears in the background and hearts float above her.

Natilee: ST. PATRICK'S DAY!

A four-leaf clover appears in the background behind her and shamrocks, bagpipes and everything Irish floats behind her.

Luan: EASTER!

A rainbow Easter Egg appears behind Luan in the background and candy, chocolate bunnies and more eggs float.

Lori: INDEPENDENCE DAY!

The flag of the United States of America appears behind Lori and fireworks go off behind her in the background.

Lucy: HALLOWEEN!

A scary jack-o-lantern pumpkin appears behind Lucy in the background and ghosts, bats and monsters float as evil laughter is heard.

Lincoln: THANKSGIVING!

A turkey appears in the background and pilgrim hats, roast turkeys and all the traditional food of the thanksgiving feast float.

Me: AND CHRISTMAS!

A Christmas Tree appears behind me in the background with the Star of Bethlehem above it and Christmas ornaments, presents, carolers, decorations and Christmas trees float.

We had symbols appear in our hands representing each of the seven major holidays of the year.

We fired beams from the symbols at Satan Claus.

Lola, Natilee, Luan, Lori, Lucy, Lincoln and Me: SEVEN HOLIDAY DESTROYER!

We fired beams of light shaped like the seven symbols of the major holidays at Satan Claus and they hit him.

Satan Claus: NOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO!

The combo blew him apart in a tremendous explosion.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared all that was left of Satan Claus was his head.

Stewie just threw a television onto Satan Claus head, killing him.

Stewie: Yeah! Check that twice, (censored)!

Venom: I think you enjoyed that a little too much.

Me: We all did but that was awesome!

We all cheered wildly.

Then his evil spirit appeared.

Nicole: You will never be welcome in our world again! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

His evil spirit went into the Book of Vile Darkness.

Satan Claus: DAMN YOU J.D. KNUDSON!

Stan: That was amazing!

Me: Thanks Stan. I'm glad you're all okay.

Francine: Thanks to all of you J.D.

Hayley: I knew there was something evil about that version of Santa.

Varie: We all did Hayley.

Me: Yep. Now we have to head up to the North Pole and destroy that sweatshop. Lets go!

We did so.

---

NORTH POLE - 2 hours until dinner.

We had our warmest fur coats on and we arrived at a massive factory in the middle of the North Pole.

Me: Wow! This is a massive factory.

Luna: No kidding dude.

Lori: This is literally wrong on so many levels.

Me: And Satan Claus was gonna use this to destroy the world.

We went into the factory and we saw that it was a massive factory and sweatshop. We saw that Satan Claus had enslaved all of Santa's Happy Little Elves and making them work without a break.

Me: This is insane!

Elf 1: It's Team Loud Phoenix Storm!

Elf 2: We're saved!

Elf 3: Did you come to free us?

Me: We did and we killed Satan Claus.

Elf 4: We're free!

They cheered wildly and destroyed their work and came to us.

Elf 1: Thank you so much guys.

Me: You're welcome. Where's Santa.

Elf 5: This way.

We went down to the basement and found him tied up in a bag full of letters to him. He was gagged with a bandana.

Me: Santa.

I go over and take the bandana off him and open the bag.

Me: Are you all right?

Santa: Yes J.D. thanks to you.

Me: Satan Claus turned your workshop into a sweatshop to make nuclear and antimatter weapons to destroy the planet.

Santa: Yes. I heard you stopped him.

Me: We killed him.

Santa: Good riddance.

Rachel: I'm sorry this happened to you Santa.

We got him out of the bag of letters.

Santa: It's all right Rachel. But you all saved the world from my evil twin brother. We have a lot of work to do.

We got out of the basement and then we saw Laney fighting a creature in a loincloth and he had almost no hair and ugly teeth.

Me: (Gasp) That's Gollum from Lord of The Rings!

Lori: He was literally disgusting!

Me: He sure was.

Laney punched him in the face and kicked him in the stomach.

Laney: I read about you in Lord of The Rings and you are one ugly freak! MURDERER!

When he heard that word he snapped and went at Laney. He was very skilled and agile and Laney kicked him in the face and knocked out some of his teeth and she formed a plant sword dripping with sulfuric acid from the blade and she slashed him in the stomach and burned him badly and he was on his last legs.

Laney: You are a freak! You killed your best friend all for a worthless little ring. A worthless little gold ring.

Gollum: Precious is not worthless!

He jumped at her and she flipped him over her and kicked him in the back and slashed him in the arm and burned his whole arm off.

Laney: You are a disgusting freak of nature! You should've died a long time ago on Middle Earth.

Laney then slashed his head off and killed him.

Nicole then sealed him into the Book of Vile Darkness for all eternity.

The elves cheered wildly.

Me: Great job Laney.

Laney: Thanks J.D.

We blew apart the sweatshop and dismantled all the bombs and set everything back to normal.

Santa: J.D. we all can't thank you enough for saving us, the world and all of Christmas.

Me: You're welcome Santa. We couldn't let Satan Claus get away with everything he was doing and he was going to destroy the entire planet.

Santa: Yes. My brother was a disgrace. He was a total mockery to the spirit of Christmas.

Varie: I'm glad he got what was coming to him.

Aylene: Me too.

Blossom (Adult): He deserved it.

Bubbles (Adult): Oh yeah. Santa can we show the plaque?

Santa: Certainly Bubbles. You've all grown from those little girls that saved Christmas all those years ago.

Buttercup (Adult): Feels like forever ago doesn't it?

Me: What happened back then?

Blossom (Adult) Princess Morbucks went up here to the North Pole just as Santa was about to leave to deliver his presents and she switched the lists and put everyone all over the world on the Naughty List and only her on the Nice List.

We gasped in horror.

Me: Princess did that!?

Bubbles (Adult): She sure did.

Buttercup (Adult): She got Superpowers from Santa as a result. but in the end Santa found out her true colors and put her on this.

We came across a red plaque with the head on the Devil on top and the word NAUGHTY written in big red letters with the end of the letter Y being a Devil tail and it had 5 names written on it:

BILL McCRACKEN

RYAN FAUST

ADOLPH SCHICKELGRUBER

STEPHEN FONTI and lastly

PRINCESS MORBUCKS

Me: So this is the Permanent Naughty Plaque.

Blossom (Adult): Yep. It's for children that are so naughty that they are completely irredeemable and there's no hope for them.

Bubbles (Adult): As a result they get coal only until the day they die.

Buttercup (Adult): And Princess Morbucks was the naughtiest girl ever until Lola and Lana killed her.

Lana: Yeah.

Lola: Good riddance to that miserable freak!

Lila: She deserved it completely.

Bunny (Adult): You said it.

Me: I agree girls. That girl was a sociopathic monster.

Luna: Dude. I'm glad she got what she deserved.

Lisa: Indeed elder sister. Princess Morbucks deserves to spend every second of eternity suffering in the darkness of the Netherworld for all time.

Me: Well said Lisa.

Blossom (Adult): Funny thing is on this plaque is that Bill McCracken, Ryan Faust and Stephen Fonti are based on three of the creators of our show The Powerpuff Girls from 1998 to 2005.

Me: Oh that is too funny. And the third to last name I recognize. It's "HIS" name. Emphasis on the word "HIS". Saying his name is ANTI-GOD!

I look at my watch and saw that we have half an hour left.

Me: Oh man! We got to get home! We only have half an hour left before dinner!

Varie: We better hurry.

Me: Lets go.

I used Instant Transmission to beam us all home.

---

HOME - 10 Minutes till dinner.

We arrived home.

Me: Hey we're home.

Lynn Sr.: You all made it just in time.

Me: Thanks goodness.

We sat down and said our grace. We then got to eating.

Me: Happy Thanksgiving everyone.

Everyone: Happy Thanksgiving.

Fuzzy: Thank you so much for being such great friends.

Me: You're welcome Fuzzy.

Professor Utonium: How did you gets become friends with Fuzzy Lumpkins?

Me: It's a long story Professor.

---

It was during the events of Befriending a Lumpkins.

Me: (Narrating) **We were camping that day in the forest outside of New York City and we heard a gunshot and Blossom told us all about Fuzzy's history and how he lived in total isolation. We then decided that he should never live in isolation forever. So we decided to help him and become his friend because no one should ever be alone forever.**

FLASHBACK ENDS

Professor Utonium: Wow. I'm amazed.

Fuzzy: Yes. It changed my ways and life.

Nico: I'm so happy for you Fuzzy.

Mindy: Me too.

We had a great dinner and some awesome desserts. Later we got ready for the biggest after Thanksgiving Shopping Extravaganza ever: BLACK FRIDAY!

Another Fanfiction Complete.

HAPPY THANKSGIVING EVERYONE! I love the turkey and the mashed potatoes. I got the idea for this chapter from the fight scene from the American Dad episode For Whom the Sleigh Bells Toll and my dad came up with the name for Satan Claus. It was a joke that was the source of inspiration for it. We also got the idea for the sweatshop idea from the Family Guy Game Back to the Multiverse. The Christmas Sweatshop level. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Gollum was the weirdest monster in all of the Lord of The Rings Movies. Andy Serkis did a great job in all those movies as him with computer graphics and more. I wanted to show everyone the Permanent Naughty Plaque from the Powerpuff Girls Christmas episode Twas The Fight Before Christmas. Let me know what you all think. Again Happy Thanksgiving everyone and have a great Black Friday Shopping Spree.

See you all next time.

# Black Friday Wars

It starts at the mall in the Early Morning hours. The time was 11:45 PM.

Vanzilla 2.0 is parked outside of the mall in the parking lot.

Lori: This is literally gonna be the best Black Friday Shopping Spree ever.

Me: You said it Lori. (To the Viewers) I'm sure you're all wondering why we're parked outside the mall so late in the evening. Well tomorrow is Friday, November 23rd, 2018 A.K.A. Black Friday. Tomorrow is the busiest and most hectic and brutal shopping day of the year and the bargains are awesome. Black Friday is the day where everyone saves money on all kinds of stuff. Toys, movies, games, clothes, everything and we wouldn't miss it. See look.

I point to outside and the camera shows a huge line of people camped outside and in tents, in coats and winter clothes and warm clothes in the cold. The line stretched from the entrance to the mall all the way back to the street.

Me: The lines get extremely long in the early morning hours on Black Friday and when the stores open all of Hell breaks loose and they rush in like a bunch of mad bulls.

Lincoln: That's right and I heard that they get really violent.

Me: They sure do buddy. It's like plowing through a herd of mad elephants. Not only that but it can get very violent during stuff like this.

Lynn: I'm always up for the challenge.

Varie: Me too.

Davis: This is gonna be awesome!

Yolei: You said it Davis.

Bai Tza: This is gonna be exciting. I've never had fun like this with my siblings and Shendu.

Lori: I know. It's a shame everyone else couldn't come with us.

Me: I know but we'll get them something for the heck of it.

Lincoln: That's nice.

I look at my watch and it was 11:58 PM.

Me: Two minutes guys. You ready?

Everyone: Ready.

We got out of the van and it was cold.

Me: Cold. Here we go. Stand ready.

We stood ready and we saw the people come out of their tents and were ready.

Me: You ready to plow through the lines and save money buddy?

Nico: You know it man! I've never been a lover of Black Friday shopping but this is gonna be sweet!

The doors opened.

Me: CHARGE!

We rush in like a bunch of ravenous wild animals and began a relentless shopping spree. We found lots and lots of great deals with prices cut from 65% to 95% off all their original prices. We bought it all: Clothing, toys, jewelry, accessories, kitchen appliances, food, games, comics, and more.

Yolei: I should get something for Davis.

Yolei got Davis some great comics and recipes for noodles.

Maria got nice clothes and jewelry and Elena got cooking stuff and nice clothes.

We were shopping for 8 hours straight until 8:00 AM.

---

At the estate, everyone was watching TV, eating breakfast and reading books and we came in and we were so tired. We had lots of bags of stuff.

Lily: Hey guys.

Me: (Tired) Hey Lily.

Lori: We are literally too tired to talk.

Nico: We'll tell you all how it went later.

Bai Tza: I don't sleep anyway. I get all my strength and energy from water.

Me: We're gonna go to sleep for a bit.

We went up to our rooms to rest for a while. We were so tired that we couldn't even bat an eyelash.

Laney: So how did the shopping go?

Bai Tza: It was awesome Lanes. Here's the receipt.

Laney looked it over and saw that we all have saved over $50,000.00 in money because of good bargains. We spent $25,000.00 and saved that much.

Laney: Wow! That's good saving.

Lisa: Indeed. Black Friday Shopping extravaganzas are an efficient way to save money.

Bai Tza: That's right Lisa. This was all really fun.

THE END

---

Another Minisode complete.

Black Friday is the biggest shopping spree day in the world and it is rough and tough. But I think this chapter speaks it all for itself. NicoChan11 gave me the ideas for this chapter. Thanks man as usual. Be careful out there for Black Friday tonight and tomorrow. Let me know what you all think.

See you all next time.

# Demon in The Mattress

Bai Tza, Lincoln, Earth, Laney and Lana were packing for a long trip.

Lincoln: (To the viewers) Today is an interesting time for us. Bai Tza, myself, Earth, Laney and Lana are going to Nowhere, Kansas and we're going to stay with some people that Lana knows for a while. We're gonna be gone for about 3 months. This is gonna be the ultimate test of our independence.

Bai Tza: You ready Lincoln?

Lincoln: Ready Bai Tza.

Earth: This is gonna be so much fun.

Lana: It sure is Earth.

Rita and Lynn Sr. were crying in tears of happiness.

Lincoln has his laptop for communication.

Bai Tza: Okay guys. We are off.

They flew out to Nowhere, Kansas.

---

They flew over a desert landscape and they arrive at the Bagge farm.

Lana: That's it guys. The Bagge farmhouse.

Laney: Sure looks like a nice farmhouse.

Lincoln: It sure does.

Earth: This is gonna be exciting.

Bai Tza: Lets land.

They did so and landed in front of the front door.

In the living room Muriel was rocking in her rocking chair with her dog Courage on her lap. Eustace was sitting in his chair reading his newspaper. Muriel was a kind elderly woman with grey hair, glasses, green dress, yellow apron and black boots. Eustace was an elderly farmer with a brown hat. glasses, tan shirt, green overalls and black shoes.

There was a knock at the door.

KNOCK KNOCK KNOCK KNOCK KNOCKKNOCKKNOCK!

Muriel: A visitor.

She got up and answered the door.

Muriel: Yes?

Lana: Hello Muriel.

Muriel: Oh my hello Lana. Welcome. And who might you all be?

Laney: I'm Laney Loud, Lana's big sister.

Lincoln: I'm Lincoln Loud, Lana's older brother.

Earth: I'm Earth and I'm one of Lincoln's fiancés.

Bai Tza: And I'm Bai Tza. It's a pleasure to meet you Muriel.

Muriel: You too. Come right on in.

They did so.

Muriel: Eustace.

Eustace: Huh?

Muriel: We have guests. It's Lana and her family.

Eustace: Oh yeah the mechanic girl.

Courage: Lana!

Courage came and he hugged her.

Lana: Hey Courage. You are doing well.

Courage: Things have been quiet here.

Laney: Have they really?

Courage: Uh huh.

Muriel: We have another surprise too. Francesca!

A girls voice was heard.

Francesca: Yes?

Muriel: Come meet our guests.

Francesca came out. She was a beautiful black-hair girl with blue eyes and she had a pink summer shirt and blue pants and sandals on.

Francesca: Oh it's a pleasure to meet you all.

Lana: It's a pleasure too. I'm Lana Loud.

Laney: I'm Laney Loud.

Lincoln: I'm Lincoln Loud.

Earth: I'm Earth.

Bai Tza: And I'm Bai Tza.

Francesca: Oh wow! You guys are apart of Team Loud Phoenix Storm! You're all my heroes!

Lincoln: Are you visiting the Bagge's?

Muriel: No Lincoln. Francesca's parents are dead and we adopted her.

They gasped.

Lana: Oh no.

Laney: Francesca we're so sorry.

Bai Tza: Yeah.

Francesca: It's all right.

Later Muriel had everything set up in the attic for them. They had sleeping bags and spare beds ready.

---

Next morning they had breakfast. Muriel made them really good pancakes.

Lana: Your pancakes are really great Muriel.

Muriel: Thank you dear.

Laney: Our dad is a really good cook and he cooks great food like you do.

Muriel: Ohohohohohoho. Thank you Laney.

Francesca: Grandma Muriel is a great cook.

Bai Tza: She sure is.

Eustace: Mattress special.

Lana: Is something wrong with your mattress Muriel?

Muriel: Yes I'm afraid our mattress is all broken, lumpy and the springs are popping out.

Laney: That can't feel very good.

Lincoln: No it's not.

Earth: Ouch.

Bai Tza: Yeah.

Muriel: Oh a mattress special?

Eustace: With our mattress we'll change your life forever.

Muriel then called the company.

Man on phone: Are you ready to change your life forever?

Muriel: Oh yes. I want to change my life forever.

Courage: This sounds to good to be true.

Francesca: Lets find out Courage.

Courage and Francesca went into the living room and Courage lifted the phone and they listened.

Man: We have a special on our deluxe life changing mattress. It's soft.

Courage gasped.

Muriel: Oh soft.

Man: It's smooth.

Muriel: Smooth.

Man: No lumps.

Muriel: Oh no I don't like lumps. We've got lumps.

Man: We'll send it right over.

Muriel: My address is…

Man: We know. We've been waiting for you.

UH OH!

Courage: Oh!

Francesca: Something is not right.

---

Later that evening Francesca called them and revealed what happened.

Bai Tza: Something is seriously wrong here.

Lincoln: I feel it too.

Laney: Same here.

Lana: Yeah.

Francesca: Whatever it is we have to be ready for anything.

The mattress arrived and it was a strange green mattress. A weasel and a rat carried it in and they saw a glowing green face appear on it.

Courage: I have a bad feeling about this or my name is Ivana and it's not.

Bai Tza: We have to be ready for it.

They go up to Muriel's bedroom and open the door. Everything was covered in a strange green light.

Lana: Muriel something is wrong here.

Muriel: I'm going to have a lovely little nap now. I'll see you all soon.

Bai Tza: We have to find out what's going on.

They went outside and Bai Tza flew up to the window to see what was going on.

Laney: Let me see too.

Laney saw through the window too.

They saw a green mist appear out of the mattress and it went into

Muriel through her nose and she floated up above the mattress.

Laney: We have a case of demonic possession here!

Bai Tza: I can feel it Lanes.

They went into the house.

Francesca: Grandpa Eustace! Grandma is in trouble!

Eustace: Get away from me.

Bai Tza picked him up and they went to the door and opened it.

They looked in and saw that Muriel had green skin, spiked orange hair and her teeth were fangs.

Muriel: (Demonic Voice) **Won't you join me?**

He turned his head around all the way while laughing and it snapped off and they screamed.

Demon: **Oh can one of you guys give me a hand?**

They screamed again.

* * *

Later at midnight they were deciding what to do.

Eustace: Dang mattress. It gave her nightmares.

Francesca: Grandpa Eustace that was not Muriel talking.

(Demon growls lowly)

Francesca: Whoa.

Lana: Francesca's right.

Laney: This is a case of Demonic Possession.

Lincoln: This happened to my sister Lucy and she got her powers as a result because of it.

Francesca: Wow.

Earth: It's true.

Bai Tza: I know demons like this.

Courage: What are we gonna do?

Lana: We have to use an exorcism on the demon.

Laney: It's our only option.

Lincoln: We did the same thing.

Eustace: Be careful guys.

They went upstairs and into the bedroom. The room had ice all over and it was cold.

Demon: **Courage.** (Courage went up to her) **Closer.** (Courage got closer) **Closer.** (Courage got closer and was shaking) **It would be lovely if I could have a cup… of… TEA!**

He pulled the sheets back and he had a tea set on him and Courage screamed.

Courage: AAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHHHHHHHH! What have you done with Muriel!?

Demon: **She's in here with us.**

The Demon lost control for a second.

Muriel: Courage, Francesca help me!

He covered her mouth and regained control.

Demon: **Whoops. (Laughs) That one slipped out.**

Francesca: Let her go Demon!

Demon: **Never! She's mine now.**

Courage: You won't get away with this!

Demon: **Oh yeah? What are you gonna do about it?**

The demon then projectile vomited a huge stream of green slime at them and they dodged it.

Lana threw holy water onto the demon and it burned him.

Laney: I got this guys. (Chants Exorcism Incantation)

Exorcizamus te, omnis immunde spiritus, omni satanica potestas, omnis incursio

infernalis adversarii, omnis legio, omnis congregatio et secta diabolica, in nomini et

virtute Domini nostri Jesu Christi, eradicare et effugare a Dei Ecclesia, ab animabus

ad imaginem Dei conditis ac pretioso divini Agni sanguini redemptis.

Amen!

The demon left Muriel and she was free. But the Demon was floating around as a fog.

Nicole: (Offscreen) You will never possess anyone ever again.

They saw Nicole.

Nicole: (Chants an incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

The demon went into the Book of Vile Darkness. The green light faded and the mattress was just a normal mattress.

Muriel: What happened?

Francesca: Grandma Muriel!

She hugged her.

Lana: Thank goodness you are all right.

Muriel: What happened?

They revealed everything.

Muriel: Oh my. Thank goodness you all saved me.

Laney: You're welcome Muriel.

Francesca: Thank goodness you are okay.

Muriel: Yes.

Nicole: I'm sorry I arrived unexpectedly Muriel. But whenever there's evil I know where it's at.

Muriel: That's all right Nicole.

Nicole: Have a good rest of your night.

Lincoln: Will do Nicole.

Earth: Thank you.

She left and they all went to sleep.

Another Fanfiction Complete.

Part 1 of my Courage the Cowardly Dog saga is complete. The Demon in The Mattress is one of my favorites. That episode had some elements from the movie The Exorcist from 1973. It was so cool! NicoChan11 didn't give me any ideas for this one unfortunately. For Part 2 is the Gangster Fungus. Let me know what you all think.

See you all next time.

# The Clutching Foot

At the estate we were talking about Lana and how they got rid of a demon.

Me: So they got rid of a demon that was inside a mattress possessing Muriel?

Nicole: That's right dad. It was weird but Laney used the Exorcism incantation you used on Pazuzu.

Nico: Wow!

Lori: I'm so proud of them.

Luna: Me too dudes.

Me: Louise what combo did you use on Vexen in the game?

Killer Frost: It was a good one.

Killer Frost and Lucy used a combo called NETHERWORLD BLIZZARD AVALANCHE. Killer Frost fired a powerful blast of snow and ice and Lucy fired a blast of black lightning and they turned into a massive raging snowstorm of epic proportions and it froze Vexen and shattered him into a million pieces.

Me: That's awesome guys!

Killer Frost: Thanks J.D.

Leni: I wonder how Linky and the girls are doing.

---

At the Bagge farm Lincoln and the girls were helping Muriel try and cure Eustace of a fungus on his foot. His left foot was purple and had ugly green growths on it and it was itching like crazy.

Laney: That is one disgusting fungus.

Lincoln: No kidding.

Bai Tza: Yeah. But there's something familiar about it. I can't remember where though.

Muriel came back with a cactus.

Earth: What's the cactus for Muriel?

Muriel: It's one of my family remedies.

She then started scratching Eustace's foot with the cactus and he was screaming in excruciating pain.

Eustace: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHH!

Lincoln: Oh man that's got to hurt!

Francesca: No kidding!

Eustace: AAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHH!

Lana: That hurts worse than when I roll in Poison Ivy!

Earth: Ouch!

Bai Tza: Oh man!

Eustace: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHH

When the scratching stopped Eustace's foot was all covered in Cactus needles.

Laney: Ouch!

Francesca: That didn't work.

Bai Tza: Nope.

In the kitchen Eustace was at the table and Muriel brought in a bucket full of live lobsters and they were pinching their claws.

Lincoln: A bucket full of live lobsters!?

Lana: This is gonna hurt!

Eustace put his foot in the bucket and then…

CRUNCH!

Eustace: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

He shook the bucket and threw it off and a lobster was pinching his foot.

Laney: Ouch! That's not gonna feel good.

Bai Tza: No kidding.

Lincoln: But that didn't work.

Earth: Nope.

---

In the living room they tried one last thing.

Courage brought in a big bucket full of toxic waste and it smelled worse than puke. The smell was so bad that Lana threw up.

Lincoln: A bucket of toxic waste!?

Earth: That is disgusting!

Eustace dipped his foot into it and he screamed.

Eustace: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHH

He pulled it out and it was burned badly but it didn't work either.

Bai Tza: That didn't work.

Muriel: Oh dear. There's just one thing left to do.

* * *

In the kitchen they were trying to convince Eustace that he needed to go to the doctor.

Eustace: I ain't going to no doctor.

Muriel: You really should Eustace.

Francesca: That foot is getting worse grandpa.

Eustace: I ain't going!

Bai Tza: Eustace look at that foot.

Lana: Yeah it's huge.

Muriel: It's as big as a cow. You have to go.

Eustace: Make me!

Muriel: Oh suit yourself but I think it's starting to fester.

Eustace: All I need is a nap!

He put his foot down.

SPLOITCH!

Courage: He sure is stubborn.

Francesca: Tell me about it.

Lana: Yep.

* * *

Later Eustace just finished his nap and he woke up.

Eustace: (Yawns) That's all I needed. A nap. I feel like a million bucks. Yep nap did the trick. Foot feels fine.

But he was dead wrong. His foot was ginormous and it covered half of his body!

Eustace: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHH

He tried to get out of the foot but it kept on covering him and it grew and covered him until he was consumed by it completely.

Courage came in and when he saw the foot he screamed and all his teeth came flying out.

Courage: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Francesca and the gang came in and they were shocked and horrified.

Lincoln: HOLY ACE SAVVY! His foot is huge!

Laney: HOLY MACKEREL!

Lana: Ugly!

Bai Tza: No kidding.

They walked up to it and the foot turned and the toes talked.

Big Toe: (Gangster Accent) I'm the Big Toe see? Nyah see? And what I say goes see? Got me?

Little toes: Yeah got it boss.

Pinky toe: See what? See what?

Big Toe: See this.

He whacked the little toes.

Bai Tza: Now I remember! That fungus is Gangsters Foot! But wait a second. Al Capone? Is that you?

Big Toe: Bai Tza. Its been a long time.

Lincoln: That toe and his toe gang is Al Capone?

Bai Tza: Yes. They were the most ruthless gangsters of all time back in the 1920's and 1930's.

Laney: But that's impossible! Al Capone died 71 years ago in 1947.

Francesca: Now he's back to continue his crime spree!? This is awful!

Lana: No kidding.

Muriel came in and when she saw the foot she screamed.

Muriel: Oh. AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHH! Where's my Eustace!? What have you done with my Eustace!?

Big Toe: Shut up Fat Woman. You won't be needing your husband anymore see? So listen up.

Little toes: Yeah listen up.

Pinky toe: Yeah listen up.

Bai Tza: Muriel that's not just any gangster you're talking to. That's Al Capone and his gang!

Earth: They were the most ruthless mob gang ever to terrorize all of Chicago back in the 1920's and 1930's!

Francesca: She's right Grandma! He's now back to continue his crime spree!

Laney: I've read a lot about Al Capone in my mystery books and he and his gang terrorized a lot of people back then.

Muriel: I've known Al Capone for years. He was a monster.

Big Toe: It's true see. And we're back to finish the job. We're gonna pull a heist see? Yeah a heist. It's Sunday and the Banks are closed so we knock over a bank see?

Muriel: You can't do that. It's against the law.

Earth: Muriel gangsters have no respect for the law and they have destroyed numerous lives in order to get what they want!

Lana: And they also killed numerous people.

The Big Foot gang jumped and pinned Muriel to the floor.

Big Toe: Okay guys, it's like this. You all drive us to the bank or the fat lady gets it see?

Little toes: Yeah or the fat lady gets it.

Pinky toe: Yeah the fat lady gets it.

Bai Tza: Not gonna happen Capone!

She formed a geyser of water and lifted him off Muriel and threw him out through the window.

SMASH!

They all stood ready to fight and Courage looked after Muriel.

Big Toe: Oh so you want to dance see?

Bai Tza: Lets dance!

They went at him and Lana, kicked the little toes and they were hurt bad.

Francesca got onto the foot and pulled the pinky toe back and then…

SNAP!

She broke it and he screamed in pain.

Francesca then punched the Big Toe in the face and Laney used her plant powers and lashed them in the faces with ivy vines and Lana used her ice powers and froze the little toes off.

Lana: Nothing hurts worse than a frostbitten foot.

Lincoln used his lightning powers and electrocuted the foot.

Earth fired a blast of water and drenched the foot.

Laney then tied up the entire foot with her plant powers.

Lana: Now we have to find a cure for this foot.

Laney: Yeah. Francesca I didn't know you could fight so well.

Francesca: When you lived on the streets for as long as I have before I was found by Grandma Muriel you pick up things.

Lincoln: I believe it.

Earth: Me too.

Laney: Same here.

* * *

Later they were on Courage's computer trying to figure out what to do.

Computer: A fungus? Did you think about about regular bathing?

Francesca: It's not us Computer. It's grandpa Eustace that has the fungus.

Computer: I'm not surprised. Well if you all want a cure, you're going to have to bring me a sample.

Lincoln: I'll get it.

Lincoln went downstairs and put on some gloves and he grabbed a piece of the big foot fungus. He went back upstairs.

Lincoln: I got it.

Bai Tza: Good work.

Courage opened the CD drive and put it in. The computer analyzed it and he was disgusted by it.

Computer: YUCH! (Spits it out) PTOOEY! Nasty! There's only one cure for that: dog spit.

Courage was afraid he was gonna have to lick the foot to cure Eustace.

Lana: Don't worry Courage you won't have to lick the foot.

Lana took Courage and rung him out like a towel and put a huge amount of his spit in a bucket. She put him down.

Lana: Sorry about that Courage. But this is all we need.

Courage: That's all right Lana.

Francesca: Lets do this.

Bai Tza: Yeah.

They go downstairs and drench the fungus in the spit and then Eustace emerged from the dissolving fungus and he had bubbles popping all over his head and he was severely weak, dizzy and disoriented.

Eustace: (Groaning) Wool… Socks.

Bai Tza: That did it guys!

They cheered. But Eustace was then sent to the Moon Prison. The reason is because of his attitude.

---

Later Lincoln called us on the computer.

Me: Hey Lincoln.

Lincoln: Hey J.D.

Lana: Hey big bro.

Me: Hey guys. You all having a great time over there?

Laney: We sure are.

Bai Tza: We encountered another thing here in Nowhere.

Bai Tza explained to us what happened and we were shocked.

Nico: Are you all serious?

Earth: We sure are.

Me: After all these years I thought we had seen the last of the nefarious Al Capone.

Lynn: I've heard a lot about Al Capone.

Lucy: He was one terrible gangster back then.

Lily: He sure was. He terrorized all of Chicago back in the 20's and 30's.

Lola: He sounded really bad.

Linka: He was Lola.

Lori: I'm glad he is gone for good this time.

Bai Tza: Yep. We've officially seen the last of him.

Me: Good riddance to bad rubbish.

Rachel: You said it.

Me: Keep us informed of whats been going on guys.

Lincoln: Will do J.D.

The call clicks off and we went to bed.

Another Fanfiction Complete.

Part 2 of the Courage the Cowardly Dog saga is done. The Clutching Foot was one of my favorite episodes in the show. The cool part was the big foot and how he sounded like famous actor Edward G. Robinson. He was one of the godfathers of the crime movies and he was awesome in my dads past. It was funny how the big toe talked. Part 3 is the episode DOME OF DOOM. Let me know what you all think.

See you all next time.

# Dome of Doom

At the Bagge Farm they were trying to grow some fruit and vegetables by hand.

Lincoln poured water on the plant they were growing.

Courage: Mm-hmm.

But the plant died.

Lincoln: Aw man.

Bai Tza: That's a shame.

Laney: Poor plant.

Lana: This place is a dead place.

Earth: Yep. But we can't give up. We have to find a way to get some food.

Laney: I could use my plant powers but I want to use the conventional method for once.

The wind blew and a newspaper hit Courage.

Francesca grabbed it and read an article.

Francesca: Hey look at this Grandma Muriel.

Muriel: "FREE FOOD FOREVER. CALL 555-GLUTTON"

Laney: This could be the answer to our problems.

They called them.

Later a big truck was with them and a man in a suit was too.

Man: We at Mega-Veg are delighted that you and your family have volunteered to test our product.

Bai Tza: You're welcome sir.

Laney: Happy we could help out.

Man: Never before in the L's of agriculture has mankind had an edible product that can withstand the harsh elements of nature.

Lincoln: This is gonna be amazing.

Lana: It sure is.

Earth: Yeah.

Man : Planted under our new Millennium Geodesic Environmental Dome.

Lincoln: Wow! What a dome.

Laney: It's a magnificent structure.

Man: And with just a few of our patented mega-seeds and the press of a button, you'll all have a garden that will be the envy of all your neighbors.

Lana: I can't wait to see this.

Francesca: This is gonna be so cool.

He hands Laney some packages of seeds and opens the dome door and they went in.

Man: Just step inside your new dome home and let the growing begin.

Laney: Thank you sir.

They went in and it was a cool dome. But a hissing sound was heard and Courage saw the man with a blowtorch welding the door suit.

He left.

Courage: On no.

Muriel: Here's the seeds the nice man left us.

Laney: Yep. We have cabbages, peas and tomatoes.

Laney opened the packages and dumped them out.

Lincoln: How does this dome work?

Bai Tza: I think this is how.

Bai Tza was by a button underneath a sign that said Activate Dome.

Lincoln: Okay.

Francesca pushed the button and storm clouds built over the barn with thunder and lightning and a tornado formed. It picked them up and spun them around and it was raining hard. Lightning struck hard as they screamed and ran inside for cover. When the storm stopped 3 minutes later it was sunny again.

Muriel: I hope our little seeds survived.

They went outside and saw an incredibly beautiful garden worthy of Eden.

Muriel: Oh my!

Laney: Wow! What a garden!

Lincoln: It's magnificent.

Earth: The beauty of natures bounty.

Bai Tza: This is a beautiful garden.

Muriel: Lets start the harvest guys.

Francesca: You got it Grandma Muriel.

They went out and started picking vegetables.

Muriel was picking tomatoes and she heard it buzzing somehow. She was shaking it.

Muriel: Oh a honeybee must've gotten lost in here.

Courage sniffed some peas and they roared at him and scared him.

Francesca: What's wrong Courage?

Courage: These plants are alive!

Laney: Well yeah they're supposed to be.

Muriel: I know you're hungry Courage.

She picks the whole plant of peas.

Muriel: I'll have that vegetable stew cooking in no time.

Francesca: I've got a bad feeling about this guys.

Earth: Me too.

---

In the kitchen they were waiting when suddenly they heard Muriel screaming. They ran into the kitchen and saw the pea plant with Muriel wrapped in it and it was going to EAT HER!

Laney: Those plants ARE alive!

Lana: Leave her alone you evil vegetable!

She punched the peas and it let her go and the peas then fired pea balls at Laney and she formed a baseball bat of vines and bat them back. They went into the living room afraid.

Muriel: You know those vegetables you want to eat guys, I think they want to eat us.

Lincoln: I know.

Earth: We have to get out of here!

They ran for the door of the dome and it was stuck.

Lincoln: I can't get it open!

Courage: That man welded the door shut!

Francesca: We're trapped!

Laney found an empty package of seeds.

Laney: What in the world is in these seeds he gave us? (Reads ingredients) "INGREDIENTS: HORNETS, PYTHONS, PIRANHAS!?" Oh dear lord! These plants are the most dangerous animals on the planet!

Lana: Let me see.

Lana read the ingredients and she was shocked.

Lana: These plants are an abomination to nature.

Laney: Wait! I have an idea!

Laney fired a blast of pheromone dust and it made the plants smell like steaks and the plants ate each other and turned into a green mess of roughage.

Lana: What a mess.

Lincoln: That's a lot of salad.

Lana: Way to go Lanes! What did you do?

Laney: I sprayed the plants with a pheromone dust of my creation that makes them smell like steak and they cannibalized each other.

Lincoln: That was very clever!

Earth: Great job Laney!

They cheered wildly for her.

Muriel: Indeed. Great job Laney.

Laney: Lets clean this all up and use my kind of super seeds.

In her hands were super seeds of a different kind.

Lana: You got it Laney.

Lana ate all of the vegetables.

Lincoln: (to the viewers) Now that is a girl that loves to eat her vegetables.

Lana ate 2000 pounds of all roughage vegetables and she was big and heavy.

Lana released a mega belch.

BBBUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUURRRRRRRRR

She was back to normal after belching.

Lana: Excuse me.

They laughed.

Bai Tza: You are a good girl eating your vegetables.

Laney planted her seeds and they became all kinds of fruits, vegetables and more and this time without the animal DNA infused into them. One thing was for sure, They would never run out of food again. And Lana unwelded the door and they were free to go in and out to get clothes and stuff.

Lincoln then called us.

Me: Hey buddy.

Lincoln: Hey J.D.

Me: We saw on the satellites that the farm is in a huge dome.

Lincoln: Yeah. We're now a dome house.

Me: Oh that is cool!

Lincoln: It is. Lila how did Wuzzy beat a Blox?

Lila: It was with me and Yumi.

Wuzzy, Lila and Yumi did a combo called CARNIVORE FLAMER SAWBLADE. Yumi threw one of her fans and it turned into an energy saw blade and Wuzzy turned it into a razor sharp steak and Lila set it on fire. It turned into a flaming steak saw blade and slashed the Blox apart and it exploded.

Me: That was awesome Lila! Well done. Great job turning the farm into a dome guys.

Lincoln: Thanks J.D.

Me: Be safe there man.

Lincoln: Will do.

The call clicked off.

Dome of Doom was one of my favorite episodes of Courage the Cowardly Dog. That episode was like The Little Shop of Horrors on Steroids. But it was a cool one nonetheless. The funny part of Eustace eating all the vegetables in the end and weighing over 4,000 pounds was funny. Part 4 is up next and that is the Cajun Fox. Let me know what you think.

See you all next time.

# Cajun Wars

Lincoln was on the porch with his sunglasses on and he was enjoying the peace and serenity of the dome garden. Earth was with him as he relaxed.

Laney and Francesca were picking some peppers on the pepper bushes for a special cajun dish Muriel was making later on.

Laney: These peppers are gonna be perfect for her spicy cajun gumbo.

Francesca: She's making it for a special annual contest that Nowhere holds every year. She wins every contest they have every year.

Laney: I believe it.

Bai Tza: Me too. This is gonna be so much fun.

Lana: You know it.

In the kitchen Muriel was making her cajun gumbo and it smelled fantastic.

They came in with a basket of cajun peppers.

Muriel: Ah Laney, Francesca those peppers are perfect.

Courage: Mm-hmm.

Laney: I love spicy food Muriel. Me, Lincoln and my sister Lynn are true spice demons.

Francesca: It's a term that's used for people that are lovers of nuclear hot spicy food.

Courage: Oh I get it. You guys must be really tough.

Laney: It's true. Me and Lincoln beat Lynn in a spice off and it was proof that we are tough.

Francesca: That's amazing Laney.

Courage: I believe it.

Muriel: I believe it too Laney. Can you get me the tabasco sauce please?

Laney: Sure.

Laney went to the fridge and got a bottle of hot sauce.

Laney: Here you go Muriel.

Muriel: Thank you.

---

In another part of the town in a cave in the park something evil was cooking.

?: Oooh weee! This is gonna be good. A cup of lizard lips.

The lips were still kissing and he added them to a pot of stew.

?: Pair of elephant ankles. (Adds them) Tablespoon turtle eyes. (Adds them) Ooh woo. I can't wait to win first prize for my granny stew. Last time I tried to make this that stupid dog put me in the pot instead. Now add 1 cute little old granny.

The creature was an old enemy that Courage had defeated before: The Cajun Fox.

Cajun Fox: WHAT!? I ain't got one of them. Well now. (Puts on sunglasses) I'll just have to get me one again.

He left to get a granny.

---

As they were relaxing the fox snuck in. He saw Muriel picking tomatoes.

Cajun Fox: Now there's the Granny I remember.

Lincoln: Hey what's that fox doing here?

Courage and Francesca came out when they heard Lincoln say that.

Courage: Fox!?

Cajun Fox: Remember me, dog?

Courage: Oh no! Not you!

Cajun Fox: So you do remember. I bet you also remember cooking me alive!

Courage: We're not going to have a nice conversation, are we?

Cajun Fox: Not even in the slightest.

Francesca: Not him again!

Bai Tza: You know that fox guys?

Courage: Know him!? He tried to make a stew out of Muriel. It was for his Cajun Granny Stew!

Lana: That is gross!

Laney: I may like cajun spicy food but that is too much.

Laney went to face the fox.

Laney: Hey you fox! You want to get to Muriel you have to get through me!

Cajun Fox: And who are you?

Laney: I'm Laney Loud and you tried to cook Muriel in a stew.

Courage: That's right you filthy fox!

Cajun Fox: So the stupid dog has some friends with him.

Laney: And we will stop you from doing this again!

Cajun Fox: If its a battle of spice you want then you'll get!

Laney: Bring it on!

The Cajun Fox stuck a big spoon into the ground and loaded something into it.

Cajun Fox: My spicy cajun pierogis are known to pack a wallop.

He fired them from the spoon like a catapult and they all went into Laney's mouth. She chewed them up and swallowed them.

Laney: (Slurps) Mmm. Delicious pierogis.

Cajun Fox: What!? Lets see you eat these. Spicy Cajun Shrimp.

He fired shrimp and they went into her mouth and she chewed them and ate them.

Laney: (Slurps) Delicious. Sorry but I still don't feel any spice.

Cajun Fox: Why you!?

He went at Laney and she jumped and used her plant powers to grow Dragon's Breath Peppers, the hottest peppers in the world and she threw them into his mouth and he turned red and alarm bells rang as smoke billowed out of his ears and fire exploded out of his mouth. He was running around like a frightened chicken and Lana froze him in a block of ice with her ice lightning and Francesca kicked him in the head.

Francesca: Leave Grandma Muriel alone you filthy fox!

The fox was knocked out and beamed to the Moon Prison in the Animal Shelter Section. He was now the chef in the Moon Prison Cafeteria. But he liked the job nonetheless.

Courage: That was awesome guys!

Laney: Thanks Courage. He was no match for the tongue of a true spice demon.

Lincoln: No he wasn't Laney.

---

Later at the contest Muriel won the annual Nowhere Spicy Food contest for 35 years in a row.

Man: And the winner of the Nowhere Spicy Foods contest is Muriel Bagge for the 35th year in a row.

Bai Tza: Way to go Muriel!

Francesca: Yeah!

Laney: Wow! 35 years in a row. Amazing!

Lincoln: It sure is Laney.

Lana: Yep.

Earth: I'm happy for her guys.

They all were.

THE END

Another Chapter complete.

The Cajun Fox was a funny guy in Courage the Cowardly Dog. Funny thing is he only appeared in 2 episodes throughout the series: Cajun Granny Stew and Ball of Revenge. He should've been on longer. But he was a funny guy and that was a funny episode. I love cajun and nuclear hot spicy food like I said a million times. NicoChan11 gave me the ideas in this one. Thanks man as usual. Let me know what you all think. Part 5 will be Katz, one of Courage's most dangerous enemies.

See you all next time.

# Night at The Katz Motel

At the estate we were doing our normal things.

Maria: It sure is quiet without Lincoln, Bai Tza, and the others.

William: Don't worry, babe. If you want, we can have Nico bring us to Nowhere so we can check up on them.

Me: Aw don't worry guys. They'll be fine. As long as Bai Tza is with them they're gonna be okay.

Bleez: I know. They'll be all right. But that's a good idea. We can go with Nico to make sure they are all right.

Eion: Yeah mom that's a great idea.

Me: Hey Bleez what combo did you used in the Revenge Squad?

Bleez: It was an awesome one.

Bleez, Eion, Aelita and the Panda King used a powerful combo called RAGING FIRE ANGEL SURFER! Eion and Panda King formed a tsunami made of pure fire and Bleez and Aelita created a surfer of red energy. It obliterated Atrocitus in an instant.

Me: That was awesome guys!

Bleez: Thanks J.D.

Me: Lets go see them and make sure they're okay.

Everyone: YEAH!

We set out for Nowhere.

---

It was a dark and stormy night. They were in front of a creepy hotel. But there was something familiar about it.

Lana: This hotel gives me the creeps.

Laney: Same here.

Bai Tza: It doesn't look that bad.

Lincoln: Yeah it looks like a nice hotel.

They went into the hotel and Muriel rang the check in bell. A red anthropomorphic cat arose from behind the counter and it was an enemy Francesca and Courage knew.

Francesca and Courage: KATZ!

Katz: Welcome to Katz Motel. Unfortunately for all of you, this stay won't be pleasant!

Bai Tza punched him in the face and sent him crashing into the wall. He got up and lunged at Bai Tza with a yowl and she flipped him and tossed him outside.

They went outside and Katz just hit Bai Tza with a fire gun.

Katz: Do you like it? It's a gift from Heat Wave. He gave it to me before he and Captain Cold were sent to Iron Heights.

Bai Tza (groans in pain): That's nice to know.

Katz: How pathetic, Bai Tza. Your power might've improved during your time in Team Loud Phoenix Storm. But you're no J.D. Knudson.

Lana pulverized Katz into pulp with her fighting skills and he got away and went to Bai Tza. He cracked his neck twice.

CRACK! CRACK!

Lincoln: Doesn't that hurt you when you do that?

Courage: I was wondering the same thing.

Francesca: Same here.

Katz: No I'm used to it. Now this is the end for you.

Just as he was about to pull the trigger he felt a massive kick to his face as I swoop in out of nowhere and kick him in the face and send him crashing into the hotel and it all collapsed on top of him.

Me: I hope that took away 5 of his 9 lives.

Lincoln: J.D.!

Laney: Thank goodness you came.

Me: It wasn't just me.

Nico: It was all of us.

Bai Tza: Thanks J.D. I owe you one.

Me: No problem Bai Tza.

Girl Jordan: Let me heal you up.

Girl Jordan fired a blast of water and Bai Tza was all healed up.

Bai Tza: Thanks G.J.

Girl Jordan: You're welcome.

Katz climbed out of the rubble and he was a mess. We were standing in front of him cracking our knuckles and pounding our fists.

Katz: This is sad.

Me: Say your prayers Katz.

Katz gulped and we all mercilessly beat the living crud out of him. The scene transits to Earth as the sounds of fighting, crashing, yowling and screaming was heard and the onomatopoeia's of numerous sounds were heard.

Later Katz was locked away in the Moon Prison where he will never see all of daylight ever again.

Katz: Sad isn't it?

Back in Nowhere Muriel, Courage and the girls were back home and they decided to do timeshares from now on. Thank goodness they are okay.

THE END

Another Fanfiction Complete.

Katz was the most evil of all the villains on Courage the Cowardly Dog. Out of all the villains he was the most frequent to appear in the series. NicoChan11 gave me the ideas for this chapter. Thanks for that man as usual. Next for Part 6 is the Uncommon Cold. Let me know what you all think.

See you all next time.

# The Uncommon Cold

In the Kitchen everyone was at the table and Muriel sneezed the eggs she was cooking on Lana.

Lana: Bless you.

She got the eggs off and ate them.

Lana: Good thing I don't get sick anymore.

Francesca: Grandma Muriel you don't look so good.

Bai Tza: Yeah you look horrible.

Muriel: (Groggy and nasally) I'm sorry guys. This is the worst cold I've ever.. (Courage grabs a chair) Ah, ah, AHCHOO!

The sneeze blows her back and she lands in the chair and it broke and landed on Courage.

Muriel: Thank you Courage.

Courage whined.

Lincoln: That cold is really bad.

Laney: It sure is.

Earth: I don't think I've ever seen a cold like that.

Bai Tza: Me neither. I don't get sick anyway.

Earth: Me neither.

Francesca: I've never been sick a day in my life.

Muriel: Lucky you. A whee spot of tea will fix me right up.

She sneezed and then Courage made a baseball mitt out of tissues and then Muriel sneezed and a green cloud came out and an image of a slug appeared in it.

Slug: Well hey.

Courage: AAAAAAAAAAAAAHHHHH!

Lana: Whoa!

Lincoln: I've never seen a cold do that.

Earth: That is not an ordinary cold!

Francesca: What kind of cold is this?

Bai Tza: Wait a second. I know this kind of magic. This is the work of Louisiana Bayou Magic.

Courage: How do you know this kind of magic?

Bai Tza: When you've lived for as long as I have you know lots of things no human can understand.

Laney: Interesting.

Muriel: I knew this wasn't an ordinary cold.

She sneezed again and the slug appeared again.

Slug: This here urgent message has been prerecorded right into the cold and sent by magic.

Courage screamed and his eyes unscrewed out of his head like lightbulbs.

Lana: I wonder why he sent that cold.

Muriel sneezed and the slug appeared a third time.

Slug: We apologize for your discomfort having to send you this cold and all. But we sure need your help. We all are prisoners, Slaves in a sweatshop.

They gasped.

Slug: We'd be obliged if y'all would come and set us all free. And that cold ain't going away till you get your sneezing self down here for the cure. Here's how to get to where we are.

He held up a map and it led to the Louisiana Bayou.

Bai Tza: Looks like we're heading off to the Louisiana Bayou guys.

---

In the swamps of the Louisiana Bayou, 950 miles away from Nowhere, they were on a raft and Bai Tza was steering it. Blues music and singing were heard in the background.

Laney: This place gives me the creeps.

Lana: It's the Louisiana Bayou. It always does. Penny told me a lot about this place and how scary it can get.

Lincoln: It can get really creepy at night.

Laney: This looks like the spot.

They parked the raft on the shore of the river and it had stuffed snake statues.

Lana: These snake statues are weird.

Lana felt them and she was repulsed by the feel.

Lana: They're made with snakeskin!

Everyone: EW!

Francesca: That is so gross!

Slug: Well hey.

They saw the slug and he was shackled to a chain.

Bai Tza: Are you the slug that sent us the cold that infected Muriel?

Slug: Yes. Glad y'all could come to free us.

Bai Tza: Same here.

Laney: Me too.

Slug: Why don't y'all come on inside and we'll explain the whole mess to ya?

Francesca: Okay. Come on grandma.

They went into the slugs cave and they were shackled up and stuffing snakeskins with leaves.

Young slug: They've come to save us.

Slug: Take it easy slugs. We owe our guests some explaining.

Francesca: We got your message. But what's all this about?

Slug: These snakeskins belong to a snake called Big Bayou.

He shows them a picture of a red snake with orange slit eyes and wearing a bowtie and a nice hat with a voodoo skull on it.

Laney: He sure looks like a nice snake.

Slug: I'm afraid it's like this. Big Bayou's a very powerful snake and very vain. Loves hisself. Kept us prisoner here for years. Us making the stuffed statues of him out of the skins he sheds. It's torture.

Young slug: Yeah. (Shows he only had one tooth) And the dental coverage stinks.

Bai Tza: This is disgusting!

Lincoln: This is completely wrong on so many levels!

Laney: This snake needs to be made into a snakeskin wallet! And I thought Orochimaru was terrible.

Lincoln: Tell me about it.

Earth: Who's Orochimaru?

Lincoln: I'll explain later Earth.

Slug: Big Bayou's magic put us here, and only Big Bayou's magic can break our shackles.

Muriel was coughing badly.

Courage: Is there a spell you can use to cure her?

Slug: Uh well we'd love to cure her, but, uh…

Young Slug: We don't know how.

Slug: We were able to steal just a smidge of magic from Big Bayou-

The young slug held up half of a page that said Catch the Uncommon Cold.

Slug: Just enough to get our message out in a microbe.

Bai Tza: May I see that?

Young Slug: Sure.

Bai Tza read the page.

Bai Tza: Fascinating spell. Big Bayou knows how to use Bayou Magic with ease.

Lincoln: I'm sure we can find the cure and free you guys from this prison.

Slug: Well all you got to is to get your hands on Big Bayou's Book of Big Bayou Magic. He's got all his secrets in there. Then you can get cured-

Young Slug: Yeah and free us.

Muriel: (Weakly) I'll… I'll try.

Francesca stopped her.

Francesca: No Grandma Muriel you are in no condition to do anything.

Bai Tza: She's right Muriel. We'll go get the book. You stay here and rest while we do so. Francesca you watch over her while we go.

Muriel: Okay.

Francesca: You can count on me.

Bai Tza: Where does Big Bayou live?

The slug pointed to a direction and Bai Tza, Lincoln, Earth, Laney, Lana and Courage went through tall grass and they came across a house in the shape of a snakes head.

Lincoln: So this is where Big Bayou lives.

Laney: Looks like a house Orochimaru would love.

---

In the Leaf Village Orochimaru was working on a new medicine when he sneezed.

Kabuto: Are you okay my Lord?

Orochimaru: I think someone is talking about me Kabuto.

---

Back in the Louisiana bayou they heard the door open.

Lincoln: He's coming.

Bai Tza: Quick! Hide!

They hid in the grass.

Big Bayou: (Hiss) Hello me. Oh don't I look fine? I am s-s-s-so beautiful. I think I'll see how all the other mes-s-s-s are doing, but first…

He took his hat off and shed another skin.

Big Bayou: Aah.

He got his hat and put it back on. He put the skin with a bunch of others in a pile.

Big Bayou: Oh yeah. I am pretty. I love me.

He slithers through the grass somewhere.

Bai Tza: Now's our chance. Come on.

They went to the door of his house and tried to open the door but it was locked.

Laney: It's locked. (Looks up to the windows) Hold on a sec.

Laney climbs up to the right eye window and she sees the big book of magic on his bed. She used her plant powers and had vines grow and they brought the book over to her.

She pulled it through the window and it was the right one.

Laney: Big Bayou's Big Book of Magic. This is it.

She jumped down and brought the book to Bai Tza.

Bai Tza: We got it. Great job Laney. Lets go.

They went back to the cave.

* * *

Francesca was looking after Muriel. Muriel then sneezed and the slugs backed away.

Francesca: Hang in there grandma. They'll get the book.

Muriel sneezed again and we came back.

Bai Tza: We got it guys!

Young slug: They got it! They got the book!

Slug: Feel free to cure the lady first.

Bai Tza: Okay.

Bai Tza set the book on the table and she scrolled through it and found the other half of the torn page.

Bai Tza: Here's the other half of the torn page.

Courage looked it over and it said Curing the Uncommon Cold. It was really a series of mimic dances where the caster acts like a chicken.

Courage: This looks really simple.

Bai Tza: Go for it Courage.

Courage acted, clucked, pecked and crowed like a chicken. Then they got a surprise when they saw Courage lay a huge egg.

Muriel: Oh my.

Francesca: What the?

Bai Tza: Funny.

Courage saw the egg and he laughed. He cracked the egg open and gave it to Muriel. She drank the entire yolk of the egg and she was cured in an instant.

Muriel: Oh. Oh my! I can breathe! I feel myself again.

Lincoln: That was awesome!

Earth: That was amazing!

Laney: It sure was.

Lana: That was so cool!

Francesca: It sure was.

The slugs were telling them to free them.

Courage scrolled through the book but they got an unexpected surprise.

Big Bayou: What the Bayou is going on here? (sees Courage with book) Were you messin' with my Bayou magic?

Bai Tza: What do you think?

She fires a blast of water at Big Bayou and blows him out into the swamp.

Lana: Let me see that magic.

Lana looked through the book and found an interesting spell.

Lana: Here's an interesting one. "Bayou Slave Snake Animation. To make stuffed bayou snakes your obedient slaves, use deadly venom from a real bayou snake." Cool!

Laney: I think I have some of that.

Laney pulled out a box with a skull and crossbones on it and it was full of containers that had different poisons from animals and plants all over the world.

Laney: Lets see. Rattlesnake venom. Sea snake venom. Aha! Swamp Snake venom. Same thing as Bayou snakes.

Lana: Thanks Lanes.

Lana took the bottle and went outside and threw the venom onto a bunch of stuffed snakes. The snakes came to life and they were roaring.

Lana: SLAVE SNAKES, OBEY!

They stood in attention.

Lana: (Points to Big Bayou) Get him guys!

The slave snakes went at Big Bayou and wrapped around him in a ball.

Muriel: Lana! I need a new file but I got them free!

The slugs were free and they cheered wildly.

* * *

Back in Nowhere they were having tea.

Muriel: Ahh it sure is lovely to sip tea just for the pleasure of it.

Francesca: You said it grandma.

Lincoln: Yep.

Francesca: And I decided to learn all about magic.

Francesca had the book strapped to her back.

Laney: This was so much fun though.

Lana: It sure was.

Earth: Yeah.

Courage: It was cool learning all about Bayou Magic.

Bai Tza: Yep. It was a swampy adventure.

They laughed.

The Uncommon Cold was one of my favorite episodes of all time on Courage the Cowardly Dog. The Blues Music it had was awesome. And the plot was cool too. NicoChan11 gave me the ideas for this one too. Next for part 7 is Goat Pain. Let me Know what you all think.

See you all next time.

# Goat Pain

At the Bagge farm Muriel was groaning in a lot of pain.

Laney: Boy Muriel your back is really messed up.

Francesca: I don't think I've ever seen you in so much pain.

Lincoln: No kidding.

Lana: This pain must be really crippling.

Courage: Yeah.

Earth: We really should take her to a doctor.

Lana: Good idea.

Francesca lifted Muriel up and they loaded her into the truck.

Bai Tza: Can you drive Francesca?

Francesca: I sure can. I have a license.

She pulled out her wallet and she has a drivers license.

Lana: Cool!

Earth: Lets get moving.

They were in the truck bed and they arrived at the office of Doctor Vindaloo.

---

On the bed Muriel was in a lot of pain.

Dr. Vindaloo: (India Accent) Hmm. Does it hurt when I do this?

He whacked Muriel with a mallet and it hurt.

THWACK!

Muriel: Ow-ho!

Francesca: That's only making her pain worse doctor.

Bai Tza: Yeah.

He wound up a wind-up duck.

Dr. Vindaloo: Does it hurt when I do this?

The duck walked on her back and it hurt bad.

Bai Tza: Looks like it hurts even with the most gentle touch.

Laney: No kidding.

Dr. Vindaloo put a lamp on her back.

Dr. Vindaloo: Does it hurt when I do this?

He claps and the lamp turns on. He claps again and it turned off.

Laney: Fancy lamp.

Lincoln: That's a nice lamp.

Muriel: (In pain) Oh!

Bai Tza: This pain is worse than we thought.

Dr. Vindaloo: Yes. I'm afraid I cannot do anything for this kind of pain. Nothing at all.

Laney: I believe it doctor.

Muriel: Doctor you've got to do something. I'm in awful pain.

Francesca: You have to help her doctor!

Dr. Vindaloo: Oh dear! I see we're all very upset. (Pulls out a map) Well I heard there exists at the top of Mount Nowhere a hot spring with healing waters.

Bai Tza: This looks interesting.

Lana: This could be a big chance.

They left for Mount Nowhere.

Dr. Vindaloo: Oops I forgot to tell them that nobody ever returns from Mount Nowhere. Oh silly me. (Laughs)

---

They climbed Mount Nowhere and when they got to the top they saw a mountain goat with big curled horns.

Goat: Go ba-a-a-a-ack.

Laney: Why don't you want us here?

Goat: This place is Sacred. Go ba-a-a-a-ack.

Lana: Who do you think you are goat!?

Goat: You humans make me sick! Get lo-o-o-ost!

He charged and Lana charged and she and the goat collided head on in a powerful headbutt.

CRASH!

Lana won in the headbutt.

Laney: Ooh!

Bai Tza: Geez!

Francesca: That must've really hurt!

Lincoln: Lana is a very tough girl. She can handle anything even a goat.

Lana: You said it.

The goat got up and he was in a lot of pain.

Laney: Why do you hate us so much goat?

Lana: Yeah. What have we ever done to you that would warrant such a horrible attitude?

Goat: Why? Here's why.

He shows us a photo album.

They opened it and it showed a photo of a goat getting a massage.

Goat: This spring was once filled with water. It was goat paradise. We called it Spa of Horns. Once goats came here from miles around to relax.

The next photo shows a goat getting his horns and beard trimmed.

Goat: Get their beards and horns trimmed…

The next photo shows multiple goats playing volleyball in the water of the hot spring.

Goat: And bathe in the rejuvenating waters.

The next photo shows that Eustace's brother Horst Bagge had brought numerous people to the springs and had the goats tied up.

Goat: But then a human explorer discovered us and it wasn't long before others of your species arrived…

The next photo showed numerous people having the time of their lives and turning the spring into a party hot tub.

Goat: Using up all the precious healing water…

The next photo shows Horst kicking all the other goats off the mountain to their doom.

Goat: And throwing my brothers and sisters off the mountain.

The next photo shows that the goat they encountered was the only one left.

Goat: Until only I was left.

The last photo shows the goat bashing humans off the mountain and keeping them away from the springs.

Goat: So I started knocking trespassers away with my horns which grew and grew.

Bai Tza: Eustace's brother did all that?! Great! Another thing to add to our list of why we hate him!

Francesca: You said it Bai Tza.

Laney: What a jerk!

Lincoln: Yeah he ruined the goats home.

Lana: And his neck hurts because of all the people he rammed.

Earth: This really burns me up!

Earth's hair had multiple volcanos erupt in different countries when she got mad.

Lincoln: Easy Earth. We'll help this goat get his home back.

Bai Tza: And help restore the spring.

Laney: And clean up this mess too.

Muriel: I'd help you as best if I could but I'm in too much pain myself.

Goat: You think you're in pain?

He went and came back with a big boulder.

Bai Tza: Uh oh.

Goat: I don't think you know what the word means.

He bashed the boulder at them and Bai Tza flew up to it and punched the boulder with a powerful punch and shattered it into a million pieces.

SMASH!

The Goat: From now on, my pain will be your pain!

Bai Tza: You think you know pain? Try having some evil siblings for so many years!

Francesca: How long have you lived Bai Tza?

Bai Tza: I'm over 900 years old.

Francesca was shocked.

Laney: Bai Tza is actually a demon sorcerer and our adopted sister Girl Jordan helped set her on the path of good and redemption.

Lincoln: Her evil siblings were going to destroy the world and we fought them and killed them.

Muriel: Oh my!

Bai Tza: It's all true. I've changed my ways and now I'm a good person. I still have all my powers and immortality.

Francesca: That's amazing!

Lana: It sure is.

Laney: Yeah.

Courage: That's all amazing.

Muriel: It sure is. (Groans in pain)

Bai Tza: Lets show this goat the power of our friendship and care.

Everyone: YEAH!

They flew around the hot spring around and collected all the trash and junk all over the place and put it into a bunch of recycling bins on the cliff edges.

Bai Tza: Clean as a whistle. Lets see here.

She looked around the cliff walls and found a bottle in the cliff.

Bai Tza: Missed one.

She flew over to the wall and pulled the bottle out. Water started to drip out of the wall.

Bai Tza: Hey guys! I think I found the water for the spring!

Rumbling was heard and she flew over the spring and the water poured out of the wall and refilled the entire spring.

Laney: The water is back in the spring!

Lana: It sure is.

More junk rose up to the surface. Lana pulled out a swimming pool skimmer net and scooped up the remaining junk and put it into a recycling bin.

Lana: Boy they really piled on the junk in here over the years didn't they?

Lincoln: They sure have. This whole place is a mess.

Earth: You said it.

Muriel: So that's the spring. (Groans in pain)

Francesca: Ready Grandma Muriel?

Muriel: (Groans) Ready.

Francesca lifted her up and threw her into the water.

SPLASH!

Like magic she was 100% fully healed.

Muriel: Me pain is completely gone!

Laney: This spring is incredible!

Lincoln: It sure is.

Earth: This spring is magic.

Courage: It sure is. I'm glad Muriel is all better.

Bai Tza: Me too. Lets help the goat too.

She grabbed the goat and tossed him in too.

SPLASH!

The goat was fully healed and Courage trimmed the goats horns down to their normal size.

Goat: My pain in gone. I can't believe it! The-a-a-a-ank you.

Bai Tza: You're welcome goat.

To make sure that what Horst did to the goats home never happens again they made a special second magical spring for humans on the mountain next door to Mount Nowhere. It was a successful place and a perfect spot. It was also a very popular vacation spot and tourist attraction.

THE END

---

Goat Pain was another one of my favorite episodes of Courage the Cowardly Dog. What Horst did to the goats home was horrible and he ruined it. But Muriel was in so much that it felt like someone snapped a bear trap on it. OUCH! NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Part 8 is Conway the Contaminationist. Let me know what you all think.

See you all next time.

# Conway the Contaminationist

In the Bagge farm they were blowing up balloon animals. Bai Tza made a mermaid, Laney made a burger and a duck and Lincoln and Lana made a chicken and a Rabbit. Courage made a duck, a giraffe and a moose.

Muriel: Beautiful work guys.

Laney: My sister Luan makes a lot of balloon animals and she taught us how to do them.

Lincoln: It's a great talent.

Courage: We have talents in a lot of things don't we?

Francesca: We sure do.

Outside someone was flying a plane and he saw the Dome Farmhouse.

Conway: That looks like a nice house. Maybe I should pay it a visit.

Muriel groaned and she saw what looked like snow falling outside on and around the dome farm.

Muriel: Oh my. Is it snowing already?

Courage: Yay!

He got his coat on and they all went outside the dome. He picked up the snow but it scrunched up and it was really pieces of paper.

Laney: Paper?

Lincoln picked up a sheet and turned it and read it.

Lincoln: "Live Longer Live Better." I wonder what that means.

Francesca gasped when she heard that. A plane was flying over the farm and it was an old World War I style black biplane and it left a smoke message in the air made of black smoke that said the same thing.

Lana: I wonder what he's doing up there.

Earth: Whoever he is he's quite a pilot.

Bai Tza: He sure is.

He then went into a nose dive and he came right at them.

Lincoln: Here he comes!

Bai Tza: Look out!

They jumped out of the way and he crashed head on into the dome.

CRASH!

Man: Help.

He slid off the dome and landed on the ground.

Bai Tza: Lets help him quick!

They lifted him out of the debris and it was an old filthy man.

Francesca immediately recognized him.

Francesca: It's Conway!

Courage: I thought his plane looked familiar.

Bai Tza: You know this guy Francesca?

Francesca: Know him!? He turned the entire farm into a massive cesspool!

Everyone: EW!

Lana: Cool.

Bai Tza: Tell us what happened.

Francesca: It was over a year ago.

---

Francesca: (Narrating) **Conway was an airplane pilot from the 19th century. He was able to live for almost 200 years because of filth and pollution. YUCK! We nursed him back to health in our farmhouse and he decided to share his secrets with us on how to live longer and save money on cleaning equipment. He turned our whole farm into a massive cesspool completely covered in foul filth and grime. It was so bad that the Nowhere Health Department condemned the farm. Courage and I had to do something. We had to get rid of him. We built a giant vacuum out of his plane and cleaned up the farm and got him sucked in. But we were extremely filthy that we had to be cleaned off outside. It was an awful scenario.**

FLASHBACK ENDS

Bai Tza: That's quite a story, Francesca.

Laney: This guy is the ultimate personification of filth and uncleanliness.

Lincoln: He sure is.

Earth: No kidding.

Lana: I may like being filthy and unclean but this guy takes those habits way too far.

Bai Tza: Agreed. Lets help him and strike when the time comes.

Courage: Uh uh! He tried to poison us with filth!

Bai Tza: I know Courage but we'll fight him when necessary.

Bai Tza took Conway into the farmhouse and put him on the couch.

Muriel: What happened to him!?

Bai Tza: His plane crashed into our dome.

Francesca: Lets help him.

Conway: (Muttering Gibberish)

Lana: He wants sludge.

Courage: Yuck!

Francesca: That's gross!

Lana: Luckily I came prepared.

Lana took off her shoe and pulled out a jar and she rung it out and the jar filled up to full with sludge.

Everyone: EW!

Laney: Your habits never cease to amaze us Lana.

She handed the jar to Conway and he drank the whole thing.

Lincoln: He drank the whole thing!

Courage: Yuck!

Bai Tza: That is disgusting!

Francesca: Conway it's nice to see you again.

Conway: You too Francesca. How have you been doing after my last visit?

Francesca: Much better now that you left.

Muriel: Let me see if I remember what you need. Oh! Dusty air.

She went and got her vacuum cleaner and put it into reverse and flooded the house with dirty air.

Conway: Ahh. Out with the good air, in with the bad.

They were coughing like crazy and gagging.

Courage handed them air masks and they put them on.

Muriel: (Coughing) I'll never get used to this.

Bai Tza: That's it. We need to get that man out of here!

Bai Tza fired a blast of water and blew him out of the farm and the dome and they stood ready to fight him.

Lana: Usually I'm a girl of filth but you take things way too far!

Lana punched him in the face and kicked him in the stomach. Francesca kicked him in the mouth and punched him in the face as well.

Bai Tza: Face our combo.

Lana: You got it Bai Tza.

Bai Tza fired a blast of water and Lana fired a blast of Ice Lightning.

Bai Tza and Lana: ARCTIC FREEZE TORRENT!

The blasts combined and froze Conway in a block of ice. Only his feet were stuck to the ice bottom.

Lana: You will never torment a person again with your filthy habits!

Lincoln: Are we gonna send him to the Moon Prison?

Bai Tza: No. I have a much better idea.

She snapped her fingers and a portal of water appeared and it opened and lead into a pocket dimension.

Laney: What's in here?

Bai Tza: This is a pocket dimension Raven calls the Trash Hole. This is where we dump all of our trash.

Lincoln: Very clever.

Evil Terra: You all will pay for throwing me in here!

Lana: Is that Tara?

Bai Tza: Oh don't mind her that's an evil Terra that was from that stupid show Teen Titans Go. Turns out they made her into an evil villain instead of the one we know.

Laney: That's odd.

Lincoln: So she's the antipode of the Tara we know.

Bai Tza: Exactly. Hey you have some company joining you!

They pushed Conway into the trash hole and he fell in.

Bai Tza: Have fun you two.

The door closed and Conway's ice prison shattered and he was free. He saw the Evil Terra and she was scared. Conway chased her in the same manner as Gollum did.

Laney: Good riddance to that rotten heap of filth.

Francesca: Yep. He deserves to spend eternity in the place of his own creation: A world of filth.

Bai Tza: You said it Francesca. Let head into the farmhouse and clean up and get ready for dinner.

Laney: Good idea.

They went back in and did so.

Conway the Contaminationist was the most disgusting episode of all time in Courage the Cowardly Dog. But it was one of my all time favorites. That Conway turned everything he touched into a massive cesspool and he was a disgusting man! YUCK! NicoChan11 gave me the ideas for this one. Thanks man as usual. Next for part 9 Le Quack Balloon. Let me know what you all think.

See you all next time.

# Le Quack Balloon

In the farmhouse Muriel was making her famous Scottish Dream Cookies.

Francesca: Grandma Muriel's Scottish Dream Cookies are out of this world guys.

Courage: Mm-hmm. They are really delicious.

Lincoln: I can't wait to taste them.

Laney: Me neither.

Bai Tza: These cookies sound really good.

Lana: I'll bet.

Muriel: Okay lets see.

---

At the estate we were doing our everyday things.

Lola was feeling down.

Me: You miss Lana huh Lola?

Lola: I sure do bro. It's not the same without her and Linky.

Me: I know Lola but they're gonna be fine. Besides, they'll be back soon and if they need us they'll call.

Breach: If it'll make you better how about I tell you how we defeated Pennywise in the game?

Lola: That would be great!

Jade: It was awesome.

Breach, Jade and Lily used a combo called TYPHOON DIMENSION VORTEX. Breach fired her portals and Lily and Jade fired their wind and water and they turned into miniature hurricanes. The mini-hurricanes sucked in Pennywise and teleported him into the Sun.

Lola: That was awesome!

Jade: It was so much fun Lols.

Luna: You said it dude.

The computer beeped and it popped up. It showed an image of a white duck with blue hair and a blue bowtie.

Me: Uh oh!

Nico: What is it?

Me: It's the notorious Le Quack. He's a notorious French Thief and Con Artist duck. He's not as slippery as the Cooper Gang but he's right up there. He's even number 2 on Interpol's most wanted list.

Lucy: Laney would not like this duck at all.

Me: No she wouldn't and she loves all of France.

Varie: What has he done that rivals that of the Cooper Gang?

Me: He's done a huge number of atrocities. But most of them were all in Nowhere. He tried to steal all the money from the Bagge's, a multi-million dollar lottery jackpot and then he tried to steal all of Sweden's money inside a giant well-guarded piggy bank. All of his crimes failed. But the police couldn't hold him for long. After he tried to steal from the Bagge's the first time he destroyed the Prison Van. After the Lottery theft failed, he burned the whole prison to the ground and escaped. After the Swedish Money theft failed he broke out of an Interpol police station and burned it to the ground. This guy is Slippery.

Lori: He sure is.

Leni: Is he slippery like soap?

Lisa: No Leni. Slippery is also the informal term for very difficult to catch and keep contained.

Me: Exactly. This guy is so cunning and crafty that not even the justice system can hold him so easily.

Lynn: Where's he heading?

I typed on the computer and he was heading towards the Bagge farm in a hot air balloon.

Me: He's heading for the Bagge farm.

Luan: Then we only have one option and that's to kill him!

Me: Yep. He's going on a rotisserie burner and becoming our dinner. But since Bai Tza, Lincoln and the girls are down there lets let nature take its course and let them handle it.

Lori: Good idea.

Aylene: I hope they'll be all right.

Varie: Aylene lets not forget, Lincoln is the Man with The Plan.

Lily: That's right. If our brother can handle all of us then he and the girls can handle one slippery and cunning thief.

(Sly Cooper Thieves in Time theme plays)

Me: Yep. And lets call in the Cooper Gang to steal all of Le Quack's stuff he stole.

Everyone: YEAH!

I press my headset and it became a microphone.

Me: Sly, Cooper Gang, I have a job for all of you.

Sly: What's up J.D.?

Me: How would you all like to go after the loot of the notorious duck thief Le Quack?

Sly: Is he a worthy challenge?

Me: Oh yeah. Second most wanted criminal by Interpol on their top 10 next to you.

Sly: We're there.

Me: Be careful guys.

Sly: Don't worry. We'll be all right.

Me: Okay.

The call ended and the Cooper Gang was off to Le Quack's hideout which was in Nowhere.

Linka: This is gonna be so cool!

Shannon: It sure is. I wonder what Le Quack stole.

Me: We'll find out soon. For now, we wait.

We waited.

---

They were making Scottish Dream Cookies.

Muriel: Lets see. 2 cups of flour, one cup of brown sugar and 2 pounds of butter.

Bai Tza came with 2 big containers of butter.

Bai Tza: Here you go Muriel.

Muriel: Thank you Bai Tza. Better make it four pounds. I love my Scottish Dream Cookies buttery.

Francesca came with another 2 pounds.

Francesca: Here you go.

Muriel: Thank you Francesca.

Lana: These cookies are gonna be awesome.

Courage: You said it Lana.

Laney: Hey look!

They looked out the window and saw a hot air balloon outside the dome.

Bai Tza: That's a nice hot air balloon.

Lincoln: It sure is.

Muriel: I'll make the cookies and you all go check it out.

Bai Tza: Okay.

They went outside the dome and saw the balloon. But the basket opened and revealed LE QUACK!

Le Quack: (French Accent) Le Quack is back.

Francesca: Le Quack!

Bai Tza: I've heard about him! He's a notorious duck thief.

Lincoln: But he's not like the Cooper Gang.

Laney: No he's not.

Francesca: I've got a bad history with this nefarious bird. When Grandma Muriel caught amnesia he tried to steal all of our money, then he hypnotized Muriel and Eustace with a crazy television network to steal lottery money, and lastly he had Grandma Muriel strapped to a bungee cord to steal all the money in a giant well-guarded piggy bank in Sweden.

Lana: This guy is that dangerous!?

Francesca: Yes. And no prison can stop him.

Lincoln: I haven't had my chance yet.

Francesca: Go for it Lincoln.

Earth: Get him Linky.

Lincoln: I will.

Lincoln walked up to Le Quack and stood ready.

Le Quack: Quest Ce Que. Ze famous Lincoln Loud of Team Loud Phoenix Storm. How nice of you to greet me.

Lincoln: My sister Laney loves France and you're making a huge mockery of the country she loves. Your crime spree ends one way or another.

Lincoln spread his wings and lightning was arching around his arms and legs.

Lincoln: Your angel of death has arrived.

Lincoln fired a blast of lightning and it went through him.

Le Quack (with a hole in his chest): Looks like my goose is cooked! (Dies)

Bai Tza: There lies a dead duck.

Lana: Yep.

Laney: Good riddance to a bad duck.

Nicole: (Offscreen) You said it Laney.

Lana: Hey Nicole.

Nicole: Hey guys. Dad told me you all were facing Le Quack.

Le Quack's evil spirit appeared.

Nicole: Now to make sure you never steal another valuable again. (Chants an incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Le Quack went into the Book of Vile Darkness.

Le Quack: STUPID AMERICANS!

He was gone forever.

Nicole: What a waste of a good Frenchman.

Laney: Yep.

Nicole: The Cooper Gang stole all the loot Le Quack took.

Lincoln: Good.

Lana: Thank goodness.

Nicole: Yep.

Later in the house Muriel's Scottish Dream Cookies were done.

They tasted them and they were delicious.

Everyone: Mmmm.

Laney: Delicious!

Lincoln: They sure are.

Earth: They are really good.

It was a great kind of cookie for them.

THE END

# Justice for Francesca

In the night hours an RV trailer speeding down the street. It was being chased by police cars with Interpol Two-Tone sirens.

At the farmhouse Lincoln and the girls were about to go to sleep when they heard the sirens.

Bai Tza: What the?

Lincoln: Are those Interpol Sirens?

Lana: The Cooper Gang are all the way over in Michigan.

Laney: They aren't after The Cooper Gang. They're after someone else.

Earth: Looks like it.

Bai Tza: Lets worry about it tomorrow.

Outside the dome a motorhome driving really fast went behind the dome and parked behind the dome as the cops drove by.

* * *

As they were washing dishes after breakfast, Lana came in with a radio and an urgent bulletin was on.

Lana: Guys you have to hear this!

News Reporter: In other news, Notorious thief Maria Ladrones and her Notorious thief husband Manuel "Mano" Ladrones have broken out of jail notoriously!

Francesca was shocked when she heard those names.

Francesca: This is my chance.

Bai Tza: Francesca? Are you all right?

Lincoln: Something is bothering her.

Laney: Francesca you can tell us what's bothering you.

Francesca: (Sigh) All right. It's time you all knew.

They went to the table and Lincoln called me on his laptop so we can join in on the conversation.

Francesca: Okay. Before I met Grandma Muriel it was 11 years ago.

---

Francesca: (Narrating) **My mom and dad were a happy couple and they loved me more than anything. But then one day we invited our new neighbors into our house. They were the infamous notorious thieves Maria Ladrones and her disembodied arm husband Mano. We trusted them and shared everything with them. But then tragedy struck and Maria and Mano betrayed us. They tied up my mom and dad and I saw them kill my parents while I was hiding behind the walls. Then after they stole what they were after they burned our house down to the ground. I was the only survivor of that horrible tragedy and with no one else to turned to, I was forced to live on the streets for 11 years.**

FLASHBACK ENDS

Francesca: And ever since then, I vowed to get my revenge on them. I wished and prayed for that one day when they would escape from prison and come here so I would kill them and avenge my mom and dad.

We all gasped in sheer horror at everything she went through for most of her life.

Varie: Francesca that is absolutely horrible.

Aylene: You've been through a horrible tragedy.

Vince: That's worse than what Sasuke had to go through.

Bai Tza: I can't believe those monsters. They are even worse than my evil siblings.

Earth: Yeah.

Francesca: Now it's time for me to avenge my family and make those monsters pay for robbing me of my childhood and taking everything away from me.

Lincoln: Normally we're against vengeance but go get them Francesca.

Me: In this kind of case we're more than willing to make an exception for you Francesca. Plus these people broke out of prison and are like Le Quack.

Nico: That's right. Go get them and make those monsters pay!

Everyone: YEAH!

Francesca: Thank you guys. Thank you.

Me: You're welcome and Francesca you'll need this. (Snaps fingers)

A sword appeared in front of her and it was a sword with a fire blade.

Me: It's the Phoenix Sword of Nephthys. Use it well.

Francesca took the sword and she went out of the house and walked towards the trailer.

Courage: You sure you don't want any help?

Francesca: Tell you what. You guys can have what's left of them!

Bai Tza: This is her fight guys. We have to let her do this. If things take a turn for the worst then we'll jump in.

She picked up a rock and threw it at the door and it hit the trailer.

Francesca: Maria and Mano come on out of there and fight!

They did so and Maria was a hispanic woman and she had black hair, orange eyes, and a magenta dress and Mano was a disembodied severed arm with a heart tattoo with an M in the middle.

Bai Tza: Holy Waterspouts! Mano IS a disembodied arm.

Lincoln: That is so disgusting.

Earth: No kidding.

Maria: (Spanish Accent) And who might you be dear?

Francesca: You may not remember me now but here's a hint. 11 years ago you and Mano killed my mom and dad and I watched while you burn down my whole house! I was only 5 when you killed my mom and dad!

Maria recognized her.

Maria: So you are that brat!?

(Fly to Paradise by Sarah Brightman plays)

Francesca: Yes. My name is Francesca Salina Bagge, you killed my mother and father. Prepare to die!

Maria went at Francesca and she tried to punch her but she dodged the punch and kicked Maria in the face and punched her in the stomach and punched her in the chin with a powerful uppercut. Maria tried to fight back but because of everything Francesca learned on the streets for 11 years she was proving to be too much of a challenge for them. Mano tried to sneak up on her and when she jumped and tried to grab her by the head she slashed him in half with the sword and reduced him to ashes in an instant.

Maria was horrified.

Maria: MANO!

Francesca then kicked Maria in the face.

Francesca: That was for killing my mother!

Francesca then slashed Maria in the stomach and disemboweled her and had her sword pointed at Maria's head.

Francesca: That was for my father!

She was ready to deliver the final and fatal blow.

Francesca: Do you two have any last words before you two go to Hell?

Maria was in too much pain to answer that question and Francesca slashed Maria's head off and killed her instantly. Maria bursted into flames and she was incinerated. Francesca had gotten her revenge on the people who senselessly slaughtered and burned her parents and forced her to endure a Hell as an orphan on the streets for 11 years.

Francesca: It's over. I won. Mom, dad, it's over. I did it for you.

Bai Tza walked over to her and Francesca had tears streaming down her face and she then broke down crying hard and she hugged Bai Tza.

Bai Tza: It's all right Francesca. Let it all out. Let it all out.

Bai Tza was comforting her. They had never seen someone so broken. But then a beam of white light appeared out of the heavens and a man with black hair wearing a white angel garb and with white wings and a beautiful woman with beautiful blonde hair and the same wings and clothes came down.

(My Heart Will Go On by Celine Dion plays)

Bai Tza: (Gasp) Francesca. Look!

Francesca saw her mom and dad for the first time in 11 years and gasped.

Francesca: Mom? Dad?

Selina: It is us Francesca.

Robert: You helped us be at peace darling.

When she heard that word it was really them.

Francesca: MOM, DAD!

She went over and hugged them both and cried hard.

Francesca: (Crying) Mom! Dad! I missed you both so much!

Selina: I know sweetheart. But you avenged us.

Robert: It's thanks to you that we can cross over into Heaven.

Francesca: But I killed your killers! I'm a monster!

Selina: Francesca look at me. Do you have a lot of guilt over what happened?

Francesca nodded.

Selina: Then you are not a monster. You avenged us and we can't thank you enough for it. You still have your friends and you still have Muriel and Courage.

Francesca started to feel better.

Muriel and Courage came over.

Selina: Muriel thank you so much for looking out for our daughter. We now know that she will be in good hands.

Muriel: You are so welcome Selina. Francesca is an amazing girl.

Robert: She sure is and we will always be proud of her in spirit and in our hearts.

Selina: Francesca, it's time for us to go now. But never forget that we will always be with you in your heart and in your spirit We love you sweetheart.

Robert: Never forget that darling.

Francesca: (Sniffles) I won't forget.

They rose up to Heaven for their eternal rest.

They waved goodbye to them for one last time.

Francesca: Goodbye mom, dad! I love you guys!

Selina: We love you too sweetheart.

Robert: Take care of her Muriel.

Muriel: I will Robert.

Muriel had a tear go down her face and everyone did. We saw it too and we were crying and in tears.

Robert and Selina were gone and they knew that Francesca was in good hands.

It was a heartwarming and gut-wrenching sight. But Francesca was gonna be all right.

Courage was crying too.

Me: I'm glad that her parents can be at rest.

Lincoln: (Sniffles) Me too J.D.

Earth was crying and she had rainclouds over her head in some of the continents and this meant that she was crying.

Laney: (Sniffles) We're so glad she got justice for her parents.

Bai Tza: Me too guys.

Francesca: Guys thank you so much for helping me get justice.

Me: You're welcome Francesca.

Varie: We're happy we could help you out.

Bai Tza: Yep.

Francesca was now at peace knowing that she put an end to her nightmare that has plagued her for so long. She was allowed to keep the sword.

I saw the episode of CTCD Muriel Meets Her Match and got the ideas for this chapter from my books I write at home. Francesca deserved to have some justice in this chapter. NicoChan11 gave me the ideas for this one. Thanks man as usual. Next for part 11 is gonna be the Weremole. Let me know what you all think.

See you all next time.

# Night of The Weremole

In the living room of the Bagge farmhouse they were watching TV. They were watching a horror show.

Bai Tza: This show is creepy.

Francesca: It's grandma Muriel's favorite show.

Lana: This looks cool!

Muriel then came in and she was holding her hand in pain. Her hand was big and swollen.

Francesca: Grandma Muriel are you okay!?

Lana: Geez! That swelling is terrible!

Lincoln: What happened?

Muriel: A mole bit me.

Laney: A mole?

Earth: Why would a mole bite you?

Muriel: I don't know.

Francesca: Lets take you to Dr. Vindaloo.

Courage knew there was something familiar about this.

They did so.

* * *

In Dr. Vindaloo's office he was looking over Muriel.

Dr. Vindaloo: (India Accent) Nothing to worry about. It's nothing at all. Nothing at all.

Francesca: Is there anything we can do for her doctor?

Dr. Vindaloo: The swelling is going to go down. To go down. Just keep soaking it. Nothing to worry about. Just keep soaking it.

Bai Tza: Thanks doc. Come on Muriel.

They left the clinic.

---

Back at the Dome Farm, Muriel was washing her hand in the kitchen sink and then she saw the Full Moon and began to feel strange.

Lincoln sensed Muriel going through something.

Lincoln: Huh? Uh oh. Something is wrong. Muriel is going through a change.

Laney: I feel it too. Courage you'd better go see.

Courage: Okay.

Francesca: I'll come too.

They went into the kitchen and they saw Muriel eating out of Courage's dog bowl and when she saw Courage and Francesca she growled at them with ugly teeth!

Courage: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Francesca: Oh man!

They went back into the Living Room to let the others know.

Francesca: Guys! We've got big trouble!

Bai Tza: What is it?

Muriel came out and she was changing. She was roaring like a vicious animal and her hair turned orange and her mouth had ugly teeth. Her skin turned grey and furry and her hands turned into digging hands like a moles.

Bai Tza: What's happening to her!?

Francesca: She's going through a Weremole Transformation!

Lana: You've seen this before?

Courage: We sure have Lana.

Laney tied up Muriel with her plant powers.

Bai Tza: This is very similar to werewolf transformations.

Francesca: It is.

Lincoln: What is a weremole?

Francesca: They are much different than Werewolves but they are actually moles. They come out in the full moon and they've got a taste for rabbits and people. If you get bitten by a weremole you become one too. The only way to reverse its curse is to get a small hair of the one that bit Muriel.

Bai Tza: We need to keep Muriel contained and away from people until we kill the Weremole!

Laney: Okay. My vines should hold her till then.

Earth: How are we gonna find the weremole?

Francesca: We have to be out in the open and lure him to us.

Courage: (Sigh) I know I'm not gonna like this.

Francesca: I know Courage but it's our only chance to save Muriel.

Lincoln: It's a good thing we're going to kill the Weremole. If we throw it in one of our prisons, it might infect some prisoners!

Bai Tza: Good thinking Lincoln.

They put Muriel in the basement and tied her to the wall.

Outside the dome they were waiting and Courage was dressed in a bunny costume. Then they saw something burrowing in the dirt coming towards them.

Francesca: Here it comes!

Bai Tza: Stand ready guys.

Lincoln: Steady.

When he was close to them Lincoln struck the ground with his lightning powers and drew the weremole out and he was an ugly mole with red eyes and ugly teeth.

Earth: That thing is hideous.

Lincoln: It sure is.

Laney tied the mole up in plants and Courage took a pair of tweezers and plucked a hair of the beast out.

Courage: Got it!

Lincoln: Good work Courage!

Laney: Now lets finish him off for good. Francesca would you like to do a combo with me?

Francesca: I would be honored Laney.

Laney formed a bunch of ivy vines and Francesca fired a blast of fire from her sword.

Laney and Francesca: FLAMING IVY INCINERATOR!

The Ivy vines were covered in fire and they wrapped around the Weremole and incinerated him in an instant.

Lincoln: That did it!

Earth: Way to go guys!

Francesca: Thanks Earth.

Bai Tza: Lets go.

They went back into the house and into the basement. Courage put the hair into Muriel's mouth and she choked and was returning back to normal.

Muriel: What happened?

Bai Tza: You were bitten by a weremole.

Francesca: Again.

Bai Tza: But we cured you and killed the weremole.

Laney untied Muriel and got her down.

Muriel: Oh thank you guys.

Lincoln: You're welcome Muriel.

They went back to watching TV.

Laney: That takes care of that ugly mole.

Bai Tza: Yep.

# Bad Hair Day

It starts in a conference room with a small pile of money in the middle of a table.

Man: Is it my imagination or have our piles of cash gotten smaller?

2 more men agreed with him.

Man: We must be running out of subjects with blood type ABXYZ again. All in favor of finding new subjects oink like a big fat pig.

The 2 men oinked like a pig.

Man: That's it then. We find new subjects. Hohauser, start making calls.

---

At the estate we were watching TV.

Me: Hey Scuzzy and Cuzzy how did you beat Krab and Kankrelot?

Cuzzy: It was an easy fight.

Cuzzy, Ulrich and Lisa used a combo on Krab called CARNIVOROUS BEAR TRAP SLASHER. Cuzzy fired his meat ray at Ulrich's sword as he threw it at Krab and Lisa fused metal to it and it turned into a huge bear trap made of ham and steak and it snapped Krab in half and it exploded.

Scuzzy, Odd, Static and Carmen used a combo on Kankrelot called PYROSTORM T-BONE ARROW RAIN. Static and Carmen fired blasts of lightning and fire at and merged with Odd's arrows and Scuzzy turned them into T-Bones with his meat ray and they skewered Kankrelot and it exploded.

Me: Awesome job guys!

Lori: Literally an amazing performance.

Lisa: Indeed firstborn elder sister. It was a magnificent display of teamwork.

Varie: It sure was.

---

At Dr. Vindaloo's office the phone rang.

Dr. Vindaloo: (India Accent) Dr. Vindaloo? (Whisper chatter on the phone) I'm sorry but it would unethical to share my patients personal information with… (Whisper chatter) How much? (Whisper Chatter) That much!? What do you want to know? (Whisper chatter) ABXYZ is a very rare blood type. I do have one patient with that blood type.

At the dome farm there was a knock at the door and Muriel answered it and Lincoln, Courage and the girls stood ready.

Man: Muriel Bagge? Blood type ABXYZ?

Muriel: Yes? Can I help you?

Man: Growth Industries would like you to participate in our research for science and things like that.

Courage growled.

Francesca: Sorry but she's not interested.

Bai Tza formed a sword of pure water.

Bai Tza: So if you try anything funny it will be your last.

Man: Have it your way. We'll be in touch.

Laney: I wonder what that was all about.

Francesca: I have no idea.

The phone rang and Muriel answered it.

Muriel: Hello? (Whispering chatter on the phone) Well okay. If you insist.

Lincoln: Who was that Muriel?

Muriel: The hospital wants me to spend a few days with them to make sure me spleen is hooked up right.

Laney: You were just fine when you came back Muriel.

Francesca: Yeah.

2 men came in and grabbed Muriel.

Francesca: Something is seriously wrong guys. The hospital doesn't admit you to them for that long over the phone.

Courage: I agree. Let me see here.

Courage called Dr. Vindaloo.

Courage: (Babbling)

Dr. Vindaloo was now living the life of luxury as he had a crystal chandelier, hot tub and his clinic was filled with bags and bags of money.

Dr. Vindaloo: Muriel Bagge? No I cannot tell you anything about her. It would be unethical to reveal my patients personal information. So please don't call me again unless there is big bucks involved. Did I say that out loud? (Laughs) I was confused by my submarine.

Courage hung up the phone.

Courage: Muriel's in trouble.

Francesca: I feel it too Courage.

---

Courage snuck into Dr. Vindaloo's office and went through the file cabinets and pulled out Muriel's file and he gasped with an alarm klaxon.

Dr. Vindaloo: I love my submarine it's pretty.

---

Francesca read the file and she was shocked.

Francesca: Property of Growth Industries!?

Courage: Yeah! Those men took Muriel there!

Lana: Why that stupid double-crossing Growth Industries!

Bai Tza: They took Muriel after she refused!

Francesca: We will not put up with this!

Courage: Mm-mm!

Laney: Lets put that place out of business!

Francesca: Lets do it!

They set out for Growth Industries.

---

They arrived and went in and they got a surprise from Eustace's mother.

Francesca: Great Grandma Ma. I didn't expect to see you here.

Eustace's Ma: Oh hello Courage and Francesca good to see you. Where's me stupid son? Usually he's with you.

Bai Tza: He's now in prison where he belongs because we didn't like his attitude. But that's not why we're here. Muriel Bagge is in there.

Francesca: We know she's here.

Eustace's Ma: Who?

Bai Tza: Step aside please.

They went in and they went into a strange department. They saw a man getting dusted off with robot hands. Then he got sprinkled with some strange seeds, watered and blasted with sun lights. Hair grew instantly on him and then he was showered and squirted with shampoo and robot hands foamed it up into a good lather. He was showered off and dried off with a hair dryer and lifted up with a bunch of people that had a lot of hair.

Bai Tza: Holy mackerel!

Laney: What are they doing with all this hair?

Lana: I don't know but this is awful!

Muriel was among them.

Muriel: Girls? Lincoln? Courage? Is that you all?

Francesca: Grandma Muriel? Where are you?

Bai Tza: There she is.

She pointed to Muriel in the back of the group.

Laney: I see her. Lets go!

They went at Muriel and they saw another horrific sight. They were gonna shave the hair off their heads and collect it.

Lincoln: That is so wrong!

Earth: Come on!

They went and jumped and flew up to Muriel.

Muriel: Guys it's so good to see you.

Bai Tza: You too Muriel. We'll have you down from there in a jiffy.

Lincoln and Laney lifted her out of the sling and got her onto the floor.

Eustace's mom and a bunch of guards came in.

Eustace's Mom: Get them!

Lincoln fired a blast of lightning at them and electrocuted them until they were twitching like crazy.

Lincoln: How's that for a 20,000,000,000 volt lobotomy? As Luan would say, It was Shocking! (Laughs) That was funny.

---

At the estate Luan sneezed.

Luna: You catching a cold dude?

Me: No I think someone is talking about her and I think it was Lincoln.

Luan: It might be. He must've used a joke.

Varie: Maybe.

---

Courage and Francesca were facing Eustace's mom.

Eustace's ma: I'm sorry, Courage. I really like you and all. But I have a job to do.

Courage: So do I. I'll try and make this as painless as possible!

Francesca: Same here.

She came at them and Francesca jumped at her and grabbed her wig. Eustace's mom was as bald as a cucumber.

Bai Tza: What the!? She wears a wig!?

Lincoln: Weird.

Lana: No kidding.

Eustace's Ma: My hair! My hair is gone! I'm ugly! Ugly!

Laney tied her up in vines.

Lincoln: I think her dementia has taken over her completely.

Eustace's Ma: Ugly! Ugly! (Crying)

Earth: She needs a lot of help in an insane asylum or a nursing home.

Bai Tza: Yep.

Laney: She needs a tremendous amount of help.

Lincoln: Yep.

They brought Muriel back home and shut Growth Industries down for good. Francesca and Lana were picking hairs off of Muriel with tweezers.

Francesca: Glad you're okay Grandma Muriel.

Muriel: Thanks to all of you.

Laney: Now we don't have to worry about that monster institute.

Bai Tza: Yep.

Lincoln: Lola would not like that place at all. She worries about her looks all the time for beauty pageants and she would destroy that place in a flash of fire.

Francesca: Tell me about it.

Bai Tza: One thing is for sure, nobody likes a Bad Hair Day.

They laughed as they worked on Muriel and watched TV.

Another Fanfiction complete.

Bad Hair Day was one of my favorite in CTCD and it was Hair-Raising experience. Eustace's mom hated her son more than anything and she always called him Stupid Boy. What a wretch. She made Eustace into a dog hating spiteful monster. And our parents mould us into what we are. But she gives parents everywhere a really bad name. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next up for part 13 is the Curse of King Ramses. Let me know what you all think.

See you all next time.

# King Ramses' Curse

In the dead of night a car was speeding down the road at a fast rate and and a helicopter was chasing after it and searching for it with its searchlight on.

In the car were two thief cats and they were running from the cops.

Cat 1: Faster! Drive faster! If they catch us with it we're done for!

But the driver cat slammed on the brakes and parked on the road.

Cat 1: What are you doing!?

They got out of the car.

Cat 2: You're right. (Opens the trunk) We've got to hide the thing where we can find it later. (Points to something) There. The water pump.

They dug a hole by it and put a rock slab in it and buried it.

The cat thieves went back to the car.

Cat 2: We'll come back for it when the heat's off.

Cat 1: And we'll be rich.

Cat 2: Hey!

A mysterious fog then rolled in from out of no where.

Cat 2: What happened to the road?

An ominous figure appeared in front of them.

Figure: RETURN THE SLAB OR SUFFER MY CURSE!

Cat 1: Curse?

Cat 2: What curse?

Suddenly a swarm of locusts appeared out of nowhere and the cats screamed in horror as the locusts destroyed the car. The scene shifts to the domed farm of the Bagge's.

The car was gone and the helicopter left.

Courage was looking out the window.

Courage: What's going on out there?

---

The next morning everyone was relaxing and there was a knock.

Francesca: I'll get that.

She answered the door and it was Courage and he had something in his mouth.

Francesca: What you got there Courage?

She took it and looked it over.

Francesca: This looks ancient. Hey grandma. Take a look at this.

The rock slab had strange pictures on it.

She handed the slab to Muriel.

Muriel: Oh my this looks very old. What do you suppose it could be?

Lincoln: Hmm. This is an ancient relic.

Lana: It sure is.

Laney: I've never seen a stone slab like this.

Bai Tza: Me neither. But it looks familiar to me somehow.

Lincoln: Lets see what the news says about it.

Lincoln turned on the TV and a news report was on about it.

News Reporter: But the big story today! Million Dollar slab stolen from the tomb of King Ramses!

They gasped.

Bai Tza: Now I remember! This slab here belongs in the tomb of King Ramses. He lived 3,500 years ago and legends say that this slab is Cursed!

Courage: Cursed!?

Francesca: It's cursed!?

Lincoln: How is it cursed?

Bai Tza: Legends say that anyone that steals it from King Ramses crypt will be victim to his terrible curse.

Laney: We have to return the slab to his crypt at all costs.

Lana: I want to see if this curse is real.

Earth: Me too.

Bai Tza: Okay.

---

Later that night the Mysterious fog rolled in over the farmland.

Laney: I've got a very bad feeling about this.

Courage: Me too Laney.

Francesca: This curse sounds like it's really deadly.

The door then rattled and they went outside the dome and found The Ghost of King Ramses.

King Ramses: RETURN THE SLAB.

Francesca: It's the Ghost of King Ramses!

Lincoln: That's him all right.

Bai Tza: Why are you here?

King Ramses: RETURN THE SLAB OR SUFFER MY CURSE.

Lana: This is not good guys.

Francesca: We better do as he says.

Bai Tza: Bring it on.

King Ramses: THIS NIGHT YOU WILL BE VISITED BY THREE PLAGUES. EACH WORSE THAN THE LAST. RETURN THE SLAB.

Bai Tza: Do your worst.

The first symbol on the slab vanished and then it rained in the dome.

Muriel: Did you all activate the dome?

Bai Tza: It's the first plague: The Plague of Floods.

The water poured all over the dome and it was filling up fast. When the dome was halfway filled up she swam down to the ground and pulled out a drain plug and the water drained.

King Ramses: AW! COME ON.

Lincoln: That was a close one.

Laney: It sure was.

King Ramses: RETURN THE SLAB.

Lincoln: Come on!

King Ramses raised his hands and the second symbol vanished. Suddenly horrible music was playing and Muriel was screaming as the music was playing.

Bai Tza: It's the second plague: The Plague of Horrible Music!

Lincoln: THIS MUSIC IS AN ABOMINATION!

Francesca then found a Victrola record player playing the song behind a rock and she smashed it to pieces with a war club.

King Ramses: RETURN THE SLAB.

Laney: There's one more plague guys. Lets see what it is.

King Ramses lifted his hands and the third and final symbol vanished.

Suddenly from out of nowhere a massive swarm of locusts appeared.

Bai Tza: It's the final plague: The Plague of Locusts! These Locusts are going to kill us all!

Lincoln: Lets blast them!

They used their powers and blasted and reduced the locust swarm to charred husks.

Bai Tza: The curse is completely real. Lets return the slab.

They did so.

---

The next morning they were watching TV and reading books.

Professor Frith: At last the allegedly cursed slab has been returned to King Ramses Crypt where it will remain buried in antiquity for all time.

Bai Tza: Thank goodness.

Laney: Yeah.

Francesca: That curse almost killed us.

Earth: But we got rid of it for good.

Lincoln: Yep.

The curse was gone and King Ramses can now rest in peace.

THE END

Another Fanfiction Complete.

King Ramses Curse was the strangest and most disturbing episode of CTCD. King Ramses was no doubt the most disturbing villain of the all. His ominous voice gave me the creeps. But it was a funny and cool episode nonetheless. I figured that instead of having Eustace learn the hard way out of greed I wanted to have them see the curse for themselves if it was real. Next for part 14 is Hard Drive Courage. Let me Know what you all think.

See you all next time.

# Hard Drive Courage

In Muriel's bedroom, Muriel was in her bed with a nasty runny nose and she had a scarf around her neck and an ice bag on her head. A thermometer was in her mouth. She took it out and sneezed and put it back in her mouth.

Francesca took it out and she saw that Muriel did not look good at all.

Francesca: Boy Grandma Muriel you are burning up.

Bai Tza: Yeah Muriel I don't think we've ever seen you so sick.

Laney: Me neither.

Francesca: Maybe the remedy we made will help.

Courage: Here you go Francesca.

He handed her a tray and on it was a plate with a special gelatin.

Francesca: Thanks Courage. Here grandma try some of my special gelatin.

Lincoln: Will this stuff work?

Francesca: Grandma Muriel showed me how to make all of her special remedies.

Muriel: (Weakly) Okay Francesca.

Francesca took a spoonful of the gelatin and put it in her mouth. But it tasted terrible and she swallowed it.

Muriel: What was in there?

Francesca: I made it like you showed me with the right ingredients and a little drop of vinegar.

Muriel: Well you did try Frances… (Sneezes)

Earth: What can we use to cure her now?

Francesca: Hmm. How about Artichoke Syrup Soup?

Muriel: Okay.

Bai Tza: At least we didn't try leaches.

Lana: That would've been cool.

They went to the kitchen and started looking through recipe books and file cabinets full of cookbooks and recipe books.

Francesca: That recipe for Artichoke Syrup Soup has to be in here somewhere guys.

Bai Tza: I know. Muriel has so many books that it's like trying to find a needle in a haystack.

Laney: No kidding. But these recipes are awesome. Dad would love them.

Lincoln: I'm sure he would Laney.

Lana: Some of these recipes look delicious.

Earth: They sure do.

Francesca: Did you find anything Courage?

Courage: Uh-uh.

Francesca: Lets see here. This looks promising. Aardvark Syrup Soup? Yuck!

The recipe showed part of an aardvark submerged in brown syrup.

Lana: That is disgusting! I may like gross things but that is disgusting.

Francesca turned the page.

Francesca: Armageddon Syrup Soup.

The recipe showed glowing magenta syrup with an atomic explosion coming out of the bowl.

She turned the page and she found it.

Francesca: Aha! Artichoke Syrup Soup. Found it.

But half of the page was torn off and this made it impossible to find it.

Francesca: Half of the page is missing.

Lincoln: That stinks.

Earth: Where are we gonna find it now?

Courage: I think I have an idea.

---

They went up to the attic and went to Computer for help.

Computer: Oh I see you all came to me.

Francesca typed in the recipe.

Computer: Recipe for Artichoke Syrup Soup how boring.
Downloading Time: 43 hours.

Earth: Oh man.

Lincoln: This computer is much slower than the ones we have now.

Francesca: I know but he's our friend and the only computer we have in the farmhouse.

Courage: That's right.

They left while the recipe downloaded.

But then the computer started doing weird stuff.

Computer: VIRUS ALERT! Blast! What the dickens is going on? Who are you? What do you want?

It beeped and as they went to the kitchen to go get a snack the computer started sparking up.

Muriel got up out of bed and went to check on them.

Muriel: Guys? (Coughing) Any luck yet? (Opens the door) Guys?

She walked up to the computer.

Computer: Jest Poosh buttin "X". Buttin "X"

Muriel: Well that does seem pretty simple.

She pushed the X button and she became digital and everyone came in and they saw Muriel get sucked into the computer.

Courage: Did Muriel just get…

Bai Tza: Sucked into the computer? Yeah, it seemed like it.

Courage: NOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO!

They went to the computer.

Computer: (Weakly) Help.

Lincoln: What happened!?

Francesca: It must be a computer virus.

Earth: The recipe we downloaded must've had one and infected the computer.

Bai Tza: We got to go in there and get Muriel out of there.

Laney: But how?

Courage: What do I do? What do I do?

Computer: Scanner.

They went to the scanner and put their hands on the scan plate and they were beamed into the computer.

---

They went through a digital stream and were in the computer. They were all green and their skin structure was the same and was now green with the binary code.

Courage: I've been in here before.

Lincoln: This is so cool!

Laney: It sure is.

Muriel: Guys can you hear me?

Francesca: Grandma Muriel!

They found her. But then a binary code snake creature with a mans head with a huge nose came and just as he was about to wrap around Muriel, Bai Tza punched him in the nose.

Bai Tza: You stay away from Muriel you disgusting virus!

Lana: Yeah you freak!

Laney punched him in the face and Courage turned into a huge club with lots of spikes and bashed him in the face with it.

WHAM!

Francesca slashed the computer virus in half and destroyed it in an instant.

Bai Tza: That takes care of that.

Francesca: Yep. Maybe now we can get the recipe for Artichoke Syrup Soup.

And they did. After getting Muriel out of the computer and back in bed they made the soup.

Francesca: Here you go Grandma Muriel.

Muriel: Oh thank you Francesca.

She gave Muriel a spoonful and she was better in an instant.

Muriel: Mmm. Thank you Francesca.

Francesca: You're welcome Grandma Muriel. The vinegar in your recipes is genius.

Muriel: It sure is. It's a heavenly combo.

Lincoln: It sure is.

They laughed.

(Note: I couldn't put full title of the chapter down so I turned it into an acronym to shorten it. **R** evenge **O** f **T** he **C** hicken **F** rom **O** uter **S** pace)

In the city of Moscow, Russia a young girl was looking out over the city when a plunger stuck to the girls dolls head and yanked it off.

Russian girl: AAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHH!

In Paris, France a woman was dressing a mannequin up for a store when a plunger stuck to its head and yanked it off.

Paris woman: AAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHH!

In New York City a policeman was sleeping and he looked at the Statue of Liberty. A plunger stuck to it and yanked it off.

Policeman: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHH!

An alien spaceship was hovering with the severed head of the Statue of Liberty. In the ship was a stuffed plush toy that looked like Courage. A plunger stuck on it and it sucked and ripped it off. The scene shifted to Courage screaming from waking up from a nightmare.

Courage: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Francesca and Muriel woke up.

Francesca: Courage? Did you have a bad dream?

Courage: Mm-hmm.

Muriel: Oh you poor dear.

Francesca: Lets go get some water.

Courage: Okay.

They went downstairs to the kitchen and they got some water. After drinking their water they heard a strange noise outside. They opened the back door and outside hovering next to the dome was an alien spaceship. It had a light beam pointed at the ground.

Francesca: Aliens from another planet.

Courage: I wonder who they are.

A platform was lowering down and they saw a fried rotisserie chicken and it was alive. It got up and looked at them.

Francesca: It's the Chicken from Outer Space!

Courage: He's back for revenge!

The chicken had a plunger ready and he looked at them and pointed and gave that finger motion that said I'm going to kill you.

Francesca and Courage locked and barricaded the door and went up to the attic.

Francesca: Guys wake up! We've got big trouble!

Bai Tza: What's wrong Francesca?

Francesca: An old enemy we know has come back to get revenge!

Courage: It's a chicken from outer space!

They gasped!

Lincoln: You mean like an Alien Chicken?

Laney: That is weird.

Earth: You have some kind of history with this chicken?

Francesca: Yes.

Lana: Cool! What does he look like?

Courage turned into the chicken and it was a white rooster with evil red eyes and a blue waddle.

Bai Tza: He looks like a normal everyday Chicken.

Laney: But he has a couple of differences than the ones we know.

Francesca: Yes. We defeated this chicken and fricasseed him. Here's what happened.

FLASHBACK - Nowhere, Kansas 2 years ago.

Francesca: (Narrating) **It was back 2 years ago. Me and Courage were relaxing out on the front deck when we saw an alien spacecraft land in our front yard. Out of the ship came the Chicken from Outer Space and he was at our farm to take over the world. We tried to get Grandpa Eustace and Grandma Muriel but they didn't believe us and we were on our own. So we looked around for the chicken and found him in our chicken coop. We punched him in the beak and he put up a really good fight. He was a tough one. He pulled out a space blaster and I kicked it out of his wings and we both blasted him and fricasseed him. We thought we had seen the last of him.**

---

Francesca: Now he's back and he's going to get revenge.

Bai Tza: This bird picked the wrong people to mess with. Lets get him guys!

They went outside and stood ready to fight him.

Laney beamed Ed over to the farm and he was asleep.

Ed got up and he saw them.

Ed: Huh? Hi guys!

Laney: Hey Ed. Sorry to beam you here unexpectedly but we have an alien chicken problem.

Ed: Alien Chicken?

Bai Tza: Yeah and there he is! (Points to the roasted alien chicken)

Ed saw the chicken and went crazy.

Ed: Chicken! HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN!

He hugged the alien chicken and pet it.

Bai Tza: I didn't know that Ed liked chickens that much.

Laney: He did tell us that he loves chickens Bai Tza. He goes absolutely crazy for them and loves them like pets.

Lincoln: The only thing that would make this day better is that if he went Edzilla right now.

Lana: Me too.

The alien chicken kicked Ed in the face.

Ed: Ow. Okay you may be a chicken but you will not hurt my friends!

Ed then became Edzilla.

Edzilla: Ed no want to hurt chicken. BUT ED PROTECT FRIENDS NO MATTER WHAT!

Edzilla went at the alien chicken and pulverized it.

Laney: Lets use our combo to finish him off for good.

Francesca: You got it! Ed you want to join us?

Edzilla: You know it.

Francesca fired a blast of fire and Laney formed Edzilla into a dragon and the fire enveloped him.

Edzilla, Laney and Francesca: PYROCUMULUS DRAGON FIRESTORM!

The leaf dragon became a powerful fire dragon and it was coming towards the chicken at an incredible speed.

Alien Chicken: STUPID DOG AND HUMANS!

The chicken was eaten and incinerated by the dragon and he was gone for good. The terror of the Chicken from Outer Space had been silenced forever.

Francesca: That was awesome!

Laney: It sure was.

Ed: That was so much fun!

Bai Tza: That takes care of that. Thanks for helping us Ed.

Ed: No problem guys.

They then went back to sleep and Ed went back to the estate. In the morning they had an awesome breakfast.

Revenge of The Chicken From Outer Space was an awesome and really funny episode. The Chicken From Outer Space was the pilot episode of Courage the Cowardly Dog and it aired on the What A Cartoon Show back in February 18th, 1996 and it was a funny one. Francesca's version of the pilot episode was my own variant of it. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next for part 16 is the Queen of The Black Puddle and that one will have a unique setup to it. Let me know what you all think.

See you all next time.

# Queen of The Black Puddle

In the Moon prison Eustace was sitting in his cell watching TV.

Eustace was watching war movies on TV and then he heard a woman's voice from out of nowhere.

Woman: **Eustace.**

A pipe was dripping in his cell and it formed a puddle in his cell on the floor and a mysterious woman with purple hair, pink eyes and a black dress formed.

Woman: **Eustace.**

She splashed him and he was in love with her. She carried him and went down into the puddle. A guard was making his rounds when he saw Eustace's cell empty and gasped. He sound the escaping prisoner alarm.

---

On Earth we were watching TV when the alarm went off and the computer popped up. On a holoscreen was the Warden of the Moon Prison.

Warden: J.D., Moon Prisoner 0142523 has escaped from his cell.

Me: Eustace Bagge? Oh man. No one has ever escaped from our prisons before.

Warden: Yes. This is the first time. We didn't find his frozen body on the Moon but all we found in his cell was a puddle of water.

Me: We'll be right over Warden.

We went to the Moon Prison and it was on tight lockdown.

Varie: This is an ominous puddle.

Aylene: I can feel it.

Vince: This isn't the work of Henry Kane is it?

Lucy: No. But there is a paranormal force at work here.

Me: So a water demon is behind this. It's not Bai Tza's work. This is the work of something else. Let me see here.

I dip my head into the puddle but it was far too dark to see anything and I pull my head up.

Me: It's way too dark down there. I can't see anything. Luan do you have your waterproof camera with a flashlight on it with you?

Luan pulled out her camera and it was in a clear plastic case.

Luan: Here you go J.D.

Me: Thanks.

Lynn: Here's a rope J.D.

Me: Thanks Lynn.

I tied the rope around a handle on the camera and what it saw was rather very unusual. The puddle actually lead down a huge tunnel that lead to an underwater dimension and there were lots of glowing bioluminescent fish. The tunnel looked like it went on forever.

I pulled the camera up and replayed the findings.

Me: Wow! Look at this! The puddle leads into an alternate dimension that is really an underwater universe.

Luna: Boy look at that tunnel. It goes on forever dudes.

Sam S.L.: It sure does.

Lisa: Fascinating. This is clearly the work of the paranormal presence that has taken the elderly crankcase to another dimension.

Me: It would appear so. Lets head back to headquarters and analyze what we found out.

Varie: Okay.

---

Back at the estate we were analyzing the dimension and what we discovered was rather very unusual. All over the planet multitudes of portals that lead to this strange universe were all over the world and in depth the dimension was a vast network of caves and tunnels and the underwater dimension was located in a huge pocket underneath the Pacific Ocean and it was over the Earth's mantle.

Me: Oh wow! Look at this.

Luna: Dude that is a strange cave network.

Lori: It literally is.

Luan: And this paranormal force took Eustace to its world.

Carol: That is so freaky.

Vince: No kidding. It's like this force can appear in any part of the world or the Moon anytime.

Me: My thoughts exactly. This takes puddle jumping to a whole new level. Maria, you go to Nowhere and help Bai Tza and the team there.

Maria: Okay.

Maria spread her wings and flew out to Nowhere.

---

At the Bagge dome farm it was raining a lot. Bai Tza, Lincoln and the girls were watching TV and playing card games.

Bai Tza: Boy it sure is coming down outside isn't it?

Courage: It sure is. Got any 5's?

Bai Tza: Go fish Courage.

Courage drew a card.

Lincoln: This movie is fun.

Lana: It sure is Big Bro.

Minutes later the rain stopped.

Francesca: The rain stopped. Want to go jump in some puddles?

Lincoln: You know it!

They went outside and jumped and splashed in some puddles and were laughing and having fun.

Laney then jumped into one puddle and fell through it like a swimming pool.

SPLASH!

Lincoln: Whoa!

Laney surfaced.

Laney: Wow! This one is really deep!

Bai Tza: Looks like it.

They helped her out.

Bai Tza: I sense something ominous about this puddle.

Maria landed.

Lincoln: Maria.

Laney: What's wrong?

Maria: Eustace Bagge escaped from the Moon Prison and a paranormal force took him to its world through a puddle.

Maria explained everything and they gasped.

Courage: I thought your prisons were escape proof!

Maria: I'm just as surprised as you are.

Francesca: Oh no. This is the work of the Queen of The Black Puddle.

Courage: So she has come back to get the farmer again.

Lincoln: Who or what is the Queen of The Black Puddle?

Francesca: Me and Courage met her a year ago. She's a Sea Demon Seductress that lures her victims to her underwater castle lair and devours them.

---

Francesca: (Narrating) **Me and Courage met her and she lured Eustace to her underwater lair to eat him. We went to get Eustace and she put up quite a fight. We discovered that we can breathe underwater in her world. We got Eustace back and dried up the puddle she came in and made sure she never haunts us again.**

FLASHBACK ENDS

Bai Tza: And now she's back to finish the job.

Courage: Yes. She's another one of my most dangerous enemies.

Maria: Looks like we're going into her domain.

Lincoln: Yep.

Earth: This is gonna be interesting.

Laney: It sure is.

Lana: Lets go.

Maria reveals her swimsuit.

Francesca: That's a nice swimsuit, Maria.

Maria (blushes): Thanks, Francesca.

They went down into the puddle and it was an amazing underwater tunnel. They swam down the tunnel and it had crystal columns and stalagmites that looked like those fun magic rocks that grew in a little over 2 hours. But on a vastly larger scale.

Maria was in her mermaid form.

Maria: Wow! This is incredible.

Lana: It's all like those Magic Rocks me and Lola did with Lincoln.

Lincoln: I remember that. You two were only four when we did that.

Maria: Those are always fun.

Maria had a camera headband on and it was showing us at the Estate what she was seeing.

Maria: Are you seeing all this J.D.?

Me: I sure am Maria. It's hard to imagine something like this was created. It's like something I saw in a dream I had long ago.

Natilee: You told me about that dream dad. It was a strange dream you had about Magic Rocks.

Rachel: That's an unusual dream.

Varie: Yeah.

In the underwater dimension tunnels they saw lots of different glowing fish. They were so beautiful that they make the ones swimming in the ocean look like aquarium fish in comparison.

Suddenly they were pulled by a strong current.

Maria: Hang on guys!

They rushed out of a whirlpool that led into a huge tunnel and out into a massive air pocket. They landed with a huge splash into a huge lake. They surfaced and saw a huge malevolent castle. It looked like a true castle from the darkness of Hell.

Maria: Wow! What a castle.

Lincoln: This looks like a castle of pure evil.

Laney: Yeah.

Francesca: This is incredible.

Bai Tza: Lets go.

They went into the castle and in a room they saw the Black Puddle Queen alluring Eustace. Then she put a shell necklace on him and turned into her true form. She had an ugly big mouth with huge ugly teeth and she had claws on her hands.

Maria: Lets get her guys!

They rushed in and Bai Tza kicked the Black Puddle Queen in the face.

Bai Tza: You call yourself a demon? This is what a real demon looks like!

Bai Tza became her true form and Francesca was amazed.

Francesca: Wow! So this is your true form.

Bai Tza: **It is Francesca. This is my Demon Sorcerer form. I look like a sea dragon mermaid.**

Francesca: Your true form is amazing Bai Tza.

Bai Tza: **Thank you Francesca.**

She fired a blast of water at the Black Puddle Queen and it hit her and sent her crashing into the wall.

CRASH!

Bai Tza fired numerous spears of water and they skewered the queen.

Francesca: Grandpa Eustace snap out of it!

Francesca took a rolling pin and bashed Eustace on the head.

BONK!

Eustace: Ow! What did I do!? Francesca and the stupid dog?

Francesca: Are you okay Grandpa Eustace?

Eustace: I think so. What happened?

Francesca: You were taken from your prison cell by that woman.

Francesca pointed to the Black Puddle Queen.

Eustace: I remember her! She tried to kill me before.

Francesca: I know.

Maria: Lets finish her with our combo Bai Tza!

Bai Tza: **You got it Maria.**

Maria and Bai Tza fired a massive blast of water at the Black Puddle Queen.

Maria and Bai Tza: NEPTUNE MEGATSUNAMI OBLITERATOR!

The blasts of water turned into a powerful mega tsunami and it completely obliterated the Black Puddle Queen in an instant.

Maria: That did it!

Bai Tza became her human form again.

Bai Tza: That was awesome!

The Black Puddle Queen's spirit appeared and Nicole arrived.

Nicole: You will never lure another soul to their doom again! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUSNOR!

The Black Puddle Queen was sealed into the Book of Vile Darkness.

Lincoln: That was awesome!

Laney: It sure was.

Maria: Lets get out of here guys.

They left the way they came and went back home. They got out and went back to the farm in Nowhere.

Maria: Let's throw Eustace in the Mars prison this time. Mars doesn't have any water.

Bai Tza: Good idea Maria.

They did so and Eustace was back in prison. The terror of the Queen of The Black Puddle had been silenced forever.

The Queen of The Black Puddle was an awesome and strange episode. She really creeped me out on CTCD. NicoChan11 and I did the ideas for this one. Thanks man as usual for the help. Part 17 will be the Windmill Vandals. Let me know what you think.

See you all next time.

# Windmill Vandals

At the domed Bagge farm everyone was reading books up in the attic and Francesca and Lana were watching the Dream Boat on TV.

Lana: This is my family's favorite show Francesca.

Francesca: I believe it Lana. It's a cool show.

Down in the basement Muriel was making an iron statue of Courage and he was big and buffed up.

Muriel: You look gorgeous in wrought iron Courage.

Courage: Mm-hmm!

Muriel: Just a minute more.

Outside the Windmill was starting to fall apart and smoke and the lights are flickering on and off.

They all noticed it.

Bai Tza: Uh oh. I think something's wrong with the windmill.

Lincoln: That's not good.

Laney: We better go help out.

They went to the wall of the dome and saw that the windmill had stopped turning completely.

Muriel: Oh my, It seems that the Windmill seems to have stopped turning.

Francesca: The windmill is broken.

Lincoln: Yep.

Lana: Guys, there are some thugs who look like vikings outside.

They saw a group of viking skeleton warriors coming towards the windmill.

Lincoln: Who are those guys?

Francesca and Courage knew the vikings.

Francesca: Oh no! Those guys are the Windmill Vandals!

Courage: We dealt with them last time this windmill broke and they tried to kill us!

Lincoln: Who are these Windmill Vandals?

Francesca: I'll show you all.

They went to the computer.

Lincoln: I can power this for us.

Francesca: How can you do that?

Lincoln: Don't worry. I can have my lightning powers be the power source for the computer. I did the exact same thing once when Sector V needed power.

Laney: I remember that. Who needs a generator when you have your powers Lincoln.

Lincoln took the electrical cord out of the socket and channeled electricity into it with his powers. The computer was turned on.

Lana: Very clever big brother.

Lincoln: Thanks Lana.

Francesca: Here's what we found out about the Vandals.

She typed in the history of the windmills history.

Francesca: The windmill was built 250 years ago by the farms first owner: Jiles Galette.

Jiles Galette was an 18th century man that was wearing traditional clothes from then and he had a big beard.

Laney: So he built this farm?

Lana: Fascinating.

Francesca: Yes. He built the windmill, for his farm when everyone else had to use water wheels which were built by a horde of vandals.

It showed a picture of the vandals.

Lana: So those guys are the vandals when they were alive?

Laney: It would appear so.

Earth: They look like European Dark Ages Vikings.

Francesca: They do don't they? When the water dried up, Farmer Galette built the windmill and the vandals hated him for that. But he kept them at bay by carving magical symbols into the windmill blades. According to legend, if the windmill ever stops turning, the vandals will rise from the dead and seek vengeance on all who possess it.

It showed a picture of the Vandals risen from the dead as what they have seen outside.

They gasped.

Lana: That is horrible!

Laney: It sure is.

Bai Tza: We need to get the windmill fixed or else those vandals will keep on coming!

Lincoln: We're gonna have to.

Bai Tza: Lets go!

They went outside the dome and went to the windmill and Lana got to work.

Lana: I'll get to work and you all hold them off!

Lincoln: Okay!

Bai Tza formed a sword of water and she blocked a strike from the axe Vandal and she kicked him in the head and slashed his axe in half. Lincoln fired blasts of lightning and electrocuted the other three vandals. Laney formed a sword plant and she engaged the Sword Vandal in a powerful sword fight and Laney slashed his head off. Francesca fired blasts of fire from her sword and burned the Flail and Double-Headed Axe Vandal.

Lana got the windmill fixed and it was turning at full force.

Lana: It's all fixed guys!

Nicole arrived and just as the vandals were about to vanish she sealed the Vandals into the Book of Vile Darkness.

Nicole: Whew! That was a close one. Are you all okay?

Lincoln: We are Nicole. Thank you.

Nicole: You're welcome Lincoln. But great job guys on fighting those vandals.

Laney: Thanks Nicole.

Lincoln: They put up a good fight.

Earth: They sure did.

Muriel: I do think it's time to get rid of this old windmill. But where will we find another one?

Lincoln: I have a better idea Muriel. Hold on.

He pulls out his cell phone and calls Lisa.

Lisa: (Answers) Hello?

Lincoln: Hey Lisa.

Lisa: Greetings elder brother. What can I do for you?

Lincoln: I have a job for you.

Lisa came down to Nowhere and she built a very cool generator device.

Lisa: All finished. This is my lightning power orb generator. Lincoln you can use your lightning powers to charge it up and it will keep the house powered with electrical energy for 4 months.

Bai Tza: Spiffy.

Laney: It sure is.

Lisa: Lincoln please enter the orb and charge it with your lightning powers.

Lincoln: Okay.

Lisa pressed a button on a remote and Lincoln went into it and the orb closed and Lincoln flared up his lightning and charged up the generator to full capacity in 20 seconds.

Lisa: All charged up.

Lincoln came out and they got rid of the windmill. They no longer needed the windmill. They resumed their activities before the night was over.

Windmill Vandals was one of my favorites in CTCD. It was an interesting episode and it was a freaky one too. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next for part 18 is King of Flan. Better get a-Custard to it! Let me know what

you all think.

See you all next time.

# King of Flan

In the attic Bai Tza, Lincoln and the girls were resting when they heard clattering down in the kitchen.

Lana: Uh oh!

Lincoln: I wonder what's going on in the kitchen.

Francesca: Lets find out guys.

The went downstairs and into the kitchen and they found that it was a mess and they saw Muriel looking through the fridge and she arose and her face was a mess as it was covered with a yellow custard treat.

Muriel: (giggles) Got any flan?

Bai Tza: That Mexican custard dessert?

Lincoln: Dad never makes us that dessert. He says it's loaded with cholesterol.

Francesca: Why do you have a craving for flan Grandma Muriel?

She grabbed Francesca and shook her.

Muriel: You got flan!? Don't be holding out on me!

Bai Tza: That sounds like something a cocaine addict would say.

Lincoln: Yeah.

Muriel: The girl's dry. Time for a flan run.

They got into the truck and Muriel was acting really crazy.

Laney: This is really not like her.

Courage: No kidding.

Muriel saw a billboard and it had a face on it. It was a billboard of a man with red hair and he had a sinister-looking smile.

Muriel: Flan.

They were in the middle of the town of Nowhere and they were parked in front of the general store. Inside they saw the townspeople raiding the store for flan.

Bai Tza: This is insanity!

Lincoln: Why are they after all that flan?

Laney: I don't know but it has something to do with that face on that billboard we saw earlier.

Earth: This has to stop.

Francesca: No kidding.

Muriel then swiped a flan-shaped van and went back to the domed farm and Bai Tza, Lincoln and the girls flew back to the farm.

* * *

The next morning the entire house was a complete mess. Flan was splattered all over the walls and the ceilings and hundreds of flan containers were all over the floor. Muriel was sitting in her chair and she was a 600 pound overweight blimp.

Bai Tza: Muriel I think you've had enough!

Muriel: Flan.

Laney: Look at this mess! There's containers and flan everywhere!

Lincoln: This stuff is a heart attack in custard form!

Lana: It's tasty but it's really bad for your heart!

Earth: That's right.

Courage: Mm-hmm.

Muriel: Flan.

Francesca: Wonder what's causing all this. Everyone went flan-crazy!

Bai Tza: No kidding. Someone is causing everyone to become flan addicts.

Laney: That's just what I was thinking.

Courage: Hey look at this.

Courage handed Bai Tza a flan container and there was an address on it.

Bai Tza: Hmm. "Flan-Tasy Flan Co. 1 Flan Drive, Flansville, Kansas." That must be the company that's responsible for this.

Laney: Lets go stop this now.

Lincoln: Lets go!

They went out to the Flan car and Francesca drove the van. Everyone else was in the back of the van. She drop all the way to the company and saw the same face on a spinning screen in a radio tower. She pulled into a warehouse parking garage.

Francesca: We're in.

They got out of the van and went into the building. They walked around and then they heard a man speaking.

King of Flan: (Spanish Accent) Buy Flan-Tasy Flan. Buy Flan-Tasy Flan.

They heard the voice coming from the media room.

They saw the same guy on the billboard making a commercial.

King of Flan: (Hypnosis tone) Buy Flan-Tasy Flan before midnight tonight. Buy Flan-Tasy Flan. I'm telling the world.

They looked away to avoid being hypnotized.

Francesca: So that's it. He hypnotized all of Nowhere and turned everyone into Flan-crazed lunatics.

Lincoln: He obviously wants everyone to have a heart attack because of flans high cholesterol level.

Bai Tza: We got to stop this overgrown tub of lard.

Courage: Mm-hmm!

In the media room they saw a man wanting flan.

Man: (Laughing insanely) FLAN! FLAN! GIVE ME FLAN!

The King of Flan laughed.

King of Flan: The Flan-Tasy hypnomercial is a success. We've got all of Nowhere totally Flan-tafized and the new hypnomercial works even better. Tonight we go live on all the networks everywhere and turn everyone into flanatics. Then I will be the King of Flan! (Laughs)

They then blast through the wall and stood ready to face him.

Francesca: Not so fast!

Bai Tza: You've got a lot of nerve hypnotizing everyone in Nowhere with your love of your High Cholesterol Heart Attack Inducing Custard of Disaster!

King of Flan: I only want to spread the joy of my love of flan.

Laney: Your love of flan will have a lot of people in the hospital because of their arteries being plugged up from high cholesterol!

Lincoln: We're shutting you down flan man!

Earth: That's right!

King of Flan: Ah yes. I've seen you all before. You are all part of Team Loud Phoenix Storm. You came to stop me have you?

Bai Tza: That's right. Haven't you heard of eating everything in moderation? Eating only flan will kill you!

Francesca: That's right!

Courage: You turned me into a flan-atic once and I stopped you back then!

King of Flan: I remember that. Now I will make sure you all are flan-atics permanently.

Bai Tza: Bring it on Custard Breath!

He jumped and curled up into a tight ball and rolled towards them and Bai Tza kicked him and sent him plowing through a couple of walls with incredible force and he stopped on the floor and rolled back towards them.

Laney: He's coming back!

Francesca: Let me see if I can stop him.

The King of Flan was rolling fast and Francesca kicked him and he crashed into another wall. But Francesca screamed in pain.

Francesca: My leg!

Lincoln: Oh man!

He got her up and held her bridal style.

Francesca: I didn't know you were this strong Lincoln.

Lincoln: When you've worked with 11 sisters for as long as I have you get stronger over the years.

Laney: And that was before J.D. came and we extended our family.

Francesca: Wow!

Earth: That's amazing.

Bai Tza: Hang on Francesca. We'll get you to a doctor after we stop him.

Francesca: Okay.

Laney used her plant powers and formed it into a huge baseball bat and she whacked the King of Flan a huge distance away.

Lincoln: It's going! It's Going! AND IT'S GONE!

Laney: Whoo! That was awesome!

Bai Tza: Great shot Laney. You knocked him out of the park. Lynn would be very proud.

Lana: Awesome job sis!

Laney: Stop it guys. You'll give me a swollen head.

Bai Tza: Lets stop that Hypnomercial.

They went to the cameras.

Muriel was wanting flan some more.

The commercial came on and a cannon fired. Muriel was watching and Courage put a no flan paper on a yo-yo and swung it like a watch. He swatted flan away and told everyone to stop eating it and the cannon fired again. Muriel was broken out of the spell of the Flan Commercial.

Muriel: Oh my!

Bai Tza: Cut! That oughta do it. Lets head back to the farm.

They did so and got to cleaning up. They called in Lisa.

Lisa: I got your call elder brother.

Lisa came in and she had a liposuction machine and an X-Ray Machine.

Lisa: Just relax Muriel. It'll be over in a few minutes. Now for Francesca.

She had the X-Ray Machine at her leg and what it revealed was shocking. Her right Tibia was broken badly.

Lisa: It appears that you have a compound fracture of the right tibia bone Francesca. You will have to rest it for 12 to 16 weeks.

Francesca: Boy it must be that bad.

Laney: That must be bad.

Lincoln: (While cleaning) Lisa is also a doctor Francesca. She works at the hospital and even helps out at the house.

Francesca: Wow! Lisa you are really smart for a 4-year-old girl.

Lisa: Indeed. Tell me something I don't already know.

Bai Tza: I know. Thank you Dr. Lisa.

Lisa put a cast on Francesca's leg and she brought in a special hover wheelchair for her.

Later Muriel was back to normal and the house was all cleaned up. The King of Flan was now in the Mars Prison.

Another Fanfiction Complete.

King of Flan was one of the funniest episodes of CTCD. The King of Flan was a funny and cool guy. But he tried to give everyone high cholesterol levels through flan. Flan is a good Mexican Custard dessert but it is LOADED with cholesterol. 42% of it and High Cholesterol levels are one of the causes of the #1 killer in people: Heart Attacks. Heart Attacks kill 610,000 people per year and Stress, High Blood Pressure, Old Age and High Cholesterol levels are the contributing factors to Heart Attacks. So that's why you have to eat everything in moderation because too much of anything is bad for you. Next for Part 19 is the Eggplants from Journey to The Center of Nowhere. Let me know what you all think.

See you all next time.

# Journey to The Center of Nowhere

Nowhere was going through the worst drought its ever been through in 50 years. Luckily the Dome Farm of the Bagge's was still moist and wet.

They were trying to get water out of the water pump but it was totally bone dry.

Lana: The pump is bone dry.

Laney: It sure is.

Muriel: We have to dig a new one.

Lana: I'm on it. But first we need to find a good source of water.

Lana was sniffing around for water.

Laney was helping Muriel. Her eggplants were perfect for harvest in the dome.

Laney: This drought is just absolutely terrible.

Lincoln: It sure is and it's not even December.

Earth: It's really unusual having a drought in the middle of the Fall.

Bai Tza: It sure is.

Francesca: What are we gonna do?

Bai Tza: First lets get your leg fixed up. I know someone that can help you.

Suddenly a walking eggplant came and tried to attack Muriel but Lincoln had it pinned to the ground.

Lincoln: You picked the wrong people to mess with.

Eggplant: You think I am the only one that will come? There are many others like me and we will destroy the one called Muriel.

Lincoln: We'll be ready for them.

He sliced and diced the eggplant up and went to tell them.

Bai Tza: So living eggplants are coming?

Francesca: We dealt with these guys before. They only attack when they run out of water.

Courage: I don't think my Great Eggplant trick is going to work this time!

Lana: No it won't. And I think this drought is the cause of it.

Francesca: It is.

Bai Tza: We need to move fast. I'm calling Sora.

---

Sora arrived and they explained the situation to them.

Sora: So that's why you need me to heal Francesca?

Bai Tza: That's right Sora. This drought turned them into bloodthirsty monsters. And their goal is to kill Muriel.

Sora: You sure you guys need my help? It looks like you can take care of these eggplants by yourselves.

Lincoln: Look, Sora. I don't mean to pressure you. But Francesca is still going to be out of commission for a few days, so we really need all the help we can get.

Sora: I'm glad I can help but let me heal her.

He then used a Curaga spell from his Keyblade.

Francesca was fully healed in an instant.

Francesca: My leg is all healed up! I'm all better!

She got up and was walking again.

Bai Tza: Wow! Those Keyblades are amazing!

Lincoln: They sure are.

Laney: Yep.

A war charge was heard and then they saw multitudes of eggplants coming towards them.

Laney: There's a lot of them!

Bai Tza: Lets get them!

They went out to face them.

Bai Tza: You will never get to Muriel while we're present you overgrown grapes!

Courage: Yeah!

Eggplant 1: We don't want Muriel, we want Francesca!

Lana: Why do you want Francesca?

Eggplant #1: Not that we don't think you're a threat anymore, dog. But we were hoping to see your lady friend with you.

Courage: You better hope Francesca doesn't get here or you're finished!

Eggplant #2: See, that's funny. Because I don't think she's gonna show up at all. We've been causing trouble for hours and there's no sign of her. I think she's gone for good.

Francesca: Want to bet!?

They saw Francesca all better and she slashed them with her sword.

Sora (slices eggplants with his Keyblade): If I ate you guys back home, then consider this payback for making me throw up!

Bai Tza: Funny Sora. I'm not sure Kairi would agree.

Sora: True.

Bai Tza: Shouldn't I water the eggplants so they stop being evil?

Lana: Nah. That'll only stop them temporarily.

Lincoln (fires lightning at some eggplants): Anyone up for roasted vegetables?

They sliced and diced numerous eggplants and made them into vegetable stew.

Bai Tza: Now to make sure you never terrorize the farm again.

She snapped her fingers and they vanished.

Laney: Where did they go?

Bai Tza: I banished them to a planet full of vegetarians.

* * *

On the vegetarian planet the Eggplants wondered where they were. But then 3 alien people with forks and knives appeared.

Alien: (In Alien Language) Eggplants. Lets eat them.

Alien 2: (In Alien Language) I love eggplants.

The eggplants screamed and ran. They were gonna be stuck there for a long long time.

* * *

They were looking at the sky.

Sora: You think we should've killed the eggplants instead of sending them to that planet?

Laney: We should've. But seeing them runaway from vegetarians is much more fun!

Bai Tza: It sure was.

Francesca: But those eggplants deserved it.

Courage: You said it.

After the fight they went back to work and Bai Tza used her water powers to lift the drought.

Journey to the Center of Nowhere is one of my favorite episodes of CTCD and those eggplants were funny and awesome. I may not like eggplants like others but that's all right. See you all next time.

# Snowman's Revenge

In the city the truck was driving down the streets towards the domed Bagge farm.

Muriel: So far things have been great.

Francesca: They sure have.

Suddenly it was snowing and it was really cold.

Francesca: It's really snowing guys.

Muriel: It sure is Francesca.

Lana: Boy it's really coming down.

Courage: Mm-hmm!

The truck was skidding and sliding on the ice and the girls flew up into the air and saved the truck from crashing into the dome. But outside they saw a huge blue and red stripe pole with a gold W on it and they saw a snowman firing a freeze ray high into the sky and it was causing the sky to freeze up and darken.

Francesca: Snowman!

Snowman turned and saw them.

Snowman: (As Sean Connery) Francesca and the stupid dog. How nice to see you again.

Francesca: The last time we saw you was when you tried to steal our anti-melting genes in the Arctic.

Courage: I remember that.

Snowman: Yes. I am now the last of the snowmen.

Laney: You may be a snowman but we won't let you freeze

Nowhere and turn us into Ice Men!

Snowman: Then you will all be frozen!

He fires his freeze ray and they dodge it.

Snowman: Soon, all of you will know the cold touch of death!

Laney punched him in the face with a flaming punch and she threw a powerful fireball at him and burned a hole into his chest.

Lincoln: Francesca you'll like this.

Francesca: What is it Lincoln?

Lincoln: I'm also a Firebender. Watch.

Lincoln did some dance stances and fired a huge blast of fire at the Snowman from his fist.

Francesca: Wow!

The bottom part of the Snowman melted.

Snowman: You are absolutely despicable.

Lincoln: That was Firebending. It's a powerful martial arts style that uses fire and it's not only deadly but it's really dangerous as well.

Francesca: I believe it.

Lana: Nicole gave Lincoln this kind of power when he started out as a Shinobi.

Lincoln: It's true.

Earth: You are full of surprises Linky.

Lincoln: I sure am.

Lana: Lets finish him with our combo.

Bai Tza: You got it!

Laney: Count me in!

Bai Tza fired a blast of water, Laney had a bunch of voracious piranha plants come out of the ground and Lana fired ice lightning.

Bai Tza, Laney and Lana: SUBZERO PIRANHA BLIZZARD!

The blasts combined with the piranha plants and turned into ice plants and they chomped and bit the Snowman at a vicious level.

Bai Tza: That was awesome!

Francesca: You guys have a lot of combo ideas huh?

Lana: We sure do Francesca. There's a lot of us and we come up with a lot of combo ideas.

Francesca: I believe it.

Laney: Now to finish him for good.

Laney pulled out the heat ray Katz used on Bai Tza.

Bai Tza: That's the heat ray Katz used on me.

Laney: It sure is.

Laney fired the ray and it melted the Snowman water and he turned into steam.

Laney: That's it for him.

Bai Tza: It sure is.

The snow melted and the ground was moist. The Nowhere heat came back.

Bai Tza: That's much better.

Laney: And it's the way it should be.

Lincoln: It sure is. But I'm still cold.

Muriel: Lets go inside and get a nice hot cup of tea.

Francesca: That sounds great Grandma Muriel.

Lincoln: Thank you.

They did so and it was gonna be perfect for them.

Another Fanfiction Complete.

Snowman's Revenge is another one of my favorites from CTCD. Snowman only had 2 appearances in the show and The Snowman Cometh was the first. I liked both episodes. I felt sorry for him because he was the last of the snowmen and he just wanted to have his friends back. Poor guy. But here he's irredeemable. NicoChan11 gave me the ideas for this one. Thanks man as usual. Next for part 21 is The Bullfrogs. Let me know what you all think.

See you all next time.

# Feast of The Bullfrogs

At a dried up pond in the desert, numerous frogs were not having a good day at all. Their leader King Buffo decided it was time to move out.

Buffo: Need water. Find new pond!

The frogs clamored in agreement.

* * *

At the Bagge Domed farm things were quiet and then the frogs came hopping towards the farm.

Lana was watching TV. She grabbed her glass of water and she saw a frog in her glass.

Lana: Aw you are a cute froggy.

She picked it up and reached into her pocket and gave it some flies.

Lana: There you go little one.

The frog croaked in happiness.

Courage was having a nice bubble bath and he was having fun. Courage picked up a frog and thought it was his frog toy but its tongue hit him in the eye and he screamed.

Muriel poured a cup of tea and then she heard a frog croak and there was a frog in her teacup.

Muriel went into the living room.

Muriel: Lana it's the strangest thing. There's a frog in my tea.

The frog hopped down in front of her.

Lana: I found a frog in my glass of water.

Courage came down screaming and pointing to his eye.

Courage: There was a frog in my bath and it gave me a black eye.

The frog came down.

Bai Tza: Hey guys look at this.

Laney: We got frogs in our books.

Lincoln: That is so funny.

Lana: Boy there's a lot of frogs.

Francesca: Sure is. Where are they all coming from?

Then numerous frogs came out and there were lots of frogs.

Lana: Oh wow! There's a lot of frogs!

Laney: There sure are.

Lincoln: Lana loves frogs more than any other creature.

Francesca: I believe it.

A fanfare was heard and then a Goliath Bullfrog kicked a hole into the door and in came the bullfrog king Buffo.

Buffo: Much water here. Dig pond now.

Muriel: What!?

Buffo snapped his fingers and a smart frog came.

Smart frog: His majesty Buffo has declared, proclaimed and officially stated with succinctitude, trisymmetry and lack of redondantation that you dig a pond now.

Courage: A pond!?

Muriel: You can't dig a pond here.

Buffo: Not us. You. Now!

Frogs: (Chanting) Dig Pond!

He raised his hand and told them to stop.

Lana: I have a good spot for you all but follow me.

They went outside and Lana led them all to an open patch of land in the dome.

Lana: How's this spot for you all?

Buffo: Ah. It perfect.

Lana: Okay. Let me work my magic.

Lana dug a hole that was perfect for all the frogs to enjoy.

Buffo: Pond!

Frogs: (Chanting) Pond!

Bai Tza: Let me fill it up for you.

Bai Tza used her water powers and filled it up to the brim.

The frogs were happy.

Laney: Now for the final touch.

Laney used her plant powers to grow Lily Pads, cattails, pond fronds and more.

Bai Tza: There you go guys. A perfect pond for you all.

Buffo: Thank you.

A grand opening ceremony was held.

Buffo had a pair of scissors in his hands.

Buffo: Buffo now declare pond open.

He cut the ribbon and they had a great party. Laney used her powers and had a ton of flies come in and they had enough food to go around.

Buffo: Lana thank you for giving us frogs loving home.

Lana: You're welcome Buffo. When it comes to frogs I know how to help them.

Buffo: You do. We can be friends with you and Team Loud Phoenix Storm.

Lana: Thanks Buffo.

The frogs loved their pond and they were so happy.

Feast of The Bullfrogs was one of my favorite episodes in CTCD. Those frogs were mean to the Bagge's and they wanted to eat them for Human Legs! YUCK! That would taste like puke. I decided to have Lana and the team help the frogs instead of kick them out. I figured it would be perfect. Part 22 is The Magic Tree of Nowhere. Let me know what you all think.

See you all next time.

# The Magic Tree of Nowhere

At the Bagge Dome farm a van drove by and it was from the Farm & House company. It drove up and opened and a man kicked a package and it hit the dome door.

Francesca opened the door and grabbed the package.

Francesca: Here Grandma Muriel.

Muriel: Oh. My package has arrived.

Bai Tza, Lincoln and the girls were eating breakfast at the table and Muriel came in with some new kitchen curtains.

Muriel: Hey guys what do you think of the new kitchen curtains?

Lincoln: Those look great Muriel.

Bai Tza: They sure do.

Laney: The color is nice.

Muriel: And they came with a complimentary packet of seeds.

Laney: May I see them?

Muriel: Sure.

Laney opened the packet and poured the seeds out and they were purple seeds.

Laney: Lets go plant them.

Laney got Courage and they went out of the dome and Courage dug a hole and Laney planted them and Courage buried the seeds. A cloud rolled in and thundered and dumped a lot of rain onto the seeds. Then in just a few seconds a tree grew and it was a purple tree with maroon colored leaves and it had beautiful roses on top.

Laney: Wow! What a beautiful tree.

Courage: Mm-hmm.

Muriel: Oh my Courage. Did you and Laney do this?

Courage: We sure did.

Lincoln: That is a beautiful tree.

Bai Tza: It sure is.

Lana: I've never seen a tree like that.

Francesca: Me neither but it's a beautiful one.

In the kitchen a pie Muriel was baking was ruined as it was smoking.

Muriel: Ah! My pie!

She opened the oven door and the smoke poured out.

Lana: That pie is ruined.

Francesca: It sure is.

Muriel: I wish I had a new oven guys.

Then they heard a thump and Courage looked outside the dome and by the tree was a brand new state of the art kitchen range.

Courage got their attention and they saw it.

Muriel: Is that a new oven?

Francesca: It sure is.

Muriel: Lincoln, Laney go have a look.

Lincoln: Okay.

They did and it was real.

Muriel: Bring it in! Bring it in!

Lincoln and Laney lifted it and brought it into the kitchen.

Lana: I'll get this baby set up for you Muriel.

Muriel: Okay. Thank you both for the new oven and that lovely tree.

Bai Tza: I'm glad Eustace isn't here to see this.

Francesca: Me too.

Lana got the oven set up for her. After she did so she was playing in the dirt with Courage.

Courage was playing with a toy bulldozer and then the scoop broke off.

Lana: I think it's broken Courage.

Courage tried to reattach it but it was all for not.

Courage: I wish I had a real construction tractor.

Then they heard a crash.

CRASH!

They looked to where tree is and they saw a construction tractor by the tree. Lana and Courage were having a lot of fun outside with the tractor.

Lana: This is awesome Courage!

They were laughing and having a lot of fun. They were digging holes and piling dirt up.

Courage: This is so much fun!

They later stopped and sat by the tree.

Muriel: I wish we could see a movie.

A movie projector light came from the Tree and it showed Muriel's favorite show.

Francesca: This tree is magic.

Laney: It sure is.

Lincoln: No kidding.

Bai Tza: I know this kind of magic. This tree is amazing though. I had a strong sense that if Eustace saw this tree in his place he would take it down.

Francesca: I feel exactly the same way.

Lana: Me too.

Earth: Same here. But this tree is absolutely incredible.

Laney: It sure is.

They were gonna have the tree around for a really long time.

The Magic Tree of Nowhere is one of my all time favorite episodes. I loved the tree and how it was providing for them. Until Eustace's Jealousy ruined it all and in the end Karma bit him hard and gave him an enormous head. Next for part 23 is Dr. Gerbil. Let me know what you all think.

See you all next time.

# Human Habitrail

In the Domed Bagge farm Muriel was sweeping the house in the living room and Lana was in the attic fixing the vacuum cleaner.

Lana: This vacuum is all burned out. Unless we fix it with a new motor it's not sucking up anything.

Bai Tza: It sure is.

Francesca came in and she had a look of panic on her face.

Francesca: Guys we have big trouble!

Bai Tza: What's wrong Francesca?

Francesca: A merchandise salesman named Dr. Gerbil kidnapped Muriel! He sucked her into his vacuum cleaner and took her to his home.

Bai Tza: We have to get her out of there! Come on guys!

They set out for Dr. Gerbil's home. They flew over his car to avoid being seen.

Courage: The things I do for love.

They arrived at his home. It was a gerbil hole.

Bai Tza: Lets go.

They went down into the hole.

Courage: Dr. Gerbil tried this before with Eustace and Muriel and I save them.

Francesca: This was before I came.

Courage: Follow me guys.

They went down a tunnel and they got into a boat and into a tunnel of love type ride. They heard an extremely obnoxious song. It was playing "It's Doc Gerbil's World" over and over again.

Bai Tza: What's that obnoxious song?!

Courage: It drove me crazy here too.

Lincoln: That song is disgusting.

Lincoln found a speaker in the walls and fired lightning that went through the speakers and destroyed them.

Lana: Thank goodness that's over.

Lincoln: Yep. What does Dr. Gerbil make?

Courage: He's a toiletry maker. He makes everything from toothpaste to deodorant to nail polish. But they are too dangerous for the world of bathrooms. I put some deodorant on and it made my armpits explode.

Bai Tza: Ouch.

Laney: That must've hurt.

Lana: Hey there he is.

They saw in a window a purple anthropomorphic gerbil with a plaid shirt and a black bowtie with blue spots and he had a hat on.

Bai Tza: That's him huh? Lets go.

They hid next to the window.

Earth: How are we gonna get in there?

Lincoln: I got this! I'm going ghost!

Lincoln became Lincoln Phantom.

Earth: Wow! You are also the famous Lincoln Phantom!? Amazing!

Lana: It sure is. Lincoln was accidentally exposed to an energy surge from Lisa's new Ghost Zone Portal and he got Ghost Powers because of it.

Bai Tza: I heard about how everyone saved the world in the war against Pariah Dark. It was a fierce war.

Lincoln: It sure was.

Laney: Yep. We were there.

Lincoln: Okay. Let me handle this.

He went intangible and Dr. Gerbil left and Lincoln went into the room and reappeared.

Muriel: Lincoln. So good to see you.

Lincoln: I'll have you out of here in a jiffy Muriel.

He turned on the vacuum and sucked her in.

Dr. Gerbil came in.

Dr. Gerbil: Hey.

Lincoln: You have a lot of nerve kidnapping Muriel for your own sick experiments!

He fired energy blasts and destroyed everything in his lab and blew everything to smithereens.

Lincoln then melted the glass window.

Laney came in and punched him in the face and Bai Tza kicked him in the stomach and Francesca punched and kicked him in the face and the nose and knocked him out.

Lincoln: You will never experiment on or poison people again with your sick products.

---

Dr. Gerbil was now in our newest prison. He was in the Enceladus Prison for Mad Scientists. The prison was on Saturn's icy moon Enceladus.

Bai Tza: This prison is now your home forever.

Dr. Gerbil: Still trying to be the heroes everyone looks up to? Good luck with that! Think of all the crimes you've missed in Gotham Royal York while you're wasting time in Nowhere!

Laney: Our friends are back home taking care of that for us while we're away.

Lincoln: Your funding has now been cut and your products have now been destroyed. We pulled your plug.

Lana: And you now have all the time in the universe to think about what you have done.

They left the prison.

Dr. Gerbil was gonna be there for a long long time. They saved Muriel and brought an end to Dr. Gerbil's mad products.

Dr. Gerbil was a strange one in the CTCD series. He invented all kinds of bathroom products that were deemed unsafe for humanity. Note: The title The Precious, Wonderful, Adorable, Lovable Duckling won't fit so I narrowed it down.

At the Domed Bagge farm things were quite. Lana was out having a stroll around the farm when she saw an egg in a nest abandoned.

Lana: Oh man. A poor egg was abandoned. I'll take it in and give it a warm home.

She took the egg and went into the house.

Francesca was looking through the fridge for something to eat.

Lana came in.

Francesca: Hey Lana.

Lana: Hey Francesca. I found an abandoned egg.

She cracked it open and out of it came a black little duckling.

Lana: Aw, look! A duck!

Francesca: Aw it's a cute little fella.

The duckling saw Lana as its mother.

Duckling: Mama.

Lana: Aw you are an adorable little duck.

In the Living Room the duck was a kind one and it gave Lana the TV remote and she turned it on.

Muriel: I made you some tea Lana.

Lana: Thanks Muriel.

The duck saw her and he was getting jealous.

Lana: It's okay little fella. She's a friend.

Laney: We're all friends here little one.

Bai Tza: We would never harm you or anyone else.

Courage: No way.

Lincoln: That's right.

Earth: Yep.

Duck: Oh. Okay then.

The duck was happy with all of them and he was a very kind and loving duck and he catered to their delights with kindness and love.

# Evil Weevil

Muriel is driving the truck home when suddenly a huge bug smashed into the windshield and Courage screamed.

SPLAT!

Courage: AAAAAAAAAAAAAAHHHHHH!

Francesca: It's the Jeeves Weevil!

The truck got him off and they stopped to see if he was all right.

Muriel: Oh my.

Weevil: Hello.

Francesca: Jeeves Weevil. You're looking well.

Bai Tza: You know this guy Francesca?

Courage: Know him? He tried to suck out all of Muriel's blood!

Lincoln: Is he like a vampire?

Earth: Weevil's aren't like that. They usually eat plants.

Laney: So this one is a carnivorous.

Weevil: Actually my dear I'm Omnivorous.

Laney: Oh.

Courage: We had this weevil at our farm before and he sucked the farmer dry and we turned him into soil.

Lana: Weird.

Courage: Yeah. I challenged him to a contest.

Weevil: Ah yes I remember that. We had a contest to decided who can eat the most awful food. We ate boiled broccoli and old rancid boiled broccoli.

Everyone: EEWWW!

Lana: Cool.

Laney: Only you would like a contest like that Lana.

Lana: Mm true.

Bai Tza: That is disgusting. I may be a demon but I know disgusting stuff when I see or hear it.

Weevil: True.

He then had his proboscis fly out and it latched onto Bai Tza's hand.

Weevil tries to suck out Bai Tza's blood. But he only gets bloated.

Bai Tza (smugly): Surprised? My blood is made out of water!

Lincoln: Wow! I guess you and your siblings have instead of blood like ours you have the elemental forces of nature flowing.

Bai Tza: That's right Lincoln.

Lana: I wonder what would happen if this weevil sucked out Po Kong's blood.

Bai Tza: He would explode all over the place because it would be like he swallowed a mountain.

Earth: Weird. I wonder what the blood of the rest of your siblings would do to him.

They had their own thoughts and it went as follows:

SHENDU - Weevil Incinerates

HSI WU - Shredded Apart

XIAO FUNG - Inflates Like a Balloon and Pops

TSO LAN - Implodes

PAI GON - Turn to Stone

TCHANG ZU - Electrocuted

Lincoln: That's an unusual set of thoughts we had huh?

Lana: No kidding.

Weevil: Let's see how you all do against the likes of me!

But he was too bloated to move.

Bai Tza: My water makes him too bloated.

Francesca: Just what I was thinking.

Bai Tza: Guys, let's finish him off while he's bloated!

Laney: Lets!

Lincoln fired a blast of lightning at the weevil.

Lincoln: Shocking, isn't it?

Lana fired a blast of Ice Lightning at him and froze him.

Lana: Chill out, bug man!

Bai Tza: Lets squish him with our combo Lincoln.

Lincoln: You got it Bai Tza.

Bai Tza fired a blast of water and Lincoln fired a blast of lightning.

Bai Tza and Lightning: MAELSTROM STORM SQUISHER!

The water and lightning combined and formed into a huge spiked heeled boot and it squished the weevil with incredible force and splattered his blood and guts all over the ground.

SQUISH! SPLAT!

The weevils guts and blood splattered all over them.

Lincoln: EEWWW!

Lana liked them off.

Lana: (Slurp) Delicious.

Earth: You are one silly girl Lana.

Lana: Thanks Earth.

Francesca: That weevil is gone for good.

Then his spirit appeared and he got sucked into the Book of Vile Darkness.

They saw Nicole with the book.

Nicole: Hey guys.

Lincoln: Perfect timing as always Nicole.

Nicole: Yep.

The weevil will never terrorize them again.

Evil Weevil was a strange and gross episode. That weevil was a strange one and the way he had Courage eat gross food like that was funny. Rotten Broccoli would taste like puke! YUCK! NicoChan11 Gave me the the ideas in this one. Part 26 will be Mad Dog and his gang. Let me know what you all think.

See you all next time.

# Mad Dog's Revenge

In the Bagge Domed Farm they were all having a great dinner. Suddenly in came Kitty and Bunny and they were in a state of panic.

Courage: Kitty! Bunny!

Kitty: Courage!

Bunny: Courage!

Francesca: Bunny and Kitty.

Kitty: Francesca.

They hugged them.

Kitty: It's good to see you both again.

Francesca: You too. What's going on?

Bunny: Mad Dog is coming!

Kitty: And he wants revenge on Courage!

Francesca: That vicious gangster from the Wrong Side of The Tracks is coming here!?

Courage: Oh no!

Bai Tza: Mad Dog?

Lincoln: Who is Mad Dog?

Kitty: It's a ruthless gangster.

Bunny: And he's my ex-boyfriend.

They gasped.

Lana: What happened?

Francesca: Me and Courage fought him and his goons before.

---

Francesca: (Narrating) **Kitty came to our farm and she beat the crud out of Courage. I stopped her and we invited her in. She told us her story about what happened to Bunny. Bunny and Kitty are best friends and Bunny fell in love with a gangster named Mad Dog. He treated her like a slave and when he found out about Kitty getting her to run away from him he threatened her life. He's that ruthless. Me and Courage set out to save Bunny and reunite them. We journeyed to the Wrong Side of The Tracks or as we call it The Dark Side of The City of Nowhere. Mad Dog and his gang lived in an old condemned apartment building and we climbed up the fire escape and saw Bunny being treated badly and we smashed in through the window and we kicked the living crud out of them and saved Bunny. We dug her out of a huge plant pot and got down by going out the front door. But as a result we destroyed the entirety of the building they lived in and it collapsed. Mad Dog and his cronies swore to get revenge and they were gonna come after us to kill us.**

FLASHBACK ENDS

Courage: It's all true guys.

Lincoln: How did you find Mad Dog's hideout?

Courage: We had to ask around. We met a diner chef named Charlie.

Francesca: He told us that Mad Dog and his gang lived down the road.

Courage: We found it there and it was a tough fight.

Lana: Oh man.

Laney: That must've been intense.

Kitty: It was. But thanks to the brave deeds of Francesca and

Courage we were reunited once again.

Bunny: We became best friends once again.

Francesca: Me and Courage got hurt really bad as a result but it was worth it to save both of them in times of darkness.

Bunny: That's right.

Bai Tza: I'm glad for the both of you.

Bunny: Thanks Bai Tza.

Kitty: And we have a feeling that the legendary members of Team Loud Phoenix Storm can bring an end to him and his spree of terror.

Lincoln: We can.

Suddenly they heard a car driving up.

Bunny: Mad Dog is coming!

Francesca: That's his car all right.

Bai Tza: Lets put those dogs down guys.

Lincoln: (Cracks knuckles) With pleasure.

Francesca: Yeah!

Lana: This is gonna be good.

Duck: Be careful mama.

Lana: Will do duck.

---

Outside Mad Dog and his goons came out.

Mad Dog: Can the stupid dog and stupid girl come out and play?

Mad Dog Goon #1: We are so pummeling you morons.

Mad Dog Goon #2: Yeah! Let's waste them!

Bai Tza: Looking for us?

They saw them.

Mad Dog: Bai Tza? Is that you?

Bai Tza: Who were you expecting you overgrown flee bag? Valmont?

Mad Dog: We heard yous joined Team Loud Phoenix Storm.

Bai Tza: That's right.

Mad Dog saw Bunny in the dome.

Mad Dog: Bunny!

He went at Bunny.

Bunny: You get away from me, Mad Dog!

Bai Tza (grabs Mad Dog by the throat): The name Mad Dog fits you. You're nothing more then a wild animal attacking anyone that gets in your way.

Mad Dog (to Bai Tza): You used to be tough and merciless. Now you need a human form and Team Loud Phoenix Storm to hold your hand? What kinda demon are ya?

Bai Tza: Right now, I'm a really ticked off demon.

Bai Tza threw him into the air.

Lincoln: (fires lightning at Mad Dog) Get to safety Bunny! We'll handle this!

Bunny: You got it Lincoln.

Kitty: Come on!

They went into the farmhouse and Laney formed some vines and they had mouths on them and they squirted acid at the dogs.

Bai Tza fired a blast of water and sprayed them and kicked Mad Dog in the face and knocked out his teeth. Courage took a shovel and bashed their heads in and Francesca kicked and punched them with powerful attacks.

Lincoln fired more lightning and electrocuted them.

Lincoln: (To the Viewers) Normally this would be considered animal cruelty but in this case I'll make an exception.

Lincoln fired more lightning and electrocuted them and Earth fired water and dirt at them and Lana froze all three of them in a block of ice.

Bai Tza: You three are spending the rest of your dog years in the pound.

Mad Dog and his goons were condemned to eternity in the Uranus Prison Pound Section.

Mad Dog: You think it's a smart move putting me in here with all these morons? You might not have any living prisoners the next time you come here.

Bai Tza: You'll be in very good company Mad Dog. This is the part of the prison for the enemies of dogs.

She left and the walls opened up and it was a prison full of cats! (Think of the cats from the Alcatraz Prison in Cats & Dogs 2: Revenge of Kitty Galore)

Mad Dog and his goons howled in torment knowing that they were going to be there for a long long time. Bunny and Kitty were forever grateful to Bai Tza and team and Lana built them a nice cottage next door to the Bagge Dome Farm. They were now next door neighbors.

# Freaky Fred

A bus was coming down the street and Bai Tza and team were setting up for something at the farm.

Bai Tza: So Muriel's nephew Fred is an insane hair barber that shaves people bald?

Francesca: That's right Bai Tza.

Courage: When he came over last time he completely shaved me bald.

Francesca: Grandpa Eustace was setting up a lock on the bathroom so he could stay in there while Fred came. He trapped Courage and Fred in the bathroom and I busted the door down as he was shaving him and kick the crud out of him.

Lincoln: Good for you Francesca

Laney: He's not shaving my hair.

Earth: No way! Besides my hair is indestructible.

Francesca: That's why we call him Freaky Fred.

Lincoln: Freaky Fred? I think that's a fitting name.

Lana: That's why we're going to dish out some poetic justice on him.

Lincoln: You'll love what I have planned with him Earth. It's time to deal out some justice Ace Savvy style! I just have to call in a favor.

Lincoln pulled out his cell phone and called Clyde.

Clyde answered.

Clyde: Hello?

Lincoln: Clyde it's Lincoln.

Clyde: Hey Lincoln! What's happening?

Lincoln: Having a great time down in Nowhere. But I'll cut to the chase. Muriel's psychotic barber nephew Fred is coming to the farm to visit and we're gonna deal out some justice on him Ace Savvy Style.

Clyde: Oh yeah! You need me as One-Eye Jack?

Lincoln: Like you even have to ask.

Clyde: I'm on my way.

Clyde then got dressed as One-Eye Jack and he used his time powers to form a portal that led to the Bagge Farm.

Clyde: I'm here Ace.

Lincoln: Glad you could make it Clyde.

Muriel: Oh who is your friend Lincoln?

Clyde: Oh I'm sorry ma'am. I'm Clyde McBride, Lincoln's best friend and partner.

Muriel: Oh pleased to meet you. I'm Muriel Bagge.

Clyde: Pleasure to meet you.

Lincoln: We love the superhero Ace Savvy and me, Clyde, J.D. and my sisters love to dress up as them.

Francesca: That is so cool!

Courage: This I got to see.

Bai Tza: Lets call your sisters and J.D. down too.

Lincoln: Okay.

Lincoln called us.

---

My phone rang.

Me: Hello?

Lincoln: Hey J.D.

Me: Hey Lincoln what's happening?

Lincoln explained the situation.

Me: We're on our way buddy. (Hangs up) Lori, It's Ace Savvy time!

(Sly Cooper: Thieves in Time Theme plays)

I spun in a vortex of fire and I became

THE KING OF FLAMING HEARTS!

Lori changed in a cybernetic theme and became

THE HIGH CARD!

Leni was wrapped in fabrics and she became

THE ELEVEN OF HEARTS!

Luna had a bunch of musical notes fly around her and she became

THE NIGHT CLUB!

Luan had laughter form around her and she became

THE JOKER!

Lynn had numerous weights spiral around her and she became

THE STRONG SUIT!

Lucy had skulls and ghosts fly around her and she became

THE EIGHT OF SPADES!

In Nowhere Laney had a bunch of playing cards spiral around her and she turned into

LADY SOLITAIRE!

Lana had monkey wrenches spiral around her and she became

THE ROYAL FLUSH!

Lola had diamonds fly around her and she became

THE QUEEN OF DIAMONDS!

Lisa had mathematical equations fly around her and she became

THE CARD COUNTER!

Lily had the number 2 fly around her and she became

THE DEUCE!

Nico: I want to join too.

Me: Okay man. I have just the costume for you man.

I snap my fingers and Nico had the number 10 fly around him and the Earth and Crystals flew around him. He became

THE CRYSTAL 10!

Nico: Nice! I love my costume J.D.

Me: You're welcome man. Time to Deal Out Some Justice!

We beam over to Nowhere.

---

We arrive at the Bagge farm and we were in the living room.

Me: The Full House gang is reunited.

Lola: Lana!

Lana: Hey sis!

They hugged.

Lola: I miss you sis.

Lana: I miss you too.

Me: Hey Lincoln. We heard what's been going on over here and we're glad we could come.

Lincoln: Same here J.D. Nico I love your Ace Savvy Persona.

Clyde: Who are you going as?

Nico: I'm called the Crystal 10!

Laney: Nice superhero name.

Francesca: So you all are the superheroes in the Ace Savvy comics?

Lincoln: That's right Francesca. We even make our own comics. I base Me, Clyde, J.D. and my sisters off of the characters.

Lori: It was literally an amazing experience.

Me: Yep and this gives us a new idea for a comic and a new villain.

Lincoln: Lets base him off of Freaky Fred.

Me: Lets call him Edward Cardcutter.

Everyone agreed with it.

Luan: That villain really Cuts the Cards. (Laughs) Get it?

Me, Nico, Earth, Muriel, Francesca and Courage laughed at Luan's joke while everyone else groaned.

Me: That was a good one Luan.

Francesca: (Laughs) Luan you are funny!

Courage: (Laughs) That was funny!

Me: Luan is a kick in the butt.

There was a knock at the door.

Muriel: Oh that must be Fred.

Bai Tza: I wish I had an Ace Savvy costume.

Earth: Same here.

Me: I can do that for you.

I snap my fingers and Bai Tza was in a vortex of water and she became

THE AQUA 9!

Francesca had a phoenix fly around her and she turned into

THE PHOENIX 8!

Courage had a wolf run around him and he became

ODIN'S 7!

Earth had the Earth spiral around her and she became

LADY DIAMOND EARTH!

Earth: I look awesome!

Courage: Yeah! This is amazing!

Francesca: It sure is.

Bai Tza: This is so cool!

Me: It sure is. Lets get him guys.

Lincoln: It's time to Deal Out some Justice!

We hid and Fred came in. But then he got a rude surprise when we ambushed him and jumped onto him.

---

In the basement we had him tied up in a chair and he saw us and smiled at us.

Bai Tza: You wipe that smile off your face, Fred!

Me: Well what do we have here? Freaky Fred the insane barber. Known for shaving his victims totally bald.

Courage: You shaved me bald Fred!

Fred: I did but that was because I was very Naauughty.

Lana: You make the Joker look sane!

Luan: You are actually a Sweeney Todd.

Fred: Why I never. You all are being Naauughty.

Courage: You're the only naughty one, Fred!

Francesca: You will never cut another single strand of hair again cousin Fred.

Victims of his past came out. A young hamster, his ex-girlfriend Barbara and a man with a huge beard. The Hamster was in Barbara's hands.

Barbara: Fred shaved me bald and I broke up with him!

Hamster: (Angry Chittering)

Lana: He shaved you totally bald and you hate his guts? What a monster!

Man: He made me totally bald!

Me: Lets enjoy this moment guys.

We each pulled out a pair of scissors and laughed menacingly as we snipped them.

Fred pleaded for us not to do it, but his pleas fell on deaf ears and we snipped and shaved all of his hair clean off his head. Stewie and Brian saw this on a holoscreen and they were laughing silly.

When we were done Fred was completely bald as a cucumber.

His past victims laughed at him and completely humiliated him.

Barbara: Serves you right you insane nut!

Man: Yep!

Hamster: (Laughing Chittering)

Lincoln: Stewie and Brian would be proud of us!

Stewie and Brian were watching back at the estate.

Stewie: We sure are Lincoln. You all sure showed that menace to society what for.

Brian: They gave him a taste of his own medicine.

Me: This is what you get Fred. You are an absolute menace to society and you need to be locked up forever. And one more thing.

SMASH!

I punched him in the face and knocked out all of his teeth and made him completely toothless.

Me: That's so you never make that stupid grin again.

We then beamed him to the Saturn Insane Asylum and he was placed under 24/7 watch in a solitary confinement cell for Freaky Barbers. He was in a straitjacket. He will never be released from the asylum ever again. Justice has been dealt. Poetic Justice in a sense. I made a new comic book detailing a new adventure and our new villain. It was called Ace Savvy and the Blades of Edward

Cardcutter. I submitted it to Bill Buck and it became a huge sensation. It was an awesome bestseller.

THE END

Another Fanfiction Complete.

Freaky Fred was one of the weirdest episodes of CTCD and that man was a complete and total nutcase! He was the Sweeney Todd of Hair. Except that Sweeney Todd was a cannibal. But this was different. I got the idea for the Edward Cardcutter from Edward Scissorhands. I figured it would be perfect and I wanted to give Nico, Bai Tza, Courage, Earth and Francesca Ace Savvy personae and take down Fred Ace Savvy Style. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next for part 28 is Shirley The Medium. Let me know what you all think.

See you all next time.

# Shirley The Medium

Outside in the yard of the Bagge Dome Farm, Courage was digging around for something.

Courage: I know I put it here somewhere.

Courage was looking for his favorite yo-yo.

He was digging in a hole and he found something buried. It was a box.

Courage: Hey. What's this?

Bai Tza and team were sitting in the living room watching TV and reading books. Muriel looked at a picture of Eustace's brother Horst.

Muriel: Aw Horst. I do miss him.

Francesca: I know. Great Uncle Horst was an amazing explorer and an amazing man. But Grandpa Eustace hated his guts.

Muriel: I know. Those two never got along and today is his birthday isn't it?

Lana: That's what I call Sibling Rivalry to the core. Lola and I fought a lot but we didn't take things that far.

Lincoln: That's right.

Laney: It's true.

Lincoln: Bai Tza I have a question for you.

Bai Tza: What's up Lincoln?

Lincoln: Bai Tza, how do you know so much about Nowhere's bad guys?

Bai Tza: When you lived for 900+ years like I have you know a lot of people over the centuries.

Laney: That's amazing.

Francesca: It sure is.

Courage came in with the box.

Francesca: What you got there Courage?

Francesca picked up the box and it was heavy.

Francesca: (Groans) Geez this is really heavy.

She shook it and it made a jingling sound.

Lincoln: Sounds like it's full of loose change.

Francesca: Wait a second. This is the box that Grandpa Eustace was looking for. This box contains all of Great Uncle Horst's fortune.

Muriel: Good dog Courage.

Lincoln: Wow!

Laney: There must be a lot of money in there.

Lana: Must be.

Francesca put it on the floor and Courage looked through the keyhole and he saw a dark presence in the box and screamed.

Courage: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHH

Earth: Courage what's wrong?

Laney: Did you see a ghost?

Courage: No! There's a demon inside the box!

Bai Tza: A demon!?

Lincoln: He's right. I can sense it.

Laney: I feel it too. It's a dark presence.

Muriel: Oh my!

Bai Tza: We have to get rid of this demon in there.

Lana: Guys, we should get Nicole here. We can probably use the Book of Vile Darkness to seal the demon without having to fight it!

Bai Tza: Good idea Lana.

Courage: I know just the person who can help us too.

Francesca: Same here. She helped us out a lot in the past.

Francesca and Courage: Shirley The Medium.

Bai Tza: I know her. She is a very skilled Medium and she can do all kinds of mystic things.

Muriel: What a good idea.

Bai Tza: Lets go guys.

---

At the studio of Shirley The Medium they arrived.

Shirley: Ah, Bai Tza, Courage, and friends. Welcome. I see that rude farmer is not with you.

Courage: Of course he isn't. And life really has been pleasant for me ever since he was locked up.

Shirley: I have observed that ever since Eustace Bagge was sent to prison, many catastrophes have been avoided.

Francesca: They sure have.

Bai Tza: We have this here.

They have Horst's money box and put it on her table.

Francesca: This money box belonged to my Great Uncle Horst Bagge. We're gonna get rid of the demon inside it and collect all his money.

Shirley: This is a very dangerous job Francesca. But I have a feeling you all can do it. Do you have the key?

Francesca: No we don't.

Lincoln: No worries. I got this.

Lincoln pulled out a bobby pin.

Francesca: A bobby pin.

Laney: Oh I see how you're gonna do it. Leni taught you that didn't she?

Lincoln: She sure did. Leni knows how to pick locks really well.

Lana: Leni may not be the sharpest tool in the shed but when it comes to fashions she knows all.

Francesca: True.

Lincoln: Here we go.

Lincoln picked the lock and it clicked and a green energy appeared in the box after it was opened.

Lana: Uh oh!

Shirley: Stop the demon from coming out!

Lana and Shirley were holding the lid closed to prevent the demon from coming out.

Laney: How long is that box going to hold?

Shirley: About five more minutes. (box shakes violently) That is, if we're lucky.

Lincoln: It's not gonna hold much longer!

Nicole then arrived.

Nicole: Hey, guys. Sorry I'm late.

Francesca: You arrived just in time Nicole.

Lana: This demon is a feisty one!

Nicole: Let me work my magic.

Nicole chanted her incantation.

Nicole: ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

The demon was sucked out of the box and it went straight into the Book of Vile Darkness.

Nicole: Before you ask, Shirley, only I can touch the Book of Vile Darkness.

Shirley: Okay.

Bai Tza: Thanks for helping us Shirley.

Shirley: My pleasure Bai Tza.

Francesca: I have a feeling Great Uncle Horst left more money than we could ever dream of.

Muriel: I have a feeling you're right Francesca.

* * *

Back at the Bagge Dome farm Francesca dumped out the box and an earthquake was felt and massive piles of money poured out, all in $100 bills. It was all the money Horst made on his excursions and more. They used the money to upgrade the Bagge Farm into a multi-billion dollar mansion worth a fortune and it had a massive garden, a bigger frog pond, the tree was the same, Kitty and Bunny's cottage was upgraded and the dome was expanded. (Think of Luigi's S-Rank Mansion from Luigi's Mansion 3DS.) Muriel and family were now living in the lap of luxury but never let it go to their head. Courage found his yo-yo under the sofa.

Shirley The Medium was an awesome episode of CTCD. I figured we could make this a twist episode. NicoChan11 gave me the ideas for this one. Thanks for that as usual man. Next for part 29 is the Cruel Veterinarian. Let me know what you all think.

See you all next time.

# Remembrance of Courage Past

Muriel was cooking in her new fancy kitchen.

Laney: Boy, Horst's money really brought the farm into the lap of luxury.

Lincoln: It's just as nice as the Estate back home.

Lana: It sure is.

Bai Tza: Yep.

Muriel: And our house has never looked more amazing.

Muriel was making Francesca and Courage's favorite meal: Chicken Dumplings.

Courage was drooling.

Francesca: I LOVE Grandma Muriel's Chicken Dumplings!

Courage: Me too!

Bai Tza: Boy we can tell.

Earth: Yeah.

Muriel: Yes. The Chicken Dumplings are just about done guys. I know they're your favorites.

Courage: Yes!

Muriel gave Courage and Francesca 2 bowls of Chicken Dumplings.

They stuffed the dumplings into their mouths and savored their deliciousness.

Courage: MMM! MMM! MMM!

Courage poured a glass of milk. But then something caught his eye.

Courage: Huh?

He saw on the carton of milk a missing poster that had pictures of 4 dogs.

Something triggered Courage to have a flashback. Courage remembered something from his past. When he was a little puppy and he got his head stuck in the fence and his mom and dad took him to the vet and got him unstuck. That was the last time he ever saw his mom and dad as they were launched into space by a crazy veterinarians insane experiment.

Courage then broke down and cried.

Francesca: Courage what's wrong?

Muriel: Oh Courage.

Lincoln: Courage what's the matter?

Courage: (Crying) It's.. It's my mom and dad! (Sniffles) They were launched into space when I was a puppy!

They gasped.

Bai Tza: Who did that to them?

Courage: A crazy veterinarian.

Francesca: Oh man!

Lana: That is absolute insanity!

Bai Tza: Did he say the reason why?

Courage: I don't remember. But that's why I was abandoned as a puppy and I was found by Muriel.

Earth: Oh man!

Lana was enraged.

Lana: No crazy dumb doctor is gonna send animals into space on our watch!

Bai Tza: No he won't! I have a plan.

Bai Tza revealed her plan. While they beat up the doctor and make him pay for sending all those poor dogs into space, the rest of Team Loud Phoenix Storm will go rescue all the dogs that were sent into space.

Bai Tza: That good?

Everyone agreed.

Bai Tza: Okay. (Pulls out her cell phone and dials a number)

---

At the estate we were watching TV when my phone rang.

Me: (Answers phone) Hello?

Screen splits and Bai Tza is on the left and I am on the right.

Bai Tza: Hey boss it's me.

Me: Oh hey Bai Tza. How have things been?

Bai Tza: Everything is going fine but I'm afraid we caught wind of a mad scientist plot told by Courage. A crazy veterinarian is sending dogs into space for some crazy experiment. Whatever this experiment entails it's not good.

Me: Oh man! Good thing you called Bai Tza. We'll rescue the dogs and then we'll go over and beat that vet to within an inch of his miserable life.

Bai Tza: Okay. See you soon. (Hangs up)

Me: Lisa, scan for the dogs and deploy the U.S.S. Valor.

Lisa: Affirmative 2nd Elder Brother.

Lisa scanned the galaxy for the location of where the dogs were launched to and she made a surprise.

Lisa: Everyone, the crazy animal surgeon technician; street name: Mad Veterinarian launched all those canines all the way to Jupiter's moon Io.

Varie: All the way out there!?

Aylene: That's a long distance from home.

Me: Well lets get them back!

We launched the U.S.S. Valor.

---

The U.S.S. Valor was flying through space.

Me: Captain's Log, Stardate 2513.7: We are en route to the 3rd largest moon in the Jovian System: Io. Our mission is to rescue numerous dogs that were sent there by the madness of a crazy veterinarian.

We arrived at the Jovian system and we were shocked at the sheer size and beauty of the largest planet in the Solar System: Jupiter.

Lori: Wow! So this is Jupiter.

Me: This is it guys. At 86,881 miles in diameter it is easily the largest planet in the Solar System.

Luna: Dude. This is an amazing planet.

Luan: It sure is a gas! (Laughs) Get it? But seriously Jupiter is an amazing planet.

Most of us laugh while the rest groan.

Me: That was a good one Luan. But yeah. Jupiter is a breathtaking planet. Earlier we launched the Juno Satellite and the images it took of the clouds was incredible. With todays evolving technology the

Hubble Space Telescope will probably be obsolete in the next few years.

Lisa: That is correct 2nd Elder Brother.

We saw a red storm on the planet.

Lucy: What is that red blotch in the clouds?

Me: That red blotch is the Great Red Spot. It shrunk down to what it was years ago. Long ago it used to be three times the size of Earth at 21,000 miles wide. But now it shrunk down to 8,000 miles wide. It's now the size of 1 and a half earths.

Linka: That is so amazing.

We got to Jupiter's moon Io.

Me: Here it is guys. Jupiter's 3rd Largest Moon, Io.

Lola: It kinda looks like round ravioli.

Me: That was my first reaction too Lola.

Lily: Io looks like it's volcanically active.

Lisa: That is correct younger sister. Io is a volcanically and seismically active moon in the Jovian System.

Varie: Oh man.

Me: Lisa scan the moon for the dogs and beam them all aboard.

Lisa: Affirmative.

She scanned the moon and she found them.

Lisa: Canines located. Coordinates 17.4 mark 8. Beaming aboard.

They were all beamed aboard.

William: (to Courage's parents) It's alright. We're here to rescue you.

Courage's Mom: Oh thank you so much.

Courage's Dad: We've been praying for someone to come and save us.

William: We're gonna make that vet pay dearly for this.

Me: Lets head home guys.

We went back to Earth.

---

On Earth, Bai Tza and team went to the Vet's office and they saw the vet that sent Courage's parents into space.

They faced him and they were not happy with him.

Cruel Vet: So you ready for your trip?

Courage: You're gonna pay for seperating me from my parents, you son of a (censored)!

Bai Tza: You will never harm anymore animals with your insane experiments!

Laney: You are the enemy of the Animal Kingdom!

Lana: What they said!

Lana jumped on him and punched him in the face.

Courage: (Grabs the stethoscope and screams into it extremely loudly) AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

The vet screamed in pain.

Laney kicked him in the face and grew a bunch of vines with mouths on them dripping acid. They grabbed him and he screamed in even more pain as he was being burned.

Bai Tza punched him and kicked him multiple times in the face, stomach, chest and back.

Muriel bashed him in the head with her rolling pin.

BONK! BONK!

Courage kicked him in the face and punched him in the stomach.

Then a rumbling was felt and they looked up and saw the U.S.S. Valor over them.

Bai Tza kicked the vet in the stomach and sent him flying through the walls and he crashed into the rocket he was gonna use. The U.S.S. Valor fired a laser at the rocket and it caused the entire rocket to explode.

KRABOOM!

We landed the ship and go into the launch pad.

Courage: Mom! Dad! (hugs his parents)

Courage's Dad: Wow son. You've gotten so big.

Courage's Mom: We're so proud of you son.

Courage: We can talk later Mom. Lets make this vet pay for everything he has done.

Courage's dad: With pleasure son.

Nico: Do you have any last words before we tear you limb from limb?

Me: Say your prayers you bad vet.

Lori: I'm going to literally turn you into a human pretzel!

Venom: (grabs the Cruel Vet by the throat) Eyes. Lungs. Pancreas. So many snacks. So little time.

Stewie: (to Venom) Hey, don't hog all the fun, buddy! We want our turn in beating up that scumbag as well!

Me: (Cracks Knuckles) Lets rip this freak apart!

We ripped him apart badly. Lori turned him into a human pretzel and we pulverized him into oblivion. It was a brutal fight and brawl.

Lincoln: SNAP! (breaks vets arm)

Lori: BLAM! (gives vet a black eye)

Leni: SMASH! (kicks out vets teeth)

Luna: WHAM! (bashed guitar on vets head)

Luan: CRUNCH! (stomps vets crotch)

Lynn: CRACK! (bashes bat over vets head)

Lucy: CRACK! (breaks vets leg)

Lana: CHOMP! (bites vets leg)

Lola: SLASH! (claws vets face)

Lisa: CRUNCH! (twists vets ankle)

Lily: BLAM! (Bashs hammer on vets head)

While the fight was going on Courage was explaining what happened when Eustace was with them.

Courage's mom: Remind me and your father to visit this Eustace for how he's treated you, son.

Courage: Will do.

It was a brutal and extremely ferocious fight and we were really pulverizing him into oblivion 100-fold. We then condemned him to eternity in the Saturn Insane Asylum.

We left the vets office and went back home.

Courage and his parents later went to the Mars Prison and faced Eustace and they beat him up too. Courage was now reunited with his parents after so long and we were happy for him.

THE END

Another Fanfiction Complete.

Remembrance of Courage Past was a sad episode of CTCD. But on the bright side we did get our questions answered on how Courage was abandoned. That vet was one insane nut and more. I wanted to make this a twisted episode where we rescued his parents and the dogs and reunite Courage with his parents. NicoChan11 gave me the ideas for this one. Thanks man as always. Part 30 is the Duck Brothers. Let me know what you all think.

See you all next time.

# The Duck Brothers

In the early morning hours Bai Tza and Team were resting when suddenly a bright blinding white beam of light shined onto the mansion. Courage got up and he was wondering what was going on.

Courage: Huh?

Courage went to the window to see what's up.

Courage: Is it morning already?

However Courage saw Muriel floating over her bed.

Courage: AAAAAAAAAAAAHHHH! (Eyeballs fly out like ping pong balls)

Muriel floated out the window and the dome door opens and she goes into the sky and the light vanished.

Courage went into Francesca's room and she was looking out the window too and saw Muriel.

Courage: Francesca!

Francesca: I know. Aliens abducted Muriel.

---

On a spaceship Muriel was on a table with a bunch of strange tools above her.

Alien 1: Shut up or you'll wake her.

Alien 2: No you'll wake her.

Alien 1: No you.

An egg was laid. It was a green egg and the aliens were really alien ducks.

Duck 1: I told you to stop doing that. You'll wake her. Besides, we don't lay eggs. We're duck brothers.

Duck 2: Stop telling me what to do.

Duck 1: Oh be quiet and help me with this.

They went to a lever and pulled it. A robot hand lowered and it put on a helmet. Duck 1 pulled out a remote control and the helmet activated and it was controlling her like a robot toy.

Duck 1: Excellent.

The ship beamed Muriel back into her room and vanished after putting her back.

Courage and Francesca saw that she was back in her bed.

Courage: But she was taken by aliens.

Francesca: I wonder what those aliens wanted with her. I'll go get Bai Tza and team.

Courage: Okay.

Courage saw the helmet and tapped it and it activated. She got up and walked to the door.

Bai Tza and team saw her.

Bai Tza: Uh oh. Lets follow her.

Muriel got into the truck and they got in the truck bed.

Francesca: Looks like we're about to find out.

Lincoln: We sure are.

Earth: Yep.

They were at a government facility and Muriel stopped at a guard booth.

Guard: Halt! Who goes there?

The guards saw Muriel.

Guard: Oh it's a sweet old lady.

He opened the gate for her. Muriel went into the facility and parked the truck in front of a building and went in.

Bai Tza: Lets go.

They got out of the truck but then they saw an egg roll out from under it.

Duck 1: I told you to stop doing that.

Lincoln saw the egg.

Lincoln: What the?

Duck 1: Just stop laying eggs and concentrate.

Duck 2: Oh you're not the boss of me.

Lincoln saw the ducks.

Lincoln: You look lost fellas.

The ducks saw Lincoln.

Muriel walked down the halls of the building.

Lana grabbed the remote and Laney bonked the two ducks heads together.

Laney: (BONK!) Do you give? (BONK!) Do you give? (BONK!)

Lana was pressing buttons on the remote.

Lana: Geez how does this thing work? Oh wait I think I figured it out.

Muriel came out and Lincoln got the helmet off of Muriel.

Duck 2: Now look what you did.

Duck 1: What I did!?

Duck 2: Now what are we going to do?

Duck 1: Why are you asking me?

Duck 2: Oh so you don't have all the answers eh.

Duck 1: (Voice Breaking) Just leave me alone. (Crying)

Duck 2: (Voice Breaking) Stop telling me what to do. (Crying)

Francesca: Oh man.

Courage: Hey fellas. What's the matter?

Duck 1: It's… It's our brother.

Duck 2: He's in there.

Duck 1: Will you stop interrupting me!? Our brother was captured and now he's gonna get cooked unless we get him out.

Duck 2: And now we'll never get him out.

Duck 1: We didn't mean to hurt anyone.

Duck 2: We just wanted to get our brother out.

Bai Tza: Hey we will gladly help you.

Lincoln: Yeah we are part of Team Loud Phoenix Storm.

Duck 1: We heard all about all of you.

Duck 2: You are widely known throughout the galaxy.

Earth: Not to brag but yes we are.

Duck 1: True.

Duck 2: But how will you help us?

Courage: I have a plan.

Courage whispered the plan to all of them.

---

Courage had a helmet on and he busted through the wall of the facility. The alarm sounded and he grabbed the bell and ripped it off and chewed it apart. He spit it out and went down the hall. He then ripped the door to the kitchen clean off its hinges.

Chef: (Italian Accent) Hey a cute-a little doggy. What are you doing here?

Courage saw duck.

Courage: (Deeper voice) Duck.

Chef: Hey. Bring-a that duck back. What am I going to serve?

Courage: Strudel.

Chef: Oh good idea!

---

Back outside they got the helmet off him and untied the third duck.

Duck 1: I don't know how we can ever thank you.

Duck 2: Me neither.

Bai Tza: You're welcome guys.

Francesca: It's what we had to do.

Courage: We're glad we could help you fellas.

Duck 3: I'm so happy I could just…

They then laid eggs. They argued and went back to the ship.

Francesca: I'll drive us home.

---

Back at the farm Eustace was back and he had a helmet on and he was serving them all breakfast in bed. He gave them their meals and left.

Muriel: How lovely. Can you believe the special treatment we're getting?

Courage: Mm-hmm.

Francesca: You said it.

Courage: (Lifts the sheets and there was a remote for the helmet by him) Technology.

Screen irised in.

The Duck Brothers were a funny bunch in CTCD. It was a cool one too. Next for part 31 is Dr. Gerhart. Let me know what you all think.

See you all next time.

# House Calls

In another part of the city sat an old house. It was a nice Victorian Style house.

Man: So what's for dinner tonight? How about sardines? Yes. I love sardines. The perfect way to celebrate my liberation from loneliness.

A man lived in the house. His name was Dr. Gerhart von Orbison. He was a sound doctor.

Gerhart: Finally after years of being alone in this… This house, I have the answer to my prayers.

He pulled a sheet off and unveiled a fancy victrola record player. His house is alive however.

The house didn't want him to do it.

Gerhart: Complain all you want. I'm tired of being alone with you.

The wallpaper on the house was coming off. The whole house was a mess actually.

Gerhart: It's taken years but I've perfected my latest invention.

He opens a window and turns the machine on.

Gerhart: By this time tomorrow I, Dr. Gerhart von Orbison, will finally have neighbors.

The house did not like that idea one bit, but he didn't care. He played a record called House Calls and it played yodeling music and it sent out streams of music out across the land and they arrived at the Bagge Mansion.

Courage: What is that?

Muriel: I don't know.

Suddenly the entirety of the domed farm area rose off the ground on four legs and it was all walking out into the distance.

Bai Tza: Geez! What's going on!?

Lincoln: We're moving!

Francesca: What do you think is causing it?

Laney: It's the music!

Lana: This is so cool!

But they stopped 10 minutes later and they had a knock on the door.

Muriel: I wonder who that could be? Be right there!

They got to the door and they were greeted by Gerhart and he had a basket full of sardines.

Muriel: Guys we have a visitor.

Gerhart: Welcome to the neighborhood.

Muriel: We have more neighbors. Why thank you.

Bai Tza: Pleasure to meet you uh..

Gerhart: I am Dr. Gerhart von Orbison.

Laney: Oh wow. It's a pleasure to meet you.

Bai Tza: Same here. I'm Bai Tza. The sorceress of water.

Lincoln: I'm Lincoln Loud.

Laney: I'm Laney Loud.

Lana: I'm Lana Loud. We're Lincoln's little sisters.

Earth: I'm Earth.

Muriel: I'm Muriel Bagge.

Francesca: I'm Francesca Bagge.

Courage: And I'm Courage.

Gerhart: It's a pleasure.

Muriel: Doctor?

Gerhart: Call me Gerhart.

Muriel: Gerhart, Would you like to come in?

Gerhart: Why thank you.

They heard his house moan and they knew something was up with the house.

Bai Tza: Something is up with his house.

Lincoln: I feel it.

They went back into the mansion and had a nice talk.

Bai Tza: So you see Doctor we are members of Team Loud Phoenix Storm.

Gerhart: The famous superhero team? Oh my!

Bai Tza: Yes.

Lincoln: We always do everything we can to save the world and the people we care about.

Laney: It's a big job but we have to do it for the protection and future of the human race.

Gerhart: That is a big job.

Then there was a knock on the dome and they saw Gerhart's house peering in and it was madder than a swarm of hornets.

Muriel: Doctor I don't want to sound unneighborly but your house seems to be very upset.

Courage: That house is mad.

Lincoln: No kidding.

Gerhart: She's doing it again!

Lana: She?

Gerhart: I've been so lonely for so long. Years ago I used music to bring my house to life. To have a friend.

Bai Tza: Oh man.

Muriel: Oh my.

Gerhart: But she has never been really good company and she's very jealous.

Lincoln: That's awful.

The house called him.

Gerhart: She wants me to come home.

A carpet came out of the front door of the house. It was his houses tongue and Lincoln formed a whip of lightning and shooed it away.

Laney: This is like what happened when we faced that Monster House.

Lana: It does bring back memories of that.

The house was then attacking the dome. But luckily the dome was made of indestructible plexiglass. Lana saw how Gerhart's house looked and the condition it had was horrible. It was a mess.

Lana: Gerhart I think I know the reason why your house is always in a bad mood. It needs to be cleaned and fixed up.

Muriel: I agree. I bet a little sprucing up will make it feel better.

Gerhart: Good idea.

Lana: Lanes you want to help me?

Laney: Count me in Lana.

Laney put on her art gown and Lana got her tools ready.

Courage did the same thing and they went to Gerhart's house. They painted the outside of the house white and the house was starting to calm down. They gave it new roofing tiles, replaced old bricks and more on the outside. Next they fixed the inside.

Gerhart: I should've done this years ago.

They painted the walls, refurbished the furniture, dusted the tables and household items, polished the furniture and vacuumed. The house was making happy noises and she was so happy.

Gerhart: Courage, Lana, Laney you've made this house beautiful. She's the happiest I've ever seen her. Listen.

She stopped attacking and Muriel, Bai Tza, Francesca, Lincoln and Earth went over. Gerhart played a record on his machine called Home Sweet Home.

They came and the house was beautiful.

Gerhart: Come in neighbors come in.

Courage lit some candles.

Muriel: Oh my.

Francesca: Wow!

Gerhart: Welcome to my humble abode.

Muriel: I must say that your home is one of the most beautiful I've ever seen.

Bai Tza: It's beautiful.

Earth: It sure is.

Muriel: Amazing what a little tender loving care can do for you. It's such a friendly place now.

Courage: It sure is.

Suddenly the sounds of construction were heard and they looked out the the window and saw a huge neighborhood of multi-million dollar houses all along a cul-de-sac.

Francesca: Wow! We have a neighborhood!

Lana: This is amazing.

Laney: It sure is.

Now they have lots of friends and neighbors. The town of Nowhere, Kansas got bigger.

Another Fanfiction complete.

House Calls is one of my favorite episodes of CTCD and it was funny and awesome. Gerhart was lonely and all he wanted was friends. Now his wish has been fulfilled. Next is the grand finale of the CTCD saga: The Battle with the most unhappy scientist of all time - Dr. Zalost. Let me know what you all think.

See you all next time.

# The Tower of Dr Zalost

A cannon fires a black cannonball from a huge tower. It fired more cannonballs. The whole city of Nowhere was completely under siege. The cannonballs were not just ordinary cannonballs. One hit a little girl as she was jump-roping and it made her depressed and completely unhappy. Lots of people got hit because of them. A man with green skin, magenta hair and red eyes was watching from afar. He smiled as he saw the results of what he was doing.

He was over in the Mayors office.

Dr. Zalost: You may already know my reputation. I am Dr. Zalost, the greatest unhappy scientist who ever lived. And I want $33,333,000,000.00 for my unhappy cannonball project.

The Mayor and his assistant laughed at this.

Dr. Zalost: If you don't fund my project I'll use your city as research and that will make the people very unhappy.

Mayor: Big deal. They're already unhappy. We just raised the taxes! The next time you try and bamboozle us you'll be thrown in the clink! Now beat it!

They kicked him out. But they had no idea who they were dealing with. Dr. Zalost is the most miserable and most evil scientist of them all and he wants nothing more than to see the world burn in misery.

Dr. Zalost: Fools! I'll show them.

He laid waste to the whole city of Nowhere and made everyone completely unhappy and miserable. They had no choice but to pay him or else.

---

At the Bagge Mansion, Muriel was making a delicious meal. Maria was with them.

Bai Tza: (Sniffs) Those plums smell delicious Muriel.

Muriel: It's my secret recipe for Happy Plums.

Francesca: Grandma Muriel's Happy Plums are the best guys. They will make anyone happy.

Courage: They sure will.

Lana: They sure look great.

Laney: They sure do.

Maria: Guys, what do you think of Ocean's 7 for my Ace Savvy Persona?

Bai Tza: That's a great persona name Maria.

Lincoln: I agree and it goes perfect for your water powers.

Muriel pulled them out of her new oven and put them in some mugs. She handed them a bowl full of sour cream.

Muriel: Put a little sour cream on each of them Francesca.

Francesca: Sure Grandma.

She put sour cream equally on the plums.

Courage: I accidentally put all the sour cream on one cup and ate all the plums.

Lincoln: That's funny Courage.

Earth: Oops.

Courage's Dad: Hey guys take a look at what's on TV!

They went into the living room and on the TV they saw the News Reporter all depressed.

News reporter: (Depressed) Earlier today, the city of Nowhere fell under attack from an unknown tower. (Yawns) Right now I feel like going to bed so that's all the news for today.

Francesca immediately recognized that tower.

Francesca: Oh no! That tower is the Tower of Dr. Zalost!

Bai Tza: The most unhappy and most miserable scientist of all time!?

Francesca: That's him. Me and Courage beat him before and this is one guy that wants nothing more than to see the entire planet burn.

Earth: This guy sounds very dangerous.

Lincoln: No kidding!

Laney: We have to stop this guy.

Lana: Yeah but I have a feeling that all of us together are not gonna be enough.

Bai Tza: That's right. We got to get help!

The battle to save the happiness of the Human Race has just begun. Bai Tza pulled out her cell phone and on the dial pad was a big red button that said "Prime Omega Emergency." She pressed it.

---

In the estate we were watching TV and then the Prime Omega Alarm sounded.

Me: Uh oh!

I triangulated the transmission of the alarm and it was in Nowhere, Kansas. The satellites picked up that all of Nowhere was under siege by Dr. Zalost.

Me: Oh man! Everyone lets roll!

We all set out for Nowhere, Kansas.

---

In the tower of Dr. Zalost, he was watching TV and eating ice cream.

Dr. Zalost: Oh. What's the good of having all the money in the world if it doesn't bring any happiness? And if I'm not happy, no one deserves to be happy!

Rat was counting the money.

Dr. Zalost: Rat? Give me a hug.

Rat came over to him.

Dr. Zalost: Come here, Rat! (Rat hugs him) You're not fluffy! How do you expect me to hug you if you're not fluffy?!

The doorbell then rang.

Dr. Zalost: Go get that.

Rat went downstairs and took the elevator and standing in the door was Eustace dressed as a pizza delivery man.

Eustace: Here's the pizza you ordered. (Hands Rat the pizza) $20.00

Rat held up 1 finger for one second.

He took the pizza in and went up to Dr. Zalost.

Dr. Zalost: Pizza? What pizza? I didn't order any pizza! Get away from me! (Rat groans)

Courage came out of the pizza box and licked the cheese off and he pulled out a beaker of water and popped the cork and out of the beaker came Bai Tza.

Bai Tza: Theres got to be an easier way to do this Courage.

Courage: I know. Sorry Bai Tza.

Bai Tza saw the tower loaded with millions of black unhappy cannonballs and they were flooded with negative energy.

Bai Tza: These cannonballs are insane.

Dr. Zalost: (realizing he doesn't have the money to pay for the pizza) This is… so embarrassing.

Bai Tza: He's up there all right.

Bai Tza saw the big pot full of the Unhappy Cannonball formula and it was the source of the factory. She then pulled out a mug full of Happy Plums.

Bai Tza: Good thing I didn't eat these. You told me that these stopped him before right?

Courage: I sure did.

Bai Tza: Okay. You get his attention and I'll put this into the formula.

Courage: Okay.

Courage ululated and Dr. Zalost and Rat came down and saw Courage.

Dr. Zalost: You stupid dog!

Bai Tza: You've got bigger problems!

Bai Tza was flying over the formula and she dropped the Happy Plums into the pot and it glowed neon purple and pink cannonballs flied out of it. Then the whole tower started collapsing and shaking violently and then they got out of there. The tower exploded and like a volcano it shot pink cannonballs everywhere and restored everyones happiness in Nowhere.

Bai Tza and team were standing outside of the tower

Lana: Think that's the last of him?

Bai Tza: No. He's far from finished.

We all landed by them.

Me: The battle is far from over.

Nico: Things are about to get intense guys.

Vince: I feel it.

Dr. Zalost came out of the rubble and he was infuriated.

Dr. Zalost: (ENRAGED) YOU STUPID DOG!

Muriel: Do you want to have some of my happy plums?

Me: You will now face all of us Zalost!

Dr. Zalost: So all of Team Loud Phoenix Storm is here.

Varie: And we've come to kill you.

Zalost: I hope you all said goodbye to your loved ones at home. Because you're all not leaving here alive!

Me: I think not.

I snap my fingers and we were on the planet Venus. The clouds were yellow and lightning flashed all over them and it was raining sulfuric acid and the temperature was 900 degrees Fahrenheit and the surface was scorching hot. Luckily I had everyone protected in a force field to protect us from all that. The planet Venus was perfect for the battle and it was like a physical manifestation of the burning raging inextinguishable fiery hatred and misery inside Dr. Zalost's heart.

Lola: Wow! What is this place?

Me: This is the planet Venus.

Laney: Wow! So this is what the surface of Venus looks like.

Lincoln: That's right Laney. They call Venus "Earth's Evil Twin".

Earth: It's true. Venus is my evil twin sister.

Zalost: I get it. You brought us here to Venus so no one will find my dead body. Is that it?

Nico: Of course not! We just brought the fight to Venus so no innocent bystanders will get hurt!

Zalost: Oh please! People will always get hurt no matter how hard you try. And there's nothing you can do to change that.

Me: We're taking the fight here avoid having people get caught in the crossfire.

Luna: What you are doing is absolutely terrible dude!

Zalost: If I can't be happy, no one can!

Nico: Everyone deserves to be happy! Except for monsters like you!

Luan: You people are why I like to make others laugh with my jokes!

(KOUEN {Crimson Flames} plays)

Me: Comes on guys! Lets tear this (CENSORED) apart!

Edzilla: ED SMASH MISERABLE MAN!

We all went at him and a vicious and brutal battle ensued. I punched Dr. Zalost in the face and knocked out most of his teeth and sent him crashing into a rock. He got up and Carol fired King Ghidorah's Gravity Lightning and he was running as she blasted him. (Think of how King Ghidorah attacked Tokyo in Ghidrah The Three-Headed Monster from 1964) Dr. Zalost pulled out an Unhappy Cannonball and threw it at Carol and when it hit her she got an unbelievable increase in power.

Carol: Wow! That was intense!

Me: Those cannonballs are loaded with incredible Negative Energy.

Carol fired Godzilla's Orange atomic ray and it hit by him and not only burned him badly but also sent him crashing into a rock.

Lori blew him away with a huge blast of wind and Dr. Zalost went at Lori and he tried to punch her but she dodged and kicked him in the back and sent him crashing into a rock.

Lori: You literally disgust me Zalost! Happiness is one of the essential feelings that make us who we are!

Roxanne punched him in the face and Linda kicked him in the stomach!

Roxanne: That's right you freak!

Linda: People like you literally have no place in the world we love!

Luna punched him in the face and fired a blast of water at him and it bashed his face with incredible force.

Luna: You make me sick dude!

Lydia: Well said Aunt Luna.

Luna: Thanks dudette.

Sam fired a blast of fire and burned Dr. Zalost badly.

Sam S.L.: People like you only deserve eternal damnation! Right Lady Pele?

The mark on Sam's forehead glowed.

Pele: You know it Sam.

Leni flew up to him and slashed him. She carved "Totes a Loser" into his chest with her sword.

Leni: You are Totes a Loser!

Lisa fired a laser she made with her powers and blasted him.

Lisa: You are one absolutely disgusting individual not worthy of being a member of the race of homo sapiens.

Ben punched him in the face and kicked him in the stomach and kicked him in the face and knocked out some more of his teeth and Dr. Zalost belched out a huge amount of blood.

Ben turns into Alien X

Ben and 2 other voices: **ALIEN X!**

Me: (Gasp) A Celestialsapien from the Planet Zvezda!

Alien X: **That's right.**

Gwen T: J.D.! Ben has had a lot of problems with this alien! You have to help him!

Me: I got this!

Alien X (struggles to stay in control): **Guys, in case I don't come back out, tell Riley that I love her!**

Vakama: Tell Riley that yourself!

I place my hands on Alien X and channel my energy into him.

In the subconscious of Alien X, Serena and Bellicus merged with Ben and became one and Ben was now in full control.

Me: Are you all right Ben?

Alien X: **Yes J.D. Thanks to you I now have full control over Alien X.**

Gwen T: What did you do J.D.?

Me: I channeled my energy into him and Serena, Bellicus and Ben are now one and they now have free will.

Gwen T: That's incredible J.D.! Celestialsapiens are the most powerful aliens in all of existence!

Shanan: It's true dad. They are said to be the beings that have created the entirety of the universe 15 Billion years ago.

Me: I believe it.

Alien X: **Now lets show this monster what happens when you mess with our friends.**

Alien X fired an energy blast and burned Dr. Zalost's legs off. Alien

X then formed an anvil over Dr. Zalost with just a thought and it hit him on the head.

CLANG!

Me: Wow! Ben that's incredible!

Alien X: **Celestialsapians have omnipotent power. Now to use a combo with Iron Man.**

He turned into Upgrade.

Ben: UPGRADE!

Iron Man: I have a feeling this is gonna be good.

Upgrade merged with Iron Man and Iron Man had a Galvanic Mechamorph Armor Suit on.

Me: Nice! You look awesome Tony.

Iron Man: I sure do.

Upgrade-Iron-Man fired lasers and enhanced Missles at Dr. Zalost.

Upgrade and Iron Man: MATRIX MISSILE FIRESTORM!

They hit the ground by him and sent him flying into another rock. He got up and and went at us. I punched him in the face and Lincoln fired a blast of lightning at him.

Me: Ben that was awesome! You and Tony were amazing!

Upgrade: Thanks J.D. I got one last trick.

Ben became Shocksquatch!

Ben: SHOCKSQUATCH!

Me: Wow! A Gimlinopithecus from the planet Pattersonea.

Shocksquatch: That's right J.D. Watch this.

Shocksquatch fired a huge blast of lightning at Dr. Zalost and electrocuted him.

Me: Awesome!

Shocksquatch: Yep. Linka, Lincoln lets do a combo on him.

Lincoln: Lets!

Lincoln, Linka and Shocksquatch fired a huge blast of lightning.

Shocksquatch, Lincoln and Linka: STELLAR LIGHTNING DESTROYER!

The lightning combined and turned into a massive blast of lightning with 30,000,000,000 volts of electricity and it electrocuted Dr. Zalost really badly and he was really numb.

Me: That was awesome guys!

Linka: Thanks J.D.

Lincoln: It sure was awesome!

Hops, Buffo and the frogs slapped and punched Dr. Zalost all over the place.

Buffo (to Hops): Thank you for calling us for fight, Hops.

Hops croaked.

Lana: He says "You're welcome Buffo."

Lana fired a blast of ice lightning at Dr. Zalost and froze him. Lily fired a blast of glowing water and it sent him crashing into a rock. Laney formed a bunch of plant vines with mouths on them and they squirted sulfuric acid into his eyes and burned him until he was blind. Lola fired a blast of fire and burned his arm. Danny Phantom and team Phantom fired energy blasts and energy blasters at Dr. Zalost. Dora breathed blue fire from her mouth in dragon form and set most of the land on fire. Cody fired black and blue fire and plasma blasts from his Plasma Caster and wrist blaster. Lynn fired a blast of Venusian Lava at him and burned him really badly.

Lola: People like you really burn me up!

Sidney: You said it Lola. Dr. Zalost is the biggest bully of them all.

Cody: But we are teaching him a lesson he'll never forget.

Ronnie Anne fired a stream of fireworks at him and burned him.

Luan and Eddy fired a blast of red and blue light at him and burned his chest. Lensay fired a blast of green light at him as well.

Luan: This oughta Lighten your mood. (Laughs) Get it? But seriously you need to be put in your place.

Eddy: Well said Luan.

Lensay: Well said.

Luan: Aww. You are starting to talk in full sentences Lensay.

Lensay nodded.

Eddy: Our little girl is learning fast.

Francesca slashed him with her sword and carved into his forehead the word "Unhappy." Then she carved a phoenix into his chest.

Francesca: To let the Devil know that we sent you.

Nico and May fired an Ice Fire Kamehameha Wave and the blast hits Dr. Zalost in his chest and exploded. When the smoke cleared there was a huge hole in his chest that left his black heart exposed to the open. His heart was blacker than the blackness of the night.

Laney: Wow! Look at his heart!

Me: His heart is pure evil!

Nico: His heart is absolutely filled with pure evil beyond its purest form.

Lola: Even my heart is not that black anymore. Lindsey Sweetwater's heart might be, but not mine.

Vince: This shows that he is the ultimate personification of pure evil.

Carol: It sure does.

Lea: Lets use our combo on him Tahu.

Tahu: You got it brother.

Tahu fired a blast of fire from his swords and Lea fired a blast of fire from his Keyblade.

Tahu and Lea: FIRESTORM HEART BARRAGE!

The fires combined and turned into a storm of heart-shaped embers and they rained on Dr. Zalost and burned him badly.

William: Lets show him our combo too Vakama!

Vakama: You got it William!

Vakama fired his Kanoka Disk and William fired a blast of fire.

Vakama and William: U.F.O. FLAMELASER STRIKE!

The disk became a huge flying saucer made of pure fire and it fired a laser made of pure fire at Dr. Zalost and he ran from it. But there was no escape. It burned him badly.

Lola: Lets use our combo on him Nico!

Nico: You got it Lola. Ladies first.

Lola: (Curtsies) Thank you good sir.

Lola fired a blast of fire and Nico formed one of Ebon's portals.

Nico and Lola: VILE DARKNESS DIMENSIONHOLE!

The fire and portal combined and turned into a vortex that lead into the dimension of the Book of Vile Darkness.

Kirby (about to use his Final Smash): Let's see if my Final Smash still works!

Samus: I haven't used my Final Smash for a while.

Me: Lets finish him off guys!

Varie: You got it J.D.!

Rachel: Lets get him!

Vince: Yeah!

Bai Tza: Sorry, Zalost. But we don't want our jails to catch your unhappiness!

Samus donned her power suit and Kirby had an Ultra Sword.

Me: KAAAAA!

Varie: MEEEEE!

Vince: HAAAAA!

Nico, May, Lincoln, Laney, Lily, Lori, Lisa, Goku, Gohan, Yamcha and Krillin: MEEEEE!

Vegeta: FINAL FLASH!

Samus: ZERO LASER!

Kirby: ULTRA SWORD SLASH!

Kirby slashed Dr. Zalost with a powerful slash from the sword.

Me, Varie, Vince, Nico, May, Lincoln, Laney, Lily, Lori, Lisa, Goku, Gohan, Yamcha and Krillin: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

We fired our blasts and they combined and hit him and carried him into the dimension of the Book of Vile Darkness. The portal closed. In the dimension there was nothing but pitch-black darkness and then the blast exploded with incredible power.

KRAAAAAAAAAAAAAABBBBBBBBBBBBBBBBOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it completely obliterated Dr. Zalost in an instant and there was nothing left of him at all. Not even an atom of him was left. The explosion was powerful enough to destroy 20,000 planets.

Muriel: Is he gone?

Me: Yes. He's dead. And because we sent him into the dimension of The Book of Vile Darkness he's automatically sealed into it.

Nicole: Yep. Good riddance to bad rubbish.

Jared: And that's one less scientist that will terrorize the world.

Me: You said it son.

Varie: That man deserved to be put out of his misery.

Bai Tza: He was gonna take away everyones happiness and we couldn't let that happen.

Lincoln: No way Jose.

Me: Yep. Lets go home.

We went back home to Earth.

---

Later after the whole fight with Dr. Zalost we offered all of the town of Nowhere to move to Gotham Royal York and they all accepted. Turns out they were getting sick and tired of living in the middle of the boondocks. Nowhere was now a suburb of Gotham Royal York. The Bagge Mansion now is a beautiful greenhouse mansion that is right next door to the Estate.

Lana: Ah. Home sweet home.

Lincoln: You said it Lana.

Leni: It's good to have you with us at home again, Linky.

Lori: Things have literally been quiet without you twerp.

Luna: It sure has dude. But we missed you.

Laney: We missed you guys too.

Me: It's good to have you back buddy.

Lincoln: Same here.

Lynn Sr.: We're glad you all had a fun time sport.

Lincoln: Thanks dad.

Francesca: I like our new home already!

Me: I'm glad Francesca. And Francesca you have our sympathies for what happened to your parents.

Francesca: Aw thanks J.D.

Courage: I never knew that this city was so big!

Me: It's 3 cities fused together Courage. The cities of Gotham from the year 2039, New York City and Royal Woods were fused together into Supermetropolis.

Francesca: That's amazing!

Me: It is. Oh yeah. I call a meeting in Lori's room!

We then went up to Lori's room.

---

In Lori's room which is also our meeting room everyone was gathered.

Me: I call this meeting to order. Now I'm sure you're wondering why I called this meeting. Well it involves Francesca and Courage here. During Bai Tza, Lincoln, Earth, Laney and Lana's time down in Nowhere, Francesca and Courage have displayed tremendous heroism in saving the world and the town of Nowhere. So for that we have something for them.

I pulled out a black shirt with pink flames on the bottom and it had the logo for Team Loud Phoenix Storm on it.

Me: Francesca Salina Bagge, you and Courage are both honorary members of Team Loud Phoenix Storm. Welcome to the team you two.

I hand her the shirt and we cheered for them.

Francesca: Thank you so much J.D. It's an honor to be a part of the team.

Me: You're welcome Francesca.

William: Bai Tza, how would you like to join the Redemption Squad? Consider it as a reward for helping Courage, Lincoln, and the others against the Nowhere bad guys.

Bai Tza: I would be honored William.

William: Welcome to the Redemption Squad.

We cheered for her.

It was a grand time for all of us. We saved the world from Dr. Zalost and got some new members out of the deal. They all revealed their exploits in Nowhere and it was awesome.

THE END

Another Fanfiction Complete.

Whoo! This was the most action packed and awesome saga of them all and it was a perfect way to complete the CTCD saga. Francesca is based off of WhiteMageOfTermina's self insert OC and I made my own version of her. Thanks for the inspiration. The Tower of Dr. Zalost was the most awesome half-hour episode of CTCD. But that man Dr. Zalost was by far the most miserable and most unhappy character of them all. He was trying to erase everyones happiness and if that doesn't spell "Murder" I don't know what does. NicoChan11 and I did this chapter together. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Fry Cook Games

[Scene begins outside of the Fast Food Coliseum]

**Johnny:** Welcome, sports fans, to the 22nd annual Bikini Bottom Fry Cook Games. [Horns are played as Harold the blue spotted fish runs into the stadium, holding a small torch. He runs up the stairs to a huge hamburger]

**Harold:** I declare these Fry Cook Games… open! [A gust of wind blows by and puts out the flame on the torch. The scene cuts to the "Please Stand By" screen. The screen cuts back to the stadium as the horns blow again and Harold runs back into the stadium, but this time, he's shielding the torch with his hand and panting. He runs back up the stairs to the huge hamburger]

**Harold:** I declare these Fry Cook Games… open! [He lights the huge hamburger, then a second later, he starts being on fire]

**Johnny:** So begin the 22nd Fry Cook Games. I'm a realistic Fish Head, and it's a beautiful day here at Bikini Bottom's Fast Food Coliseum. [A clip plays showing a woman tossing a large straw into a large plastic cup]

**Johnny:** They come from everywhere microwaves hum. [A clip of a man throwing an uncooked patty onto a grill]

**Johnny:** Patties sizzle. [A clip of a fish bouncing on top of a large cube of gelatin and landing on a mat is shown]

**Johnny:** And heat lamps keep the fast food spirit warm… and soggy. But the real story is the bitter rivalry between former competitors Mr. Krabs of the Krusty Krab and Plankton of the Chum Bucket. [Pictures of both Mr. Krabs and Plankton appear. A clip of Mr. Krabs lifting up two barrels of pickles is shown]

**Johnny:** Who could forget the year Mr. Krabs won gold for this five hundred pickle clean-and-jerk? [Mr. Krabs is shown on a podium on the number one step, while Plankton is below him on the second]

**Johnny:** Not Plankton. [Plankton sprays Mr. Krabs with a hose. A clip of Plankton flipping around while hanging onto two onion rings is shown]

**Johnny:** Or when Plankton won the hearts of millions by performing this perfect onion ring routine… with a broken antenna? [A cast is around Plankton's left antenna. Plankton is shown in the number one spot on the podium this time, with Mr. Krabs below him]

**Johnny:** Krabs wasn't moved. [Mr. Krabs blows Plankton off the podium]

**Johnny:** And now, late word is that this year, the Krusty Krab will be represented by a new competitor, on what is perhaps the greatest day of her young life. [A picture of a shadowy figure of a body with a question mark over it appears. The figure turns around and is revealed to be Lily Loud, wearing a sweatband and sports uniform. She is standing next to Mr. Krabs and Spongebob who are sitting on a bench staring at a stopwatch]

**Lily:** This is perhaps the greatest day of my young life, Mr. Krabs and Mr. SquarePants. [Lily starts jogging in place] I can't believe I'm representing the Krusty Krab's in the Fry Cook Games. [A spotlight shines down on her and she puts her hand on her heart] To bring home the gold is to bring honor and glory to the Krusty Krab's.

Johnny: That's right folks! It's one of our heroes, Lily Loud, who saved all of Bikini Bottom twice from the evils of Sheldon J. Plankton, who enslaved all of Bikini Bottom after stealing the Krabby Patty Secret Formula. Lily banished Plankton into space for all eternity as a result.

**Mr. Krabs:** And all that free publicity will bring in customers! [Mr. Krabs walks away, sad]

Lily: Something wrong, Mr. Krabs?

Mr. Krabs (sighs): Well, I'm usually used to competing against Plankton in the Fry Cook games. But now that he's gone, some of the excitement for the events is gone. (chuckles) It's funny. Me fighting Plankton took up the majority of my life. But now that he's gone from my life forever, I can't help but feel empty inside.

Lily: Are you saying that you miss Plankton?

Mr. Krabs: No. I miss the person that he used to be, which was my friend.

**Lily:** I'm sorry Mr. Krabs. But when Plankton tried to steal the Krabby Patty Secret Formula he descended into darkness and was declared irredeemable.

**Mr. Krabs:** You're right lass. But good luck today.

**Lily:** Thank you sir!

**SpongeBob:** I know you can do it Lily. When I participated in these games, it was left undetermined because me and Patrick walked away.

Lily: Oh that stinks Mr. SquarePants. But I'll finish what you tried to do.

SpongeBob: I know you can Lily. GO GET THE GOLD!

Lily: Aye aye sir! [Lily starts doing pushups] Krusty Krab! Krusty Krab! Krusty Krab! [Patrick walks up]

**Patrick:** Hey, Lily. [Lily stops]

**Lily:** Oh hi, Patrick. [continues doing pushups] Krusty Krab! Krusty Krab! Krusty Krab! *[stops]* How have you been doing?

Patrick: I've been doing good.

Lily: [Lily starts groaning] Mr. SquarePants told me you participated here in the Fry Cook Games, Patrick. [Starts jump roping]

Patrick: I sure did Lily. It was an awesome time. And I'm in it again!

Lily: Oh wow! It's a huge honor to be here in the Fry Cook Games. It's like the Olympics.

Patrick: That's cool Lily!

Lily: May the best man win Patrick. [Extends her hand and they shake hands]

They heard cheering in the crowd and they saw all of us there. We had all kinds of flags and clothes that said all kinds of things to cheer Lily on. Leni, Lynn Sr., Muriel, Courage, Francesca, Kate and Nico all had breathing helmets on. With them were Mermaidman and Barnacleboy.

Lily: Hey guys! You all came!

Lynn Sr.: We wouldn't miss your big day sweetie.

Lynn: We know you can do it Lily.

Luan: Go Tenderize them! (Laughs) Get it? But seriously go get them Lilster!

Lily: Thanks guys.

Barnacle Boy: I can't help but notice that Squidward isn't around these days.

Lily: Well, I think that's for the best. He said some very horrible things about Spongebob, the Krusty Krab, Patrick, and Bikini Bottom.

Barnacle Boy: Well, I used to be annoyed with Spongebob before I warmed up to him. How is Squidward so different?

Nokama: From what I heard, Squidward's miserable attitude nearly got everyone in Bikini Bottom killed by a volcano.

Barnacle Boy: I see. But Spongebob, you and Patrick had some good times with Squidward in the past. Don't tell me that you don't miss him.

Spongebob: You're right, Barnacle Boy. I do miss him.

Gali: Still, he should be in prison until he thinks about what he's done the last few years.

Lily: Yeah. But thanks for coming guys.

Rita: You're welcome sweetie. Go get them!

Lily: With pleasure mom. [Scene cuts to the first event]

**Johnny:** Our first event, the deep fry pole vault. [A deep fryer labeled "Fry King" sits in front of two high poles. Lily stands in front of SpongeBob, holding a long pole]

**SpongeBob:** Win this one for the Krusty Krab.

**Lily:** Yes sir, Mr. SquarePants. For the Krusty Krab! [Lily flips over the poles and the deep fry and lands on the circle drawn in the ground perfectly. Lily holds up the victory fingers and the crowd cheers]

**Patrick:** Awesome job Lily!

**Lily:** Thanks Patrick.

**Patrick:** For the hatred of chum! [Patrick flips over the poles, but lands on the handle of the deep fryer, flinging it at the crowd and turning them into fish sticks. A vendor walks up and turns on a heat lamp]

**Vendor:** Fish sticks! Get your fish sticks here!

Me: Yichihuahuas! That's got to hurt!

?: No kidding.

Aquaman appeared.

Me: Arthur Curry A.K.A. Aquaman! It's an honor to meet you.

Aquaman: You too J.D. The Justice League told me all about you all.

Me: I had a feeling they did.

Gali: Also I have something to tell you. Me and Nokama have feelings for Tahu and Vakama.

Me: That's awesome you two!

[Scene cuts to the second event. Lily and Patrick are standing in front of a tall ladder that leads to a diving board, perched above a bowl of chocolate syrup]

**Johnny:** The next event: the chocolate high dive.

**Lily:** Good luck on your dive, Patrick. [Lily climbs up the ladder]

**Johnny:** For her dive, Lily will be attempting a full banana fudge pop with two sticks. [Lily turns into a banana pop with her powers and holds up two popsicle sticks and sticks them into the top of her head]

**Johnny:** And now, absolute silence. [The crowd stops chattering. Lily jumps off the diving board]

**Lily:** I scream for ice cream! [Lily flips around a couple times, then leaps toward the bowl. She lands in the chocolate syrup, getting coated in it, then hops out of it and into a sandbox full of toasted almonds]

**Johnny:** Perfect entry! And toasted almonds? That's unexpected. [Lily lands in the circle]

**Johnny:** She stuck it! [Lily turns around toward the camera and grins]

**Johnny:** And just look at that even coating. [Lily walks upside-down past Patrick, using the popsicle sticks for legs]

Lily: You're up Patrick.

Patrick: Thanks Lily. [Patrick then hops up onto the diving board with the lower half of his body inside an ice cream cone]

**Johnny:** Patrick will be resurrecting an old favorite. The single scoop strawberry cone with a chocolate dip. [Patrick slowly leans off the edge until he falls off the diving board]

**Johnny:** Just look at that concentration. [Patrick splashes into the bowl, with chocolate syrup flying everywhere]

**Johnny:** Ooh, a little shaky on that entry. [A live action strawberry cone with a chocolate dip is shown]

**Johnny:** But just look at that form! [Patrick hops up to Lily grinning while SpongeBob is very angry about losing]

**Lily:** Great job Patrick!

**Patrick:** Thanks Lily.

[Scene cuts to the third event. Lily and Patrick are standing by a skeet field over a giant basket of fried chicken nuggets with giant ketchup and mustard bottle blasters.]

Johnny: Our third event: Ketchup and Mustard Shooting.

Patrick: Good luck Lily.

Lily: Thanks Patrick. Chicken Nuggets may be one of my favorites but this is gonna be fun.

Lily went up first and they fired chicken nugget skeets and Lily fired ketchup and mustard blasts and got perfect shots on all of them.

Johnny: Perfect shots by Lily!

Lily walks back to Patrick and blows smoke from out of the muzzle of the blaster.

Patrick: Great shooting Lily.

Lily: Thanks Patrick.

Patrick was up next and he fell on the ground and missed all of them.

[Scene cuts to the fourth event. Lily and Patrick are standing in an archery shooting yard and the field was a giant pool of ketchup. The targets were on the other side of the pool]

Johnny: Our fourth event: French Fry Archery.

Lily: Here goes Patrick.

Lily went first and she shot french fries into the bullseyes perfectly.

Johnny: Perfect shots by Lily!

Lily went back to Patrick.

Patrick: Great shots Lily!

Lily: Thanks Patrick.

Patrick was up and he fired his fries and hit all the targets at once. Something that has never been done before.

Lily: Awesome shots Patrick!

Patrick: Thanks Lily. The games are far from finished.

[A clip of highlights from the games is shown, beginning with Lily tossing a patty. Patrick skates on a large grill with butter on his feet. Lily went downhill skiing on a huge mountain of grease. Patrick tosses a large bottle of ketchup up in the air. Lily and Patrick race on a track carrying trays full of food. The two fly up in the air on two large spatulas. They both do a dance wearing colorful outfits and fruit hats, Patrick's being 12 and Lily's being 27. The clip ends]

[A large arena on top of a hamburger is on screen. The realistic Fish Head is still reporting]

**Johnny:** It's not over yet! With the score tied, we go to our final event! Bun Wrestling. Who will take home the gold? Mr. Krabs and SpongeBob Squarepants of the Krusty Krabs?

**Mr. Krabs:** [rubbing Lily's shoulders] Don't forget, you can do this Lily. [Lily picks up a metal chain, bites off and chews up the middle of it. She bares her teeth, revealing the metal chain to now be attached to them like braces]

**Johnny:** Or Patrick for the hatred of the Chum Bucket?

[Patrick growls as he picks up a bucket of chum, slams it into the ground, and crushes it and he roars] [Heavy metal music plays. The bell rings. Lily tears off her blue robe, showing off her muscular body. Patrick rips off his own green robe, underneath which he is wearing a business suit. He tears off the business suit, revealing an extremely large, muscular body. The two dive at each other, screaming, until they collide. They wrestle and continue to wind up in twisted positions. They spin around and wind up wrestling with themselves. They realize this, and dive back at each other. Patrick sits on top of Lily, holding her foot]

**Patrick:** Forget the Hatred of Chum. This is personal. [Patrick takes off Lily's shoe and licks her foot slowly. Lily screams in agony. The two wrestle again. Lily has Patrick in a chokehold and lifts up a pencil with the eraser side pointing toward Patrick. She slowly brings it down to his name tag and erases the "Pat" in "Patrick", leaving "rick"]

**Patrick:** [screams] Noooo! My name's… not… **Rick!** [Patrick tackles Lily and the two wrestle once more]

But Lily got the drop on him and pinned him to the floor and the referee counted.

Referee: 1… 2… 3… YOU'RE OUT!

Johnny: And Lily wins the 22nd Fry Cook Games! The Krusty Krab has won the gold!

Mr. Krabs and Spongebob and the entire crowd cheed wildly for her.

Me: WAY TO GO LILY!

Lori: THAT IS LITERALLY OUR LITTLE SISTER!

Lynn was so proud of Lily that she was weeping tears of joy.

Laney: Way to go Lily!

Varie: That was so awesome!

Vince: Lily sure can master any sport.

Lucy: She sure can.

The award ceremony was awesome and Lily was given a gold medal for the Krusty Krab's and putting it back on top. We were so proud of Lily. Not only that but Lily became the first ever human to win the Fry Cook Games.

---

After we all showered and got the salt water off we went to the Burpin' Burger to celebrate. Lily put the Gold Medal in the Loud Family Trophy Case.

Me: A toast to Lily and her magnificent performance in the Fry Cook Games!

We clinked our glasses and cheered for her.

Lily: Thank you guys!

Rita: We're so proud of you sweetie.

Lily: Thanks mom.

Lincoln: You and Patrick both were incredible.

Lynn: You sure were. You were dead even.

Aylene: They sure were. But we're proud of them.

The Krusty Krab's were now even more popular than ever before and ranked the greatest and number one restaurant in the world.

The Fry Cook Games is one of my favorite episodes of SpongeBob Squarepants and it was awesome! It was one of my number 1 favorites of Season 2 back in 2001. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Also this chapter was made as a tribute to the creator of Spongebob Squarepants Stephen Hillenburg who died from ALS last week.

RIP Stephen Hillenburg August 21st, 1961 to November 26th, 2018.

Thank you for giving us 19+ great years of Spongebob Squarepants. You will be missed.

Let me know what you all think.

See you all next time.

# A Red Herring In Hot Water

It starts in the estate. In Tara's room she was being catered to by Beast Boy.

We came in.

Me: How are you feeling Tara?

Tara: Getting heavy but doing good.

Me: That's good.

Sandman: So, Tara. Since you got pregnant, does that mean when no one's around, you and Beast Boy-

Tara (blushes): Let's not get into that!

Me: That's enough guys.

Lincoln came in.

Lincoln: Guys! We just got word from Flash!

Me: Agent Venom must be in the hideout we send him to. Lets listen in.

We go to the computer and we listen in. With us were the Mystery Inc. gang. Flash Thompson was on the football team for Middletown High School and he used to be a bully for Spiderman. But he acquired part of the Venom Symbiote and became a member of S.H.I.E.L.D. called Agent Venom.

Red: Now we're going to launch an all out attack on Coolsville and burn that whole town to the ground and kill everyone. This will be my ultimate act of vengeance on the world by robbing it of a whole town.

Fred: That voice. That's Red Herring!

Me: You know him Fred?

Fred: Know him? He was the worst bully of all time when we went to school in Coolsville.

Daphne: Not only that, but before we became Mystery Inc. we were known as the Scooby Doo Detective Agency.

Velma: Those were good times back then.

Shaggy: Like yeah. But Fred back then had a nasty habit of accusing Red for being all the monsters we faced.

Me: This guy sounds like nothing but trouble. And now he's going to launch a terroristic genocidal attack on Coolsville?

Laney: What a monster.

Lincoln: No kidding.

Me: Let me see here.

I pull up a Background Check on Red Herring and he had a rap sheet that was 20 miles long.

Me: Holy mackerel!

Lola: Geez! This guy has a nasty criminal history.

Me: No kidding. Look at all these crimes. This guy is the ultimate personification of the word NASTY. Not only that, he's been in and out of Juvie more times than any other kid in the Criminal Justice System.

Lana: What did he do mostly?

Me: It says here that he did Arson and Theft. He threw Molotov Cocktails at houses and burned them all down to the ground. He caused millions of dollars in damages. After his last arrest and release from juvie he has done a very good job at covering his tracks.

Daphne: I can't believe he would want to destroy the whole town we lived in for a long time.

Me: Well we'll be ready for him. When they launch their attack we're gonna be waiting for them.

Flash: Sorry, can you repeat all that? I just had an itch right by my microphone.

Red: Microphone?! (in realization) He's wearing a wire!

Flash (realizes his mistake): Oh (censored)! (tries to run but some goons restrain him)

Red: Change of plans. The attack begins now.

Me: Way to mess up Flash. Lets go guys!

We head out for Coolsville.

---

We had a barracks set up around Coolsville. I was looking through binoculars and saw a bunch of people coming towards the city fast.

Me: Here they come guys.

Red Herring and his goons came up to the barracks and we had our guns and weapons ready.

Red Herring: Looks like you can finally blame me for something, Jones. While you and your friends lived nice, normal lives, I rotted away in juvie!

Fred: My life hasn't been enjoyable, Red! I promise you!

Red Herring: Don't tell me that! I heard about the things you've done! But there were no mystery solving cases or unmasking bad guys for me! I DIDN'T GET TO FIGHT AN EVIL WARLOCK! NO ACCIDENTAL TRIPS TO CYBERSPACE FOR RED HERRING! AND YOU WERE THE ONE WHO RECENTLY GOT AN INVITATION TO AN UPCOMING HEX GIRLS CONCERT IN AUSTRALIA, NOT ME!

Me: You really have a lot of issues Red.

Varie: You need a lot of therapy in prison.

Red: Enough talk! Kill them all!

The thugs had their guns firing at them and we fired lasers and energy beams at them and blew some of them back.

Kopaka: Lets use our combo Killer Frost.

Killer Frost: Right!

Kopaka and Killer Frost fired blasts of ice.

Kopaka and Killer Frost: SUBZERO BLIZZARD CRYSTALIZER!

The blasts of ice combined and froze most of the thugs in place.

Nuju: Lets get them Riku!

Riku: Right!

Nuju fired a blast of ice and Riku fired a blast of lightning.

Nuju and Riku: THUNDERSNOW BLIZZARD FREEZER!

The blasts combined and froze the thugs and electrocuted them too.

Duncan (shoots at some of the thugs with gun): YOU WANT SOME, TOO?! I GOT PLENTY FOR EVERYBODY!

Kevin was in his WarKevin suit aiming his repulsers at two of Red's goons with Francis aiming his flamethrower.

Kevin: Is there a problem?

Francis: Whoa, little Mexican standoff we got here.

Kevin: Weapons down.

Francis: And we'll let you escape with your dignity.

The goons smirk at each other.

Kevin: Drop 'em! [lowers his hand as the goons drop their guns]

Francis: That's good. (the goons get out knives) Kevin! Watch out!

The goons threw their knives at Kevin. But Francis' warning allowed Kevin to react quickly, and dodge them. Though one knife did impale him in his armor's shoulder, he simply pulled it out. While one thug went after Francis, the other went for Kevin.

But Kevin's reflexes were quicker, proving that when he activated his repulsors and fired at both of them, knocking them back.

Kevin: Lets show them our combo Francis!

Francis: You got it!

Francis fired a blast of fire and WarKevin fired a repulser blast.

Kevin and Francis: FLAMING PHOTON RIPPER!

The blasts combined and turned into a deadly inferno beam that burned the thugs and Red badly. But Red was still alive.

Kevin: Class dismissed.

We saved all of Coolsville from total destruction.

Officers: You are under arrest again.

Red: You'd better pray I never get out of the Moon Prison! You'd better all pray!

Me: Oh we have a much better prison for you Red.

We had Red Herring taken to the Uranus Prison. He will remain there forever. Red Herring, the Terror of Coolsville was gone for good. Sentenced to Life Without Parole.

THE END

Another Fanfiction Complete.

Red Herring from A Pup Named Scooby Doo was the most disgusting character on the show. But he always had silly stuff happen to him in the end. Scott Menville did a great job voicing him. It was one of my favorite shows back when I was a kid. Me and NicoChan11 did this one. Thanks man. Let me know what you all think.

See you all next time.

# The Power of 4

It starts at the Baxter Building, home of the famous Fantastic 4. But they weren't always known as the Fantastic 4. Famous Physicist, Professor Reed Richards, his fiancé Susan Storm, her brother Johnny Storm and best friend astronaut Ben Grimm went into space to conduct an experiment and they were exposed to powerful levels of Cosmic Radiation as they passed through a radiation belt. As a result, they crashed back to Earth and were forever changed. The Radiation mutated their bodies and gave them incredible powers. Professor Reed got Super Elasticity and can stretch himself all over the place. Johnny got pyrokinetic powers, flight and the ability to turn into a mass of living fire. Susan got Invisibility powers and Ben became a living rock which gave him Superhuman Strength, endurance, and durability. Together they became known as the Fantastic 4. Professor Richards became Mr. Fantastic, Johnny became The Human Torch, Susan became the Invisible Woman and Ben became The Thing and they fought against the evil forces of the ruthless and nefarious Victor Von Doom A.K.A. Dr. Doom. Together as the Fantastic 4 they vowed to use their incredible abilities to stop his evil world domination plans. But there are times when they have their own disagreements.

Ben Grimm aka the Thing is walking down the halls of the Baxter Building.

Stan Lee (as a janitor): Hey there, Mr. Grimm. How's your day been so far?

Thing: Pretty good, Mr. Lee. Just need to make sure my room is clean. Keep up the good work!

Stan Lee: Will do!

As Thing reached his room, he heard laughing and peeked through the door. Johnny Storm aka Human Torch was laughing as he painted Thing's room pink. Watching him with a worried look was Invisible Woman aka Susan Storm.

Susan: [worried] Johnny, this is so wrong! Ben's sure to discover what you're doing to his room! [Thing slams the door open]

Johnny (painting a wall pink): Relax, sis. What Ben doesn't know won't hurt him.

But Sue tapped her brother on the shoulder. Johnny turned around to see Thing with an angry look on his face.

Johnny: Uhh… I'm a dead man, aren't I?

YEP YOU SURE ARE.

Susan: Please excuse Johnny, Ben. He meant-

Thing: [motioning for Sue to stop] Let me understand this. (pleasantly) I guess insulting me is okay to you, Matchstick? (pupils enlarge pretending to be understanding of Johnny)

Thing's pupils then return back to normal size while Sue steps back nervously.

Thing: Making Susie an accomplice as you redecorate my room?

Johnny: Oh, c'mon! Your room needs some improvement. I just thought it could use more color!

Thing: Really now? [angry] WELL, YOU MIGHT THINK IT'S IMPROVEMENT! BUT I THINK IT'S HUMILIATING! SO YA BETTER GET THIS PAINT OFF! OR IT'S CLOBBERING TIME FOR YOU! GOT THAT?!

Mr. Fantastic came in.

Reed: Ben, why is your room pink?

Thing: Can we discuss this later?!

Mr. Fantastic: Stop this squabbling now guys. We got trouble! (Snickering) We'll worry about this later. Dr. Doom is up to no good again.

Johnny: Lets get him then.

Thing: IT'S CLOBBERING TIME!

The set out for Doom's location.

---

In a small cave outside of the city we were fighting a massive group of terrorists that were going to launch Nukes at the United States Capital and destroy the government.

The terrorists were no match for our power. Red Hood and Winter Soldier were tearing the terrorists apart with their martial arts moves.

Red Hood: Lets finish these clods off with our combo.

Winter Soldier: You got it Jason.

They went at them and launched themselves and their kick became a powerful spear.

Red Hood and Winter Soldier: SPEAR KICK OF DESTINY!

They skewered numerous terrorists and killed them instantly.

Me: That's that.

My watch beeped and it showed that Dr. Doom was up to no good in the deserts of Algeria.

Me: Lets go!

We set out for Algeria.

---

At Dr. Doom's terrorist hideout in Algeria, Dr. Doom and his Doombots were getting ready to launch a full-fledge all out Nuclear Assault on the United States Capital.

Doom: (German Accent) What do you want, Faust?

Felix Faust: I want you to join us in the Legion of Doom. It's not too late, you know. You still have some time to join up before Team Loud Phoenix Storm kills you.

Doom: Your concern is touching, but hardly necessary. All you and your allies seem to be are misfits trying to be conquerors. I do not require your assistance and you are not worthy of mine. I wlll face Team Loud Phoenix Storm and the Fantastic Four on my own terms. Now leave.

Felix Faust: Very well. But I gave you a chance to join us and survive. Remember that. (teleports out with his magic)

Suddenly without warning a huge fiery explosion blasts a hole into the ceiling and we all came in.

Me: You all will die for everything you've done.

Doom: The famous J.D. Knudson of Team Loud Phoenix Storm.

Me: Dr. Victor Von Doom A.K.A. Dr. Doom. We've heard so much about you and your crimes. Your empire will be destroyed by the time we're finished with you.

Nico: You know, Doom. You really should've listened to Faust and joined the Legion of Doom. You would've survived longer. After all, the group does have your name.

Doom: Yet all I see in that group is incompetence!

Me: The Legion of Doom will pay for their crimes. Like you will.

Mr. Fantastic: (Offscreen) Let us help you out.

They landed and standing before us was the Fantastic 4.

Me: No way! The Fantastic 4!

Lily: You guys are awesome!

Mr. Fantastic: It's an honor to meet you all Team Loud Phoenix Storm. The Avengers and the Justice League told us a lot about

you.

Me: It's an honor to meet you all too. Come on guys! Lets make this freak and his little toys pay for everything he has done!

Everyone: Yeah!

Thing: IT'S CLOBBERING TIME!

We went and thrashed apart Dr. Doom his robots.

Onua was bashing and slashing some of his robots apart with his earth blade saws and Venom was blasting them with black web and punching them and ripping them apart.

Onua: Lets get them with our combo Venom!

Venom: We will gladly help Onua.

Onua caused a lot of Earth to upheave and Venom fired black web.

Onua and Venom: SHREDDER WEB SHRAPNAL!

The web became razor sharp earth shards and skewered the robots and they exploded.

Doom (punches Venom): Ah. Edward Brock. The symbiotic lethal protector. You used to be feared and ferocious. But joining Team Loud Phoenix Storm has made you weak!

Venom: No. It's made us better people. And it's proven that we still have our humanity. Unlike you!

Venom punched Dr. Doom and I kicked him in the face. Lincoln decided to face him.

Whenua threw numerous shards of earth and crystal at the robots and Elena fired blasts of lightning at them and they exploded.

Whenua: Lets use our combo on them Elena.

Elena: Got it.

Whenua threw numerous shards of Earth and Elena fired a blast of lightning from her Keyblade.

Whenua and Elena: THUNDEREARTH DRAGON CARNAGE!

The techniques combined and turned into a dragon of earth surging with lightning. The dragon went through several robots and blasted them apart into pieces.

2D Man was punching a bunch of robots apart with his big fists and Mr. Fantastic wrapped around some of the robots and spun them around like fast moving tops and they got so dizzy that they shorted out and exploded.

Mr. Fantastic: Lets use our combo on them.

2D Man: Lets do it.

2D Man and Mr. Fantastic wrapped around some of the robots.

2D Man and Mr. Fantastic: SPINNING STRETCH STRIKE!

They spun numerous robots around and they all crashed into eachother all at once and exploded.

CRASH!

KRABBBOOOOOOOOOOOOOMMMM!

2D Man: That was awesome!

Mr. Fantastic: It sure was.

The Invisible Woman was blasting robots around with her invisible blasts and Freon froze them with her ice powers.

Freon: Lets freeze them with our combo Susan.

Invisible Woman: You got it Mary.

Susan formed an invisible force field disk and Freon froze it with her ice and turned it into a massive sawblade of pure ice.

Invisible Woman and Freon: ARCTIC BLIZZARD SAWSTORM!

They threw the disk of ice and slashed numerous robots into pieces and blew them apart.

Human Torch and Magma were firing blasts of fire at the robots and they were exploding and melting.

Magma: Lets get them with our combo Johnny.

Human Torch: You got it.

They both fired huge blasts of fire.

Magma and Human Torch: VOLCANIC FIRESTORM RAIN!

The fire blasts became a huge shower of lava and blew the robots apart in a huge shower of fire and lava.

Thing and Brickhouse were punching and smashing the robots and causing them to explode all over.

Thing: Lets use our combo Brickhouse.

Brickhouse: You read my mind Thing.

They linked hands and ran at the robots and turned into a huge bull.

Thing and Brickhouse: RAMPAGING BULL DESTROYER!

The massive bull smashed many robots to pieces.

Thing: That was awesome!

Star was firing spells from her hands.

Star B.: Cupcake Blast!

She fired Cupcakes from her hands and they hit the robots and blew them apart.

Star B: Narwhal Blast!

She fired a number of Narwhals from her hands and they skewered and flattened some robots.

Takanuva fired blasts of light from his hands and spear. Takanuva's Human form is a blond hair man with yellow eyes and a rainbow Australian Outback Style uniform.

Takanuva: Awesome job Star. Lets finish them with our combo.

Star B.: You got it Takanuva.

Star fired a blast of rainbow light and Takanuva fired a blast of light.

Star and Takanuva: PHOTON RAINBOW NEUTRALIZER!

The blasts combined and turned into a deadly rainbow laser that slashed and burned the robots and blew them up.

Takanuva: You've learned a lot Star.

Star B.: Thanks Takanuva.

Nico was punching, blasting and pounding the robots and Superman was blasting the robots with his laser vision and freezing them with his Freeze Breath.

Nico: This is getting awesome! Lets finish the rest of the robots off with our combo Kal.

Superman: You got it Nico. A Saiyan-Kryptonian Combo is brilliant.

Nico: Just to be on the safe side though. You'll need this.

Nico gave him a lead suit that will protect him.

Nico: The Combo uses Kryptonite and I can't take the chance of you getting poisoned.

Superman: Good thinking.

Superman put on the lead suit.

Nico pulled out a chunk of Kryptonite and fired a focused blast of its radiation like a deadly laser and Superman fired an energy blast from his fist. It was a new move he invented.

Nico and Superman: KRYPTONITE LASER OBLITERATOR!

The blasts combined and turned into a lethal Kryptonite laser and burned the rest of the robots apart.

Nico: That was awesome!

Superman: It sure was Nico. Where did you get that chunk of Kryptonite though?

Nico: J.D. gave it to me. After we put Lex Luthor in prison he gave me this chuck of Kryptonite to use only when necessary. I can focus it into a deadly laser.

Superman: That's exactly the same kind of power used by Metallo.

Nico: John Corben A.K.A. Metallo?

Superman: That's right. You know him?

Nico: (Chuckles) Funny you should mention that. I faced him a while ago in the Philippines and beat him. It was a fight I will always remember.

Superman: That's amazing.

Lincoln was now facing Dr. Doom himself.

Lincoln: You will pay for everything you've done Doom.

Dr. Doom: We shall see brat!

Me: This is the real Dr. Doom guys.

Lincoln and Dr. Doom went at eachother and Lincoln punched him in the face and Dr. Doom punched at him and he blocked it. They were punching and kicking eachother at an extremely brutal and ferocious level. Powerful shockwaves and explosions were blowing some of the lab and lair apart in huge fiery explosions. Lincoln and Dr. Doom then clasped and locked hands and they flared up powerful lightning auras and their lightning was so strong and so powerful that it was blowing everything apart because of a massive electromagnetic field. But Dr. Doom's lightning powers were only making Lincoln's lightning powers stronger and more powerful. Lincoln kicked him in the face and they went at eachother again and the power of their attacks was causing much of the planet to shake. Lincoln then punched Dr. Doom in the stomach and kicked him in the face with a powerful uppercut. Dr. Doom belched out a huge amount of blood if you can call it that.

Dr. Doom: This can't be happening! I am Dr. Victor Von Doom! The most powerful, most evil and greatest scientist of all time! How could I lose to a child like you!?

Lincoln: Because you care about no one other than yourself.

Me: Let me face him now Lincoln.

Lincoln: Okay J.D.

Me: Now you die Dr. Doom.

Dr. Doom: You first J.D.

Me: (Cups hands to side) KAAAAA! MEEEEE! HAAAAA! MEEEEE!

Dr. Doom fired a massive blast of lightning at me.

Me: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a Kamehameha Wave and our blasts collided and a massive struggle began.

Dr. Doom: No! That blast is as strong as my lightning!

I intensified my blast and it overtook Dr. Doom's lightning and blew him into the wall and it exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared Dr. Doom came out but he was still alive.

Dr. Doom: You all may have won but I will get the last laugh.

Me: What do you mean?

Doom: I am not afraid of death, Knudson. I knew that there was a high chance that I would fall on this day. But if Doom dies here, you will as well!

He pressed a button on the remote control and an alarm sounded.

Computer: SELF-DESTRUCT SEQUENCE HAS BEEN ACTIVATED. 1 minute until detonation.

Dr. Doom: This base will explode with the power of 300 Teratons of TNT!

Me: You're mad! That'll destroy the entire planet!

Dr. Doom: I know. Even if I live I still have my diplomatic immunity. I'm taking you all with me to Hell!

Nico: I think not. I called the President.

Me: (Imitating Danny Glover) It's just been revoked.

We all teleport out of there and I place a powerful force field over the hideout to contain the explosion. Then the whole base exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion generated a blinding white flash that was as bright as a million suns and it was so powerful and so incredibly devastating that we felt the incredible power of the shockwave from it. Luckily the force field was holding. When the explosion faded 20 minutes later there was a massive crater in the ground 50 miles wide and 6000 feet deep.

Me: Wow! What power!

Superman: Good thinking with the force field J.D.

Me: Thanks Kal.

Mr. Fantastic: What happened to Dr. Doom?

Me: His energy signal has completely disappeared. He's dead.

Human Torch: Good riddance.

Lincoln: You said it.

Me: Yep.

---

We later went on a tour of the Baxter Building and surprisingly it was located in Gotham Royal York.

Me: Your headquarters is magnificent Professor Reeves.

Mr. Fantastic: Thank you J.D. We work long and hard to help protect humanity just like you guys do.

Me: I believe it.

Vince: You have to remember though that With Great Power Comes a Great Responsibility.

Stan Lee: That's right guys.

Me: Stan Lee!? You're a janitor here too?

Stan Lee: I have many jobs around the cosmos.

Varie: You sure are full of surprises.

Laney: He sure is.

We then saw Thing's room all pink and we laughed ourselves silly while he was annoyed and disgruntled.

# Arrow and Canary

In an alternate universe, Lincoln Loud is now the new Green Arrow and Ronnie Anne was now the new Black Canary. The Green Arrow of this universe however was thrown in prison after Oliver Queen the original Green Lantern turned himself in. You're probably wondering what went down that caused Lincoln and Ronnie Anne of this Universe to become the next Green Arrow and Black Canary. Well here's what happened.

2 Days earlier.

The Green Arrow turned himself into police.

Ronnie Anne: What're you thinking about lame-o?

Lincoln: If Oliver goes to prison, then his whole mission to save New Royal York was for nothing. I've got to live up to the legacy and take the mantle of the Green Arrow so this city has something to hope for again.

Ronnie Anne: Paige wouldn't want you to do that Lincoln and I know you wouldn't want to be a killer.

Lincoln: Actually Paige and I broke up and I can be better because I can inspire people in a way Oliver never could and my one rule is that I won't kill the people that I imprison.

Ronnie Anne: Then you're not going out there alone because I'm gonna go with you to fight bad guys and kick some major butt while doing it.

Lincoln: As what? The Black Canary?

Ronnie Anne: I can actually do the canary cry and I know how to use a bostaff that Black Canary has used to fight bad guys with.

Lincoln: Then Let's do it! I'm the Green Arrow and you're the…

Ronnie Anne: Black Canary.

Lincoln: Lets do it!

They went and got the Green Arrow and Black Canary's clothes and became the next Green Arrow and Black Canary. They swore to uphold their legacy and fight crime.

Present day

Lincoln and Ronnie Anne were now the new Green Arrow and Black Canary and they saw some thugs robbing a man. He fired 2 arrows.

Thugs: What the- (gets hit by an arrow)

POW!

The arrow turned into a boxing glove fist and knocked him out.

Ronnie Anne swooped in and stood ready.

Thug (fights "Black Canary"): Little younger then usual, huh, Canary?

Ronnie Anne fired a sonic scream and it hurt the thugs ears and she bashed them with her bostaff and knocked them out.

KROW! POW!

Lincoln: You all right?

Man: Yeah thanks to you guys.

Suddenly the wind picked up and Lincoln and Ronnie Anne were sucked into a wormhole.

---

Our dimension.

At the estate we were watching video clips of all of our adventures.

Kevin (reviews footage of their battle against Red Herring): You know, Fred. I used to be just as bad as Red Herring. Arrogant, cocky, and always picking on others to make myself feel good.

Fred: Really?

Kevin: Yep. But when I saw Eddy getting abused by his brother, that all changed for the better. And you know what? I'm glad that it did.

Fred: That's great Kevin.

Me: I'm happy that you changed your ways Kevin.

Nico: (reviews footage of our battle against Dr. Zalost) You know, if Zalost had attacked us before we killed Xehanort, he would've had control over the Heartless.

Laney: No kidding.

Varie: It's just amazing at how many adventures we had before and after we became Team Loud Phoenix Storm.

Me: No kidding.

Rachel: It's hard to imagine that we have all done so much around the world and across the galaxy.

Me: Tell me about it Rach. It's an awesome and amazing adventure. We've done so much not just here on Earth, but all over the Universe.

Lana: Hey guys check this out. There's a new superhero helping us out. He calls himself The Ghost.

Me: The Ghost? That's a cool name.

Lana: It's in the paper I was reading.

Lana handed me the paper and I read an article.

Me: "The Ghost Strikes Again. Mysterious archer superhero apprehends Penguin and his gang in downtown Gotham Royal York." Wow. Someone is really helping us out.

Laney: If he's an archer then he must really be a good marksman.

Me: No kidding. We should consider asking if he is interested in joining us on Team Loud Phoenix Storm.

Computer: ALERT. CODE DIMENSION JUMP IN PROGRESS!

Lincoln: Haven't had someone appear on this Earth through a wormhole for a while.

Me: No we haven't. Triangulating position.

The vortex was over the center of the city.

Me: It's right over the center of the city. Red Hood and Winter Soldier are there now. Lets head out guys!

We set out for the heart of the city.

---

Winter Soldier and Red Hood were fighting some thugs in the city. They were killing them.

Winter Soldier (shoots at some thugs): Let's get this party started!

Red Hood (fires his own guns): Here's our invitation!

They were fighting numerous thugs.

Gali was slashing them and Maria was blasting them with water.

Gali: Lets use our combo Maria.

Maria: You got it Gali.

Gali and Maria fired a blast of water.

Gali and Maria: MAELSTROM LIQUID SLICER!

The blasts of water turned into a whirlpool sawblade made of pure water and it slashed apart some of the thugs.

Gali: That was amazing!

Maria: It sure was.

Rubberband Man was pounding some thugs with his huge fists and Nokama was blasting them with water.

Nokama: Lets ruin them with our combo.

Rubberband Man: You got it Nokama.

Rubberband Man turned into a giant spiked mace ball and Nokama entombed him in water with a long stream rope of water.

Rubberband Man and Nokama: MACE RIVER SMASHER!

The thugs were smashed by the sheer force of the mace ball.

Nokama: That was awesome!

Suddenly an arrow bashes a thug in the face and knocks him out.

Lincoln 2 and Ronnie Anne 2 appeared.

(Note: I didn't want to cause any confusion so we'll call them Lincoln 2 and Ronnie Anne 2)

Red Hood (sees what appears to be Green Arrow and Black Canary): Ollie? What are you and Dinah doing here?

The Green Arrow in question pulls down his hood to reveal Lincoln's face.

Lincoln 2: Sorry. You have the wrong people.

---

At the Justice League Watchtower things were going good. Oliver Queen A.K.A. Green Arrow was back.

Martian Manhunter: Oliver. Where have you and Dinah been the last few hours?

Green Arrow: We've been on a date. Why?

Flash: Oh, nothing. It's just that two alternate versions of Lincoln and Ronnie Annie are on this Earth dressed up like you guys.

Green Arrow: What!? How can that be?

Martian Manhunter: A dimensional vortex appeared and it must've catapulted people that are wearing your clothes over to our dimension from their dimension.

Green Arrow: We have to check this out.

He left and went to Earth.

* * *

Red Hood and Winter Soldier were looking at them in confusion.

Red Hood: Who are you two?

Lincoln 2: I'm Lincoln Loud, the new Green Arrow.

Ronnie Anne: And I'm Ronnie Anne, the new Black Canary.

We landed by them.

Lincoln: Jason. Bucky. Who are these two? And why are they dressed up like Black Canary and Green Arrow?

Lincoln 2: You look like me.

Me: Wait a second. You two are Lincoln Loud and Ronnie Anne Santiago from another universe.

Lincoln 2: That's right and we are the new Green Arrow and Black Canary.

Ronnie Anne 2: How did we get here?

Me: You traveled through a Transdimensional Vortex. It's a wormhole that bridges one dimension to another. You were sucked into it from your dimension and it took you to our dimension.

Lincoln 2: That explains how we got here.

Green Arrow and Black Canary appeared.

Green Arrow: Glad we found out about this.

We saw them.

Me: Oliver Queen A.K.A. the Green Arrow and Dinah Lance A.K.A. Black Canary.

Green Arrow: That's right J.D. My friends over in the Justice League told me a lot about you all.

Black Canary: They won't stop talking about you all.

Me: I believe it.

Green Arrow: Yeah. (To Lincoln 2) Now who are you two?

Lincoln 2: I'm Lincoln Loud the new Green Arrow.

Ronnie Anne 2: And I'm Ronnie Anne Santiago the new Black Canary.

Me: They came from an another universe where something happened to their Green Arrow and Black Canary and they decided to carry on their legacy somehow.

Lincoln 2: That's right. Lets go somewhere to talk this over.

Me: Okay.

---

At the park we were told what happened.

Me: So your Green Arrow is now in prison and you two decided to carry on their crime fighting legacy.

Lincoln: That's right. I'm sorry if there's any confusion but we wanted to carry it on for them. You see, we idolize the Green Arrow Oliver Queen and Black Canary Dinah Lance. We wanted to continue where they left off.

Green Arrow: I'm sure that your version of Oliver Queen is proud of you two.

Ronnie Anne 2: Thanks Oliver.

Then I heard something coming towards us and when it was close I grabbed it out of mid air and it was a razor sharp and it made my blood gush out of my hand.

Me: A boomerang?

I put it out and my hand healed.

Me: Interesting craftsmanship.

?: (Australian Accent) That's my boomerang mate!

We turned and saw the nefarious Captain Boomerang!

Me: George Harkness A.K.A. Captain Boomerang!

Captain Boomerang: That's right mate. J.D. Knudson of Team Loud Phoenix Storm. I'm glad you all came. I wanted to have the pleasure of killing you.

Suddenly without warning four arrows formed an electronet and pinned Captain Boomerang to the ground. Slapping the handcuffs on him was The Ghost and a female Speedster. The Ghost was wearing a white ninja like outfit.

Me: Are you The Ghost?

Ghost: That's right. It's an honor to meet you J.D. Knudson. I've heard so many big things about you. Oh sorry.

He took off his mask and he was a black hair boy with blue eyes and he had a scar over his right eye and a birthmark in the middle of his forehead in the shape of a ghost.

Dallas: My name is Dallas Jones and I am the Ghost.

Me: It's an honor to meet you Dallas.

We shake hands.

Speedy: And you know me J.D.

Speedy revealed herself and it shocked us. It was Carlota Casagrande.

Me: Carlota?

Ronnie Anne 2: Carlota?

Me: How did this happen?

Dallas: I moved here to Gotham Royal York 3 weeks ago and we met when I started high school. We instantly fell in love and we've been dating for a while.

Me: Wow. You guys have been moving fast. I'm happy for you both.

Carlota: Thanks J.D.

Lincoln: Do your parents know that you are the Speedster?

Carlota: No and I want to keep it that way.

Me: That's all right.

Green Arrow: I'm proud of you Carlota. You have what it takes to be like my ex-partner.

Me: Roy Harper would be proud of you.

Carlota: Thanks J.D.

Me: You're welcome. You have to remember though that with great power comes a great responsibility.

Dallas: That's right. We heard all about how you have touched so many people around the world.

Carlota: It's true guys.

Me: We don't like to brag but yes. In fact how about we form a branch team of Team Loud Phoenix Storm?

Dallas: Really?

Me: Sure. Lets call it Team Arrow.

Dallas: I like it.

Carlota: It's fitting.

Me: Cool. We can merge Lincoln and Ronnie Anne with their counterparts and they can keep their identities hidden from everyone else. But I have a strong feeling that they will figure it out.

Lincoln 2: We would like that.

Ronnie Anne 2: Okay.

Me: Okay then.

I snap my fingers and they became one and Lincoln was now another Green Arrow and Ronnie Anne was now another Black Canary. They now can transform into their alter egos at will whenever needed. We also received some best news from Carlota and Dallas. They were gonna have a baby and we were so happy for them. Dallas proposed to Carlota and she was so happy. We now had a new group on the team. Team Arrow now had me, Varie, Lincoln, Ronnie Anne, Artemis (Young Justice) and Flash. We then found out that Bruce Wayne proposed to Selina Kyle A.K.A. Catwoman. It was a grand time for us in Team Loud Phoenix Storm. Captain Boomerang was put into the Jupiter Prison.

Welcome aboard Dallas Hatfield. It's great to have you here with us. NicoChan11, Me and Dallas made this chapter. Thanks for that guys. Green Arrow and Black Canary are awesome! They were amazing in Justice League and Justice League Unlimited. Let me know what you all think.

See you all next time.

# A Delinquent Anodite

It starts in the living room of the estate. We were playing with our new Ace Savvy Action Figures.

Lincoln: (As Ace) Lets deal out some justice!

Clyde: (As One-Eye Jack) Right behind you Ace.

They were fighting Lana who was portraying a garbage monster.

Lana: (Roars) I will eat you guys and make you filthy!

I had my octopus tentacles and they had one of each of the Full House Gang in them.

Lori: (As The High Card) All right girls lets shuffle up and deal with this pile of filth.

I had another figure in another tentacle.

Me: (As the King of Flaming Hearts) It's time to burn this filthy monstrosity.

We made the figures jump in.

Luan: (As the Joker) Obviously you are not playing with a full deck!

Luan made The Joker hop and Lana tried to grab her.

Luna made her figure jump.

Luna: (As the Night Club) Time to Jam! (Shreds her guitar)

Lana roared.

Lola: (As the Queen of Diamonds) Time to Gem!

She fired diamonds from her cape.

Lana: (Roars) I can't see. (As the Royal Flush) Nothing beats a Royal Flush!

She turns on a hydrant.

Lynn: (As the Strong Suit) This will suit you just fine.

She lifts up a block.

Leni wrapped a ribbon around Lana as the monster.

Lucy: (As the Eight of Spades) I really dig what you're wearing.

Leni: (As The Eleven of Hearts) It really makes your eyes pop.

They squeezed Lana.

Lisa: (As the Card Counter) It's time to contain this foul beast of retching contamination!

Lana went down.

We laughed.

Me: That was fun.

Lori: It sure was J.D. These new action figures that look like us in Lincoln's comics are literally awesome.

Laney: They sure are. I like mine as Lady Solitaire. (Holds up said figure)

Me: Our figures we got made are a huge success. I have a feeling that they are gonna make some for Team Loud Phoenix Storm too in the future.

Ronnie Anne: Yeah. It's all awesome.

The alarm rang and we went to the computer. We saw a black hair girl with a purple shirt and black skirt causing trouble and she was flying and glowing in a magenta aura and blasting things.

Me: That girl looks a lot like you Gwen.

Gwen T.: That's actually my cousin Sunny Tennyson.

Starfire: Wow. Blackfire she looks a lot like you.

Blackfire: She sure does sister.

Me: Now I literally see the resemblance. Gwen and Sunny look exactly like Starfire and Blackfire.

Nico: And the way Sunny acts is like how Blackfire used to be before we helped her.

Me: No kidding. What do you know about her Gwen?

Gwen T.: Well before we came to this dimension I used to play with Sunny all the time when we were three. But I hardly even remember it.

Her background revealed that she was spoiled brat.

Sunny was banished to Earth by her parents because she was dating and in love with an alien named Antonio, who appeared to be disliked by the family for hanging out with a bad crowd.

She was exiled to Frank and Lili's house for the Summer, much to Lili's chagrin and Gwen's annoyance. But when she caused more trouble on Earth than she did on Anodyne. She almost unleashed a nuclear explosive on Bellwood. Her grandmother Verdona fetched her and took her back to their home planet.

Gwen T.: She's a sociopathic Anodite and she is nothing but trouble.

Me: Man no kidding. Her parents created a monster.

Nico: They sure did.

Me: Well Jen is over there now, but I don't think she can handle her alone. Lets go!

We set out for the city.

---

Jen was facing Sunny. She punched her in the face and kicked her in the stomach.

Sunny: You're quite a fighter.

Jen: Thanks.

Jen punched her in the stomach and kicked her in the back after sliding under her.

Jen: You have a big time bad attitude. Has anyone ever told you that?

Sunny: I get that all the time. (restrains Jen with her Mana) Sorry, lady! But you're not doing squat to me!

Jen (eyes turn green): Don't be too sure! (screams in pain)

Jen's height increased as her clothes got tight. This helped her break out of the Mana. Her buttons popped off of her white shirt before it ripped to shreds. Her legs got stronger as her belt ripped off of her blue jeans. Her growing feet ripped out of her black shoes as her jeans tore off and fell to the ground in a pile. Jen could feel her humanity fading away as her She Hulk side came out.

Jen (her muscles increase): WHY DOES THE TRANSFORMATION HAVE TO HURT SO MUCH?!

It seemed as though Jen was finished transforming only for her hair to get longer. It turned green along with her skin. With that, She Hulk stood in the spot where Jennifer Walters was before as she pounded the ground and roared.

She broke out of the mana restraints and went at her. An energy blast hit the ground by Sunny and blew her into a building. Varie snapped her fingers and the area was now the planet Petropia. Diamondhead and Tetrax's home planet. (2016's version) The landscape was completely made entirely out of crystal and it was in orbit around 3 suns.

Me: Wow! So this is the Planet Petropia.

Ben: It sure is. This is Diamondhead and Tetrax's home planet.

Laney: It's amazing. How far are we from Earth?

I check my scanners.

Me: It says we're 10 Light-Years away from Earth. Mm. That's pretty close.

Gwen T.: Yes it is.

Lola: This planet is amazing. I never knew that it would be made of diamonds.

Me: They do say that diamonds are a girls best friend.

Tetrax: (Offscreen) Hey guys!

We saw Tetrax.

Me: Tetrax.

Tetrax: Good to see you all. What brings you all to Petropia?

Me: We're fighting Ben and Gwen's sociopathic cousin (Points to Sunny) Sunny Tennyson.

Ben: She's a spoiled brat Anodite.

Lincoln: She was causing all kinds of mayhem in Gotham Royal York.

Vince: We took the fight here to avoid having people get hurt.

Tetrax: Good thinking.

?: Sunny!

We saw a big ogre-like alien.

Sunny: Antonio!

Me: Wow. That giant ogre is Antonio?

Ben: Yep. He's Sunny's boyfriend.

Me: Funny. He looks like the kind of alien that wouldn't cause any trouble. But then again looks can be deceiving.

Lana: Yep.

Me: Come on guys. Lets show Sunny and Antonio here how we fight.

Everyone: Yeah!

Ben became Chromastone.

Ben: CHROMASTONE!

Edzilla: ED SMASH TROLL!

Edzilla went at Antonio and Starfire and Blackfire went at Sunny.

Blackfire: You know this is gonna be interesting Sunny.

Sunny: Why is that?

Starfire: Me and Blackfire are Tamaranean's.

Blackfire: We both come from the planet Tamaran and we are here to fight.

Sunny: Well then.

She takes off her skin and reveals her true Anodite form.

Laney: Wow! So that is an Anodite!

Chromastone: Yes. They are beings of pure energy.

Me: Her energy levels are incredible. Show no mercy you two.

Blackfire: With pleasure.

Sunny: (Echoing) **You think I'm scared of you two?**

Blackfire: You should be.

Starfire punched Sunny in the face and kicked her in the mouth. Blackfire fired her laser eyes and burned her in the arm. Blackfire punched her in the face and kicked her in the back of the head. Sunny got up and flew and threw Mana blasts and Starfire deflected them away and they exploded with incredible power.

KABOOOM! KABOOOOM! KABOOOOM!

Me: Wow! Sunny's powers have gotten stronger since when you fought the last time.

Gwen T.: They sure have.

Chromastone: If they can cause that much damage then who knows what would've happen if we fought her in Bellwood.

Aylene: No kidding.

Starfire threw starbolts at Sunny and they exploded and burned her.

Starfire: Lets use our combo on her sister.

Blackfire: With pleasure dear sister.

Starfire fired starbolts and lasers and Blackfire did the same.

Starfire and Blackfire: STARBOLT ORACLE BURNER!

The blasts combined and turned into a deadly laser. It burned Sunny bad.

Me: That was awesome!

Laney: It sure was.

Chione: Let me face her next.

Me: Okay Chione. Go get her.

Chione walked up to Sunny and she uncloaked and spread her wings.

Sunny: **So what are you?**

Chione: I'm a Human-Necrofriggian Hybrid. I got my abilities when I was spliced by scientists in Antarctica with Necrofriggian DNA.

Sunny: **That's crazy!**

Chione: It is. But I'm a success and I have all the powers of a Necrofriggian at my disposal. Plus a little bonus.

Chione fired a blast of endothermic fire and froze her in place. Sunny broke out and Chione rejoined the group.

Hawkgirl: (Offscreen) Let me help too.

Hawkgirl and Superman arrived.

Aylene: Shayera! Kal! How did you guys find us?

Superman: The Guardians of Oa told us where to go to help you.

Me: We need all the help we can get. We're gonna show Sunny Tennyson here the power of aliens working together.

Hawkgirl: Good idea. Let me take a crack at her.

Lana: Go get her Shayera.

Hawkgirl nodded and she and Maria went at Sunny.

Sunny saw them coming and they had energy mace's ready and crackling with electricity. Sunny formed a shield of mana and they smashed through the shield with intense sheer brute force. Shattering it into a million pieces and they bashed her all over with their maces and hurt her bad.

Sunny: **What are you?**

Hawkgirl: I'm a Thanagarian. We are friends of the Earth.

Maria: I was Aquamaria long ago. Now I'm Maria but back to human form and blessed by the Water Stallion of Tefnut.

Sunny got up and tried to punch them but she was not making any progress. She threw a bunch of mana blasts at them but they dodges them and they punched her.

Edzilla smashed Antonio into dust and he was unconscious.

Edzilla: Puny troll.

Hulk: Hey! That Hulk's line.

Edzilla: Sorry.

We stopped fighting for a bit.

Me: I don't understand you Sunny. Why do you hate Gwen so much? What has she ever done to you that would cause you to hate her?

Sunny: **Why!? WHY!? Because she has always been better than me at everything! Little Perfect Gwen has always been better than me!**

Me: So you are sick of living in her shadow. You're jealous of her because she was better than you.

Sunny: **That's right!**

Me: (In my head) I sense a spark of good inside her. If I can separate that from her we can destroy her evil and purify her.

I fired a rainbow blast at her and she screamed in agony. Suddenly she split in two. One side of her was her good side and she was back to human form with her powers and the other one was her Anodite form but it was her evil self. The evil side of Sunny Tennyson was now on the outside for all of us to see.

Gwen T.: You separated her evil side?

Me: I sure did.

Gwen went over to her and Sunny got up and Sunny was crying hard. She hugged Gwen and cried hard.

Gwen T.: It's all right Sunny. Let it all out.

Sunny: (Crying hard) I'm so sorry Gwen! I'm so sorry!

Chromastone: Poor Sunny.

Me: Yeah. We'll worry about that later. Bro, You watch out for her while we destroy her dark self.

Naruto: You got it bro.

Nico: Let me show her the might of a Saiyan.

Me: Go get her buddy!

Nico: With pleasure.

He walked up to the Dark Sunny.

Dark Sunny: **So you want to fight me!?**

Nico: Fight you? No, I want to kill you.

Nico then went Super Saiyan 2.

Dark Sunny: **What are you?**

Nico: I am a Saiyan. We are from the planet Vegeta and we are a true warrior race. I am also a Super Saiyan. I was born on the Planet Vegeta, but I was raised on Earth.

Dark Sunny: **Lets dance then.**

Nico teleported and kicked her in the face and punched her in the back of the head and he fired an energy blast and it hit her and exploded.

KRABOOOOOOOOOOMMMM!

Dark Sunny fired a massive volley of mana at Nico and he deflected the blasts and they exploded all over. (Think of how Majin Buu used one of Vegeta's attacks and how Goku deflected them all)

Dark Sunny went at Nico and he teleported and kicked her in the face and sent her flying.

Nico: Lets see you survive this. (cups one hand to the side) GALICK GUN!

He fired a purple energy wave and Dark Sunny saw the blast coming and she fired a huge mana blast and the blasts collided and exploded with incredible power.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM

Me: Wow! What power!

Chromastone: No kidding. Lets use our combo Gwen.

Gwen T.: You got it Ben.

Chromastone fired a rainbow laser and Gwen fired a blast of mana.

Chromastone and Gwen T.: MANA PRISM LASER!

The blasts combined and turned into a deadly rainbow laser. It hit Dark Sunny in the back and burned her badly and she screamed in pain.

Nico punched her in the face and kicked her in the back.

Superman: Let me help too.

Me: Get her Kal.

Superman flew up to Dark Sunny and punched her in the stomach and kicked her in the face. She got up and saw him.

Dark Sunny: **What are you?**

Superman: I am a Kryptonian. Kal-El, one of the last survivors of the destruction of the planet Krypton. Krypton exploded because of us mining the unstable radioactive core. I was born on Krypton, but I was raised on Earth.

Dark Sunny: **Then lets see you fight!**

Superman punched her and bashed her in the face.

Tetrax fired numerous crystal shard projectiles at Sunny and hurt her bad.

Gwen then faced Dark Sunny.

Dark Sunny: **You think you have a good life here on Earth, Gwenny? Too bad I can't say the same for your boyfriend!**

Gwen: Are you talking about Kevin? What have you done to him?!

Dark Sunny (chuckles): **Oh, I haven't done anything to him. You'll have to see for yourself about what happened to him. But you're in for a surprise when you see him again!**

Me: Uh oh. I don't like the sound of that.

Chromastone: Me neither.

Me: We'll worry about that later.

Stewie: Lets use our combo on her Onewa.

Onewa: You got it Stewie.

Stewie fired his laser blaster and Onewa threw a huge rock at Dark Sunny.

Stewie and Onewa: PHOTON STONERAIN SHOWER!

The lasers merged with the rock and turned it into a red-hot rock shower. The rocks rained on Dark Sunny and burned her.

Pohatu: Flint lets you our combo on Dark Sunny.

Sandman: You got it.

Pohatu threw a huge rock at Dark Sunny and Sandman launched a lot of sand.

Pohatu and Sandman: SANDMACE STONE POUNDER!

The sand merged with the rock and turned into a giant spiked sand ball and it crashed into Dark Sunny with incredible force and she was sent crashing into the ground. She was lying on the ground defeated. Gwen had a mana blast ready to finish her.

Dark Sunny: **What are you waiting for? Do it! Finish me!**

Gwen shot a Mana Blast and Dark Sunny closed her eyes. But she opened them again to see that Gwen had blasted the ground next to her.

Gwen: That would be taking the easy way out You may have been born from Sunny. But you don't deserve it!

Me: I have a better idea.

I pick her up and strip her of her powers and made Dark Sunny human forever. But the Dark Sunny had red eyes and she was beamed to the Uranus Prison forever.

She Hulk closed her eyes and screamed in pain. Her height decreased as her legs got smaller. Her feet shrank as She Hulk felt her humanity come back.

Jen (notices that her white and purple costume stayed on): I have to thank Leni for updating my costume!

It seemed as though She Hulk was finished transforming only for her hair to get shorter. It turned back to black as her skin reverted back to its original color. With that, Jennifer Walters stood in the spot where She Hulk was before and collapsed to the ground in exhaustion.

Lincoln got her.

Jen: Thanks Lincoln.

Lincoln: You're welcome Jen.

Antonio was taken back to his home planet.

?: **Well done guys.**

We saw another Anodite. It was Ben and Gwen's grandmother Verdona.

Me: You must be Verdona.

Verdona: **I am. It's an honor to meet you J.D.**

Me: You too. Ben and Gwen told me a lot about you and Max. Were you shocked to find out that they wound up in our dimension?

Verdona: **I was. But I'm so glad that they are in good hands.**

Me: Thank you Verdona.

We went back to Earth and had a good rest. This was a powerful fight that demonstrated the power of different alien races and humans working together.

Sunny now can put her selfish and delinquent thoughts behind her and move on. She was purified and was on the path of redemption. Verdona now lives with us at the Estate.

THE END.

Another Fanfiction Complete.

Sunny Tennyson was the strangest girl I have seen in the Ben 10 series. She only had one episode in Ultimate Alien and Omniverse. It's a shame she couldn't help out throughout the series. That would've been awesome. She was a prime example of an Anodite gone bad. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Locks and Plants

It starts at the estate. I was in Lori's room explaining something.

Me: Now Lori, you know how you don't like people coming in down your slide while you're texting right?

Lori: Yes.

Me: Well let me show you something.

We go over to the side of the slide to her room and by the slide exit was a special phone system.

Me: This phone is an intercom and it will call you from my room or any other room in the estate.

Lori: Oh I get it. That is literally a great idea. Thanks J.D.

Me: You're welcome Lori. It also works the opposite way too. You can call us to know if you need us too.

Lori: Thanks J.D. Glad you came up with this.

Me: You're welcome.

---

In the Living Room we were watching TV and reading books and Lana came in with a dumpster and it was loaded with all kinds of high tech stuff.

Lana: Hey guys check out all this cool stuff I found!

Lana pulled in the dumpster and we went over.

Lola: Eww! You did not just pull in that dumpster!

We looked inside it and found all kinds of stuff.

Me: Wow! Look at all this stuff. Jetpacks, Lightsabers, Laser Blasters, Hover boards. This is all amazing! Where did you find all this Lana?

Lana: I found it outside a science lab on the edge of the heart of the city.

Me: Oh wow. This is gonna be cool.

Laney: It sure is. I can't believe they threw all this stuff away.

Me: Me neither Laney.

Jessie B.: Me and my friends used hover boards a lot and they are fun.

Me: I got to try this out.

I went outside and Laney made a cool X-Games style skateboard course with her plant powers. I turned on the hover board and got on it as it was floating and did all kinds of tricks, stunts, moves and more.

Lincoln: J.D. that… Was… AWESOME!

Lori: It sure was. You literally have what it takes to be the next Tony Hawk.

Me: Well I don't know about that but thanks Lori.

The alarm went off and we went to the computer.

We saw in a housing construction zone under attack by plant creatures.

Me: Oh man! I know who's behind all this.

Lincoln: Who created plant beasts like those?

Me: Her name is Dr. Pamela Isley A.K.A. POISON IVY! She's an ecoterrorist. She a femme fatale ecoterrorist that wants to punish all of humanity for destroying all of nature because of our progress.

She is also a very prominent botanist and chemist.

Laney: I can't believe she is going to great lengths to protect and preserve all of nature.

Harley Quinn: Not only that but she is also my best friend. I call her Red because of her looks and I want to help her all I can.

Me: Lets go guys!

We set out for the housing development.

---

We arrived and saw the housing development under siege.

Me: These plants are an abomination to nature.

Ben: Let me handle them.

Ben became Buzzshock.

Ben: (Tiny voice) BUZZSHOCK!

Me: A Megawhatt from the Nosedeen Quasar.

Buzzshock: That's right.

Buzzshock fired lightning at the plant monsters and incinerated them.

Lincoln: He has awesome lightning powers.

?: He sure does.

We saw Poison Ivy.

Me: Dr. Pamela Isley A.K.A. Poison Ivy. Pleasure to make your acquaintance.

Poison Ivy: You too J.D. You all will pay for killing my best friend Harley!

Poison Ivy blew plant toxins in my face. She then summons a monstrous-looking Venus Flytrap, which pulls my in with its vinelike tongue. It begins chewing me before she pulls me out of the monster's mouth, sending me crashing into a wall.

CRASH!

Poison Ivy: Do you feel helpless, Knudson? Good. NOW YOU KNOW HOW HARLEY QUINN FELT RIGHT BEFORE YOU AND YOUR FRIENDS KILLED HER!

Me: Pamela, you don't understand!

Poison Ivy (starts to cry): What's not to understand?! YOU KILLED MY BEST FRIEND! ALL BECAUSE OF YOUR HATRED TOWARDS CRIMINALS! And since I haven't seen Clayface, Catwoman, or Mr. Freeze around, you must've killed them as well!

Harley Quinn stepped in.

Harley: Red! Stop! It's me! I'm alive!

Poison Ivy: Harley?! But how?! I saw Luan Loud kill-

Harley: An uncool dark version of me?

Me: That's what we've been trying to tell you Pamela. We saved Harley from herself and the evil of the Joker. We killed the Joker, killed Killer Croc, reduced Scarface to sawdust, killed Scarecrow, and reformed Two-Face, Catwoman, and cured Mr. Freeze and we even brought some of Gotham's most dangerous mob bosses to prison where they will die a horrible death.

Poison Ivy: Lies!

She tried to fight me but Harley stepped in.

Harley: Red, please! Stop this! Just think of all the good you and I could do together!

Poison Ivy (sighs): I'm sorry, Harley. But when I think of what mankind has done to plants, it's hard for me to be good.

Harley: Fine. I didn't want to do this! But you've given me no choice!

Poison Ivy: Wait. You're not going to-

Harley Quinn: [pulls off her fool's cap and wipes off her face paint] That's right, Red. The nuclear option!

Poison Ivy: You promised me you'd never…

Harley looks up at Ivy with sad puppy dog eyes

Me: The old puppy dog eyes trick.

Poison Ivy: Harley, I'm warning you!

Tears begin to well in Harley's eyes

Poison Ivy: Don't you dare!

[Tears stream down Harley's face. Soon, Ivy begins to cry and hugs Harley]

Poison Ivy: I missed you so much!

Harley Quinn: [hugs Ivy] Works every time.

Laney: Pamela I know how you feel against the destruction caused by the effects of our progress.

Poison Ivy: You do Laney?

Laney: I do. Nature is a magnificent and beautiful thing.

Laney grew a beautiful red, orange and yellow rose plant in her hands.

Laney: I can grow all kinds of beautiful flowers and plants. My powers have evolved in many ways and I can create all kinds of plants with ease. So instead of building houses out of wood and concrete and destroying much of nature in the process, maybe…

Laney touched the ground and in a matter of seconds the houses being built were replaced with whole new houses and mansions made entirely out of vines, trees and plants of different kinds.

Laney: We can help nature replace what she has lost with different methods. My plant houses will provide the residents with everything they need and use fewer resources and they can provide them with everything they need. My plants are indestructible and they can last indefinitely through even the worst of natures fury. So what do you say Pamela?

She extended her hand to her and Poison Ivy realized that she was a fool to battle against people and progress head on.

Suddenly a smoke bomb appeared and blew smoke and I blew it all away. Out came the merciless vigilante LOCK-UP!

Lock-Up: I knew that I'd find you again, Harley Quinn. Scum like you never change!

Harley Quinn: Newsflash, Buster! If I really hadn't changed, you and everyone would be dead by now!

Me: Lyle Bolton A.K.A. Lock-Up, former chief of security for Arkham Asylum. Fired for using torturous methods on the inmates there.

Lock-Up: That's right J.D. I'm what this city needs because it's a rotten wound that needs to be burned closed.

Arpeggio: (British Accent) Did it ever occur to you that you were fired from your job for a reason? You tortured the Arkham inmates every single day that you worked there!

Lock-Up: Oh, don't think you and your friends are better then me, bird brain! At least I use my methods within the law. You morons merely kill criminals or lock them up in your jails without a trial! And somehow, I'm the bad guy?

Me: We kill criminals only when they deserve it Bolton. Scarecrow, Killer Croc, Scarface and Joker fell into that category. We cured Harvey Dent of his Two-Face problem, reversed Dr. Fries' condition, helped Clayface become a good person, remove the Joker's evil influence on Harley Quinn and now we helped Poison Ivy become a good person on the path to redemption. But you Bolton. Your methods are considered as a form of torture and police brutality.

Lock-Up: All those people should be locked up in a cage forever and those (Censored) should be beaten to within an inch of their pathetic (Censored) lives!

Me: You are one seriously (Censored) up man Bolton. Lets beat this freak up and show him how wrong he is!

We went at him and I punched him in the face and kicked him in the stomach.

Lock-Up punched me in the face and I dodged and punched him in the mouth.

Lock-Up: I'm only helping you J.D.! We could've rid Gotham Royal York of the fools in City Hall and the Police Department. We could've made our own order!

Me: (Censored)! I was made to fight your brand of order!

I kicked him in the face and Nico punched him in the face.

Luan bashed him in the face with a powerful hammer. (Think of the one that Harley Quinn uses)

Lensay: Nice shot mommy!

Luan: Thanks sweetie.

Harley and Eddy bashed him in the chest and stomach with their own hammers.

Luan: Lets use our combo on him guys.

Harley: You got it Luan.

Eddy: Anything sweetie.

Luan, Eddy and Harley held their hammers in a triangular formation and Lensay fired blasts of red, green and blue light at the hammers and entombed them in light.

Luan, Eddy, Lensay and Harley: PRISMATIC HAMMER SMASHER!

They smashed their hammers into Lock-Up's chest and send him crashing into a rock wall.

SMASH!

Me: Yeah!

He got up and Lewa slashed at him with wind blades and Arpeggio pecked at him with his beak.

Arpeggio: Lets beat him with our combo.

Lewa: You got it Arpeggio.

Lewa fired wind blades and Arpeggio fired a barrage of feathers.

Lewa and Arpeggio: WIND FEATHER CASCADE!

The feathers and blades rained onto him and slashed him.

Xion fired a blast of light from her Keyblade and burned him in the face and Matau fired wind blasts at him and cut him with razor wind.

Matau: Lets show him our combo.

Xion: Right!

Xion fired a blast of light and Matau fired a blast of wind.

Matau and Xion: LIGHTWIND CYCLONE SPINNER!

The blasts combined into a tornado of wind and light and spun Lock-Up around so fast that it made him really dizzy until he was green around the gills.

Batman arrived.

Batman: People say that I should kill criminals like the Scarecrow. Fine. (to Lock Up) I think I'll start with you! (grabs Lock Up by the throat)

Poison Ivy: Batman, no! He's already beaten!

Batman: You know that he's too dangerous to be left alive, Pamela.

Poison Ivy: Look, I hate Bolton like everyone else. But he's still a human being!

Batman: So was the Joker. And look how well that turned out!

Me: She's right Batman. He'll be in a better place than Arkham. I know just where to put him away.

---

We put Lock-Up in our newest Prison: The Mercury Prison for Bad Vigilantes. The Mercury Prison is buried below the surface of Mercury, the 1st planet from the Sun in the Calorus Basin. But here he also has a terrible curse, which is the ultimate fate worse than death: Eternal Life Without Eternal Youth. He's now a 120-year-old man until the day after doomsday. Ironically we are showing him the mercy he never showed his victims. Burn in Hell Lyle Bolton.

Back at the estate Harley Quinn and Pamela Isley were now members of the Redemption Squad. Harley offered her to join but only if Harley joins too and she accepted.

Another Fanfiction Complete.

Poison Ivy is one of my favorite Batman Villains. In the live action movie Batman and Robin Uma Thurman did a great job as the lethal plant seductress. Lyle Bolton was one seriously screwed up guy in Arkham. I can't believe that he went after the Mayor, Commissioner Gordon, News Reporter Summer and Dr. Bartholomew of Arkham. What a nut! And he was trying to save Gotham all on his own. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Let me know what you all think.

See you all next time.

# Christmas With The Wet Bandits

It starts at the estate. I was looking up some of the latest news stories on the news on our computer.

Me: Lets see. So far nothing has been happening. Wait a minute. "Wet Bandits Still at Large. The notorious bandit thieves Marv Murchins and Harry Lyme escaped from prison on November 27th and police have no clue as to their whereabouts. They are considered to be armed and extremely dangerous." Whoa! These guys look like they are no pushover.

Poison Ivy: You know, Cheetah. The last time we spoke to each other, we were in the Legion of Doom base when you were planning on stealing money to move somewhere.

Cheetah: I know. Funny thing, actually. When I was escaping the police, I ended up in the Louds' basement.

Gwen: So you forgot about what happened to Kevin, Sunny?

Sunny: Yeah. When you removed my dark side from me, you removed my memory about what happened to Kevin back in your old dimension.

Gwen: You know what? I think that might be for the best. Me and Ben will find out what happened to Kevin for ourselves.

Me: Boy a lot of things have gone down huh?

Lincoln: They sure have J.D. We've done so much for the world and on our adventures.

Then our phone rang.

Me: I'll get that. (Answers) Hello Team Loud Phoenix Storm Estate, J.D. Knudson speaking.

A split screen appears and I am on the left and a girl with brown hair is on the right.

Megan: Hello J.D. My name is Megan McAllister and me and my little brother Kevin are at our home in Chicago all alone. We think that the wet Bandits are coming back to get us again.

Me: It's a pleasure Megan. And you guys have dealt with the Wet Bandits before?

Megan: Kevin did and the rest of us haven't.

Me: Wow. And I have a strong feeling that they're on their way to get you again. You called the right people Megan. We're on our way.

Megan: Thank you so much J.D.

Me: You're welcome. Bye. (Hangs up) All right guys we have trouble over in Chicago, Illinois. And Shannon we know of your bad history with Chicago so you can sit this one out.

Shannon: Thank you J.D.

Me: Okay. I need, Rachel, Nico, Lori, Leni, Luna, Luan, Eddy, Lynn, Lincoln, Lyra, Liberty & Lee, Lucy, Laney, Lana & Lola, Lisa and Lily, Harley, Poison Ivy, Maria, Ace, Black Widow, Hawkeye, Dallas, Carlota and Earth to come with me.

Lori: Right.

Me: Lets roll!

We set out for Chicago, Illinois.

* * *

We arrived at the McAllister home and it was a nice mansion.

Me: Wow! The McAllister house is amazing.

Lola: I know this house! It's the house in Home Alone!

Lana: Those movies were awesome!

Me: So those movies are real. Awesome.

We go up to the door and knock on it. Megan answered.

Megan: Yes?

Me: Are you Megan McAllister?

Megan: Yes. J.D. Knudson and Team Loud Phoenix Storm. We're glad you all came. Come on in.

We go inside and Megan and her little brother Kevin explained everything.

Megan: So you see the Wet Bandits were after my brother Kevin twice and he arrested them both times.

Kevin M.: That's right. The first time was here at home and the second time was when I was lost in New York City.

Lola: You were in New York City all by yourself?

Kevin M.: Yeah. I accidentally got on the wrong flight when we were supposed to go Miami, Florida and I accidentally got on a flight to New York City.

Me: Whoops. And you wound up 791 miles from home.

Kevin M.: That's right.

Maria: So these scumbags harrass Kevin every Christmas?!

Megan: That about sums it up. I bet my friend and pen pal Cornelia Hale never has to deal with this kind of stuff in Heatherfield.

Me: I'm sure she would. I know Cornelia Hale of Heatherfield and she would be having a field day I'll bet. Christmas is not for 16 to 17 days and they busted out way too early.

Lincoln: Probably because Marv is really stupid.

Laney: My thoughts exactly.

Me: Megan is your family as chaotic as Lincoln's family?

Megan: Chaotic is an extreme understatement. Our family has 15 in it.

Me: 15!? Holy mackerel!

Laney: That's a lot of people for one family.

Lori: It literally is.

Dallas: That is something.

Carlota: It sure is.

Me: I know that feeling. When I moved to Michigan with my family and I met Lincoln and his family I was shocked that they lived in a tiny house.

Kevin M.: How many people do you have in your family Lincoln?

Lincoln: Before J.D. Knudson and my triplet siblings it was 14.

Megan: Wow!

Me: Yep. The Loud Family comprised of Lynn Sr. and Rita and their 15 kids. Lyra, Liberty and Lee disappeared long ago and I found them up in North Pole, Alaska. It's a long story. In a small house as big as it was before it was summed up in 2 words: ABSOLUTE CHAOS!

Kevin M.: Wow.

Megan: That's amazing! I can't believe that you didn't snap from all that pressure with all that.

Lincoln: I was saying exactly the same thing but I wouldn't trade it for the world.

Me: Yep. Before me it was a total nightmare. But as time went by I became like a light at the end of the tunnel for them and made the Loud Family a better family.

Lori: J.D. and his family have made us into better people and we became a great family and a powerful force for good.

Leni: It's been totes wonderful for us.

Luna: It sure has dudes.

Me: Lets not brag about it guys. Anyway Megan where is the rest of your family now?

Megan: They're over in Hawaii and won't be back for 3 more weeks.

Lynn: Wow. Your family likes to travel a lot don't they?

Megan: We do. It's part of our tradition. We go on an annual trip to another part of the world around Christmas.

Me: I believe it. We went on a huge global trip 8 months ago and it was awesome. But lets talk about that later. We have some bandits to take down.

Megan: You know what, J.D.? I think I might have to suggest to Mom about moving to Royal York. After all, Kevin's been there before.

Me: Good idea. We can place your family under our protective custody. Plus Kevin was in New York City. We came from a place called Gotham Royal York. It's a fusion of 3 cities. Gotham, New York City and Royal Woods.

Megan: Oh wow! That must be a huge city!

Me: It's much bigger than New York that's for sure. 46 million people.

Megan: Whoa!

Kevin M.: Megan, thanks for growing so close to me over the last few years.

Megan: No problem, Kevin. Anything for my little brother. Now if only Buzz and the others can follow my example.

Me: We'll set them straight. Now lets get to work.

Kevin M.: I'll be right back.

Kevin went up to his room and he came back with a rolled up blueprint set. He unrolled them and we saw an elaborately placed set of booby traps all over the house.

Me: Wow. These traps are all genius Kevin.

Lisa: Indeed. These elaborately placed incapacitation devices; street name: Booby Traps are all very well set up.

Megan: They sure are Lisa.

Me: Yeah. Ace you can use your powers to make some of the traps real without damaging the house right?

Ace: I can do that J.D.

Me: Okay. Megan, Kevin we're also going to be demonstrating some of our fighting techniques as well so you may want to be ready just in case.

Megan: Okay. We saw you guys on the news all the time. You guys are incredible.

Me: Thank you. Lets get to work guys.

We set up all kinds of booby traps all over the house in and out. It took us 2 hours to do it.

Me: All right it's all set. Megan, Kevin, you are about to see Team Loud Phoenix Storm in action.

Megan: We know you all can do it.

Me: And if we cause any damage I'll reimburse you for it.

Kevin M.: No worries.

Me: Lets get em.

Outside we saw a van pull up to the house.

Me: That's them. (Imitating Mr. Incredible) Showtime.

Kevin had a BB gun ready.

We had the door unlocked and they came in and when Harry poked his head in he saw Lola.

Lola: Surprise.

Lola fired a blast of fire and burned the top of his head and he screamed in pain.

He ran out to a snow pile and put his head in and extinguished his head. But his hat was gone.

Marv came in.

Lisa: Greetings.

Lisa had a bunch of nails skewer his feet and he screamed in pain as they went through his foot. He fell back and landed on the concrete steps.

Me: I hope his prison has insurance coverage for tetanus shots.

Lana: No kidding.

Outside Marv and Harry went to the windows and they were slipping and sliding along the way. Lana had turned the whole path into a path of ice with her powers.

Harry: Geez! This path is slippery!

They opened the window and were climbing through it. But Marv had no shoes on because the nails yanked them off.

Marv: Tell me something, Harry. When you said piece of cake, was this even close to what you had in mind?!

Harry: I don't appreciate your tone, Marv! This situation isn't even my fault to begin with!

Marv: Well, it certainly isn't mine!

Harry: Oh no? You're the one who made a lot of noise!

Marv: And you're the one who suggested on killing the kid when there were still people around?

Nico: Ok, do you two want some time alone to finish your argument?

Marv and Harry: STAY OUTTA THIS!

Marv came in and he stepped on some Christmas Ornaments on the floor and screamed in pain.

Marv: I'M GONNA KILL THOSE KIDS!

Lincoln: Try this on though.

Lincoln fired a blast of lightning from his fingers and the lightning got his hands and started electrocuting him badly. Lincoln increased the voltage and Marv's skeleton started showing as he was screaming in pain. He was screaming like a little girl. Lincoln stopped and Marv was twitching on the floor with lightning arching all over him.

Earth: That was awesome Linky.

Lyra: It sure was.

Harry came in and I flipped him over and on his right hand was a burn scar with the letter M on it.

Me: Whoa. That's a nasty scar you have here.

Harry: Yeah that little kid burned me the first time with a red hot doorknob.

Me: He sure left his mark on you huh?

Laney formed a cactus gun and fired cactus balls at their faces.

BANG BANG!

They screamed in pain.

Laney formed a paddle made of a cactus and she handed a bigger one to Poison Ivy.

Laney: This'll cause some serious pain.

Poison Ivy: It sure will Laney.

They went over and slapped them with the cactus paddles and they screamed in excruciating pain.

Poison Ivy: Merry Christmas, darlings! (punches Harry)

Harley: And Happy New Years', chumps! (hits Marv with her hammer)

Black Widow punched Harry in the face and Lola punched Harry in the crotch and he screamed like a little girl.

Lola: Lets use our combo on him Natasha.

Black Widow: (Russian Accent) You got it Lola.

Lola fired a blast of fire and Black Widow fired a blast of lightning.

Black Widow and Lola: FIRE SPIDER CROTCHCRUNCHER!

The blasts combined and turned into a spider with big spiked boxing gloves on 6 of its 8 legs and struck Harry multiple times with a ferocious flurry of fisticuffs on his face and the crotch.

Lola: That was awesome!

Black Widow: It sure was.

Hawkeye bashed Marv with his bow and Lana grabbed Marv's hands and froze them together. Dallas fired two arrows and they pinned him to the wall as his screamed in pain.

Me: Awesome shots Dallas.

Dallas: Thanks J.D. Archery is my strongest weapon. I am a true marksman.

Me: I can see that.

Lana: Lets use our combo on him Hawkeye.

Hawkeye: You got it Lana.

Lana fired a stream of ice lightning and Hawkeye fired a bunch of arrows.

Hawkeye and Lana: SUBZERO ARROW CROTCHKICKERS!

The ice lightning turned the arrows into spiked mace balls of pure ice and they slammed into Marv's crotch with tremendous force.

Me: (WINCES) OOH! Ouch!

Nico: Right where the sun doesn't shine.

Rachel: Ouch! But these two deserve it.

Me: Now it's my turn.

I walk up to them and I have my gun ready.

Me: Kevin, Megan you guys may want to plug your ears.

Megan: Okay.

They did so.

Me: Merry Christmas you (Censored) Filthy Animals.

I shoot them in the legs with my gun and paralyze them for life.

Me: And a Happy (Censored) New Year.

I blow the smoke out of the muzzle.

Lynn: That was awesome J.D.

Me: Thanks Lynn.

The police arrived and arrested them.

Me: What a couple of losers.

Megan: You guys are awesome!

Kevin M.: You guys sure showed them!

Nico: Thanks guys.

Me: Lets fix this place back up before the rest of your family comes home.

We did so and then the following morning everyone got home early.

Megan: Oh they're back early.

Me: Okay.

Peter M.: Megan, Kevin?

Kevin M.: Hey dad.

Peter M.: Thank goodness you are okay son.

Me: Mr. McAllister? Sorry to intrude like this. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Peter M.: Oh wow! You are widely known all over. It's an honor to meet you.

Me: It's a pleasure too. We have quite a story to tell you. Plus on behalf of Team Loud Phoenix Storm we apologize for having you all come home early.

Kate M.: It's all right J.D. But thank you.

Me: You're welcome.

In the living room we told them all about Kevin and his history with the notorious Wet Bandits.

Buzz: Are you serious!?

Me: We're dead serious. Kevin encountered the Wet Bandits twice here in Chicago and once in New York City. They broke out of jail 3 weeks ago and targeted your home twice. Megan and Kevin called us and we came to help out and stop them.

Kate M.: It's good you did J.D. Thank you so much.

Me: You're welcome Mrs. McAllister.

Kate M.: Please call me Kate.

Me: Sorry. But also we have a proposition for you all.

Megan: Mom, Dad, because of the history Kevin has with the Wet Bandits, I want us all to move to Gotham Royal York.

Me: I know this is very sudden for all of you. But because of everything that happened, you will be placed into the protection of Team Loud Phoenix Storm.

Peter M.: We appreciate the offer J.D. Thank you. What do you all think?

Buzz: I think it's a great idea.

Everyone agreed.

Peter M: It's settled. We'll move to Gotham Royal York.

Lori: Also we need to discuss about your treatment towards Kevin.

Me: And I have some visual aids to show you.

Megan cut the lights and I showed them all a slideshow of our exploits in the battle against the Revenge Squad. When it was done the lights came back on.

Me: What you just saw was a slideshow of us fighting against all the villains we faced throughout our adventures. And that was all but just a small sliver of our power. We have done a lot, yes. But this slideshow is not to brag about our adventure. It's to warn you. Your treatment of Kevin has been absolutely deplorable.

Megan: That's right guys! Your treatment towards my little brother is disgusting! When we reunited with him in New York he and I have gotten closer than ever. I can't believe I was like that towards him.

Lynn: And if you keep this up I'll give you guys the biggest and worst ever Dutch Oven you've ever had in your lives!

Me: And we are not bluffing. Trust me guys. Lynn's notorious for her Dutch Ovens and they smell like rotten raw sewage amplified 100-fold.

They shook in fear.

Me: Good. Now I believe that you all owe Kevin an apology and make it a real and sincere one.

McAllisters: Sorry Kevin.

Me: What do you think Kevin?

Kevin M.: It's gonna take me a while to forgive you all but that's a good start.

Me: Okay. They have all the time in the world. Now lets get you all to your new home.

I snap my fingers and the McAllister family and their possessions were beamed into a much bigger house and it had many rooms. Their house was located next door to the estate. Things for the McAllisters just got a whole lot better. The Wet Bandits were locked away in the Uranus Prison for all eternity.

Home Alone and Home Alone 2 were my favorite movies back when I was a child and McCauley Culkin did a great job in both movies back in 1990 and 1992. The Loud's and the McAllister families are both similar in every way. CHAOS ON STEROIDS. Joe Pesci and

Daniel Stern did a great job as the Wet Bandits and they were funny bad guys. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

Home Alone is owned by Chris Columbus and 20th Century Fox.

# Speed Demon Loud's

It starts with us heading out of the house. Me, Lincoln and Lana Loud were walking out of the house. Lincoln was taking Lana to the racetrack, because Bobbie Fletcher, Lana's racing hero, was gonna be there. Lana was clearly excited, and Lincoln could tell.

Lincoln: (smiles) Excited, aren't you, Lana?

Lana: (excited) How could I not be?! I'm gonna see Bobbie Fletcher again!

Me: Last time we saw her we were frozen inside the Burpin' Burger and she saw our powers.

Lincoln: Yeah. *smiles* Well, at least we won't be stuck in Burpin' Burger this time.

Lana: *remembers Snow Way Out, feels guilty* Oh… yeah…

Lincoln noticed this but knew that we were helping her.

Lincoln: Oh, right… Sorry, Lana… I-I didn't mean to…

Lana: It's okay, Lincoln. (Sighs) I'm sorry that all that happened…

Lincoln: It's okay, Lana. You were just really excited.

Me: Yeah but we helped you win that contest and you got a great job offering in the future.

Lincoln hugs his tomboy sister, to which she smiles and returns the hug.

Lana: (smiles) Thanks, Lincoln. Thanks J.D.

Me: No problem Lana.

Lincoln: (smiles) You're welcome, Lana. (puts her on his shoulders) Now come on, let's go see your racing hero!

Lana: (Excited) YEAH!

Me: Lets go guys.

Me, Lincoln and Lana head to the racetrack.

---

The three of us soon arrived at the racetrack, and it was packed.*

Lincoln: (Smiles) Here we are, Lana!

Lana: (Happy) Alright!

Through the excited crowd, Lincoln spots Bobbie Fletcher with his enhanced eyesight.

Lincoln: (points at her) Look, Lana! There she is!

Me: Oh yeah!

Lana's eyes sparkle in amazement as a huge smile appears on her face.

Lana: (very happy) Ohmygosh! Ohmygosh! OHMYGOSH!

Me and Lincoln begins walking over to Bobbie Fletcher with the excited Lana still on Lincoln's shoulders.

Lincoln: Excuse me, Bobbie Fletcher?

Bobbie: (turns around, sees Me, Lincoln and Lana) Oh, hello, little ones.

Me: Hey Bobbie. Its been a while.

Bobbie: Oh wow. J.D. Knudson of Team Loud Phoenix Storm. How have you all been.

Me: Great Bobbie.

Lana couldn't believe it, Bobbie Fletcher was talking to them, again!

Bobbie: *recognizes them* Wait a second. I know you two.

Lincoln: Yeah, during that heavy snowfall.

Bobbie: Yes, it's been a while since I've seen you. *smiles* How've you been?

Lincoln: *smiles* We've been doing well, Bobbie.

*Lana was even more excited. Bobbie Fletcher remembered her and Lincoln.*

Lana: *in her head, more excited* She remembers us?! Oh, I'm so glad this isn't a dream!

Me: Lana was so excited to meet you again Bobbie.

Bobbie: *notices Lana's excited* I can see that.

Lincoln: Yeah, just excited to see her racing hero.

Bobbie: *smiles* Oh, is that so?

Lincoln: *smiles* Yep.

Me: Yep.

*Lincoln takes Lana off his shoulders and sets her down in front of Bobbie. This causes the tomboy to get nervous.*

Lana: *looks up at Bobbie, smiles nervously* Um… H-Hello, Bobbie…

Bobbie: *smiles, kneels down to Lana* Hi, Lana.

*Lana makes a huge smile as Bobbie takes off her red cap and pulls out a marker. She then signs it.*

*It says

"To Lana, from Bobbie F."

Bobbie: *smiles* Here you go, Lana. *gives back her cap*

*Lana takes the cap, and is even more happy and excited.*

Lana: *even more happy* Oh. My. Gosh. An autograph from you, Bobbie?! Oh, I will never, ever wash this off!

*Bobbie smiles and rustles Lana's hair, making the tomboy giggle.*

Bobbie *stands up and faces Lincoln* You sure have a very excited sister, Lincoln. *rustles Lincoln's white hair*

Lincoln: *smiles* So true, Bobbie.

Lana: *very happy* Thank you so much, Bobbie!

Bobbie: *smiles* No problem, Lana. *looks at Lincoln* Oh, and Lincoln, J.D.?

Lincoln: Yeah?

Me: Yes?

Bobbie: The racing network told me to give this to you.

*Bobbie pulls out a piece of paper, which looked like an invitation.*

Lincoln: What is it?

Bobbie: *smiles* Read It and find out.

Lincoln: *reads it* "Team Loud Phoenix Storm, if you're reading this, you and 22 members of your team have been invited to participate in the annual Gotham Royal York Michigan 500. Build up your roadster, then rev up and go and tear down the road into 1st place! I'm telling ya, tomorrow's gonna be a great race! See you there!"

*Lana gives Lincoln the puppy dog eyes.*

Lana: *puppy dog eyes* Pleeeeeeeeeeeeease?

Lincoln: *in his head* Oh no, not the puppy dog eyes.

*Lincoln then sighs.*

Lincoln: Alright, but you can't use the puppy dog eyes for a full week.

Lana: *happy* Yay! *hugs Lincoln tightly*

Bobbie: *smiles* Great answer, Lincoln.

Me: We'll do it Bobbie. We're gonna burn some rubber.

Lincoln: I only agreed because Lana gave me the puppy dog eyes.

Bobbie: *cocks an eyebrow* And you didn't want to make her sad?

Lincoln: *sighs* Also true. But if she or one of our sisters get into an accident, we're done racing.

Bobbie: I can understand that.

Lincoln: Well, then. *smiles* Count us in.

Bobbie: *smiles* Great.

Lana: *very happy* Alright! *jumps around Lincoln in excitement* We're gonna go racing!

*Lincoln smiles at Lana's excitement.*

Me: We'll see about that Dastardly. You couldn't even catch a single carrier pigeon or win a single race in the Wacky Races.

BURN!

Dick Dastardly: Don't remind me of that.

Muttley snickered.

*The race announcer, Billy Natson, was standing next to Mayor Collin.*

Billy: Hidy-ho, Roadster fans! And welcome to one of the biggest events in the history of racing. Hello I'm Billy Natson and today is a beautiful day for the greatest race in Michigan, The Michigan 500. Buckle up and gear up for today's Roadster race! It's 1 single lap that stretches across the entire state from Michigan into Minnesota. *spots something* And here come the racers now!

*The crowd cheers loudly as me, Varie, Aylene, Nico, May and the siblings and lovers and other racers approach the starting line.*

My eyes in the sky were watching the whole race very closely. Carol, Vince, Fu, Bai Tza and Linka were watching from above.

*The siblings spot the group and wave at them.*

Ronnie Anne: *excited* This is gonna be good.

I wave to them and they waved back.

*Mayor Collin clears his throat.*

Mayor Collin: On behalf of the citizens of Gotham Royal York, *pulls out a green flag* I, the honorable Mayor Collin, am most proud to say…

*Lincoln revs up his roadster.*

Me: It's party time!

Mayor Collin: *waves the green flag* Rev up and go!

*The crowd cheers wildly as the racers zoom off.*

Billy: AND THEY'RE OFF!

We sped down the track at a blazing speed.

---

*As the race goes on, Me and Lincoln would be trading first place with another race.*

Lincoln: *excited* This is so thrilling! I've never been so excited in my life!

Me: Me neither buddy! This is awesome!

*He feels someone bump into the back of his car. He knows it's not one of his sisters, because he can hear the voice of the driver.*

Driver: Out of my way!

Me: Oh no you don't clod!

I press a green button and fire a missile at the green car and blow him away out of the race.

Me: No rough play on my watch!

Lincoln: *glances in the mirror* Eat my dust! Thanks J.D.

Me: No problem.

*Lincoln speeds up and zooms away from the driver behind him.*

*Later, after zooming down the bends and curves around the track, which took a long while.*

Billy: Here come the racers as they come to Devil's canyon. That canyon has lots of razor sharp rocks and deadly earthquakes and landslides rock the area.

Me: Here comes Devil's canyon guys.

Lana: I see it bro.

We were moving at 150 to 200 miles per hour and it was fast.

In the walls of the canyon Dick Dastardly pushed a big boulder and blocked the canyon.

Vince: Hey Partner. Dick Dastardly pushed a big boulder into your path and blocked the canyon.

Me: I see it partner. Thank you.

I pressed a red button and a laser fired from the front and blew the whole boulder apart into dust.

KRABOOOOMM!

Me: YEE HAW!

Dick Dastardly: DRAT! DRAT AND DOUBLE DRAT!

Lincoln: *takes a deep breath* One obstacle down and who knows how many to go.

Lana, Lola: *excited, from behind Lincoln* WOO-HOO!

*Lincoln sees the twins zoom past him on their roadsters. He smirks and speeds up, soon reaching the twins, then Leni zooms past all 3 of them.*

Leni: *excited* Coming through!

Varie: This is so awesome!

Lincoln: *smirks* It's on, Leni!

Lynn: *zooms past Lincoln, excited* Yeah, it's on!

Lori: *zooms past Lincoln and Lynn, excited* Let's literally do this!

---

Billy: And the racers are entering the next obstacle of the race! The densest forest in the state: Nihilism Taiga! No one has ever come out of this one alive. The forest is so dense that not even the light from the sun can go through it!

We are in the forest and it was so dark we couldn't see.

Me: Whoo! It's dark. Turn on your lights guys.

We turned on our headlights and they were bright enough to pierce the darkness of the forest.

Me: Wow! I can't believe that this forest is so dark. No wonder they got lost so easily in here. It's pitch black.

Lana: It sure is.

Laney: I think I can help with this guys.

Laney used her plant powers to bend the trees and reveal the road and she helped us get through.

Me: Awesome job Laney.

Aylene: Thanks Laney.

Varie: Good work.

We passed through the forest and made it to the next obstacle.

The crowd cheered wildly.

---

Billy: Zoom! There they go! The racers have now exited the forest! Now entering the 3rd obstacle: they have to race on the bottom of Lake Superior.

We saw the lake coming up.

Me: Looks like we're going underwater guys.

I press a blue button and my car turned into a submarine.

Speed turned the Mach 5 into a submarine as well.

We all did so and went in.

I turned on my headlights to see and we saw the beauty of the fish and bottom of Lake Superior.

Me: Wow!

Lori: This is literally amazing.

Leni: Look at all the pretty fish.

Laney: There's lots of them here.

Lola: It sure is beautiful.

Me: Yes it is. Speed are you doing okay?

Speed: I am J.D. Thanks for your concern. My oxygen tanks will hold out down here.

Me: Okay. But if you need oxygen let me know. My car has a special hose that can pump in oxygen from the water to you.

Speed: Thanks J.D.

Me: You're welcome Speed.

We raced along the bottom and we saw more fish and more beauty. We even saw an awesome surprise. On the bottom was an underwater mermaid city and we were driving right by it.

Me: Wow! A Mermaid city!

Varie: It's not my home or Atlantica. It must be a separate city of them.

Me: We should ask King Triton if he knows anything.

Laney: Good idea.

Lana: We're almost to the other side.

Me: Okay. Time to surface guys.

We did so and we got onto the surface and onto the lake.

---

Billy: And they have completed the 3rd obstacle! Now they are coming up to the 4th obstacle: The WAR ZONE!

We saw up ahead a nasty war zone and guns, explosions and more were there.

Me: Looks like it's time to go all out guys.

I press multiple buttons and missile launchers, machine guns, laser guns, particle beams and more were on my car.

Lincoln: You got it J.D.

Their cars were equiped with weapons as well.

Me: Locked and loaded. This calls for some really good music.

I pull out a CD and put it in.

(Down with the Sickness by Disturbed plays)

Me: Good music. Lets rock and roll!

We had our shields up and we went into the war zone. Numerous bad guys were firing rifles and machine guns. We fired our weapons and missiles and blasted them apart into bloody pieces and splattered them all over the place. I deployed my sawblades and sliced them apart.

Carol: J.D. Missile turrets ahead!

Me: I see them.

I press two buttons.

Me: Slicer Missiles deploy!

I fired two missiles and they opened and turned into deadly razor blades. They slashed the turrets and blew them apart.

KABOOM!

Aylene: Nice shot J.D.!

Me: Thanks Aylene.

Lincoln: More bad guys up ahead.

I press three buttons.

Me: Piranha Missiles away!

I fired three blue missiles and the heads had metal razor sharp heads snapping like piranha jaws. They mauled the bad guys apart and splattered their blood and guts everywhere. The blood and guts even got on my windshield.

Me: Oh yuck!

I turned on the washer and windshield wipers.

Me: That's better.

Fu: J.D. there's more bad guys ahead.

Me: I see them Fu.

I press a button.

Me: Match Head Missile away!

I fired a missile and the red head lit on fire and it got behind them and exploded.

KABOOOM!

Me: BINGO!

Aylene: Awesome shot J.D.!

Me: Thanks. The missile designs of the SWAT Kats came in handy for this.

Lola: They sure did.

We made it through the War Zone in one piece.

Me: Is everyone all right?

Lana: I'm okay J.D.

Everyone said they were okay.

Me: Good.

---

Billy: We are now coming to the final zone everyone! This zone is called the SKYSCRAPER ZONE! It's home to the nefarious and ruthless members of the Gang of Assassins!

We drove into a huge city that stretched on for miles.

Lincoln: Final zone… *narrows his eyes* Time to get serious.

*Lincoln pushes the gear stick forward and steps on the gas pedal, making his roadster speed up. It fact, it was so fast, he rocketed past all his sisters and quickly became a speck in the distance.*

He sped right passed me.

*The sisters were surprised at how fast he was going.*

Lily: *surprised* Wow, now that's fast!

Lola: *surprised* Linky's going crazy fast!

Laney: Be careful Lincoln.

Lynn: *surprised* We better step up our game here!

Me: Boy he really put the pedal to the metal.

Penelope Pitstop: He sure did.

Me: Lets burn some rubber guys!

We speed up, but it's nowhere near as fast enough to catch up with Lincoln.

Lori: Dang! He's so fast!

Leni: How is he so much faster than us?!

Luna: No idea, dudes!

Me: Lets do this!

*Lana narrows her eyes.*

Lana: *narrowed eyes* Oh, HECK no! I'm not gonna lose now, Lincoln! Bobbie, if you're watching, this is HOW I RACE!

*Lana pushes the gear stick forward and steps on the gas pedal, making her roadster speed up. That surprised the others a lot as Lana rocketed after Lincoln.*

Sisters: *even more surprised* WOAH!

Me: WOW!

Carol saw a group of three-wheeled cars coming up on us fast.

Carol: Guys you got big problems! The Gang of assassins is coming towards you all fast.

Me: Uh oh!

Speed: (Gasps) J.D. those assassins are going to kill us if we don't stop them!

Me: I'm way ahead of you Speed. Carol, Vince, Fu, blast them!

Vince: You got it partner!

Vince blasted them with rainbow light and Carol fired King Ghidorah's gravity lightning. Fu threw numerous Fan Slash blades at them as well.

The techniques hit them and the cars exploded.

KABOOOM! KABOOOOOOM! KABOOOOOMM!

But the cars kept on coming.

Bai Tza: The cars are still coming guys!

Me: Keep blasting them until we cross the finish line.

Bai Tza: You got it boss.

*Meanwhile.*

*Lincoln starts to approach the finish line. Mayor Collin is holding a checkered flag.*

Me: There's the finish line!

I speed up and me, Lana and Lincoln were neck and neck. It was gonna be really close.

Billy: Here we are, Roadster fans! Lincoln, J.D. and Lana approaching the finish line!

Lincoln: *smiles* This race is mine!

Me: No! This Race is ours!

Billy: We have a photo finish!

A camera took a picture of the finish line as we crossed. The picture revealed that me, Lincoln and Lana crossing the finish line at the same time!

Billy: Boom! There it is, roadster fans! J.D., Lincoln and Lana crossed the finish line at the same time! They are the winners of the of this year's Gotham Royal York Michigan 500 Roadster Race!

*The crowd cheers very loudly for the three of us as we take off our racing helmets, smiling happily. We get out our cars and wave to the crowd.*

Rita: *cheering* Great job, guys!

Patti: Way to go son!

Sumner: (Sniffles) That's my boy!

Ronnie Anne: *cheering* You won! Awesome!

Lynn Sr.: *cheering* Way to go guys!

Lincoln: *surprised* To be honest, I never saw that coming. But, *smiles* we won the race guys.

Me: We sure did buddy.

*While waving to the crowd, Lana spots Bobbie Fletcher in the crowd, causing her to gasp.*

Lana: *surprised* Bobbie Fletcher?!

*Bobbie smiles at Lana and gives her a thumbs-up, this causes the tomboy to sport a huge grin.*

Billy: And here comes the rest of the gang!

*The rest of the racers cross the finish line.*

*Speed got second place*

*Laney got third place*

*Luna got fourth place.*

*Lynn got fifth place.*

*Luan got sixth place.*

*Lola got seventh place.*

*Leni got eighth place.*

*Lori got ninth place.*

*Lucy and Lily both got tenth place.*

*Lisa got eleventh place.*

*The other racers: dead last.*

Billy: And would you look at that! Not only did the Loud Kids, Varie, Nico, Aylene, May, and the Wacky Racers all get first through eleventh, but we had a tie for ninth place between Lucy and Lily!

*Lucy and Lily were surprised, but happy with it.*

Lucy: Nice job, Lily.

Lily: *smiles* You too, Lucy!

Laney: This was so much fun!

*Later, the siblings and other racers were standing on a small racing awards stage. Mayor Collin gives a racing trophy to Lana.*

Mayor Collin: Congratulations, Lana, Lincoln and J.D.

Lana: *smiles, takes the trophy* Thank you, Mayor.

Me: It was awesome Mr. Mayor.

Bobbie: *off-screen* Way to go, Lana.

*Everyone looks and sees Bobbie Fletcher, much to Lana's happiness.*

Lana: *happy* Bobbie Fletcher!

Bobbie: *smiles* Nice job on your first race, Lana. Color me impressed.

Lana: *happy, nervous smile* W-Wow… Um… Th-Thanks…

Me: This was the most fun we ever had guys.

Lincoln: *rustles Lana's hair* You caught me off guard with that catch up, Lana.

Lana: *giggles* Yeah, guess I did.

Me: You surprised all of us.

*Bobbie then rustles Lana's hair, making the tomboy nearly faint. Lincoln caught her though.*

Lincoln: *smiles* I gotta say, racing is more fun than I figured.

Me: You said it buddy.

Other Sisters: Yeah!/Totally!/It sure was!

Lana: *smiles* Aren't you glad I convinced you, Lincoln?

Lincoln: *smiles* Definitely, Lana.

Me: You convinced all of us Lana.

Bobbie: It was so awesome having you all here.

Me: Same here Bobbie. But Speed it was an awesome honor to race with the legendary Speed Racer.

Speed: Thanks J.D. It was a great pleasure to race with you too.

Me: Thanks Speed. But we're not in it for the fame and glory. We're just in it for the fun.

Speed: Well said J.D.

Me, Lincoln, Lana and Speed held up the trophy and everyone cheered wildly for us. Confetti rained down on us as we got our picture taken.

---

At the estate Megan was talking on the phone.

Megan: Hey, Cornelia! How are you?

Cornelia: Pretty good! I heard you and your family moved to Royal York.

Megan: We did. And we're really enjoying it here! It turns out that J.D. knows a lot of superheroes, like Spider Man, Captain America, Superman, and Batman.

Cornelia: Really? Well, I'd like to meet them someday.

Megan: What's happening over at Heatherfield?

Cornelia: Well, this girl named Will Vandom moved to Heatherfield several months ago. And she's a really cool girl. Me, Irma, Taranee, and Hay Lin have been hanging out with her a lot. And she's also made a boyfriend named Matt Olson, the lead guitarist of train wreck. Also, me and Elyon had a falling out but don't worry. The both of us made up.

Megan: So nothing out of the ordinary, right?

Cornelia (lying through her teeth): Nope. Just the usual stuff.

Lilian Hale: Cornelia!

Cornelia: Ugh! Sorry, Megan. I've gotta go. Lilian apparently needs me for something.

Megan: Alright. Talk to you later! (Cornelia hangs up)

We came back and we had the trophy in our hands.

Me: Hey Megan. We won our race.

Megan: Awesome! I saw it on TV and you guys were awesome!

Me: Thanks Megan. But we weren't in it for the fame and fortune. We wanted to do it for fun.

Megan: Well said J.D.

Nico: So what's been going on?

Megan revealed what happened.

Nico: So that's what's been going on with Cornelia in Heatherfield?

Megan: Yep. She didn't mention anything out of the ordinary.

Nico: Well, I think there might be more to it. I mean, J.D. did mention that she was in some place called Meridian at one point.

Megan: I just hope that you get to meet her and her friends in the future.

Nico: I have a feeling we will Megan.

We're going to participate in another race in 3 weeks.

THE END

# Party Down

It starts at the estate in the basement.

Rita: We're off to the movies, honey. Have fun at your party tonight!

Lynn Sr.: Lynn-sanity Sr. brought you some props! Nothing brightens up a party like a lampshade on the head! [He puts a lampshade on his his head and starts dancing, while Rita giggles.] Huh?

Lori: No offense, Dad, but I'm 17. I'm not throwing that kind of party.

[She flips through a magazine and shows a page to her parents.]

Rita: 50 ways to throw a sophisticated party.

Lynn Sr.: Oh, gotcha. So, it's more of a fake vomit affair, huh?

[He pretends to throw up fake vomit, and he and Rita laugh, while Lori looks annoyed.]

Rita: Come on, honey. We don't wanna miss the previews.

[They leave. Lori, Leni and Bobby are about to start decorating, when Lynn Sr. comes back.]

Lynn Sr.: I'd be kicking myself if I didn't at least ask. [spins his propeller] Propeller beanie?! [Lori, Leni and Bobby stare at him] And, I'm out. [leaves]

Lori: Oooookay. Item #1: **Say more with great decor.** Color coordinated coasters, check. Scented candles, check. Confetti- [Notices Bobby spreading the confetti] Bobby, sweetie, you're bunching the confetti. [takes the bag from him] You're supposed to scatter it whimsically, like this.

[She twirls around while scattering. Just then everyone rushes down with their party supplies and cheer.]

Lana, Lola and Lila: We brought our bouncers!

Lisa: I've constructed a chocolate fountain! It started out as a nuclear fusion device, but I accidentally dropped my chocolate bar in it.

Lincoln: And I've been working on my party tricks all week! [He takes off his pants and falls down, while everyone laughs, while Lori looks annoyed] Knee farts!

Laney: I have some dance moves that may make your party really exciting. Watch! [A spotlight shines on Laney and she began to dance like as if she was at a disco dance floor and ends it with a breakdancing spin. Everyone sans Lori applauded for Laney]

Me: Hey guys. I hope I'm not too late to join the fun.

I had a wagon full of food.

Lincoln: Nope. You made it just in time J.D.

Me: Good. I brought the concessions. Chips, salsa, dips, cookies, soda, crackers and everybodies favorites. Pizza and Chocolate bars!

Everyone cheers.

Lori: [annoyed] Guys! Sorry, we're not doing any of that. This is going to be a sophisticated party.

Lana: Bor-ing!

Lyra: I've never been part of the sophisticated class.

Lori: Well, I'm glad you feel that way, because you're not invited. It's just for the older kids.

Lincoln: Yeah, sorry guys. It's just for us.

Lori: Lincoln, put your pants back on. You're not invited either. Just Leni and Luna.

Lincoln: What?! Come on!

Me: Come on Lori let them see the sophisticated style.

Laney: Please let me come, Lori! I've never been to a grown up party before. I'll be awesome there!

Luna: Ooh! Me too! Please, please, please, please, please, pleeeeeeease!

Lori: Fine! But you have to be cool.

Laney: I can be cool!

Luan: Yeah. Cooly noted! [laughs; voicing Mr. Coconuts] Get it?

Most of us laugh.

Me: That was a good one Luan.

Eddy: (Laughs) That was funny.

Lori: Don't make me regret my decision.

[Luan and Mr. Coconuts look at each other shocked]

Megan came down and she had a bowl of really good dip.

Megan: Hey Lori.

Lori: Oh hey Megan. How have things been?

Megan: Good thank you.

Me: That dip looks delicious Megan.

Megan: Thanks. It's my homemade crab salad dip.

Me: It looks tasty.

Later that night, Laney was putting on her best dancing shoes and socks. She was so anxious to show her moves to the grown ups.

Lori's friends come in.

Me: Hey Becky.

Becky: Hey J.D. I brought Paige with me.

Me: Awesome. Hey Paige.

Paige: Hey big bro.

Me: Always nice to have you here.

Paige: Thanks.

Chaz: J.D. my man what's shaking?

Me: Not much Chaz my man.

Dana: Hi J.D.

Me: Hey Dana. Looking good.

[Lori's friends enter the basement]

Lori: Guys! So glad you could make it!

Dana: [Looks at Laney] Oh, is this one of your sisters?

Laney: Hi! I'm Laney, would you like to see me dance? [Lori stops her from breaking it down]

Lori: Ha ha ha. You're so funny, Laney. [To Laney] Laney, be a dear and fetch us some refreshments.

Laney: But what about my dance?

Lori: Later, Lanes. Later.

[Later as Laney came down with some refreshments when she bumps into Lincoln who was wearing a Russian outfit]

Laney: We really gotta stop bumping into each other like this, Lincoln.

Lincoln: [In a russian accent] Who is this Lincoln you speak of? I am Lincolnovich Loudinski. But your brother told me all about you, yes?

Laney: Well, Lincolnovich. Did he tell you about my new dance moves?

Lincoln: [In a Russian accent] Yes, he said you are good dancer. May I see?

Laney: Sure! [Laney began to perform her dance. She twisted herself around and the she spun followed by a moonwalk. Her feet moved like as if they were on fire. Lori's guests began to notice this, walked toward her and cheered as Laney continued. Before she finished, Lori grabbed her]

Lori: Laney! What are you doing?

Laney: Just showing off my dance moves.

Lori: Well, quit it. I'm trying to run a sophistcated party here! [Lori lets go of Laney and she walks away pouting at her]

[Later]

Bobby: Party's pretty sweet, babe.

Lori: Thanks, Boo-Boo Bear. Now for Item #8: **Make your party all that with some sparkling chitchat.** [grabs Bobby who yelps and goes over to some of her friends] So, has anyone done any travel lately? I hear the Galapagos Islands are beautiful this time of year.

[Her friends don't know how to respond]

Chaz: Uh… me and Tad went to the quarry and threw rocks at ducks.

[Lori looks disappointed at that statement. Just then, an amplifier screeches and some music starts blaring courtesy of Luna while Laney dances to the music. Some of the guests enjoy it]

Lori: Hey, guys! [the music stops] Did you check out the origami station? [shows some origami and pushes the guests away to talk to

Luna] Guys, what are you doing?

Luna: Just trying to liven up the proceedings, dude?

Lori: Well, it's way too noisy. Item 4 clearly states that easy listening makes for easy talking.

Luna: What's item five? Put everyone to sleep?

Laney: [giggles] Good one.

Arpeggio: (British Accent) That was amusing.

Lori: You two are on warning!

[Leni takes a photo of their little argument with her phone]

Leni: Super cute! I'm totes posting this.

Lori: [looks at the photo] You totes are not! This is not sophisticated! Post this. [strikes a glamorous and sophisticated pose]

Leni: [takes the picture] Awesome! You look so constipated.

Lori: [frustrated] Sophisticated, Leni!

[Leni looks confused at her]

Lori: Item 7: **Tasty bites make tasty nights.** [gathers some snacks on a tray and offers them to her guests] Anyone for a mushroom polenta on toast points?

[Her guests gag and Luan and Mr. Coconuts pop up]

Arpeggio: Ah thank you Lori.

He takes one and he likes it.

Arpeggio: Ah very exquisite Lori. Thank you.

Luan: [as Mr. Coconuts] I've got a buddy who's a mushroom. He's a real fungi!

[The guests laugh and Lori drags Luan away to talk to her]

Lori: Luan, I told you to be cool.

Luan: What? I'm just trying to yuck it up a little.

Lori: [groans] There's no yucking at a sophisticated party.

Luan: [as Mr. Coconuts] Unless someone eats a polenta. Bazing!

Lori: You are both on warning! [goes over to her guests with a jar of paper pieces] Guys, who's up for some Charades? [beat] I'll go first. [reaches in for something to act and reads it] Okay. [holds up two fingers to say it's two words]

Tad: You have to go number two.

[Lori looks unimpressed. Luna and Laney sit around bored]

Laney: Gee, being at sophisticated party isn't as fun as I thought it would be.

Luna: You're tellin' me, L. If I was hostin' this shindig, we would rock it like a hurricane.

Laney: You sure would. [sighs] There's gotta be something we can do to liven this party up. [Luna starts playing some music with the washboard and brush] Yeah, that sounds great. [Laney began to dance to Luna's music. Attracting the guests]

Tad: Hey! Lori's little sister's dancing again!

Chaz: Chaz like.

[Luna then starts playing music with the laundry equipment as Laney continued to dance and the crowd cheers only for Lori to break it up]

Lori: Guys, guys. I just put out some fresh salmon mousse. [turns to Luna as the guests walk away]

Lori: Luna, what did I tell you?

Luna: "But, dude, they were pickin' up what I was layin' down.

Lori: "Well, you need to pick up and leave before you ruin my party!

Luna: "Whatever, brah.

Maria: Lori, I have a feeling that this party was ruined before it even started.

Luan: It's too bad. She had a real clean sound. [as Mr. Coconuts] Guess you have to wash your step around here. [normal voice] Yeah, or you'll get hung out to dry.

As she laughs at her jokes, Lori points toward the exit, telling her to leave.

Luan: [as Mr. Coconuts] Oh. Okay. We fold. [laughs as she leaves]

William: You know what? The parties at Kadic Academy were much more enojyable then this one.

Lori: Well, we're not in Kadic Academy, are we?

[Meanwhile, the guests are laughing at Lincoln as Lincolnovich juggling with one foot on his head]

Becky: Do another one, Lincolnovich!

Lincoln: [holding Becky's face] For you, Babushka, no problem!

[He steps and shakes his underwear out without taking his pants off, much to the astonishment of his audience; Lori grabs "Lincolnovich" and tears off his mustache]

Lori: Lincoln, I told you you're not invited!

Lincoln: But my tricks are killing!

Lori: I'm trying to throw a sophisticated party, and you're literally waving around your underwear! Now… SCRAM!

Lincoln: [in Russian accent] We will hear about this at embassy! [leaves]

Elena: Lori, the others are having a much more better party upstairs, You're welcome to join us if you want.

Lori: Thanks, Elena. But I'll stick with my own party.

Laney: [walks up to Lori] What's you're problem, Lori? We were just having fun! Like at people have at parties!

Lori: This is not those kind of parties. Besides, I thought you wanted to be here.

Laney: That was before I found out how lame this is! I should've known better, you grown ups are all the same! Stuffy and boring! [Lori gasps]

Lori: How dare you! If you don't like it, just leave!

William: Ladies please.

Laney: Okay I will! [leaves]

Lori: Um, excuse me, everyone. I'm sorry for all my annoying siblings. Now that they're gone, we can get back to our charades and toast points.

[The others mumble and feign excitement]

Lori: Yay.

[The living room. Lincoln and Laney have just arrived.]

Luan: You guys got kicked out, too, huh?

[Lincoln and Laney sadly nod]

Me: Oh I'm sorry guys. But hey, we have a much better party guys!

Luna: Don't worry, brahs. This party's way more rockin'. A-one, two, three, four! [starts playing]

[The twins start dancing and Lynn is bouncing on one of the bouncers]

Lynn: Check out this major air! [bounces high and away] Yee-haw!

Nico: Awesome job Lynn!

Mindy: You said it bro!

Dallas: This party is awesome guys!

Carlota: It sure is.

Lucy: [forming a séance with the pets] Charles, I see your grandfather. He's a labradoodle.

[Lisa and Lily are drinking from the chocolate fountain.]

Lisa: [hooked] Oh, mama! This Theobroma Cacao, street name: chocolate, is working wonders on my serotonin levels!

Lily: [pouring some into her cup] Delicious!

[They giggle]

Laney: [happy] Now THIS is a party!

Lincoln: Yeah! This party's way better. Mind if I sit in? [takes off his pants and does some knee farts while his sisters laugh]

Luna: Yeah, little bro! I dig what you're layin' down!

Linka: It's gnarly dudes!

[They all have a good time upstairs. Back down in the basement, one of the guests is bored out of his mind]

Lori: I don't get it, you guys. I've been following the list, but people don't look like they're having fun.

Leni: I think they're having fun.

Lori: Leni, Joey is literally doing his homework. [shows Joey doing so in the corner] Hmm… I know what my mistake was!

Bobby: You listened too closely to some silly magazine instead of following your own instincts?

Lori: No. I left out Item 24! [goes to the dance floor] Okay, everyone, line dancing!

Guests: Ugh.

Lori: Don't worry. It's easy. Just watch me. [taps her feet and does the following moves she calls] Grapevine right, grapevine left, back three steps, and scuff!"[turns on some country music on her phone]

Becky: Um, Lori… um… can I get a drink?

Lori: Sure, Becky. As soon as I get a good grapevine out of you.

[They laugh awkwardly]

Becky: [pretending to make a ringing sound] Brring! Oh, there's my phone! [fakes getting a call] Oh, what's that, Mom? You stubbed your toe? Really hard? And you need me to come home right away? Oh, sorry, Lori. Family emergency. [leaves and sighs relieved]

Tad: [following her] Oh, uh, sorry. She's my ride. Wait up, Rhonda!

[The other guests run upstairs out of the party while passing Lori making her spin dizzy]

Guests: She's my ride, too. / Me too. / I'm blocking her in.

[Dana and Chaz are about to leave but Lori stops them]

Lori: Wait, you guys! Where are you going? We haven't, uh… [checks the magazine]… made vision boards yet?

Chaz: [whispering to Dana] I don't need a vision to know I'm bored. [to Lori] Awesome party, Lori.

[He and Dana then leave]

Lori: I don't get it. My party was sophisticated enough. What did I do wrong?

Arpeggio: Maybe the fact that it was sophisticated is the reason why it failed.

Lori: What do you mean?

Arpeggio: Well, let's be honest. Most people do think that sophisticated parties are boring. And in a party, what makes it successful is including what your guests would like in the party.

Lori: I guess your right.

Bobby: Don't feel bad, babe. I mean, a stubbed toe? That is pretty serious.

Lori: Eeh. Nice try, Boo-Boo Bear. But I know my party was a bomb.

Leni: What do you mean? Joey got all his homework done.

Xion: I don't think Joey enjoyed the party because he got his homework done, Leni.

Lori: Guys, if you don't mind, I literally wanna be alone for a little bit.

Xion: Sure Lori.

[Bobby and Leni go upstairs and Me, Varie, Lincoln and Laney come down]

Lincoln: Laney and I saw everyone leaving. Are you okay?

Lori: [sighs] I'm fine.

Me: I'm sorry your party didn't work Lori.

Laney: I'm sorry you're party didn't go so well too. But to be fair, It wasn't as fun as you planned. [Lori stood silent]

Lincoln: Well, we're all hanging out upstairs if you wanna come join us. I mean, it's nothing "sophisticated", but-

Lori: You know what? I think I'm done with sophisticated. [tosses the magazine in the trash and notices something else in it] Oh. So that's where all the salmon mousse went. Wonderful.

Me: I liked it though.

[They leave the basement]

[Upstairs, the living room is fully decorated and the other sisters are wearing party hats. Lincoln and Lori arrive]

Lincoln: Hey, guys, look who's joining the party.

[The other sisters cheer. Lisa, experiencing a sugar rush, runs up to them]

Lisa: [hyperactive] Can I offer you a chocolate covered gelatinous confectionary, street name: marshmallow?

Me: Whoa! Lisa I think you've had enough sugar.

Aylene: I agree.

Lucy: Lori, come join our séance. We just discovered that Walt's ancestor is a pterodactyl.

Luan: [as Mr. Coconuts] And my ancestor's a coffee table.

[We laugh]

Me: (Laughs) That was funny!

Megan: Luan tells really awesome jokes!

Me: She is an awesome kick in the butt.

Luna: [brings Lori to the mic] Dudeage! Come sing a duet with me.

Lori: No, no. You know I'm not a good singer.

Luna: Come on. I'm doing your fave. [singing] *Ooh, girl, give you the…*

[Lori joins in]

Lori and Luna: *Ooh, girl, world girl, give you the, ooh, girl, world girl!*

Venom: We are having a lot of fun.

Sunny: I'm having fun too.

Gwen T.: We all are.

Lynn: [bounces past Lori] Coming through!

Lola: [bouncing as well] I'm gonna beat you!

Laney: [bouncing too] Not if I beat you first!

Lori: I'm gonna beat all of you! [grabs a bouncer and starts bouncing with the crowd cheering; catches up and crosses the finish line made out of toilet paper] And the new bouncy ball champion is Lori Loud! [dunks herself with the chocolate fountain]

Me: Hey Lori! Think fast!

I dunk her with more chocolate.

We were laughing some more.

Leni: I am totally posting this.

[Leni posts a photo of Lori having so much fun. Becky, Dana, Chaz and Tad, now hanging out elsewhere, get the post and smile. Just then, the doorbell rings. Lori answers it and sees that it's Becky with pizza]

Becky: Yeah, my mom's toe, it's all better.

Me: Hey Becky. Sorry Lori's sophisticated party didn't work out.

Becky: That's all right J.D. But this party is much better.

Me: I'm glad.

[The other guests come in]

Guests: Oh, yeah, and she's still my ride. / Mine, too./ Yeah, I needed to block her back in.

[Lori is happy to see her guests back. Everyone is having fun]

Lucy: [telling Joey his fortune] I see a B minus in your future.

Joey: [disappointed] Oh, man. Why do I even bother studying at parties?

Me: I know Joey but you need to have some fun every now and then. Have fun.

Joey: You're right J.D.

Chaz: Great party, Lori. Chaz like.

Lori: Well, actually, it's not my-

Lincoln: Yeah! Lori throws the best parties.

Laney: She's also the one who taught me my dance moves. [winks at Lori]

Lori: [smiles] Speaking of, why don't you show them Laney?

Laney: Really? [Lori nods, and Laney smiles.]

Jared: Lets bust some moves Lanes.

Me: Go get em son.

[Laney and Jared began busting a move with her twists, spins, moonwalks, and freestyle as the guests cheer on]

Guests: Go Laney! Go Laney! Go Laney! Go Laney!

Lori: [Gets and idea] I know what would make this even better! [holds out the box] Party props!

[Everyone grabs a prop and starts having fun with them. Just then, Rita and Lynn Sr. come in and gasp at the state of the party]

Lori: Uh, Mom and Dad, I'm sorry. Things got a little out of hand. Please don't be mad.

[The parents laugh]

Rita: We're not mad. We're thrilled!

Lynn Sr.: Honey, this is the kind of party a 17-year-old should have!

Nico: I agree Mr. Lynn. This is the kind of party I would throw.

[The parents put lampshades on their heads and everyone laughs]

Lincoln: Hey, everyone! I got another pair of undies! Time for an encore performance! [starts doing his underwear trick]

Lynn Sr.: I taught him that!

[Lincoln successfully performs his trick and the party-goers cheer for him]

Laney: Best party ever!

Me: You know it Laney!

We did all kinds of really fun stuff for the party. We did dancing, all kinds of games and more. The food was good and more. We partied until 10:00 PM.

# Dating a Robot?

It starts in the estate. Megan was talking to Cornelia.

Cornelia: That's pretty awesome that you got your own suit, Megan!

Megan: I know, right? I feel like the universe is rewarding me for changing for the better!

Cornelia: You'll have to show me the suit sometime. Anyway, I need advice about something.

Megan: I'm all ears.

Cornelia: Well, there's this kid in my school named Melinda. She seems pretty nice but for some reason, she's framing me, Will, Hay Lin, Irma, and Taranee for Elyon's disappearance!

Megan: I thought you knew where Elyon was.

Cornelia: I do. But when she and I had that falling out, she ran away from Heatherfield. Even though she and I reconciled, this Melinda girl told the cops that we had something to do with her disappearance.

Megan: What?! Ok, if Melinda really is framing you, you need to put a stop to it.

Cornelia: Thanks! Irma, Taranee, and Hay Lin are with me in Taranee's house right now. We just need to wait for Will to come and then we'll take care of Melinda.

Megan (confused): How exactly are you going to do that?

Cornelia (smirks): Don't worry. I've got my ways.

Megan: Ok. Well, just be careful.

Cornelia: Don't worry. I will. (hangs up)

Irma: And to think that you just started talking to your pen pal over the phone after we defeated Phobos.

Cornelia: I know, right? I'm actually looking forward to the day where she gets Team Loud Phoenix Storm to meet you guys.

Taranee: You know you'll have to tell Megan about our powers and our adventures as Guardians eventually, right?

Cornelia: To be honest, I'm actually surprised that J.D. hasn't figured it out yet.

Hay Lin: Why don't you have Blunk or Will open a fold so we can visit him and Megan?

Cornelia (sighs): Because we still have our current enemies to deal with as well as school.

---

Megan now goes to Hamilton Hill High School. 4 hours earlier she eas talking to Terry and Dana.

Terry: So how long are things going to be tense between you and your other 3 siblings, Megan?

Megan: I don't know, Terry. How long have they mistreated Kevin?

Terry: From of the looks of things it sounds like its been going on a while.

Megan: 4 years. And I was caught up in it because of my own selfishness. But Kevin changed that for me when he stopped the Wet Bandits and we're now more closer than ever. I just wish my other siblings could see that.

Dana: It's not your fault Megan. If anyone helped you it's Kevin.

Megan: That's true.

---

Back at the estate after school was done Megan came home.

Megan: Hey guys.

Me: Hey Megan. How was school?

Megan: I just had a lot on my mind.

Lori: Were you still thinking about the abuse your siblings did to Kevin over the years?

Megan: Yeah. I can't believe that my siblings are just that selfish. It's like they hate Kevin and treat him as nothing more than an outcast. They just will never learn.

* * *

Megan (to Linnie, Buzz, and Jeff): Guys, what are we doing here? Pretending that everything's alright between us?

Buzz: Well, J.D. made it clear that if we and the rest of the family bully Kevin again, he and the others will kill us just like they did to the Revenge Squad.

Megan: You guys aren't bullying Kevin anymore because you're afraid of being killed. But I can see that you three still have thoughts of being mean to him.

Jeff: Bet that makes you a troublemaker just like Kevin is.

Megan: You know what? I was furious to think that you three would eventually see the error of your ways on your own like I did. But then I realized that I'm not angry at you, I'm angry at myself for thinking that the three of you are people that you clearly aren't.

Linnie: What's that supposed to mean?

Megan: After everything that's happened with Kevin and the rest of us, I couldn't understand why you didn't treat Kevin with love and respect. But then I realized you couldn't. It's not who you three are. You don't respect. You don't love. The reason that Kevin ended up on his own those first 2 times was that you three love to torment him and that because inside, you're every bit as dark as the Wet Bandits are.

FLASHBACK ENDS

Bai Tza: Boy some people just will never learn.

Me: No they won't. It's like they took our threat as empty words.

Lincoln: They did.

Lynn: Those dumb guys.

Lisa: Megan I have a special device I would like you to test out.

Megan: What is it Lisa?

Lisa had a special watch bracelet.

Lisa: Just put this on and I think you're gonna love it.

Megan put it on and she pressed a button and she was in a suit that looked like Dark Samus' suit but without the evil Phazon. (Think of how Dark Samus looked in Metroid Prime 3: Corruption.)

Megan: Whoa!

Me: Wow! Megan you look awesome in that suit.

Janeen: You sure do Megan.

Samus: Dark Samus' suit is much better on you than on Dark Samus herself when I faced her.

Me: I agree. Lisa did a great job.

Lisa: Indeed. Thank you 2nd elder brother.

The alarms went off.

Me: Uh oh!

We go to the computer and saw a party at a house and a girl is pounding Nelson. She had red hair, green eyes, a black dress and black shoes.

Me: Whoa! That girl is strong!

Laney: How is she doing all that?

Me: Let me see.

I turn on my computer eyes and they saw that this girl was a robot.

Me: Wow! That girl is a robot.

Lana: No wonder she is so strong.

Lynn: No kidding.

Me: Who would build such a robot? Lets find out.

I beamed the info from my computer eyes into the computer. She was created by a man named Louie, a corrupt businessman that makes robots. She is affiliated to a kid named Howard Groote.

Megan: I know Howard. He's an unpopular kid and he wants to have friends.

Me: So he has a robot for a girlfriend. Obviously an overprotective one. Lets go!

Megan: I want to try out my new suit on her.

Me: Okay. Come on!

We set out for Howard's house.

---

A nasty fight was ensuing at Howards house. Dana fired a blast of blue fire at the robot girl and burned her. The girl's robot face was revealed. But her artificial skin regenerated. Dana punched her in the face and kicked her in the chest and sent her crashing into the wall.

Dana: Cynthia just calm down.

Cynthia got up.

Cynthia: Dana I was created for Howard.

Dana: I know that.

We busted in through the glass windows.

Me: Are we too late to join the party?

Dana: You made it just in time J.D.

Megan: Hey Dana. Like my new suit?

Dana: You look awesome Megan.

Megan: Lets see what it can do.

Megan fired a beam blast from her blaster arm and it was a blue energy ray. Cynthia dodged it and it hit the wall and exploded.

KRABOOOOMMM!

Me: Wow!

Lincoln: What power!

Janeen: Megan that was awesome!

Dana: It sure was.

Cynthia: That suits power is impressive.

Me: It sure is.

Cynthia picked up a couch and threw it.

Lori (dodges a couch thrown by Cynthia): This is why I intended on throwing a sophisticated party!

Laney: Lets not mention that now Lori.

Cynthia: Look, I know you and your friends are worried about Nelson. But he was picking on Howard and several others. He got what was coming to him.

Spidey: You just worry about yourself. We're gonna be keeping on eye on you.

Cynthia (frowns): Maybe this is something you would like to take up with me personally.

Future William: (Offscreen) Looks like the party is just starting.

Future William and Future Maria arrived and with them were 5 kids. 2 girls and 3 boys.

Me: Future William and Maria. You arrived just in time.

Varie: Who are these 5 with you guys?

Future William: These are our kids. The twin girls are Janet and Gisele. And the boys in order are Keith, Paul and Jean.

Maria: Aw! My future kids are so cute!

Me: They sure are.

Janet: And check this out!

Janet fired a blast of water from her hand and put out the fire caused by the explosion.

Me: They inherited your powers Maria.

Paul: We sure have.

Me: Come on guys. Lets show Cynthia that our power is a force to be feared.

I go Super Angel and Ben became Ultimate Wildmutt.

Ben: ULTIMATE WILDMUTT!

Howard: Is there anything I can do to help?

Ultimate Wildmutt: I think you've done enough already. (charges at Cynthia)

Howard: Look, you guys have every right to be angry.

Lincoln: We were angry at Scarecrow for traumatizing Lori. We were angry at Teridax for making Nico hallucinate the Digimon Emperor. Right now, we're furious!

Howard: All I wanted was to be popular.

Gamora: And you think trusting the word of a crooked employee was the right way to do it?! You're lucky you're not in jail right now!

Ben reverted back.

Ben: What if someone had died tonight, huh? Big deal right? Because that's on you. If you had died, we feel like that's on us.

Me: Guys lets worry about that later.

I bashed Cynthia in the face and kicked her in the chest and Lincoln electrocuted her with lightning.

But Cynthia was really tough.

Howard: Cynthia stop! Can't we work something out?

Cynthia: Howard don't you understand? I was created for you.

Howard: I know but people change. Synthoids get reprogrammed. These things happen. We can still be friends.

But Cynthia did not like that one little bit.

Me: Oh man!

Cynthia: Friends? Friends!?

She had electricity spiral all over her.

Maria: WELL, NICE GOING, HOWARD! YOU JUST HAD TO TELL CYNTHIA THAT YOU TWO CAN STILL BE FRIENDS! NOW

WE'RE DEAD BECAUSE OF YOU!

Me: Not yet! Lisa now!

Lisa got behind Cynthia and shut her down.

Me: Good work Lisa.

Lisa: Thank you.

We picked up Cynthia and left. But we gave Howard one last glare before we did. It was our way of saying "Don't let this happen again or else." We programmed Cynthia and made her a better being. She was now nice, extremely helpful, caring and more.

Cynthia: Thanks for reprogramming me Lisa.

Lisa: My pleasure Cynthia.

Cynthia: I may have been built for Howard but I was letting my emotions take control of me like that.

Lisa: I know.

We then returned to our normal stuff.

THE END

Batman Beyond's episode Terry's Friend Dates a Robot was a strange and awesome one. I thought Cynthia was a cool girl and a robot all together. But she was only on for one episode. Shame. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Radioactive Turtle Brothers

It starts in the city. We were walking home after fighting some strange ninjas. We were covered in blood, motor oil and had wires on us.

Me: Boy whoever those ninjas were, someone trained them really well.

Nico: Yeah. They put up one amazing fight.

Lana: But most of them were all robots.

Lola: Yeah. But we won against them.

Megan: They did put up an amazing fight.

Lisa: Affirmative.

Suddenly we saw four strange figures head down a sewer hole.

Me: Whoa! Did you guys see that?

Lana: Yeah! They went down the sewer! That's so cool!

Nicole: (on Radio) Nicole to Dad do you copy?

Me: J.D. here Nicole.

Nicole: There's some strange activity going on in a sewer system below your position.

Me: We'll check it out Nicole. As much as we don't like it we'll do it.

Nicole: Okay. Be careful.

Me: Got it. Guys we're heading down into that sewer. I know it's gross but come on.

Lola: As much I as won't like it but okay.

They agreed and we climbed down. Our auras were protecting us from the germs and filth down in the sewers.

Me: Wow. It's like a cave down here. A cave of filth.

Lana: I like it.

Lincoln: Only you would like being in the sewers Lana.

Lola: She practically lives in filth.

Megan: No kidding.

Me: Shh. I hear something.

I put my hand to my ear and we heard clattering down a tunnel and we go down and found much to our shock an awesome lair.

Me: Wow!

Inhabiting the lair were four humanoid turtles and they were ninjas.

Me: Oh wow!

Lana: It's the Teenage Mutant Ninja Turtles!

Leo: Whoa dudes it's Team Loud Phoenix Storm!

Me: That's right dudes. Leonardo, Raphael, Donatello and Michelangelo. Honor to meet you all dudes.

Raph: You two J.D. We heard so much about all of you.

Mikey: You guys are awesome!

Lincoln: We heard all about how you guys are battling the forces of the ruthless and powerhungry Shredder.

Me: Yeah. We killed a bunch of ninjas earlier and they were dressed in these strange black suits. They had this symbol on them too.

I show them the symbol on the belt of one of the ninjas and they recognized it.

Leo: That's the symbol of the Foot Clan.

Donny: They are led by the Shredder and he has a lot of men under his control.

Me: I heard about his evil deeds and how he wants to kill everyone and you always stop him.

Raph: Yeah! He needs to be destroyed but our code won't let us do so.

Lana: I know your code. Live by the code of the martial arts; never fight unless someone else starts. Always stay together no matter what; when all else fails then it's time to kick butt!

Turtles: YEAH!

Mikey: You know our code guys.

Me: It's a very honorable code.

Lola: How did you guys become this way?

Leo: We were ordinary turtles from a pet shop. During an accident we were swept down a sewer with our master and a container full of ooze.

Me: So you were mutated by Radioactive Mutagenic Ooze.

Donny: That's exactly right J.D. It made us into what we are and we fight to protect our friends and those we care about.

Me: Your cause is perfect. Your code may not allow you to kill the Shredder but you have the next best thing: us.

Nico: That's right. We'll kill the Shredder in the future and make him pay for everything he has done to you guys and more.

Lincoln: That's right.

?: I'm glad you think so.

A woman came out of the tunnels and it was the turtles friend and helper April O'Neil.

Me: April O'Neil of Channel 6 news.

April: That's right J.D. It's an honor to meet the world famous leader of Team Loud Phoenix Storm.

Me: Pleasure is ours.

Nico: Same here.

Master Splinter: I'm glad you all are acquainted.

We saw Master Splinter. He was an anthropomorphic rat.

Me: Master Splinter. (Kung Fu Bow) It's an honor to meet you.

Master Splinter: It is an honor to meet you too J.D. We heard so much about you members of Team Loud Phoenix Storm.

Me: We get that all the time. And just so you know we would never do anything to fellow protectors of the city. It goes against our code.

Master Splinter: We are grateful for that J.D.

Me: You're welcome. And you can't live in the sewers like this all the time.

Lana: He's right. How would you all like to live with us in my greenhouse jungle in Team Loud Phoenix Storm estate? This way you can meet all my friends and my family.

Master Splinter: We would be honored.

I then sensed trouble brewing.

Me: Uh oh. I sense trouble.

I use my powers and found some strange robots robbing a bank. I immediately knew what the robots were and who they belonged to.

Me: Uh oh. Baxter Stockman's mouser robots are robbing a bank.

April: That man just won't quit!

Megan: Is he someone you know April?

April: Yes. I discovered his plans the first time and I was about to expose his plans but he sent his mouser robots on me. He was originally building his Mouser Robots to solve the city's rat problem but they are actually used for his criminal activity. He works for the Shredder and the Foot Clan.

Megan: I hate this guy already.

Me: Just what the universe needs. Another Mad Scientist running amok and causing trouble. April you know where he's at right?

April: I sure do. I'll lead you to him and I can get us passed his security.

Me: Okay. Lets take this guy down.

?: I want to help you too.

A ghostly figure came in and it was a girl that was like Martian Manhunter. It was M'gann M'orzz A.K.A. Miss Martian.

Me: M'gann M'orzz A.K.A. Miss Martian. It's a pleasure to meet you.

Miss Martian: You too J.D. Uncle J'onn told me so much about you.

Me: I had a feeling he would. We greatly appreciate it.

Miss Martian: Lets get him.

Me: Right. Guys lets get this dirtbag. COWABUNGA!

Everyone: COWABUNGA!

We set out for the labs of Baxter Stockman.

---

In his lab Stockman was laughing maniacally.

Massive explosions were felt in his building. Then a massive fiery explosion blew apart the door and in came us.

Megan (coldly): Dr. Stockman.

Stockman: H-How'd you all get in here?

Michelangelo: Dude, we dealt with your security lots of times. They were pretty easy to deal with.

Stockman: Good point. But what do you freaks want?

Megan: We hear lots of things coming out of this part of the city. Some we don't mind, like the turtles getting accidentally pulled into the future. Others, such as you committing crimes with your Mousers, we hate. (sees Stockman about to grab his cell phone) Oh, and don't bother reaching for your phone. There are six ways we can kill you where you stand before you even get to it.

Stockman: Look, I had to make money somehow-

Leonardo: Don't try to lie yourself out of this. You had this coming for a long time. You tried to kill us, April, and Casey with your Mousers and Foot Tech Ninjas in the past. And you've also helped out the Shredder and the mob with their crimes using your inventions.

Stockman: Ok, I won't deny that. But look at me! Haven't I been punished enough for that?

Megan: The way we see it, you haven't been punished enough! We heard that the Shredder escaped from that asteroid he was stranded in and that you and Hun are working for him. But don't worry. We'll deal with both of them in the future. You could've used your technology to help people. Instead, you use your inventions to harm innocents. And now… you're gonna pay.

Me: You're all washed up Stockman. You will pay for your crimes.

Miss Martian: That's right.

She fired a laser blast from her eyes and destroyed his phone and the controls for the mousers.

Megan shot a blast from her blaster arm at Stockman, blowing his hands off and making him scream in pain.

Megan: You're a scientist, right? Well, a scientist can't work without hands.

She then grabbed Stockman's robotic head.

Megan: That big brain of yours isn't so much help now, is it? When you try and harm innocents, you should always be careful for the day of reckoning that comes for you.

Megan crushed Stockman's head with his brain inside and dropped the remains of his robotic body to the floor.

Me: Nice work Megan.

Megan: Thanks J.D.

Lana: Aren't you shocked that you made your first kill?

Megan: No. This guy deserved it. He was a menace to all of the world and he deserved it.

Me: Well said Megan.

Miss Martian: If you need consoling you let us know okay?

Megan: Thanks M'gann.

Miss Martian: You're welcome.

Donny: I managed to reprogram all of the Mouser Robots and they now work for all of Team Loud Phoenix Storm.

Me: Awesome job Donny.

Nico: Your genius knows no bounds.

Donny: Thanks guys.

Then his evil spirit appeared.

Nicole: (Offscreen) Mad Scientists like you have no place in the world we protect.

We saw Nicole.

Nicole: (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

His evil spirit went into the Book of Vile Darkness.

Nicole: Another Mad Scientist down the drain.

Me: Yep. Well done Nicole.

Nicole: Thanks Dad.

We went back to the estate. The Turtles and Splinter were shown their new home. Laney built an awesome plant home for them. Also we made a nice home for their friend Casey Jones, a vigiliante who despises the most ruthless, savage, bloodthirsty and murderous gang in all of Gotham Royal York with a terrifying vengeance: The Purple Dragon Gang. They are number 2 on the TMNT and TLPH's hit list.

---

At the McAllister's new home Megan broke the news to her family and we were there with her.

Kate: So you just killed Baxter Stockman?!

Megan: Yes. I did. I was shocked at first. And I'm not proud of myself for it. But I'm glad he's dead now.

Jeff: You can't be serious! There could've been another way to deal with him. You should've just sent him to one of your prisons!

Megan: Why? So he can break out again? The way I see it, me killing Stockman was the best way to keep everyone safe from him.

Raphael: I agree! Personally, I'm glad that loser's dead now!

Donatello: And I got to reprogram some of his Mousers for our side.

Peter: Well, alright. I guess I see your point.

Megan: Now, if you will excuse me, I have to talk to Cornelia on the phone.

Linnie (Megan's about to leave the room): You never listen to us anymore! Never! I don't know why we even tried making you into something you're not!

Megan: Yeah, because I'm a troublemaker just like Kevin, right? And it's actually the other way around. You three are the troublemakers. The two Christmases that we had? You three were the ones who bullied Kevin so much that it drove him to be by himself and at the mercy of the Wet Bandits. The Jeff, Linnie, and Buzz that I grew up with weren't like that. They were kind, nice, and supporting of me and Kevin. They were the best siblings I ever had. But you know what I just learned? You three aren't those people anymore. And you haven't been for a long time.

Buzz: Megan-

Megan: We've said all that needs to be said, Buzz. We may be out there, but we're not out there as a family. Every story needs a villain. I'm sorry that you, Linnie, and Jeff see me and Kevin as the villain in yours. (leaves the room)

Nico: Are you three happy now? Have you finally punished Megan enough just for being a good sister to Kevin? Because you've finally driven her away. Kevin might still be willing to fully forgive you three. But Megan's finally given up on you guys. I just hope it was worth it.

Me: I agree. Your actions towards Kevin have been completely reprehensible and you're already on thin ice enough already as it is.

Raph: He's right. I may be hotheaded but even I have my limits.

Mikey: Yeah. Kevin is a great kid. He even likes how we fight and protect others.

Me: Just remember guys. Everyone but Kate and Peter, this is your last and final warning.

We left.

Megan: Maria, please don't tell me that I was out of line back there.

Maria: No. I'm actually proud of you for saying all of that to Buzz, Linnie, and Jeff.

Megan: Thanks Maria.

Megan went back to her room.

Cornelia: I'm really sorry that things are that bad between you and your other 4 siblings, Megan.

Megan: It's not your fault. Buzz, Linnie, and Jeff just never seem to learn.

Cornelia (sighs): Things here in Heatherfield aren't much better. Will's mom found out about her bad grades in school and now she's considering on transferring her and Will back to Fadden Hills!

Megan: Ok. Based on what you've told me, there's only two solutions for this problem. The first option is to go to Will's mom's office and sabotage the transfer request somehow.

Cornelia: What's option 2?

Megan: Option 2 is to convince Will's mom to stay in Heatherfield.

Cornelia (smiles): Thanks, Megan! I'll suggest those options to the others ASAP. Though they might go for option 2.

Megan: No problem, Cornelia. Talking to you really cheered me up.

Cornelia: You're welcome Megan.

Megan then got ready for bed.

Teenage Mutant Ninja Turtles have been a great show for me since I was a little kid. I've known the movies from the 1980's and they were awesome! My favorite series of that franchise is 2003's version. I don't know the full extent of the series but it is awesome and 2003's version was awesome! From February 8, 2003 to March 27, 2010 it was awesome! NicoChan11 gave me the ideas for this one. Let me know what you all think.

See you all next time.

TMNT Series is owned by Kevin Eastman and Peter Laird

# Saiyan VS Metallo

It starts at the estate. We were watching TV when suddenly we heard the younger Powerpuff Girls scream in distress.

Me: Uh oh!

Blossom (Adult): Our younger selves are in trouble!

Varie: Can you find out where they are Blossom?

Blossom (Adult): I sure can.

The adult Blossom scanned the city with her super vision and found their younger selves in the capture of the comic book geek Lenny Baxter.

Blossom (Adult): Not him again.

Rachel: Who Blossom?

Blossom (Adult): His name is Lenny Baxter and he is a huge collector of Powerpuff Girls merchandise. He has every single bit of merchandise we have honoring us.

Bubbles (Adult): Which is mondo creepy.

Buttercup (Adult): Last time we faced him he kidnapped us and imprisoned us in indestructible action figure packages.

Aylene: Does he have any powers or anything like that?

Blossom (Adult): No thank goodness. He's all human.

Me: At least he doesn't pose that much of a threat.

Zoe: Thanks goodness. Otherwise he would collect all of us.

Me: The thought of that makes my stomach cringe.

Lincoln: So how are we gonna deal with this guy?

Luan: Let me handle that. I have a good prank that'll distract him long enough for us to rescue the girls.

Connor: I have a feeling I know what you are going to do Luan.

Luan: Yep. With this.

Luan pulled out a bottle and it said "Deadly Lax" on it.

Lisa: Ooh my concentrated super laxatives.

Luan: That's right Lisa. He is gonna have a nasty bowel movement by the time we're done with him.

BUM BUM BUMMM!

We set out for the city.

* * *

Scene turns into the Gotham Royal York Skyline.

PPG Narrator: The City of Gotham Royal York - and the younger Powerpuff Girls are in trouble because of the comic book geek Lenny Baxter.

Lenny was relaxing and enjoying a nice soda. He was admiring his entire collection of everything from the Powerpuff Girls including his recent "acquirement." The younger Powerpuff Girls themselves. As he was getting some lunch, Luan grabbed his soda and spiked it with a powerful dose of the lethal concentrated laxatives. His bowels are gonna be in for a rude awakening.

She put the drink back on the table and he came back unsuspecting of the torture about to come onto him.

He drank the soda and ate his lunch. 10 minutes later he felt a massive bowel movement.

Lenny: Uh oh!

He rushed to the bathroom and we heard his farting.

Me: Wow. That is some powerful stuff.

Luan: It sure is.

Me: The police are on their way and he's going back to prison for the rest of his life.

Luan: Yep. Lets take all his stuff as trophies.

Me: Good idea Luan and I found the girls already.

I saw the younger Powerfuff Girls in their packages on the top shelf and I ripped them open and they were free.

Blossom (Younger): Thanks J.D. We owe you guys one.

Me: No problem Blossom.

Bubbles (Younger): That was so funny how you did that to him Luan.

Luan: Thanks Bubbles. He is going to have a nasty surprise is prison. And bowels all. (laughs to rimshot) Get it?

We all laughed.

PPG Narrator: (Laughs) And Bowels All! That was too funny!

The police came and arrested Lenny Baxter as he was on the toilet. Lenny Baxter was thrown back in prison where he belongs. This time for life without parole in the Antarctica prison. He had a nasty black eye courtesy of Megan who punched him in the face.

PPG Narrator: Well it looks like this criminal has been collected and put back into his own box. A box that won't be opened for a long, long, long time.

---

But on the other side of the city, something more evil was brewing. As Lois Lane was working on her latest story in the Daily Planet, a figure swooped in and kidnapped her.

Back at the McAllister home next to the estate,

Kate: Well, since you all stopped Lenny Baxter, we should go to Burpin Burger to celebrate.

Buzz: I'm up for it. What about you, Megan?

Megan (coldly): Sorry to disappoint you. But I already made plans to meet Lois Lane in Metropolis for lunch. (leaves)

Linnie (to the others): If you guys want to step in and help us out, feel free to do so.

Jeff: Heck, some advice would be good right now.

Raph: We really don't got any. Did you expect her to just wait around for you three to get over yourselves? Did you think that it was easy for me to get over myself whenever I throw one of my tantrums?

Leo: Raph's right. You three created the mess. So you guys need to clean it up.

---

Megan was on her way to meet Lois. But she had no idea that she was about to encounter an incredibly sinister plot.

Cornelia's voicemail: Hi! This is Cornelia Hale! I'm either in school, ice skating, or at the mall shopping for clothes. Leave a message!

Megan: Hi, Cornelia. It's me, Megan. If you get this message, then I tried to call you only for you not to pick up. Please call back. Bye! (hangs up)

But then she heard a scream and she saw Lois on the roof of a tall building.

Megan: Lois!

She put on her suit and flew up to the building roof and she saw Lois Lane being held hostage by John Corben A.K.A. METALLO!

Megan: I know you! You're John Corben!

Metallo: That's right my dear. But I've been turned into Metallo because of Lex Luthor.

Megan: Let her go you freak!

Metallo: Never! And don't even attempt to stop me.

Megan: You monster!

Metallo (holding Lois hostage): Your friends have gotten in me and my group's way for the last time! And now, Miss Lane is going to pay for it!

Megan (angrily): What do you want, you maniac?!

Metallo: I want Lex Luthor and Garfield Lynns released from their prisons in 5 hours. Otherwise, this will be the last day of Little Lois' life!

Megan (Metallo tightens his grip on Lois): Alright! I'll tell my friends about your demands. Just don't hurt her anymore, ok?

Metallo (Megan runs off): Hurry, little hero! The clock's ticking! (laughs evilly)

Megan was in a desperate situation.

* * *

Back at the Estate we were watching TV when Megan came in panting in urgency.

Me: Megan what's wrong!?

Megan: Lois was kidnapped and is being hostage by Metallo!

We gasped!

Nico: So Metallo did survive our fight.

Megan: If I don't do as he says he's going to kill her!

We gasp again.

Me: Now lets remain calm guys. What does he want?

Megan: He wants Garfield Lynns and Lex Luthor released from their prisons in 5 hours or he will kill Lois.

Lincoln: He can forget that. Lex Luthor is in a prison all the way on the very distant edge of the entire universe.

Me: I know.

Megan: How did John Corben become Metallo?

Me: I can answer that.

I pull up his info on the computer.

Me: After Kal-El A.K.A. Superman defeated John Corben the first time, his body was being destroyed by a terminal viral disease called Orozco's Retrovirus. There's no cure for it and it's 100% fatal. It's a virus that's only native to an island in the southern Atlantic Ocean off the coast of South America. So the prison doctor Dr. Vale who worked for Lex Luthor in secret got him out of prison when he fired missiles at the prison and Corben escaped. Lex Luthor used him in an indestructible robot project called Metallo and it made him completely indestructible to time and the elemental forces of nature. His power source is a chunk of Kryptonite in his chest that acts as his heart. But because of his new abilities as a cyborg, he can't feel anything, taste anything, smell anything the works. But he still has all his emotions and personality.

Nico: And then I beat him in the Philippines in my fight with him. He gave me one big run for my money. He was an extremely formidable adversary and it took every ounce of my Saiyan powers to defeat him.

Me: I'm not surprised. He wants to get Lex Luthor to make him stronger than ever so he can be rebuilt and made stronger than ever so he can have his revenge on you and Superman. You up for a rematch with him Nico?

Nico: I'm always ready for anything J.D.

Me: We'll attack him when Superman gets Lois out of there. He's on his way now. Lets roll!

Megan: I got to take care of something first.

We set out for the city and Megan went to her home.

---

Megan was not happy with her family.

Megan: Buzz, where were you, Jeff, and Linnie when I called you?

Buzz: It's a long story.

Megan: No, Buzz, it's a rather simple story. I called you when Metallo attacked but you didn't pick up. And now, Metallo has Lois as a hostage! You guys are gonna have to do better than 'it's a long story'!

Jeff: We couldn't have been there anyway.

Megan: You three didn't know that when you didn't answer. While you three were busy doing who knows what, I was trying to keep Lois safe! You know, I thought we could do this. I thought we could hate each other, not trust each other, and still be in Royal York together. But it's clear we can't. Something has to give here.

Linnie: We spent the last few days trying to make amends with you and Kevin. But you two didn't want to hear it.

Megan: Is that really a surprise after how you treated Kevin the last few years? Tell me. What am I to you guys?

Buzz: What do you mean?

Megan: Are we even family anymore? Because you three don't treat me and Kevin like it. Kevin is obviously my family. I still consider Mom and Dad family. J.D. and the others became family when they put the Wet Bandits away. Even Cornelia is considered family to me and she's all the way in Heatherfield. At one point, I knew without any doubt, you guys would have my back, anytime and anywhere. But it's been a long time since I felt like that. Somewhere along the way, you three changed and I barely even recognize any of you as the siblings I grew up with. I don't know who you three are anymore. Something has to give here. And the state of our family and Lois' life depend on it!

Superman: If the three of you really want to make amends, then you can help us stop Metallo.

---

We came in undetected and low and snuck up to the building Metallo and Lois were on.

Vince: So what's the plan partner?

Me: We stay here for now. We wait until Kal gets Lois away from him.

Superman was flying over the city and he saw Lois in the chair. He swooped in and punched Metallo in the face and carried her away.

Me: Now!

We went to the building and got onto the roof.

Spiderman and Agony fired webbing at him.

Spiderman and Agony: LAVENDER WEB ENSNAREMENT!

The webbing tied up Metallo.

Nico: Corben!

Metallo saw Nico and he smiled.

Metallo: Nico Chan. Its been a while my friend.

Nico: It has been a while. I see you're still ticking even after I beat you in the Philippines.

Metallo: Yes. That fight was a memorable one. We fought each other with everything we had and you still came out on top.

Nico: We Saiyan's are just as strong and resilient as Kryptonian's.

Metallo: So I can see. You are just as worthy an opponent as Superman is. But lets see if you are just as fast.

He broke out of the webbing and opened his chest and fired a focused Kryptonite laser at Superman and he dropped Lois and they both fell. But just as Nico was about to save them both, an owl suddenly swooped in and it hit Lois and destroyed her bindings and she sprouted wings and flew in the air.

Lois: What happened?

She saw that she was floating high above the streets of the city.

Lois: What the?

She saw the wings and gasped.

Lois: I'm flying!

She then saw Superman fall by her.

Lois: Superman!

She flew down and grabbed him and carried him with one arm on her shoulder.

Me: Nice save Lois!

Megan: Way to go Lois!

Nico: Corben lets do this. And for the record, I'm not the same as I was when we fought the last time.

Metallo: Oh? And how do you figure that?

(Goku's Super Saiyan Theme plays)

Nico had lightning arch around him and his aura turned golden yellow.

Nico: HAAAAAAAAAAAAAAAAAAAAAA!

He went Super Saiyan.

Nico: I'm now far more powerful than ever when we fought last time. I'm now a Super Saiyan.

Metallo: So you changed your hair. Don't think that you can beat me because it's different.

Nico: Try me.

Metallo then set his sights on Megan and went at her. But then Megan got a surprise shock when she saw Buzz, Linnie and Jeff standing ready to protect her.

Metallo: You brats better get out of the way!

Buzz: Fat chance, metal mouth!

Metallo: You three are really trying to get yourselves killed, are you?

Linnie: We don't care about what happens to us! But we're not going to let you kill Megan! She's our sister!

Jeff: And we're her family! (looks down) Even though we haven't acted like it. The three of us acted like real jerks to her the last few weeks. So if anyone deserves to get killed, it should be the three of us.

Metallo: That was a good speech. It would almost bring me to tears. Too bad I don't have any left to shed! (fires Kryptonite blast)

Nico blocked the Kryptonite blast and punched him in the face with devastating force and sent him crashing through 4 buildings. Nico teleported and grabbed him and sent him into a nosedive. He flew away and Metallo crashed into the ground with incredible power.

KRABLAM!

Metallo got up and he saw Nico standing and he was not in the least bit exhausted.

Metallo: How can this happen to me!? How can I be made a weakling by the same person twice!?

Nico: Because you only care about no one other yourself.

Megan: Lets use our combo on him.

Nico: You got it Megan.

Megan fired a hyperbeam and Nico fired a Kryptonite laser like Metallo did.

Nico and Megan: KRYPTONITE HYPERBEAM!

The blasts combined into a deadly laser and it hit the Kryptonite chunk in his chest and shattered it into a thousand pieces.

Nico: Corben I know you can't feel anything or have anything to eat or drink but J.D. has the power to do anything. He can help you get your humanity back before that virus destroyed your body.

Metallo: How?

I fly to the site of the fight. I fixed everything with a snap of my fingers.

Me: Corben I want to tell you something. We would've never been able to fulfill your demands in the first place.

Metallo: Why?

Me: Because A: Lex Luthor is in another prison located at the very distant edge of the entire universe and traveling faster than the speed of light to get there would take 12 hours to get there and back. And B: Lex Luthor died on the journey there. He had a bad case of Kryptonite Poisoning.

Superman: It's true Corben. He carried with him a chunk of Kryptonite for a while and it poisoned him. He was given 2 weeks to live.

Me: He had an incurable and terminal form of blood cancer caused by extreme Kryptonite Poisoning and it killed him before he got to the prison. When we removed the suit that kept his disease in remission it relapsed with a vengeance.

Metallo: I can't believe this!

Me: But all is not lost Corben.

I snap my fingers and John Corben was made human again. He was back to what he was before he became Metallo. He took a big breath of fresh air in for the first time in a while.

Corben: I… I can breathe again!

He went to a flower shop and smelled roses.

Corben: I can smell!

He went to a grocery store and took a bite out of an apple and tasted it.

Corben: I can taste! I have everything back! I'm human again!

Me: That's right. I used my powers to give you back your humanity.

Nico: But you still have to answer for your crimes.

---

Megan was back home and she was happy that her siblings came to her aid.

Megan: That was very brave to protect me like that.

Buzz: Well, when your family's about to get killed, you tend to do very heroic things.

Megan: Look, I said some things before over the last few weeks-

Linnie: And you were right. We haven't been good siblings to you or

Kevin. And it all started during the first time the Wet Bandits attacked.

Jeff: We're really sorry about all of this. Everything that's gone down between us… it's on the three of us.

Megan: I have some blame in it, too. I could have talked to you guys calmly instead of letting it build up to this point. But that doesn't mean we can't make things better between us.

They agreed.

---

John Corben was given Life Without Parole in the Antarctica Prison and because he likes everything luxurious we gave him the Presidential Suite. It was loaded with all the rich qualities and all the comforts of a multi-million dollar home. He was having a really nice luxurious dinner. After being a robot for a long time he had a huge case of the munchies.

Corben: I'm surprised I even got this Presidential Suite cell even after all the crimes I've committed.

Nico: Well, all of those crimes never would've happened if Luthor hadn't infected you with that disease. So we've decided to be lenient towards you and give you this cell. And just be glad you don't have to share a cell with Lenny Baxter.

Corben (confused): What's that supposed to mean?

Nico: You don't want to know.

Corben (shrugs): Well, I guess I can live with this cell for now. It's going to take a long time before I can get myself adjusted to being a member of the Human Race again. Especially since I had that robot body for so many years. (smirks) For what it's worth, when you see Felix Faust, you should ask him about what happened to that Paul kid. I think you'll be happy to hear what he tells you.

Nico: I have a feeling I already know what happened to him. That little sociopathic freak deserved it.

Corben: True.

Nico: Enjoy it here though Corben.

Corben: Thank you Nico.

He left and Corben was happy that he was human again. But he has all the time in the world because he's gonna be in the Antarctica prison for a long, long time. Lois got her powers because of the Owl of Athena - The Greek Goddess of Wisdom. Megan reconciled with the rest of her family. But Kevin is gonna take a little bit longer for that to happen.

THE END

Another Fanfiction Complete.

Metallo is one of my favorite supervillains in all of Superman's adventures. And surprisingly he's one of the villains of Superman that I feel sorry for because Lex Luthor robbed him of his human senses and feelings. All he had was a chunk of Kryptonite for a heart and no sense of feeling at all. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Journey Into The Underground

It starts on the planet Vormir. It was the planet that was home to the Soul Stone, the Orange Infinity Stone. With us in chains were Bad Lois and Peter Griffin.

Me: Here we are guys. (To the viewers) You all are probably wondering why Bad Lois and Peter Griffin are all chained up and here on the planet Vormir. Well we're here to get the Soul Infinity Stone and that stone requires for us to sacrifice a person in order to get it. Normally it says that in order to get the stone we have to sacrifice those that we love the most. But I managed to find a loophole in the stones test. If we sacrifice the most evil of souls to the cosmic entities that guard the stone we get a free pass. Also we're sacrificing them because we ran out of ideas for them. It's a shame really. But it was fun while it lasted.

Stewie: I'm gonna miss our monthly humiliations.

Nico: Me too. But all good things must come to an end.

Vince: That's right.

We walked up to the alter and Peter and Bad Lois on the edge of the cliff.

Stewie: Goodbye, "Peter". Things could've been so different between us.

Peter: You really think so?

Stewie (grins evilly): No. But why speak ill of the dead?

Me: Give our regards to the Devil when you see him.

Bad Lois: You will pay dearly for this J.D.! All of you! We will come back from Hell and make you pay for your crimes!

Me: Not bloody likely.

Stewie pushed them over and they fell to their deaths and they died instantly.

Cosmic Entity: The stone is now yours J.D. Knudson of Team Loud Phoenix Storm.

Me: Thank you.

The Soul Stone was ours.

Me: We got it guys. Lets head home.

We did so and went back home to Earth.

* * *

Megan was talking to Cornelia.

Megan: So how's your vacation with your friends and Irma's family, Cornelia?

Cornelia (sighs): It could be better. A lot of bad things are happening and I think my friends are causing all of it. Sometimes, I wonder if we're even friends anymore.

Megan: Look, Cornelia. Maybe you should calm down and talk to Irma, Will, Taranee, and Hay Lin about what's going on. Don't make the same mistakes I did. I almost pushed my siblings away before I made up with them. If I hadn't, my siblings would've been out of my life for good. Don't push your friends away or one day, without realizing it… you'll be alone, holding onto something that doesn't exist anymore.

Cornelia: Thanks, Megan. You're a true friend.

Megan: You're welcome Cornelia.

We came back and I put the Soul Stone in the safe with the Power and Reality stones. The Cosmic Cube is also the Space Stone, the Blue One. Who knew? We have four Infinity Stones in our possession. All that's left to find before we kill Thanos are the Mind Stone - the Yellow one, and the Time Stone - the Green One.

Me: Two more stones to get and then we can go after Thanos and kill him.

Lincoln: Yep. Watch out Thanos. We're gonna be coming for you in the future.

Me: Yep.

Suddenly I felt a huge energy signal coming from the turtles home.

Me: Wow. What is that I'm sensing?

Lincoln: I don't know but lets find out.

We went to the turtles home and we saw Donatello working with two strange glowing blue crystals. Nicole was with him.

Me: What are those crystals you have there Donny?

Donny: These are special crystals that are from a mysterious underground city we visited a while back and the people that live there use them to prevent them from turning into monsters.

Me: How exactly did that happen to them Donny?

Nicole: They were all kidnapped by the Shredder and his Foot Clan. They kidnapped several people and experimented on them and turned them into monsters. But Donny told me that these crystals have powerful regenerative capabilities and that can make them human again.

Donny: That's right J.D. I promised our friends in the Underground City that I would do everything in my power to find a cure for them.

Me: That's a heavy-duty task Donny. I have a feeling you can do it.

Donny: Thanks J.D. (Yawns)

Nicole: He's been up for days trying to find it and he tried everything to get the crystals to break down but nothing worked.

Me: Boy these crystals are powerful.

Lincoln: They sure look like it.

Me: Yeah. Nicole, lets let Donny get a little rest.

Nicole: Good idea dad.

Donny: Thanks guys.

Me: No problem.

We left and Donny took a little rest. In a dream, a woman told Donny to hear the crystal and he saw the answer.

Donny woke up.

Donny: The Crystal! Hear the Crystal! That's it! At least I think that's it. I got to get everyone!

He did so and we were in his lab so to speak.

Me: What's up Donny?

Donny: I've been doing some testing and I found out something interesting. The crystals react to sound. High frequency sonic disruption to be precise. That will cause the crystals to break down into their purest and simplest form.

We saw Donny expose the crystals to ultrasonic sound and they liquified.

Donny: They liquified.

Me: Wow! That is so cool!

Lincoln: It sure is.

Nicole: We have a solution!

Donny: And in this liquid form, we can administer a version of it like a serum. (Pours it into a vial) A cure. Our friends will be able to leave the underground city forever.

Laney: That is so cool.

Lana: This is gonna be interesting.

Raph: Way to go egghead.

Donny: I uh.. I'm not so sure I deserve all the credit. I kinda got the idea in a dream.

Natilee: That's understandable. Dreams have not only been known as visions into the future, but also ways to send messages and help people.

Me: That's right. Okay guys since you know where this city is located you all lead the way.

Leo: Right. We got to get back down there right away.

Donny: I've been working on that too.

He pulled out a set of blueprints and they were for a drilling machine.

Donny: It's a lot shorter if we go straight down.

We were shown an awesome drilling machine.

Donny: Ladies and Gentlemen and Mikey I give you the Turbo Tunneler.

Me: Wow!

Lincoln: This is so cool!

Lynn: It sure is bro.

Me: But all of us won't be able to fit in this thing guys.

Lisa: That won't be necessary 2nd Elder Brother. Follow me.

We followed Lisa to her lab and she unveiled a special drilling machine.

Me: Wow!

Lisa: Everyone I give you my special earth drilling transport the Gilgamesh.

(Think of a version of the drilling machine from At the Earth's Core in 1976 but with tank treads)

Me: This is so awesome!

Lincoln: Lisa you always come through for us.

Lisa: Aw shucks thanks Lincoln.

Me: Lets get ready guys.

Lynn: Just so you know J.D. Tara is on maternal leave from this.

Me: Thanks Lynn.

We head into the Gilgamesh and it was spacious enough for all of us.

Me: Okay. Lets get moving.

I fired up the machine and we followed the turtle brothers into the sewers. We went through a tunnel that leads into the sewers.

Donny: From here on out the ride gets a whole lot bumpier.

Me: Copy that Donny. Thanks for the warning. Hang on guys.

Donny turned on the drill and it had a laser drill.

We drilled deep into the ground and through the rock walls of an abandoned subway system.

We arrived into a huge cave.

Mikey: Are we there yet?

Mars: No! We'll tell you when we're there!

Me: Easy guys. We're almost there.

We followed the turtles and we went through a tunnel on a rock path.

Donny: Next stop, Underground City.

Me: Boy that was fast. Its only been 30 minutes.

Leo: Wait a minute. Isn't there supposed to be a light at the end of this tunnel?

We saw that the path up was dark.

We stopped next to the turtles and we saw the Underground City. It looked like an ancient and deserted place and smoke swirls were above it and it was surrounded by a huge lake of lava.

Donny: The Crystal Moon! (His brothers gasp) It's gone!

Me: I don't like the sound of that.

Laney: There was supposed to be a giant crystal moon up there?

Donny: Yeah.

Me: How in the world did it vanish like that?

Lola: Boy I don't know.

Donny: It's worse than that.

Lana: What do you mean Donny?

Donny: The Crystal Moon was the only thing keeping our friends from turning back into monsters.

Nico: This is really serious guys.

Sailor Mercury: I know.

We drove and followed the turtles and came across a blue four-armed beetle monster! It jumped onto the Turbo Tunneler and I fired a net from a cannon and pinned it down.

Raph: Nice save J.D.

Me: Thanks Raph.

We followed them some more and found a huge spider-like monster.

Me: That thing is ugly.

Lori: I'm sure glad Leni isn't here to see this.

Lisa: I second that firstborn elder sister.

It fired some purple slime from its mouth and covered the turbo tunneler and Maria got out and used her water powers to wash it off and I fired another net and pinned the spider creature down. We followed them and then we were grabbed and thrown into the lava. But thanks to some ultra powerful heat shields and armor we were okay.

Donatello: What? You think I wouldn't have designed this thing to withstand lava? What kind of idiot do you think I am?

Michelangelo: Are there different kinds?!

Me: Don't answer that question Mikey. But awesome job working on this thing Lisa.

We went into the city and it was an incredibly ominous and foreboding place.

Luan: This place really creeps me out.

Lucy: I would enjoy a place like this because of the darkness.

Laney: This place is so creepy.

Me: Lets remain strong guys.

Rocky: Good thing me, Kathy, and Sonia came with you guys.

Me: Good thing too Rocky.

We journeyed far into the city and we got a strong sense that we were being watched.

Raph: They're out there.

Mikey: Yeah. They're stalking us.

Me: Lets remain vigilante everyone.

We parked in front of the city center.

Lisa: Everyone don't worry. I packed us all something for this.

She separated the seat from the chair and it was now being worn as a backpack.

Lisa: Our seatbacks detach to become Techpack Units.

We press buttons on our seats and it was awesome.

Me: Very clever Lisa.

Lori: I could literally get used to this.

Laney: Me too.

Sailor Moon: This is very handy.

Donny: Yep. It has high tech weapon and survival gear.

Me: Perfect. Great minds think alike. Lets go guys.

Donny: And from the look of this place we're gonna need them.

We turned on our flashlights on our techpacks and Donny lead the way.

Donny: Okay. I need to find more crystals.

We heard a roar and we went into the temple. We found a crystal and Donny picked it up out of a statue.

Donny: It's a start I guess.

We went into another room and found a bunch of statues of ice.

Laney: What is this place?

Lola: I don't know but it gives me the creeps.

Luan: Me too. Even though I like Dark Humor. (Laughs) Get it?

Me: Love the jokes Luan but now is not the right time.

We heard a screech and it was coming toward us.

Raph: We got company.

Donny closed the temple door with the crystal and we got our weapons and powers ready.

The door was being melted with acid.

Laney: That is some strong acid.

Megan: Ok, I don't know if acid will melt my suit. But I don't plan to find out!

A blue insect monster busted through. It was one that Mikey knows.

Mikey: Quarry. Am I glad to see you.

Raph: Mikey look out!

It fired acid spit at us and we dodged it.

Raph: What's up with her?

Leo: It's like she don't remember us at all.

Lynn: That thing is a girl!?

Me: The absence of the crystal moon turned her into a mindless beast.

Laney: I got this.

Laney used her plant powers and restrained her.

Edzilla: PUNY UNDERDWELLERS WILL SURRENDER! OR ED WILL SMASH!

Eddy: I don't think she's going to stop Lumpy.

Donny: Keep her busy. I'm gonna try the antidote serum on her!

Me: Okay!

Mikey fired numerous nets at her but she burned them off with her acid spit. Mikey fired a lot of nets but then ran out of them.

Michelangelo: Nets! I'm all out of nuts!… I mean… Nuts! I'm all out of nets!

Raph: Relax goofball!

He fired stun blasters.

Laney: (Grunts) She's really strong!

Riley: Let me help.

Riley formed vines and tied her up.

Sailor Mercury: Lets use a combo and hold her off Donny!

Donny: Right!

Sailor Mercury: MERCURY AQUA RHAPSODY!

Sailor Mercury fired a blast of water from a harp made of pure water and Donny swung his staff around.

Sailor Mercury and Donny: AQUA STAFF PUSHBLADE!

He swung the staff and it formed the water into a wall of water and pushed her back.

Donny pulled out the serum from his techpack and put it in an auto injector. He went up to her and injected the serum.

Donny: Quarry! Stop it!

It was fully injected into her.

I sensed a disturbing scene coming.

Me: Uh guys you may want to cover your eyes!

Lincoln: Why?

Me: Trust me.

We did so and Quarry was a woman with blue hair and she didn't have any clothes on.

Sydney: (Groans)

She saw the turtles and us.

Sydney: You came back. I knew you would.

Me: Hold on a second.

I snapped my fingers and she had her clothes that she lost before on.

Me: That's better. Are you all right?

Sydney: Yes. Thanks to all of you.

She was fully cured.

Sydney: It's unbelievable.

Laney: I'm glad you're okay miss uh?

Sydney: Sorry I'm Sydney.

Me: It's a pleasure to meet you Sydney. You know the turtles but we should introduce ourselves. We are Team Loud Phoenix Storm. I'm J.D. Knudson, Leader of the team.

We introduced ourselves.

Sydney: It's a pleasure to meet you all.

Donny: Sydney what happened to the Crystal Moon?

Sydney: The Crystal Moon. It's all our fault. We were getting stir crazy trapped down here so we tried to find the cure ourselves. We used up a lot of crystals but it was hopeless. We thought perhaps a larger piece of crystal might work so we turned to the Crystal Moon.

---

Sydney: With the help of some explosive geodes we discovered in a chamber in the underground city, we had hoped to break off a sizable piece of the moon. But the geodes were more powerful than we had realized.

Sydney and a few people threw the geodes at the Crystal and they exploded with awesome power.

Sydney: The entire crystal fell from the cavern ceiling and sank beneath the molten lava!

The whole Crystal Moon broke off the ceiling and landed into the lava and sunk out of sight.

Sydney: Without the moons regenerative power we instantly reverted back into monsters. Savage. Mindless. Fighting amongst ourselves and lashing out at anything that moved!

They changed back into the monsters we saw and encountered and they were savage and brutal and completely out of control. Turning the underground city into Hell under the Earth's crust.

FLASHBACK ENDS

Sydney: But now that you've cured me, you can cure all of us. We can all go home.

Me: I'm glad we did but we only had enough of the serum for one.

Donny: I wish we came back earlier.

Sydney: Donny, don't blame yourself for us turning back into monsters. If anything, it's our fault.

Me: No it's not Sydney. Sometimes desperation can cause people to do strange things.

Donny: Yeah. I only had enough crystals for one vial of serum. I never expected to find a shortage of crystals down here.

Sydney picked up a crystal.

Sydney: With the crystal moon gone, all the crystals are dead.

Lynn: How are we gonna restore them?

Donny: We would have to raise the crystal moon from the lava to bring back the energy source.

Mikey: What are you talking about? That thing has to have melted away to nothing in that lava!

Donny: Not necessarily. The crystals are almost indestructible. They don't liquify from heat. They liquify from sonic vibrations.

Me: Yeah. Ultrasonic sound can do it.

Leo: Well if it's down there then we have to bring it back.

Me: And I know just what to do. We'll use the old block and tackle trick. Lynn will split the lava to form a path with her powers. Can you do that?

Lynn: I can do that.

Me: Okay.

Donny: We can use the crystal cable from the old underground tram to secure one end to the tram tower and the other to a sturdy rock ledge. It'll be a giant size variation of the old block and tackle.

Lisa: The ledge should provide us with good optimum leverage.

Me: I can attach the cable to the crystal.

Donny: Exactly. We can use the explosive geodes Sydney discovered to dislodge the tower from its foundation and topple it over.

Lori: It just might work.

Sydney: This is a good plan.

Me: It is.

Sailor Mercury: And if any of the other monsters try to attack we can hold them off.

Nico: Good thinking.

Me: Okay. Lets do this!

We got ready with our plan. It was gonna be a risky one but it will work.

Me: Okay lets do it!

Lynn split the lava like Moses did with the water in the Red Sea in the Book of Exodus in the bible.

Me: Great job Lynn.

I took the crystal cable and went down the path. It was like walking through a highway from Hell.

Sydney: I know he can do it.

Roaring was then heard and everyone saw 6 more monsters.

Varie: Here they come guys!

Laney: Lets get them!

They went at them and it was a powerful fight.

Varie fired a blast of water at Stonebiter.

Sailor Mercury: Lets use our combo on them Donny.

Donny: You got it Sailor Mercury.

Sailor Mercury: SHINE AQUA ILLUSION!

She fired a blast of water and enveloped Donny in it and it formed into a suit of awesome water armor.

Sailor Mercury and Donny: WATER TIGER ARMOR WARRIOR!

Donny: Aw this is awesome!

Sailor Mars: Lets do the same guys!

Sailor Moon: Right.

Sailor Mars: MARS CELESTIAL FIRE SURROUND!

Sailor Mars fired rings of fire and they enveloped Raph and it formed into a suit of fire armor.

Sailor Mars and Raph: FIRE PHOENIX ARMOR WARRIOR!

Sailor Moon: MOON GORGEOUS MEDITATION!

She fired shards of light at Leo from her scepter and they covered him and formed into an awesome suit of light armor.

Sailor Moon and Leo: LIGHT DRAGON ARMOR WARRIOR!

Sailor Venus: VENUS LOVE CHAIN ENCIRCLE!

The chain wrapped around Mikey and formed into an awesome suit of armor for him.

Sailor Venus and Mikey: EARTH TURTLE ARMOR WARRIOR!

(Note: I based the armor combos off of the 4 Guardian Beasts of Japanese Mythology and they represent the 4 cardinal points. They are as follows.

Genbu the Black Tortoise of The North - Mikey

Seiryu the Blue Dragon of The East - Leo

Suzaku the Vermillion Phoenix of The South - Raph

and Byakko the White Tiger of The West - Donny.)

Lucy: Those armors are wicked.

Sydney: They sure are. All of your power is absolutely amazing.

Lana: We don't like to brag Sydney but thank you.

Raph, Sonia and Sailor Mars fought Razorfist and a red monster, Rocky, Leo and Sailor Moon fought with the spider beasts and Donnie, Leo, Kathy and Sailor Venus fought Stonebiter another Cyclops. Kathy, Sonia and Rocky were in their monster forms and fired webbing at a spider monster and went to go help Sailor Venus and Mikey. Edzilla fought and smashed the monsters.

Edzilla: EDZILLA SMASH MONSTER!

Down in the lava I got to the Crystal Moon and wrapped the cable around it.

Me: Okay guys the cable is wrapped around the crystal moon!

Varie: Okay. Fire in the hole!

Lori flew up to the tower and fired a sonic blast from a clap of her hands and the exploding geodes exploded with awesome power!

KRABOOOOOOOOOOOOOOOOOOOOMMMMM!

The tower fell and snagged the cable and I was on the crystal as it was lifted out of the lava and it glowed and emitted a bright light. Everyone reverted back to human again. Razorfist was actually named Roy, Stonebiter was actually named George, the blue spider was actually a woman named Nanette, the spider monster was really a woman named Sheila, a red monster was named Max and the brown cyclops monster was named Ken. We gave them their clothes and we administered the cure and they were rid of their curse so to speak. On the surface Sydney and the people saw the light of the sun for the first time in so long.

Sydney: I forgot how beautiful it was.

Me: I know. But I'm glad we could help you all. We were told about what the Shredder and his foot clan did and I promise you Sydney, we will make that monster pay for everything he has done. That is a promise.

Sydney was in tears and she hugged me.

Sydney: Thank you J.D. and thank you Donny and brothers for everything.

Donny: You're welcome Sydney.

Me: If you ever need anything let us know.

Sydney: We will. But I decided to live with you all.

Me: If that is your choice then we won't stop you.

Sydney was so happy.

Me: I'm glad we cured them all.

Donny: Yes. I fulfilled my promise to all of them.

Me: You sure did man. Lets do a cowabunga guys.

Mikey: You know it dude!

All: COWABUNGA!

We went back home to the estate. Sydney had her own aquarium room. It was perfect for her. She also decided to train with us so she can help us take down the Shredder.

Another Fanfiction complete.

Return to the Underground was one of my favorite episodes of

2003's TMNT and it was awesome! NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Let me know what you all think.

See you all next time.

# Planet of The Xenomorphs

It starts with the U.S.S. Valor flying through space.

Me: Captain's Log, Stardate 2532.8: We have just received a distress signal coming from a planet located 12 light-years from Earth. Sources tell us it's a terraforming colony from the 22nd Century that somehow came here from that time and it was invaded by a mysterious alien presence. We are going to investigate and destroy it.

Lincoln: I hope the planet we're going to will be a good one.

Laney: We won't know until we get there.

Me: Yeah.

* * *

In her room on the ship Megan was talking to Cornelia. The U.S.S. Valor can send and receive calls from any distance away in the universe.

Megan: So Elyon's missing? Again?

Cornelia (sadly): Yeah. And this time, I don't know where she is. I'm think that this time, there's no way I can find her again.

Megan: Look, Cornelia. J.D. and Team Loud Phoenix Storm never gave up against impossible odds. So you shouldn't give up on finding Elyon. You found her once. So you can do it again!

Cornelia (smiles): You know what? You're right! I mean, what kind of person would I be if I just gave up? Thanks, Megan!

Megan: No problem. (hangs up)

Caleb: You know, I'm actually looking forward to meeting this pen pal of yours.

Cornelia: I'll gladly introduce you to her when she eventually comes here, Caleb.

Caleb: I'm also looking forward to meeting J.D. in the future. The stories of his adventures reach even Meridian.

Cornelia (smiles): Why am I not surprised?

* * *

On the bridge we were watching on the screen our travels through the stars. With us was Jaime Reyes A.K.A. the Blue Beetle.

Me: So Jaime how did you get your powers that enable you to become the Blue Beetle?

Blue Beetle: I got them because of an artifact I got called the Scarab. It enables me to get an insect-armor suit and with it I have super strength, speed, durability, can form my arms into swords and blasters and even fly with insect wings.

Me: That is so cool!

Blue Beetle: It sure is.

Lisa: J.D. it appears we have arrived at our destination.

We arrived at the planet where the distress signal came from. It was a planet called Acheron. It was a barren wasteland planet and it looked deserted.

Blue Beetle (sees the strange planet for the first time): Great. I figure, why not meet Team Loud Phoenix Storm and go with them on an off world mission? And this is what I find.

Me: I got a very bad feeling about this guys. This place is loaded with an incredibly evil and dark presence.

Lucy: I feel it too.

Samus: I hope you don't mind that I leave my armor behind for this mission. I want to show you what I can do when I'm not suited up.

Vince: We don't mind Samus.

Janeen: Yeah mom. You look awesome.

Me: Lets head down and check it out.

We beam down to the planet. We were in the colony. The halls of the colony were filled with an extremely evil presence.

Me: This place has seen better days.

Shego: Either something big happened here or this planet has terrible taste in decoration.

Me: I can feel it. Stay alert everyone.

Agony: In the entire history of having bad feelings, the one we're having right now is the worst.

Leslie: I have a really bad feeling guys.

We walked down the hall and then we found a man on the ground and he was exhausted. He was awake and conscious.

Me: Sir? Are you all right?

Man: No. You have to kill me.

Me: Why?

Man: There's something inside me. You have to…

He then suddenly was in excruciating pain as his chest thrusted forward and then he screamed in pain and suddenly a creature exploded out of his chest in a mess of blood and gore and it was screeching. We backed away in fright.

Everyone gasped in sheer horror.

Me: WHAT THE (CENSORED)!

I fired an energy blast and obliterated the man and the creature.

Gamora: Oh no.

Drax: What is it?

Gamora: I've seen this before! Seemingly harmless eggs. People being killed from inside their chests.

Star Lord: Care to share with the rest of us, babe?

Gamora: There's only one kind of species that's done this. And if I'm right, none of us are safe!

Me: I know this species too. I saw it in a movie series I know all too well. It's the Xenomorphs!

We all gasp!

Cody: I know the Xenomorphs all too well.

Ronnie Anne: You saw them?

Cody: I sure did R.A. It was back when I was training with the Yautja's. They explained to me the full lifecycle of the Xenomorphs. They start out as harmless eggs and when they hatch they go into the larval stage called Facehuggers and they latch onto that creatures face and when they latch on, they latch on tight and don't let go. And they lay the embryo in the hosts aorta. The Facehugger dies afterwards and when the embryo is fully developed it turns into a little Xenomorph called a Chestburster. It's called that as we have just seen. When the Xenomorphs are full adults they adopt that hosts characteristics and intelligence.

Lori: That is literally disgusting and horrifying.

Luna: No kidding dudes.

Lincoln: We have to destroy these freaks!

Ben: Guys, we can't let those Xenomorphs reach Earth. If they do, they'll kill everyone in Gotham Royal York!

Me: It wouldn't just be Gotham Royal York, Ben. It would be everyone on Earth.

Laney: It would be the end of the world.

Rocket: When we get back to our ships, let's blast those freaks sky high!

Me: I plan to.

Sydney: Was I always that disgusting as Quarry?

Leo: Actually, no. Unlike the Xenomorphs, you retained some of your humanity.

Lana: Where do the Xenomorphs come from?

Cody: They come from the planet Xenomorph Prime. It's a planet located in the galactic center.

Me: Near the forbidden zone as I call it. Also from what I remember the Xenomorphs don't like fire. And we can't cut them with our swords. Their blood is highly acidic and it can burn through anything in seconds like highly concentrated sulfuric acid.

Cody: The Yautja's have a special vision that can flush out the Xenomorphs.

Me: Good thinking Cody. From what I remember they can't be detected with Infrared Vision.

Cody: That's right.

I used my Yautja powers in my Ultimate J.D. form and turned my vision into a new kind of vision. It was green and I saw glowing figures in the walls.

Me: Wow. They're all over the place.

Suddenly a Facehugger jumped up and just as it was about to latch onto my face my aura of fire flared up and incinerated it into ashes in an instant.

Me: Wow! Our powers protect us from them.

Lincoln: That's awesome!

Me: Come on guys! Lets kill some Xenomorphs!

Everyone: Yeah!

Ben became a Yautja.

Ben: PREDATOR!

Me: You look awesome as a Yautja.

Predator: Thanks.

We went down the halls and we were shooting and blasting Xenomorphs everywhere left and right.

Carmen (incinerates Xenomorphs left and right): BURN IN HELL, YOU (censored) FREAKS!

Maria turns into her water form.

Maria: Ok. If I'm in my water form, then the Facehuggers won't be able to attack me.

Me: Good thinking Maria.

The fight was getting more intense as blood and guts and acidic blood was splattering everywhere and burning everything it touched. Along the way Laney was taming Xenomorphs that looked like different animals and even some that looked like dinosaurs. She tamed a rhinoceros, bull, mantis, whale, crocodile, shark, tiger, panther, killer crab, gorilla, bear, ox, triceratops, tyrannosaurus, pterodactyl, apatosaurus, arachnid, swarm, hydra, elephant, dragon, and many different types of Xenomorphs including a Queen Facehugger. They turned into a really awesome armband on her left elbow.

Lea: Well, I guess some of the Xenomorphs aren't that bad.

Francis: Just as long as they only kill our former fellow villains.

Me: We won't let that happen to you guys but that will happen to them.

Suddenly we heard a little girl scream coming from down the hall.

Me: Uh oh! Come on!

We ran down the hall and heard gunshots firing.

Me: Looks like we're not the only ones here.

Carol fired King Ghidorah's Gravity Lightning and killed four more Xenomorphs and destroyed 5 eggs. We saw a woman with black hair and she was highly armed. She was trying to free a young girl trapped in webbing. Jared went over and helped her.

Jared: Are you okay?

Ripley: Yes. I'm Ellen Ripley and you are?

Jared: I'm Jared Knudson. We can explain everything later.

Newt: I'm Newt. We have to go!

Me: I know!

Suddenly explosions rang out.

Me: This whole place is gonna blow!

Ripley: We have 10 minutes to get out of here. Grab onto me Newt!

She did so.

Me: Hurry!

We ran fast and then we ran into a room and we saw lots of eggs everywhere. We had inadvertently wound up in the central nest. We saw a huge oviroster and it laid another egg and we saw where it lead to and it lead to a huge Xenomorph. It was the XENOMORPH QUEEN! It was the ugliest and biggest one of them all and the level of pure evil coming off of it was absolutely unbelievable. It revealed her face and it hissed at us with pure ferociousness.

Me: It's the Xenomorph Queen.

Lucy: Her thought patterns are pure evil.

Shannon: That is one ugly creature and it is worse than the Devil himself.

Queen Xenomorph: (Telepathically to me) **You humans always have been a huge problem for my kind and my children. That woman has been the primary cause of my races pain.**

Me: I don't understand you. Why do you want to destroy all life in the universe? What have we done to you that would cause you to hate everything in the universe?

Ripley: Who is he talking to?

Jared: The Queen Xenomorph is talking to him telepathically. She talks to her kind through her mind.

Queen Xenomorph: **You are indeed correct Jared. You have come here to kill me and my children.**

Jared: What you are doing to all life in the universe is wrong on so many levels.

Queen Xenomorph: **We are proud of it. We want to replace all life in the universe with our kind as the superior species in the universe.**

Me: You're a monster! A true devil!

Jared: It's time to burn!

Me, Jared, Lola, Aylene, Sam S.L., Suzie, Carmen and Ripley fired blasts of fire at all her eggs and lit them all on fire. The Xenomorph Queen screeched as her children were being destroyed. Xenomorph Warriors came and Carol fired Godzilla's atomic ray and Ripley blasted them to pieces with her machine gun. Lincoln and Ripley fired energy blasts and grenades into the Xenomorph Queen's oviroster and blew it apart. Sydney slashed the eggs apart with her new Star Sword and the acid blood didn't affect the blade or melt it.

Meta Knight: Does a beast like you have no honor?!

The Xenomorph growls.

Sydney: Apparently, it doesn't.

They both slashed them apart.

Carmen: You like that you freak of nature!?

Suzie: This will teach you!

Spiderman fired webbing and tied them up and Blue Beetle fired energy lasers.

Spiderman: Lets use our combo Jaime.

Blue Beetle: You got it Peter.

Spiderman fired webbing and Blue Beetle fired an energy laser.

Spiderman and Blue Beetle: ENERGY WEB DESTROYER!

The blasts combined and turned into a blue energy spiderweb and entrapped some of the Xenomorphs and incinerated them.

Bai Tza fired blasts of water and washed the eggs away and squished them. Shego fired blasts of green fire and incinerated more eggs.

Bai Tza: Lets use our combo Shego.

Shego: You got it.

Bai Tza fired water and Shego fired green fire.

Bai Tza and Shego: ACID TSUNAMI MAELSTROM!

The blasts combined and turned into a tsunami of sulfuric acid. It melted most of the eggs and burned the queen.

Francis and Lea fired more fire.

Francis and Lea: SOLAR FLARE FIRESTORM!

Their fire combined and incinerated and burned the eggs and the queens oviroster.

Samus: Lets see how you like this! ZERO LASER!

She jumped up onto a tall metal post and fired a huge blast from her blaster.

Meta Knight: DARKNESS ILLUSION!

Meta Knight grew an extra pair of wings, lifted his sword, and summoned a lightning bolt that created a cross-shaped burst. He trapped the Queen in it and slashed her many times at different angles and finished her with a powerful hit that separated her from her oviroster and sent her crashing into the wall and Me and Jared fired an enormous blast of fire and incinerated her into ashes in an instant.

Ripley and Newt were amazed at the level of power we had and how we overwhelmed the Queen.

Me: That did it. Lets go!

We went and got out of the nest and went to the ship.

Me: Nathaniel beam us all up! Hurry!

Nathaniel: You got it grandpa! Energizing now!

We were teleported onto the ship.

---

Once on the ship we readied the planet destroying superlaser.

Lisa (about to push button): Alright. I'm going to fire the laser in 3..2… -

Rocket (scared out of his mind): PUSH IT! FOR THE LOVE OF ALL THAT'S HOLY, JUST PUSH IT!

Me: Rocket get ahold of yourself! (Presses button) Burn in Hell monsters of the Universe!

The laser fired as the entire facility exploded with the power of 40 megatons of TNT and the whole planet exploded with incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire planet was completely obliterated in an instant and there was nothing left of it.

Me: Good riddance to bad rubbish and we saved the entire universe from a nasty threat.

Varie: We sure have.

Stewie (disgusted): They won't hurt anyone, anymore

Leo: Those aliens were disgusting.

Gamora: For once, you're not hurling Facehuggers at us. How about we keep it that way?

Me: We will. They sure put up a good fight though.

Sydney: They sure were.

On the ride home we did a thorough scan and we were clear of Xenomorph's. No infection or anything. Ripley told us what she went through when she fought the Xenomorphs in the year 2122 the first time.

Me: You fought the Xenomorphs before?

Ripley: Yes. It was back in the year 2122. I was on a research station called the USCSS Nostromo. We found the aliens when we received a transmission from the planet LV-426. We crash landed and explored it and we found the eggs. It hatched and a Facehugger latched into our executive officer Kane and infected him. As we ate our meal we saw him convulse and he died after a Chestburster exploded out of his chest.

Me: And things went to Hell for all of you.

Ripley: Yes.

Lori: That is literally a nightmare.

Kate: It's just as bad as what I went through in Antarctica.

Me: No kidding. And we destroyed the very planet you went back to just a few minutes ago.

Ridley: What year is this by the way?

Me: It's December 2018. You've gone back in time somehow from 104 years into the future.

Ripley: We'll have to adapt to it.

Newt: I'm just glad it's over.

Ripley: Me too.

We arrived back on Earth and got Ripley and Newt settled into our estate. It was good for Ripley and Newt. We turned the planet Xenomorph Prime into the ultimate death sentence. It was located 25,000 light-years away from Earth and we were only going to use it on the most evil of all criminals. And we had a lot of them on Death Row. BURN IN HELL! Also to make sure that the Xenomorph's never terrorize or harm any more planets in the galaxy ever again, we created a special containment zone called the X.Q.Z or Xenomorph Quarantine Zone. This zone prevents the Xenomorph's from escaping and harming and terrorizing planets across the galaxy.

The Alien Movies were awesome! Sigourney Weaver did an awesome job in all four movies from 1979, 1986, 1992 and 1997. She was awesome in those movies as Ellen Ripley. Those Xenomorphs were really ugly creatures and they were not only amazing but they were also really UGLY! I've always loved the toys from Kenner Toys when they made different versions of the Aliens. I got the other ideas for some of the aliens from drawings in art. They were awesome! Sigourney Weaver was also in 2003's Holes and 2009's Avatar. She was awesome in those movies! She was also in the movie Galaxy Quest with Tim Allen. NicoChan11 gave me the ideas for this one. Thanks man as well and I'm sorry if you got scared because of this. Let me know what you all think.

See you all next time.

# Slaying The Purple Dragons

It starts at the Estate. I was in the attic looking through some things when I stumbled onto a box.

Me: Hey what's this?

I pull down the box and in it was my old toys.

Me: Hey it's my Aliens toys. (To the Viewers) These toys were given to me as a hand-me-down from my sister Jayme. She used to play with them all the time when she was younger.

I take the box down to the living room.

---

In our interrogation room Kevin (EEnE), Duncan, Casey and Francis were interrogating a member of the Purple Dragons.

Kevin (Ed, Edd N Eddy): Alright, dirtbag! Tell us about Hun!

Thug: I don't know everything about him myself. Some people say that he grew up in a bad neighborhood. Others say he's an ex military officer gone rogue. Me? I think he's always been a crime boss before joining the Shredder.

Duncan: We want facts, not folk tales! What's he up to?

Thug: He plans to ship out all the weapons that we have packaged all over the world. That way, the Purple Dragons will be able to take over the world by storm!

Francis: Alright. Where is he now?

Thug: Oh no! I'm done talking! Hun's a merciless boss, man! I squeal and I end up in a body bag!

Casey: If you don't squeal, we could all end up in body bags!

Duncan: So tell us or else!

Thug: Okay! He's over at our hideout in an alley in an underground chamber! He's getting everyone ready for a big attack!

Casey: Where is it at?

Thug: Between the jewelry shop and the library.

Casey: You've been helpful. Get him outta here.

The police took him away.

Casey: Now we can go kill every single one of the Purple Dragons.

---

In the living room I brought the box in.

Me: Hey guys I have something awesome for us.

Lincoln: What is it J.D.?

Me: This box is full of toys my sister handed down to me. Look.

I pull out my Aliens toys.

Lincoln: Wow! Are those toys from?

Me: Yep. These toys are from the movie Aliens. They are action figures. And I figured we could play together.

Laney: This is so cool!

Lana: It sure is.

Me: Lets see how strong they are when Ace Savvy faces them.

I had my octopus arms ready and Newt was Ellen and Hicks. Lincoln and his sisters and Clyde were Ace Savvy, One-Eye Jack and the Full House Gang.

In the comic book world it was gonna be a rough fight we were fighting our toys. I was imitating the screeching and roaring of the Xenomorphs.

Ellen: Hey that is really good J.D.

She was reading the newspaper.

Me: Thanks Ellen. How are you feeling after what happened?

Ellen: Much better J.D. It'll take some time to get back on our feet but it's great to be safe from the Xenomorphs.

Me: You said it. But Cody is the real hero.

Cody: Why me J.D.?

Me: Because you told us what the Xenomorphs were and you told us how they live and all that.

Cody: Well I can't argue with that.

---

In Megan's room, Megan was talking to Cornelia.

Cornelia: So, Duncan, Francis, Casey, and Kevin are forming their own gang to fight back against the Purple Dragons?

Megan: Yep. Casey says it's going to be a temporary gang until the Purple Dragons are defeated. But just in case, me and Jen are going with them to make sure they're safe.

Cornelia: Good thinking. Good luck against those thugs, Megan.

Megan: Thanks. I'm going to need it. The Purple Dragons are the most dangerous and most ruthless and brutal gang in all of Gotham Royal York.

Cornelia: Whoa! If they are that bad then you're gonna need all the help you can get.

Megan: Good thinking. Thanks Cornelia. (Hangs up) Time to get ready.

Back in the living room we were still playing with our toys when Casey came in.

Casey: Hey guys.

Duncan: We got news for you guys about the Purple Dragons.

Me: What do you got?

Duncan: Hun and the Purple Dragons are planning to take over the world by shipping all kinds of weapons all over the world. The thug we interrogated says it'll help them take over the world by storm.

Casey: That's right.

Me: We have to stop them at all costs.

Casey: We called ourselves a temporary gang called the Antipode Club.

Varie: Nice name.

Me: Well lets get them guys.

Everyone: YEAH!

Duncan: Check out the flag we made.

Duncan showed us a black flag and in it was the Purple Dragon symbol and a no sign was over it.

Me: That flag is awesome guys! It's perfect. Lets roll!

We set out for the heart of the city.

* * *

Two of Hun's purple dragons were watching a Youtube video where Peter Griffin is dancing to Surfin Bird. The two of them were laughing when Hun came into the room.

Hun: What do you two think you're doing?

Purple Dragon #1: Nothing, boss.

Purple Dragon #2 (minimizes the window): Yeah. We're just taking a break.

Hun: Well, if you want to take A BREAK, then WAIT UNTIL THE END OF THE DAY! YOU AREN'T PAID TO WATCH VIDEOS WHEN YOU ARE SUPPOSE TO BE WORKING! SAVE THE VIDEO WATCHING FOR YOUR OFF TIME. DO I MAKE MYSELF CLEAR?

Both Purple Dragons: YES, BOSS!

Hun: NOW GET BACK TO WORK!

Both: RIGHT AWAY, BOSS! (they both get back to work)

They went out to the alley and they saw Jen in new biker clothes.

Purple Dragon 1: Hey babe. Looking hot.

Jen: Don't call me babe buster.

She punches him in the face and she saw his Purple Dragon mark.

Jen: You're one of the Purple Dragons.

Purple Dragon 2: That's right. Now you come quietly or things are gonna get ugly for you.

Jen (takes off her black jacket and her black sunglasses): I don't want my jacket and sunglasses getting destroyed during my transformation! (screams in pain)

Jen's height increased as her clothes got tight. Her purple and green shirt stretched to its limits before it ripped to shreds. Her legs got stronger as her growing feet ripped out of her brown bicycle boots. Her blue jeans tore off and fell to the ground in a pile. Jen could feel her humanity fading away as her She Hulk side came out.

Jen (her muscles increase): TIME FOR ME TO HULK ON OUT!

It seemed as though Jen was finished transforming only for her hair to get longer. It turned green along with her skin. With that, She Hulk stood in the spot where Jennifer Walters was before and roared to the heavens.

She-Hulk: You picked the wrong lady to mess with.

She pounded and pulverized the two Purple Dragons into dust and beat them practically to death.

We all arrived and killed them in a blast of fire.

Me: Scratch two Purple Dragons.

She Hulk closed her eyes and screamed in pain. Her height decreased as her legs got smaller. Her feet shrank as She Hulk felt her humanity come back.

Jen: I just hope my jacket and sunglasses are ok.

It seemed as though She Hulk was finished transforming only for her hair to get shorter. It turned back to black as her skin reverted back to its original color. With that, Jennifer Walters stood in the spot where She Hulk was before and braced herself on the wall.

Megan (concerned): Does the transformation really hurt that much?

Jen: I'm gonna need to get used to it over time.

Me: We'll figure something out Jen.

Maria gave her back her coat and sunglasses.

Jen: Thanks Maria.

Me: We got a nest of Purple Dragons to kill.

Raph: Lets get those clods.

Me: Lets go!

We went down the alley the thug said and Casey searched for a button and he found one on the wall and a door opened up.

Me: This is it guys. We slay the Purple Dragons.

We went into the hideout and in a big room we saw all of the Purple Dragons gathered together and Hun was giving a speech.

Me: Here we go guys. Let the skies rain Purple Dragon blood.

We had energy blasts ready.

Hun: And we're gonna kill anyone tha…

KRABBBBBOOOOOOOOOOOOOOOOOOOOMMMMMMMMM!

A massive fiery explosion blew apart the wall and sent most of the Purple Dragons flying and they crashed into the wall behind Hun. We jumped out of the flames and stood ready to fight them.

Me: You dragons have tormented the entirety of our city for far too long! It's time for you all to die!

We had our flag ready and it showed that we were there to destroy ALL of the Purple Dragons.

Leo: I just hope all of this is worth getting killed, Hun.

Hun: The chance to kill you freaks is always worth it.

Donnie: I don't get it. You found out that the Shredder was an Utrom before. So why still work for him?

Hun (smirks): The Shredder and I share a common interest: a hatred of you Turtles!

Me: After we kill all of you we're gonna make the Shredder pay for everything he has done to this planet and kill him too.

Laney: So you all better say your prayers.

Me: Because we're sending you all straight to Hell! Lets kill them all!

We went at the Purple Dragons.

Hun: Get them!

The Purple Dragons charged at us.

WARNING: THIS BATTLE IS GONNA BE EXTREMELY GORY AND LOADED WITH CARNAGE! READ AT YOUR OWN RISK!

---

We unsheathed our swords and the battle was extremely gruesome and savage. I slashed a man open and disemboweled him and lots of blood poured out of him as he was holding his intestines and I take my 50 Caliber gun and blew his entire head off his body. Splattering his blood and brain matter all over the floor and walls. Lincoln fired a blast of lightning and electrocuted some men and it caused them to explode all over the place as blood, guts and gore. Lola fired numerous fireballs and they hit several men and caused them to explode. Splattering their blood and guts all over the floor and walls. Lana formed spiked ice balls and threw them and they flew at some of the men and women faster than cannonballs and they hit their chests and flew all the way through them with devastating force as they blew apart their insides and splattered them everywhere. Laney had her plants eat numerous men and women and spit out their blood and guts and they fired acid and melted them until they were piles of slop. Red Hood threw shuriken at the men and stabbed their heads and he pulled out a dagger and slashed their heads off and squished them. Splattering blood and brain matter everywhere on the floor. The Punisher was blasting their heads off with his guns and slashed their heads off with knives and squishing them as well.

Duncan (stabs goons with hook): YOU WANT SOME OF THIS! OH, MAYBE YOU'D LIKE SOME TOO?! HOW ABOUT YOU?!

Duncan was killing Purple Dragons left and right.

Red Hood (kills goons with pistol): I hope all of the Purple Dragons in New York are in this building!

Punisher (shoots goons with guns): These scum remind me of the Kingpin's men, but more dumber.

Red Hood: Lets use a combo on them Frank.

Punisher: You got it Jason.

They combined their daggers together into a deadly drill.

Punisher and Red Hood: CARNAGE DRILL SHREDDER!

They ran at several Purple Dragons and their attack shredded them apart and splattered their blood and guts all over the place. Megan fired Hyperbeam Blasts and blew apart numerous men and women and splattered them all over the place. She did a Screw Attack and splattered them all over. It was raining blood and guts everywhere. WarKevin was smashing skulls and heads all over and bashing his fists all the way through several peoples heads.

Megan (bullets bounce off harmlessly off of her suit): Wasting your ammo, fellas! This suit can't be hurt by bullets!

WarKevin: Lets use a combo on them Megan.

Megan: You got it Kevin.

Megan morphed into a ball and Kevin formed a lightning rope from his repulsers and hooked it onto Megan.

Megan and WarKevin: ENERGY HAMMER-THROW WRECKING BALL!

WarKevin swung Megan in her ball form around and smashed the men and women and splattered their blood and guts all over the place.

Casey was slashing apart numerous Purple Dragons and splattering their guts everywhere and She Hulk was smashing her fists through them and killing them. But they just kept on coming.

She Hulk: Lets use our combo Casey.

Casey: You got it!

Casey held out 2 Hockey sticks and She-Hulk ran. Casey was on her shoulders and they ran fast.

Casey and She Hulk: BEHEADING CLOTHESLINE SLASHER!

They both slashed numerous heads off.

I was slashing numerous men and women apart and blowing them all apart at a vicious rate.

Me: You Purple Dragons make me sick!

BANG! SLASH!

I was bisecting them, beheading them and slashing them and blowing them apart at a powerful rate and Francis was punching kicking and incinerating them at a powerful rate. There was only a few of the Purple Dragons left.

Francis: Lets finish them with our combo.

Me: You got it Francis. Hun is mine.

Francis: Right!

Francis and Me fired blasts of fire at the remaining members of the Purple Dragons.

Me and Francis: WRATH OF THE FIRE DRAGON!

The blasts of fire combined and turned into a powerful dragon made of pure fire and incinerated all of the members of the Purple Dragons into nothing but ash and incinerated all the dead members we killed. All that was left was Hun.

Me: Now it's just you and me Hun. You will pay for everything you've done you heartless monster!

Hun: As it was decided. You ruined everything we did.

Me: SHUT UP YOU (CENSORED)!

I go Super Angel.

Me: Now you die!

We went at eachother yelling at the top of our lungs. We crashed into each other and engaged in a brutal and ferocious fistfight. I punched Hun in the face and kicked him in the stomach and kicked him in the face and chopped him in the arm and broke it. But he was strong and he punched me in the mouth and knocked out some of my teeth and punched me in the stomach and kicked me in the face and he went at me and punched me in the stomach with devastating force. I belched out a lot of blood onto his face and it burned him.

?: Let me help you J.D.

We saw a woman come and it was Mari McCabe A.K.A. Vixen.

Me: (Spits out blood) Mari McCabe A.K.A. Vixen. It's a pleasure to meet you.

Vixen: You too J.D. The Justice League told me so much about you.

Me: I had a feeling they did.

Vixen: Let me do some damage.

She activated her charm and she had the strength of 10 elephants and she punched Hun all over and he belched up a huge amount of blood. She activated the speed of a cheetah and went at him with incredible speed and kicked him in the face.

I got up and kicked him in the face and punched him in the face and grabbed him and threw him through the wall.

Then Hun got up and mercilessly and ruthlessly pulverized me into next week. (Think of how Kid Buu mercilessly pulverized Vegeta in Dragonball Z)

He bashed me in the back of the head and mercilessly punched and kicked me all over and thrashed me everywhere.

Raph punched Hun off me.

Raph (hits Hun with sais): I'm really gonna enjoy watching the others kill you, Hun! You had it coming for a long time!

Hun ran and got passed Raph and went at me.

He punched me again and got his hands around my neck.

Hun (starts to choke me): Any last words, Knudson?!

Me: (Choking) Just 7…

I plunge my hand deep into his chest and he screamed in pain as I grabbed his heart and rip it right out of his body as it was still beating.

Me: GO (CENSORED) YOURSELF AND BURN IN HELL!

I crush the heart and it exploded all over the place and Casey used his Hockey Stick as a makeshift scythe and slashed Hun's head off and killed him instantly.

Casey (to Hun's dead corpse): That was for my father, you scumbag!

Hun's headless and heartless body fell onto me.

Me: (moves Hun's dead body off of him) Cutting a little close, don't you think, Casey?

Casey: Oh, c'mon! I couldn't find any nearby guns. I had to improvise!

Me: Yeah. That takes care of the Purple Dragons. Their reign of terror has been silenced forever.

Donny: You said it.

Laney: We practically turned their whole hideout into a sea of blood.

Me: No kidding.

My accelerated healing made me better in an instant. I fired a blast of fire and incinerated Hun.

Francis: Ok, now that Hun's dead, we can officially disband the Antipode Club.

Kevin: Not necessarily. It should be on hold for now. After all, Francis, you are still a part of the Redemption Squad.

Duncan: But if another gang like the Purple Dragons shows up, the Antipode Club will definitely return!

Then the spirits of Hun and all of the Purple Dragons appeared.

Hun: You will pay for everything you did to us!

Nicole: I don't think so you scum!

Nicole appeared and she pulled out the Book of Vile Darkness.

Nicole: You all are not welcome here on Earth or in the Afterlife! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Their evil spirits were sucked into the Book of Vile Darkness and sealed into it for all eternity.

Me: Enjoy the darkness Hun.

I then picked up Hun's severed head and skewer it with our flag and then I took the flag to the police station and we showed them what we did.

Me: Hey chief. I think you all will be happy to know that all of the Purple Dragons have been killed by us.

Our clothes were torn and shredded but it was all worth it.

Chief: I can't believe it!

Officer 1: The Purple Dragons are dead!

Officer 2: Good riddance!

They cheered for all of us.

Chief: Great job Team Loud Phoenix Storm. Well done. We've been trying to kill the Purple Dragons for years. They are just as bad as all the terrorists we killed over the years.

Me: Wow! It looks like we did you all a favor.

Chief: You certainly did. Well done guys.

Me: Thanks Chief.

We made a replica of the flag and a plaster head and put it in our backyard next to our golden Saluk statue. Casey had gotten his justice for his father and the Purple Dragons had all been silenced forever.

Another Fanfiction Complete

The Purple Dragons of 2003's TMNT were the most ruthless and most dangerous gang of all time and they were so bad that they make even gangs and terrorists all over the world look like saints compared to them. I'm glad they are dead. NicoChan11 gave me the ideas for this one. Thanks for that man. As usual. Let me know what you all think.

See you all next time.

# Crisis on Dinosaur Planet

It starts with me, Vince, Carol and Lincoln walking home from the mall. We had lots of shopping bags full of clothes and accessories.

Me: Boy that's a lot of stuff we bought.

Carol: It sure is. But these clothes are perfect for all of us.

Vince: They sure are.

?: Hello Carol.

We saw a man around 20-years-old with black hair and green eyes and he was dressed in a blue shirt with the sleeves torn off and black camouflage pants and combat boots. He had the Punisher Skull tattooed on the middle of his forehead.

Me: Cory Slade.

Cory: Its been a while Knudson.

Me: I haven't forgotten what you tried to do Carol when we first met.

Vince: Who is that guy?

Me: You would hate this guy partner. His name is Cory Slade and he is Carol's ex-boyfriend.

Vince: Really? He looks like the kind of guy that would hurt anyone in any way, shape or form.

Me: He is. I looked up his information on the computer and he has a nasty criminal record that stretches back to when he was 8-years-old. I sent him to prison when he nearly killed a student at our school and got him expelled and sentenced to 10 years in prison for assault and battery. He was paroled recently.

Cory: Yes.

Carol: That's right. Before my split-personality problem I never even knew I was dating a criminal.

Cory: And you ruined my life J.D.!

Me: Because you are a heartless sociopath and you care about no one but yourself.

Vince: And besides you freak.

Carol and Vince show their wedding rings.

Carol: We're getting married soon.

Cory was shocked. Not only did Carol get engaged to Vince whom he had never even met but now he was engaged to his ex-girlfriend. Cory was enraged and he pulled out a knife.

Cory: (ENRAGED SCREAMING) I HATE YOU ALL! I WILL KILL EVERY SINGLE ONE OF YOU!

Our auras flared up and he charged at us and Carol kicked him in the face and he fell to the ground and Vince crushed his hand and picked up the knife. It was a Switchblade.

Me: You will never hurt anyone again.

The police arrived.

Officer 1: Cory Slade you are under arrest and in violation of your parole. It's back to prison for you.

Cory: No!

They grabbed him.

Officer 1: You're gonna get life for this and this time you won't get paroled.

Cory: YOU WILL PAY FOR THIS CAROL! I WILL GET OUT AND I WILL KILL YOU AND YOUR IDIOT FRIENDS AND CRONIES!

Vince: That'll be the day.

Me: Get him outta here.

Officer 1: With pleasure.

Officer 2: Lets go Cory.

Carol: Good riddance to bad rubbish.

Me: Yep.

Cory was sentenced to life in the Antarctica prison. He was declared a habitual offender and was ordered to remain in the Antarctica Prison without the possibility of parole.

Back at the estate we were having a snack and watching TV and reading books. Suddenly the computer popped up and a fanfare was heard and a holographic image of a humanoid dog appeared. It was General Pepper of the Cornerian Army in the Lylat System.

General Pepper: General Pepper here.

Me: (Salutes) General Pepper of the Cornerian Army! It's an honor to meet you sir.

General Pepper: It's an honor to meet you too J.D. Knudson of Team Loud Phoenix Storm. I have an urgent mission for you.

Me: What is it sir?

General Pepper: Your mission is to assist the Star Fox Team in helping to repair Dinosaur Planet, an ancient world on the edge of the Lylat System.

A model of the planet is shown and the planet had four chunks of it broken off of the planet.

General Pepper: As you can see, chunks of the planet are being torn from its surface. It's your job to get them back! If Dinosaur Planet explodes, it could affect the entire Lylat System. Your mission is to assist the Star Fox Team in helping to save Dinosaur Planet.

Me: Affirmative General. We're on our way.

General Pepper: Right. Pepper out.

Me: Lets head out! Deploy the U.S.S. Valor!

Lisa: Affirmative 2nd Elder Brother.

Me: Lets roll!

---

In Megan's room she was talking to Cornelia.

Megan: No way! You and the others are helping Irma organize a concert for Vance Michael Justin?!

Cornelia: Yep! It's not as exciting as it sounds, though.

Megan: Why?

Cornelia (annoyed): Irma is giving us too many orders in getting the concert ready! And let me tell you, it's driving us crazy! She's become a total control freak!

Megan: Well, here's what you should do. You should go to Irma and tell her that if she wants the concert ready, she has to stop being acting like a slave driver!

Cornelia (smirks): Now there's an idea! Thanks, Megan!

Megan: No problem! (hangs up)

Me: Megan we're heading out. We have a mission.

Megan: Lets do it!

We launched and headed for the Lylat System.

---

The U.S.S. Valor was flying through space with Faster Than Light travel.

Me: Captain's Log, Stardate 2549.3: General Pepper of the

Cornerian Army of the planet Corneria in the Lylat System located 92,000 light-years away from Earth has informed us that Dinosaur Planet is in great peril. Our mission is to find out who or what is behind this, destroy them and repair Dinosaur Planet.

Lincoln: This is gonna be so cool!

Lana: It sure is.

Nicole: I've known the Star Fox games for a long time. They are awesome.

Lily: I've never played the Star Fox Games before.

Nicole: They are awesome Lily.

Lincoln: They sure are.

Lucy: Who is the main bad guy in those games?

Me: Well the main antagonist is a mad scientist named Andross.

Lincoln: He is pure evil to the core.

Laney: I don't think I would like this guy.

Me: I know. Here's his story. Andross was once a very skilled and very respected scientist. He is a humanoid monkey and he helped invent lots of things that were incredibly beneficial for the planet Corneria and the Lylat System. This earned him the title of genius and a respected man.

Lynn: So all the people in the Lylat System are humanoid animals?

Me: Correct. But Andross grew mad with extreme powerlust and he began to conduct all kinds of insane and inhumane biotechnological experiments. The kinds that would put Dr. Frankenstein and Orochimaru to shame. When General Pepper got word of this, he ordered Andross to stop doing his experiments. But he refused and it caused a massive explosion that decimated much of Corneria City. As a result, General Pepper was infuriated and he banished Andross to the barren, uninhabitable and deserted planet Venom, the 1st and largest planet in the system. This was hoping that Andross would die there. But he was dead wrong. Venom quickly became Andross's base of operations. He performed experiments on himself and became a former shell of his former self and he went from being a benefiting scientist to one that will destroy the entirety of the Lylat System and reshaping the entire galaxy in his own image. But that's just the beginning.

Laney: How so?

Me: Well here's where things go from bad to worse. 5 years after that, General Pepper noticed strange activity coming from Venom. He sent the first ever Star Fox Team consisting of Fox's father James McCloud, his best friend and right-hand wingman Peppy Hare and Pigma Dengar who is an honorless slime ball to investigate what's going on. However upon their arrival, Pigma, who was working for Andross the entire time betrayed the team and James and Peppy got captured by Andross. At the cost of James' life he helped create a diversion to help Peppy escape from Venom and Peppy returned home to tell Fox what happened to him. But Peppy warned everyone on Corneria that Andross had amassed a powerful army with which he planned to use to conquer the entire Lylat System. Andross then declared war on the entire Lylat System and proclaimed himself as Supreme Emperor to all. Thus began a terrible war called the Lylat Wars. The Venomian Army was unleashed onto all the neighboring planets of the Lylat System. Destroying everything in their path and any rebellion was destroyed. This caused the Lylat System to nearly become a wasteland of near extinction. Corneria, the 4th planet of the Lylat system was the last hope of defense. Fox was outraged when he found out that the Cornerian Government couldn't do anything about it. So he left the Cornerian Academy to take care of it himself. Under Peppy's wing, he brought Star Fox out of retirement and formed a new team consisting of himself as Leader, Peppy Hare as Second in Command, hotshot pilot Falco Lombardi and mechanic Slippy Toad. They came to Corneria's aid without hesitation and ensured that Andross would be stopped and Pigma would be brought to justice.

Lily: Sounds like a huge task.

Me: It is. They beat all of Andross's forces and Fox faced Andross himself. It was a fierce battle and because of all the experiments that he did to himself Andross was nothing more than a huge disembodied head with two mechanical hands. Fox fought Andross in an intense battle and revealed his true form: a massive brain with 2 big eyes tied to him with energy strands. Fox beat Andross and blew him apart and with the help of the spirit of his father he escaped the explosion.

Lincoln: It's good he did.

Lola: Yeah.

Lisa: Affirmative.

Me: But the trouble doesn't end there. Then came the Titania Incident.

Four years passed since the presumed death of Andross. After the Lylat Wars, the galaxy seemed to be at peace. A Cornerian base was established on Titania for research on its ruins, but was unfortunately a front for the leader of the base, Captain Shears, to resurrect the great Andross by cloning genetic remnants of him found on the planet.

Sometime during the past four years, a space gang, led by Katt Monroe, had hacked into the main database of Captain Shears' files and discovered research documents on resurrecting Andross, although they initially believed that they were plans for a bioweapon. She managed to contact Falco, a former member of the gang, for assistance in dealing with what she found. Falco left without his team's permission while they were debriefed on the situation. Captain Shears misled the Star Fox team into believing the gang were actually servants of Andross, resulting in a dogfight between Fox and Falco. It was not until after Slippy explored the base and realized the truth, as well as the gang hailing Fox on the communications channel and explaining what happened and reviewing the files they hacked, that the fighting ended, although Slippy ended up captured in the process. Fox entered Captain Shears' base on Titania in an attempt to stop him, but it was too late.

The once powerful dictator Andross had awakened, despite Slippy's efforts in stopping Andross's revival. Captain Shears was crushed by the resurrected Andross, who thereafter immediately attacked Fox. Fox blinded Andross by throwing Shears's rapier at one of his eyes, escaping a close encounter and enraging Andross even more. Luckily, the Star Fox team managed to destroy the base and left Andross beneath its ruins by using a Landmaster.

Me: That fight was brutal. But Star Fox prevailed and Andross was gone for good. Or so we think.

Nicole: I have a feeling I know what's gonna happen next. But if Andross appears again we'll be ready for him.

Luna: Guys. I think we're here.

We had arrived at Dinosaur Planet.

Me: Wow! It's beautiful. And there's the four chunks of the planet like General Pepper said.

Lori: This is literally horrible.

Me: I know. Okay, Nicole, Megan, Killer Frost, Lea, Kirby, Samus, Meta Knight, Janeen, Lori, Lincoln, Linka, Lyra, Lucy, Laney, Lana, Lola, Lisa and Lily, you all will head down to the planet and help them out. Our scanners show that Fox heading down to the planet as we speak.

Nicole: Okay dad. Lets roll!

They set out for the planet. They flew up to Fox's Arwing and flew alongside it.

Fox: Samus! Kirby! Meta Knight! How are you three?

Samus: We've been good, Fox.

Falco: We haven't seen you guys since the last Super Smash Bros Tournament!

Samus: It has been a while Falco and Fox.

Kirby: How have you both been?

Falco: We've been doing great.

Fox: Same here. Did General Pepper send all of you guys here to help?

Nicole: He sure did. We can talk later guys. Lets head for the planet.

Fox (to Meta Knight): Remember when we were on your ship, and me, Falco, Lucario, Peach, Sheik, and Snake had to fight Duon?

Meta Knight: Yes. I had to stay behind to retake my ship. After Duon was defeated, I remember that it left behind a trophy of Mr. Game & Watch.

Falco: Man, those were good times.

They did and they landed in a place called Thorntail Hollow. It was a beautiful and peaceful place.

Nicole: Wow.

Lincoln: This place is amazing.

Lana: It sure is.

Lola: Yeah.

Fox: Lets look around and see if we can find the Queen Earthwalker.

Nicole: Okay. Here Fox.

I hand him a laser blaster.

Fox: Thanks Nicole.

Nicole: You're welcome. I sense something. This way.

They went to a grove of palm trees and saw what looked like a staff.

Nicole: It's a staff.

Nicole pulled it out and it emitted an energy flare. Nicole then heard a message play in her head.

Krystal: If you are receiving this message then I am in great danger. The Staff you hold in your hands is a powerful weapon. You must learn to use it wisely. It will give you great guidance when its powers can be used. My staff's main purpose is combat and in time your skills may grow. Try different actions to unleash its powerful attacks. You can also use it to explore the world around you. Try lifting rocks or knocking items out of the trees. I'm sure that you will find it very useful. Take care of my staff and it will take care of you.

Nicole: I know that voice. It's Krystal.

Fox: How do you know Krystal, Nicole?

Nicole: I have a long history Fox. Her staff here played a message in my head and it told me that she's in trouble. I don't know what's going on but something is telling me it isn't good.

Lincoln: What can we do?

Nicole: We'll worry about that later. First we need to find out more about what's going on here.

Fox: Okay.

Nicole: First I better practice with her staff and get the hang of it.

Laney: Good idea.

Nicole twirled and spun and did all kinds of awesome moves with it and learned all kinds of tricks and combat moves.

Nicole: I think I'm getting it. Lets find the Queen Earthwalker.

Fox: Okay.

They found the temple of the Queen Earthwalker and some Tyrannosaurus humanoid creatures came out of it.

Laney: Those creatures are not too friendly.

Nicole: No they are not.

Krystal: It's time to use my staff in combat.

Nicole: Lets dance.

Nicole bashed and pulverized the creatures with a variety of moves and she combined her powers with the staff and used a variety of combos. She defeated the creatures with great ease.

Nicole: That was too easy.

Krystal: This message will only play if my staff feels that you are ready to become its master. Before the staff becomes your own you must learn to see and feel its call through your hands. Follow its call and discover what lies beneath.

In a cave, Nicole then felt the call of the staff as it glowed green. It guided her to a cave and they went down into a chamber underground and saw a station. Nicole held up the staff and lightning struck the staff and she felt that the staff had gotten an upgrade.

Nicole: Wow!

Lincoln: What happened Nicole?

Nicole: The staff got an upgrade. I can feel it.

Nicole fired a blast of fire from the staff and it hit a button and opened a gate.

Nicole: Wow!

Lola: That was amazing!

Janeen: It sure was.

Kirby: That staff is awesome.

Nicole: It sure is. Lets continue on.

At the temple of the Queen Earthwalker they found the queen and she was hurt.

Nicole: Are you all right? My name is Nicole Knudson of Team Loud Phoenix Storm and we are from the planet Earth.

Fox: And I'm Fox McCloud and we've been sent here to help you. You must be the Queen Earthwalker.

Queen: (Dinosaur Language)

Fox: What did she say?

Nicole: She says her son Prince Tricky was kidnapped by the Sharpclaws and they took him to Ice Mountain. Over there.

Nicole pointed north to Ice Mountain.

Fox: Nice name.

Nicole: Lets go. I know where it's at. Oh Fox here. (Hands him something) You'll need this.

Nicole handed him a translator hearing aid.

Nicole: It's a translator hearing aid. These will help you understand the Dinosaurs of the planet.

Fox: Thanks Nicole.

Nicole: You're welcome. Lets head over there.

They went to Ice Mountain.

---

In the cold of Ice Mountain they saw a ship unload and it had Prince Tricky on it. Nicole and team were hiding behind the rocks and they saw the Sharpclaws take Prince Tricky into a cave.

Nicole: Lets go.

They went to the cave and Nicole fired an energy blast and blew the door to the cave apart and they went in.

Nicole: Pick on someone your own size you overgrown snake.

Sharpclaw 1: Who are you?

Nicole: None of your business!

Nicole punched the Sharpclaws and Lana freed the Prince. He was a young Earthwalker.

Prince Tricky: Thanks guys. Who are all of you?

Nicole: I am Nicole Knudson of Team Loud Phoenix Storm.

Fox: I'm Fox McCloud, leader of the Star Fox Team.

Nicole: Come on!

They ran out of the cave and left the mountain. They got to safety and landed by some trees.

Prince Tricky: Thanks guys. I owe you all one.

Nicole: No problem Tricky.

They introduced themselves.

Prince Tricky: It's a pleasure to meet you all.

Lori: We've been sent here to help Dinosaur Planet. It's literally under a lot of turmoil because of something going on.

Nicole: Lets get you home and help your mom. Come on.

They ran back to the Hollow and destroyed any Sharpclaws that got in their way. They got back and Tricky went to his mom.

Nicole: Lets go.

They went into the temple.

Prince Tricky: We have to help her out.

Nicole: How can we do that?

Prince Tricky: We need to find White Grubtubs. My mom gives them to me whenever I'm not feeling well.

Fox: It's looks like she'll need a lot.

Nicole: I think I know where to find them. Lets go.

They went to a greenhouse and found 10 of them. They went back to the temple and gave the White Grubtubs to her.

Queen Earthwalker: Thank you Nicole. Thank you all for saving my son and for saving me.

Nicole: You're welcome your majesty.

Fox: We need to know what's going on here.

Queen Earthwalker: This is all the work of General Scales. He is the ruler of the Sharpclaw Tribe. A nasty bunch of pirates who have always wanted to rule Dinosaur Planet. We have always been able to stop his attacks, but this time he's somehow become stronger and defeated our army at the Krazoa Palace.

Lincoln: This guy sounds like he is really bad news.

Laney: No kidding.

Fox: But how did the planet get in such a mess?

Queen Earthwalker: Within the Krazoa Palace he broke the seals of the Force Point Temples. This planet is rich with a magical force. A force so strong that it is continually pushing our world apart. To stop this, four Spellstones were placed inside the Force Point Temples.

Lana: That's really unusual.

Lisa: Indeed. But I see what's going on here.

Queen Earthwalker: With the seals broken, Scales entered the temples and removed the Spellstones. With nothing to hold back the magic force, the planet was torn apart!

Nicole: This is horrific! Scales has plunged this entire planet into turmoil and we have to make him pay for his crimes. We also have to find the Spellstones and bring them back to the Force Point Temples. We have three stages to our mission now. 1) Retrieve the Spellstones and fix the planet. 2) Rescue Krystal. And 3) kill General Scales.

Lori: We have our work cut out for us.

Janeen: But we can do it if we all work together.

Samus: That's right.

Prince Tricky was gonna help them all. They were told that the first Spellstone was taken to DarkIce Mines and the Queen Earthwalker knew the Gatekeeper Garunda Te. The leader of the Snowhorn Tribe. They went back to Ice Mountain and found him trapped under a huge sheet of ice.

Garunda Te: The SharpClaw have imprisoned me in this infernal cave. If you can bring me frost weeds I'll be strong enough to get myself out. Hurry.

Sharpclaws came out and Nicole got the Staff out and it was gonna be a big fight. Lori and Laney got the Frost Weeds and then Garunda exploded out and he was free!

Garunda Te: Ah the young Prince. Who are they with you?

Prince Tricky: These are my friends Fox McCloud and Team Loud Phoenix Storm. My mother sent us to find you.

Garunda Te: Well I am Garunda Te. Spellstone Gatekeeper of DarkIce Mines.

Nicole: It's a pleasure to meet you.

Lincoln: Same here.

Lyra: We're looking for the Spellstone that General Scales took.

Garunda Te: Ah yes. It is my duty to guard the land from which a

Spellstone is forged. General Scales took the Spellstone and discovered that I was a Gatekeeper. He gave me an ultimatum: Allow him to take the Spellstone back into the sacred land or he would destroy my tribe. I could not risk the safety of the entire planet. So I refused to help. My daughter did not think this way. And so to save the tribe she opened the gateway herself. Scales did not destroy my tribe. He enslaved them instead. My daughter dishonored me.

Nicole: She was doing what she thought was right to protect the tribe. Sure it was wrong but she was trying to save the tribe from destruction.

Garunda Te: I understand. You must search for the Spellstone within DarkIce Mines and return it to the Volcano Force Point Temple. Only then will the Spellstone's power be returned. I will open the gateway.

He released a stream of blue energy smoke from his trunk and the gateway to DarkIce Mines was opened.

Nicole: Okay lets go.

Nicole used Instant Transmission to beam them to DarkIce Mines.

* * *

When they arrived there they saw all much of the Snowhorn Tribe chained up. It was a cold place and the Snowhorns were slaves.

Nicole: Lets go.

They went to a Snowhorn and Lincoln picked the lock on her shackles with a bobby pin.

Snowhorn: Thank you for releasing me.

Lincoln: You're welcome.

Snowhorn: If you're heading down into the mines look out for Belina Te the gatekeepers daughter. She didn't mean to get us into this mess by telling Scales about the Spellstone. She did what she thought was right.

Nicole: We know. Garunda Te told us what went down and we're gonna make Scales pay for everything he has done to the planet. But we'll keep our eyes out for her.

The Snowhorn handed them a Bridge Cog. It would help them out.

They went to a bridge that was closed and Lana fixed the bridge by putting the cog in and pulling a lever. The bridge was fixed.

They saw a couple of Sharpclaws attacking a Snowhorn and Nicole pulled out the staff and bashed them into dust.

Snowhorn: I am forever in your debt.

Nicole: You're welcome.

Laney: Let me see if I can heal you up.

Laney used her plant powers to grow some Alpine Roots and she gave them to the Snowhorn. He was all better.

Snowhorn: Ah. That's better. Thank you.

Fox: You're welcome. That was amazing Laney.

Laney: Thanks Fox. I learn what plants can grow on whatever planet we're on very quickly and my powers can do anything with them.

Killer Frost: That's amazing.

Nicole: It sure is. Lets head down into the mines and find the Spellstone.

Nicole blasted the gates open and destroyed a turret. They found an awesome horn called a Dinosaur Horn which can be used to call a member of the Snowhorn Tribe. There was a nasty whiteout blizzard in their path and it had nasty extreme cold. She used the horn and a member of the Snowhorn Tribe came.

Nicole got on the Snowhorn that came.

Nicole: Okay. Everyone stay close. Tricky stay with the group.

Prince Tricky: Okay Nicole.

Fox: It'll be okay guys.

Lola: Okay Fox.

They went out into the blizzard and stayed together and then they went down into the mines. Along the way Nicole got another upgrade for the Staff, the Air Boost. They found numerous Snowhorns being worked to the brink. They destroyed the contraptions and destroyed their shackles. They also met Belina Te the daughter of Garunda Te. They went down into the mines and found the Spellstone in the hands of an ice statue.

Lola flew up and grabbed the Spellstone.

Lola: That was too easy.

Lincoln: It sure was.

Lincoln fired a blast of lightning and the statue exploded.

KABOOM!

Lincoln: That did it.

Lucy: That was the ugliest dinosaur I've ever seen.

Nicole: It sure was.

On the outside after rescuing all the Snowhorns they were talking to Belina.

Fox: So you must forgive your father. You should be working together in leading the Snowhorn Tribe against Scales instead of fighting eachother.

Belina: I will Fox. Thanks to all of you my people shall no longer live as slaves.

Nicole: I'm glad.

They all were.

Lisa: Yes indeed.

Nicole: Come on guys. Lets take the Spellstone to the Force Point Temple.

All: Right.

They did so.

---

They beamed to the planet and went down to Moon Mountain Pass and they busted through a gate and made it to the Volcano Force Point Temple.

Nicole: Wow! So this is the Volcano Force Point Temple. It's amazing.

Lola: It sure is hot here.

Lisa: Indeed. But it is a magnificent feat all on its own.

Laney: It sure is.

They walked around in the temple and got to a stand that was a teleport. They got on it and beamed to the core of the planet and they saw the ports of the Spellstones. There were four streams of energy coming out of a chimney. 2 of them were orange and the other 2 were blue.

Nicole: So this is where we have to put the Spellstones.

Lincoln: Looks like it. The level of energy I'm sensing coming from there is unbelievable.

Laney: It sure is strong.

Lucy: Wicked.

Fox: I can't sense things like you guys can but I know what you all mean.

Nicole put the Spellstone back and there was a small rumble. One stream vanished and they had 3 more Spellstones to get back.

---

Back in the temple they went out to Moon Mountain Pass.

Nicole: Okay we have 3 more Spellstones to find. Phase 1 of part one of our mission is complete.

As they walked down the pass they heard a voice call out for help.

Krystal: (Echoing) Help me! Please help me. I'm dying.

Fox: Can you hear that?

Nicole: I sure can. That's Krystal.

Laney: And it sounds like she's in really big trouble.

Krystal: I need Krazoa Spirits or I will not survive. Help me.

A ghostly figure appeared and it was a figure with an Egyptian Pharaoh mask.

Prince Tricky: A Krazoa.

Krazoa: Do you wish to accept our test?

Fox: What is it talking about?

Laney: What test?

Krystal: Please. Please.

Krazoa: I was released when she completed my test. But she is now in great danger and for her to survive you must continue what she started and collect the remaining Krazoa Spirits for only the pure of heart can enter our shrines.

Nicole: You must mean Krystal.

Krystal: (Choke) Stop, please don't hurt me.

Prince Tricky: She sounds like she's in big trouble guys.

Nicole: I know.

Krazoa: Find the remaining five Krazoa Shrines. Complete the test within each and bring the spirits to Krazoa Palace.

Nicole: I know where that is.

Krazoa: When all spirits are returned she will be saved. She is depending on all of you for her life.

Laney: We have to help her at all costs guys.

Nicole: Lets go guys!

They went further down into the pass and Nicole got another staff upgrade: the Ground Quake. They later found the second Krazoa Shrine entrance.

Nicole: Okay guys. I'll go in this one. Since we have five shrines to go into who will volunteer?

Lincoln, Laney, Lucy and Janeen raised their hands.

Nicole: Okay. Wish me luck guys. Not that I'll need it.

Nicole got onto the teleport pad and was taken into the Krazoa Shrine.

Nicole: Here goes.

She flew up a ladder and flew across lakes and a long flaming gap. She got to the Krazoa Spirit.

Nicole: Wow. So you are a Krazoa Spirit.

Krazoa Spirit: Yes. Your test is the test of Combat. Prove your worth in combat by defeating all the Sharpclaw within the time limit. If you succeed I will become yours to return to Krazoa Palace.

Nicole: Okay.

Nicole had three minutes and thirty seconds. She pulled out the staff and she beat all the Sharpclaws with ease. After completing the test the spirit came out and it flew into Nicole's body. But instead of taking complete possession of her she retained full control of her body and her eyes were glowing purple.

Nicole: Wow! Now I know how Lucy felt. But I did it.

She completed the test.

She exited the shrine and everyone saw that she had done it.

Lincoln: She did it!

Laney: She sure did.

Lana: How do you feel Nicole?

Nicole: I still have full control of my body.

Lincoln: That's good.

Lucy: Now you know how I felt.

Nicole: I know. Lets head for Krazoa Palace.

She used Instant Transmission and they all beamed to Krazoa Palace.

---

They arrived at Krazoa Palace, Dinosaur Planet's most sacred place. It was in the middle of a huge thunderstorm.

Fox: So this is Krazoa Palace.

Prince Tricky: Yes. It's Dinosaur Planet's most Sacred Place.

Lincoln: It sure looks Sacred.

Janeen: It sure does.

Fox: It sure looks amazing.

Nicole: Lets look around and see if we can find where to release the spirit and find Krystal.

They walked around and saw that it was all an amazing palace.

Lincoln: Wow. This place is amazing.

Laney: It sure is.

Lana: Yeah.

Lyra: It sure is breathtaking.

Lincoln: I sense an evil presence here though. It's power is incredible.

Laney: What do you think it might be?

Lincoln: I don't know but it's not good.

Nicole: I feel it too.

They went to the roof of the palace and they saw a crystal structure on a stand. They went up to the crystal and saw Krystal trapped inside it in a machine.

Fox was smitten by her.

Fox: Wow. She's beautiful.

Lincoln: She's perfect for you Fox. I may not be a Matchmaker, but she's perfect for you.

Laney: I agree.

Lana: How are we gonna get her out of that thing?

Nicole: I think I can do it. (Chants an incantation) KEKMUROM PESTEGA NEUTROTA!

She fired a beam of cosmic energy at the crystal and the machine was destabilizing. Krystal woke up and the machine exploded. Nicole pulled out the staff and Krystal fell and she grabbed it.

Nicole: I got you! I won't let go.

Fox grabbed her hand and they pulled her up.

Nicole: Are you all right?

Krystal: (British Accent) Yes. Thanks to all of you.

Lana: We're glad you're okay Krystal.

Krystal: Yes.

Nicole: Oh I'm sorry. We should introduce ourselves.

They did so.

Krystal: It's a pleasure to meet you all.

Laney: How did you get inside that crystal machine?

Krystal: I completed the first test of the Krazoa to and then when I brought it into the palace I saw this ghostly figure push me into that crystal you freed me from.

Lucy: Ghostly figure?

Lola: Did you get a good look of who or what it was?

Krystal: I sure did. It was the spirit of Andross.

They gasped in sheer horror.

Nicole: Andross is here!?

Fox: But I killed him on Titania!

Lincoln: You did Fox. But it's his spirit.

Laney: I think I know what's going on here. He somehow learned about the ancient power of the Krazoa and by trapping you Krystal because you have the ability to channel this power, he was going to use this powerful energy to resurrect himself.

Fox: My thoughts exactly.

Krystal: But you all freed me from having to do this.

Kirby: Even in death he still will always find a way.

Laney: He's like the Devil and he will do whatever it takes to win.

Prince Tricky: Yeah. I heard a lot of stories about Andross, but I never knew that he was that persistent.

Janeen: Persistent is an understatement Tricky. He's Trouble all in capital letters.

Nicole: Oh Krystal. (Hands her staff to her) I think this belongs to you.

Krystal got her staff back.

Krystal: My staff. Thank you Nicole.

Nicole: You're welcome. Would you like to help us save the planet?

Krystal: What's going on?

Lincoln: I'm afraid the situation is worse than you think.

They revealed what is going on to Krystal and she was horrified.

Krystal: That monster! We have to stop General Scales for good!

Nicole: And we will.

Nicole later expelled the Krazoa Spirit from her body and it was back in the palace.

---

They continued on and went to the Cloudrunner Fortress and brought the Spellstone to the Ocean Force Point Temple. They did it all and brought 5 of the 6 Krazoa Spirits to the Palace and returned all the Spellstones to the planet. All that was left was the Final Krazoa Spirit.

Back at the Krazoa Palace they were looking for the last Krazoa Spirit.

Nicole: It's got to be here somewhere.

?: We can't let you all get that last spirit.

They saw four men. It was four enemies that Star Fox knew all too well. It was the Bounty Hunter Mercenary team STAR WOLF!

Fox: It's Star Wolf.

Lincoln: I know these guys all too well.

Nicole: Me too. Wolf O'Donnell, Leon Powalski, Pigma Dengar and Andrew Oikenny the nephew of Andross.

Wolf: That is right Nicole Knudson. We've heard so many big things about you all from all over the galaxy.

Nicole: Nice to know we've made an impression. Pigma you are just the slice of pork we're looking for.

Pigma: And why is that?

Lincoln: Because you got James McCloud killed without a single shred of remorse or guilt!

Laney: You will pay for killing his father Dengar!

Pigma: We shall see.

Samus: Its been a while since the Super Smash Bros Tournament Wolf.

Wolf: I was one of the top fighters in the 3rd Super Smash Bros tournament. And yet I didn't get invited to the 4th one because I had a temper?!

Samus: There's also the fact that you tried to steal Master Hand's property. Looks like you haven't changed.

Andrew: You just had to remind him.

Me: (Offscreen) You Wolf freaks aren't going anywhere anytime soon.

I land by them.

Nicole: Hey dad.

Me: You guys have been doing a great job. Lets dance Wolf.

Wolf: With pleasure.

We charged and went at them and it was a brutal fight. Kirby sucked in Wolf and copied his abilities. He fired a blaster at him and as it turns out we were too much for Andrew.

Killer Frost: Lana lets use our combo.

Lana: You got it Louise.

Lea: Lets get him Lola.

Lola: You got it Lea.

Killer Frost and Lana fired a blast of ice.

Killer Frost and Lana: ABSOLUTE ZERO ICICLE BLIZZARD!

Lea and Lola fired a blast of fire.

Lea and Lola: FLAMING FIREBALL FIRESTORM!

The combo attacks combined and they hit Andrew and I fired an energy blast and Andrew exploded into dust and he died in an instant.

Fox and Falco used their Final Smash on them and their Landmasters blasted them. Wolf did the same and I protected us in a force field.

Laney used her plant powers and tied up Leon, Wolf and Pigma.

Wolf: If fate's decided today's the day, so be it. Just finish us off quickly, will ya?

Fox: No. You might be a criminal but I know that you and Leon have some sense of honor, unlike Oikenny and Pigma. And that's why you're going to lead us to where Andross is.

Megan: And you two are going to do it in our ship so you don't try anything funny.

Wolf: All right. I'll do it.

Me: I'll take Pigma to the ship so we can take him to Corneria to face justice.

Nicole: Okay dad.

I did so.

Nicole: Okay Wolf, lead the way.

They followed him and he lead them to a secret room and it went under the Krazoa Statue.

Wolf: Look, Fox. You have a point. Me and Leon do have a sense of honor. But Andross doesn't. So, my advice? Don't hesitate when it comes to guys like Andross and Shredder. When the time comes, just act.

Fox: I'll keep that in mind.

Kirby: I can't wait to kick Andross' butt. It'll be perfect payback for all the times that he's attacked us every time an opponent summoned him as an Assist Trophy!

Nicole: Same here.

Samus: You said it Kirby.

Janeen: I didn't know you participated in a huge tournament like that mom.

Samus: It's a long story Janeen.

They arrived in a huge chamber and they saw a ghostly figure. It was the head of Andross. He was now a ghost.

Nicole: Wow!

Andross: Welcome Nicole Knudson. Fox McCloud how nice to see you again.

Fox: Andross! So your spirit is still alive!

Krystal: That's him! He's the one that imprisoned me in that crystal!

Meta Knight: Andross seems different since the last time I saw him.

Fox: I think that's because this is his real form. The one that was used as an Assist trophy was one of his avatars.

Nicole: It really is true how you changed yourself. You really have become a completely insane and despicable fool.

Andross: That's true. But I will have my revenge on you Fox and destroy the Lylat System.

Nicole: Lets face him as he was before he became power-hungry.

She snapped her fingers and Andross was brought back to life and he was back to what he was before he did all those insane and inhumane biotechnological experiments on himself.

Nicole: Lets dance Andross!

Nicole, Lincoln, Lori, Laney and Linka went Super Angel and they fought him with a ruthless and vicious assault on him.

Kirby: (kicks Andross) That's for shooting panels in my face that one time!

Andross: Don't remind me! Do you know how infuriating it was to be in those Tournaments as an Assist Trophy and not as an actual fighter!

Megan used her own Final Smash called Phazon Comet Blast!

She fired a Phazon hyper beam and it turned into a comet ball and it went at Andross and exploded when it hit him.

Nicole punched him and fired an energy blast and vaporized him in an instant.

Nicole: Now to make sure you never terrorize our galaxy or the Lylat System ever again! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Andross' spirit was sucked and sealed into the Book of Vile Darkness for all eternity. Same with Andrew Oikenny.

Nicole: That takes care of that. But we still have one last loose end to tie up: kill General Scales.

Lincoln: Okay.

Falco: Ok. In the next Super Smash Bros Tournament, Master Hand better replace Andross with a new Assist Trophy!

Nicole: I know where he's at. Lets go.

They went into the final Krazoa Shrine and it was there that it was a final battle arena.

Nicole: Here we go.

She got up onto the arena and Scales was expecting them.

General Scales: I've been waiting for you Nicole Knudson.

General Scales jumped down and Nicole jumped away as he landed and he had a sword in his hand.

General Scales: You may have returned the Spellstones, but the war is not over yet. Now you must face me!

Nicole: You're gonna pay for everything you've done to this planet Scales.

Nicole unsheathed her sword and they clashed in a brutal and ferocious sword fight. Sparks flew everywhere and set the arena on fire. It was a savage and powerful sword fight and it was getting more and more intense as it raged on. But General Scales got careless and Nicole slashed his entire head clean off his body and killed him instantly. Then the last Krazoa Spirit exited his body.

Lincoln: He had the last Krazoa Spirit inside him all this time.

Lucy: That's what gave him his incredible power.

Janeen: And that's how he was able to overpower the Earthwalker Army in the Krazoa Palace.

Nicole: Now he's been dethroned essentially.

The spirit went into Nicole's body. They did it. After returning the spirit to the palace the entirety of the planet was put back together and everything was back to normal for Dinosaur Planet. Afterwards we all went to the planet Corneria. We all stood before General Pepper.

Me: General Pepper it's an honor to meet you in person.

General Pepper: Same here J.D. Good work to all of you. I received a message from the King and Queen Earthwalker thanking you for saving their world. Oh and Tricky says hi. I was however very surprised to hear that Andross' spirit was there on the planet.

Slippy: Not as much as we were sir.

Nicole: Andross somehow learned about the ancient power of the Krazoa and by trapping Krystal here who has the ability to channel this power, he was going to use this energy to revive himself.

General Pepper: At least this time we have seen the last of him for good.

Me: Yes we have General. He's now forever imprisoned in the Book of Vile Darkness for all eternity.

Fox: That's right.

Krystal: I'm forever indebted to everyone here for saving me and for everything they did for me.

Lincoln: It was the least we can do Krystal.

Laney: I'm glad we were able to help out.

Me: Me too. By the way General Pepper are we the first ever humans to be in the Lylat System?

General Pepper: You are indeed J.D. You and all of Team Loud Phoenix Storm are the first of your kind to visit the Lylat System.

Me: First times for everything.

Fox: That is true.

We later went back to Earth and we set up a huge trade route and alliance with Corneria and they would call on us again should it be needed. Even though our planets are 92,000 light-years apart its proven to be extremely beneficial for all us. We set up a huge Spacedock-like space station for the Star Fox Team in orbit around planet Earth and we built a special jump gate that would get us to the Lylat System faster. Everyone on Team Loud Phoenix Storm was made honorary members of the Star Fox Team. Pigma Dengar was sentenced to death for his crimes against all of Corneria and Wolf and Leon were placed into the Mariana Trench Prison.

Fox and Falco were talking to Wolf and Leon there.

Wolf: Just remember what I told you, Fox. I don't want you getting soft on me. (Fox smirks) Now what's funny?

Fox: What's funny is that I know your secret.

Wolf: And what's that?

Fox: That deep down, you really do care about people. And that's why you lead us to Andross instead of bailing us the first chance you got.

Wolf: You better not tell anyone that!

Fox: Don't worry. I won't. Today just proved what I've always known. There's good in you, Wolf. And you don't have to admit it to me, but there's a part of you that knows you don't have to let your past define you. A part of you that really wants to be more than just a criminal.

Wolf: So I should be a hero like you, Fox? What exactly does that pay again?

Fox: It's just a matter of time. Something you'll have a lot of in here.

Wolf (smirks): Not as much as you think.

Leon: Please tell me we get some food in here!

Falco: Relax. We'll drop by every now and then to give you some burgers and fries.

They left and Leon and Wolf were going to have all the time in the world to reflect on their crimes.

# Vampires Down Under

It starts in the Training Yard at the estate. I was standing in front of a bullseye target and I was waving my arms around. Lightning arched, flashed and struck as thunder crashed all around me and I fired a blast of lightning and it hit the target and it exploded and completely reduced it to splinters in a split second.

Me: Wow! That was intense. I don't know what caused this but my lightning powers have been enhanced dramatically.

Suddenly I was entombed in a sphere of golden yellow light and when it faded I had different clothes on and my angel wings were different. I had a blue-green version of Piccolo's clothes and a magenta scarf around my waist and magenta combat boots on.

Me: Wow! My clothes and wings look amazing! I wonder what's going on? Maybe Megan might know.

I go up to Megan's room and knock on her door.

Megan: Come in.

Me: Hey Megan.

Megan saw me and gasped.

Me: I know. I have a new look all of a sudden. What happened?

Megan: You have been chosen to be one of the Guardians of Candrakar.

Me: Is that what happened to me?

Megan: It sure is.

Me: I've heard that your pen pal Cornelia is a Guardian.

Megan: She is. She told me so herself. She represents the element of Earth. What element do you have J.D.?

Me: I think Lightning. I noticed out in the training yard that my lightning powers have intensified dramatically and then I was enveloped in this golden light and the next thing I knew I got these awesome clothes and my wings are different too.

Megan: This is incredible. Let me tell you the whole story.

Me: Okay. I have a lot to learn about all this.

Megan then told me the story about the Guardians. The Guardians are known as the defenders of Candrakar. Their main purpose is to protect the lands from any and all creatures or evil forces that may want to cause harm to it.

I was amazed.

Me: Wow. I didn't know that this is a powerful job. Next to being Leader of Team Loud Phoenix Storm, I have a major job in another world as well.

Megan: Exactly. Cornelia and her friends are the Guardians of Candrakar and never before in its history has there ever been a male Guardian.

Me: I'm the first Male Guardian. First times for everything.

Megan: That's true.

Me: Yeah. Thank you Megan for telling me this.

Megan: You're welcome J.D.

I left and Megan called Cornelia.

Cornelia: Hello?

Megan: It's me.

Cornelia: Hey Megan what's up?

Megan: You are not going to believe this. My boss and leader J.D. Knudson is the first ever Male Guardian.

Cornelia gasped.

Cornelia: Are you serious Megan!?

Megan: I sure am. He governs the element of Lightning and never before has there been a Male Guardian.

Cornelia: This is an amazing surprise. Now I really want to meet J.D. Knudson more than ever.

Megan: You will love him Cornelia. He's an awesome friend and a great man.

Cornelia: I'll bet.

Megan: I have an awesome treat. I got invited to the Hex Girls Concert in Australia!

Cornelia: No way! You guys got an invitation to a Hex Girls Concert in Australia?!

Megan: We sure did. I can't wait to meet the Hex Girls.

Cornelia: You are so lucky. I wish I can go with you. But I can't because of school.

Megan: Well, we're also going there because there's been reports that Doc Ock's Sinister Six group have been helping a group of strange vampires abduct several bands. We need to make sure that they don't get the Hex Girls as well.

Cornelia: Well, good luck, Megan. Doc Ock and his group are known to be tough custimers.

Megan: Don't worry. So are we. See you later! (hangs up)

In the Training Grounds I was learning new abilities and powers attributed to my Guardian powers and lightning powers. And they were incredible.

Me: This is so amazing. But I need help from a master. One that knows these things better than anyone else.

I went into the simulator and it activated and I was in the world of Meridian in the mountains. The world of Candrakar is actually another planet located 3,000 light-years away from Earth. In the mountains I walked and saw a grave.

Me: I wonder whose grave this is.

I snapped my fingers and resurrected a girl with red hair and she had light blue eyes and different versions of the clothes I'm wearing.

Me: Are you one of the Guardians of Candrakar?

Cassidy: I am. My name is Cassidy and you are?

Me: My name is J.D. Knudson, Leader of Team Loud Phoenix Storm and the first ever male Guardian of Candrakar.

Cassidy: It's a pleasure to meet you J.D. Never before in the history of Candrakar have we had a male Guardian.

Me: It shocked me too. I have Lightning as my element. And you represent what?

Cassidy: I'm Water.

Me: Wow. I am completely new to this whole thing and I have so much to learn.

Cassidy: I can teach you everything you would like to know.

Me: Thanks Cassidy.

And Cassidy was teaching me everything she knows and more and I was learning all kinds of abilities never thought possible. I may have all kinds of powers but this was nothing I never even expected. After intense training I had everything I needed.

Me: Thank you so much Cassidy.

Cassidy: It was my pleasure J.D.

Me: I heard that there is an evil woman terrorizing both our worlds.

Cassidy: Yes. That woman is Nerissa. She was once my best friend when we were the previous Guardians. Myself, Halinor, Yan Lin, Kadma and Nerissa. Nerissa lead the Guardians before the current Guardians and she was the keeper of the Heart of Kandrakar. But the power of the Heart was corrupting her and to save her the Oracle gave the Heart to me for safe keeping. Nerissa became obsessed with her lost power and she begged and pleaded for me to give it back. But I refused. So she killed me.

I gasp in horror.

Me: That monster! She murdered you in cold blood.

Cassidy: Yes. She did.

Me: When was this if I may ask?

Cassidy: It was 40 years ago. What year is it now?

Me: It's December of 2018. You were killed back in the 1970's.

Cassidy: Yes. Time sure has passed.

Me: It sure has. Nerissa is now a greater threat now than she was back then. And I have a feeling she will not stop until she has her revenge.

Cassidy: I know.

Me: I'm gonna go confront her and when the time comes we will fight.

Cassidy: I have a feeling you can do it J.D.

Me: Thank you.

I use Instant Transmission and beam to where Nerissa was.

---

She was standing near the entrance of a cave. I arrived.

Nerissa: Ah young J.D. Knudson.

Me: Yeah. That's correct. And you must be Nerissa.

Nerissa: That's right. So you've come to join me?

Me: No. I came to warn you.

Nerissa turned and she was an old woman that looked to be 200-years-old.

Nerissa: (Chuckles) And what did you want to warn me about?

Me: I came to tell you that when the time comes you and I will fight.

Nerissa smiled maliciously.

Me: You're not the first person to try to rule the universe with a sword of injustice. They all failed and so will you.

We stared at each other and the skies of the planet over the kingdom of Meridian darkened and lightning struck all over the place.

THUNDERCLAP!

Everyone was wondering what was happening and they thought that a storm was coming. But it was not a storm. It was me and Nerissa. Our power was so strong that it caused the entire area to light up with lightning of blue and red. Rocks lifted up off the ground and into the air.

Me: I've spent months preparing for the day I'd face you when the time came. I've come a long way Nerissa.

THUNDERCLAP!

Nerissa: So have I.

THUNDERCLAP!

Me: When the time comes Nerissa you will face me and until then you had better be ready for me when I unleash my full power.

Nerissa smirked with amusement.

Me: You will pay for your crimes.

I teleported away and made it back to Cassidy.

Nerissa: Well then J.D. You will be ready for me.

I vowed to make Nerissa suffer a horrible and agonizing death for all the pain and suffering she has caused over the years. The stage is set for the ultimate battle that will decide the fate of the universe.

---

Cassidy: So what happened J.D.?

Me: I vowed to make her pay for her crimes when the time came. Cassidy I promise you that Justice will be brought to that monster.

Cassidy: Thank you J.D.

Me: Lets head back to Earth and decide what to do.

Cassidy: Okay.

I snap my fingers and we were home.

Me: Welcome to the Estate. It's the home of Team Loud Phoenix Storm.

We walked around and I gave Cassidy a tour and she loved the Estate.

Cassidy filled us in on what's been going on.

Lori: So this Nerissa is causing a lot of problems for Cornelia and her friends?

Cassidy: That's right. And we have to stop her at all costs or the world as we know it will cease to exist.

Me: I vowed to make her pay for the pain and suffering she has caused to many people in Meridian and here on Earth. I am now a Guardian of Candrakar and it is my responsibility to protect both worlds.

Lincoln: That is a huge burden J.D.

Laney: No kidding.

Naruto: I have a feeling that you can win bro.

Me: Thanks bro.

---

The next morning we were at school and I was watching Lincoln and making sure that bullies don't hurt him.

Lincoln: So J.D. how are you going to stop Nerissa?

Me: I haven't thought that far yet. But with the power I have combined with being a Guardian it's gonna be a rough battle.

Lola: I know you can do it J.D.

Me: Thanks Lola.

Sydney: I'm glad we're all cured. My friends were so happy and now we're home again.

Me: I'm happy too Sydney.

---

Roy (his hair finished coming back): Is everyone ok?

Nanette (holding her head in pain): Yeah. We're fine.

Max (feeling his hands): I can't believe it! We're human again!

Ken (trying not to fall): This is weird. Definitely weird.

George (looks down and blushes): All of us aren't wearing clothes though.

Sheila (covers her personal areas): No duh, Sherlock! And if any of you try to sneak a peek at my body, I'll snap your necks!

FLASHBACK ENDS

Me: Thank goodness we covered our eyes.

Lincoln: Yep.

Me: Nanette is now working at a luxurious restaurant and Sheila is now working as a horseback cop.

Lincoln: That is so cool.

?: LOLA!

We turned and saw Lola's beauty pageant rival Lindsey Sweetwater.

Lola: Lindsey Sweetwater.

Lindsey Sweetwater and Lola have had a nasty rivalry ever since started winning her pageants. She hates Lola with a terrible vengeance because she's always coming into second place to Lola.

Lindsey: I'm so sick and tired of you always winning Lola Loud!

Lola: Because you have no love for anyone but yourself.

Me: Looks like we have another person who is sick and tired of living in someones shadow.

Lincoln: Yep.

Lola: Also Lindsey you will pay for telling J.D. the dirt you gave him!

Lindsey jumped her and they both fought in a fight cloud.

I grab them and broke it up.

Me: Okay that's enough you two! And Lindsey you don't even go to this school.

Lindsey: Actually I just got transferred here.

Me: Really? Oh. Well anyway you two need to get over this rivalry.

POW!

I got punched in the face by Lindsey and jumped Lola and they fought again.

Me: (Blubbers) Wow! She sure is strong for a 6-year-old girl.

Lincoln: You okay J.D.?

Me: Yeah. Lindsey she got me good.

Laney: No kidding.

Laney tied them up with her plant powers and Principal Huggins came.

Principal Huggins: All right you two that's enough!

Lola was beaten up the most.

Principal Huggins: Lindsey into my office now! Lola you head over to the nurses office.

Me: I'll take her Principal Huggins. And Lindsey is the one who attacked her. We were trying to stop it. But Lindsey punched me in the face.

Principal Huggins: I can see that. That's a nice shiner you got J.D.

I held up a mirror and saw that my left eye was all purple and swollen.

Me: Wow! That IS a nice shiner. No worries.

My accelerated healing made it all better.

Me: There we go.

My watch beeped and it showed that something is going on down in Australia.

Me: Uh oh. We got trouble brewing in Australia. Lets head out guys.

We set out for the land down under.

* * *

We arrived in the desert of Australia and we were at Vampire Rock. It was home to the annual Vampire Rock Concert. But when we arrived it was under the turmoil of an ancient evil legend from Aboriginal folklore: The Legend of The Yowie Yahoo and his Vampires and they were also having tround with Doctor Octopus and his gang. He also has amassed his own version of the Sinister 6.

We arrived at Vampire Rock and we were reunited with the Hex Girls.

Me: Hey girls!

Thorn: Long time no see, guys!

Maria: Same here! I'm just glad you three are safe.

Dusk: Of course we are. Why wouldn't we be?

Lincoln: Well, we got some reports that Doc Ock, Scorpion, Rhino, Shocker, Hobgoblin, and Mysterio are helping some strange vampire creatures abduct several bands.

Luna (Hex Girls): I thought Mysterio was dead.

Luan: He isn't. Turns out we killed a robot of him.

Me: Oh man! This is serious guys.

Lori: It sure is. This Yowie Yahoo sounds like a dangerous thing. And now Doc Ock and his cronies are literally terrorizing the place.

Luna: It sure does dude.

William: Look, we know you're concerned about the Yowie Yahoo. But Doc Ock and his gang are the ones really pulling the strings.

Malcolm: If you think that the Yowie Yahoo is only a minor threat, then you have no idae what you're dealing with.

Duncan (glares at Malcolm): Look, old man. We came here to protect the Hex Girls and stop Ock and his pals. And we're going to do that whether you help us or not!

Malcolm (raises eyebrow): Really now?

Duncan: Yeah, really. Because that's what heroes- (trips on rock) Sorry. (clears his throat) Because that's what heroes do. That's what I mean to say.

Malcolm: We shall see about that. (leaves)

Courtney: Duncan, I've never seen you talk that way before.

Duncan: Well, babe, almost getting killed by a guy in a scorpion suit can do that to you.

Daniel: We can't attack Doctor Octopus head on guys. He is that dangerous.

Me: We know.

Thorn: How are we gonna stop Doctor Octopus and his Sinister 6?

Me: We'll think of something.

Suddenly a blast of wind blew and in a pillar of smoke we saw a huge demonic vampiric creature emerge. It was THE YOWIE YAHOO! And with him were 3 vampires and Mysterio and Hobgoblin.

Mysterio: Ah, Luan and Luna Loud. How nice to see you two again.

Luan: Can't say the same thing to you, fishbowl head.

Luna: We beat you before. We can do it again!

Hobgoblin: Oh, I think you have more pressing maters to deal with. In the meantime, we'll just take our leave with our new captives.

With a puff of smoke, Mysterio and Hobgoblin left with the Bad

Omens band. What appeared after that were robotic duplicates of the Blizzard and Volcanic Lord Heartless, Bane, Evil Stewie, Dark Danny, Pennywise, the Krab, the Kankrelot, and the Blok.

Me: That Mysterio! He brought robots of villains we killed and beat before with him. Lets get them!

Carmen and Duncan got separated from us and they ran into Scorpion and Rhino!

Carmen: Rhino and Scorpion!

Scorpion: Aw! Looks like you know about us. Good. Then you know what we're gonna do to you!

Duncan: Just try it, dirtbags.

Rhino saw how young Carmen was and guilt began to grow inside him.

Rhino (remorsefully): I'm really sorry about this. (throws rock at Carmen)

Carmen dodged it and she saw the guilt in his eyes. He knew that joining alongside Doc Ock was a terrible mistake.

Scorpion: Lucky for you two, we gotta run! But we'll see each other again!

Rhino: Let's just go, Gargan!

With that, Scorpion threw a smoke bomb to the ground. When the smoke cleared, he and Rhino were gone.

Duncan: Aw man! They got away!

Carmen: Let's not worry about that now. We need to find the others!

Duncan: Right!

We charged at the robots and went at them.

Sandman punched the Bane Robot and Rubberband Man punched him and wrapped around him.

Sandman: Lets get him with our combo Adam!

Rubberband Man: You got it Flint.

Rubberband Man stretched and formed his hand into a powerful spike ball fist and Sandman coated it in sand.

Rubberband Man and Sandman: DUSTSTORM MACE STRIKE!

The spiked sand mace shattered the robot into a million pieces and it exploded.

Kraven was punching the robots of Volcanic and Blizzard Lord with his strength and Xion was blasting them with light beams from her Keyblade.

Xion: Lets finish them with our combo.

Kraven: (Russian Accent) You got it comrade Xion.

Kraven ran and Xion fired a blast of light at him.

Xion and Kraven: STARLIGHT WOLF HUNTER!

The light wrapped around him and turned him into a wolf made of starlight and he smashed both robots.

Jade destroyed the Pennywise Robot with a tornado, Ariel's sisters shredded the Dark Danny Robot, Lila and Lisa destroyed the Blok and Krab Robots and Teresa blew apart the Evil Stewie Robot.

Static fired a blast of lightning at the Kankrelot robot and stunned it and Carmen melted its legs with a blast of fire.

Static: Lets use our combo on him.

Carmen: You got it Virgil.

Static and Carmen fired a blast of lightning and fire.

Static and Carmen: PYROSTORM THUNDERTIDE!

The blasts combined and turned into a wave of fire and lightning and it consumed the Kankrelot robot and it exploded.

KRABOOM!

Me: That takes care of the robots. Is everybody all right?

Lincoln: We're fine J.D.

Maria: Carmen! Are you and Duncan alright?

Carmen: We're fine. We just had a run in with Rhino and Scorpion.

Duncan: It was a weird encounter though.

Thorn: Why's that?

Carmen: Rhino looked like he didn't want to fight us. He even said he was sorry before he threw a rock at me.

Me: They're having second thoughts about wanting to stay with Doc Ock.

Luna L.: How are we gonna take them down dudes?

Me: I have an idea.

We formulated our plan. We were gonna have the Hex Girls get willingly captured and Lisa will have a tracking chip lead us to his hideout so we can take them down and stop them.

Thorn: That's brilliant J.D.

Daphne: But are you sure it's going to work?

Me: It will work Daphne. We won't let Doc Ock get away with everything he has done. Lets get to work!

We then saw Stan Lee.

Me: Stan Lee!

Stan: That's right J.D. I am here to enjoy the concert.

Lyra: You sure are full of surprises Stan.

Stan: It's part of who I am. Go show those goons what for people.

Me: With pleasure Stan. Excelsior!

Stan: Excelsior!

We were putting our plan into action.

Rhino: Herman, you got a minute?

Shocker: What's up?

Rhino (sighs): Do you think we're doing the right thing in staying with Ock?

Shocker: Of course we are. Why're you asking?

Rhino: Because earlier, I fought Maria Rockell's sister. And she looked like she was less then 13 years old.

Shocker: Are you sure?

Rhino: Yeah. I mean, I was fine with fighting cops at first. But now we're fighting little kids?! It doesn't seem right.

Shocker: Look, Alekski. If you're worried about what Team Loud Phoenix Storm is gonna do to us, don't be. We all know that they'll just take out our vampire friends.

Rhino: And then what? Remember what J.D. and his pals did to Hydro Man?

Shocker was in deep thought after Rhino said that. But before he could say anything, Doctor Octopus approached them.

Doc Ock: Shocker, it's time for the next phase of our plan. You and I are going to pay the Hex Girls a visit.

Shocker: Alright. Let's move out.

We implant a tracking chip in Thorn's dress.

Me: Okay it's ready.

I heard rocks crumble.

Me: Here we go.

Doc Ock and Shocker appeared.

Spidey: Ock! Geez, it's good to see you! Still have tentacles on your back, I see.

Ock: I would like to fight you like old times, Spider Man. But me and Shocker have a band to capture.

Dusk: You really think we're going to just let you kidnap us?

Shocker (not wanting to fight them): Look, just come with us willingly and no one's gonna get hurt!

Me: You will never get away with everything you did Octavius!

Doc Ock: We shall see J.D.

The Hex Girls went with them.

Me: They're on the move.

My device had a radar show where they were going.

Me: They're heading for Ayers Rock. Lets fly!

We flew over the desert and followed them. I formed a cloud as our form of camouflage.

Luna (Hex Girls): Shocker, why are you and Rhino doing this?

Shocker: What do you mean?

Dusk: Look, we know you're having second thoughts about Ock and the rest of his group. Sandman told us that you guys are his friends. And Rhino, Carmen told me that you weren't willing to attack her when she and Duncan ran into you and Scorpion.

Rhino: That's true. But we've followed Ock for years. We can't just abandon him!

Thorn: What's more important to you two? Your fellow Sinister Six teammates? Or your true friends?

They had a lot to think about but they were starting to get through to them. We saw the truck go into an underground tunnel.

Me: There they go. Lets go guys.

?: Let me help as well.

We saw Dr. Light come.

Me: Kimiyo Hoshi A.K.A. Dr. Light. It's an honor to meet you.

Dr. Light: You too J.D. The Justice League told me a lot about you all.

Me: I had a feeling they did. You know the Teen Titans have another Dr. Light but he's a super villain.

Dr. Light: That's right. Dr. Arthur Light. He's a Super villain.

Lincoln: That's unusual. We have a Dr. Light Superhero and a Dr. Light Supervillain.

Lisa: That is coincidental.

Me: It sure is. Lets go.

We flew over.

---

In the hideout they brought the Hex Girls in when suddenly a massive fiery explosion blasted a hole through the ceiling.

Me: Is this a private club or can anyone join?

Doc Ock: How did you find us!?

Me: None of your business Doc Ock. This time you will die!

We went at them.

---

## Battle 1: Rhino and Shocker

---

Ace, Cheetah, Fuzzy and Breach were facing Shocker and Rhino.

They charged and fired lightning at them but they stopped.

Breach: Alright, you two. That's enough!

Shocker: What're you talking about?

Ace: We know that you two aren't fully committed to serving Octavious.

Rhino: How'd you know?

Cheetah: Carmen told us that you were reluctant to fight her because of her age. And you two are still Flint's friends even after everything.

Fuzzy: It's not too late. Ya'll have a chance to redeem yourselves. All ya got to do is make the right choice.

Shocker: You know what? You guys are right. I've seen that you all care for one another and never give up, no matter how dark the situation is. With Ock and the rest of the Legion of Doom, they only see each other as tools and will retreat at the first chance they get.

Rhino: Ok. I'm glad that you're finally seeing my point, Herman. But are you saying that we just join Team Loud Phoenix Storm after everything we did? They're not gonna forgive us that easily!

Shocker: It's better then nothing, Alekski. I'll help Kraven and Stalker take out Hobgoblin. You help Flint, Francis, and Teresa take out Scorpion.

Rhino (nods): Alright. I've been waiting for this moment!

Breach: Lets get them!

## Battle 2: Scorpion

Kraven, Stalker, Lori and Leni were facing Scorpion.

Leni: You're, like, totally going to pay for your crimes, Scorpion!

Scorpion: You and your friends aren't so innocent yourselves, blondie! You all helped execute Hydro Man! He was our teammate!

Lori: A teammate you led into a life of crime! He literally paid for your mistakes!

Stalker: A monster like Hydro Man deserved everything he got in death.

Kraven: That's right comrade Stalker.

Scorpion used his stinger and bashed the ground and they all dodged.

Stalker hit him with his spear and stabbed him in the foot and Scorpion screamed in pain.

Leni: Don't worry, Scorpion. You'll be joining Hydro Man shortly!

Leni tried to slash at Scorpion but he dodged it and whacked Lori with his tail before firing acid at Leni, making her scream in pain.

Scorpion: Stings, doesn't it? But don't worry. That's just the least of your problems.

Suddenly, Scorpion got punched to the ground. He got up only to see that Rhino was the one who punched him.

Scorpion: Rhino?! What're you doing?!

Rhino: I'm helping my friend. My real one!

Shocker electrocuted Scorpion.

Lori: I literally did not see that coming.

Kraven: Lets use our combo Comrade Stalker.

Stalker: You got it Sergei.

Kraven and Stalker ran and turned into a fire lion.

Kraven and Stalker: VULCAN LION MASSACRE!

The fire lion roared and slashed at Scorpion and it burned his chest and armor off.

Scorpion (weakly): You're no better then me, Blondie. Or Paul. Or Carnage.

Laney healed Leni and Leni slashed off Scorpions tail and slashed his head clean off his body and killed him instantly.

Laney: Good riddance to bad rubbish.

Kraven: You know Leni you should keep Scorpion's tail as a trophy.

Leni: Good idea.

She slashed off Scorpion's tail and put it on her back.

Kraven: Thank you for helping us, Shocker.

Shocker: No problem, Sergei. And I'm sorry that I wasn't there for you and Flint before.

Stalker: All that matters is that you and Rhino chose to help us now.

Battle 3: Hobgoblin and Mysterio.

Teresa, Clayface, Inque, Ben as Heatblast, Sandman, Luna L. and Luan were facing Hobgoblin and Mysterio.

Luan fired a blast of light at Mysterio and it blew his leg open.

Luna L.: We heard from our friend Nico that you guys did something to Paul.

Mysterio: That's right. We killed him.

Teresa: Good riddance. We owe you guys one.

Hobgoblin: We did you guys a favor. He was a jerk anyway. Now you guys will die.

Hobgoblin threw pumpkin bombs and they dodged them and they exploded.

KABOOM! KABOOM!

Dr. Light fired a blast of light and burned him. Spiderman dodged more bombs.

Mysterio summoned a robot that looked like a Darkside. Dr. Light melted the Darkside robot with her light powers.

Inque whipped Mysterio with an ink whip arm. Clayface bashed him with a clay mace.

Inque: Lets use our combo on him Matt.

Clayface turned into a giant clay spike ball and Inque lifted him up and coated him in ink.

Clayface and Inque: CERAMIC MACE PULVERIZER!

They pulverized Mysterio and knocked him out.

Teresa fired a sonic blast at Hobgoblin and Francis fired a blast of fire at him.

Teresa: Lets use our combo on him.

Francis: You got it babe.

Francis fired a blast of fire and Teresa fired a blast of sonic waves.

Francis and Teresa: SONIC FIRE TORCHER!

The blasts combined and hit Hobgoblin. It burned him.

Hobgoblin: Desertion, Shocker? Poor timing for you and Rhino, don't you think?

Shocker: You're right. I should've done this sooner!

Shocker fired a blast of lightning and it his his glider. He was spinning out of control and he crashed into a cliff and it exploded and incinerated him in an instant.

But then Rhino beat Mysterio and he was unconscious.

Teresa: Well, I didn't see that coming.

Francis: Thanks, Rhino.

Rhino: No problem.

Sandman: But why'd you help us?

Rhino (sighs): Look, I know I did a lot of bad stuff before. And I know that I have a lot to make up for. But the one thing that hasn't changed is that you're my friend, Flint. No matter what!

Sandman (grins and shakes Rhino's hand): Welcome back, Alekski.

Heatblast (looks at Mysterio's unconscious body): Let's make sure he's real this time.

Inque placed her hand on Mysterio's chest and felt a pulse.

Inque: Oh yeah. This is the real one, all right. Let's put him in Vulture's cell at Arkham Asylum.

Clayface: That's not a bad idea.

Lensay: Good idea Inque.

Luan: You said it Lensay.

Luna L.: This freak is going to be in Arkham for a long long time.

---

Battle 3: Doctor Octopus.

---

I was facing Doctor Octopus and he was putting up an amazing fight. I punched him in the face and he sent his tentacles at me and I grabbed them. Dallas and Carlota fired arrows and they pinned the 3 vampires to the wall.

Dallas: Stick around.

Carlota: You three are going to prison after we're done here.

Me: Lets see how you like this Ock.

I sent 50 billion volts of pure lightning through them and Doc Ock was being electrocuted and he screamed in excruciating pain. His tentacles exploded from his back and he was now powerless.

Bleez fired a blast of red energy from her ring and it hit him and blew him into the wall. Frightwig pulverized him with her hair tentacles.

Frightwig: Bleez lets use our combo.

Bleez: You got it Selena.

Bleez fired red energy and it merged with Frightwig's hair.

Bleez and Frightwig: RAGE MACE POUNDER!

Her hair was soike mace baclls of red energy and they pounded him into a bloody mess. Spiderman fired blasts of web at him and Dr. Light fired blasts of light and burned him.

Me: You are finished Ock.

Doc Ock: I will never be finished Knudson!

Fred: It's over, Ock. You've lost.

Me: You're going to prison for the rest of your (Censored) miserable life.

Daphne: Look, why don't you just surrender and make it easy on yourself?

Doctor Octopus (takes out a cyanide pill): Never! I'd rather die then go to prison again!

Spidey: OTTO! NO!

But it was too late. Ock bit down on the pill and started foaming at the mouth before collapsing to the ground, dead.

Me: He took his own life.

Daniel: I don't believe it. He killed himself just so he wouldn't go to prison.

Everyone was shocked at what just happened. Otto Gunther Octavius… was dead.

Me: Well good riddance. Another villain gone.

Shocker: Web Head, I'm really sorry about-

Spidey: It's not your fault, Shocker. Ock made his own choice.

Malcolm: If you need any time to grieve for his death, I will let you.

Spidey: No. I really don't have anything to grieve for. All that matters is that the Hex Girls and the rest of the bands are safe.

Lincoln: He's right. With Octavius, Scorpion, and Hobgoblin dead, the Sinister Six are pretty much done.

Me: Yep. Good riddance.

Rachel: And we also rounded up his helpers as well.

We apprehended the Yowie Yahoo Vampires. They were finished. Scorpion, Doc Ock and Hobgoblin were sealed into the Book of Vile Darkness for all eternity. We kept Hobgoblins pumpkin bombs, Scorpion's stinger tail, Doc Ock's tentacles and Mysterio's Helmet and gadgets as trophies.

---

At the concert Russel and the Wildwind band was being taken to prison.

Russel: We would've gotten away with it too, if it weren't for you meddling kids. (to Spidey) How's it feel to know that you drove a man to suicide, Web Freak?

Me: Tell it to the judge you freak!

They were taken away.

We had a great time at the concert and Megan also got the autograph of the Hex Girls. It was the happiest time ever. As we had dinner with the Hex Girls we told them all about what we were doing and they were both amazed and more. We also told them all about our adventure in the most popular Mystery Inc game and how we dealt with the Revenge Squad and they were amazed. Stan Lee was among the crowd as the concert was on.

Mysterio was taken to Arkham Asylum and he was cursed with Eternal Life Without Eternal Youth. He was now an old man until the day after doomsday. He was stripped of his gadgets and more.

Vulture: Well, look who's back from the dead. I guess your fake death didn't last for long, Quentin.

Mysterio: You better watch yourself, Adrian. We're both old men in the same cell now.

Me: You should consider yourself lucky that we spared you Quentin. The reason we did so was because of you killing Paul. That (Censored) (Censored) brat got what he deserved. And I'm glad he's dead.

Mysterio: Well I'm the one that killed him and I'm glad I did. I bragged about it to everyone.

Me: Good for you. You did us all a favor. In my opinion letting him live was probably the worst mistake I could've ever done. See you around.

I left and Mysterio had a lot of time to think about everything he has done. The Wildwind Band was thrown into the Moon Prison for life. Maria also noticed earlier that Luna of the Hex Girls sounds just like her former Teammate Puff and Thorn noticed that the Redemption Squad is much better than Amanda Waller's Suicide Squad.

THE END

---

Another Fanfiction complete.

Scooby Doo and the Legend of The Vampire was an awesome movie! Doc Ock and the Sinister Six were wicked too. NicoChan11 gave me the ideas for this one. Thanks as usual. Let me know what you all think.

See you all next time.

# Babysitting in Darkness

It starts in the estate. We were just waking up and getting ready for a brand new day.

Lincoln woke up and yawned.

Lincoln: (Yawns) Ah Sunday Mornings. My homework's done, my chores are complete and today I'm looking forward to another day of freedom and fighting crime!

Me: Me too buddy!

Rachel: This is gonna be awesome!

Earth: You know it Rachel.

We were dancing around and we heard Rita.

Rita: (Offscreen) Rise and Shine kids. We're going to Aunt Ruth's today! YAAYYY!

Me: It's that time again.

Rachel: It sure is.

Varie: Lets see who will be babysitting today.

I spin my daughter wheel and it landed on Brittney.

Me: Brittney is the lucky girl. In times of darkness she can make a great use of a good time.

---

Brittney was babysitting Lori, Luna, Luan, Maggie, Shannon, Haiku, Lynn, Lincoln, Linka, Lyra, Liberty, Lee, Lucy, Laney, Lana, Lola, Lila and Lily.

Brittney: I know what to do dad. The Goths of Darkness are gonna have an awesome time.

Me: I know you can my dark angel.

Rita: And we arranged to have you all babysit some extra kids while we're away for the day.

Lincoln: Who are they mom?

The doorbell rang.

Rita: Oh that must be them.

Rita opened the door and much to the shock and horror of Lori, Luna and Luan, it was the kids that REALLY terrified them when they got them as their babysitters: THE FOX QUINTUPLETS! Lightning flashed and thunder crashed in the background behind them and Satanic Cultist music played.

Lori, Luna and Luan hugged eachother in fear while Lincoln and Lynn cheered.

Lori, Luna and Luan: THE FOX QUINTUPLETS!? OH NO!

Lynn and Lincoln: THE FOX QUINTS! (HIGH-FIVE) OH YES!

Me: Oh man.

Laney: Oh boy.

Pam: Thanks for inviting us over Mrs. Loud.

Rita: It's no problem Pam.

Lori: (IN FEAR) MOM! YOU DON'T KNOW WHAT YOU ARE DOING! THESE KIDS ARE LITERALLY A NIGHTMARE!

Luan: They are incredibly wild and they will destroy everything!

Brittney: I'm always up for the challenge.

Lynn: Me too Britts.

Brittney: Please don't call me that Lynn.

Pam: Hey coach Lynn.

Lynn: You all ready to have some fun?

The Fox Quints cheered.

We left and Brittney and crew were ready for the challenge.

A knock was heard and Brittney answered it. It was Eddy, Nico, Mindy, Alicia and Connor.

Eddy: Hey Brittney.

Brittney: Oh hey Eddy. Nico, guys what's the haps?

Nico: I brought my sibs over because my mom and dad are at work.

Brittney: No worries. Hey Alicia.

Alicia: Hey Brittney. These times of darkness are rough.

Lucy: They sure are Alicia.

Mindy: Hey guys.

Connor: What's happening?

Brittney: Everyone else went to Aunt Ruth and I was put in charge of babysitting.

Lincoln: And we're also babysitting the Fox Quints as a bonus.

Lynn: We're gonna have a great time right guys!?

Fox Quints: Yeah!

Almost right off the bat the Fox Quints went right into their wild mode. They were wreaking havoc all over the place.

Shocker: C'mon, kids! Is this any way to behave?

Steve: So what?

Shocker: Could you all just calm down and act nicely until your parents come home? (one of them hurls toilet paper at Shocker's face) I walked right into that one.

Lynn whistled!

Lynn: FRONT AND CENTER!

The Fox Kids obeyed and they came to Lynn.

Rhino: We can help you guys take down our former teammates but we can't get these kids to behave?!

Maggie: Wow. That was impressive.

Luna: That was amazing dude!

Luan: It sure was.

Lincoln: Yep. Also Pam?

Pam: What is it Coach Lincoln?

Brittney: Coach Lincoln. I like that.

Lincoln: It's what they call me whenever I help with the Fox Quints.

Lynn: Lincoln is my assistant coach.

Shannon: Good title for you bro.

Lincoln: Thanks. Also Pam, you know Lori, Leni, Luna and Luan right?

Pam: We do.

Lincoln: Well they are my sisters.

The Fox Quints gasped when they heard him say that. Of all the people that babysat them they had no idea that they were babysitting the older sisters of Lincoln Loud, one of the strongest members of Team Loud Phoenix Storm.

Pam: They are your sisters!?

Lincoln nodded.

Pam: Can you give us a minute?

Lincoln: Sure.

They went to the couch and talked it over. They realized that because of their wild tendencies and their destructive habits they never realized that they were hurting the sisters of Lincoln Loud.

Pam: Guys can you give us a minute?

Brittney: Sure Pam.

They went into the kitchen and they talked it over. They were racked with guilt over hurting Lincoln's older sisters minus Lynn. They came back and apologized to them and they forgave them.

Brittney: I'm glad you guys forgave them. Now for our first activity we're gonna do Simulator Adventures.

They all cheered and headed to the Simulator.

---

Megan was talking to Cornelia.

Megan: No way! Your school is having a battle of the bands?!

Cornelia: Yep. Pretty convenient considering that your previous adventure was at a concert. Anyway, the Dunnsters, Alchemy and the Grumpers, and Cobalt Blue are all going to be performing there.

Megan: Well, I wish I could come, Cornelia. But unfortunately, I have to participate in another battle.

Cornelia: You finally going to take out the Shredder?

Megan: No. It's worse. I have to babysit… the Fox Kids. (lightning strikes and thunder crashes in the background)

Cornelia: Whoa! I heard that some of the Loud Sisters had their hands full with them. But you've helped Team Loud Phoenix Storm take out several bad guys already. I think you can handle a few bratty kids. They remind me of my sister Lillian.

Megan: Don't worry. I know me and my friends can handle the Fox Kids. But that doesn't mean it'll be easy.

Cornelia: Well, here's my advice from when I always have to take care of Lillian. When she starts misbehaving, I always put my foot down and tell her who's the boss.

Megan: Well, guess I should do the same. Thanks!

Cornelia: No problem! (hangs up)

Megan went to Tara's room to check on her. Tara was sitting in a rocking chair reading a book and her belly was big. Megan came in.

Megan: Hey Tara.

Tara: Hey Megan.

Megan: How are you feeling?

Tara: Getting really big. But I'm so exciting to be a mother.

Megan: I'm excited too. 2 girls right?

Tara: Yep. I can't wait to be a mother with Beast Boy.

Megan: It's gonna be a great time for you. I'm heading down to the simulator to watch with Brittney. She's babysitting today.

Tara: Okay. Let me come with.

She got up and was waddling.

Megan: Okay Tara but be careful.

Tara: I know.

They went to the Simulator.

---

In the Simulator Room they got ready.

Brittney: Okay who wants to go first?

Shocker, Rhino, Lincoln and Mick raised their hands.

Brittney: Okay.

Lola: I have just the simulation for them.

Lola whispered it into Brittney's ear.

Brittney: I haven't seen that movie in like forever. Head in there guys.

They went into the Simulator.

Brittney pressed a couple buttons and the simulator activated. They found themselves in the New York City in the world of the movie Oliver and Company.

Lincoln: This is gonna be so cool!

Shocker and Rhino were having good burgers and french fries.

Rhino (eats a bunch of fries): You know what's supposed to happen first here, right? After all, Ock did let us watch this movie sometimes back when we were still with him.

Shocker (eats a burger): Of course I know. Around this time, that Jenny girl adopts Oliver and Dodger and the rest of the dogs come looking for him. Let's find them and explain that Jenny's not a bad girl.

Lincoln: Good idea Shocker.

Mick: I love this movie.

Lincoln saw Dodger and his dog gang.

Lincoln: There they are.

Mick: Lets go.

They went up to them.

Lincoln: Dodger!

Dodger and his gang saw them.

Dodger: Yo what's up man?

Lincoln: We came to tell you about that girl Jenny.

Mick: Yes she's not a bad girl. She's a really nice girl and she is gonna love Oliver no problem.

Rhino: That's right man. She's a rich and very nice girl and she would never hurt anyone.

Dodger realized that they were right and that Oliver was in good hands.

The adventure fast forwarded and at a local pier they saw a limo pull up and kidnap Jenny.

Lincoln: Jenny has been kidnapped!

Mick: Bill Sykes is behind this!

Rhino: I remember him. He's a ruthless and nefarious mob boss and loan shark.

Shocker: Lets get him!

They went after the limo and it was going into a warehouse.

Rhino: I got this!

Rhino charged and smashed through the wall of the warehouse and Lincoln fired lightning at Sykes and his dobermans Roscoe and Desoto and electrocuted them. The dobermans were beamed to the animal shelter of the Moon Prison.

Rhino: Sorry to drop in like this. Mick would you like to do a combo with me?

Mick: You know it Rhino!

Rhino and Mick charged at Sykes.

Rhino and Mick: RHINO STAMPEDE CHARGE!

They turned into a charging rhinoceros and rammed Sykes and he was sent flying. Sykes crashed into a huge crate full of hundreds of millions of dollars in cash. Lincoln grabbed the crate and the cash and sealed it into a scroll.

Mick: That was awesome!

Rhino: You said it. Not bad for a beginner.

Mick: Thanks Rhino. Jenny come on!

Mick turned his shoes into Roller Skates and Jenny got on his back.

Lincoln: Catch us if you can Sykes!

They zoomed off and Sykes and his dobermans got in his limousine and they chased after them.

Mick: Here he comes!

Lincoln and Shocker fired blasts of lightning and sonic waves at Sykes. They hit the Limo but all it was doing was making him madder and more insane with rage.

Lincoln: Geez there's no stopping this guy!

Oliver: No kidding.

Mick: I wonder how I'll get powers.

Shocker: My guess is that a dog of fire will give it to you. But then again, I could be wrong.

Suddenly from out of nowhere a dragon made entirely out of pure lightning appeared out of nowhere and it hit Mick and he was in a tornado of pure lightning. Mick sprouted wings made of pure lightning and a dragon with a bolt of lightning in his claws was emblazoned in the middle of his forehead.

Mick: Whoa! What happened?

He saw lightning arch around his hands and he knew that he had Lightning Powers.

Mick: I have lightning powers!

Lincoln: You got hit by a lightning dragon and it gave you lightning powers like mine.

Mick: This is gonna be awesome!

Lincoln: You have to remember that with Great Power Comes Great Responsibility.

Mick: That's right. Time for me to show Sykes who he's messing with!

Lincoln: Go get him!

Mick flew at Sykes and just as he was about to grab Jenny, Mick ripped the roof of the limousine off with incredible strength and kicked him in the face. Sykes stood up and he threw a punch and Mick grabbed his fist and channeled lightning into him and electrocuted him. Mick then kneed him in the face and kicked him in the stomach and punched him in the mouth and knocked out his gold tooth. He caught it.

Jenny could not believe what she was seeing and Oliver was amazed as well. A young boy half the height and size of him was overwhelming a big and ruthless loan shark like Sykes.

Shocker: That is very impressive for a kid.

Lincoln: Who do you think taught him Herman?

Shocker: You and Lynn are good teachers Lincoln.

Mick punched Sykes in the face and then Sykes pulled out a gun and Mick fired a blast of lightning and melted the gun into a red hot ooze and it burned his hand.

Shocker: Lets use our combo on him Lincoln.

Lincoln: You got it Shocker! Mick aim our attack at Sykes!

Mick: Right!

Lincoln and Shocker fired a blast of lightning.

Shocker and Lincoln: LIGHTNING SPEAR REFLECTER!

Lincoln and Shocker fired a blast of lightning at Mick and he bounced it off his hands and it went at Sykes and turned into a spear made of pure lightning and skewered Sykes all the way through his chest. Killing him instantly and causing him to explode all over the place as a mess of blood and guts. But then a train was coming.

Lincoln: Uh oh!

Mick: Hang on!

Mick grabbed Jenny and Oliver and he and Lincoln flew up and Shocker, Rhino, Fagen and the dogs got onto one of the cables of the suspension bridge and the train hit the limousine and it exploded into flames and what's left of it went right into the East Bay River.

Lincoln: That's it for that loan shark. Burn in Hell Sykes.

Mick: He deserves to go there. Are you okay Jenny?

Jenny: I sure am. Thanks to all of you.

Mick: Think nothing of it. I'm Mick Fox by the way.

Jenny: It's a pleasure.

She kissed him on the cheek and he blushed.

Jenny: Thank you so much for saving my life.

Mick: Aw. You're welcome Jenny.

Lincoln: I'm proud of you Mick.

Mick: Thanks coach Lincoln.

Shocker: That was very impressive kid.

Rhino: It sure was.

Fagen: You guys did a great job.

Shocker: Thanks Fagen. And we just got you out of having to deal with the trouble of Sykes. Whatever deal you made with him is now null and void.

Rhino: You said it man.

Lincoln: And we have one less loan shark to worry about.

Dodger: You said it Lincoln.

Lincoln then offered Jenny to have her and her family move to Gotham Royal York and they gladly accepted. They now live in the estate under our protection and Dodger and his gang live with us too.

They came out of the Simulator and they cheered wildly.

Brittney: Awesome job guys!

Shocker: Thanks Brittney.

Rhino: That was so awesome.

Lincoln: It sure was. Mick did a great job out there.

Lynn: He sure did bro. I'm proud of you man.

Mick: Thanks Couch Lynn.

Lucy: They really look up to you don't they?

Lincoln: They sure do Lucy.

Laney: You guys really defied the impossible.

Lori: And literally tamed a den full of lions.

Haiku: I'm impressed myself Lori.

Cyborg: Shocker, I want to say that I'm sorry.

Shocker: What for?

Cyborg: I'm sorry for attacking you and accusing you of stealing my car. It's just that my car's very precious to me. I put every part and circuit into her. And there was also the fact that the week before that, I fought a bad version of you in Nocturne's dream world.

Shocker: It's alright, Cyborg. I forgive you. Though I wish you can let Nocturne out of the Book of Vile Darkness for a brief moment so I can beat him up for me getting attacked by you.

Brittney: Well we have time for 5 more adventures.

Laney: I have a great adventure I want to do.

Megan, Cassidy and Clayface came in.

Clayface: Lets get ready guys.

Cassidy: I have a feeling this is gonna be so much fun.

Brittney: I figured it would perfect for you to get some exercise in before the ultimate fight against Nerissa. But this is gonna be a stealth exercise.

Clayface: Okay.

Cassidy: I've always been known as the stealthiest member of the Guardians back in my time.

Megan: This is gonna be great.

Lynn: You go in with them Steve.

Steve: You got it Coach Lynn.

Brittney: Lily you better go with them to help out.

Lily: You got it Brittney.

They went into the simulator and it activated. They found themselves in front of a building.

Megan: I know this building. The Justice League told me all about it. It's the building where the Ultimen are being held.

Laney: I know them. They were genetically engineered in this building and they were given awesome powers as a result. But their genetic structure is unstable and they are dying.

Clayface: That's bad. How long were they given to live?

Laney: A few months. But we can help them.

Steve: That's bad. How can we do that?

Lily: You may not know this Steve. But my water powers helped cure Nora Fries of her terminal disease and she was cured completely from it.

Steve: Wow!

Clayface: I heard about that. Lily is an amazing girl.

Megan: She sure is.

Laney: They do say that water is most purifying force out of the elements of nature.

Lily: That's right big sis.

Steve: You are a force to be reckoned with Lily.

Lily: Thanks Steve.

Megan: So how are we gonna get into the building and rescue the Ultimen?

Clayface: Leave that to me.

Clayface then turned into Amanda Waller.

Laney: You turned into Amanda Waller.

Clayface: (In Amanda Waller's voice) This disguise will be perfect.

Laney: We'll sneak in by using the shadows.

Clayface: Okay.

Laney: Lets do this.

Clayface as Ms. Waller walked up to the guard and he saw him.

Guard: Mrs. Waller! I didn't expect to see you back so soon.

Clayface (disguised as Waller): I just need to see if the Ultimen haven't broken out again. Go take the rest of the night off. You've earned it.

Guard: Thank you Mrs. Waller.

The guard left and they snuck into the building while staying in the shadows and out of the sight of the security cameras. Megan's suit was also equipped with a magnetic field disrupter that made them invisible to the security cameras. They got to a special lab room and they went in.

Long Shadow: Mrs. Waller?

Clayface revealed himself.

Megan: It's okay guys. We're here to help you all.

Laney: We are members of Team Loud Phoenix Storm. I'm Laney Loud.

Lily: I'm Lily Loud, Laney's younger sister.

Megan: I'm Megan McAllister.

Clayface: You all know me but I've been reeducated so to speak.

Cassidy: I'm Cassidy, Guardian of Water.

Steve: And I'm Steve Fox. It's a pleasure.

Wind Dragon: How did you find us?

Laney: We came here to save you and to cure you.

Long Shadow: How? Our genetic structures are unstable and we're dying.

Shift: Yeah. We only have a few months left to live.

Lily: Let me handle that. Here goes.

Lily spread her wings of glowing water and she fired blasts of water and entombed the Ultimen in balls of water and it went into their bodies and repaired their damaged DNA structure and enhanced their powers and made them stronger than ever before and cured them and saved them.

When the water went away they got up and they were better than ever.

Laney: How do you all feel?

Long Shadow: I feel much better than ever!

Megan scanned them with her visor helmet and she saw that Lily's water cured them completely and they are now fully healthy and no longer in danger.

Megan: Lily cured you all and you are no longer in danger guys.

Juice: It's a miracle guys!

Downpour: We're saved!

He and Shift hugged.

Long Shadow: Thank you so much Lily.

Lily: You're welcome Long Shadow. Water is the most purifying force out of the 5 elemental forces of nature.

Juice: It's amazing. We are forever indebted to you Lily.

?: I'm glad you are all better.

They turned and saw Supergirls older, evil twin POWER GIRL!

Lily: Galatea A.K.A. Power Girl.

Power Girl: That's right. It's a pleasure to meet you all Team Loud Phoenix Storm.

Laney: I heard that you were created from Supergirl's DNA here in this very building.

Power Girl: That's right Laney Loud. I was and I was created for one purpose only: to destroy the Justice League.

Megan: Why?

Power Girl: Because they are a major threat to the world and I will make sure that they pay for everything they have done to the world.

Cassidy: Whatever they created you for was all a lie. The Justice League is helping people and they are heroes for saving so many lives.

Laney: We killed Lex Luthor and some of the Legion of Doom.

Lily: And we even helped save Cheetah, Volcana and many other villains from themselves.

Suddenly without warning a massive earthquake rattled the building.

Laney: An earthquake!

Just as the ceiling was about to collapse on them, Long Shadow grew and shielded them from the falling ceiling.

Lily: Thanks Long Shadow.

Long Shadow: You're welcome guys.

Then a dragon made of earth and crystal erupted out of the ground and it saw Steve and went at him. He was in a tornado of pure earth, rock, crystal and lava. When it faded he had wings made of pure rock and crystal and a dragon with a crystal jewel in its talons was emblazoned in the middle of his forehead.

Steve: Wow. What hit me?

Laney: You have Earth Powers now Steve.

Steve then touched the ground and a sapphire crystal cluster grew out of the floor in seconds.

Steve: Wow! This is amazing!

Laney: But remember that with great power comes a great responsibility.

Steve: I'll remember that. Let me have a crack at Power Girl.

Laney: Go get her Steve.

Power Girl: You think you can beat me you little brat?

Steve: Lets try it.

He flew at Power Girl and punched her in the face and Power Girl flew at him and he blocked her punch and kicked her in the stomach and he blocked her kick. Power Girl fired a laser vision blast and Steve grew a crystal mirror and reflected it back at her and it hit her in the leg and burned her. They flew at each other and Steve punched her and then they locked hands.

Steve: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHH!

They flared up powerful auras. Steves was a Brown aura and Power Girls was a dark blue aura. Their auras mixed and clashed and the ground started shaking extremely violently.

Laney: Wow!

Lily: Their power is incredible!

Megan: How can they have so much power!?

Cassidy: It's incredible!

Laney: Not only that but their power is equal. I don't know what Lynn and Lincoln taught the Fox Quints but they sure know how to fight extremely well.

Lily: Unbelievable!

Clayface: This is gonna get really rough.

Wind Dragon: I can feel it guys.

Juice: Me too.

Steve kicked Power Girl and they went at each other again at a ferocious level. The fury of the fight was shaking the entirety of the planet to the core. A Human that was given incredible powers from the Earth was battling a genetically engineered Kryptonian. This has never happened before.

Steve formed a wall of razor sharp earth spears and sent them flying at Power Girl and she flew out of the way and then out of the blue she was kicked in the back by Crimson Fox.

Laney: Vivian D'Aramis A.K.A. Crimson Fox.

Crimson Fox: (French Accent) It's an honor to meet you Team Loud Phoenix Storm. The Justice League told me so much about you.

Laney: I had a feeling they did.

Crimson Fox went up to Power Girl and kicked her in the face.

Steve: Crimson Fox it's an honor to meet you.

Crimson Fox: You too. You've done a great job against Galatea.

Steve: Thank you.

Crimson Fox: Lets use a combo on her.

Steve: With pleasure.

They charged and Steve and Crimson Fox were in a fox made entirely out of red crystal and it was running and snarling.

Crimson Fox and Steve: CRYSTAL RED FOX PROWL!

It pounced on Power Girl and bit her leg and she screamed in pain.

The fox shattered.

Steve: That was awesome!

Lily: I see something on the back of Galatea's neck.

Laney: I see it too. Steve! Immobilize her!

Steve: You got it!

Steve then formed a sword made of pure Kryptonite and Power Girl was weakened.

Laney: She may have been created from Supergirl's DNA but she still has the same weaknesses.

Laney got up to Power Girl and she removed a bandage on her and she saw a strange chip imbedded in the back of her neck.

Megan saw the chip. She scanned the chip and made a shocking discovery.

Megan: It's a mind control chip! It's been poisoning her mind with lies and it robbed her of her free will.

Cassidy: Lets get it out of her.

Juice: Let me see if I can help with that.

Juice fired a blast of lightning and it hit the chip and completely destroyed it under it was nothing but smoking metal.

Long Shadow: Good job Juice.

Laney: That was awesome!

Clayface: It sure was.

Power Girl woke up after Steve removed the Kryptonite sword and she had a massive headache. Laney had the destroyed chip in her hands.

Power Girl: What happened?

Laney: You had a mind control chip in your neck and we freed you from its control. Here's the chip.

She showed her the chip. What's left of it.

Lily: You were made from Supergirl's DNA and you were made as a weapon to destroy the Justice League.

Long Shadow: It's true Galatea. You were made for Project Cadmus to combat our friends on the Justice League.

Juice: It was Dr. Hamilton that made you into this.

Wind Dragon: But Juice here freed you from his control.

Lily: Those Project Cadmus jerks need to be shut down for good.

Laney: They sure do. But we'll worry about them later.

Megan: We're going to help you Galatea.

Galatea: Thanks guys. I'm so sorry for everything I did.

Long Shadow: It's not your fault Galatea.

Shift: It's Cadmus's fault.

Crimson Fox: And if it weren't for Team Loud Phoenix Storm you would still be a villain.

Cassidy: But it was all done against your will.

Laney: Lets get you to our home.

Long Shadow: We have to let all of our friends on the Justice League know what happened.

Laney: Okay Long Shadow. See you later.

They did so and when they came out everyone else cheered wildly.

Lynn: Steve you did really well!

Steve: Thanks Coach Lynn. You and Lincoln taught me really well.

Lincoln: We sure did.

Brittney: My dad will have to look up how you got your powers later. He has a book on how the powers you got came to you.

Steve: Okay.

Mick: I can't wait to see what happened.

Brittney: Okay we have time for 4 more adventures.

Pam: I want to go next.

Brittney: Okay. I called in Iron Man and Robin to help you with this one.

Iron Man and Robin came in.

Iron Man: We got your call Brittney.

Robin: This is gonna be so much fun.

Briitney: I know. You two, Me, Lucy, Haiku, Maggie, and Pam will head in.

Lucy: Okay.

Lynn: Show them who's tough Pam.

Pam: You got it Coach Lynn.

They went in and the simulator activated and they found themselves in downtown Metropolis.

Lucy: So this is Metropolis.

Haiku: It's an amazing city.

Brittney: It sure is. But this place is loaded with darkness from supervillains.

Haiku: That's true.

?: You haven't seen anything yet.

They turned and they saw a kid dressed in a nice suit and he was bald and had a goatee and a robin mask.

Robin: Wait a second. Aren't you me?

Dick Gravestone: I used to be. But Robin is no more. I am now Dick Gravestone and I am the leader of the Legion of Doom!

Brittney: There's already a Legion of Doom stupid.

Dick Gravestone: I know but it's my groups name now. (Evil Laughter)

Robin: Compared to Red X, you're going to be easy!

Iron Man: You won't even be a challenge, Gravestone.

Suddenly they felt thunderous footfalls and they saw a woman with red haired strong woman and she was over 100 feet tall! It was GIGANTA!

Brittney: Wow! Dr. Doris Zeul A.K.A. Giganta.

Giganta: That's right Brittney. It's a pleasure to meet you all.

Lucy: What are you doing teaming up with this guy?

Pam: Yeah! He's a dumb idiot! He formed his own version of the Legion of Doom that makes the real Legion of Doom look like the

Justice League!

Giganta: You know what? Count me in. Grodd's a terrible boyfriend anyway. And him having me team up with an idiot like Gravestone was the last straw!

Giganta shrunk down to normal size and went to Brittney and team.

Dick Gravestone: You will pay for this treachery Giganta! I gave you power beyond anything you could ever imagine and you threw it all away!

Giganta: You gave me nothing!

Pam: Let me handle this clod!

Robin: Your Legion of Doom is weak compared to the one that we face on a daily basis!

Brittney: At least some of them have good in their hearts still. Others never the case and look at what they got. They either got killed or thrown in prison.

They went over the fates of the members of the Legion of Doom and Dick Gravestone was infuriated.

Pam went at Dick Gravestone and punched him in the face and she kicked him in the stomach and sent him crashing into a fire hydrant. It bursted and splashed him with water.

Lucy: I wonder what caused this version of Robin to turn evil.

Brittney: My guess is that when dad killed the Teen Titans in that show Teen Titans Go they were revived and they turned evil.

Haiku: That is a possibility.

Maggie: We turned them into monsters.

Brittney: I like it this way.

Dick Gravestone got up and went at Pam and she kicked him in the face and knocked out some of his teeth. Suddenly a fireball appeared from the sky and turned into a dragon made of pure fire and it hit Pam and she was in a tornado of pure fire.

When it faded Pam had wings made of pure fire and she had a red fire dragon with a flame in its claws emblazoned in the middle of her forehead.

Pam: What happened? Wait a second.

Pam held her hand out and fired a fireball from her hand and she saw that she had fire powers.

Pam: I have fire powers! Now things are gonna get intense!

She went at Dick Gravestone and kicked him in the face and threw a fireball at him. He dodged it and jumped off a building and went at her and she dodged his attack and kicked him in the back and sent him crashing into a car. He got up and he was enraged.

Dick Gravestone: (ENRAGED SCREAMING) I HATE YOOOUUU!

Her aura flared up to an incredible degree and it was neon pink.

Pam: Wow! That was intense.

Dick Gravestone went at her again and she dodged a kick from him and elbowed him in the face and kicked him in the stomach and punched him where the sun doesn't shine.

Iron Man: (Winces) That must've hurt.

Robin: It sure did Tony. Lynn and Lincoln trained them well.

Iron Man: They sure did Robin. Lets help her out.

Robin: Right.

They went in and Iron Man fired his repulsers and burned Dick Gravestone bad. Robin formed his birdarangs into a sword and he slashed Dick Gravestone in the face and slashed his eyes out. Dick Gravestone screamed in excruciating pain.

Iron Man: Lets use our combo on him Robin.

Robin: You got it Iron Man.

Iron Man fired his repulsers and Robin threw a birdarang.

Iron Man and Robin: POWER BIRDARANG STRIKE!

The Repulser blast infused with the birdarang and it hit Dick Gravestone and exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

When the smoke cleared there was a crater in the ground and Dick Gravestone was nothing but a pile of ashes. Nothing of him was left.

Pam: That was awesome!

Brittney: It sure was. Awesome job guys. But Pam you did a great job as well.

Giganta: She sure did Brittney. In all honesty I don't know what I was thinking when I teamed up with that idiot.

Brittney: I know.

Dick Gravestone's spirit appeared.

Nicole: (Offscreen) You are a dumb idiot Dick Gravestone. (Chants and Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS NOR!

His spirit went into the Book of Vile Darkness.

Nicole: Good riddance to that dumb idiot.

Brittney: You said it. Well done little sis.

Nicole: Thanks sis.

They exited the simulator and everyone cheered wildly.

Lincoln: That was awesome!

Linka: It sure was.

Lyra: Pam you were awesome in there.

Pam: Thanks Lyra.

Lynn: I'm proud of you Pam. You really socked it too him.

Pam: Thanks Coach Lynn.

Lynn: You're welcome. But you have to remember that with great power comes great responsibility.

Pam: I'll remember that Coach Lynn.

Brittney: We have time for 3 more simulation adventures.

Giganta: I want to join the Redemption Squad after this.

Killer Frost: We'll talk to William about it Doris.

Giganta: Thanks Louise.

Brittney: For this one I called in Stewie, Brian, Venom and Dr. Strange.

The door opened and in came Stewie, Brian, Venom and Dr. Strange.

Brian: Hey guys.

Stewie: I'm ready for our adventure Brittney.

Venom: This is gonna be fun. We are gonna have a lot of fun.

Dr. Strange: I also heard that you all are going after the Infinity Stones.

Brittney: We are Stephen. It's to make sure that Thanos doesn't get his hands on them and we're gonna kill him when we have all six of them.

Dr. Strange: You'll need this.

He took off his necklace and gave it to Brittney.

Brittney: The Eye of Agamotto.

Dr. Strange: That's right. The glowing stone in the middle of it is the Time Infinity Stone.

The necklace opened and out of it came the Time Infinity Stone - the Green One.

Lucy: Gasp!

Linka: We had another one of the Infinity Stones among the Avengers.

Brittney: We sure did. We now have 5 stones out of 6 and the last one is in Loki's scepter. It's the Mind Stone - the Yellow one.

Brittney took the stone and put it in the safe with the others.

Brittney: One more to go and Thanos is done for.

She closed the safe door and went back to the Simulator.

In the Simulator Venom, Stewie, Maria, Laney, Lana, Lily, Lyra, Dr. Strange, Brian and Ron went into the simulator and it activated. They found themselves on a pirate ship in the middle of a stormy sea. The weather was extremely rough, thunder and lightning crashed everywhere, rain poured all over the place, and the wind was strong and powerful.

Ron: Holy mackerel!

Dr. Strange: This place is really rough.

Laney: I know where we are. We're in the middle of the Bermuda Triangle.

Lana: I don't like this place already.

Lyra: What is the Bermuda Triangle?

Laney: It's a legendary place that is said to be where numerous ships and boats have disappeared over the centuries under mysterious circumstances over the centuries. They call the Bermuda Triangle "Earth's Black Hole" because it is said that the Triangle teleports them to another dimension never to be seen again.

Lana: That sounds really scary.

Lyra: Creepy.

Stewie: It sure is. It is located at three points: Bermuda Island, Miami in Florida, and Puerto Rico.

Brian: I've known about the triangle for years and it's a scary place.

Venom: It sure is and we've known about it for a while.

Stewie: But let me see here.

Stewie pulled out his Multiverse machine and he discovered something familiar.

Stewie: Egads! According to the Multiverse Guide we're back in the universe where we encountered Long John Peter and his pirate crew!

Brian: We're not getting ambushed this time!

Maria: Why? What happened last time?

Stewie: Long John Peter's men ambushed us, took our weapons, and threw us in the brig.

Venom: Don't worry. This time, you've got us to help you out!

Laney: That's right.

Lana: Yeah!

?: Avast! Stowaways! Kill them!

Maria: Lets kill some pirates!

They went at the pirates and Maria formed a sword of water and they unsheathed their swords and Stewie had a blaster and Brian had a railgun.

Maria: Lets kick some butt!

They went at the pirates and Ron kicked a sword out of the hands of a pirate and slashed him. He kicked another pirate and did a bunch of Errol Flynn stunts and a bunch of stunts from Jack Sparrow.

Maria: Have a taste of my Final Smash! WATERSTORM DRAGON WING!

Maria formed her water wings into Dragon wings and flew at the pirates and slashed them apart with them.

Brian: Awesome job Maria! Let me try my Final Smash. MULTIVERSE CLONE SMASHER!

Numerous versions of Brian from all over the Multiverse arrived and destroyed all the pirates.

Stewie: I got something.

Surfin Bird by the Trashmen played and Stewie and Brian slashed apart the pirates with swords whîle dancing to the song.

Ron was still slashing pirates apart.

Laney: Wow! He's a great user of a sword.

Lana: He sure is.

Brian and Stewie were blasting all the pirates apart with lasers and energy blasts.

Lana fired Ice Lightning and froze them in ice.

Maria blew them overboard into the ocean with water.

Lyra punched and kicked them with her martial arts moves.

Dr. Strange blew them apart with his magic and Venom ensnared them with black webs.

They killed all the crew until there was only LONG JOHN PETER himself!

Maria: Long John Peter Griffin.

Long John Peter: Aha! Tis some scurvy swashbucklers come a looking for pain! What be your names?

Maria: Maria Rockell.

Venom: We are Venom.

Stewie: You know me and Brian.

Ron: I'm Ron Fox.

Lyra: I'm Lyra Loud.

Laney: I'm Laney Loud.

Lana: I'm Lana Loud.

Lily: I'm Lily Loud.

Dr. Strange: And I'm Dr. Strange.

Maria: And we are here to destroy you like the dogs that you are!

Maria fired an energy blast at him and blew his whole ship apart and he landed on the ship they were on. Suddenly a dragon made entirely out of pure water erupted out of the water and went at Ron and he was enveloped in a tornado of water, fish and mermaids. When it faded he had wings made of pure water and a dragon with a mermaid riding on its back and a drop of water in its claws was emblazoned in the middle of his forehead.

Ron: What happened?

Lily: You have water powers like me and Maria, Ron.

Ron: Oh wow! This is gonna be tough guys.

Ron formed a sword made of pure water and Long John Peter unsheathed his sword.

Long John Peter: Aha! Tis a fight ye be wantin'.

Ron: Bring it.

The ship got into the middle of the Bermuda Triangle and it was calm. They looked up and saw that they were in the middle of the eye of the storm.

They went at each other and engaged in a powerful sword fight and sparks flew from their swords with each clash and it set the boat on fire. The boat was loaded with a lot of gunpowder and explosive materials. And their fight will blow them all sky high if they don't leave.

Maria: This whole boat is gonna blow in a few minutes.

Venom: We can feel it. Lets use our combo on him and let him die with the ship.

Maria: You both read my mind Venom.

Venom fired black web and Maria fired water.

Venom and Maria: MAELSTROM WEB ENSNAREMENT!

The water and web combined and formed a web of pure water and pinned Long John Peter down.

Ron: Hasta La Vista Long John Peter.

They beamed out of there and the whole ship exploded with incredible power in a massive fireball. (Think of how the Reaper Ship on Cutthroat Island exploded)

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

The simulation ended and they cheered for them.

Brittney: Awesome job guys!

Luan: That sure was a Swashbuckling Adventure. (Laughs to rimshot) Get it?

They all laughed.

Eddy: (Laughs) That was a good one Luan.

Nico: That was funny.

Alicia: I get it.

Mindy: That was a good one.

Brittney: It sure was. 2 more adventures.

Kurt: Me next guys.

Pam: Go get them bro.

Kurt: With pleasure.

Brittney: I called in the Adult Powerpuff Girls for this one.

They came in.

Blossom (Adult): We got your call Brittney.

Bubbles (Adult): This is gonna be a good one.

Buttercup (Adult): Yep.

Shannon: Lets head in guys.

Blossom, Bubbles, Buttercup, Bunny, Luan, Eddy, Shannon, Lola and Kurt went in and it activated and they found themselves in Townsville and they saw that everyone had Scurvy.

Shannon: Oh man that's scurvy!

Kurt: How do you get that?

Bubbles (Adult): It's usually caused from a severe lack of vitamin C. They turn yellow, their gums rot, they get weak and their skin hemorrhage's.

Luan: Vitamin C ya later. (Laughs) Get it? But seriously that is disgusting.

Eddy: Good one but yeah.

Lola: Ew! That is disgusting!

Blossom (Adult): I know one person responsible for all this.

Buttercup (Adult): Or shall we say 3 gelatinous persons.

Bubbles (Adult): The Amoeba Boys.

Luan: I heard from George that those guys are the three most pathetic criminals you all faced.

Lola: These guys must be that pathetic.

Blossom (Adult): Pathetic is an understatement guys. They can't do ANYTHING right.

Buttercup (Adult): They tried several times to get into prison and be recognized as big time criminals but they are downright pathetic.

Bunny (Adult): These guys just are absolutely pathetic.

Shannon: No kidding.

Lola: That IS pathetic.

Kurt: Lets get these guys.

Blossom (Adult): And we are not getting sick this time.

Bubbles (Adult): Nope.

They went to where the Amoeba Boys hideout in an abandoned movie theater and they busted in.

Bossman: The Powerpuff Girls!? Yous all have grown up the last time we saw yas.

Lola: EW! YOU GUYS ARE G-ROSS!

Blossom (Adult): We know and you stole all of Townsville's oranges and gotten everyone sick with scurvy. Lets take them down!

They went at them and punched their gelatinous bodies all over the place. Then a dragon made of pure wind bursted in and saw Kurt and went at him. He was in a tornado of wind, butterflies, fairies, bumblebees, grasshoppers and birds and when it faded he had wings made of leaves and wind and he had a dragon with a fairy, butterfly, bumblebee, grasshopper and bird around it in the middle of his forehead.

Kurt: Whoa! What happened?

Luan: You have wind powers Kurt.

Kurt: Awesome! Lets see how the Amoeba Boys like me now!

He went at them and punched and blew them apart with powerful gusts of wind and they were in a lot of pain.

Bossman: Please don't kill us!

Blossom (Adult): Kill you? Why would we? You're not worth our time.

Slim: We're not?

Buttercup (Adult): Yeah! You guys aren't villains. You're losers!

Lola: And we're not gonna throw you three in our prisons since you'll get the inmates sick.

Junior: Then what's gonna happen to us?

Bubbles (Adult): We're just gonna put you on an island where another villain like you lives.

The Amoeba Boys were banished to the island where we banished the Toiletnator. We now call that island the Island of Pathetic Enemies.

The simulation ended and they came out and they cheered wildly for

them.

Brittney: Great job guys.

Eddy: That was awesome.

Luan: It sure was Eddy bear.

Lori: Those blobs literally give all criminals a really bad name.

Giganta: You said it Lori.

Brittney: No kidding. Lets finish our round of Simulator Adventures with a bang. Lets go into the movie The Harvester! (Thunder and Lightning Crashes)

Lincoln: Now you're talking!

Linka: I remember that movie.

Lucy: Lincoln, do you have the Harvester on DVD?

Lincoln: Yep. Why?

Lucy: Because I would like to watch it. You know how I like scary movies.

Lincoln: I know Lucy.

?: (Norwegian Accent) I would like to help you out.

They turned and they saw Ice.

Brittney: Tora Olafsdotter A.K.A. Ice. It's a pleasure to have you here.

Ice: Same here Brittney. The Justice League told me and Fire so much about you all. And I see you helped Giganta.

Brittney: We sure did.

Giganta: It feels great to be on the side of good.

Ice: I'm glad Doris.

Brittney: Lets head in guys.

They went into the Simulator and it activated. They found themselves on a farm that is all dry and desolate because of a bad drought.

Lincoln: I'll never forget seeing this place.

Linka: Me neither.

Lori: I heard that movie was literally the scariest movie ever known.

Ice: I read the reviews and it put the slasher horror movies A Nightmare On Elm Street and the Friday The 13th series to shame.

Lyra: What's that movie about?

Brittney: It's a slasher horror movie about a farmer that went mad and he slashes apart his victims with a scythe and kills them and takes their organs. It's loaded with blood, carnage and gore and lots of gruesome and grotesque violence.

Lincoln: Yep.

Lucy: Wicked.

Maggie: That sounds like my kind of movie.

Alicia: Mine too.

Brittney: Same here.

Ice: Is the Harvester really that scary?

Lincoln: It sure is.

Lily: We went into Lincoln's nightmare and killed the Harvester.

Laney: That was an epic battle.

(Zero Two Theme Super Smash Bros. Brawl Theme plays)

Then they heard a woman scream and it came from inside the farmhouse.

Brittney: Lets go!

They went into the Farmhouse and they saw the farmer chasing a woman with his scythe ready to kill her. The farmers eyes were red with pure evil and he was laughing like a homicidally-insane nut.

Brittney swooped in and kicked him through the kitchen window and they leapt outside ready to face him.

Brittney: You are a heartless monster farmer!

Brittney went Super Angel 10,000 Nightflame Raven. Nico went Super Saiyan 2. Lincoln, Linka, Lori, Laney and Lily went Super Angel. Shannon spread her wings and the Fox Quints spread their wings.

Farmer: (Laughing Maniacally) You are gonna be perfect for my crop!

Lori: You literally disgust me!

Luna: You are one seriously screwed up man dude!

Luan: And you are the most despicable being ever to walk the Earth!

Laney: All you are is a monster with absolutely no regard for the value of human life!

Lana: People like you make me sick!

Lola: Yeah!

Farmer: (Laughing Insanely) Well I will kill all of you!

Brittney: Come and try it (Censored)!

Brittney teleported and kicked him in the face and Pam grabbed his scythe and broke it in half on her leg.

Pam: Harvest time is over!

They went at the Farmer and Brittney fired a black energy wave and it hit the ground by him and exploded.

KRABOOOOOOOOOOOOOMMMMM!

The explosion blew him into a hay bale and Lola fired a blast of fire and lit the hay on fire. He ran and Lori fired energy blasts from above the farmer and they hit the ground behind him as he ran and fiery explosions blew apart much of the land as he ran. He jumped onto the roof of his house and went at Lori and Luan got in front of him and kicked him in the face and she fired a blast of blue light at him and he dodged it as he fell and the blast hit his house and it exploded into a massive fiery explosion.

KRABOOOOOOOOOOOOOOMMMM!

Lola enveloped herself in an aura of fire and she chased the farmer and he ran fast into a dead corn field. Lola ignited the whole cornfield into a massive raging inferno. As he got out of the raging inferno he got a hoe and went at Lola and he tried to hit her but she dodged it and fired a stream of fire at him. He dodged it and it hit a propane tank behind it and it exploded into a massive fireball.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMM

Lincoln fired a blast of lightning and electrocuted the farmer.

Ice: Lets use our combo Lincoln.

Lincoln: Lets do it!

Lincoln fired a blast of lightning and Ice fired a blast of snow.

Lincoln and Ice: SUBZERO LIGHTNING FREEZE!

The blasts combined and turned into a blast of ice lightning and froze his arms solid.

Lana and Ice fired a blast of snow and ice lightning and he ran as ice was forming behind him. Lincoln and Linka fired lightning and it hit them and electrocuted him. The Fox Quints fired their elemental powers at the farmer and they hit him all at once and the farmer exploded all over the place and he was now a pile of burning embers.

Brittney: Burn in Hell farmer.

Ice: Indeed.

The simulation ended and they cheered wildly.

Brittney: That's it for the Harvester.

Lincoln: Again.

Linka: Yep.

Laney: Good riddance.

Pam: That monster deserved it.

Steve: Yep.

Brittney's watch beeped.

Brittney: Time for our next activity. Singing Songs.

They cheered for that.

* * *

In Luna's room they got ready.

Brittney: Okay who wants to go first?

Lori: I'll go first. I'm gonna be singing Here Comes the Rain Again by Eurythmics.

Brittney: Good choice. Go for it.

The song began and it turned into a stormy landscape in the city of Edinburgh, Scotland.

Lori: (Singing Divinely)

Here comes the rain again

Falling on my head like a memory

Falling on my head like a new emotion

I want to walk in the open wind

I want to talk like lovers do

I want to dive into your ocean

Is it raining with you

So baby talk to me

Like lovers do

Walk with me

Like lovers do

Talk to me

Like lovers do

[Rain poured from the sky like mad and it was soaking everything]

Here comes the rain again

Raining in my head like a tragedy

Tearing me apart like a new emotion

---

I want to breathe in the open wind

I want to kiss like lovers do

I want to dive into your ocean

Is it raining with you

So baby talk to me

Like lovers do

Walk with me

Like Lovers do

Talk to me

Like Lovers do

So baby talk to me

Like Lovers do

Here it comes again

Here comes the rain again

Falling on my head like a memory

Falling on my head like a new emotion

(here it comes again, here it comes again)

I want to walk in the open wind

I want to talk like lovers do

I want dive into your ocean

Is it raining with you

The song ended and they cheered wildly.

Lincoln: That was awesome Lori!

Lori: Thanks bro. Not to brag but I have a divine voice.

Brittney: You sure do.

Nico: I have a song. I'm gonna be doing Poison by Alice Cooper.

Luna: Oh he is rockin'!

Luan: I love all his songs.

Eddy: They sure are awesome.

Luna: Here dude.

Luna hands Nico an electric guitar.

Luna: Rock on man.

Nico: Thanks Luna.

He started playing and the room changed into a torture chamber.

Nico: (Singing hardcore)

Your cruel device,

Your blood like ice.

One look could kill,

My pain, your thrill.

I wanna love you, but I better not touch (don't touch)

I wanna hold you, but my senses tell me to stop

I wanna kiss you, but I want it too much (too much)

I wanna taste you, but your lips are venomous poison

[Explosions of fire go on behind a girl dressed in a white dress walking towards Nico slowly]

You're poison running through my veins

You're poison, I don't wanna break these chains.

Your mouth, so hot

Your web, I'm caught

Your skin, so wet

Black lace on sweat

I hear you calling and it's needles and pins (and pins)

I wanna hurt you just to hear you screaming my name

Don't wanna touch you, but you're under my skin (deep in)

I wanna kiss you, but your lips are venomous poison

You're poison running through my veins

You're poison, I don't wanna break these chains

Poison

One look (one look) could kill (could kill),

My pain, your thrill.

[A ferocious wall of red fire burns behind everyone]

I wanna love you, but I better not touch (don't touch)

I wanna hold you, but my senses tell me to stop

I wanna kiss you, but I want it too much (too much)

I wanna taste you, but your lips are venomous poison

You're poison running through my veins

You're poison, I don't wanna break these chains

Poison

I wanna love you, but I better not touch (don't touch)

I wanna hold you, but my senses tell me to stop

I wanna kiss you, but I want it too much (too much)

I wanna taste you, but your lips are venomous poison

[Blue fire is in the background now]

Well, I don't wanna break these chains

Poison

Running deep inside my veins

Burning deep inside my veins

Poison

I don't wanna break these chains

Poison

I don't wanna break these chains

The song ended and they all cheered wildly.

Brittney: That was awesome!

Luna: Dude that was rockin'!

Lincoln: It sure was man. You have a hardcore voice.

Alicia: He sure does.

Mindy: That's our brother.

Connor: It's awesome man!

Shocker: Me and Rhino have a song.

Herman: It's When Can I See You Again by Owl City.

Laney: I love that song.

Lola: Me too.

The song sang and it turned into the video game universe.

Shocker: (Singing)

When can we do this again?

When can I see you again?

When can we do this again?

When can I see you again?

When can we do this again?

When can I see you again?

Rhino: (Singing)

Switch on the sky and the stars glow for you

Go see the world 'cause it's all so brand new

Don't close your eyes 'cause your future's ready to shine

It's just a matter of time, before we learn how to fly

Welcome to the rhythm of the night

There's something in the air you can't deny

Shocker and Rhino:

It's been fun but now I've got to go

Life is way too short to take it slow

But before I go and hit the road

I gotta know, 'til then,

When can we do this again?

---

When can I see you again?

When can we do this again?

I gotta know, when can I see you again?
(When can I see you again?)
Shocker:
Joined at the hip, yeah your sidekick needs you
Life is a trip and the road map leads you
Look all around at the mountains you haven't climbed
It's just a matter of time, before we learn how to fly
Welcome to the rhythm of the night
There's something in the air you can't deny
Rhino:
It's been fun but now I've got to go
Life is way too short to take it slow
But before I go and hit the road
I gotta know, 'til then,
Shocker and Rhino:
When can we do this again?

When can I see you again?

When can we do this again?

I gotta know,

When can I see you again?

Shocker:

Don't close your eyes 'cause your future's ready to shine

It's just a matter of time, before we learn how to fly

Welcome to the rhythm of the night

There's something in the air you can't deny

So let me know before I wave goodbye

Shocker and Rhino:

When can I see you again?

When can we do this again?

When can I see you again?

When can we do this again?

Yeah, it's been fun but now I've got to go

Life is way too short to take it slow

But before I go and hit the road

Tell me when

When can I see you again?

When can I see you again?

Tell me when

When can I see you again?

The song ended and they cheered wildly.

Lincoln: You guys did that song awesomely!

Rhino: Thanks Lincoln.

Shocker: We have a hidden talent. Doc Ock used to take us to karaoke.

Brittney: It's a good thing he did.

Lana: Me and Lola have a song.

Lola: We're gonna do Kids in America by Kim Wilde.

Brittney: Awesome song back in the 80's. Good choice.

The song played and the flag of the United States of America was behind them in the background.

Lola: (Singing Divinely)

Looking out a dirty old window

Down below the cars in the city go rushing by

I sit here alone and I wonder why

Lana: (Singing Divinely)

Friday night and everyone's moving

I can feel the heat but it's soothing, heading down

I search for the beat in this dirty town

Lana & Lola:

Downtown the young ones are going

Downtown the young ones are growing

We're the kids in America (Whoa)

We're the kids in America (Whoa)

Everybody live for the music-go-round

Lola:

Bright lights, the music gets faster

Look, boy, don't check on your watch, not another glance

I'm not leaving now, honey, not a chance

Lana:

Hot-shot, give me no problems

Much later, baby, you'll be saying nevermind

You know life is cruel, life is never kind

Lana & Lola:

Kind hearts don't make a new story

Kind hearts don't grab any glory

We're the kids in America (Whoa)

We're the kids in America (Whoa)

Everybody live for the music-go-round

La la la la-la la-a

La la la la-la la (Sing)

La la la la-la la-a

La la la la-la la

Lola:

Come closer, honey, that's better

Got to get a brand new experience, feeling right

Oh, don't try to stop, baby, hold me tight

Lana:

Outside a new day is dawning

Outside suburbia's sprawling everywhere

I don't want to go, baby

Lana & Lola:

New York to east California

There's a new wave coming, I warn ya

We're the kids in America (Whoa)

We're the kids in America (Whoa)

Everybody lives for the music-go-round

La la la la-la la-a

La la la la-la la (Sing)

La la la la-la la-a

La la la la-la la

We're the kids

We're the kids

We're the kids in America

We're the kids

We're the kids

We're the kids in America

We're the kids

We're the kids

We're the kids in America

The song ended and they cheered wildly.

Brittney: That was awesome guys!

Luan: It sure was. You rocked the stage. (Laughs) Get it? But seriously great job you two.

Lana & Lola: Thanks guys.

Lincoln: I have a song. I'm gonna sing Send Me An Angel by Real Life.

Brittney: Great song. Another popular one back in the 80's.

Laney: Go for it bro.

Lincoln got ready and the song played. He was floating in the sky with his wings spread and the lights from Heaven were shining on him.

Lincoln: (Singing Divinely)

Do you believe in heaven above

Do you believe in love

Don't tell me a lie

Don't be false or untrue

It all comes back to you

Open fire on my burning heart

I've never been lucky in love

My defenses are down

A kiss or a frown

I can't survive on my own

If a girl walks in

And carves her name in my heart

I'll turn and run away

Everyday we've all been led astray

It's hard to be lucky in love

It get's in your eyes

It's making you cry

Don't know what to do

Don't know what to do

You're Looking for love

Calling heaven above

Send me an angel *2

Right now *2

Send me an angel *2

Right now *2

Empty dreams can only disappoint

In a room behind your smile

But don't give up, don't give up

You can be lucky in love

It get's in your eyes

It's making you cry

Don't know what to do

Don't know what to do

You're Looking for love

Calling heaven above

Send me an angel *2

Right now *2

Send me an angel *2

Right now *2

Send me an angel *2

Right now *2

Send me an angel *2

Right now *2

Right now.

The song ended and they cheered wildly for him.

Brittney: Lincoln that was awesome!

Lucy: It sure was bro.

Haiku: I agree. Lincoln has an incredible voice.

Laney: He sure does.

Luna: That was rockin' little man.

Lincoln: Thanks guys.

Luan: I have a song for you guys. I'm gonna sing American Girl by Trisha Yearwood.

Brittney: Good choice. Never was a fan of country western music but go for it.

The song played and they were in an old west style saloon.

Luan: (Singing Divinely)

Phone rings baby cries TV diet guru lies

Good morning honey

Go to work make up try to keep the balance up

Between love and money

*[Chorus:]*

She used to tie her hair up in ribbons and bows

Sign her letters with X's and O's

Got a picture of her mama in heels and pearls

She's gonna make it in her daddy's world

She's an American girl

An American girl

Slow dance second chance mama needs romance

And an live-in maid

Fix the sink mow the yard really isn't all that hard

If you get paid

*[Chorus]*

She used to tie her hair up in ribbons and bows

Sign her letters with X's and O's

Got a picture of her mama in heels and pearls

She's gonna make it in her daddy's world

She's an American girl

An American girl

Well she's got her God and she's got good wine

Aretha Franklin and Patsy Cline

*[Chorus]*

She used to tie her hair up in ribbons and bows

Sign her letters with X's and O's

Got a picture of her mama in heels and pearls

She's gonna make it in her daddy's world

An American girl

An American girl

She's an American girl

She used to tie her hair up in ribbons and bows

Sign her letters with X's and O's

Got a picture of her mama in heels and pearls

She's gonna make it in her daddy's world

She's an American girl yeah.

Well she tied her hair up in ribbons and bows

Sign her letters with X's and O's

X's and O's, X's and O's.

The song ended and they cheered wildly

Lincoln: That was amazing Luan!

Eddy: You have an amazing singing voice my divine angel of comedy.

Luan: Aw thanks guys. It's a hidden talent.

Brittney: It's not hidden anymore Luan.

Nico: No it's not. But you have a great voice Luan.

Connor: She sure does.

Brittney's watch beeped.

Brittney: Time for lunch guys.

---

In the kitchen they were deciding what to eat.

Lincoln: Lets have Pizza guys.

Everyone agreed.

Brittney: Pizza it is.

Lana: What do you guys want on it?

They decided on various toppings.

Brittney: Okay. Do your stuff Laney.

Laney: You got it Brittney.

She spun her Magisword Bracelet.

Announcer: PIZZA MAGISWORD!

She created a huge 48 inch pizza pie with various toppings on it. The toppings are for each of them.

French Narrator: (French Accent) One Hour Later.

The pizza was eaten and they were burping and belching like crazy.

Lincoln: Ah. (Belch) Boy that pizza was so delicious.

Laney: (Belch) Excuse me. You said it bro.

Lana: (Burp) I'm stuffed.

Brittney: (Belch) Me too. Lets make a pizza for everyone when they get home.

Lola: Good idea Brittney.

Megan: I don't think I've ever had a pizza that good.

Pam: Me neither.

Steve: Boy that was a great pizza guys.

Ron: You said it.

Nico: I'm stuffed.

Alicia: Me too.

Cassidy: I haven't had a good pizza like that in a long time.

Megan: I believe it Cassidy. Being dead for 40+ years can do that to you.

Cassidy: I believe it.

Brittney: Me too.

Her watch beeped.

Brittney: Time for our next activity. We're gonna play dodgeball in Lynn's Gym.

Lynn: Now you're talking!

Lincoln: This is gonna be awesome!

Brittney: Lets head over there guys!

They did so.

In Lynn's gym they were in their gym clothes and Anna and Ben were with them. Brittney was in a volleyball referee chair.

Anna: This is gonna be awesome guys!

Lincoln: It sure is Anna.

Lynn: The Fox Quints and myself are gonna be facing all of you guys. Are you all ready!?

Laney: You know it Lynn!

Anna: Lets get it on!

Ben became Ditto.

Ben: DITTO!

He split into 10 copies of himself.

Brittney: And GO!

They went for the dodgeballs and they threw them at eachother with incredible strength and speed and dodged, twisted, weaved and more. It was a powerful game and a vicious and awesome game. They were working up a tremendous sweat against Lynn and the Fox Quints. They were sweating waterfalls. When the game was over they were tired and exhausted. But they had a good time.

Brittney: That was awesome! Good game guys.

Anna: You said it sis.

Ditto: That was a fun game.

Ben reverted back.

Ben: It was a good game.

Pam: We were pretty much even with you guys.

Nico: You sure were.

Alicia: That's right.

Brittney: Lets shower up and watch TV.

They agreed.

After doing so they went down to the living room to watch TV. At 3:00 PM Vanzilla came back and we all had bored out of our skulls expressions on.

Brittney: They're back.

They got ready.

We came in and we saw a giant pizza on the table.

Brittney: Hey guys.

Lori: You all literally missed out on a lot of fun.

Varie: You'll have to fill us in.

And they did. 20 minutes later as we were eating to wash out the taste of moldy pudding from 60+ years ago we were shocked.

Me: Are you serious!? Dr. Strange had the Time Infinity Stone with him?

Lori: He sure did J.D.

Brittney: It was a surprising discovery.

Laney: We have 5 Infinity Stones and one more to go.

Me: Great job guys. And I'm glad you all had fun with the Fox Quints.

Pam: We sure did J.D.

Me: Let me see how you got your powers.

I pull out my legends book and discovered something really unusual.

Me: Wow! You all got your powers from the 5 Dragons of Gaia, the Goddess of Earth in Greek Myth. Once every 500 years Gaia chooses five worthy people to have the powers of Earth, Fire, Wind, Water and Lightning. But there's a major catch. They have to be quintuplets in that family.

Lisa: That's a very fascinating requirement.

Me: It sure is. I'm glad you all had so much fun.

Pam: We sure did J.D.

Steve: It was an awesome time with all of you.

Varie: I'm glad.

Lori: And we forgave the Fox quints for causing our trouble when we babysat them.

Me: I'm glad Lori.

The Fox Quints mom and dad came and we explained everything to them and they were surprised. But they accepted it all. It was gonna be cool having them at the estate.

# Shredding Shredder

It starts at the Gotham Royal York Police Station at 10:00 PM.

Sheila was working at the desk as a police officer. Me, Tara, Beast Boy, Lincoln and Earth came in and we had a mugger with us and he was screaming and swearing like a madman.

Sheila: Oh hey guys.

Me: Hey Sheila. We found another mugger trying to beat up an old lady for money.

Sheila: Is that right? Book him boys.

Officer Paul: With pleasure Sheila.

Officer Paul and Stacy grabbed the mugger.

Officer Stacy: Hey I know this guy. It's Jason Sternwell. He has been on our list of most wanted criminals for a long time.

Officer Paul: Good work guys. We believe that he is wanted for the murders of 10 people over the course of 10 years.

Me: Whoa!

Tara: I didn't know he was that dangerous.

Officer Stacy: He is. Thanks for catching him for us.

Me: You're welcome.

They took him away.

Lincoln: How are you liking being a police officer Sheila?

Sheila: It's awesome Lincoln and I can't thank you all enough for curing us.

Me: You're welcome Sheila.

Suddenly Tara screamed.

Beast Boy: What's wrong Tara?

Tara: My water broke!

Me: Uh oh! Oh man! The babies are coming and we got to get her to the hospital!

Sheila: I'll take you all there! Lets go guys we got babies to deliver! Come on!

We got in Sheila's car and we were on our way. I called everyone and let them know what's going on.

---

At the High School, Lori was in class and I called her.

Lori: Hello?

Me: Lori sorry to call you during class but it's time! Tara is going into Labor!

Lori: (Gasp) Oh wow! We'll be right over! (Hangs up) Tara is going into labor and we got to get to the hospital.

Mrs. Harrington: You better do so.

Everyone cheered for Tara.

Lori: Thanks guys.

Bobby: Lets go babe.

They left the school. The same thing happened to the Middle School and Elementary School and we called the Teen Titans, Winx Club and the Justice League and Avengers.

Me: Okay Tara start your breathing.

She did so.

Beast Boy: It's gonna be all right.

We arrived at the hospital and I brought a wheelchair over to the car.

Tara got in it and we rushed in.

Me: Hello we have Tara going into labor.

Nurse: Okay lets get her to the delivery room.

Lisa: Dr. Lisa Loud reporting.

Nurse: Thank you Lisa. Lets go!

Me: Okay here we go.

Everyone came in and we waited.

---

French Narrator: (French Accent) 8 Hours Later.

---

We were sleeping in the waiting room and we woke up when we heard Tara screaming.

Tara: BEAST BOY, I SWEAR, WHEN THIS IS OVER, I'M GONNA PUMMEL YOU!

Me: It's all right guys. That's just the labor pains talking.

Rita: That's right. This is a natural process.

Lynn Sr.: When Rita gave birth to Lori she didn't say stuff like that.

Lori: That's unusual.

Bobby: It sure is guys.

Rachel: No kidding. But I can't wait to see what Tara's baby girls will look like.

Me: Me too Rach.

When it was done Tara was exhausted but she had two crying baby girls wrapped in pink blankets. One girl had blond hair and blue eyes like she does and the other had green hair and green eyes like Beast Boy's.

Tara: (Weakly) Oh Garfield they are so beautiful.

Beast Boy: They sure are Tara.

They named the green hair girl Gloria and the blond hair girl after Tara's mother Selina.

In the waiting room I was telling everyone that we should go up to the babies one at a time and let Tara rest.

Me: Now Tara needs some time to recover after this guys. Plus the babies aren't used to us yet so we need to give them some time to accept us.

Tara and Beast Boy came out and Tara was tired. We saw the babies for the first time.

Me: Oh Tara they are so adorable. Congratulations to the both of you.

Beast Boy: Thanks J.D.

Tara: The blonde one is Selina Logan and the green hair one is Gloria Logan.

Me: Those are awesome names you two.

I got to hold Selina and she saw me and accepted me. She hugged me and I was smiling with happiness for them. We got to see them one at a time and they were so adorable.

---

We got home and Tara was in a rocking chair in our nursery.

Megan: I'm so happy for you Tara.

Tara: I am too Megan.

Megan: If there is anything you need you let us know okay?

Tara: I will.

Megan went back to her room and called Cornelia.

Cornelia: Tara gave birth this morning?!

Megan: She sure did. And let me tell you, her kids are so cute!

Cornelia (squeals): I can't wait to see you in person just so I can see those cuties!

Megan: I think that can be arranged. Also, do you have any advice for when we fight Shredder?

Cornelia: Well, I know enough about J.D. from what you told me. My advice? Don't teleport to another planet right away. Try to keep the battle contained in Shredder's headquarters. If the fight ends up in the street, that's when you teleport to another planet.

Megan: Got it. Thanks, Cornelia. I hope we can help you with Nerissa soon.

Cornelia (smiles): I think that time might come sooner then you think.

Megan walked over to the window.

Megan (looks out the window): Cornelia, I really hope to see you in person soon.

Cornelia (looks out the window): Megan, I have a feeling that I'll need the help of you and Team Loud Phoenix Storm very soon.

Will: Don't worry, Cornelia. I have a hunch that we'll see them sooner then you think.

On the Roof of the Estate, we were looking at the building of the Shredder in the middle of the City.

Me: This is it guys. The time has finally come for us to kill the Shredder once and for all.

Raph: Ok. Shredder better stay dead this time!

Mikey: No kidding! How many times has he cheated death? 6 times?

Raph: I wasn't paying attention.

Mikey: I can't believe that today is the day we take Shredder down.

Donny: It's about time, too.

Megan: The Shredder will pay for everything he has done.

Long Shadow and the Ultimen came.

Long Shadow: Let us help you out too.

Megan (to the Ultimen): You sure you guys want to help us fight Shredder?

Wind Dragon: Of course we're sure!

Long Shadow: Shredder is pure evil. And you need all the help you can get.

Downpour: And I can use my powers to help you guys take down the guards with stealth moves.

Shift: You guys helped us. It's time for us to return the favor!

Juice: Besides, I've been wanting a shot at a real supervillain!

Me: We appreciate it guys. And I'm glad you're all better.

Donny: To avoid having the people of the city get hurt we should teleport the fight to Shredder's home planet: The Utrom Homeworld.

Me: That's all the way out in the Theta Galaxy 50 Million Light-years away from Earth. It's perfect for the fight.

Megan: But try to keep the fight contained in the Shredder's building and if things are about to get out of hand then teleport.

Me: Thanks Megan. We'll try. Cornelia told you that didn't she?

Megan: She sure did.

Master Splinter: Remember we must remain vigilant and keep our minds focused on the goal at hand. Never let our emotions cloud our judgements.

Me: Understood sensei.

April: Leo, after tonight, everyone in Royal York will know that you guys exist. Are you really ok with that?

Leo: We sure are April.

Me: We'll stand by your sides and support you should things go south.

Raph: Thanks man.

Mikey: We owe you guys one.

Lori: Think nothing of it guys.

Casey: This is gonna be a rough battle guys.

Me: But we're ready. Get ready Shredder. Your last day alive is now. (My eyes glow red with righteous fury) Lets take him down.

We set out for the Foot Clan building.

* * *

In the Foot Clan headquarters building the Shredder was looking for the Turtles. His hatred for them was incredibly evil and so intense that it consumed him completely 10-fold and he will stop at nothing to destroy our planet.

Shredder: Those turtles are the only things that stand in my way in destroying this disgusting planet.

A fiery explosion blew a hole in the ceiling and we busted in.

Shredder: So Team Loud Phoenix Storm has come.

Me: And we came to kill you.

Shredder: You cannot defeat me! I am Oroku Saki, the one true Shredder!

Splinter: You never had the right to bear that name! And now, my beloved master Hamato Yoshi will be avenged!

Me: You're gonna pay for your crimes Ch'rell!

Shredder: Do you fools really think you can defeat me, the one true Shredder?

Eddy: First of all, you're not the only Shredder out there. There was also the demon Shredder and the Cyber Shredder. And second, (smirks) we have a Hulk, a Rhino, Edzilla, and Giganta.

With that, Hulk, Rhino, Edzilla, and Giganta charged at Shredder.

I went at the Shredder and we engaged in a powerful sword fight.

Rhino (Shredder tries to slash him but doesn't damage his suit): Guess my suit is impenetrable even to your claws!

I kick the Shredder and then he got behind me. Then he stabbed me right in the shoulder.

Shredder: You think I'm going to let you teleport to another planet?! I know that you can only teleport when you think of a location to go to. But right now, the only thing you'll think of is the pain that I'm inflicting upon you!

Me: Think again.

My blood squirted out and it hit him in the chest and burned his armor off and we saw his true form. It was an Utrom. He was a red jellyfish-like alien piloting a human suit.

Me: What the heck is that!?

Donny: That's his true from. He's what's called an Utrom.

Me: He sure is an ugly guy.

Shredder (to Sydney): Didn't I mutate you into a monster before?

Sydney: You should've just killed me instead!

Shredder: Oh, I think I'll do that right now!

Sydney then slashed his right arm off with her star sword.

Shredder: To me my Clan.

Then numerous ninjas came.

Me: Lets take these clods down.

We went at the Foot Ninjas and slashed and blasted them all apart and killed them all left and right.

Rhino charged and bashed the elite ninjas and plowed through them.

Shocker electrocuted them and reduced them to ashes.

Rhino: Lets use out combo on these clods Herman.

Shocker: You got it Aleksei.

Rhino charged and Shocker fired a blast of lightning.

Rhino and Shocker: LIGHTNING RHINO STAMPEDE!

The lightning enveloped Rhino and turned him into a rhinoceros made of lightning and he charged through some of the Foot ninjas and destroyed them.

Cheetah slashed some of the elites with her speed and agility and her deadly claws. And Fuzzy turned some of them into meat with his meat ray.

Cheetah: Fuzzy lets use our combo on them.

Fuzzy: You gots it purty lady.

Cheetah ran at them with incredible speed and Fuzzy got on Cheetah's back.

Cheetah and Fuzzy: BARBECUE SLASH FEAST!

Fuzzy blasted the elites with his meat ray and Cheetah slashed them apart and turned them into ground beef and meat.

Fuzzy: Get outta our city!

Cheetah: You tell them Fuzzy.

Ace used her powers and turned them into fairies and Breach opened portals that sent the elites into the sun.

Ace: Lets use our combo on them Breach.

Breach: You got it Mariah.

Breach fired numerous portals and Ace entrapped the rest of the elites in crystals and Breach had portals open up underneath them.

Ace and Breach: BLACK HOLE CRYSTAL DESTROYER!

The portals sucked in the crystals and teleported them into a black hole where they were completely obliterated in an instant.

Breach: That was awesome.

The Ultimen killed each member of the Foot Clan with ease and knocked them all out with ease.

I was clashing with Shredder in a massive sword fight.

Shredder: You fight well J.D.

Me: I know. Your little boy toy Hun met a grizzly end when we killed him.

Shredder: You killed Hun!?

Me: And all his precious Purple Dragons. And you will be joining them in the darkness of Hell when we kill you!

I punch his suit and half of it shattered.

Me: You are one ugly freak.

Edzilla: ED SMASH FREAKY ALIEN!

Ed used his Final Smash.

Edzilla: ATOMIC TOXIC WASTE SLUDGE!

Edzilla fired a wave of glowing green radioactive sludge at the Shredder from his mouth and Hulk used his Final Smash.

Hulk: GAMMA RAY FIST PUNCH!

Hulk fired a blast of gamma radiation from his fist. When they hit the Shredder the whole building exploded into a massive fiery explosion.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The building was completely destroyed. I had everyone protected in a force field bubble.

Lincoln: That takes care of the Shredder.

Me: No he's still alive.

Shredder: You wretches have ruined everything!

The Shredder's armor suit was completely destroyed and all that was left was his true form.

Me: Now to take the fight to where we can avoid having people get hurt.

I snapped my fingers and we were on the homeworld of the Utrom's.

Mortu: Turtles, I am glad to see you again. But please, try to inform me ahead of time when you're planning to teleport to this planet.

Donny: We apologize for arriving unexpectedly but we're fighting Ch'rell.

Me: He's right here. And we're gonna make him pay for everything he has done to our planet.

Mortu: I have a feeling he was fighting you. Show him no mercy.

Me: With pleasure.

We were in a colosseum.

Harley Quinn bashed Ch'rell with her hammer and sent him crashing into the wall of the colosseum. Poison Ivy formed a plant hammer with spikes and smashed him with it.

Harley Quinn: Lets use our combo on him Red.

Poison Ivy: You got it Harley.

They charged at him.

Harley Quinn and Poison Ivy: PLANT HAMMER PULVERIZER!

They slammed their hammers and flattened Ch'rell.

Poison Ivy: That did it.

Me: Not quite.

The Ultimen were destroying Foot Tech Ninjas. Long Shadow grabbed them as as giant and crushed them. Wind Dragon blew them away with powerful blasts of wind. Juice fired blasts of lightning and shorted out the Foot tech ninjas and they exploded. Shift turned into a huge tiger and slashed them apart. And Downpour shorted them out by getting them wet.

?: You got more problems dudes!

We saw Cyborg but he had spikes on hid head, arms and legs.

Me: Cyborg?

The Grid: I used to be called Cyborg. But now I'm a supervillain. Call me The Grid.

Me: Your leader Dick Gravestone met his end at our hands. Just like you will.

?: (Spanish Accent) Lets take care of that clod.

We saw Fire come.

Me: Beatriz Bonilla da Costa A.K.A. Fire.

Fire: It's a pleasure to meet you J.D.

Me: You too. I take it the Justice League told you all about me.

Fire: They sure have. Lets take care of The Grid first.

Me: With pleasure.

I blew off his limbs with an energy blast.

Fire: Lets use our combo on him Captain America, Cyborg.

Captain: You got it Fire.

Cyborg: Lets do it.

Captain America threw his shield and Fire and Cyborg fired a sonic blast and a blast of green fire.

Fire, Captain America and Cyborg: FLAMING CYBERDISK SLICER!

The fire and sonic blast combined with the shield and turned into a deadly flaming sawblade and it sliced apart The Grid and he exploded into a thousand pieces.

Me: That did it. Lets teach this overgrown wad of chewing gum a lesson he'll never forget.

Lori: You got it.

Ben turned into Terraspin.

Ben: TERRASPIN!

Lori: Lets use our combo to blow him away.

Roxy: You got it mom.

Lydia: This is literally gonna be awesome!

Terraspin: It sure is.

Lori, her children and Terraspin fired a massive blast of wind.

Lori, her children and Terraspin: HURRICANE SAWBLADE CURRENT!

The blasts of wind combined and turned into a mini-hurricane and it was spinning sawblade and it went at Ch'rell and he was screaming in pain as it him him.

Ben then turned into Feedback.

Ben: FEEDBACK!

Me: A Conductoid from the Teslavorr Nebula.

Feedback: That's right.

Karai then appeared.

Karai: (Japanese Accent) I have had it with you father. You tried to turn me into a heartless monster and get me to kill my friends. I'm taking over and turning the Foot Clan into a force for good.

Ch'rell was infuriated when he heard this.

Shredder: (ENRAGED SCREAMING) TRAITOR!

Me: Let me do a combo with you and Lincoln. GUARDIAN POWER!

I turn into my Guardian of Candrakar form. Lightning surges and flashes in my hands and the rune of lightning appears behind me in the background and I did an awesome fighter stance.

Me: LIGHTNING!

Megan: That is so awesome!

Me: It sure is Megan.

I then sensed something and I saw Megan suddenly enveloped in a purple sphere of light and then when it vanished she was now a Guardian of Candrakar. She had a sleeveless blue-green tank top, magenta scarf around her waist and blue-green skirt and blue-green combat boots.

Megan: What happened?

Me: Megan you are now a Guardian of Candrakar like me!

Megan gasped in excitement.

Megan: This is so cool! I wonder what power I can use.

She held out her hand and a blast of black energy filled with stars and planets fired from her hand and it hit Ch'rell and exploded.

Me: Wow! You have Space powers!

Megan: I sure do! This is unbelievable!

Me: I will gladly teach you everything I know Megan.

Megan: Thanks J.D.

Me: You're welcome.

Feedback fired a blast of lightning and Lincoln and Me fired more lightning.

Me, Feedback and Lincoln: SUPERLIGHTNING ELECTROCUTION DESTROYER!

The blasts of lightning combined and turned into a super lightning strike and it hit Ch'rell and electrocuted him badly.

Raph: Now it's time to kill you for good Shredder.

Leo: You've plagued our world planet for far too long Shredder.

Shredder (weakly): You still have that code of honor, Leonardo. You couldn't kill me before. You won't kill me now.

Leo (smirks): Who says I'm going to be the one to kill you?

Giganta was 100 feet tall and she walked up to Ch'rell.

Giganta (about to squish Ch'rell): Time to squash this scumbag!

Karai (stops Giganta): No. You and your friends do not need to soil your hands anymore, Giganta. I will kill my father.

Karai walked up to her so called father and had her foot over him.

Karai: Go to Hell and stay there.

She squished him and killed him instantly.

Edzilla then ate his remains.

Edzilla: Puny claw alien taste like chicken. (burps)

Eddy: You're an animal Ed.

Me: But it's over now. We killed the Shredder.

Then his evil spirit appeared.

Nicole: You will never be welcome on our planet or any other planet. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Ch'rell's evil spirit went into the Book of Vile Darkness.

Shredder: DAMN YOU TEAM LOUD PHOENIX STORM!

Ch'rell - the Shredder, the most dangerous enemy of the Teenage Mutant Ninja Turtles was dead. This time forever. His reign of terror had been officially silenced forever.

Me: We did it guys.

Varie: Another Victory for Team Loud Phoenix Storm!

We cheered wildly.

Leo: So what's gonna happen to the Foot Clan now?

Karai: I will reform it for a force for good. I will make sure no trace of my father's evil remains.

William: Karai, how would you like to join the Redemption Squad?

Karai: I would be honored William.

Mikey: Let's celebrate with a pizza party!

Karai: I will order the pizzas. It's the least I could do for helping me kill my father.

We cheered again and then we went back to Earth. We had an awesome pizza party. As I promised I taught Megan everything about her powers as a Guardian of Candrakar.

But in Meridian, Nerissa got word of our achievements from Walter Shreeve A.K.A. Shriek. He is one of Batman 2039's most dangerous enemies and he uses sound to attack.

Nerissa: Team Loud Phoenix Storm really has made a name for themselves.

Shriek: No kidding! First, they take out Ock and his gang. And now they just killed Shredder. I'm telling you, Nerissa. Team Loud Phoenix Storm is coming.

Nerissa: Do you think I'm a fool, Shriek?

Shriek: Of course not. Why?

Nerissa: I want them to come. I've devised some countermeasures to deal with them once they get here. The dieties managed to give powers to Aquamaria and Jade Chan. But let's see what the powers do for me once I've taken them for myself!

She has already got the previous Guardians under her control as we had surmised and Nerissa has become younger again. The Battle that will decide the fate of the entire Universe has just begun!

THE END

---

Another Fanfiction Complete.

The Shredder is without a doubt the most evil and most ruthless monster ever known to the Teenage Mutant Ninja Turtles. I've known the Shredder from the live action movies of the 1980's and he was so evil that it was unbelievable. In the 2003 series I had no idea he was an alien from another planet. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Guardians Together, WITCH Forever

It starts in an abandoned apartment complex in the middle of the city. It was an old apartment complex that was scheduled to be demolished right now. An explosion blasted half of the building. We were facing the bug guy Clancy, one of Ben's most dangerous enemies. He was half man, half insect and he has the mysterious power to communicate with insects and he has all the powers of the insect world at his command.

Me: You are one ugly freak of nature Clancy.

Clancy: Well if you think we're bugging you now, you haven't seen anything yet.

Venom: And we thought we were the only ones that say we.

Ben turned into Spitter.

Ben: SPITTER!

Me: So that is a Spheroid from the planet Scalpasc.

Spitter: That's right.

Spitter fired a blast of water at Clancy.

Bai Tza: You really need to have a better life style.

Bai Tza fired a blast of water at Clancy and Rhino charged

Bai Tza and Rhino: MAELSTROM RHINO STAMPEDE!

The water covered Rhino and he turned into a rhinoceros of pure water and he rammed Clancy and sent him crashing through the walls of the building. Then the whole place was gonna collapse!

Me: The building is collapsing! Hold on everyone!

I protected us in a force field bubble and the whole building came down and was reduced to practically nothing.

Me: Is everyone okay?

Megan: We're fine J.D.

Bai Tza: It'll take more than a collapsing building to bring me down boss.

Rhino: A-okay.

Poison Ivy: But he's not finished yet.

Clancy came out of a bunch of cockroaches.

Spitter: You just don't know when to quit.

Megan fired her blue hyperbeam at Clancy and it exploded by him and sent him flying towards us and Spitter fired a torrent of water from his mouth.

Spitter: Lets use our combo on him Megan.

Megan: You got it Ben.

Spitter fired a blast of water and Megan fired a hyperbeam blast.

Megan and Spitter: HYPER WATER DELUGE!

The blasts combined and turned into a blast of radioactive water. Clancy tried to shield himself with cockroaches but it wasn't enough as the blast blew him out of the shield and sent him crashing into the wall of the destroyed building.

Me: You are in for a very bad and long time in prison Clancy. You will be the first inmate in our newest prison.

Clancy was sent to our newest prison: the Titan Prison for Freaky Villains. It's on Saturn's largest moon Titan. It's only reserved for the most dangerous of criminal freak shows.

Me: Another criminal monster in prison.

Ben: Yep.

Venom: That guy was making us look bad.

Shocker: Tell me about it.

Me: I can't believe that he was one of your most dangerous enemies Ben.

Ben: Yeah.

Me: We're gonna head to the mall and meet up with everyone else.

Rhino: Good idea.

* * *

At the Gotham Royal York Mall a group of kids was walking around. But these weren't any ordinary kids. They were the Guardians of Candrakar: Will Vandom, Irma Lair, Tarenee Cook, Cornelia Hale, Hay Lin, Caleb and Matt.

Taranee: Will, let me just say that this plan of yours is crazy!

Will: It's the only way to stop Nerissa.

Matt: Yeah, but what if Phobos betrays us after we take Nerissa down?

Caleb: Good call, Matt.

Will: Well, if anyone has a better idea, I'm all for it.

Cornelia: I have a better plan. We can call J.D. and Team Loud Phoenix Storm for help.

Hay Lin: How do you know that they'll help us?

Cornelia: Trust me. They always help people in need.

Irma: Good point. But that still doesn't change the fact that the Heart of Meridian can only be retrieved by Phobos.

Cornelia (Smirks): True. But I know that J.D. will find a way to bypass that rule.

At the entrance we met up with everyone.

Lori: You guys made it.

Me: We sure did Lori.

Ben: But we had a run in with my enemy Clancy the Bug Guy.

Lana: Cool!

Laney: I don't think I would like this guy.

Me: I was repulsed by his appearance also Laney.

Megan: But fighting him was awesome.

Riley: I'll bet.

Leni: Lets go shopping guys.

Me: Lets do it.

We walked around the mall and then Megan's phone rang. It was Cornelia.

Megan: Hey, Cornelia.

Cornelia: Megan! I've been wanting to talk to you today.

Megan then noticed something. Cornelia's voice sounded… more louder.

Megan: Are you alright? You sound… close.

Shocker (looks behind Megan): She is close, Megan. Hang up and turn around.

Megan hung up and turned around. And that's when she saw Cornelia Hale in person.

Cornelia (smiles): Hey, Megan!

Megan (smiles): Cornelia! (hugs her)

Cornelia: It is so awesome to meet you in person.

Me: Cornelia Hale. It's an honor to finally meet you in person. And the Guardians of Candrakar it's truly an honor.

Will: You too J.D. We all were told so much about you all on Team Loud Phoenix Storm. I'm Will Vandom, Guardian of The Heart of Kandrakar.

Irma: I'm Irma Lair, Guardian of Water.

Taranee: I'm Taranee Cook, Guardian of Fire.

Cornelia: You know me. I'm the Guardian of Earth.

Hay Lin: I'm Hay Lin, The Guardian of Air.

Caleb: I'm Caleb, leader of the rebels that brought down Phobos.

Matt: And I'm Matt. It's a pleasure.

Me: It's a pleasure to meet you all. Megan told us story after story about your adventures in Candrakar.

Irma: I'm sure she did.

Taranee: We heard and saw all your adventures and they were awesome.

Me: We get that all the time wherever we go.

Will: Ok. Let me see if I got this correctly. Aleksei Sytsevich is-

Rhino: Rhino.

Will: And Louise Lincoln-

Killer Frost: Killer Frost

Caleb: Pamela Isley -

Poison Ivy: Poison Ivy.

Caleb: And Eddie Brock-

Venom: We are both Venom.

Hay Lin: Harleen Quinzel-

Harley: Harley Quinn.

Matt: Terry Mcginnis-

Terry: Batman 2039.

Matt: Herman Schultz-

Shocker: Shocker.

Matt: And Flint Marko-

Sandman: Sandman.

Will (to the Winx Club): You girls are basically like us but with fairy forms?

Bloom: That's about right. But we come from different planets and we were raised on Earth.

Irma (to Maria): You used be a metahuman criminal named Aquamaria, right?

Maria: Yep. I can still use my water form. But I don't call myself Aquamaria anymore.

Irma (to Bai Tza): And you're actually a demon sorcerer, right?

Bai Tza: Correct. My human form is named Aquas.

Taranee (to Lea): You used to be this bad guy named Axel, right?

Lea: I was a Nobody. But yeah.

Taranee (to Shego): And you used to work for Dr. Drakken?

Shego: Don't remind me.

Hay Lin (to Arpeggio): And you used to work for two bad guys named Dark Neyla and Clockwerk, right?

Arpeggio: (British Accent) That's right. But I was shown the error of my ways just in time.

Hay Lin (excited): Best. Team up. Ever!

Me: They are called the Redemption Squad. They are former villains and supervillains that are on the path to redemption.

William: That's right and I'm the Leader of the Redemption Squad.

Hay Lin: That is so cool!

Megan: Shall we head shopping guys?

We all cheered.

We did so.

---

We were shopping until we dropped. But Megan got another surprise. She got a visit from Hay Lin's grandmother "Yan Lin."

Megan: You're Hay Lin's grandmother, aren't you?

"Yan Lin": Good to know that I've made an impression. Have you made any attempt on my Mistress yet?

Megan: No.

"Yan Lin": Good. I'd like to keep it that way. The last thing I need is for me to hurt you. Megan, you've given my granddaughter and her friends good advice that's helped them. And I'll never forget that. So I'm gonna give you one chance. You ready? (Megan nods) Walk out of this mall, forget anything you might've learned about Kandrakar and Meridian, and don't you ever try and interfere with my Mistress' business again. Because if you do, I'll kill you, and everybody you love. That's the lengths I'll go to serve Nerissa.

Megan: That's good to know.

"Yan Lin": Hey. I just spared your life. Now, what do you say?

Megan (hesitantly): Thank you.

"Yan Lin" (smirks): You're welcome. Enjoy your shopping. (leaves the store)

Megan: (In her mind) Nerissa will pay for everything she has done.

As we continued shopping we were telling the Guardians about our exploits and adventures on Earth and across the universe.

Will: Wow! You guys have done it all!

Me: We don't like to brag but we have done all kinds of adventures that would put even the greatest of explorers to shame. No offense Gabrielle.

Gabrielle: (British Accent) None taken J.D. But all the adventures we had were quite enjoyable.

Me: They sure were. And we fought the most dangerous and most fearsome of villains that would make even the mightiest of armies look like child's play. No offense Caleb.

Caleb: None taken J.D. but yes I know what you mean.

Will: Nico are you really a Saiyan?

Nico: I sure am. I was born on the planet Vegeta, but I was raised here on planet Earth. My Saiyan name is Bokrua but everyone calls me Nico. I was named Nicolas Chan but everyone calls me Nico.

Irma: That is so cool.

May: And he's the most awesome boyfriend in the world.

Nico: And May is the most awesome girlfriend in the world.

Hay Lin: You two were sure made for each other.

Luan: Just like me and Eddy bear here.

Leni: Most of us have a lot of people that are totes perfect for each other.

Lisa: Indubitably 2nd born eldest sibling.

---

In the food court we were having lunch.

Wili: Ok. Since we know we're going to kill Nerissa, we'll need ideas on her death. Any suggestions?

Hay Lin: I say we snap her neck for brainwashing my Grandma!

Taranee: I say we stab her with a knife until she bleeds out.

Irma: I say we save tons of money on car insurance by switching to Geico! (everyone looks at her) Sorry. I was watching a Geico commercial last night.

Luan: (Laughs) Good one Irma. That is a thing that has the Gecko. (Laughs to rimshot) Get it?

Most of laugh but everyone else sighs.

Me: (Laughs) That was a good one you two.

Irma: Luan your jokes are hilarious!

Me: Luan is a kick in the butt.

Eddy: (Laughs) That was funny.

Me: Lets just focus on the matter at hand.

Will: Is there any other suggestion out there besides recklessly killing Nerissa and saving money on car insurance?

Cornelia: C'mon, guys! We need more creative ways to kill Nerissa.

Me: I am gonna be the one that faces Nerissa. I vowed to make her pay for everything she has done and I swore that I would kill her.

We can up with more ideas when suddenly we heard a woman yell.

?: Wilhelmina Vandom!

We saw the parents of the Guardians.

Me: Are they your parents?

Irma: They sure are.

Me: Are you the parents of Will and her friends?

Susan: We certainly are J.D. I'm Susan Vandom.

Tom: I'm Irma's father Tom Lair and this is my wife Anna.

Theresa: I'm Theresa Cook and this is my husband Lionel.

Elizabeth: I'm Elizabeth Hale and this is my husband Harold and Cornelia's little sister Lillian.

Joan: And I'm Joan Lin and this is my husband Chen.

Me: Pleasure to meet all of you.

Tom: You too J.D. We saw all your adventures all over the world on the news. Team Loud Phoenix Storm is amazing.

Me: Thank you. Not to brag but it's a force to be reckoned with.

Rhino (sees who just came in): Don't mind us! We're just eating Chinese food!

Will: Mom? What are you all doing here?

Susan: Will, enough's enough. It's time for you all to tell us about what you've all been hiding.

Harley (takes out hammer as Rhino cracks his knuckles): Back off, lady. We just took down Clancy this morning! You getting angry at us doesn't scare-

Tom: That's not gonna intimidate us, Quinn. We're getting to the bottom of this little secret that you've apparently been keeping from us.

Theresa: And if you don't tell us, you'll all be grounded.

Shego (powers up hands with green fire): You're more then welcome to try!

Bai Tza (turns into her demon form): But you won't succeed!

Cornelia: What makes you think that we're hiding something?

Elizabeth: Because you would never go to J.D. and his friends for help unless it was something life threatening.

Chen: And we have not seen Yan Lin for the last few weeks!

Poison Ivy (makes venus flytrap appear from the ground): If I were you, I'd watch your tone!

Me: Everyone stand down! Lets let them talk. Will, I think it's time that they all know the truth.

Will: You're right J.D. The reason we've been so secretive is because we have a huge responsibility to protecting the world. Not just Earth but another world as well.

She pulls out the Heart of Kandrakar.

Will: Guardians Unite!

Will, Irma, Taranee, Cornelia, Hay Lin, Me and Megan were enveloped in spheres of light and we turned into our Guardian forms.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Megan: Space!

Will: So it is true! You are the first ever Male Guardian J.D.

Me: That's right. You see everyone. This is what they have hidden. We were chosen to be the Guardians of a realm called Candrakar. It was plunged into total darkness and despair by an evil tyrannical prince named Phobos and he ruled over the land with an iron fist.

Will: We have a huge and major responsibility to both Earth and to the realms of Candrakar.

Irma: It's a major responsibility and an endless task we were given.

Taranee: And as Guardians we have to make sure that our worlds are safe from evil.

Me: They managed to take down Phobos and imprison him and all his minions and end his reign of terror. But there's an even greater threat out there that's now going to destroy the entire universe if we don't stop her. She's a rogue Guardian named Nerissa. She has been terrorizing all of Candrakar and even Earth and she has been sowing chaos and dissension through different ways. She wants to destroy everything. She has all the previous Guardians under her control through brainwashing and she will stop at nothing until she kills us all. You see, we were chosen to protect the Universe for a reason and with great power comes great responsibility.

Shocker: It was actually web head that invented that saying but it fits you all perfectly. But J.D. is right.

Megan: And we have to kill Nerissa before she destroys everything we have including our planet.

Susan (tears in her eyes): So all this time, I tried to move us back to Fadden Hills all because you were saving the world? What kind of mother am I?!

Will: The best mother I ever had.

Rhino: It's not your fault. You were just looking out for Will.

Me: That's right. You were just doing what a good mother would do.

Irma: Dad, please don't be mad.

Tom (smirks): Oh, it's not you I'm mad at. I'd like to have a word with Miranda later for getting you into trouble.

Bai Tza: I think that can be arranged.

Theresa Cook: Oh, Taranee! I'm very proud of you for everything you've done for the world! And to think I saw you as a troublemaker during the Nigel incident.

Taranee: It's fine, mom. Uriah and his pals were the troublemakers anyway.

Shego: I just hope Taranee can keep seeing Nigel when we kill Nerissa.

Me: I'm sure she can.

Elizabeth: I'm just glad we finally get to see this pen pal of yours, Cornelia!

Cornelia: Don't worry, Mom. I have a feeling that Megan will grow on you.

Poison Ivy: Also, we need to talk later about your younger daughter, Lillian. Nerissa was after her a week ago because of a hidden power that she had.

Me: It's a long story Mrs. Hale.

Chen Lin (angry): I WILL MAKE THIS NERISSA PAY FOR BRAINWASHING MY MOTHER!

Hay Lin: Dad, no! You go after her and she'll kill you!

Harley: If it makes you feel any better, we're coming up with ideas on how to kill Nerissa.

Me: It's true Mr. Lin. Nerissa is incredibly dangerous and she will kill anyone that stands in her way. I vowed that I would be the one to kill Nerissa and I will make sure that she pays for her crimes and I intend to see that vow fulfilled.

Susan: I have a feeling you can do it guys. Go make Nerissa pay for everything she has done.

Me: With pleasure Mrs. Vandom. Let me see if I can find her and her minions and the previous Guardians.

I concentrated and found them in a warehouse on the Lake Huron Wharf.

Me: I found them. They're hiding out in a Lake Huron Warehouse. Lets head out guys.

Susan: Will. Be careful out there.

Will: I will mom.

Tom: Show no mercy on her.

Irma: With pleasure dad.

Me: Nerissa has plagued our worlds for far too long! We're gonna save our planets or die trying! Lets roll!

Everyone cheered wildly as we headed out. They heard us talking and knew that we could do it.

* * *

We arrived at the warehouse down by the wharf.

Will (sees the warehouse): I've been waiting a long time for this, Nerissa. Tonight, your reign of terror ends!

Me: And it will. Nerissa your time has come. (My eyes glowed red with righteous fury) Lets go.

We went to over to the warehouse. Inside the warehouse Nerissa was waiting for us.

Nerissa: The Guardians haven't made a move for a while. Perhaps they've realized the futility of attempting to stop me. They know that their fates will be sealed soon. I will make sure of that.

A cloud of sand appeared.

Nerissa: Nice to see you again, Sandpit. But I no longer have a use for you.

Kadma (sand reforms into a familiar Redemption Squad member): Mistress, that's not Sandpit.

Sandman: You're right. I'm not.

Cassidy: That's Flint Marko aka the Sandman. A former member of the Sinister Six and current member of the Redemption Squad.

Halinor: Did you really think you could take us all on by yourself?

Sandman: Kinda. But on the off chance that I was wrong…

"Yan Lin": Shriek, you managed to put security outside, right?

Shriek: Of course. Trust me. Nothing's getting in or out.

Then a fiery explosion blasted a hole through the roof of the warehouse and Nerissa and the previous guardians shielded themselves and we came in.

Me: Now that's how you make an entrance.

Nerissa: So you all came.

Me: Nerissa. Last time we met you looked like a 200-year-old hag.

Nerissa: Yes but I shed 175 years.

Me: I see you also have Walter Shreeve A.K.A. Shriek with you.

Nerissa: Yes. You won't live long enough to see me take over this world.

She fired a blast of lightning and Shriek fired a blast of sound.

Nerissa and Shriek: SUPERSONIC LIGHTNING WAVE!

The blasts combined and turned into a deadly wave of supersonic lightning. I formed a force field and blocked the attack.

Shriek: (punches me) Little J.D.'s falling down. (punches me again) On the ground. (punches me again) Mind unsound. (punches me again) Little J.D.'s falling down (punches me again) I'm so happy!

He punched me and sent me crashing into the wall. But I got up and I had blood dripping from my mouth.

Me: Nice try. But it's gonna take a lot more than that to beat me you freak.

I wiped the blood off my face and stood ready.

Nerissa: Oh, please! Don't even try to teleport us to another planet. This time, you'll all battle on places that I've provided.

6 folds open up. Before I could snap his fingers, Nerissa tackles Will and Caleb through one fold, Cassidy tackles Irma through the second one, Halinor tackles Taranee through the third one, Kadma tackles Cornelia through the fourth one, "Yan Lin" tackles Hay Lin through the fifth one, and Shriek tackles Matt through the final one.

Me: Oh no you don't! You're mine Nerissa! Lets go!

We go into each of the 6 folds and the battle that will decide the fate of the entire universe had begun!

---

BATTLE 1: CASSIDY.

---

The fight with Cassidy was taking place in the Underworld. It was actually the very sight where they found Horror's Hand and killed Hydro Man there again.

Maria: This place is very familiar.

Cassidy: C'mon, Maria. Doesn't this place ring a bell?

Maria: This is the part of the Underworld where we found Horror's Hand. And we also killed Hydro Man here.

Cassidy: Very good. But don't try and resist your death. You had a good run. But it's time for your final minutes alive! (fires water at Maria)

Maria deflected the water and went at Cassidy and they clasped hands.

Maria: Cassidy don't you remember everything we did together? We had all kinds of fun swimming and enjoying all the fun activities in the water.

Cassidy: I do remember that, but Nerissa revealed that you were lying!

Maria: No Cassidy! That's a lie! Nerissa is using you! You are just a slave to her and a pawn with no free will. She is the true evil and you have to fight her control.

Cassidy regained some control.

Cassidy: Maria? (Groans as she clutches her head and fights to regain control of her body) You have to help me Maria! I can't fight Nerissa's spell!

Maria: Yes you can Cassidy! You need a major push. Lets help her with our combos guys!

Irma: You got it!

Lily fired a blast of glowing water and Girl Jordan fired a dragon of pure water.

Lily and Girl Jordan: PHOSPHORUS DRAGON STRIKE!

The blasts combined and turned into a glowing blue water dragon. It hit Cassidy and sent her flying. She stopped and she was still holding her head.

Heidi and Varie fired powerful blasts of water.

Heidi and Varie: MOONTIDE FISH SHOAL!

The blasts of water turned into a huge school of water fish and they swam around Cassidy and tied her up.

Isaribi: WATER STYLE: FLOWING WHIP!

Isaribi formed a whip of pure water and she flung it at Cassidy and Aquaman fired a blast of water.

Isaribi and Aquaman: WATER DELUGE WHIPRAIN!

Halinor broke down crying and she saw one of Stewie's blasters and she grabbed it! Star Lord was fighting her to stop her. He took the gun away from her.

Star Lord (to Halinor): WHAT THE (censored) WERE YOU TRYING

TO DO JUST NOW?!

Halinor (crying): I DON'T DESERVE TO LIVE ANYMORE! I SHOULD'VE RESISTED NERISSA'S CONTROL! IF I HAD, HAY LIN WOULDN'T HAVE BEEN TRAUMATIZED BY NERISSA!

Lola slapped Halinor in the face.

Lola: Get ahold of yourself woman!

Spidey: Halinor, I witnessed Doctor Octopus commit suicide in front of me. I'll be damned if I see you do the same thing!

Lola: He's right Halinor. This is all Nerissa's fault! Right now J.D. Knudson and our friends and siblings are fighting her and they are gonna make sure she pays for everything she has done.

Lea: She's right Halinor. Nerissa will pay for everything she has done to the universe and we'll make sure that she does. You still have a chance to set things right and help us take down Nerissa once and for all. So don't throw away everything you were given because of Nerissa. She will pay.

Halinor then hugged Lea and she was crying hard.

Lea was comforting her.

Lea: It's all right Halinor. Let it all out.

After 10 minutes they went to help fight Nerissa.

Kadma: Doesn't this place look familiar, Venom?

Venom: It should be. This is Gotham Wharf. It's where J.D., Batman, and the others defeated Bane.

Megan: Good thing there's no one else here.

Kadma: Yan Lin gave you a choice, Megan. But you chose wrong. (notices her Guardian attire) It seems you've become a Guardian as well. That's fine by me. I wasn't looking forward to fighting your Dark Samus Suit anyway! (summons vines to attack Megan and Venom)

Tara lifted a huge rock wall and blocked the vines.

Beast Boy turned into a hummingbird and flew to Kadma and then he turned into a snake and wrapped around her.

## Battle 5: Shriek

---

The fight with Shriek was right in the middle of Gotham Royal York.

Matt/Shagon: So this is Gotham Royal York, huh?

Terry: It is. (to Shriek) Shriek, you maniac! This fight is going to get innocent people hurt! Don't you care about that?!

Shriek: Of course not! They never cared about me! (to Sandman) You helped defeat a Revenge Squad member here, Sandman. Care to guess which one? I'll give you a hint: it's not one of your fellow Sinister Six members.

Sandman: It's Shiv, isn't it?

Shriek: Bingo! Now, enough talking. I haven't fought your pointy eared friend in a while. (fires Sound Blast at Terry)

In the Dakota City Prison Shiv was having lunch in his cell when he sneezed.

Shiv: Someone must be talking about me.

Shocker appeared and absorbed the sonic blasts. It was making him stronger.

Nico: You will pay for hurting my friend J.D.

Shriek: He deserves to die for everything he is.

Nico: You don't know what you are saying you freak. Now it's time for me to show you my newest transformation. I found a new transformation when I was training.

He flared up his Super Saiyan Aura and in a massive tornado he was forever changed. When the dust cleared Nico now had a well muscled body with red fur covering it, his hair was longer, his eyes were now orange and he had red lines under them, he had an orange sleeveless battle shirt and his Saiyan Monkey tail was out and it was red. He was now a SUPER SAIYAN 4!

Naruto: Wow! Look at Nico!

Nancy: He looks incredible!

May was so infatuated with Nico's new transformation that she had blood dripping from her nose.

Naruto: Wow! The level of power I'm sensing off of him is completely unreal! It's far more powerful than that of Super Saiyan 3.

Nico: (Deeper Voice) That's because this is my newest transformation bro. This is what I call Super Saiyan 4.

Naruto: Super Saiyan 4!? Incredible!

Stephanie: It's unbelievable!

Terry: No kidding.

Matt/Shagon: It sure is. I didn't know you had so much power Nico.

Nico: Well Shriek is gonna have a hard time dealing with me.

Nico looked at Shriek with incredible hate.

Nico: Shriek I will never forgive you for any of your crimes.

Shriek: I wouldn't be caught dead asking for your forgiveness you wretched monkey!

Shriek went at Nico and he dodged all his attacks and Nico teleported and Shriek fired a blast of sound and when it hit him it didn't even phase him let alone scratch him. Shriek punched Nico and much to his shock his Super Saiyan 4 body made his left arm completely shatter into a million pieces.

Shriek: (In shock) What the!?

Nico: (Chuckles) I'm quite surprised myself. Surprised at how strong I have become.

Shriek: What do you mean?

Nico: Your punches and attacks only tickled like a tiny feather.

Shriek fired another sound blast at Nico at maximum power and it hit him and he was in a cloud of dust. But when the dust cleared Nico was still standing and the blasts didn't even make him flinch.

Shriek: That blast should've turned him into dust and it did absolutely nothing!

Nico: Shriek you can never defeat me. My powers have grown far beyond yours you powerless human and you know it.

Shriek: DIE YOU FOOL!

He continued to fire sound blasts at Nico but all he was doing was just amusing him.

Nico: Listen to me Shriek, I can't allow you to get away with all the trouble you caused to innocent people. You've gone too far. Now you got to deal with me and my friends.

Nico flared up his aura to an incredible level and he flew at Shriek with incredible speed and punched him in the stomach and punched him in the face and kneed him in the stomach.

Nico formed his fingers into a sign.

Nico: WHIRLWIND SPIN!

He formed his fingers away and a powerful razor-wind tornado formed and the wind cut Shriek's armor all off. All that was left of him was his helmet on his head.

Nico: Lets get him with our combos guys.

May: You got it Nico!

Nancy: Lets get him guys!

Nancy, Stephanie, Ruby and Mariah turned into their wereshark forms and Naruto formed a powerful ball of water.

Wereshark Girls and Naruto: FIVE FEEDING SHARKS!

Naruto and the Wereshark Girls turned into sharks made of pure water and they bit Shriek and he screamed in pain.

Shocker fired a blast of lightning and Sandman fired a blast of sand.

Sandman and Shocker: FULGURITE ELECTROCUTION!

The sand hardened into a crystal and lightning flowed through it and it pinned Shriek to a nearby building.

Matt/Shagon fired a laser blast from his eyes and Roxy fired a stream of animal pawprints.

Matt/Shagon and Roxy: CALL OF NATURES HATRED!

The blasts combined and turned into a pack of voracious and ravenous wolves and they mauled Shriek.

Layla: MORPHIX BOLT!

Layla fired a blue sparkling energy blast and Terry fired numerous Batarangs.

Layla and Terry: OCEANS BAT STRIKE!

The batarangs turned into bats made of pure water and they hit Shriek and pulverized him with the force of a Megatsunami.

May: Let me use my Final Smash on him.

Nico: Go for it May.

May: ICEFIRE SNOWFLAKE LASER!

May formed a giant snowflake and she fired a huge blast of ice fire at Shriek and completely encapsulated him in pure ice.

Nico: Nice job May.

Jean Grey appeared and she had the Phoenix Force on.

Jean Grey: Let us help too.

Nico: Go for it Jean.

Jean Grey: PHOENIX WING FIREBALL SHOWER!

Jean Grey spread her Phoenix Force Wings and fired numerous fireballs from them and they not only melted the ice but also burned him really badly.

Nico: Now lets see how you like this. May lets use our combo on him.

May: Right Nico.

May fired a blast of Ice Fire and Nico formed a fireball in his hands the size of a soccer ball.

Nico: NUOVA STAR!

Nico threw the fireball.

Nico and May: COLD FIRE PRISON!

The blasts combined and turned into a blue fireball made of burning cold fire and it hit Shriek and froze him in a block of ice and everything but his head was completely frozen.

Nico: You're looking at spending the rest of your miserable life in one of our most dangerous maximum security prisons for your crimes. But that would be too good for you.

Shriek was sent to our newest prison. It was called the Planet Nine prison for Terrorists and he was placed in the Supermax Terrorist wing. This zone of the Planet Nine prison was reserved for the most dangerous of criminals that have terrorized the world. We would've killed him but because he is deaf that would be completely barbaric.

Nico: Lets head over to J.D. guys. It's time take down Nerissa once and for all.

They did so.

---

## Battle 6: Nerissa.

---

We were all the way over in Greece.

Nerissa: Look around, Killer Frost. Know where we are?

Killer Frost: I remember what happened here. Greece is Hercules' turf. We also killed Vexen here!

Nerissa: Of course you did. Now it's your turn to be killed! (fires lightning at her)

I appeared and deflected the lightning.

Me: No Nerissa. Your fight is with me. I vowed to face you when we first met remember?

Nerissa: Very well.

Me: Now it's time to pay Nerissa. You are going to face up to your crimes. Time for me to unleash my full power.

Killer Frost: So the beast is about to be unleashed.

Me: That's right. This is a very rare occurrence for me. This is the absolute pinnacle of my power and Nerissa will be the first person to face it.

(Goku's Super Saiyan theme plays)

I go Super Angel 10,000 and flare up my power and my aura was getting more powerful. The earth was shaking extremely violently and red lightning and blue lightning mixed in my aura and rocks lifted up into the air. The skies darkened with storm clouds and lightning was striking everywhere. Tornadoes of water were sucked up into the sky from the Mediterranean. It was getting extremely intense as my power was rising rapidly at an accelerated rate. Then I released the full extent of my power.

When it faded my power was stronger than ever before and lightning was striking all over my aura.

Me: There. Now this is my full power. Ready Nerissa?

Nerissa: Lets dance.

I teleport and punch her in the stomach and she flew away and fired a blast of lightning and we went at eachother and we were exchanging blows at a rapid pace and it was getting powerful. Nerissa fired a blast of lightning and I dodged it and I fired a blue energy wave and she dodged it and fired a powerful blast of lightning and I deflected it and fired a powerful red energy blast and she dodged it. We were really going at it and our battle was shaking the very foundation of the entire planet to the core. We stopped and we were facing each other.

Me: I don't understand you Nerissa. You were a Guardian of Candrakar and you did so many good deeds for both worlds. You became consumed with powerlust and became a heartless monster bent on conquering the universe. Why did this happen?

Nerissa: Because they took my power away from me!

Me: Your mind was considered too weak for the Heart and you will never get its power ever again.

Nerissa: (Growls) Just for that one I will blow you to pieces!

Me: I would like to see you try. I vowed to make you pay for causing problems to both of our worlds!

I flared up my power to an incredible degree.

Me: NOW DDDDIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIEEEEEEEEEEEEEEEEEEEEEEE!

My aura flared up to an incredible level and the skies had lightning strike everywhere at a rapid level.

Me and Nerissa went at each other again and it was a powerful fight that not only shook the entire planet to the core, but it also shook the very fabric of the entire universe to the very brink. On planets all over the universe people were sensing the sheer viciousness and ferocity of our battle.

I fired 4 more energy blasts at her as she was flying and she stopped 2 of the blasts with her feet and the other two with her hands and she was struggling to hold them back. I fired another blast and she saw it coming and I flew up to her as the blasts hit and exploded. In the cloud of smoke I punched her and then we clasped hands and we flared up our auras. Mine was yellow and Nerissa's was pitch black. Our hands were locked together and our auras mixed and lightning clashed and formed in them. The storm clouds above us intensified and lightning struck at an incredible level at 400 bolts every half a second and the ground was shaking violently at an incredible level. Suddenly from out of no where an energy blast hit Nerissa in the back and exploded and I head butt her and kick her in the stomach and send her crashing into the ground.

CRASH!

I land by her as she got up and I saw everyone arrive.

Me: You all came. Good. I've had my fun with her.

Nerissa saw that her slaves in a sense have been freed.

Nerissa: Impossible! How did you get set free!?

Irma: That's none of your business Nerissa!

Will: Now you will pay for everything you've done!

Me: She sure will and Nico wow! Your power is unbelievable!

Nico: I call this form Super Saiyan 4.

Me: It's incredible man. And it looks awesome on you. Lets take down this monster together everyone.

Everyone: YEAH!

Goku: Lets get her guys!

Goku, Vegeta, Gohan and Trunks went Super Saiyan.

Piccolo went Super Namek.

We all went at Nerissa and hit her with everything we had at her.

Piccolo: Special Beam Cannon!

Piccolo fired an orange and purple energy beam and Nerissa dodged it and went at him. Tien appeared in front of her and placed his hands on the edges of his eyes.

Tien: SOLAR FLARE!

Tien released a blinding flash of white light that was brighter than 100 suns and it blinded Nerissa temporarily.

Nerissa: MY EYES!

Tien held his hands in a triangle shape.

Tien: TRI-BEAM! HA!

He fired a yellow energy blast at Nerissa and it hit her and exploded.

Taranee and Will fired fire and lightning.

Me, Taranee and Will: SOLAR ECLIPSE DEATH BOMB!

Our techniques combined and the energy ball turned into a black flaming sun and it hit Nerissa and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it shook the area.

When the smoke cleared Nerissa got up and she was on her last legs.

Me: She is a very formidable adversary, I will give her that.

Flora: She sure is.

Cassidy had Nerissa's staff.

Cassidy: I got her staff. Now lets free Elyon.

She freed Elyon from the staff.

Elyon: Thank you so much Cassidy.

Cassidy: You're welcome Elyon.

Cornelia: Elyon!

They hugged again.

Nerissa looked at Will and she had a look that made it look like she was begging for mercy. But we weren't fooled one bit.

Maria: You know, for a moment, you had me fooled. Until you looked at Will. (Nerissa's face twitched in anger) And there it is again. The anger and jealousy in your eyes. You're good. I'll give you that. For a moment, I really believed that you could be saved. That we could reach you. But you're just like Ebon was. A manipulator. A liar. A murderer. A psychopath. (Nerissa narrows her eyes at her) You sell that "frightened girl" act well, I must admit but I see right through you. We were never gonna reach you, were we?

Me: No we weren't.

Rachel kicked Nerissa in the face and fired a sound blast at her.

Starfire fired numerous starbolts at Nerissa and they exploded when they hit.

Rachel: Lets use our combo Starfire.

Starfire: This is gonna be fun!

Rachel: SONIC BLAST!

Rachel fired a blast of sound and Starfire fired laser vision and starbolts.

Rachel and Starfire: SONIC STAR LASER!

The blasts combined and turned into a sonic laser and it hit Nerissa and burned her in her leg.

Then we got help from Captain Atom. He fired an energy blast at Nerissa. It exploded when it hit her.

Me: Nathaniel Adams A.K.A. Captain Atom. It's an honor to meet you.

Captain Atom: You too J.D. We got word that you all might need some help.

Me: We need all the help we can get since Nerissa is a deadly adversary.

Red Tornado then appeared and he spun Nerissa around in a powerful tornado blast.

Me: Red Tornado. It's an honor.

Red Tornado: You too J.D.

We saw the entirety of the Justice League ready to fight. They launched a massive full scale assault on her with a variety of powers and abilities. They were hitting Nerissa with everything they got at her.

Then we got an unexpected surprise. It was Raven's TTG counterpart turned into the DEMON OF AZARATH!

Raven: You're my counterpart turned evil. And you are nothing more than a major idiot.

Demon of Azarath: There was nothing wrong with just goofing off now and then! Sure, we might have been incompetent heroes but at least we fought crime now and then. But you couldn't handle that, could you?!

Raven: Let me give you a reality check, "Me"! You were never a hero. You're rude, you beat people up for every stupid little thing, you ruin everyone's fun for no reason, you insult people and put them down, you make jokes at the expense of others, you whine whenever you don't get your way, and you became obsessed with colorful talking ponies a bit too much. That last part actually isn't bad but to you, it's an addiction!

Dr. Strange: Lets destroy her with our combo Raven.

Raven: You got it.

Raven fired a blast of dark energy and Dr. Strange fired a blast of magic.

Raven and Dr. Strange: CELESTIAL MAGIC FIRE!

The blasts combined and turned into a blast of purple fire and it hit the Demon of Azarath and completely obliterated her.

I slashed at Nerissa with my sword and cut her face.

Caleb: Lets use our combo on her J.D.

Me: You got it Caleb.

We went at Nerissa and we had our swords ready.

Caleb: This is what you get mother!

I gasped in shock but focused on the combo.

Me and Caleb: THOUSAND SWORD SLASH!

We slashed Nerissa with 1000 slashes.

She was down and bleeding profusely.

Rhino charged and Killer Frost fired a blast of ice.

Rhino and Killer Frost: FROZEN RHINOCEROS STAMPEDE!

The ice covered Rhino and turned him into a rhinoceros of pure ice. He rammed Nerissa and sent her rolling.

Me: Caleb, I didn't know that Nerissa is your own mother!

Caleb: I was shocked myself but I realized that being the son of a heartless monster would not look good on my reputation.

Me: Good thinking Caleb.

As the fight with Nerissa was raging on something evil was brewing in the dungeons of the Meridian castle. The Green Goblin came into the dungeon.

Vathek: Halt! Who goes there?!

Green Goblin (throws pumpkin bombs at him and the other guards): Don't mind us! We're just passing by!

The bombs exploded and knocked the guards unconscious.

A man came and it was LOKI - THE GOD OF MISCHIEF!

Loki: (British Accent) Everyone out on bad behavior! (uses his magic on the bars, destroying them)

Loki just used his sceptor to free Phobos and his minions.

Phobos: I assume that we have you to thank for freeing us.

Loki: Of course you do. I am Loki, the God of Mischief.

Green Goblin: And I am Norman Osborn, the Green Goblin!

Cedric: We don't care who you two are. As long as you get us out of here!

Loki: Very well. Our leader would like to speak to all of you anyway. (teleports them all out)

Back in the battle Elyon was in deep thought.

Gwen (Total Drama): You ok, Elyon?

Elyon: Well, I'm still thinking about what led to me being imprisoned in that staff. I have all these powers but they were weaker compared to Nerissa's. That was how she managed to capture me. And now, I find out that two of your enemies broke out my brother and his forces. Right now, I'm been wondering what my place on the team is. If [chuckles] I even have a place, you know?

Lightning: So, you feel like an outsider, right? (Elyon nods)

Duncan: Being an outsider is a good thing. No, scratch that. It's a great thing. I've been an outsider my whole life. The best part is that you get to tell people to go shove it.

Elyon chuckled and then she was enveloped in a sphere of yellow light. When it faded she was now in Guardian Attire.

Elyon: I'm a Guardian now!

Cornelia: Elyon this is incredible! I think you have the powers of Time.

Elyon: I know I do. Now it's time to stop Nerissa.

I punched Nerissa into ground and Krillin formed an energy disk.

Krillin: DESTRUCTO DISK!

He threw the disk and it slashed Nerissa in the face.

Me: It's over Nerissa. You're finished!

I flared up my aura.

Nerrisa got up and she was building up her power to incredible levels and she was incredibly enraged.

Nerissa: IF I CAN'T HAVE THIS (CENSORED) PLANET, THEN NO ONE CAN!

Me: You will pay for everything Nerissa! (Cups hands to Side) SOLAR KAAAA! MEEEE! HAAAA! MEEEE!

Nerissa: NOW YOU ALL DIE! QUINTESSENCE!

She fires a massive stream of pitch black energy from her hands and I fired a massive Red Solar Kamehameha blast.

Me: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a massive red Kamehameha Wave of incredible power.

Krillin sensed the incredible amount of power coming from the blasts.

Krillin: That's way too big! Lets go!

Everyone flew away from the blast area. The blasts collided and a massive power struggle began. Once everyone got to a safe distance they saw the struggle that was taking place.

Krillin: They're gonna change the shape of the whole planet!

Piccolo: Nerissa!

Varie: What power! Come on guys! Lets help J.D. out!

Goku: Right!

Everyone went to distract Nerissa so I can finish her off once and for all.

(DBZ Calling The Dragon theme plays)

They landed on different sides.

Piccolo: SPECIAL BEAM CANNON!

He fired his Special Beam Cannon and it hit Nerissa in the back.

Tien: TRI-BEAM!

He fired a yellow energy blast and the rest of the Z Fighters fired energy blasts.

Sailor Soldiers: PLANET ETERNAL POWER!

The Sailor Soldiers combined their power and fired a massive white energy blast.

Nico fired a powerful blast of fire energy and it hit Nerissa. The blasts hit Nerissa and it provided some form of distraction.

Me: I've got to reach deeper! (Intensifies blast) HAAAAAAAAAAAAAAAAAA!

Nerissa was being pushed back and she intensified her blast.

Me: I'VE HAD ENOUGH OF YOU NERISSA!

Nerissa: You're all so anxious to die aren't you? Well all you had to do was ask!

She fired a blast of energy wind and blew them all away.

Me: I HATE YOU NERISSA! (INTENSIFIES BLAST) HAAAAAAAAAAAAAAAAA!

Nerissa intensified her blast. Lightning struck all over the area from the blast.

Everyone fired back at Nerissa!

Nerissa: WHY CAN'T YOU PEOPLE JUST STAY DOWN!?

She fired more energy wind and blew them away again.

But they kept getting up and fired more blasts.

Nerissa: They just keep lining up to die!

They fired more blasts at her.

Nerissa fired more wind.

Nerissa: NO CHANCE! YOU HAVE NO CHANCE!

She intensified the energy wind even more and blew them away.

Will: We have to combine all our Guardian Powers on Nerissa. Vegeta we have to help J.D.!

Vegeta: You know it Will!

They flew above Nerissa and Vegeta charged up his blast.

King Kai felt the enormous power of our blasts and something was gonna happen!

King Kai: OH NO! THE EARTH IS GONNA BLOW!

The power of our blasts was so strong and powerful that it was threatening to tear the entire planet apart!

The ground was shaking apart and earthquakes were going on all over the place!

Lincoln: The Planet is gonna explode!

The parents of the Guardians were rooting us on.

Susan: YOU CAN'T TAKE MY WILHELMINA AWAY FROM ME! SHE'S MY BABY AND NO ONE CAN TAKE HER AWAY! (CRYING)

Tom: Right! J.D. Won't let that happen because he is unbeatable! He won't let our babies be taken away!

Elizabeth: Right! YOU CAN'T TAKE HER BECAUSE J.D. WON'T LET HER! HE CAN'T BE BEATEN!

The effects of our battle were being felt around the whole planet.

Lillian: Come on J.D.! Save the planet!

Goku: (To me telepathically) Release it J.D.! Release everything! Remember all the pain she has caused, the people she has hurt, now make that your power!

Me: I will Master Goku!

Vegeta: FINAL FLASH!

He fired his energy blast and the Guardians fired their blasts.

Vegeta and the Guardians: ELEMENTAL FINAL DESTROYER!

The blasts combined and hit Nerissa. It exploded and it provided a distraction. She saw them and it was the moment I was waiting for.

Goku: NOW'S YOUR CHANCE!

Me: GO TO HELL NERISSA! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I intensified the blast to an incredible level of power and it overtook Nerissa's blast and destroyed it. The blast was so powerful and so devastating that it was more than enough.

(Death of Frieza, Cell and Buu theme plays)

Nerissa was being destroyed because of it.

Nerissa: I AM INVINCIBLE!

Nerissa was completely obliterated by the sheer power of the blast in an instant and there was nothing left of her. The blast went out into space and it dissipated harmlessly.

I powered down and I wasn't even in the least bit exhausted.

Me: It's finally over.

Piccolo: (Gasps) He did it. Nerissa's energy has completely vanished!

Will: At last. It's finally over!

Krillin: But you mean we're really safe again?

Tien: Yeah bud. It looks like it.

Yamcha: Oh man. Its been a few years since the last time I heard someone say that.

But then Nerissa's spirit appeared.

Nerissa (now a spirit): Now I know how Cassidy felt. At least things can't get any worse for me.

Nicole (takes out the Book of Vile Darkness): Oh, yes they can!

Nerissa: Me and my big mouth.

Nicole: (Chants an Incantation) ALDURON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Nerissa was sucked into the Book of Vile Darkness and she was sealed into it for all eternity.

Me: Enjoy Hell, Nerissa.

Caleb: Goodbye "Mother".

Everyone all over the world cheered wildly for us and they all cheered for me.

Me: The war is finally over. Nerissa is dead and she is in the Book of Vile Darkness where she belongs for all eternity.

Nico: You said it man.

Me: I couldn't have done it without all of you.

Goku: I'm so proud of you J.D.

Me: Thanks Master Goku. We all worked together and took Nerissa down for good.

(Ending song of Long Distance Good-Bye from Armageddon plays)

I was standing on a cliff looking over the entirety of the Mediterranean Sea and people all over the planet were cheering wildly. The world and the entire universe had been saved from Nerissa's evil ways. The wind blew my hair around as I had my wings spread. It wasn't just the people of Earth cheering for us. People on countless planets all over the Galaxy were cheering as well.

I gave everyone the victory fingers.

---

We went over to Candrakar and we stood before the Oracle.

Oracle: It seems that I've missed a lot. Thank you, J.D. Knudson, for putting an end to Nerissa's reign of terror.

Me: (bows) You're welcome and thank you, Oracle. I hope you don't mind that some of my friends used our technology against her.

Oracle: Of course not. After all, I'm not a technophobe.

Me: I'm glad.

Elizabeth Hale: So we can't tell Lillian that she's the Heart of Earth yet?

Oracle: Not yet. That will only make her worried about her future. She does not know about the dangers of the world.

Maria: The Oracle's right. Right now, Lillian's still a kid. So why not let her enjoy her childhood? After all, it won't last forever.

Me: I promise she will know of her powers in time but lets let her enjoy her childhood while it lasts.

Cornelia: Good idea.

We did so.

In the dungeons, Francis, Thor and Spiderman were with Vathek investigating how Phobos and his cronies got out.

Thor: Vathek, can you tell us who broke Phobos out of prison?

Vathek: I didn't get their names. But one of them had a helmet and a scepter. The other was on a flying device and threw bombs that looked like pumpkins.

Francis: Isn't Hobgoblin dead?

Spidey: He is. I think Vathek is talking about the Green Goblin.

Thor: And Loki. He and Osborn must have gotten Phobos and his forces out of their cells.

Spiderman: We'll have to worry about them later. But I have a good feeling I know where they're at.

We all did.

* * *

At the Slaughter Swamp headquarters of the nefarious Legion Of Doom, Gorilla Grodd was welcoming Phobos and his minions into the Legion.

Grodd: I have to say, Osborn. I'm impressed. I heard about you and Loki's reputation as the most dangerous villains out there but this takes it to a whole new level.

Dr. Polaris: They managed to bust Phobos and his gang out of jail while the heroes were busy with Nerissa.

Loki: Why, thank you for the compliment, gentlemen.

Green Goblin: Too bad we lost Nerissa and Shriek. But Phobos over here makes up for that loss.

Phobos: Trust me, Grodd. I won't let you down.

Grodd (smirks): Welcome, Prince Phobos, to the Legion of Doom!

We have another fight in store for us.

* * *

Back on Earth we celebrated with a great party. Luan and the Eds are using their Ponce De La Eds restaurant scam but they made some adjustments to it. They are now using real food.

Kevin: I have to tell you, Eddy. This former scam really improved. You guys are even serving real food.

Eddy: Thanks, Kev. J.D. and Chowder's been giving me cooking lessons.

Double D [to Jonny]: And here you go, one Ed Turkey a la King!

Jonny: Oh boy, I'm starving!

Double D: Bon appétit. [He lifts the lid.]

Jonny: FOR CRYING OUT LOUD!

Double D: Ed! You said you were going to use an actual turkey!

Ed has cooked himself. He lies naked on the plate, surrounded by fixings and an apple in his mouth. Ed pours a ladleful of gravy onto the "turkey dinner."

Ed: Stuffing anybody?

Kevin: Dude, that was only gross the first time.

Cornelia then came in to see what was going on.

She came in and saw this. She was appalled at first but then she was laughing herself silly.

Cornelia: (Laughs) Of that is so funny!

I came out with the REAL food for everyone.

Me: Here's the real Ed turkey A La King Jonny. Ed go put some clothes on.

Eddy: Idiot!

The restaurant was a success and they got a lot of quarters.

Jonny: That was so delicious Eddy!

Nazz: Thanks guys. The salad was awesome.

Me: You're welcome guys.

Eddy: That was awesome! Jawbreakers Luan? My treat.

Luan: You know it Eddy.

They went to the Candy Store.

Everyone was enjoying the party.

Cornelia: Hey, Buzz.

Buzz: Yeah?

Cornelia does a throat slash gesture with her finger across her throat, making him pale.

Megan: Was that necessary? I already made up with him, Linnie, and Jeff.

Cornelia: I know. I just wanted to do that to him since I first heard about him.

Megan: Oh yeah.

I was talking to Irma in my room.

Irma: J.D. how did you know that using those combos would break them out of Nerissa's control?

Me: That is part of a plan we formed. Cassidy told me that she was willingly going to get herself brainwashed by Nerissa and she told me that the only way to break them out of her control is with our combo attacks. I put a special seal on Cassidy that would activate when we did our combos and destroy the brainwashing. Same with the other Guardians.

Irma: Wow! That was really genius!

Me: You have to know your enemy and what they can do before you take them down.

Irma: That's true.

Yan Lin: And I feel amazing J.D. Look at me. I have my youth again.

Me: The battle made you 50 years younger Yan Lin. You look awesome.

In the Living Room, Lincoln and Matt were singing a song. They were singing Tainted Love by Soft Cell. The room changed into a beautiful ancient Greek temple.

Lincoln and Matt: (Singing Divinely)

Sometimes I feel I've got to

Run away, I've got to

Get away from the pain you drive into the heart of me

The love we share

Seems to go nowhere

And I've lost my light

For I toss and turn, I can't sleep at night

Once I ran to you (I ran)

Now I'll run from you

This tainted love you've given

I give you all a boy could give you

Take my tears and that's not nearly all

Tainted love (oh)

Tainted love

Now I know I've got to

Run away, I've got to

Get away, you don't really want any more from me

To make things right

You need someone to hold you tight

And you think love is to pray

But I'm sorry, I don't pray that way

Once I ran to you (I ran)

Now I'll run from you

This tainted love you've given

I give you all a boy could give you

Take my tears and that's not nearly all

Tainted love (oh)

Tainted love

Don't touch me, please

I cannot stand the way you tease

I love you though you hurt me so

Now I'm gonna pack my things and go

Tainted love (oh)

Tainted love (oh)

Tainted love (oh)

Tainted love (oh)

Touch me, baby, tainted love

Touch me, baby, tainted love

Tainted love (oh)

Tainted love (oh)

Tainted love

Tainted love

We cheered wildly for them both.

Matt: Lincoln that was awesome buddy.

Lincoln: Thanks Matt. It's a hidden talent. But everyone knows I can sing now.

Will: They sure do.

The Guardians of Candrakar now live in the estate and it was a grand time for them. Turns out that the Guardians and the Loud Siblings all have a lot of things in common. The parents of the Guardians now live with us in the Estate. We all came together to destroy a very dangerous threat to the entire universe. I kept Nerissa's staff as a trophy and it was a reminder of this terrible battle that nearly destroyed the planet. Blunk, the troll friend of the Guardians now lives in a tree in the backyard.

---

DBZ Narrator: AT LAST, THE TERROR KNOWN AS NERISSA HAS BEEN SILENCED FOREVER. THE BATTLE IS WON AND THE ENTIRE UNIVERSE IS SAFE ONCE MORE. THANK YOU TEAM LOUD PHOENIX STORM AND GUARDIANS OF CANDRAKAR FOR SAVING THE UNIVERSE FROM TOTAL DESTRUCTION AND FOR ALL THAT YOU GAVE. BUT THERE ARE STILL MORE ADVENTURES YET TO COME. STAY TUNED.

Another Fanfiction Complete

W.I.T.C.H. was the most awesome cartoon series ever! I can't believe it was only on for two seasons and that's it! NicoChan11 gave me the ideas for this one. Thanks man as usual and thanks for getting me into W.I.T.C.H. I wanted to give this entire battle a Dragonball Z Style fight and base it all on the fights with Goku and Frieza and the epic conclusion of the ultimate Kamehameha Wave struggle with Gohan and Cell. Two great battles in the series. We all came together in this time of crisis and united as one to destroy a threat to the entire universe. This was by far the most action packed chapter we had ever done. Let me know what you all think.

See you all next time.

# Prisoners of Colonial America

It starts at the high school. Will and the girls were all enjoying their new home here in Gotham Royal York. It was awesome for them and they were loving it.

Me: So Will how are you all liking it here in Gotham Royal York?

Will: It's awesome J.D.

Cornelia: I'm so glad that you allowed us to stay with you. Now I'm more closer to Megan than ever before.

Me: I'm glad girls. Lincoln and Matt get along great like brothers.

Irma: They sure do and I love Luan's jokes. They are so funny.

Me: Luan is always a riot. Her jokes are funny even though her sisters might not agree.

Will: At least we won't have to deal with Uriah and his gang.

Me: I don't think I would like these guys.

Megan: I heard that they are total bullies and jerks.

Taranee: They are Megan. They are delinquents to the core.

Irma: They almost gave us a goodbye gift before we moved here.

---

Will: What do you want, Uriah?

Uriah: Word on the street is that you stupid girls are gonna be moving to that Royal Woods school. So I thought I might send you a goodbye gift before you leave Sheffield. (pretends to reach into his pocket) Now, let's see. Where did I put it? Oh yeah! Here it is! (throws egg at them)

Fortunately, the girls avoided it.

Kurt: Don't worry, Uriah. I think they'll enjoy my gift! (throws water balloons at them)

Good thing that the girls avoided this one as well.

FLASHBACK ENDS

Will: Hopefully we'll never see them again.

Nico: I wouldn't say that guys. Here they come.

We saw Uriah Dunn and his cronies and they came up to us and they had looks on their faces that said "We're gonna kill you."

Uriah: Will you all will pay for humiliating us!

Me: You must be Uriah Dunn and his jerky cronies.

Kurt: That's right and you are gonna die!

They pulled out baseball bats wrapped in barbed wire and they had boards with nails in them.

Cornelia: What the heck is wrong with you three? You're not usually like this!

Clubber: We are now! This is payback for all the times you've humiliated us! (throws pumpkin bomb at the girls)

I grab it and threw it back at them and it exploded.

KRABOOM!

The explosion sent them crashing into the lockers.

They got up and the whole school was alarmed.

Me: What the (Censored) is wrong with you (Censored)!?

Uriah: We won't stop until we kill you all!

Me: This is a whole new low for the three of you jerks.

Uriah: I'll show you low!

They charge at us and I punched Uriah in the face and kick Kurt in the stomach and I flip and grab Clubber around his neck with my legs and flip him back and crash him onto the floor. Irma punched Uriah in the face and Taranee pile-drive him in the stomach.

Uriah got up and he belched up some blood and Nico kicked him in the stomach and Uriah bashed him in the face with his club.

Uriah: Aw! Is the little freak gonna cry?

Nico: Take a look, you (censored). Do you see any tears?

This actually intimidated the three bullies.

Nico: Uriah Dunn, you have failed this city! (fires sonic blast)

They were knocked out when they hit the lockers.

Me: That takes care of that.

Tom Lair and some officers arrested Uriah and his goons.

Tom Lair: You know, I don't usually fight my daughter's battles for her. But arresting you delinquents does put a smile to my face.

Uriah: Hey, I wish we were the ones who came up with the idea of assaulting those dumb girls. But we aren't.

Megan: What are you talking about?

Kurt: Some green guy paid us to attack Vandom and her friends. He even gave us those pumpkin bombs as well.

Harry Osborn: (thinking that his dad hired Uriah and his goons to attack W.I.T.C.H) What green guy?

Clubber: Well, he looked like that Beast Boy punk. But way muscular and looked like an army man.

Me: That's not Beast Boy. The Beast Boy we know is helping Tara with his children while Tara recovers.

Irma: I heard about that J.D. and I'm so happy for her.

Cornelia: Me too J.D.

Megan: I am too. But we got to find this Beast Boy lookalike.

Uriah: Good luck bozos. He's tough and he will mean business.

Me: Try me you sociopathic clods. Get em outta here.

Tom Lair: Lets go punks.

They were arrested.

Everyone in the school cheered for us.

Me: Thanks everyone. But we were just doing our job protecting all of you as part of what we do as Team Loud Phoenix Storm.

Lori: That's right guys. It's what we do.

After School was over we were walking home from school.

Will: Cornelia, how did you and Megan become pen pals?

Me: That's what I was wondering too.

Cornelia: Well me and Megan met on an internet chatroom.

FLASHBACK 2

Cornelia: (Narrating) **I was on a chatroom and I found a girl named Megan_2211 and we became very close almost instantaneously. We would share our secrets and she gave me her number in Chicago.**

FLASHBACK ENDS

Cornelia: Ever since we were close miles apart.

Me: That's awesome.

Megan: It sure is. I'm glad you found me on the internet Cornelia.

Cornelia: Me too Megan.

Elyon: We all became very close friends ever since our adventures began in Candrakar.

Me: We sure did. And now look at us. We are not only the most powerful force the entire universe has ever seen but also we managed to put an end to the terror of Nerissa once and for all. Not to brag but that was probably the most incredible battle we had ever been in.

Hay Lin: It sure was J.D.

Nico: And it was also the first time I demonstrated the power of my Super Saiyan 4 abilities.

Me: It sure was man. You are now the most powerful being in the entire galaxy and you definitely have what it takes to overwhelm all of Master Goku's enemies with great ease.

Nico: I can't argue with that J.D.

May: Me neither.

Me: Taranee I was also told that you have telepathy.

Taranee: I sure do.

She read Ed's thoughts.

Ed: (In his mind) Hello!

Taranee: (Telepathically) Hello to you Ed.

Ed (still testing out the telepatchic link): I am a zombie and I will malice you with a shoehorn!

I heard the thought and it was funny.

Taranee: (Out loud) Malice me with a shoehorn!?

Eddy: Ed said that to Double D when he had the hiccups.

Me: That is too funny. We'll use telepathy as a form of stealth communication when needed.

Lincoln: That's a good idea.

Cornelia: Poromon, has anyone told you that you and Poliwag are so cute?

Poromon: I get that all the time Cornelia.

Nico: He sure does. They both do.

Suddenly the wall of the bank exploded and out came a huge hulking green version of Beast Boy. It was his evil TTG counterpart BEAST MONSTER!

Me: Whoa! That version of Beast Boy is huge!

Hulk: Look like Beast Boy and Hulk mixed together.

Me: He sure does. Lets get him!

Will pulled out the Heart of Candrakar.

Will: GUARDIANS UNITE!

Will, Irma, Taranee, Cornelia, Hay Lin, Me, Megan and Elyon turned into our Guardian Forms.

Will: The HEART!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Megan: Space!

Elyon: Time!

Me: Lets get him!

We went at him and I kicked Beast Monster in the face and fired a blast of lightning at him.

Beast Boy arrived and turned into an elephant and he charged and rammed him.

Beast Monster turned back and he saw Beast Boy.

Beast Monster: Well if it isn't my idiotic goofy self!

Me: Your three doofus cronies you hired to kill us are now in prison forever.

Beast Boy: I might be goofy sometimes but at least I'm not a jerk like you. And I don't hire bullies to attack people!

Beast Monster: Well, I couldn't ask my other 3 friends since you killed them. So I had to improvise.

Me: Well that didn't work out well. Now you will pay like they did.

Hulk: HULK SMASH!

He punched Beast Monster in the face and sent him crashing into a bunch of garbage cans.

Beast Monster turned into a Tyrannosaurus and Hulk stopped him.

Megan fired a blast of cosmic energy and it hit Beast Monster in the face and Hulk punched him and Beast Boy turned into a Spinosaurus and grabbed him and threw him into a building.

Hulk: Lets use combo Beast Boy.

Beast Boy: You got it Hulk.

Beast Boy turned into a Brachiosaurus and Hulk lifted him up.

Hulk and Beast Boy: HULKING BRACHIO SMASH!

Hulk threw Beast Boy at Beast Monster and smashed him into the wall of a building.

KRASMASH!

Cornelia wrapped up Beast Monster in vines and threw him into the air.

Cornelia: Lets use our combo Megan.

Megan: You got it Cornelia!

Cornelia created a huge ball of spiked vines and Megan lifted it up with her Space powers.

Megan and Cornelia: PLANET BRAMBLE SMASHER!

The bramble ball flew into the air faster than a bullet fired from a gun and smashed into Beast Monster and I fired a blast of lightning and it hit the ball with Beast Monster skewered on it and it ignited and incinerated him completely.

Me: That takes care of that.

Megan: Yep.

Irma: He was giving Beast Boys image a really bad name.

Beast Boy: You said it Irma.

Hulk: Beast Monster bad.

Me: Yep.

We went home.

* * *

We got home and 20 minutes later we were in the Simulator for a special adventure. We were gonna go into the world of the movie Pocahontas from 1995.

Me: This is gonna be awesome guys. Pocahontas is a great movie about the famous Powhatan Indian Woman Pocahontas from the 17th Century. It takes place in the year 1607 in Jamestown, Virginia back 411 years ago.

Lincoln: I remember. That movie was awesome!

Laney: It sure was. I love learning all about history.

Jessie K.: Me too Laney.

Will: This is gonna be awesome guys.

Irma: It sure is.

Shift: This is actually the first time I've gone on a mission by myself.

Roxy: This is one of the few times where I fight without the rest of the Winx Club.

Me: It sure is Roxy.

Me, Lincoln, Team W.I.T.C.H., Kraven, Stalker, Roxy, Shift, Laney and Jessie K. went in and the Simulator activated. We found ourselves in a forest. We were by a small fort. It was what Jamestown looked like back 411 years ago in 1607.

Laney: That's Jamestown.

Lincoln: It was that small here.

Me: It was. It was the first ever town that helped start the colonization of North America.

Roxy: That's right.

Jessie K.: Also according to my scanners, this is exactly the day where Pocahontas saves the life of Captain John Smith from being executed by Chief Powhatan and prevents a major war from breaking out.

Me: And we have to be ready for when we take down Governor Ratcliffe. He was lying about everything to King James I for a while. What a fraud.

Lincoln: Yep.

Blunk: You'll never take Blunk alive!

A few minutes later…

Caleb (he and Blunk are tied up): They took us alive, Blunk.

The Powhatan Tribe was taking them when we swooped in and stopped them.

Me: Get out of here!

They ran back and saved them.

Caleb: Thanks man.

Me: No problem Caleb.

Blunk: Blunk never doing that again.

Me: We got to find Pocahontas. Lets go!

We went and found Pocahontas. She was in a state of despair and she was lost and didn't know what to do.

Pocahontas: They're going to kill him at sunrise Grandmother Willow.

Grandmother Willow: You have to stop them.

Pocahontas: I can't.

Me: You can't give up Pocahontas. Your father has let his own fear and hatred towards us consume him. Let us help you stop your father from killing John Smith.

Miko remembered something and he handed Pocahontas a compass.

Pocahontas: The compass?

She saw that it was the Spinning Arrow she saw in her dream.

Pocahontas: The spinning arrow.

Grandmother Willow: It's the arrow from your dream.

Pocahontas: I was right. It was pointing to him!

Me: Lets help you save John Smith.

Pocahontas: Thank you J.D. The spirits of the wind told me you were coming to help me from the future.

Me: I had a feeling they did.

The Sun was rising.

Pocahontas: Sunrise.

Me: We got to hurry.

Grandmother Willow: It's not too late children. Let the Spirits of the Earth guide you all.

The compass stopped and it pointed out towards the Northeast.

Grandmother Willow: You know your own path. Now follow it!

Me: Lets do this!

We set out to save Captain John Smith.

---

Both sides were marching into battle. Governor Ratcliffe was wearing a black suit of armor and he unsheathed a sword.

ENGLISH & NATIVE AMERICANS

War!

Pocahontas: No!

At the last second Pocahontas stopped the execution by covering Captain John Smith and I was standing behind her.

Pocahontas: If you kill him you'll have to kill me, too.

Powhatan: Daughter, stand back!

Pocahontas: I won't! I love him, father. Look around you. This is where the path of hatred has brought us. This is the path I choose, father. What will yours be?

Me: She's right Chief Powhatan. You've let your own fear, anger and hatred towards people that are different from you consume you almost to the point of destroying a great land in a fire that would tear the lands apart. This path you were on is the wrong one.

Chief Powhatan realized that we were right and he stopped the execution.

Powhatan: My daughter speaks with wisdom beyond her years. We've all come here with anger in our hearts, but she comes with courage and understanding. From this day forward, if there is to be more killing, it will not start with me. Release him.

They did so.

Me: Thank you Chief Powhatan.

Ratcliffe: Now's our chance, fire!

Thomas: No!

Ratcliffe: What?

Thomas: They let him go!

Ben: They don't want to fight!

Ratcliffe: It's a trick, don't you see? Fire!

Me: Listen to them Ratcliffe!

Ratcliffe: Fine, I'll settle this myself.

John Smith: No! [Jumps in the way.]

Just as he fired I swooped in a grabbed the bullet out of mid air.

Me: You traitorous fiend! You will pay for this!

I dropped the bullet and it was a round lead ball and Will swooped in and kicked Ratcliffe in the face.

Kraven: (Russian Accent) You have no honor at all Ratcliffe. Lets see how you like this.

He used his final smash.

Kraven: Wild Beast Fury!

He turned into a lion and dashed at Ratcliffe and slashed at him with incredible speed.

Stalker bashed Ratcliffe with his staff and Megan turned her suit on and fired a blast from her blaster. It burned Ratcliffe.

Stalker: Lets see you stand up to my final smash. POWER OF THE

ANIMAL KINGDOM!

Stalker had all the most powerful animals in the animal kingdom flow into him and their spirits gave him incredible strength, speed and power and he bashed and pulverized Ratcliffe into dust.

Megan: Lets use our combo on him Cornelia.

Cornelia: You got it.

Cornelia threw a bunch of rocks and crystals and Megan fired a blue hyper beam blast.

Megan and Cornelia: PHAZON CRYSTAL SKEWER!

The blast combined with the rocks and turned into Phazon crystals and skewered Ratcliffe. They vanished as fast as they appeared. Will then grabbed him and held him underwater and drowned him.

Me: Go to Hell Ratcliffe.

I slashed his head off and mounted it on a pike.

Me: Sorry you all had to see that.

Irma: It's all right J.D. But he deserved it.

Megan: He did.

Team W.I.T.C.H.: YEAH! (We High Five!)

Chief Powhatan came up to me.

Powhatan: Thank you for saving the both of us. You are always welcome in our people my brother.

Me: Thank you Chief Powhatan.

We then put the world of Pocahontas into orbit around the Realm of Departure. The Realm of Departure is now a 4th moon in orbit around Earth. We left the Simulator and watched the movie Pocahontas and it was an awesome movie.

THE END

---

Another Fanfiction Complete.

I saw the Disney movie Pocahontas back when I was a little kid. It was a great movie from 1995 and it is based on the real event from the start of the 17th Century about how Pocahontas saved Captain John Smith from execution. She's a true American hero and her legacy will always live on. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think. I'm gonna take a break until Christmas Day. I have something awesome planned for then.

See you all next time.

# Twas the Fight Before Christmas

MERRY CHRISTMAS 2018 EVERYONE

---

It starts in the Ghost Zone. Danny Phantom is having a book made for me by the Ghost Writer. It was called Team Loud Phoenix Storm in Twas the Fight Before Christmas.

Danny: Thanks for getting this published for me for J.D. Ghost Writer.

Ghost Writer: My pleasure Danny. After you saved both our worlds countless times I put my dark ways behind me and now I can write books for anyone. It's ready Danny.

Danny: Great. J.D. will love this story for reading for Christmas.

The book was done and Danny left.

---

In my room I was watching TV and Danny came in.

Danny: Hey J.D. Here's the book you requested and it's all published.

Danny handed me the book and the cover was a green book with a starry night and Santa was crying in grief and we were fighting Princess Morbucks over the North Pole to stop her from getting to Santa.

Me: It's perfect Danny. You and Ghost Writer did a great job buddy.

Danny: Thanks J.D. If this story is a success it'll be a best seller.

Me: I'm sure of it Danny. (To the viewers) Today is December 24th, 2018 and you all know what that means. It's Christmas Eve and we're all excited for Christmas tomorrow. I'm sure you all are wondering what this book is all about. Well I wrote this whole book and got it published by Ghost Writter in the Ghost Zone. Before we go to sleep I'm gonna read it to everyone for our enjoyment.

Danny: This is gonna be an awesome Book J.D.

Me: It sure is Danny. Lets head down to the living room.

We go down to the living room and we saw everyone snuggled up all warm and cozy by the grand fireplace drinking hot chocolate and warm apple cider. Me and Danny came down.

Me: Hey guys. I have quite a treat for you all. I'm gonna read you all a story I wrote.

Lori: Ooh what is it called?

Me: It's called Team Loud Phoenix Storm in Twas the Fight Before Christmas. By me.

Everyone was excited.

I sat in the middle of the couch and everyone was gathered around. I snapped my fingers and my clothes turned into a rich mans attire.

Me: This story takes place in Townsville instead of Gotham Royal York. (Clears Throat) Here we go.

---

Opening scene shows the city skyline and it was snowing and the city was covered in snow.

**Me as the Narrator:** 'Twas the city of Townsville, and all through the town,

All the townsfolk are stirring as snow's falling down.

It's bitter and freezing in the dead of December,

But there's reason for joy, if you can remember.

For it's this time of year that our story unfolds, When our hearts are the warmest, despite all the cold.

(Pokey Oaks Kindergarten comes into view.)

Yes, it is Christmas, On December 23rd, just two days before,

And all through the town, none can wait anymore…

For the timely arrival of one certain fat guy…

Who brings us all goodies from out of the sky.

Full of anticipation are these urban folks,

None more so than the students at old Pokey Oaks.

(The camera stops pulling back during the last two lines, then cuts to a close-up of Ms. Keane's desk inside. One of her pupils reaches into view and sets an apple on it; the gift has a red ribbon tied around it and a misspelled tag attached: "Mary Krismas Ms Kene.")

**Ms. Keane:** (from o.c.) Thank you, Billy.

(Pull back. She sits behind the desk, which is decorated like a gingerbread house and piled high with apples, and kids are lined up with similar offerings. The blackboard behind her reads, "Homework: Have a happy X-mas!" During the next line, the named kids file past and give her their apples.)

**Ms. Keane:** Well, thank you, Kristen. Thank you, Clara.

(Elsewhere, three kids are stringing popcorn garlands for a small potted Christmas tree. One of them is Julie Bean, but she is eating the materials. Another kid winds up a Santa Claus doll and lets it loose on the floor; camera follows it.)

**Santa doll:** Ho ho ho! Ho ho ho! Ho ho ho!

(Cut to a close-up of drawings taped on a bulletin board and pan across them. They are arranged in a rough line and depict Santa's team of reindeer.)

**Bubbles:** (from o.c., to "Deck the Halls")

Christmas time is in a few days, fa-la-la-la-la-la-la-la-la!

(As she continues, the camera reaches her taping up the sleigh picture and pulls back.)

Santa'll give me lots of toys, yay, fa-la-la-la-la-la-la-la-la!

(She jumps up an octave on the last "la." Turn down to Buttercup at the desk in front of the board. She has pages spread out before her and looks rather annoyed.)

**Buttercup:** Bubbles! I'm trying to concentrate!

**Bubbles:** I'm only trying to spread some Christmas cheer.

(She floats down as Blossom walks over to them with a small gingerbread house in hand.)

Me: I can't wait for Christmas everyone,

Blossom: Me too J.D. Is Christmas your favorite holiday?

Me: Christmas is my Number 1 favorite Holiday Blossom! I love Christmas because not only do we celebrate the birthday of our lord and savior Jesus Christ but also we spread the joy of the love that Christmas brings to the world.

Blossom: I know. It's a magical time and I can't wait.

**Buttercup:** Well, can it! I'm busy. (We now see that her pages are headed "GIMME.")

**Blossom:** Doing what?

**Buttercup:** (stacking them up) Writing my wish list for Santa.

**Bubbles:** Are you crazy? You're only giving him two days to prepare - and that's even if he gets it on time!

**Buttercup:** Oh, yeah? When did you send yours, smarty-pants?

**Bubbles:** December 26.

**Buttercup:** Hah! That's after Christmas.

**Bubbles:** December 26, last year. (She blows a raspberry.)

**Buttercup:** Oh, no! What if I don't get my official Red Raider carbine-action two-hundred-shot range-model air rifle?

Lola: I hope you get it Buttercup.

Lana: Me too. Those guns are cool!

**Princess Morbucks:** (from o.c.) Hah!

(This catches the girls off guard. Pull back to show her standing at a distance, in her civvies and with her back to us.)

**Princess:** Who would want a stupid old BB gun? (They gasp.)

**Girls:** Princess!

Me: (Glares) Princess Morbucks.

**Princess:** That's right. Besides, you'll shoot your eye out. (Cut to her.) Since my daddy buys me anything I want, I only have one thing on my list for Santa: to be a Powerpuff Girl!

[ Note : Buttercup's choice of gifts and Princess' response to it are take-offs on Ralph Parker's predicament in A Christmas Story .]

**Blossom:** Don't hold your breath, Princess.

**Princess:** What?! Why?

Me: Because you're a total spoiled brat and you don't care about anyone but yourself. And Santa only gives gifts to good kids. You know why?

**Bubbles:** Because Santa has his own list, and he checks it twice. It says who's naughty and who's nice.

**Princess:** So?

**Bubbles:** Duh! You're naughty. (Princess gasps.)

**Princess:** Nuh-uh!

**Blossom:** Yeah-huh.

**Princess:** Nuh-uh!

**Buttercup:** Yeah-huh.

**Princess:** Nuh-uh!

**Bubbles:** Yeah-huh!

Princess: Nuh-uh!

Me: Mm-hmm!

**Princess:** Prove it! (The girls rise out of their seats in time with the next three lines.)

**Blossom:** You bought the city and legalized crime!

Me: Which nearly destroyed all of society.

**Buttercup:** You hired Mojo to try and destroy us!

Lola: But that didn't work.

**Bubbles:** You gave us a bomb for our birthday!

Lana: Which would've caused a lot of people to get hurt!

**Buttercup:** You teamed up with three felons and went on a crime spree!

Lucy: Which nearly brought all of Townsville to its knees.

**Bubbles:** You tricked our friend Robin into stealing, and then you tattled on her!

Me: No wonder you have no friends at all. (To me in real life) I know that's harsh but it's true.

**Me as the Narrator** : I know. But go on.

[ Note : References to "Bought and Scold", "Mo Job", "Birthday Bash", "Meet the Beat Alls", and "Superfriends", in that order.]

(On the next line, zoom in on Princess, putting the girls o.c.)

**Blossom:** You're a spoiled brat who's greedy and jealous, and you don't care who you step on to get what you want! (A beat of silence.)

**Princess:** And your point is…?

(The girls groan disgustedly and drop back into their seats, just ahead of the school bell.)

Me: Time to go home.

(As everyone else heads for the door, Blossom holds her position for a moment before following them.)

**Blossom:** The point, Princess, is that you better change your ways, or all you're ever gonna get from Santa is a big fat lump of coal in your stocking.

Varie: Your next Christmas gift will be your last.

(Close-up of a boiling-over Princess on the end of this. The o.c. sound of the Santa doll snaps her out of it. Pull back to show the toy walking slowly towards her; when it is within striking distance, she boots it hard enough to break it and send springs flying. At the door, Ms. Keane wades through a knot of cheering kids who have put on their cold-weather gear.)

**Ms. Keane:** Okay, kids… ooh! Hold your horses.

(Reaching the knob, she pulls on it and is rewarded with a large drift of snow that spills in through the doorway, burying the kids. She looks out; cut to just outside the door as she pokes her head around the frame for a better view. The entire building is hemmed in by several feet of snow. However, the area nearest her starts to smoke and melt, and after a moment the surface recedes to show Blossom clearing the path with the help of her eye lasers. She is now clad in full winter kit, including a pair of bright red earmuffs.)

(When she stops firing, pull back down the newly cleared sidewalk to the sound of cheering, then cut back to the door. The girls float out, all dressed for the cold - Buttercup sporting a green and white striped cap, Bubbles a scarf and toboggan - and are followed by their classmates at ground level.)

**Ms. Keane:** Bye-bye now. Merry Christmas. Happy holidays. Be nice for Santa.

Me: Have a good Christmas Ms. Keene.

Ms. Keene: You too J.D. Merry Christmas to you all.

Varie: Same to you.

Laney: Bye Ms. Keene.

Lincoln: Merry Christmas to you.

(Close-up of Mitch Mitchelson as he heads out. His coat is the same shade of orange as the shorts he usually wears, and he has on a black hat and scarf. The latter shows the same message as his regular T-shirt: "MITCH ROCKS." After a moment, he approaches another girl who takes no notice of him, stops, and makes a snowball to throw at her hat, which looks like the perfect target - but before he can throw it, Ms. Keane speaks up.)

**Ms. Keane:** Remember: he's watching you.

(The would-be pitcher's face falls and lets the snowball drop to the sidewalk before walking away. Back to the doorway, the camera placed so that Ms. Keane is seen from the waist up. Princess is the last to leave; she is decked out in a white fur coat and hat. As she passes, there is a crunch and the woman recoils in pain.)

**Ms. Keane:** Ooh!

(Pull back; she is standing on one foot - apparently the little brat trod on her toes. As the other kids look on, some in anger, others in muted fear, she walks straight through them to her limousine at the curb. The driver is holding the door open for her. Head-on view of that door, with her directing a vicious look at the camera from the passenger seat; when the door is closed, we see the recipients of that glare: the girls. The limo speeds away; cut to Princess inside.)

**Princess:** Spoiled?! Greedy?! Bratty?! Naughty?! Naughty?! (Pull back to the driver's seat.) Driver! Do you know what those rotten awful Powerpuffs said to me today?

(The driver tries to think of an answer that will not get him fired on the spot.)

**Princess:** They said I was naughty! Can you believe that?

(He coughs a bit, easing the word "yes" into the sound.)

**Princess:** Me? Naughty? I'm not naughty, am I?

**Driver:** (sweating) Well, uh… I'll… oops!

(He jabs at a button on the dashboard. Behind him, a tinted-glass partition slides up and blocks the passenger area from sight and hearing.)

**Driver:** Seems my finger has slipped. (to himself, wiping forehead) Whew. That was close.

(He drives in blissful silence for a moment, but the ringing of the limo's telephone draws his attention. Ever so slowly, he extends his hand downward, picks up the receiver, and lifts it to his ear. The force of the next words causes him to recoil briefly.)

**Princess:** (over phone) Well? You didn't answer my question!

**Driver:** (imitating static) You're-you're-you're breaking up!… I'm going through a… unnel… alk… late…

(The last of this, meant to sound like a cell phone signal dropping out intermittently, would normally go something like this: "I'm going through a tunnel. I'll talk to you later." There is a loud pounding on the partition, after which Princess sticks her head out the rear driver's-side window. She can be seen through the front one now, and she is holding the receiver on her end of the limo.)

**Princess:** (through glass) No, we're not! I'm in the car, you twit!

(Close-up of its rear license plate "MORBUKS" and pull back as it rolls up the drive to Morebucks Manor. Inside, Princess sits at one end of a long dining room table and stirs a bowl of soup. At her elbow is a bell to summon servants; after a moment, she rings it and the camera pulls back to the other end of the table. Delicacies are ranged along its length, and an elderly fellow carrying a tea tray stands with his back to her.)

**Princess:** Servant, tell me. Do you think that I'm naughty?

(His eyes dart nervously about before her next word shakes the entire room.)

**Princess:** WELL?

**Servant:** (stammering) I think my… biscuits are burning.

(He dashes o.c.; his mistress fumes and knocks her soup bowl aside. Cut to the exterior of the manor's upper floors. It is now nighttime, and the snow is still falling. Inside, Princess is tucked in for bed and still quite out of sorts. Pull back to show a hefty woman standing across the bedroom, with her back to the girl: a nanny or governess.)

**Princess:** Nanny!

**Nanny:** Yes? (forcing a smile) Sweetheart?

**Princess:** Am I naughty? (Tense pause.)

**Nanny:** Time for bed! Lights out.

(She runs o.c. The lights go out as the door to the hall slams. Princess glares after her for a moment.)

**Princess:** Wait! I need another pillow! (Pause; silence.) Fine! I'll just go get it myself!

(She jumps down from her bed and crosses the room to the linen closet. When she opens it, however, instead of pillows and blankets, a torrent of coal spills out and fills the room almost to the ceiling. Liberally smudged with its dust, the occupant emerges from the vast heap and spits out a chunk.)

**Princess:** Naughty, huh? I'll show you who's naughty!

(She bats at a piece and sends it flying toward the camera to black out the screen. A door opens, admitting a shaft of light from outside and Princess standing within it - we are now in another dark room. Piece by piece, she dons black clothing, then picks up a piece of coal; extreme close-up of each cheek in turn as she uses it to smudge dust on her face, in the same way that football players apply black pigment beneath each eye to reduce glare. Pull back to show her fully suited up, head to toe, and ready for a little covert action.)

(Cut to a pan down the hallway. Princess, just out of view and following the camera, kicks the coal along in front of herself. Overhead view of her.)

**Princess:** And all these years I thought that coal in my stocking came from Daddy's coal mine!

(The chunk reaches a staircase and bounces down; she follows.)

**Princess:** Who does that blimp think he is, denying me presents?

(Close-up of the bottom steps; the coal tumbles down them and shatters on the floor. She groans from o.c. and descends into view; follow her to the front entrance on the next line.)

**Princess:** Well, this time I am gonna be a Powerpuff Girl! (The manor's exterior; she throws the doors open and steps out.) And I'm sure not gonna let some elf with a weight problem stop me!

(A string of motorized carts - the sort that might be used to ferry passengers and crew around an airport - pulls up at the steps that lead down from the doors to the front walk. She stomps down, climbs into one, and is whisked away. Pull back and follow her along the drive. The procession consists of three connected carts - with the limousine driver piloting the lead one, Princess seated in the center one, and the last one piled high with suitcases. During the following lines, the driver stops near an airplane and she gets out and boards it.)

**Princess:** Hah! Well, I'll show him - and I'll show those Powerpukes who's naughty and who's nice!

**Me as the Narrator:** She entered her jet, to her man gave a yell,

And away Princess went, with a plot, I can tell.

**Princess:** To the North Pole! And step on it!

(She slams the hatch shut. Cut to the manor's exterior and pull back to a long shot as the plane takes off. Pan to the city skyline as the Narrator continues.)

**Me as the Narrator:** And left no one aware of the web she would weave…

(Dissolve to one corner of the exterior of the girls' house and pan to center the structure.)

Not even the girls, preparing for Christmas Eve.

(Close-up of Blossom in the living room. She is braced for a showdown.)

**Blossom:** Okay. On the count of three.

(Cut to Buttercup, also down there and ready to go.)

**Blossom:** (from o.c.) One… (To Bubbles, also ready.)… two…

(Pull back. All three are in a line by the stairs, as if about to run a race.)

**Blossom:**… three!

(They zip off in different directions. In the kitchen, Blossom opens the cabinets in no time flat and stops at the counter with a mixing bowl and some ingredients, which she pours in. Buttercup flashes into a hall closet; a moment later, something crashes through the door and lands on the carpet. It is a large cardboard box labeled "X-mass," and it has left a snowflake-shaped hole in the wood. Buttercup emerges from the box, with a tangle of Christmas lights ensnaring her. However, this does not stop her from zipping o.c. with the lot.)

(Bubbles, meanwhile, is flying in high gear; cut to the exterior of the house as she exits through a bedroom window. Pan to the forest, where her light trail disappears among the trees. The glare of her eye lasers flashes up among the leaves, and a tree falls over - she drew lumberjack duty this year. In the kitchen, Blossom extracts a mound of dough from her bowl, shapes it into a ball, and throws it up near the ceiling twice. It lands on the counter before her and spins in place for a second before she blows gently over its surface to flatten it out.)

(Outside, Buttercup puts lights on the bushes and the frame of the front door. Window frames and wall edges are given the same treatment; when she finishes, the entire house has been outlined in white lights. Bubbles streaks toward the door; inside, it bursts open and we see her holding the tree she cut down. She hurls it across the first floor, adding a bit of spin to make it rotate, and it hits the living room wall with its trunk pointing down and drops neatly into a stand that has been placed there. Another instant, and she has festooned it with ornaments and tinsel. She beams at her accomplishment and zips away.)

(Close-up of a star-shaped cookie cutter held aloft by Blossom. She quickly produces two more - a Christmas tree and a gingerbread man - in the same hand by a small feat of legerdemain. Pull back to show her floating in the kitchen; she starts flinging the cutters as if they were shurikens, and they strike the flattened dough on the counter. The number of projectiles suggests that she was holding entire stacks of cookie cutters. Once they have all hit, she zaps the mass with a quick blast of her eye lasers, then lifts up the entire fully baked sheet with one hand and lets the cookies drop onto a plate in the other. Throwing the scraps aside, she breathes in the aroma.)

(Outside, Buttercup lands in the front yard and throws three giant snowballs off to one side. They land in a stack to form a snowman, which she quickly decorates with coal eyes, mouth, and buttons; carrot nose; stick arms; a scarf; and a top hat. She then zips away. Inside, Bubbles hangs red ribbons on the balcony and garlands on the stair banister in an eyeblink, then scales a wreath toward a painting and gets it to stick up near the top edge. Buttercup flies into view and stops near the top of the tree; Bubbles does likewise a moment later.)

**Bubbles, Buttercup:** I win! I get to put the star on the tree!

**Blossom:** (from o.c.) I don't think so.

(This jolts them out of their glee at having won this decorating competition. Quick pan to her by the fireplace, where a good blaze is going. Three appropriately colored and labeled stockings hang from the mantel, and the cookies sit on a nearby table next to a glass of milk. Blossom's face is the very picture of smugness - she beat them to the punch and she knows it.)

**Buttercup:** Aw, man!

**Bubbles:** No fair!

(Close-up of a star ornament in Blossom's hand and pull back to show her floating up to the topmost branch of the tree. As Bubbles smiles and Buttercup fails to, she sets it in place and then addresses herself o.c.)

**Blossom:** Okay, Professor!

(Cut to him. He is now in the living room as well, and he eagerly clutches the ends of two electrical cords.)

**Professor:** Here we go!

(He connects the cords and voices a stifled little cry of anticipation. Close-up of a group of tree lights, which turn on one at a time, then of the star, which suddenly blazes to life. The family watches the spectacle.)

**Girls, Professor:** Ooooh!

(The wonder is short-lived, however, as the lights flicker and then go out.)

**Girls, Professor:** (crushed) Awwww…

(More flickering, and the lights are back on.)

**Girls, Professor:** Ooooh! (They go out again.) Awwww…

(They come back on, and everyone gasps happily at the good fortune. Once again, though, Murphy's law of electricity asserts itself and the Professor looks as if he might cry this time.)

**Girls:** Awwww…

**Professor:** (moaning) Not again!

(Cut to outside the living room window and pull back slowly on the next line. His silhouette can be seen through the glass.)

**Professor:** Every year it's the same darn thing. I can make three little kids out of seasoning, but I can't get these lights to work!

(Dissolve to a longer shot of the house, seen from a couple of streets away, and pull back slowly into a pan through the neighborhood on the next line. The houses are tricked out with lights.)

**Me as the Narrator:** Ahh, Professor, get to it. You fix up those lights.

Everything must be perfect on this most happy of nights.

(Dissolve to a pan along another street. People wave from their doorsteps and carry trees and presents.)

**Townspeople:** (to the tune of "Deck the Halls")

Public domain Christmas songs, fa-la-la-la-la-la-la-la-la!

(On the end of this, zoom in on one window and dissolve to the living room within that house. Pan across the space as the Narrator continues; a father relaxes with his pipe, while his son plops a party hat on a less-than-enthused dog.)

At the Team Loud Phoenix Storm estate right next door to the Powerpuff Girls home we got everything all over the house ready for Christmas. We hung up lights, ornaments, garlands, decorations, and more. We got an awesome Christmas feast ready for dinner and more.

**Me as the Narrator:** A night so many people throughout the whole city…

Share with brother and sister, Mom, Dad, puppy, and kitty.

(Near the end of this, a cat runs happily toward a Christmas tree at the far end of the room, where the woman of the house is adding some ornaments. The couple's daughter chases the cat into the branches, and it pops out near the mother's head. Everyone has a good laugh at this; the dog remains aloof.)

(At this point, the camera is positioned just behind and to one side of the tree, which is so close that it is seen only as a black silhouette. Pan in its direction until the screen is entirely blacked out. The laughter fades, and the pan continues to show a different room with a tree set up near a blazing fireplace. A small boy walks in and sets some cookies and milk by the grate, then pulls out a note marked "To Santa" and looks eagerly toward the tree on the next line.)

**Me as the Narrator:** And all of the younguns are waiting with glee,

Thinking only of morn and what's under that tree.

(Close-up of the cookies and milk. He sets the note down by them, turning it around to reveal its flip side to the camera. On it is his drawing of a firetruck, labeled "Truck," and stick figure driver labeled "Me." If nothing else, this kid thinks big. He skips happily out of the room, passing his older brother - a big, sour-faced fellow wearing a letter jacket and a healthy crop of pimples - as he goes. When said brother sees he is now alone in the room, his face brightens and he pulls out a note of his own.)

**Me as the Narrator:** And not just the children, the teenagers too.

(He puts it down by the first one; its flip side shows a helmeted stick figure ("Me") holding a football.)

**Me as the Narrator:** Chuck wants a football.

(Cut to outside the window as he too skips out of the room, then turn up to the roof. A girl with long black hair and punk-wannabe clothes sits up there and sulks - Chuck's sister.)

**Me as the Narrator:** Kathleen, a tattoo.

(Cut to another house and zoom in slowly.)

The grownups as well have gifts that they crave.

(Dissolve to the interior: it is Ms. Keane's house, and she is saying a prayer. Zoom in on a picture that hangs behind her. She and some of her kids are outside Townsville Hall; they are all enjoying the day, except for her. She is casting a very worried glance down at Mitch, who is mooning the camera.)

**Narrator:** Ms. Keane only wishes for Mitch to behave.

(Dissolve to a box that holds a My Little Mare doll from the Ponypuffs line of toys; the illustration resembles the pony seen in the kids' show early in "Nano of the North".)

**Me as the Narrator:** A My Little Horsey with combable hair…

Is on the top of the list of our honorable Mayor.

(On the end of this, cut to him in his office and pull back to show Ms. Bellum in the foreground. He is in his pajamas and sprawled on the floor, having fallen asleep over a book.)

**Me as the Narrator:** Ms. Bellum longs for a facial made of sea salt and moss…

To ease stress she endures from her ridiculous boss.

(As he finishes, pull back far enough to leave both of them visible only as silhouettes. She hangs her head and walks away. Pan across the office in that direction, the view fading to black.)

(Snap to a long shot of Mojo Jojo's observatory and zoom in.)

**Me as the Narrator:** And even those foes with hearts full of spite…

(Cut to inside, near the top of a steel Christmas tree, and turn down. Mojo stands placidly by the lowest "branch," ornament in hand.)

Also eagerly await the gifts they'll get tonight.

(He hangs the ornament, but it quickly slides off the steel surface and shatters on the floor. He is irked; pull back to a long shot of him as he stalks away with his cape trailing imperiously as usual. Out in the street, the mail trucks are running even at this late hour.)

**Me as the Narrator:** And beyond the boundaries of this particular town,

(A girl drops a letter to Santa, addressed to 1 North Pole, into a mailbox.)

More hoping and wishing can be found all around.

(A truck pulls up, blocking the view; when it pulls away, the entire mailbox is gone. Follow it as it passes out of sight behind a building and the landscape changes to Egypt. The truck emerges in an area where palm trees and pyramids have been draped with lights - and, incredibly enough, it is still snowing.)

**Me as the Narrator:** The whole world's fallen under the Santa Claus spell.

(Now it drives into Japan and then the Netherlands before finally passing o.c. The snow continues to fall, and those lights are still shining into the night. Close-up of a small girl sitting at the window of one of the Dutch windmills and looking out dreamily as the truck rolls on behind her.)

**Me as the Narrator:** And on this eve of all eves, their hearts start to swell.

(A windmill blade sweeps across the screen. Behind its trailing edge, the view wipes to a map of the world, with various landmarks indicated on the continents. A dotted red line traces its way from one place to the next. As each of the following areas is named, a letter to Santa spins into view from the map and the camera cuts to an appropriately illustrated stamp from that place.)

**Me as the Narrator:** From Paraguay to Paree, from Tucson to Timbuktu,

(Another letter passes across; behind it, wipe to a close-up of an eager kid outside.)

The world's children are hoping their dreams will come true.

(The Timbuktu stamp in the previous sequence shows a rather bewildered fellow looking at a map and trying to figure out where he is. As the Narrator finishes, pull back slowly to show other kids gathered outside, then dissolve to a longer shot of that neighborhood and keep pulling back. Two more such dissolves show the entire subdivision and then the planet from outer space.)

**Me as the Narrator:** But these dreams are about to be foiled…

(Dissolve to Princess' plane in flight. She has bailed out.)

By an evil young girl who's nothing but spoiled.

(The camera follows her as she floats down and deploys a parachute. A signpost in the foreground indicates that this is the North Pole. Turn down to point at the ground and rotate 180 degrees, then turn up to point over a ridge at a large mountain chalet with a fleet of trucks parked outside. There is a smaller building near the trucks, and the main structure has a long, low hangar-like annex at one end. This is Santa's workshop - actually, "full-scale production plant" might be a better term. Princess drifts into view toward the complex.)

(Cut to inside, near the ceiling of one room. A thud marks her touchdown on the roof; turn down to a window, through which her shadow becomes visible among the bushes. She opens a snow-caked pane, looks around - and is rudely interrupted when all that snow falls on her head.)

**Princess:** Stupid snow!

(She is then knocked to the floor by the pane swinging down again.)

**Princess:** Stupid floor!

(Getting to her feet, she looks around. Cut to her perspective, panning slowly across the width of the room - a break area. Coffeepots, first aid kit, sink, a vending machine stocked with Nog Cola, table and chairs, bulletin board with notices tacked up - the sort of thing you might find in any factory. Her gaze focuses on a door set in the far wall and zooms in. Back to her.)

**Princess:** Ahhh! Ho ho ho!

(She somersaults across the floor and makes a leap for the doorknob. Just as she is about to seize it, though, it starts to rattle - someone is coming in from the other side. She drops to the floor and freezes in terror as voices make themselves heard through the wood. Laughing and arguing, they come closer; sweat pours down Princess' face as she looks for a place to hide. Close-up of the door, which finally opens to admit two elves, one fat, the other thin.)

**Fat elf:** And I said, "If you want a wooden duck whittled, that there is your man."

**Thin elf:** The man can whittle. (Overhead view of the room; they head for the vending machine.)

**Fat elf:** Oh, he sure can. Whittle, whittle, whittle, whittle, whittle.

(Cut to the machine, which dispenses two cans of Nog Cola at the press of a button. The elves drink as the camera rotates about 45 degrees counterclockwise and turns up slightly to show the far top corner of the room, where Princess is clinging to the ceiling, her face toward the floor. Close-up of her, still sweating; a drop runs down her cheek and hangs off her chin for some seconds. It finally falls away and hits the floor in the spot where the elves were standing -

just after they have headed back the way they came. Neither takes any notice.)

(Cut to the open door, the camera pointing into the break room, as they walk o.c. and return to work. Princess descends into view, hanging from a line attached to the ceiling. When she gets to the floor, she goes into a three-point stance and reels in the line before jumping away to one side. Next she peeks around the doorframe; pull back to show this adjoining area as part of a wide hallway. There is a pile of boxes to one side. She ducks away again, an instant before a muscular, tattooed elf carries a large box into view. Follow him and turn up to the top of his load, from which Princess emerges, having hitched a ride unbeknownst to the worker.)

(Now she pulls out two small suction cups, one from each sleeve, and fires them toward the ceiling. Trailing lines behind them, they stick between two overhead lights; she quickly hauls herself up. Now she brings out two more cups, one on the sole of each boot, and flips her legs up to attach these to the ceiling as well. All four limbs are now anchored, and she begins to crawl along the ceiling, keeping pace with the muscular elf.)

(When he reaches a doorway, she makes her way down the section of wall above it. Cut to inside this new area as he enters and she peeks in; pull back and pan slowly across to reveal this as a production area, with elves working everywhere. Toys are carried on horizontal and vertical conveyor belts, candy canes are being made, a vat full of rubber balls stands amid the machinery, boxes are being filled, and forklifts carry pallets of crates here and there. One elf climbs a staircase at the far end of the room, where tall, closed double doors give onto a balcony overlooking the works - the plant manager's office.)

(Back to Princess, who squints a bit; goggles slide down over her eyes from beneath the brim of her cap. Cut to her perspective "infrared" and zoom in on a sign next to the doors: "Santa's Workshop: PRIVATE." Back to her again; the goggles slide away, and she flips herself over the top edge of the doorframe and climbs up the wall to reach the ceiling. She makes her way among the lights, not raising the suspicions of the elves working at the vertical conveyors.)

(She stops near the candy cane machine to observe it in action. Straight lengths of red and white striped candy emerge from an outlet near its base, and an elf bends one end of each to give it the cane shape. Princess climbs down the side of one feed tank, then up the other, and finally leaps away - but due to the force she exerts, a pipe fitting blows out and starts to leak. A large bubble of liquid candy forms there and grows a second before popping.)

(One drop splatters on the floor, just in front of an elf who is pulling out a pneumatic hose anchored to the ball vat. He steps in it and slips, losing his grip on the nozzle, and balls start to shoot toward the ceiling and stick in it. Princess must hustle along in order to stay ahead of them. Cut to her perspective, approaching the doors - they are framed upside down due to her placement - then back to her. She disengages the suction cups on her hands and feet, flips over, and lands on a light fixture.)

(Now she fires a grappling hook from her belt toward the doors; it embeds itself just above them. A second hook extends from her belt, just above her rear end, and sticks in the fixture as a second anchor. She leaps free and slides toward the door on this makeshift zip line without being noticed. Reaching the other end, she stands atop the frame and reels in the line behind her. The grappling hook strikes her in the rear, causing her to let out a cry of pain that she quickly muffles with both hands.)

(Princess slowly lowers herself headfirst, using the line that is still attached to the wall, and looks cautiously in each direction. The elves on the walkway in front of Santa's office are at a distance and do not see her; she releases the line, drops to the ground, and carefully backs up through the doors, closing them behind herself. Inside, close-up of a blazing fireplace, which she tiptoes past. Pull back to show it in one corner of the room, with a comfortable armchair nearby and a work table cluttered with tools and supplies in the foreground. The room is quite spacious, and its back wall boasts a number of plaques and an "Employee of the Month"-style photograph of an elf. Pan along its length as she sneaks in farther; half-finished toys also take up space on the table. She reaches the far end, which sports bookcases, a Christmas tree, and a framed picture of the big man himself, and stops by a doorway into the next room.)

(Cut to just inside this entrance; she peeks around ever so cautiously. As she speaks, the camera turns down to point at the floor, rotates 180 degrees, and then turns back up to point across the floor, which is littered with rolls of wrapping paper.)

**Princess:** Now, if I were a big fat bearded oaf… (Turn up farther to expose another tree, a drawing board, and a wall calendar.)… where would I keep a stupid list?

(On the end of this, pan right to show a desk in the far corner, with a computer set up on it. She approaches this, climbs into the chair, and peeks up over the edge. A thick pile of printouts catches her eye, and her expression goes sour. Close-up of this; it shows a list of first names and a one-word heading in huge red letters: "NICE." She has found Santa's list. Grabbing the top sheet, she leans back in the chair and the rest of the pages unfold like an accordion - they are still attached to one another, the sort used in dot-matrix printers.)

**Princess:** (reading, looking at page after page) "Nice. Agatha Aarons, Arnold Adams…"

(She mumbles her way through several pages before stopping short on one of them and letting off a contemptuous little snort.)

**Princess:** "Bubbles, Blossom, Buttercup"?

(More mumbling and leafing through the list before she stops again.)

**Princess:** "Mitch Mitchelson"?! You gotta be kidding me! "Team Loud Phoenix Storm"?! Not those numbskulls!

(More mumbling and flipping through, and she reaches the last page.)

**Princess:** "Zachary Zimmerman." Where's my name?

(She groans disgustedly, gathers most of the pages into a stack, and throws the lot across the desk with a scream; it lands in a neat pile, right back where it started. Pan to her, still in the chair, then to the monitor. A Post-It note is stuck there, and it bears the word

"NAUGHTY" above a single name: hers. Zoom in on this, then cut to an extreme close-up of her and pull back as she gasps in total shock at the facts. Close-up of each letter of the heading in turn, then pull back to frame all of it.)

**Princess:** (from o.c.) "Naughty." (Turn down to her name.) "Princess Morbucks."

[ Note : Though her name has been spelled with an E in these transcripts, the Post-It leaves it out.]

(She reaches into view and removes the note; pull back to show her standing on the edge of the desk. Princess is overcome with sadness, but that soon gives way to boiling rage, and she tries to throw the slip down - but it is stuck to her fingers and does not budge. After waving her hand in a vain attempt to dislodge it, she finally manages to slam it down on the desk and then grabs a pencil. Close-up of it, held aloft in her hand, as she turns it around in preparation to erase and brings it down. Pull back to show only her shadow on the wall, bent over the desk and plying the eraser furiously. When she finishes, she leans back - part of her hair now in view - and laughs in malicious glee. She then leaps away and opens a window to slip out.)

**Me as the Narrator:** She spoke not a word; she had finished her work,

And took leave of her lie with a satisfied smirk.

(She leaves and closes the window. However what she doesn't know is that our names can't be erased at all. Quick pan to the desk, over which a snowy gust of wind blows to rattle the papers. The printout and the Post-It are both back where they started, but Princess has switched their headings. Cut to a long shot of the entire complex and turn up toward the sky, then dissolve to the outer-space view of Earth.)

(Dissolve to a close-up of one ornament on the tree at the girls' house. The lights are out. Pan right to the stairs, where the girls are dressed for bed and floating up to their room.)

**Me as the Narrator:** Meanwhile, three children we know are heading to bed…

(Dissolve to a slow pan across the bed. Buttercup and Blossom are asleep, and Bubbles turns off the lights and sits awake with Octi. Light from the hall shines over her.)

With thoughts of the morning and what lies ahead.

(Silence. Dissolve to an overhead shot of the bed; she closes her eyes after a moment. Another such transition shifts the view to just over the balcony railing, the camera pointing at the bedroom door; turn down to the tree. The lights are back on.)

**Me as the Narrator:** The girls drift off to sleep, their hopes at their heights,

(The Professor keeps fiddling with the electrical cords.)

While their dad is downstairs, still working on the lights.

(Fade to black.)

(Fade in to a long shot of Morebucks Manor.)

**Me as the Narrator:** But there's yet one more little girl filled with anticipation,

(Dissolve to a pan along the trophy room, where the fireplace blazes.)

Not for worldwide rejoicing, but her plot's activation.

(Stop on Princess, standing before the fire, and zoom in. She is back in her street clothes. Dissolve to a close-up; she is shoveling in coal from a pile behind her.)

**Me as the Narrator:** An evil gleam in her eye, this little redhead…

Is the sole one aware there is something to dread.

(Cut to inside the fireplace; Princess looks over the flames and smiles evilly from ear to ear. Now she approaches a window and looks out over the city.)

**Me as the Narrator:** She knows that these fools, content in their sleep,

Will, because of her, awaken and weep.

(Her smile has become a Cheshire Cat grin.)

For tomorrow, the world is in for a big huge surprise…

(Dissolve twice to longer shots of the window and the manor.)

Not candy and presents, but Christmas' demise!

## Act Two

(Dissolve to an overhead view of the girls' house, zooming in slowly, then to their bedroom. Sleigh bells make themselves heard outside, followed by something scraping on the roof and a muffled command - Santa has just arrived. Bubbles wakes up, looks out the window, and hugs Octi joyfully before nudging Blossom.)

**Bubbles:** (softly) Girls! Girls! Girls! Wake up! (Bubbles accidentally smacks Blossom, lightly. Blossom shifts position to get out of reach.) I heard Santa! He's been here!

(She is rather annoyed at their lack of a response, so she takes matters into her own hands. Giggling, she jumps out of bed and tiptoes toward the door. Cut to just outside it; she eases it open and peeks eagerly into the hall. The only sound is that of the Professor's snoring through his bedroom door. She giggles again and zips down the stairs to stop at the tree; its lights are working again, but they then flicker and go out as before and her face falls. She slowly floats down to ground level and discovers, much to her dismay, that there is nothing under the tree but carpeting. The cookies and milk Blossom left for Santa are still untouched by the cold fireplace. Bubbles gasps. She keeps her voice down throughout the following scene.)

**Bubbles:** I know I heard him.

(She looks around herself; cut to her perspective, panning across the living room. Stop on the stockings and zoom in.)

**Bubbles:** What? (Back to her; she brightens.) The stockings!

(She flies over to them, looks around to make sure she is alone, and reaches into hers. What she pulls out is a lump of coal; she gasps and throws it down. On her next word, pull back across the room to behind it.)

**Bubbles:** No!

(She drops to the ground next to the coal and starts crying.)

**Bubbles:** No, no, no, no!… Noooo!

(She gets herself under control in an instant, clapping her hands to her mouth in order to keep from waking everyone else, and eyes her sisters' stockings. The discovery of more coal in Blossom's causes her to gasp, and finding the same in Buttercup's sends her into a fit of hyperventilation. Upon looking o.c. across the room, she gasps weakly and zips in that direction, then flies to the sliding glass doors that lead to the backyard and opens them. Cut to the patio outside them as she takes off.)

(Bubbles stops in midair and, shading her eyes, squints to survey an area. Making up her mind, she flies to a house and stops outside its living room window. She wipes away some of the frost and peers in; cut to inside the room. There are no presents under this family's tree either, and the milk and cookies are still intact. She looks elsewhere, and her eyes glow orange; cut to her perspective of the stockings on the mantel and zoom in. She is focusing on these, and after a moment their contents - pure anthracite - appear. This is her X-ray vision at work. Back to her outside; she shuts it off and recoils in shock at what she has seen.)

(She then flies to another house, clears some frost from its window, and reconnoiters the room. No presents under this tree; milk and cookies not sampled; another stocking X-rayed and found to be stuffed with carbonaceous fossil fuel.)

(Bubbles flies down the street, stops in midair, and trains her X-rays on a random dwelling. Overhead view of it; the roof fades away to show yet another tree bereft of gifts and two more stockings filled with West Virginia black. Her check of another house yields a similar result. Now she aims her gaze in another direction; snap to black, which gives way to three horizontal panels that wipe in from the sides of the screen to show the results of her scan. The top one reveals a lack of presents, the middle one an untouched snack for Santa, the bottom one a pair of coal-laden stockings.)

(Back to Bubbles, who turns her eyes somewhere else. The same snap-and-wipe sequence shows another ignored house, but this time the panels are vertical rather than horizontal. She checks another area; snap to black, which yields to four small views that each fill one quadrant and appear in the following order. Top left: a tree without gifts. Top right: an uneaten snack. Bottom left: X-rayed stockings loaded with solidified peat moss. Bottom right: a shocked Bubbles. Cut to a long shot of her, too stunned to move or speak as snow comes down around her.)

(Dissolve to Buttercup and Blossom, still sound asleep, and pan quickly to the closed bedroom door after a moment. The tranquility is shattered when Bubbles barges in through it.)

**Bubbles:** WAKE UP! (flying around, trying to rouse them) Wake up, wake up, wake up, wake up! (They do so.)

**Buttercup:** Yay! Presents! Let's go, baby!

**Bubbles:** No!

**Blossom:** Whoo-hoo! (They charge out past Bubbles.)

**Bubbles:** (poking her head out) But wait!

(They pay no heed and go right for the stairs. Cut to the top of the tree, with Blossom flying tight circles around it and descending slowly; turn down to follow her. Buttercup is already eyeing the bare space under it with considerable disgust.)

**Buttercup:** What the heck? (Blossom reaches her.)

**Blossom:** Santa hasn't even been here yet! (Bubbles comes partway down.)

**Bubbles:** Yeah-huh. I heard reindeer on the roof. (The others float up to her.)

**Buttercup:** Oh, yeah? Then where are all the presents?

(Bubbles has no immediate response to this. Finally she shakes her head to clear it and finds her tongue.)

**Bubbles:** That's what I've been trying to tell you! THERE ARE NO PRESENTS!

**Blossom, Buttercup:** What?!

(During the following, Bubbles pantomimes to match her words.)

**Bubbles:** (rapid fire) Listen, okay, okay. Me and Octi were dancing with pirates in a pond, when a man in a gorilla suit started yelling. So I woke up, and then I heard Santa on the roof. And I tried to wake you up, but I couldn't, 'cause you wouldn't wake up. So I went down the hallway, and the Professor was snoring… (Cut to her bewildered sisters; she continues o.c.)… so I came downstairs to see what Santa left… (Back to her.)… even though I know I'm not supposed to. But there weren't any presents under the tree, just ornaments hanging! (happily) Like that cute little shoveling-snowman one, which is really my favorite because it's funny that a snowman would be shoveling snow, when he's made of snow! (She giggles, then gets back to business.)So then I looked in my stocking, but there wasn't candy. Instead, there was coal! Can you believe it? Coal! In my stocking! Which is just ridiculous, 'cause why would Santa give me coal? So I looked in your stockings, and there was coal there too! So I looked next door, and they didn't have any gifts either! Only coal in their stockings, and all the other kids on the block!

**Blossom:** (angrily) You went through other kids' stockings?

**Bubbles:** No! I saw through the houses. Duh! X-ray vision!

**Blossom:** Bubbles, you should know better.

**Buttercup:** No wonder you got coal in your stocking.

(They turn away and consider the matter closed, but Bubbles will not let it rest.)

**Bubbles:** (snarling) I already had coal in my stocking before I looked at the other kids' stockings!

**Buttercup:** Oh, really? Then why don't me and Blossom have coal in our stockings?

**Bubbles:** You do!

(It finally hits them like a two-by-four to the back of the head.)

**Blossom:** Me? (Bubbles nods sadly.)

**Buttercup:** You gotta be kidding. (A shake of the head.)

**Blossom:** Really? (Nod.)

**Buttercup:** Nuh-uh.

(Bubbles can barely bring herself to meet her sisters' eyes this time. After a moment, she nods again and they gasp, shivering with fright.)

**Blossom:** Buttercup I can understand, but… me?

**Buttercup:** (incensed) Hey!

(Cut to the stockings. Bubbles flies over, plucks down Blossom's, and dumps the coal out. It lands at her sisters' feet; they both gasp at the sight.)

**Bubbles:** See?

**Blossom:** This can't be right.

**Buttercup:** Um… yeah!

(Cut to the patio. Bubbles floats into view behind the sliding doors.)

**Bubbles:** It-it was a mistake. (Back to her inside.) He must not have checked his list twice like he's supposed to. (She shrugs.)

**Blossom:** We better find Santa and set this straight. (as they assemble into a line) Ho…

**Bubbles:**… ho…

**Buttercup:**… ho!

**Girls:** Let's go!

Me: Girls!

Me and the team all came in.

Me: Girls I sense trouble brewing. And I'm willing to bet that it has something to do with a certain sociopathic spoiled brat.

Blossom: I have a feeling you're right J.D.

Aylene: That brat!

Lola: When I get my hands on her she will be torn limb from limb!

Lori: I will tear that little brat apart!

(They take off and fly straight up the chimney. Up on the roof, they emerge from the vent with soot covering them from head to toe, look at each other, and share a laugh over their disheveled state. They are now in their everyday dresses. The merriment is cut short by a familiar voice from above.)

**Princess:** (from o.c.) Hello, Powerpuffs! (Pull back and up to put her toes in the foreground.) I've come to deliver you your Christmas present: A fourth and more powerful member of your team!

(Cut to her; she floats down toward them and is in her yellow Powerpuff-style outfit.)

**Princess:** Me! Princess! (They shake themselves clean.)

**Girls:** What?!

**Princess:** That's right! You can't deny me any longer! (floating slowly past them) Santa realized that I was the only truly nice kid in the whole world and that you were naughty for not giving me what I want!

(Cut to a slow pan over the rooftops to bring her into view, surveying them with her back to the camera. Stop when she is at center screen.)

**Princess:** So now every kid in the world gets coal! And I get what I've always deserved: (turning around; zoom in) To be a Powerpuff Girl!

(She fires lasers from her eyes; the girls bear the full brunt of this assault and drop like rocks, landing face first in the snow to cut three Powerpuff snow angels into it. They quickly emerge.)

**Buttercup:** This is so wrong! (Close-up of the other two.)

**Blossom:** How could Santa believe that Princess is nice?

**Bubbles:** Excuse me? How could Santa believe that I am naughty? (Pan slightly to Buttercup.)

**Buttercup:** 'Cause you snooped on other people's presents!

(Bubbles gives her a hard sidelong glance and takes a second or two to get herself under control.)

**Bubbles:** Look. I already told you, I only looked 'cause we didn't have any presents, so I wanted to see if any other kids had any presents.

**Blossom:** Enough chatter, girls. We better find Santa and fast.

Me: Princess Morbucks you are gonna pay dearly for this you wretched freak! We'll hold her off and you 3 go to the North Pole.

Blossom: Right. Lets go!

(They start to take off into the night, but Princess blocks their exit.)

**Princess:** Oh, no, you don't. (Zoom in slowly on her.) I knew you conceited little ingrates wouldn't be able to accept the fact that Santa thinks you're naughty.

(On the end of this, cut to Blossom and Buttercup trading a suspicious look - they are starting to figure out the scam. Princess moves in a bit closer to the girls.)

**Princess:** But I'm not gonna let you spoiled brats ruin my Christmas.

I punch her in the face and kick her in the mouth and knock out one of her teeth.

Me: Princess you ruined Christmas for everyone all over the planet and you will pay for that!

It was a vicious fight that will decide the fate of Christmas. We unleashed a savage and brutal onslaught of attacks and powers on Princess and she was too overwhelmed by our power. Lori fired a blast of wind and blew Princess into a mountain and she crashed into it with incredible force. Lola and Aylene fired a blast of fire and burned her badly. Lana fired a blast of ice lightning and froze her in ice and Laney wrapped her in bramble vines.

Taranee: You don't deserve to be a Powerpuff Girl!

Taranee fired a blast of fire and burned Princess badly.

Irma: You are a heartless monster and you lack the one thing a Powerpuff Girl needs!

Princess: And what's that?

Irma: A pure heart!

Irma fired a blast of water and Will combined a powerful blast of lightning with the water and electrocuted Princess badly.

Lincoln fired a lot of lightning and electrocuted her more.

Lucy fired a blast of black lightning it hit Princess in her eyes.

Lucy: Let fear consume you completely.

Princess saw every dollar bill she made in her entire life burst completely into flames and she screamed in sheer. Horror and Lucy punched her in the face and Brittney kicked her in the mouth and knocked out some more of her teeth.

Lily fired some glowing water and drenched Princess and Lisa splashed her face with acid and she screamed in pain as it burned and Lisa fired a laser and it hit Princess and burned her.

**Me as the Narrator:** More rapid than eagles, the coursers they came,

And they screamed and they shouted and called each other names.

(Close-up of the fire in Santa's office.)

But in a toymaker's shop way up ahead,

(Pull back to show the whole room. Santa sits by the fire in his undershirt.)

A jolly old elf was filled up with dread.

(Close-up of a nearby sideboard. A coffee cup labeled "Old Nick" and a sugar bowl sit near an open carton, while a shelf bristles with bottles of stronger stuff.)

**Me as the Narrator:** This one Christmas Eve weighed great on his soul,

(Santa reaches into view and pours eggnog from the carton into the cup.)

Back from his night of delivering coal.

(Team Loud Phoenix Storm and Princess continue their final mad dash. Extreme close-up of a very glum-looking Father Christmas as he chugs down the contents of his cup. He lowers it, groans softly, and burps. We all charge along. Close-up of the cup as it is set down on the sideboard, eggnog splashing out. The midair sprint goes on. A shelf loaded with toys is swept clean by a swing of Santa's arm. The racers home in on the toy factory. Santa trudges passed the tree and kicks aside some of the presents under it. His undershirt is far too small to cover his immense gut, and his red pants are held up by suspenders that look as if they are violating every principle of physics by not breaking under the load.)

(As we all barrel along, Princess grabs Blossom's ponytail. It takes almost no time for this move to bring them all into a full-scale donnybrook; their light trails flash in place and together look like a drawing of an atom. We were hitting Princess with everything we got and the group tumbles out of the sky and crashes into Santa's parked sleigh. It's left in ruins, and the tussling foursome bounces into the air again.)

(Trailing the four-colored streak and still fighting, the girls, Team Loud Phoenix Storm and Princess hurtle through the night sky. Cut to inside a stable, where the reindeer are resting from a hard night's work. The sound of the fight grows from outside; there is a sudden flash, and we are ricocheting all over the place and causing a stampede. Inside the production area, the animals crash through a door and run through the place in a panic.)

(The fight plows in after them and knocks away several crates of toys before sailing up to the rafters and down again. An area in which teddy bears are being packed is reduced to a litter of crushed boxes in an instant. Now we flash off somewhere else - the candy cane line is next to be smashed. Stacked crates of Betty Wetty dolls are next to go - releasing a flood of fake urine in the process. The tank of rubber balls gets a hole smashed through it, and the contents pour out over the floor. Elves run like sixty to keep ahead of the landslide, but to no avail. Finally we all rocket toward the doors of Santa's office; a flash of multiple colors, and we are inside. The panels have been broken through.)

(At the other end of the room, the girls, Team Loud Phoenix Storm and Princess have finally stopped our flight and we are locked in one another's arms on the floor. Amid yelling and cursing from all parties, We all get in as many licks as they can from their respective positions. However, a broad shadow throws itself over us and we stop what they are doing; cut to their perspective: Santa is standing over us and not looking particularly thrilled at all this.)

**Santa:** (angrily) Ho ho ho! (Shift to frame all five.) What's with all the crashing and the smashing, and the smashing and the crashing? Huh? I'm out delivering coal all night long, and I come home to the Smashing-and-Crashing Gang?

Me: Santa.

Santa: Oh J.D. Knudson.

Me: We apologize for coming on such short notice but we have a strong feeling that Princess here is sabotaging Christmas for everyone around the world.

Princess: Nu-uhh!

Varie: Shut up! Princess!

Santa: How can that be?! I's gots the list, baby.

(Close-up of it as he slams it to the floor, across from the girls and Princess.)

**Santa:** (from o.c.) Check it! (Princess perches atop the stack and puts her hands on her hips as Santa already has his arms crossed and looking stern.)

**Princess:** Yeah! Check it!

(She kicks it over, sending a cascade of pages unfolding from the accordion stack toward the girls to bury them. They pop out, inspect different sections, and gasp at what they find: Remember, this is the "nice" list that was falsified.)

**Santa:** Yeah! A million bazillion good-for-nothin's on this list! (holding up Post-It from his monitor) And one little itty bitty, perfect little angel over here.

(Close-up of a beaming Princess on the end of this. She is still in midair, at the point from which she kicked over the list.)

**Princess:** (sticking tongue out) Nyah! (Back to the girls.)

Me: This list is a fraud Santa.

**Bubbles:** Yeah this is not right! (She flies up to Santa.) Maybe you didn't check the list twice! (Pan left; Buttercup flies up behind him.)

**Buttercup:** Yeah! Princess is the naughtiest kid ever! (Pan right; Blossom joins them.)

**Blossom:** She must've snuck up here and switched the lists!

Me: More than that girls. She made a false Naughty List and made everyone in the world Naughty except for her and she doesn't deserve anything.

**Princess:** They're jealous 'cause I'm nicer, I'm smarter, and I'm prettier, and I'm better than them - so they wouldn't let me be a Powerpuff Girl. (fiercely; he cowers again) That makes them naughty! And those numbskulls on Team Loud Phoenix Storm beat me up savagely!

Me: Because you are a spoiled brat and we were just stopping you.

**Santa:** (smiling) You mean, the Powerpuff Girls? (Cut to her, face going slack as she realizes she just spoke the wrong words and ruined her plan; he walks by beneath her.) Not the same Powerpuff Girls who are always helping people and saving the day and being really good? (He stops before the girls.) I mean, really good?

(They nod happily at his appraisal of their work.)

Me: That's them Santa.

**Santa:** Yeah, yeah. See, that explains all the flying and floating and stuff.

(Princess, now out of view, clears her throat loudly to get his attention. He steps aside and turns around, and we see her behind him. Zoom in on her; now it is her turn to steam at having just screwed up and being jealous once more.)

**Princess:** But I should be a Powerpuff Girl! Me! Not them! Me! My daddy says I'm better! My daddy says I'm the best! And if you're too much of a fatheaded fathead to see that, I'll tell my daddy!

(She flies around a corner and out of sight. Cut to inside this area as the girls and Santa cautiously peek in. Pull back to the sound of items being knocked around; silhouettes of various toys are in the foreground, as is that of Princess.

**Princess:** And he'll come and build a parking lot over this cheap little arts-and-crafts popsicle stand of yours!

(During this, cut to her. She kicks and throws several toys all over the place as she speaks, then finishes by grabbing a hobby horse and breaking it over her knee. Close-up of the pieces as they are thrown onto the floor.)

**Princess:** (from o.c.) Got it?!

(Turn up from the debris to Santa and the girls, who look down at the scene with some consternation. Princess rises to face them and slowly backs him up across the room.)

**Princess:** So, you better give me whatever I want for Christmas… (He hits the tree in the corner, knocking off the ornaments.)…'cause my daddy says I get whatever I want, whenever I want it! And if that means all of those lousy, worthless, second-rate, bargain-basement brats in the world don't get anything for Christmas, then that's just the way it's gonna have to be!

(Near the end of this line, cut from her to Santa; back to her after "have to be.")

**Princess:** 'Cause I am better than them! (getting in his face, grabbing Post-It from his hand) And it says so right here!

(On this last word, close-up of him; she reaches into view and shoves the yellow square in his face - giving a clear view of the fraudulent "NICE" heading. That view gets even clearer when the camera shifts to an extreme close-up of the note. She yanks it away after a long pause.)

[ Continuity error : Her last name is spelled with an E in the first shot, but not in the close-up.]

**Princess:** So put that in your pipe and smoke it, Santa Clod!

Me: Now you've done it.

(His mouth hangs full open at this display of unbridled avarice, combined with a total lack of emotional control; the girls are similarly dumbstruck. As the seconds tick by, silently and tensely, Princess floats between him and the girls; close-up of her, smirking at them with a confidence born from her belief that she has beaten the system once and for all. Santa gapes up at her, but that smirk never wavers. After nearly fifteen seconds of stillness, his eyebrows lower in determination and he grits his teeth. He has made up his mind at last.)

**Santa:** LIST, SCHMIST! (grabbing Post-It, tearing it up) I don't need no stinkin' list tellin' me who's naughty and who's nice!

(On the end of this, cut to Princess, who watches the shreds float down around her with complete shock as she now realizes she's pushed Santa too far and has to face the consequences. Back to Santa.)

**Santa:** You know why? 'Cause I'm Santa Claus! (throwing down arms) Check it! Princess…

(He grabs her ear, then hauls her across the office as he continues. She yelps in pain under his words.)

**Santa:**… You have gone and worked my last nerve!

(He releases his grip and leaves her floating in midair. Close-up of her; she cries out a bit more and rubs her ear. Pull back to show him looking up at her with no sympathy whatsoever.)

**Santa:** (crossing room) I have no other choice. (Close-up of his back; zoom in on his head.) You are so rotten, so despicable, so naughty… (turning around)… I'm putting you on the…

(Pull back to show him standing by a large red-framed sheet of bronze on the wall - so tall that its upper portion is out of view.)

**Santa:**… Permanent Naughty Plaque!

(Turn up to the top as he speaks. The word "NAUGHTY" is inscribed in enormous red letters, with four names below it: Bill McCracken, Ryan Faust, Adolph Schickelgruber, Stephen Fonti. The upper edge of the frame is carved in the shape of a devil's head. Back to Santa.)

[ Note : The first and second names refer to Craig McCracken and Lauren Faust, while the last is that of the storyboard artist for "Catastrophe"; he is also a writer for SpongeBob SquarePants . The third is what Adolf Hitler's name would have been if his father had not changed his own several years before the dictator was born.]

**Santa:** (imitating dramatic horns) Bum-bum-bummm!

(Princess gasps in unmitigated fear, knowing that justice is about to be served. Extreme close-up of Santa's lifted index finger and follow it slowly through the air as he brings it to his nose. He touches the tip; a flash of snowflakes, and Princess' name is now cut into the metal as well, signifying her permanent naughty status for the rest of her life. She screams in horror at the sight; back to Santa, his arms folded in finality.)

**Princess:** (from o.c.) You can't do that! (Cut to her, the girls at a distance.) I'm telling my daddy!

(She takes off and smashes an exit for herself through the office wall. Visible only as a bright speck, she makes a beeline for the distant mountains. Santa, us and the girls move closer to the hole to watch her go. He turns to them, holds up his finger without a word, and touches it to his nose. Cut to the fleeing Princess who, in a flash, suddenly finds herself back in her street clothes. She soars along a few hundred yards more before realizing that she has been stripped of her powers, then loses her forward momentum and drops from sight with a sharp gasp. Screaming, she plummets toward the snowy expanse and plows deep into it. A second later, she slowly emerges from the hole, with snow covering her from head to toe, and forces her eyes open through the covering. Pull back into the office; she cannot be seen from this far away.)

**Princess:** (in distance) NO FAIR!

(Satisfied, Santa turns toward the girls and blows a little dust from his finger; they giggle at the demonstration.)

**Buttercup:** Wow, Santa! We didn't know you could give kids superpowers for Christmas.

**Santa:** (shrugging) Eh. No one's ever asked.

Lori: That is literally amazing.

Me: And to make matters worse for Princess I made sure she never touches anothing single penny ever again. I called the FBI and the IRS. They arrested the entire Morbucks Family and all of Princess's fortune and assets have been seized and given to us.

Nico: Good riddance.

Rachel: Yep.

**Blossom:** Santa, it's almost morning! What about all the nice children who got coal?

**Santa:** It's all right, everyone. (cracking knuckles) I've pulled rush jobs before. (Cut to outside the hole.) All it takes is…

(The sound of o.c. yelling cuts him off. Pull back as they all look out through the hole, then pan across the landscape. The reindeer were so badly spooked by the stable shakeup that they are completely out of control. Elves try to rein them in and pull them down from roofs, but without any success whatsoever. Others pick up bits of broken wood and inspect the ruins of the sleigh. This stuns Santa and the girls more deeply than Princess' meltdown did; he claps his hands to his face, then pulls them down his cheeks and lets off a long groan before walking away.)

**Bubbles:** (small voice) All those poor boys and girls. (He leans against a wall.)

Me: Yeah.

**Santa:** Hundreds of years of perfect attendance.

(He walks out of sight around the corner; cut to an armchair as he sinks wearily into it.)

**Santa:** (sobbing) A couple of close calls… but we've always made it. But now… (Pull back across the room; this is a different part of the office.)… I'm ruined.

(Close-up of him, self-pity written in big block letters on his face. Turn up to the girls in midair, their heads bowed sadly, then back down to him. Suddenly his eyes pop wide open and he sits up.)

**Santa:** Powerpuff Girls, and Team Loud Phoenix Storm with your streaks and hearts so bright, won't you deliver the Christmas gifts tonight? (Their faces brighten.)

**Blossom:** We'd be honored, Santa, and we'll do our best.

Me: It'll be an honor Santa.

(We take off, the camera following them across the office until they exit through the hole in the wall. He looks around the back of his chair to watch us go, then rubs his forehead. It seems his earlier delivery and what just happened with the Girls, Team Loud Phoenix Storm and Princess has really done a number on his brain.)

**Santa:** (wearily) Good, 'cause my head's killing me.

(Cut to the all of us in flight. We are carrying an enormous sack - the toys that should have gone out earlier.)

**Me as the Narrator:** So all 'round the world the Powerpuffs and Loud Phoenix Storm flew,

With a sack full of toys and a giggle or two.

(We oblige him. Cut to a typical suburban neighborhood.)

They knew that their job was to fly through the skies…

(The girls and Team Loud Phoenix Storm streak into view and over the horizon.)

And deliver the gifts before the sun should arise.

(Cut to a living room.)

They spoke not a word, but took care of their deed,

Delivering gifts at a breakneck speed.

(During the first line of this couplet, we come down the chimney, unload a pile of gifts, stuff the stockings, and exit as we came in. On the second, cut to a pan through the neighborhood; we individually visit one house after another.)

**Me as the Narrator:** Their streaks ribboned the sky, their swiftness severe.

They'd have sure been the envy of eight certain reindeer.

(Quick pan to another area; we keep working.)

In and out of all chimneys, each and every abode,

Gift by gift, they completed the task they were bestowed.

(Snap to white. Gifts appear as they are named.)

Dollies and race cars, horseys, choo-choos, and blocks,

Teddy bears! Puppy dogs! (less enthused) Underwear and socks.

(Cut to a slow pan across the present-laden base of a tree.)

All these items slipped under every child's tree,

Arranged rather nicely by these super girls three.

(Bubbles comes into view on the far side; she nudges a box atop the pile and bugs out. I give her the thumbs up. Cut to the top of a door as the girls stop near it. A balance scale is shown in the glass above the frame, suggesting a location connected with law enforcement or the legal profession.)

**Me as the Narrator:** They were making good time, even though they were rookies,

(Blossom reaches down o.c. and brings up a snack meant for Santa, and we do as described.)

So they stopped once or twice to have milk and some cookies.

(Pull back; they are inside the front entrance of the Townsville police station. The camera has backed across the foyer and into a jail cell in which Princess has been deposited, looking very angry at being locked up once more for her crimes, and this time, condemned to never getting another gift again by Santa. She is wrapped from nose to knees in yellow ribbon tied with a bow, and a tag is attached: "Merry X-mas, TLPS & PPG's." From here, cut to the exterior of the girls' house.)

**Me as the Narrator:** Then at last they were done - whew! - just before dawn.

So they sped back to Townsville, to home with a yawn.

(Weaving back and forth due to fatigue, they fly in through the bedroom windows. Cut to a pan across the room; they float in, yawning and rubbing their eyes, and head straight for bed.)

**Me as the Narrator:** They entered their rooms, for the wear no less worn,

(Buttercup pulls up the blankets, and all three are instantly asleep.)

And snuggled into bed to await Christmas morn.

(Cut to a point near the ceiling. The Professor bounces into view, accompanied by the creaking of bedsprings.)

**Professor:** (excitedly, on separate bounces) Girls! Wake up! Wake up! (Pull back; he is jumping on their bed, annoying them.) It's Christmas! It's Christmas! (He stops jumping and bends down, laughing.) He came! Santa came!

(Close-up of them.)

**Professor:** (from o.c.) Come on, come on! Let's go open the presents, come on, let's go, let's go, let's go! (Back to him.) I think somebody might have gotten that new atom splitter they've been eyeing!

(He moans eagerly, clasps his hands together hard enough to make them quiver and chews his lip in anticipation. Next he starts jumping on the bed again.)

**Professor:** Come on, come on, come on, come on! (He giggles.)

(Finally he gets a response. On the next three lines, each sits up with her eyes still shut tight.)

**Bubbles:** Professor, it's too early!

**Blossom:** We'll open presents later.

**Buttercup:** Go back to bed!

(They lie down again; he sits at the corner of the bed, his head hanging, then shuffles disappointedly out of the room and pulls the door shut. The girls sleep peacefully for a moment before waking up in time with the following lines.)

**Bubbles:** Wait a minute.

**Blossom:** What are we saying?

**Buttercup:** Who cares if we're tired?

**Girls:** It's Christmas!

(Cut to the balcony. The Professor clumps along toward his own room and stops when he gets halfway there. Without warning, the girls streak past, jolting him out of his deep blue funk.)

**Girls:** Presents!

(He breaks into a huge smile and runs toward the stairs. Cut to just outside the lighted living room window; happy chatter is heard from inside, mixed with the sound of wrapping paper being torn off boxes.

Pull back slowly to frame the entire house, with all its windows now illuminated, and stop on Santa at the curb. Fully suited up, he looks toward the family and then tips a wink to the camera.)

(A touch of his nose, and the background for the end shot comes up in a flash.)

**Me as the Narrator:** Now all the nice kids of the world won't get stiffed.

They'll look on with pure joy at every wrapped gift.

So paper's torn open and ribbon unfurls,

'Cause Christmas was saved…

(The girls appear in their usual formation and sporting Santa hats. Snow falls behind them instead of gold stars.)

… thanks to Team Loud Phoenix Storm and the Powerpuff Girls!

Scene shifts to the real world.

Everyone cheered wildly for me.

Lincoln: That was the most awesome story ever J.D.!

Me: Thanks Lincoln.

Danny: It was a great story J.D. and it serves Princess right.

Laney: You said it Danny.

Bubbles (Adult): I'm glad she got placed on the Permanent Naughty Plaque.

Bunny (Young): Same here Blossom.

Me: Lets get some sleep and see if Santa comes.

Lincoln: Lets go.

We did so.

Linda: Literally.

Lori and Bobby were in tears of joy.

Me: Merry Christmas everyone.

Everyone: Merry Christmas J.D.

Suddenly there was an explosion and we went outside and we saw PRINCESS MORBUCKS back from the Dead! And with her were two enemies that Will and the Guardians knew all too well: Ember the Knight of Fire and Tridart the Knight of Ice. Both of Whom worked for Nerissa and she cast asside by draining them of their power.

Ember: Surprised to see us, Guardians?

Irma: Well, yeah. The last time I checked, Nerissa drained you two for her evil plan.

Tridart: She did. But it looks like we've been given a second chance at life. And we'll start with making Nerissa pay for-

Taranee: About that. We already killed her.

Ember: WHAT?!

William: But you know what? You two never did get a proper death.

Rubberband Man: So I hope you two don't mind us sending you two back to Hell!

Me: Princess Morbucks! I don't know how you were brought back to life but you are never welcome here.

Princess: You took everything from me J.D.! Now I will destroy everything you have!

Me: We shall see. Lets get them!

Will: Guardians Unite!

Team W.I.T.C.H. turned into their Guardian Forms.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Megan: Space!

Elyon: Time!

Nigel: Whoa!

Taranee: We'll explain everything Nigel.

Me: I promise everything will be revealed in time guys. But lets go team!

We went at them and I punched Ember in the face and it burned my knuckles.

Me: Wow! You are too hot to handle!

Ember: I get that a lot.

Tridart: You think I'm stupid, Knudson? Me and Ember know about how you get stronger. But I'm not feeding you more power through my negative emotions!

Me: So you have the same ability to get stronger through negative emotions as well. I thought we all were the only ones capable of using that kind of power.

Ember: Not anymore.

Irma: You guys gave us a rough time before.

Ember: So we have heard. We've been waiting to kill you and Khor for a long time, Shagon!

Matt/Shagon: C'mon! Didn't you two enjoy working together with us?

Tridart: No, we didn't! You were always so cocky and unfocused! And Khor just snarled and was disgusting with his eating habits!

Ember: Your friend J.D. gets his power from negative emotions just like us! But the way we do it is much more greater!

Me: Tell that to Nerissa when we killed her.

Ember: How did you kill Nerissa?

Me: We all worked together and I completely obliterated her with a powerful energy blast that carried enough power to obliterate 100 planets.

Tridart: That's incredible!

Princess: It is. But also I brought some friends with me.

We saw the Ghost Writer and The Grinch!

Me: Ghost Writer and the Grinch!?

The Grinch: That's right J.D.

Me: We'll deal with you all later.

We continued our fights.

Nico: Princess Morbucks, you have failed this city! (Hits her with Scorpion's tail)

Yuko went up to Ember and she grabbed her arms and sucked in every ounce of her power until she was grey. The Mark of Scath emblazoned in the middle of her forehead glowed bright red.

Yuko: Your power is mine Ember.

Taranee was getting through to the Ghost Writer.

Taranee: Don't you realize that Princess is using you and Ghost Writer? She's bound to betray you as soon as she gets what she wants!

Grinch: Is this the part where you turn us against each other?

Suddenly, Princess froze Grinch and Ghost Writer's feet.

Princess: I wanted to do that within two minutes of knowing you two!

Carmen fired a blast of fire at Princess and burned her hair off.

Carmen: Lets see how you like this!

She did her Final Smash!

Carmen: PHOENIX WING MASSACRE!

She spread phoenix wings and rained fire feathers into Princess and fired a massive blast of fire at her.

Bai Tza: Let me help out.

She used her own final smash.

Bai Tza: SEA DRAGON TORRENT!

She turned into her water demon form and formed into a massive blast of water and plowed into Princess with incredible speed and force. Sending her crashing into the ground.

Fox fired his blaster at Princess and it burned her bad. Megan formed her blaster arm and fired a blue energy beam that burned Princess's legs off.

Megan: Lets use our combo on her Fox!

Fox: You got it Megan.

Megan fired a Blue Hyperbeam and Fox fired his blaster.

Fox and Megan: LYLAT HYPERBEAM BLAST!

The blasts combined and hit Princess and it exploded and sent her crashing into the ground.

Taranee fired a blast of fire at Ember and burned her bad. William fired a blast of fire with his blaster.

Taranee: Lets use our combo on her William!

William: You got it Taranee!

Taranee fired a blast of fire and William fired a blast of wind from his blaster.

Taranee and William: VOLNADO INCINERATOR!

The blasts combined and turned into a tornado made entirely out of pure fire and lava and it incinerated Ember in an instant. All that was left of her was her head.

Ember (looks up at Lana, who's about to extinguish her): Looks like you and your friends truly are the villains now.

Lana: No we're not the villains. We're the saviors of the Universe.

Lana extinguished all that was left of Ember with her ice powers.

Irma fired blasts of water at Tridart and they hurt him bad and Rubberband Man punched him all over.

Rubberband Man: Lets use our combo on him Irma!

Irma: Way ahead of you Adam!

Irma fired a blast of water and Rubberband Man stretched and turned into a giant mace ball.

Irma and Rubberband Man: TSUNAMI MACEBALL SMASHER!

The water covered Rubberband Man and he was now a spiked water ball emitting the loud roar of a massive megatsunami. It smashed into Tridart and killed him with the devastating power of a hundred tsunamis.

Irma: That was awesome!

Ed became Edzilla!

Edzilla: ED SMASH SELFISH BRAT!

Irma: Who or what is that!?

Me: That's Ed and he is also Edzilla.

I explained where he can become like this and how and they were both shocked and amazed.

Hay Lin: That is so awesome!

Cornelia: And scary at the same time.

Taranee: But it is so cool!

Edzilla pulverized Princess into pulp with furious punches and pounders.

Then we got an unexpected surprise. Out of nowhere came a white gorilla with a huge brain. It was ULTRA-HUMANITE!

Me: Gerard Shugel A.K.A. Ultra-Humanite!

Ultra-Humanite: That's correct J.D. I saw what Princess was doing and figured that you all could use a helping hand in dealing with her.

Me: We appreciate it but how do we know we can trust you?

Ultra-Humanite: Lets just say that I pulled a fast one on Lex Luthor and I wasn't recruited into the Legion of Doom. I only want to be in peace and enjoy the things I like.

Me: That's understandable.

?: That is not the least of the worries.

We saw another Starfire wearing black clothes and her hair was in a ponytail. It was Starfire's TTG evil counterpart STARFIRE THE TERRIBLE!

Starfire: You're me!

Starfire the Terrible: The Correction. I am you from another dimension. But I am now called Starfire the Terrible.

Starfire: Okay you may be me but I do not say "The" all the time in everything I say. Sure I have so much to learn about Earth but never would I turn into a version of you!

Me: Not only that but your other comrades met their demise at our hands.

Thor: Just like you will.

Thor fired a blast of lightning at Starfire the Terrible and electrocuted her.

Luan: That must've been shocking for her. (Laughs) Get it?

Me: Love the jokes Luan but now is not the time.

Starfire: Lets use our combo on her Lord Thor.

Thor: With pleasure Starfire and please just call me Thor. I don't like honorifics.

Starfire: Sorry.

Starfire fired lasers and starbolts and Thor fired lightning from his hammer.

Starfire and Thor: COSMIC THUNDER DESTROYER!

The blasts combined and they obliterated Starfire the Terrible in an instant.

Thor: That was an enjoyable sight. Quite frankly Starfire she was making a mockery of your image.

Starfire: Indeed she was Thor.

Ultra-Humanite pounded and pulverized Princess into putty and paste with incredible gorilla qualities and strength.

The Ghost Writer watched the fight and he began to realize that he was duped and doing deeds for the worst ever spoiled brat in the history of the world was a terrible mistake.

Ghost Writer (horrified): What have I done?

Then he went intangible and got out of the ice and went onto his typewriter.

Princess: What do you think you're doing?

Ghost Writer (about to write her out of existence): Fixing my mistakes!

Me: Wait Ghost Writer. Erase her powers first and leave the rest to us.

Ghost Writer: Good idea.

He did so and I fired an energy blast at Princess and obliterated her in an instant.

Me: Enjoy the darkness of Hell, Princess.

Then Princess's spirit appeared.

Princess: I will be a Powerpuff Girl again even if I have to possess someone in order to do it!

Nicole: That's not gonna happen again you spoiled brat!

Nicole pulled out the Book of Vile Darkness.

Princess: Oh man.

Nicole: (Chants an incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Her evil Spirit went into the Book of Vile Darkness.

Princess: NO FAIR!

She was sealed into the book for all time and so were Ember and Tridart.

Me: That takes care of that. Gerard thank you for helping us.

Ultra-Humanite: You're welcome J.D.

Me: Would you like to join the Redemption Squad?

Ultra-Humanite: I'll give it some thought but I want to live in peace and quiet for a while.

Me: I understand. But the offer will always be open for you.

Ultra-Humanite: Thank you J.D.

Shanan: I have a great spot for you Gerard.

Shanan took Ultra-Humanite to Angry Birds Island and built him a nice luxurious mansion and he has a lot of opera records and more and he can listen to all the opera he likes. Plus he has all the luxurious comforts of home.

Lisa is invited to listen to opera with him whenever possible. Dexter too.

Ghost Writer: I'm sorry I caused all this.

Me: It's not your fault Ghost Writer. Princess was using you as a pawn in her diabolical plots to destroy us.

Lola: And now we officially put a stop to Princess Morbucks the Spoiled Rotten.

Luan: That's a good title for her Lola.
